If you are a customer of Southwestern Public Service Company and own your home, we'll present you with this Airguide inside-outside thermometer, Model 407-B, valued at \$5.00 and finished in attractive ivory color, for permitting one of our qualified Electric Comfort Heating representatives to call on you, in your home, at your convenience, and fully explain why it's to your advantage to modernize your home heating system. You'll be under no obligation. Just call your Public Service Company office, to arrange appointment.

SPEED MERCHANTS!

... The little lady will pass them all with her bedroom telephone: :: every time!

Across town or across the continent, there's no faster way to get from one place to another than by telephone. Just spin the dial and seconds later you're talking.

This almost "instant" communication is made possible by a continuous flow of service improvements.

Modern equipment automatically guides your call to its destination. If one voice pathway is busy, electronic equipment routes your call another way - in fractions of

a second.

These and many other improvements add up to greater speed, convenience and reliability. Our never-ending goal is to improve your telephone service and make it more valuable to you.
