Take a Rest This Friday

Tigers Rip Panhandle

Striking for two touchdowns early in the game, the McLean Tigers went on from there to overwhelm the Panhandle Panthers 30-6 here last Friday.

On both offense and defense, the Tigers worked well to count up the points and hold their opponents back.

This week McLean has an open date before going to Lefors on Sept. 25.

Coach Hedgecock said the Bengals played well early in the Panhandle game, but then seemed to "let up" after rolling up a two-touchdown margin.

McLean rang up 16 points in little more than one minute of the opening period.

The first drive began on the Tiger 46 soon after kickoff.

Quarterback Johnny Fuller, Full-

back Dick Crockett and Halfback Eddy Windom took turns hauling the ball down to Panhandle's three, with a 16-yard run by Crockett the highlight of the push.

At the three, the big fullback found a hole inside the foe's right end and went over for the score with 3:15 remaining in the first quarter.

The Tigers used the same play to pick up the two extra points.

On the ensuing kickoff, Panhandle fumbled on its 15 and McLean recovered to set up another TD.

Halfback Steve Fuller circled wide to his right and galloped to the Panther one. Johnny Fuller pushed over for the TD. Crockett again added the two points.

Thus the scoring ended for the first half, but Panhandle did muster a threat shortly before inter-

mission.

The visitors got down to the McLean 17 before their drive bogged down completely.

Panhandle turned a Tiger fumble into a touchdown in the third period.

Recovering on the McLean 34, the Panthers used 10 plays in ringing up their score. Quarterback Bobby Elden ran eight yards to get it, but the two-point try was unsuccessful with 6:39 to go in the quarter.

McLean struck again quickly after receiving the kickoff on its own 20 and returning to the 33.

Crockett on three straight carries took the time of scrimmage to the Panhandle eight. One run accounted for 44 yards.

An official penalty against the

RAINS BRING 1.91 INCHES OF MOISTURE

Total for Year Reaches 15.22; McClellan Rises

Soaking rains brought McLean a vitally needed 1.91 inches of moisture Tuesday and Wednesday, and clouds were staying over the area this morning, giving hope for more.

Officially, the U.S. Weather Bureau gauges maintained by the city showed the 1.91 inches. But other gauges around McLean showed even more rain fell.

Consolidation Vote To Be Held Oct. 10

An election on the consolidation of the McLean and Alanreed Independent School Districts has been called for Saturday, Oct. 10.

Gray County Judge William J. Craig set the date for the election on Wednesday, after receiving petitions earlier circulated in McLean and in Alanreed.

Voting places will be at the Alanreed School building and the McLean city hall, with balloting from 8 a.m. to 5 p.m.

Patrons of the Alanreed School District will vote in Alanreed, while patrons of the McLean School District will cast their ballots in McLean.

A majority of the votes cast in each town must favor the consolidation in order for the proposition to carry.

Ballots will be printed "For Consolidation" and "Against Consolidation."

Marvin Hall was appointed as

presiding judge for the election in Alanreed, with Guy M. Cawfield as alternate presiding judge. H. H. Worsham will serve as clerk for absentee voting, and Mrs. H. H. Worsham and Mrs. A. H. Moreman are deputy absentee clerks.

Hula Dances Will Be Featured First Time On Jubilee Saturday

Something different is in store for Derby Town Jubilee fans this Saturday.

Mrs. Shirley (Billy Charles) Eudley, a native of Hawaii, and her 8-year-old daughter, Roxanne, will dance the hula as featured attractions at the show.

Curtain time is 8 p.m. in the McLean High School auditorium.

Conrad Cunningham, manager of the Junior Chamber of Commerce-sponsored Jubilee, said Wednesday night that Roxanne is scheduled to dance the "Crazy Hula."

Mrs. Eudley, who came to the states from Hawaii in the late 1940s with her parents, teaches the hula.

One of the dances Mrs. Eudley will do depicts the story of a flower.

BILL CROCKETT BEGINS LAST SEASON AT SOUTHWESTERN

WEATHERFORD, Okla. — (Special)—Bill Crockett, senior halfback from McLean and last year's leading scorer for the Bulldogs, is included on the Southwestern Oklahoma State College 1964 football roster as the Bulldogs open their 10-game schedule against the Fort

BILL CROCKETT

Hays Tigers at Hays, Kan., Saturday night.

Crockett is the son of Mr. and Mrs. Sherman Crockett.

The first home game will find the Bulldogs facing one of their most crucial tests when the East Central Oklahoma Tigers come to Weatherford Saturday, Sept. 26, to open the Collegiate Conference season.

A transfer from Colorado College, the 5-9, 175-pound Crockett is expected to be a key performer in the Southwestern offense again this season. His high school coach was Jack Riley.

A physical education major, he is married to the former Cuba Corbin, Sentinel, Okla.

A complete new coaching staff, headed by Otis Delaporte, who is also athletic director, faces a gigantic task in shaping up a team that could improve on last year's three-win, seven-loss record.

Other staff members are Cecil Morris, former OU great, line coach, assisted by graduate student Don Shaddix, former Bulldog with successful coaching tenures at Grandfield and Weatherford, and Jerry Jobe, head basketball coach who will do major scouting duties.

Only seven offensive and nine defensive lettermen are returning with a number of transfers and promising freshmen rounding out the roster.

"The outlook is questionable," Delaporte says, "but the attitude and desire of the club are good and the future is not altogether gloomy."

Firemen Extinguish Two Grass Fires

Activity has been light for the McLean fire department this month, with only two alarms being sounded in the past 10 days.

Both fires were set by passing Rock Island trains, according to Chief Boyd Meador.

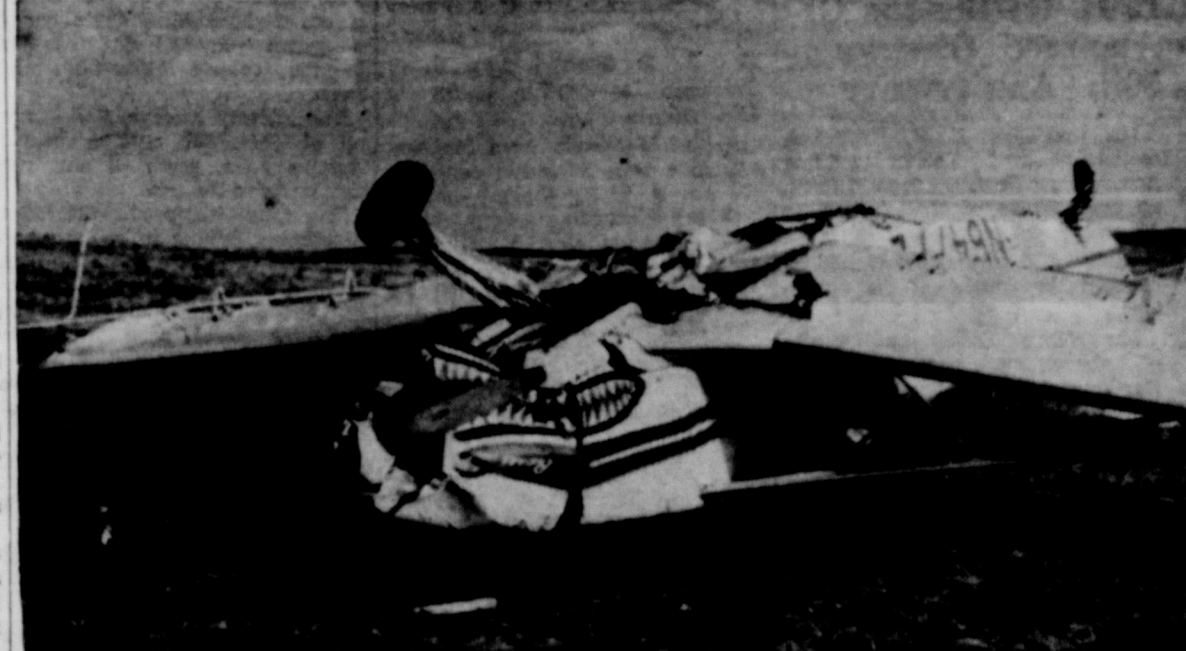

One occurred at 2:30 a.m. Sunday, Sept. 6, on the railroad right-of-way near Mrs. T. A. Massay's place east of town.

Meador said firemen arrived in time to prevent flames from spreading into a field of love grass.

The second fire was also on the railroad right-of-way west of town last Saturday night. Firemen were called out about 10 p.m. and quickly extinguished the blaze.

Two more contributions to the fire department's truck fund were reported this week.

Jesse O. Coleman gave \$100 and the RO Cattle Co. \$50.

Plane Crashes During Search

Wellington Woman Lost Here for a Day

An 80-year-old Wellington woman was the object of an intense search for about 24 hours last week before being found in the vicinity of her former home northwest of town.

The hunt ended shortly after 5 p.m. Thursday, when Mrs. W. R. Orr was found at the edge of a pond of water near McClellan Creek.

At about the same time, one of four airplanes being used in the search crashed into two vehicles while attempting to land on SH 273, injuring the pilot and two men standing beside the highway.

Bill Dambaucher of Wellington, the pilot, was trying to land his crop-dusting airplane after reportedly sighting the lost woman.

Olympic Torch Is Carried Through City

The Olympic Torch, unlit but carried as if it had been, came through McLean Tuesday afternoon, with members of the Jaycees and high school boys serving as runners.

The torch is being carried to Los Angeles, Calif., as a part of a fund-raising project for the United States team going to the Olympics in Tokyo, Japan.

No effort was made to collect contributions in McLean because the local Jaycees made a large donation to the project with proceeds from the Derby Town Jubilee, according to Bob Stubblefield, president of the local organization.

School Dedication Saturday

Dr. Al Harris, beginning his fifth year as president of Southwestern State, after his graduation in 1930 he served as superintendent of schools at Custer City, Watonga and Clinton before returning to his alma mater as president in July, 1960.

During the past four years the college enrollment has boomed from 1,791 to slightly more than 3,000 due to enroll in September this year. There will be more than 500 more in a college-sponsored resident center at nearby Clinton-Sherman Air Force Base, raising the total to 3,500, almost double the figure in 1960.

tured fish, was admitted to Shamrock General Hospital.

Dambaucher was at first believed to have escaped serious injury. However, it was reported Wednesday that he apparently received a severe neck injury.

Mrs. Orr was hospitalized for observation and treatment for light shock.

Highway Patrolman R. C. Parker investigated the accident.

Mrs. Orr had come to McLean, accompanied by a young man from Wellington, to visit relatives Wednesday morning.

Drives Alone

The youth stopped at a friend's house in town, and Mrs. Orr drove on toward the country home she once lived in northwest of McLean.

When she hadn't returned late Wednesday afternoon, the youth, whose name was not learned, telephoned Mrs. Orr's sister, Mrs. Chris Bjerg, to see if she had stopped there.

Mrs. Bjerg, who lives north of town on SH 273, notified Constable J. D. Fish, and the search was started.

Fish and several volunteers kept up the hunt until about 4 a.m. Thursday. Deputy Sheriff Jimmie Shelton joined the search party during the night.

At about 7 a.m. Thursday, Fish and others returned to the scene, aided by four airplanes from Wellington. Sheriff's officers, highway patrolmen and numerous others from throughout the area arrived to assist.

At about 9 a.m. one of the planes sighted Mrs. Orr's car in a gravel pit, and directed Fish to the vehicle by walkie-talkie radio.

The elderly woman had turned off of SH 273 onto a country road a mile south of the road she intended to take.

The hunt continued, with 20 to 25 persons joining in on horseback and scores of others walking and driving cars.

At shortly after 5 p.m., Mrs. Orr was found near the small pond.

Fish said she was in good spirits, but tired and hungry. She told her rescuers about watching a female bobcat bringing one of her young to the pond for a drink and about other experiences during the night.

She had walked about a mile from where the car was found.

Rev. Sam Keller of the Bible Baptist Church officiated at the double-ring ceremony.

Baskets of white stock and gladstoll decorated the church.

The bride was given in marriage by her father. She wore a floor-length gown of white peau de soire featuring a scooped neckline applied with valencia lace trimmed with seed pearls, long sleeves and a detachable chapel-length train. Her bouffant three-tiered French illusion veil was caught by a Juliette type headpiece of lace and seed pearls. She carried a colonial type bouquet of yellow rosebuds centered with a white yellow-throated orchid and surrounded by a cascade of white stephanotis.

Maid of honor was Miss Deborah Staggs of Victorville, sister of the bride. Bridesmaids were Miss Julia Pruett of Hesperia and Miss Sandy Brewer and Mrs. Curt Trueblood of Victorville. They wore street-length dresses of peau de soire and hats of white veiling with rosettes matching their dresses. The maid-of-honor's gown was peach and the bridesmaids' mint green. They carried nosegays of white carnations.

Her husband is a 1961 graduate of McLean High School. He has served in the air force three years and is being discharged a year early to enter the Baptist Bible College in Springfield to train for the foreign mission field. His wife will also be required to graduate from the seminary to accompany him on the mission field.

The bride's mother chose for her daughter's wedding a cream beige lace dress.

The bridegroom's mother was unable to attend due to illness in the family.

Courtesies extended the bride before her marriage included a tupper shower, a miscellaneous shower and a kitchen shower.

Mr. and Mrs. Lester Sitter spent a week visiting with his parents, Mr. and Mrs. Spencer Sitter, and family on their way from Washington, D. C., where they have been this summer, to Austin, where Lester will return to law school.

PETITION
 Now comes WILLIE JOE CHAMBERLAIN, Plaintiff, residing in Gray County, Texas, and complaining of John S. Abel, B. M. Britain, Mrs. Elizabeth Watson Meek, Mrs. Isabella Robertson, Robert J. Lyon and wife, Elizabeth N. Lyon and their known heirs and executors and administrators and their unknown heirs and executors and administrators as defendants
 Being all of Lot No. 12 in Block No. 2 of the Wilcox Addition to the City of Pampa, Gray County, Texas.
 That the plaintiff and those upon whom they claim have had open, notorious, peaceable and adverse possession of the premises and have used and enjoyed the same to the exclusion of the whole world for a period of more than ten years before the filing of this suit and whereas he claims the title by limitation as much as by conveyance. Your plaintiff also shows to the court that he bought the property paying good and valuable consideration therefor and received a deed by his predecessor in title. Plaintiff shows that an abstract of title will be filed with the papers in this cause and that such abstract of title will be used to prove the chain of title and in addition to such witness as may be produced before the court to testify orally.
 On such day, also he was in possession of such premises, and afterwards on the 10th day of February, 1954, the defendants unlawfully entered upon and dispossessed him of such premises and withheld from him the possession thereof.
 Defendants have occupied and used such premises under such unlawful possession for a period since Feb. 10, 1954, and the rental value thereof during such occupancy is \$100.00, in which amount by virtue of such wrongs the defendant is justly indebted to plaintiff; but though repeated demands for the payment thereof has been made of defendant by plaintiff, defendant has failed and refused, and still fails and refuses to pay the same to plaintiff's damage in the sum of \$100.00.
 Wherefore plaintiff prays that the defendant be cited to answer this petition, and that plaintiff have judgment for the title and possession of the above described premises, for his damages, for costs of suit and for such other and further relief as he may be entitled to either at law or in

 Additions to other dormitories have increased campus living accommodations for approximately 300 more students. The cost of Quanah Parker Hall was in excess of \$1 million.
 Another million-dollar building is a new Chemistry, Pharmacy and Physics Laboratory Building, in use for the past year. With the aid of a \$100,000 grant from a Warner-Lambert Pharmaceutical Educational Foundation and several other grants from the National Science Foundation, the new building is equipped with the most modern facilities, some of which are rarely found outside large university laboratories on the graduate level.
 A biological science hall, a music hall and new quarters for the division of business represent another \$1 million spent in modernizing old buildings.
 Along with the physical development of the campus, Dr. Harris has devoted a great deal of time and effort to raising academic standards. The faculty in four years has increased from 66 to 102 and qualifications of staff members have been upgraded with a higher percentage of the staff holding doctor's degrees.
 Among the academic fields showing rapidly developing potentials are the School of Pharmacy, long recognized nationally; commercial art, relatively new as now being taught, which has pyramided in two years from 17 students to 200; all areas of science that leads to jobs with NASA, missile bases, industry and teaching; business, with a one-year specialized business college curriculum as well as four-year degrees in accounting, economics and general business, among others.
 Before entering the college administrative field, Dr. Harris was for many years a recognized leader in Oklahoma public school education and has held at one time or another top offices with school administrators and Oklahoma Education Association groups.

TIGERS
 (Continued from Page 1)
 Tigers put them on the 13, but Crockett struck two more times to move to the 10. Five yards for offense against Panhandle put McLean on the five. Crockett struck to the one and then went over on the next play.
 There were two minutes and 27 seconds left in the third quarter when Johnny Fuller passed to Harlon Pool for the two extra points.
 The Panthers threatened on their next series of plays before being stopped on the Tiger 18.
 A recovered fumble in the final period set McLean back up in business again. The recovery was on the Panhandle three and it took only one play for Windom to score over right tackle.
 Steve Fuller tried to run over the extra point, but failed.
 McLean's reserves were threatening from the Panhandle 21 when the final horn sounded.

NEWS from YOUR COUNTY AGRICULTURAL AGENTS

By FOSTER WHALEY

COTTON HARVEST
Raymond Smith delivered the first bale of cotton to the local gin. At the time of this writing (Tuesday), B. F. Holland, gin manager, did not have the bale ginned. Holland said as a premium he will gin it free and buy it a little high. The city usually gives a \$50 premium on the first bale.

Lawrence Kurtz, Pampa, was to start pulling cotton this week, but the weather will no doubt delay him.

WEATHER

Two-point-four inches of rain was reported in some sections of the county from Monday night's rain. This will put some strength in the stocker calf market. The rain came too late to put the needed stimulus in market. Look for only a very modest rise. It might help to get some of the asking prices.

For abundant wheat pasture you should have it up by Sept. 15 and then catch a good rain such as this on it. It will be at least a week now before a lot of wheat farmers can get in the field to drill their wheat. Then another good rain and some warm weather are necessary to have wheat pasture. The main stimulus in the market will come from wheat farmers who now have their wheat up or planted. There are enough of these to bring some strength to the market.

I talked to one cattle feeder who had just run 100 head through Moody farms for a 90-day feeding period. He talked like a profit of \$35 per head would be shown. This is typical of the feeder situation. This will add to the demands.

MEAT IMPORTS

The best way to determine who is reading your column is put something in it that people don't like to hear. Although the comments have been few, I have had my hand called on this subject which I had in this column three weeks ago. There is no question in the fact that cattle prices have been hurt by meat imports. We have pointed this out for the past two years, even before the meat import issue got to be a national one. Any time the imports of any item equal 11 per cent of the total U.S. production, the price will be affected.

I have some very personal selfish reasons for not wanting the cattle market wrecked by meat imports. Eleven per cent imports is an alarming figure. It was time to take a hard nosed look at the situation.

On the other hand, I believe it is good for us all to see the situation through other people's glasses once in a while. Can you blame the laborers who earned over half of the \$400 million dollars in the selling of exports to Australia for being against restricting meat imports if it jeopardized their jobs by having trade with Australia cut off. They are for cheaper beef and selling more products to Australia.

A second thought, too, is the fact they might switch to beans

instead of beef steak if they were thrown out of work. So I say without necessarily agreeing to the other side of the story, "There is another side to the story."

Meat imports can be listed along with drought, too many cattle, too many fed cattle and other things that caused the price break. It is one of our best whipping boys.

Here are some ways we can help a situation on our own ranch.

(1) Start right now by running all your cows through the chute and get a good vet to pregnancy test them. Cull those not with a calf and save a \$20 feed bill this winter. Sell a cow that will bring \$30 more now than she will next spring after you realize she isn't going to domino.

(2) Fertility test your bulls to avoid having sterile bulls on your range. Don't wait until the cows start coming in heat the third time before you discover the bull is bad.

(3) Find out how much protein supplement you should be feeding and don't pitch out an extra pound just because you like to see the ole hide eat.

(4) If you got brush, consider a spray program.

(5) Don't overstock. It has been proven at Woodward and all over that more pounds of calf per acre can be produced at a moderate stocking rate than a heavy rate. This will reduce investment in mother cows and save interest.

Most of us know to do a lot better than we are doing. Most of us do it only when we have to.

WSG Is Studying 'Spanish Americans'

The Wesleyan Service Guild held the first regular meeting of the year in the parlor of the Methodist Church Monday evening, Sept. 14. The study of "Spanish Americans" was begun.

Devotional was given by Mrs. Bob Stubblefield. Mrs. Paul Johnson was in charge of the program.

Mrs. R. T. Ayres and Mrs. J. B. Roach were hostesses to the 20 members present.

Mr. and Mrs. Kid McCoy were in Hereford last week and saw the new Holly Sugar Mill while there.
