## Just Between Us

We in America have much to be thankful for, and many of us make special note of it during the Thanksgiving season. All of us should pause if only for a moment Thursday and thank God for permitting us to be born in this wonderful land of the free. And we should . . . and must . . . reaffirm our determination to keep those basic freedoms that have made ours the greatest nation in the history of man. Let us forget party politics and take a long hard look at the present through the eyes of Americans. Do we really and truly like what we see?

Are we proud of the fact that crime is increasing far more rapidly than church membership. Doesn't it bother you that countries which we once counted among our friends now are showing only contempt for us? Countries like France, which was saved in two great World Wars principally through the efforts of Americans. Doesn't it make your blood boil to think that our will to fight for freedom is being drained away by little brush wars we aren't permitted to win—like Korea, Laos and now Viet Nam?

Those who think they want them can have their "Great Society" and their "One World Government." We'll take America as she has been in the past: A nation that knows it has found the key to greatness. A peaceful nation, yet one that stands ready and willing to eliminate any threat from without or within. Yes, we must preserve America as our founding fathers intended.

When Robert Strange McNamara last week announced his intentions to close Amarillo Air Force Base, plus some 94 other military installations, our first thoughts were of the Gravediggers, a paperback book that made its appearance a few days before the Nov. 3 election. The authors of Gravediggers charged that this all-powerful secretary of defense was quietly going about his job of disarming the United States.

He had already closed down numerous other missile bases overseas, eliminating some of our greatest deterrents to communism. The book predicted still others would be eliminated.

Now at least 150 missiles (this is the number they have told the public about), which are ready to be fired at a moment's notice, will be taken off duty.

These missile installations have been completed for only a short while, some less than two years. Most are Atlas missiles, the most tried, tested and proven missiles America possesses.

This same Gravedigger, Mr. McNamara, has cancelled new bomber development programs and has refused to spend millions of dollars Congress appropriated to build more B-52 jet bombers—one of the few airplanes capable of carrying nuclear warheads deep into the

## Thanksgiving Day Will Be Observed

Residents of McLean and the entire nation will pause from their busy lives Thursday to give thanks for their many blessings. The traditional Thanksgiving Day observance means a holiday for most.

Most businesses in the city will close for the day. This issue of The McLean News was published on Wednesday because of the holiday. McLean students and teachers will enjoy a long weekend. No classes will be held Thursday and Friday.

## 4 Tigers Make All-2-A Team

Four members of the McLean High School Tiger football squad have won places on the All-District 2-A team, it was announced Tuesday.

Four other local gridsters received honorable mention. Dickie Crockett, hard-charging Tiger fullback, was the unanimous choice of district coaches for the fullback position on the offensive team and also was an All-District selection on defense.

Crockett, who gained more than 1,600 yards rushing during the season just completed, also is being considered for All-State honors.

Eddy Windom of McLean was picked as a linebacker on the defensive team; Johnny Fuller as defensive halfback, and Ronnie Hunt as offensive guard.

**Honorable Mention**  
Receiving honorable mention were Robert McCabe, defensive halfback; Dwight Hathaway and George Green, defensive linemen, and Harlon Pool, defensive cornerback.

Windom was a repeater on the All-District 2-A team, having been selected for offensive end and linebacker last year.

Crockett, Fuller and Green received honorable mention on the 1963 team.

District coaches picked the outstanding players in a meeting last week, but the announcement was delayed until after White Deer was defeated in the bi-district game (See TIGERS, Page 2)

## Cub Pack Meeting Set Next Tuesday

A pack meeting for Cub Scouts, their parents and all boys interested in becoming Cubs will be held next Tuesday evening at 7 in the meeting room above city hall.

Two Cub Scout dens were organized recently and both parents of each boy in these dens and parents of prospective Cub Scouts are urged to attend this meeting to find out what is being planned for the year.

A new den will be organized at the meeting. Mrs. Charles Findley will be den mother.

Cubmaster is W. C. Kennedy, and other den mothers are Mrs. Joe Burroughs and Mrs. Rodney Barker.

Any boy age 8 to 11 who would like to become a Cub Scout is especially invited to attend this meeting.

## Enumerators Named For Gray County's Agricultural Census

Three women have been named as enumerators for the Gray County Census of Agriculture, according to Mrs. Thelma Bray, crew leader.

Mrs. Tony R. Smitherman will serve as enumerator in the McLean area. Others named to assist with the project are Mrs. Bob Echols, Pampa, and Mrs. Lloyd Harvey, east of Pampa.

They belong to a force of 23,000 enumerators throughout the nation employed temporarily by the U.S. Bureau of the Census for this year's Census of Agriculture.

Enumerators are key workers in such an operation. It is their responsibility to locate every farm within an enumeration district assigned to them, determine if the operator of the farm has answered all questions on a questionnaire mailed to him, help the farmer complete any unanswered questions on the form, check answers for accuracy and deliver the form to the Census Bureau.

A Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather needed, up-to-date information on the nation's agricultural resources and production.

## Windom Is Pledged By Tech Fraternity

Clyde Allen Windom, son of Mr. and Mrs. E. J. Windom Jr. of McLean, has been pledged by Pi Kappa Alpha Fraternity at Texas Tech in Lubbock.

Windom is among 149 students who were pledged by the Tech fraternities in the fall rush period.

Windom is in his junior year at the Lubbock college.

## HARVEST PACE STEPPING UP

Machines Moving Into Area Fields

Harvesting of the McLean area's cotton crop was being resumed Tuesday, with the local gin expecting several loads from the fields late in the afternoon and today.

As of noon Tuesday, a total of 58 bales of cotton had been processed at the McLean Gin. The last bale up to that time had been ginned on Nov. 16.

Rains the past week put a halt to operations, and freezing weather slowed the gathering of the crop even more. But if fair weather continues to hold, the long-delayed harvest should swing into high gear the next few days.

The Department of Agriculture's Marketing Service office in Memphis reported that 7,000 samples were classed during the week ending last Friday. This was more than for any week of the season.

**First Heavy Frost**

The first heavy frost, which all farmers had been looking for, came late last week, and it is hoped the frost will effectively kill the cotton foliage to permit harvesting by mechanical means.

## Football Important Game, Cubs Told

The McLean Tiger Cubs, their dads and guests were told of the importance of football Friday night.

Fred Hedgecoke, McLean High School head football coach, quoted statistics at the annual Cub and Dad Banquet to show how athletics help to keep youngsters interested in school.

## Three Fire Alarms Answered Past Week By Local Volunteers

McLean's volunteer firemen answered three alarms during the past week—two of them involving pickup trucks.

The latest call for help came Tuesday morning, when household furnishings on a pickup truck caught fire east of town.

Driver of the vehicle didn't realize he had a fire aboard until a highway patrolman flagged him down.

McLean residents had noticed smoke billowing from the furnishings when the vehicle passed through town.

A lighted cigaret tossed from the pickup cab apparently had landed among the furniture. Firemen quickly extinguished the blaze. Two alarms were answered the past Sunday.

Hay in a pickup owned by the Roby Brothers was discovered burning at 7 a.m. Sunday by Peb Everett, east of town. Cause of the fire was not known.

Then at 11:20 p.m. Sunday, firemen were called southeast of town to fight a grass fire on the Rock Island Railroad right-of-way, near Mrs. T. A. Massay's place. Only slight damage was reported.

## Teen-Town Dance Is Friday Night

There will be a free dance Friday night at Teen-Town in the Legion Hall.

The Starfires of Pampa will play for the dance, which will start at 8.

Frank Redwine has contributed \$40 toward the cost of the band and the balance is expected to be paid for by other donations. Refreshments will be served.

## JOEL LEADS CUBS TO WIN

Both Junior Teams Thrash Shamrock

Joel McCarty pitched in 23 points last Thursday night, as the McLean Junior High Cubs thrashed Shamrock 36-29 on the Irishmen's home court.

Marsha Hunt led the local junior girls with 12 points in their 20-13 victory.

The games were the first this season for the juniors, and they were in front almost all the way. McCarty, hitting on lay-ups and set shots, dropped eight field goals and seven free throws through the netting to amass his total. Sixteen of his points were counted in the last half.

Thacker Haynes totaled seven for the evening, Randy Richards finished with four and Dick Back and Mike Darsey had two apiece. (See CUBS, Page 2)

## Simmons Selected Area 'Mr. FBIA'

Rusty Simmons, McLean High School senior, was named area "Mr. FBIA" at the recent District 9 Future Business Leaders of America workshop at West Texas State University, Canyon.

Simmons, the son of Mr. and Mrs. Granville Simmons, now is eligible to compete for the state "Mr. FBIA" title.

Linda Tindall, daughter of Mr. and Mrs. Ollie Tindall, placed second in the "Miss FBIA" contest. A senior, she also qualified for the state competition.

First place in spelling was won by Martina Giesler, daughter of Mr. and Mrs. L. F. Giesler. The MHS junior will try for state honors in spelling later in this school year.

## Cagers Play Shamrock, Sanford-Fritch

Sanford-Fritch, traditionally strong in basketball, proved too much for the McLean Tigers and Tigerettes Monday night.

Hitting from all angles, the Eagles downed the Tigers 67-50, while the Tigerettes fell before the Eaglettes by a closer 48-45 score.

McLean traveled to Shamrock for a pair of games Tuesday night, and the Tigerettes won 40-29, while the Tigers were defeated 61-33.

Dec. 1 will see the Tigers and

Tigerettes at Lefors, and they then will enter the Shamrock tournament on Dec. 2-5.

At Sanford-Fritch Monday, George Green took scoring honors for the Tigers with 15 points.

Eddy Windom had 13; Ronnie Hunt, seven; Gary Hester, six; Dickie Crockett, five, and Homer Goldston, four.

D. Franklin paced the Eaglettes with 15.

The Eagles jumped into an early lead, and were ahead 19-11 at the end of the first quarter. They

stayed on top 38-31 at halftime and 53-41 at the three-quarter mark.

Jan Bailey's 16 points was tops for the Tigerettes, but Sharon Goldston was just a step behind with 14. Pam Burnett had nine and Barbara McCurley six.

McKinney was high for the Eaglettes with 22.

McLean led 12-11 at the close of the first period and 23-22 at halftime. Sanford-Fritch moved ahead after intermission to lead 34-31 after three quarters.

Miss Goldston scored 18 points in the girls' game at Shamrock, while Miss Bailey had 14, Miss McCurley seven and Miss Burnett two.

The Tigerettes were in front 10-7, 21-10 and 32-23 at the quarter marks.

Windom had 14 points to lead the Tigers at Shamrock, followed by Green with seven; Crockett with five; Hester, three, and Hunt and Goldston, two each.

Shamrock led 12-6 at the end of the first quarter, 22-18 at the half and 42-22 after three periods,

Soviet Union. Amarillo Air Force Base is the home of many B-52's.

-jbu-

So, if McNamara is eliminating our missile defenses and permitting our bombers to age into obsolescence, what are we going to have left to use for defense?

-jbu-

Another indication of how well these people like McNamara are in control is his declaration that these closing orders are "irrevocable."

We can remember the time not many years ago when cities affected by such orders didn't accept them as "the gospel." They girded for battle and at least tried to convince the federal government that this action without question continued operation of their bases.

Not so in this case. Amarillo leaders have indicated they are accepting this action without question. Congressman Walter Rogers, who heard about plans to close the base just like everyone else—in the newspapers, on the radio and TV—was able to arrange a conference with McNamara.

This mighty Gravedigger didn't even have the common courtesy to confer with the people's elected representatives in Washington before announcing his decision.

It is simply further proof of how this nation is being run by bureaucrats, rather than Congress.

That a man is not justified by the works of the Old Testament law, but by the faith of Jesus Christ; for by the works of the Old Testament law no flesh shall be justified. (Gal. 2:16)

That as many as are of the works of the Old Testament law are under the curse. (Gal. 3:10)

That Christ has redeemed us from the curse of the Old Testament law. (Gal. 3:13)

That the Old Testament law was added because of transgressions, till Christ should come (Gal. 3:19), and made a new law or testament that was perfect. (Jas. 1:25)

That the Ten Commandments on the tables of stone were glorious, but that glory was done away when Christ made a new covenant that was more glorious. (III Cor 3:7-11)

That our minds are blinded and we can't see the way of salvation as long as we try to find it in the Old Testament, but the way is clear in the New Testament. (III Cor. 3:12-16)

ABILENE—(Special)—"If you bag one—bag it!" deer hunters are reminded by Mrs. T. C. Campbell, Abilene. "At least bag the hide," she pleads, "as we're begging every scrap of buckskin for patients in our state hospitals and special schools."

The Volunteer Services Council, headed by Mrs. Campbell, once again will have donated hides tanned and distribute the leather among the 28,000 patients in Texas mental hospitals, tuberculosis hospitals and schools for the mentally retarded.

It is used in rehabilitation projects.

"Throw a handful of table salt on the hide, let it drain, 'bag it' in heavy paper and send it to Austin Taxidermist Studio, 2708 South Lamar, Austin, and we'll do the rest," explains Mrs. Campbell.

"Mark the shipping tag 'charity,' and most freight lines will haul hides without charge. If hunters request, locker operators will send in hides," adds the council leader.

"The 28,000 Texans in the hospitals and schools join me in saying, 'we hope it's in the bag' for every sportsman," said Mrs. Campbell.

**IN MEMORIAM**

**Mrs. MAUDE PREFONTAINE**  
Mrs. Pearl Hindman, owner of the Thomas Hotel and Motel, died Nov. 15, 1964, at the Thomas Memorial Hospital. She had been in failing health about a year and a half, but fortunately, regardless of the dreadful disease, leukemia, she didn't have intense suffering.

Mrs. Hindman was born March 4, 1886, in Montague County in Texas, where her parents, Mr. and Mrs. R. S. Thompson were pioneering ranchmen. Her elementary schooling began in Duncan, Indian Territory, continued for short periods in Elm (near Arapaho), Oklahoma Territory, and Clarendon College Preparatory Department at Clarendon, Texas. She attended Kid-Key College at Sherman, Texas, where she received a medal for her outstanding work in art.

She grew to womanhood on her parents' ranch near McLean, Texas; during those years she worked in the McLean Post Office (where she made many friends by her jovial manner of meeting the public), later having a private art class. She was married to Jack Hindman Dec. 22, 1909, and this union was blessed with a son, Rob Roy, who was her partner in the hotel business. The family moved from McLean to Texline, Texas, where they lived until Jack's death in 1927. Through the many years there she would use her talents when needed, often acting as pianist for the churches she attended.

Mrs. Hindman and Rob, after operating a court in Pampa, Texas, located at their present location in 1950. She continued her work at the hotel until four weeks prior to her death.

She was converted and joined the Methodist church in youth. One of her outstanding virtues was her compassion and interest in helping all who needed help. She was thrifty, homeloving, a very devoted mother and sister through the years. She had integrity and other Christian characteristics which were developed in her Christian rearing.

She leaves in addition to her son, Rob, two sisters, Mrs. Willie Boyett of McLean, Texas, Mrs. Maude Prefontaine of Ada, Okla.; three brothers, Orin Thompson of Stinnett, Texas, Emmett Thompson of Quanah, Texas, and Fred Thompson of Ada, Okla.

Funeral services were held at 10 a.m. on Nov. 17, 1964, at the Thomas Boxstone Funeral Home Chapel with Rev. William Chace, pastor of the Thomas Methodist Church, officiating, assisted by Rev. COUNTY AGRICULTURAL AGENT  
TEXAS A & M COLLEGE EXTENSION SERVICE

By FOSTER WHALEY

### WINDBREAK SEEDLINGS

For many years the Texas Forest Service has sold windbreak seedlings to farmers and ranchers at a very nominal price of \$1.50 per 100 seedlings. This year they are available again through our office. Here is a list of the varieties: Austrian pine, black locust, black walnut, catalpa, Chinese elm, cottonwood, loblolly pine, mulberry, Osage orange, Ponderosa pine, red cedar, rose multiflora, slash pine, shortleaf pine, sycamore, euonymus, buffaloberry.

In order to be eligible for these seedlings, one must sign an order form agreeing to (1) plant the trees in Texas, (2) refrain from using or reselling for ornamental purposes, and (3) protect the planting from fire, cattle and destructive insects.

Drop a card to Foster Whaley, County Agent, Box 2140, Pampa, and we will be happy to mail you an application blank.

### ROLLING PLAINS BULL SALE

Flip Breedlove, Donley County agent, advises me their annual registered bull sale will be held Wednesday, Dec. 2, starting at 12:30 p.m. in the fair grounds pavilion. This is an all-breed sale. Angus, Galloway and Hereford will all be represented in this sale. Walter Britten will be the auctioneer. This is an excellent place to pick up a good bull.

### WHEAT PASTURE

A few days of warm weather would do wonders for our wheat pasture. If you have some cattle that you would want to put out on pasture, I believe it could be found with just a little looking up on top.

Up to now the going price is 75 cents per 100-weight with a \$3 minimum per head. Gains of 1.5 to 2.0 per head daily are not uncommon for good native cattle such as we have here in this area. This would make a pound of gain cost you from five to seven cents. So the \$3 per head might sound high, but is still a very economical gain. Feed lot gains cost from

18 to 24 cents per pound under good management.

### BEEF CATTLE PRICES

We are slowly eating our way out of the beef surplus. Record tonnages of beef were slaughtered in 1964. Also record amounts of beef were consumed by the public. The average per capita consumption of beef has been set at 99 pounds in 1964. This compares to only 94.5 pounds eaten in 1963.

If you have a home for cattle, now is the time to start stocking up. We won't see any big advance in cattle prices within the next few months.

There are a lot of plus factors that should start us into a more favorable cycle. Some of these are (1) cattle numbers have about hit their high. Some people predict fewer cattle by Jan. 1. (2) our expanding population demands more total pounds of beef, (3) killing cattle at lighter weights due to USDA grade change.

"Do you think it's true," a student asked his English teacher, "that low pay is driving good teachers to other jobs?" "Whoever said that don't know nothing about it," snapped the teacher.

You don't have to be an English professor to know that we give A-1 service at our station. In fact, SERVICE is our specialty. And we use good products by Chevron

The poem:  
**FOOTBALL SURPRISE**  
 The first week of school, and Coach was on fire!  
 "Why," asked the man, "can't our boys grow higher,  
 We can never win! We're too small of a team!  
 I'm so blue and discouraged I could almost scream!  
 Those Colts down south! Oh, how they can go.  
 There are Bucks so fleet and Whirlwinds that blow!  
 Eleven little Kittens ready to scratch, bunches of Firecrackers ready to pop!  
 How in the world can we come out on top?"  
 Out on the field, our boys worked hard and long;  
 "We're out to Win!" became their theme song.  
 They scrimmaged and tackled and blocked by the hour,  
 Developing their technique and strengthening their power.  
 The hours dragged by, and the clock ran so slow.  
 But the day soon arrived when they'd meet their foe.  
 They journeyed to Memphis in trembling and fear;  
 They ran on the field—their first game of the year.  
 At the start of the game, Joel galloped down the field—  
 To make the first touchdown and we all felt healed.  
 The two points by Thacker made it look great;  
 And now it was Memphis nothing, while McLean had eight!  
 A few minutes later Joel let fly a ball;  
 Mighty Mike got in the way, and boy! That was all!  
 Dick skirted right end to make a T.D.  
 And Thacker converted, as we laughed in our glee.  
 Joel made another and Dick, the two points,  
 While Memphis was groaning and rubbing their joints,  
 Then Dick decided another touchdown to make,  
 And the McCarty-Haynes pass was no fake.
