McLean - Lefors Battle Is Friday

Those old rivals, the Lefors Pirates, furnish the competition as the McLean Tigers return to action Friday night.

Time for kickoff in Lefors will be 8 p.m.

For the first time in many years, the Tigers and Pirates are playing in different districts—McLean in 2-A and Lefors in 5-B—but the traditional battle is not expected to be calmed by this fact.

A decline in high school enrollment caused the Bucs to be placed in Class B this year, and the game to be changed to an earlier date.

In the past, the contest has served as the finale for the regular season.

Captain Fred Hedgecock said the two-weeks layoff for the locals—they had an open date last Friday—probably did more harm than good.

Even for Season

Still, the Bengals should be at near peak strength for Friday's trip to Lefors.

McLean stands even for the season at this date, with a loss to Shamrock and a victory over Panhandle in its two outings.

Lefors opened its schedule last Friday by falling before Coach Ricky Mantooth's Happy Cowboys 28-0. Mantooth, a native of McLean, is in his first year as head coach at Happy.

Coach Hedgecock said the locals starting lineup will be the same as that of two weeks ago against Panhandle.

Dickie Crockett will be at fullback; Johnny Fuller, quarterback; Eddy Windom and Steve Fuller, halfbacks; Harlon Pool and Doyle McCurley, ends; Dwight Hathaway and George Green, tackles; Ronnie Hunt and John Bible, guards; Lynn Mays, center.

CUBS DEFLATE CYCLONE; PLAY AGAIN TONIGHT

McLean's Junior High Cubs deflated the young Memphis Cyclone 42-0 last Thursday to open their season with a rousing start.

Tonight, Coach Jim Goss' local boys travel to White Deer for a 7:30 engagement.

At Memphis, it was McLean's night all the way.

Joel McCarty opened the scoring parade on a nine-yard run around left end, after setting the Cubs up in position on a 33-yard gallop the play before.

Thacker Haynes took a pitchout around the left side for the two extra points.

Memphis managed to go nowhere after receiving the ensuing kickoff, but the young Tigers roared right back. This time, Mike Darsey caught a pass from McCarty for 30 yards to move deep into Memphis territory.

Back on Sweep

Dick Back counted the six-pointer on a sweep around right end for eight yards. Thacker Haynes got the two-point conversion on a reverse to the left.

The locals' third tally came on a 40-yard pass and run play from McCarty to Thacker Haynes.

A five-yard dive play by McCarty brought McLean its fourth score of the evening, and Back went over on a quarterback sneak for the extra points.

A five-yard crash over right tackle by Back accounted for another TD, and a 25-yard pass from McCarty to Thacker Haynes added the final score.

Starting Lineup

Starting for the Cubs were: Dennis Jones, left end; Harold Calcutt, left tackle; Gary Ellison, left guard; Ernest Smith, center; Clinton Corbin, right guard; Brad Parker, right tackle; Mike Darsey, right end; Joel McCarty, quarterback; Mike Haynes, fullback; Dick Back, left half; and Thacker Haynes, right half.

All 36 players on the squad saw action.

Mike Haynes was outstanding on defense, and helped pick up needed.

Tiger B's Triumph Over Pampa Team

Coach Bob Schneider's Tiger B team won its second straight game here Saturday, defeating the Pampa ninth graders 29-6.

The B's will face the Pampa High School C team at 10 a.m. Saturday at Duncan Field.

Mike Simpson scored two touchdowns and Randy Hess one in last week's game. Gary Hester tallied the two-point conversion after one of the TDs.

Raymond Smith Is First With Cotton

A 457-pound bale of cotton, ginned last weekend, became the first for the McLean area.

Wet weather failed to stop Raymond Smith from completing the bale, which is good for a \$50 cash premium from the City of McLean.

THIEVES TAKE ONLY SMOKES

Cigars and cigarettes apparently were the only items taken in a pair of burglaries here last weekend.

The thief or thieves broke a plate glass window in the front of the concession building at the Derby Drive-In Theatre in the early morning hours Sunday to gain entry.

Mrs. Madge Page, owner of the theatre, told Constable J. D. Fish that several packs of cigarettes and boxes of cigars were taken.

Sunday night or early Monday morning, the construction office at the McLean Hospital was entered, and again nothing but cigars and cigarettes were taken.

Use Pellet Gun
Windows in the building had been shot out with a pellet gun, then the glass from one window removed.

The constable said there were no clues to help him learn the identity of the vandals and burglars.

Fish said he is receiving many complaints about youngsters damaging property with pellet and BB guns. Since it is against the law

Ensign Stewart At Jacksonville Base

JACKSONVILLE, Fla.—(Special)—Navy Ensign Johnny B. Stewart Jr., son of Mr. and Mrs. John B. Stewart Sr. of McLean, has reported to Fighter Squadron 174 at the Cecil Field Naval Air Station, Jacksonville.

The squadron's mission is to train replacement Chance-Vought "Crusader" pilots for the Atlantic Fleet.

A graduate of McLean High School, he entered the Navy in August, 1962.

Saunders Shows Reserve Champ

The reserve junior champion bull of the Nebraska State Fair was shown by George F. Saunders of McLean and Rick Hales of Canyon.

Elite 445 of Angus Valley took the reserve honors at the show, held earlier this month in Lincoln, Neb.

Oil and Gas Boost Economy

"It will be several months, however, before we know to what extent individual counties are participating in the current market."

The dispersion of oil dollars through Gray County business channels and the healthy effect given property values by petroleum industry activity are indicated by several figures published by the association.

It is estimated that royalty payments to Gray County landowners who are fortunate enough to have producing wells on their property

FISH IN LAKE TO BE KILLED

Lake McClellan, located 16 miles west of McLean, will be cleared of all fish late this month.

Warner Phillips, lake manager, announced this week that the Texas Parks and Wildlife Department will treat the water with a chemical to kill all fish.

The department will then restock the lake with fish from the state hatcheries.

Phillips said this should greatly improve the fishing at Lake McClellan.

Marion Toole, coordinator of inland fisheries for the Parks and Wildlife Department, explained in a press release received this week that in order to maintain game fish in a dominant position in a lake it is necessary to practically eliminate the standing fish population.

Unfavorable Fish

"Our reservoir investigations that have been conducted over the last 20 years show that the decline in the ability to catch fish is not due to the removal of small fish, as many suspect, but is due to the buildup of unfavorable fish populations in a reservoir," Toole said.

When black bass and channel catfish are heavily stocked in a newly impounded reservoir, they attain an amazing size in a very short time, Toole said.

"As an example, black bass

McMILLEN IS DRUM MAJOR

Sharon Sitter Head Twirler

Heading the McLean High School Tiger Band this year is Jay Ben McMillen, the new drum major chosen at the beginning of the school term.

McMillen is the son of Mr. and Mrs. Robert Benjamin McMillen.

Majorettes are Margaret Katherine Pakan, daughter of Mr. and Mrs. Miro Pakan; Yolanda Gail Fry, daughter of Mr. and Mrs. Ernie Fry, and Sharon Lee Sitter, daughter of Mr. and Mrs. Spencer B. Sitter.

4 Years a Twirler

Miss Sitter, a senior, has been a twirler all of her four years at MHS, and she is again head twirler.

Herb Germer, Tiger Band director, said Miss Fry, a freshman, and Miss Pakan, a sophomore, are proving themselves very talented artists in their first year with the band.

"We're expecting more good work in the coming years," Germer added.

A sophomore McMillen "has added that spark of spirit, enthusiasm and leadership which we all appreciate," Germer said.

Jerry Wood Serves On Picket Destroyer

USS SAVAGE—(Special)—Jerry G. Wood, Navy seaman, son of Mr. and Mrs. R. T. Wood of McLean, is a crewmember of the radar picket destroyer USS Savage, operating out of Pearl Harbor, Hawaii.

Savage is equipped with special radar facilities to detect the approach of enemy aircraft. She is also capable of acting as a navigational aid to Trans-Pacific aircraft and is available for search and rescue missions.

21 Traffic Mishaps Occur in August

Twenty-one rural traffic accidents were investigated in Gray County during the month of August, according to J. W. Wilson, Highway Patrol supervisor for this area.

Injuries to 62 persons and property damage estimated at \$13,080 resulted from the mishaps.

Sgt. Wilson said the traffic accident summary for Gray County from January through August now shows a total of 128 crashes.

Three persons have been killed, 103 injured and property damage is estimated at \$88,505.

McLean Girls Find 'Twister' Ride Fun—But Dangerous, Too

Four McLean girls found the "Twister" rough to ride Monday at the Tri-State Fair in Amarillo. Debra McClellan, Toni Willoughby, Molly Gray and Marsha Hunt—all eighth graders—were shaken up and bruised when the Twister cart they occupied jumped the track.

A part of the car they were occupying left the track while the Twister was traveling at full speed. Suffering from bruises and shock, the girls were taken to St. Anthony's Hospital in Amarillo for examination.

Erroneous Report

There it was found that none of the girls received broken bones, even though a report was circulated here for a time that they were seriously injured.

The erroneous report came as the result of an automobile accident which occurred at about the same time of the mishap at the fair.

Two young ladies hurt in the traffic accident also were taken to St. Anthony's. The McLean girls and those in the auto wreck were X-rayed.

A hospital attendant apparently got the X-ray pictures confused, and it was thought for a time one of the McLean girls had received a broken hip.

4-H Club to Elect Officers on Monday

New officers of the McLean 4-H Club will be elected at a meeting next Monday evening.

The meeting is scheduled at 7:30 p.m. in the grade school cafeteria. Leaders of the organization encouraged all children to enroll now and begin their projects. Parents are also invited to the meeting.

'Meet the Teachers Night' Next Tuesday

The McLean P-TA will hold its annual "Meet the Teachers Night" next Tuesday, and all parents are invited to attend.

Open house is to begin at the grade school promptly at 7 p.m. The event gives parents an opportunity to meet and visit with the grade school teachers.

Value of Education Stressed in School Dedication Address

It is "most difficult to find something better than an education to leave to our children," Dr. Al Harris said Saturday night at ceremonies dedicating the new Alanreed School building.

Dr. Harris, president of Southwestern State College in Weatherford, Okla., traced the history of education from the original Sunday School to the present day.

"Just about everything worthwhile that has been done in education has been done by protest," he pointed out, and added: "There are going to be more changes in this area."

Even the establishment of public schools themselves was a "great battle," he said.

Dr. Harris called the new school building an "investment in the young people of this community. . . . I am always glad to see a community go forward in education."

'Never Stops'

"The foundation for education begins here, in this building," he said, "but education is continuous. . . . It can never stop. . . . Anyone who fails to return to learn new concepts is being derelict."

George Smith, superintendent of the Alanreed School, was master of ceremonies for the dedication program, attended by about 100 persons.

Dr. Floyd Golden, educational consultant for Rittenberry and Rittenberry and Associates of Amarillo, architects for the building, expressed "pride and joy in this plant."

Dr. Golden said the Alanreed Independent School District received a full dollar's value for each dollar spent on the building.

Also introduced were John H. Jones of Clarendon, the contractor on the building, and James Rittenberry, the architect.

Smith introduced the school personnel and board of education members.

Acceptance by Phillips

Warner A. Phillips, vice president of the board, made the acceptance talk following Dr. Harris' dedicatory address.

Words of appreciation were said by Brenda Darlene Hill, an eighth grade student; Mrs. Betty Simmons, Alanreed P-TO secretary-treasurer, and Mrs. Lopez Hauck, first and second grade teacher.

Special music included a solo, "Bless This House," by Mrs. Morris Brown of McLean, with piano accompaniment by Mrs. Paul Miller, also of McLean, and "God Bless America," sung by the Alanreed School Choir. Mrs. Mary C. Durham, fifth and sixth grade grade teacher, accompanied the choir.

The invocation and benediction were by Rev. Howard C. Jones, pastor of the Alanreed Baptist Church.

Floral arrangements were furnished for the program by Mr. and Mrs. Cecil Carter and John H. Jones.

The Alanreed P-TO sponsored an open house at the new building preceding the dedication program.

NEWS OF CONSERVATION

Stan Kretzmier staked 20 acres for irrigation land leveling on his farm northwest of Pampa.

Rex McAnelly completed 70 acres of land leveling on Moody Farms east of Pampa.

Rex McKay plans to install some irrigation pipeline on his farm west of Pampa.

Land leveling and pipeline will aid in better distribution of irrigation water which will result in more uniform crops.

Leonard Glass drilled an irrigation well on his ranch north of Alanreed. Leonard plans to irrigate 40 acres of alfalfa. He purchased a roll-type sprinkler system. This type system will reduce labor and cost of irrigation.

SCD CARRYALL—Curtis Schaffer, Elmer Balch, Gray Brothers and Sailor Brothers have used the carryall. They highly recommend it for small earth-moving projects. The two-cubic-yard carryall has been used for filling gullies, moving high fence rows and building ponds for livestock water. Anyone interested in using the carryall should contact Delores Seaney at the courthouse annex.

SCD ELECTION—A supervisor's election will be held in Subdivision No. 1 Oct. 6, 1964. This area includes the land 15 miles north and 12 miles east of the southwest corner of Gray County.

To be an eligible supervisor, a landowner must own land within this area and be a resident of Gray County.

Curtis Schaffer is presently Gray County SCD supervisor representing this subdivision. Jack Thompkins, farm director for KFDA-TV, will present a program prior to the election.

GRAY COUNTY SCD ASSISTANCE—Farmers and ranchers that develop conservation plans through the Gray County SCD are entitled to technical and engineering assistance from the local Soil Conservation Service.

Cost-share assistance is available for most conservation work through the Agricultural Conservation Program and the Great Plains Conservation Program. For assistance, contact your soil conservation district supervisor: Milton Carpenter, Curtis Schaffer, Stan Friend, James Cliett or W. C. Epperson, or the Soil Conservation Service.

Eben Warner has completed a dam on his ranch north of Alanreed. He plans to start constructing another dam this week.

Noble Fish completed a pond on Johnson Ranch northwest of Alanreed. They plan to construct several dams this year to control water erosion and distribute livestock grazing.

IRRIGATED PASTURE—Elmer Balch, Tom Anderwad, Bill Crisp, Harvey Taylor and D. W. Swain have established pasture grasses under irrigation. Some of the grasses will be ready for grazing next summer.

grazing and rotation of livestock are the key factors necessary for a successful pasture management program. Irrigated grasses when properly managed will produce large quantities of high quality forage.

Anyone planning to establish grass under irrigation should consider all phases of a grass program because there is a great deal of time and expense involved. Grass not properly managed is undesirable as an economical part of any stock farming operation.

DEFERRED GRAZING—Several landowners in Gray County defer grazing on some of their range-land each year. Resting a pasture during the growing season every three or four years will improve the condition of range plants.

Healthy range plants will provide more grazing during periods of drought and make faster re-growth when moisture is received. Pastures should be deferred for at least five months following range seeding and brush control. This will allow sufficient time for grass seedlings to develop into vigorous plants before grazing begins so it won't be pulled up or weakened, which could cause the plants to die during severe climatic conditions.

Desirable grasses will produce vigorous growth which will directly compete with treated brush during deferment periods. This extra plant growth is not lost because it can be utilized by livestock during fall and winter.

Turner Kirby has just completed leveling one field so that a better job of irrigation can be done. Another irrigated field of his has been staked for leveling.

Clyde Magee has completed a pit-type pond on his ranch southwest of McLean.

A location for an irrigation well was staked for V. Dilger on his farm just west of the Moody Farms.

Conservation—Whose Responsibility? Severe water erosion is occurring on many farms and ranches due to the lack of cooperation between tenant and landlord. Many times the tenant on the farm says it is the landowner's responsibility for the initiation of conservation practices. The landlord sometimes says it is up to the tenant to carry out the conservation work, or the tenant is not interested in soil conservation.

Many times it will wind up in what is known as "back passing" between the tenant and the landlord.

It is the responsibility of the tenant to inform the landlord of the conservation problems on the farm or ranch. It is then the responsibility of both the tenant and landlord to work out a solution to the conservation problem.

Theodore Roosevelt said, "America is not something to be skinned for two or three years for the use of the present generation, whether it is the forest, water or the scenery."

Dr. Harris said, "In this land of greedy commercialism which so often ignores the just claims of those who from us will inherit the earth, the paramount question is: What is today doing to the land which is the source of all essential resources."

Old Timers Club Meeting Oct. 2

Friday, Oct. 2, is the date for the next Old Timers Club meeting at Lovett Memorial Library in Pampa, according to Mrs. Cliff Vincent, chairman.

All persons who have lived in this area 50 years or more are invited to bring a covered dish to the luncheon beginning at 12 noon.

Moisture Continues; Showers Hike Total For Year to 15.76

Rains continued to fall in McLean the past week, and weather reports indicate they aren't over yet.

Three showers added a total of .55 inch to the city's moisture total—.19 on Saturday, .28 on Sunday and .08 early Wednesday morning.

This increased to 15.76 inches the total for this year and 2.47 for the month of September.

By this same date in 1963, just 13.59 inches of moisture had fallen in McLean.

Temperatures continued to drop, with the official arrival of the fall season.

High for the week was 91 degrees on Friday, and the low was 52 on Sunday.

Theme for Year Is Announced by WSCS

"Summoned to a New Age" is the theme for the new year of the WSCS of the Methodist Church. It was announced at a meeting held in the church parlor Tuesday morning.

Mrs. J. L. Andrews called the meeting to order.

Scripture was II Chronicles 7:14. The group sang "God of Grace and God of Glory."

The Christian Woman's Prayer was repeated by all from the year-book.

Following a short business session, Mrs. Cliff Day brought the program, "A New Purpose for a New Day."

Mrs. C. B. Peabody gave the devotional from Paul's letter to the Ephesians.

Also on the program was Mrs. J. E. Kirby with "Woman's Place in the World."

Mrs. Day concluded the program with the main topic.

Closing prayer was given by Mrs. Andrews.

Mrs. C. E. Cooke and Mrs. Jess Coleman served refreshments to Mesdames Peabody, Evan Sitter, J. B. Stewart, J. L. Hess, C. M. Carpenter, Kirby, W. E. Bogan, Elton Johnston, Andrews and Day.

Joyce Willis Dies Following Accident

The daughter of a former McLean resident died last Thursday of injuries suffered in a grinding traffic accident in Amarillo following Sunday.

Joyce Elaine Willis, 18, succumbed to the injuries at Northwest Texas Hospital. She was the daughter of Mrs. Neva Ford, 1310 North Buchanan, Amarillo, the former Neva Flowers of McLean.

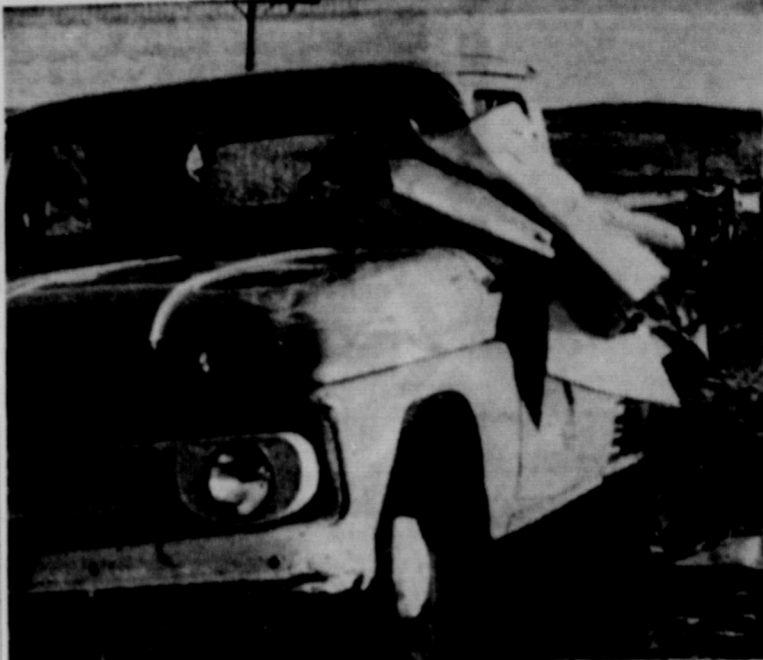

Miss Willis was the fourth person to die as a result of the accident. The fifth victim died Tuesday.

Miss Willis' grandfather was the late M. E. (Mike) Flowers, who for many years was section foreman for Rock Island Railroad here.

Ronnie Hunt Heads MHS Senior Class

Ronnie Hunt is serving as president of the McLean High School senior class.

Other officers, elected in a recent class meeting, include: Harry Tate, vice president; Sue Green, secretary; Mikki Green, treasurer; Carlin D'Spain, reporter; and Sylvia Groves, sergeant-at-arms.

SS Representative's Schedule Is Told

Curtis Watts, field representative for the Amarillo Social Security district office, will make regular visits to this area during the next three months.

Harold S. Gelson, district manager, said Watts will follow this schedule during October, November and December:

Clarendon courthouse—9:15 to 11 a.m. Monday, Oct. 21 and 26, Nov. 2 and 23, Dec. 7 and 21.

Shamrock Community Building—10 a.m. to noon Tuesday, Oct. 6 and 20, Nov. 3 and 17, Dec. 1 and 15.

Memphis American Legion Hall—8:30 to 11 a.m. Thursday, Oct. 8 and 22, Nov. 5 and 19, Dec. 3 and 17.

Wellington courthouse—8:30 to 11 a.m. Thursday, Oct. 1 and 15, Nov. 5 and 19, Dec. 3 and 17.

Watts will be available to conduct any business relating to Social Security.

Masonic Exams Set Monday in Pampa

An examination for proficiency in Masonic ritual has been set for next Monday at 6:30 p.m. in Top of Texas Lodge 1381 in Pampa.

A second examination has been scheduled at the lodge at 6:30 p.m. the following evening. The examinations will be conducted by Bob G. Andis, a Pampa rancher and a member of the Texas Masonic grand lodge committee on work.

Masons in this area who qualify in the examinations will be granted certificates of proficiency in the Masonic Grand Lodge of Texas to be held in Waco Dec. 2.

Mrs. Nicholson Is Honored on Birthday

Mrs. C. G. Nicholson was honored on the occasion of her 87th birthday Sunday at her home in the east part of town.

A duet dedicated to Mrs. Nicholson was sung by Mrs. Morris Brown and Mrs. Frank Simpson at the morning services of the First Baptist Church.

Those present for dinner were her son, Glen, and his wife, Ashland, Kan., and their son, Maggie's wife and sons, David and Jimmie, of Amarillo; her daughter, Mrs. Merle (Bessie) Stevenson, and her husband and son, Weldon, of Muleshoe; her daughter-in-law, Mrs. Lawrence Nicholson, and Mrs. and Mrs. Lather Petty of McLean.

Afternoon callers were Mesdames Joe Taylor, Louie James, Essie Glenn, Boyd Reeves, Archie Clason and Maggie Lee and son.

Mrs. Petty and Mrs. Brown took the children from the beginning Sunday School department of the First Baptist Church, who are 4- and 5-year-olds, to Mrs. Nicholson's home that morning to sing several numbers for her, among them being "Happy Birthday."

Mrs. Juanita Winegart has returned to her home here from Groom Memorial Hospital.

Three McLean girls, Misses Letha Ashby, Sybil Graham and Georgia Wilson, received their A. B. degrees from Texas Tech at Lubbock at the close of the summer term.

Miss Gorda Lou Haynes received her A. B. degree from Southwestern Teachers College at Weatherford, Okla.

The senior class of McLean high school organized Sept. 4. Miss Jewell Cousins was chosen for class sponsor. June Woods was unanimously elected president, Mozelle Glenn secretary and Charlie Marie Back reporter.

The president of the class appointed a committee consisting of Paul Dowell, Charlie Marie Back, Geraldine Bowen, Juanita Brooks and Eugene Greer, to choose class colors, flower and motto.

The junior class met Sept. 4 for the purpose of class organization. The following officers were elected: President, Lewis Tolliver; secretary, Marie Landers; reporter, Gwynne Carpenter; sponsor, Miss McCarty. It was decided to wait until a later date to elect room mothers. There are 62 juniors enrolled this year.

The sophomores met Wednesday afternoon with Mr. Cryer in the high school auditorium and elected the following officers: President, James Lee Rice; secretary, Eula Faye Foster; reporter, Marietta Young.

At two o'clock Tuesday afternoon, Sept. 4, the organization of the freshman class took place in the auditorium, with Mr. Cryer acting as chairman.

The following officers were elected: President, Jesse Dean Cobb; vice president, Virginia Wells; secretary, Leta Mae Phillips; treasurer, Agatha Persley.

Two yell leaders, Kid McCoy and Julia McCarty, were also voted on. There are 71 students enrolled in the freshman class. Miss Abbott is the sponsor.

40 Years Ago

A number of married ladies went out to Mrs. L. W. Wilson's new home Tuesday night for a slumber party.

The night was spent in telling ghost stories and other amusement appropriate to the occasion. At a late hour a weenie roast was enjoyed by all. Ice cream and cake were also served. The following ladies were present at this enjoyable affair:

Mesdames J. M. Noel, A. Stanfield, A. A. Callahan, Earle Shell, C. J. Cash, W. L. Haynes, W. L. Campbell, J. E. Kirby, E. T. McCleskey, J. R. Phillips, John B. Vannoy, C. S. Rice, Scott Johnston, T. N. Holloway, Carl Overton, W. T. Wilson, L. F. Coffey, D. M. Davis, Allen Wilson, S. W. Rice, N. E. Savage and John Sparks, and Miss Eunice Floyd.

The McLean school will open Monday morning with appropriate exercises. The superintendent and teachers are attending the institute this week and will be ready for work Monday.

The football squad left for preliminary training Monday and will return Saturday. The training grounds are near the Skillet school house in the Skillet community about 5 miles south of town.

The following boys are among those who are trying for this year's team:

LeRoy Landers, Marion Smith, Vernon Rice, Vernon Johnston, Lee Wilson, Theodore Carpenter, Fred Bentley, J. F. Watkins, Calvin Scifres, Merle Grigsby, Herman Connell, Brown Harbison, Marvin Davis, Tom Waters, Charles Jordan, Russell Grogan, Lee Jackson, Floyd Phillips, Duke Shaw, Harold Clement and Charlie Mars.

now! the beautiful shapes for '65

'65 Chevrolet Impala Sport Sedan

Chevrolet Impala '65

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

'65 Chevelle Malibu Super Sport Coupe

Chevelle Malibu '65

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

'65 Chevy II Nova 4-Door Sedan

Chevy II Nova '65

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

Corvair Corsa '65

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

McLEAN, TEXAS

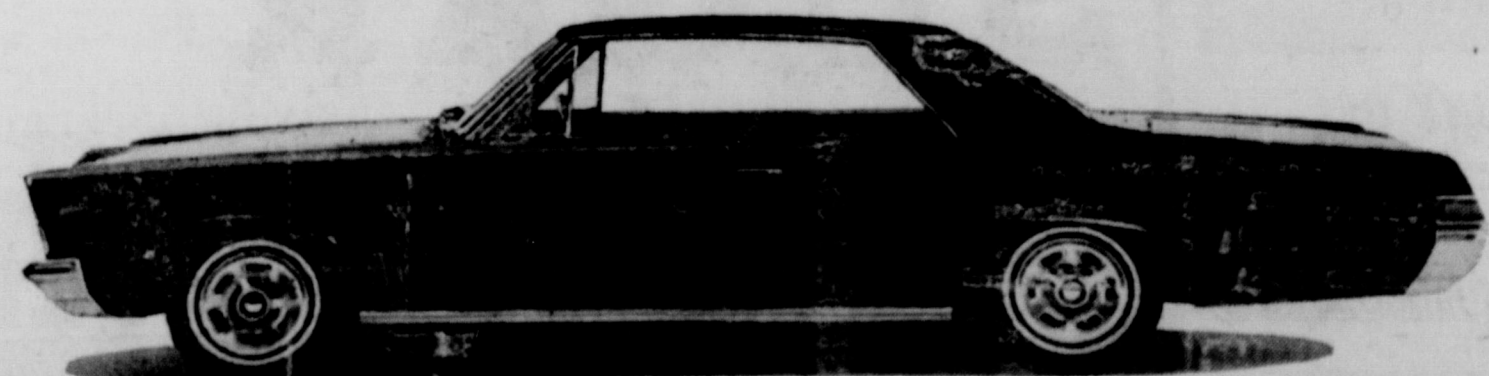

Today is '65 Pontiac Day. 1965: The year of the Quick Wide-Tracks

What do we mean by "quick"? Just this: A new-all-over Pontiac offering a new Turbo Hydra-Matic — the silkiest, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power; new steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never knew cars could be so beautiful, and so keenly alert to your touch. This is your year to drive a Wide-Track—quick!

'65 Pontiac Pontiac How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

'65 Pontiac Tempest Tempest's even more of a Pontiac now, and what more could a car be than that! The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

NEWS from YOUR COUNTY AGRICULTURAL AGENT

By FOSTER WHALEY TRI-STATE FAIR

For some 8-10 years Ralph Thomas, former county agent, and I have made collections of blue panic grass on the Milton Carpenter place and entered it in the pasture grass division. Care must be taken in collecting it in the boot to early bloom period. The bundle is made up about four inches in diameter and is cured under a fan inside a building that has the shades drawn.

Again this year this bundle won the blue ribbon. We have lost count but it is believed it has won at least 10 consecutive years at the Tri-State Fair. We hope to do some research and determine just how many years this has been a winner. We feel sure a record has been established on any one particular item. Competition is keen at Amarillo.

COTTON HARVEST

It is too wet to plow and too wet to pick cotton. B. F. Holland, gin manager, says the rain has been of tremendous value to our cotton crop. Seems like we wind up with a good crop in spite of all the hazards we endure each year.

MILO HARVEST

G. M. Walls, who farms in the Laketon vicinity, recently harvested 7,075 pounds per acre of some irrigated milo. The variety was NK 310. Walls planted soon after May 1st. He put on 100 pounds of nitrogen. He pre-irrigated and then watered four times after the milo came up. More and more interest is being created in irrigation.

IRRIGATION

Several new irrigation wells have gone in this year in the McLean-Alanreed vicinity. Drew Word has the largest well known in the Panhandle of Texas. This well was metered by Felix Rails, manager of High Plains Underground Water Conservation District. It checked out at 2,000 gallons per

minute. In a recent issue of the official publication of the High Plains Water District a feature article and a picture of Drew and his well appeared. We congratulate Drew on this fine well.

Another irrigation set up that is drawing considerable attention is a sprinkler irrigation system on the Leonard Glass Ranch.

Ranchers are finding these wells to be the best drought insurance one can have.

Harvey Taylor is another who is using temporary pasture and irrigation for drought insurance. I believe a tour of some of these installations would be in order.

BEEF CATTLE SHORT COURSE

In early November we will have four of our top beef cattle specialists in the country for a short course. We hope to have two nights of this short course in McLean.

Note to Mayor John Haynes: we would like to use your meeting room in the city hall two of these nights. More on this later.

Mr. and Mrs. Joe Green spent last weekend at their farm home near Childress.

**ORDER AND NOTICE OF ELECTION
 TO CONSOLIDATE DISTRICTS**

THE STATE OF TEXAS
 COUNTY OF GRAY

WHEREAS, on the 14th day of
 September, A. D. 1964, petitions
 were presented to me for an elec-
 tion to be held in each of the fol-
 lowing named School Districts lo-
 cated in Gray County, Texas, to-
 wit:

1. Alamo Independent School District No. 901 of said County,
2. McLean Independent School District No. 903, of said County, on the question of determining whether or not a majority of the legally qualified voters of said districts desire to be consolidated with each other for school purposes;

It appearing that each of said contiguous districts have been properly established and created and are legally and validly existing school districts.

It appearing that at least 20 legally qualified voters signed each of the petitions received requesting said consolidation and that each of said petitions are otherwise in conformity with the law;

THEREFORE, I, in my capacity as County Judge of Gray County, Texas, do hereby order that an election be held on the 10th day of October, 1964, in Alamo Independent School District and McLean Independent School District to determine whether or not a majority of the legally qualified voters of said Districts desire that they shall be consolidated for school purposes.

I further order that said election shall be held at the following places in said School Districts and the following named persons are hereby appointed election officials for said election:

1. In Alamo I. S. D. at Alamo School Building in Alamo, Texas, within said district, with Marvin Hall as Presiding Judge and Guy M. Crawford as Alternate Presiding Judge, and said Presiding Judge shall appoint the necessary clerks to assist him which shall not exceed 2 clerks. Absentee voting in said election in said School District shall be held at the same place as herein designated as the polling place on Election Day, and H. H. Worsham is hereby appointed Clerk for absentee voting and Mrs. Charles Cousins and Stella Lee are appointed Deputy Clerks for absentee voting.

The above designated places for absentee voting in each of said School Districts shall remain open for at least eight hours on each day for absentee voting which is not day for absentee voting which is not a Saturday, a Sunday, or an official State holiday, beginning on the 20th day and continuing through the 4th day preceding the date of said election. Said place of voting shall remain open between the hours of 8:00 a.m. and 5:00 p.m. on each day for said absentee voting.

None but legally qualified voters residing in said above named Districts shall vote at said election. The ballots of said election shall have written or printed thereon: "FOR CONSOLIDATION" "AGAINST CONSOLIDATION"

Each voter shall vote on the proposition hereby submitted by marking out one of said proposi-
 tions, thus leaving the other as

indicating his vote.

Notice of said election shall be given by posting a copy of this Order and Notice of Election to Consolidate Districts within the boundaries of each of said School Districts, which posting shall be done not less than twenty days prior to the date fixed for said election.

Immediately after said election has been held, the presiding Judge holding the same in each of said respective voting places shall make returns of the results thereof to the Commissioners' Court of this County and return the ballot box and other election supplies to the County Clerk for safekeeping.

DATED this 14th day of September, 1964.

 County Judge,
 38-2c Gray County, Texas

**Sgt. Othal Disney
 Participates in ANG
 'Operation Ready Go'**

WASHINGTON, D. C.—(Special)—Sgt. Othal E. Disney, son of Mr. and Mrs. Benjamin L. Disney of Alexandria, Neb., has just returned from "Operation Ready Go," the first nonstop deployment of an Air National Guard (ANG) composite air strike force to Europe for summer field training.

Sgt. Disney, a flight engineer, was one of 700 men from units in 23 states and the District of Columbia deployed to Germany in a test of ANG readiness to move overseas in an emergency.

F-100 Super Sabres and RF-4B Thunderbolts flying in the over-water movement were refueled three times inflight during the 4,600-mile trip.

Using KC-97 aerial tankers and C-131 transport aircraft, the ANG is provided its own aerial refueling and airlift of support personnel and equipment for the flying training mission.

Sgt. Disney is assigned to the 187th Air Transport Squadron at Cheyenne, Wyo. A graduate of Odell, Neb., High School he is married to the former Rena L. Haws of Lela.

ANG aerial refueling enabled the jets to reach Europe in approximately nine hours. During the Berlin crisis in 1961, newly mobilized AN jet fighter units took seven days to island hop across the Atlantic.

OIL

(Continued from Page 1)
 create a "crop" worth about \$5.7
 million annually.

These and other farmers and
 ranchers who have leased acreage
 for exploration receive additional
 rental and bonus payments, but
 sufficient current data is not avail-
 able for measuring the amount.

Oil and gas operators invested
 an estimated \$5.6 million in Gray
 County last year in the search for
 new fields and in the development
 of zones where production has been
 found. The Oil and Gas Journal
 reports that 134 wells were drilled
 in the county in 1963, resulting in
 115 oil wells, six gas wells and
 13 dry holes.

Drilling operations included one
 wildcat well in which operators
 hunted oil in new territory or at
 new depths. About \$18,000 of the
 drilling expenditures was lost to
 dry holes, the association estimat-
 ed.

Petroleum industry payrolls con-
 tribute about \$14.8 million a year
 to the county, according to Texas
 Employment Commission records.
 They show about 2,300 persons di-
 rectly employed in oil and gas
 operations.

The state government's financial
 interest in Gray County operations
 is measured by the \$2.4 million a
 year which the operators and roy-
 alty owners provide the state gov-
 ernment in production taxes. These
 payments are in addition to those
 paid to local units of government
 and schools as property taxes.

Oil and gas property taxes are
 reflected in local support of many
 Texas school districts. For ex-
 ample, 91.3 per cent of the local
 taxes for the Alamo School Dis-
 trict comes from oil and gas op-
 erations; 79.8 at Hopkins; 95.5 per
 cent at Lefors; 66.8 at McLean,
 and 45.5 per cent at Pampa.

Among the county's industrial
 operations is the processing of oil
 and gas. Six natural gasoline
 plants are operated to recover
 butane, propane, natural gasoline
 and other liquids from natural gas.
 They have a capacity of 89 mil-
 lion cubic feet a day.

That on the 10th day of February,
 1954, Plaintiff was and still is the
 owner in fee simple of the follow-
 ing described premises situated in
 the County of Gray, Texas, and
 described as follows:

Being all of Lot No. 12 in Block
 No. 2 of the Wilcox Addition to
 the City of Pampa, Gray County,
 Texas.

That the plaintiff and those upon
 whom they claim have had open,
 notorious, peaceable and adverse
 possession of the premises and
 have used and enjoyed the same
 to the exclusion of the whole world
 for a period of more than ten years
 before the filing of this suit and
 whereas he claims the title by
 limitation as much as by con-
 veyance. Your plaintiff also shows
 to the court that he bought the
 property paying good and valuable
 consideration therefor and received
 a deed by his predecessor in title.
 Plaintiff shows that an abstract
 of title will be filed with the
 papers in this cause and that such
 abstract of title will be used to
 prove the chain of title and in
 addition to such witness as may
 be produced before the court to
 testify orally.

On such day, also he was in
 possession of such premises, and
 afterwards on the 10th day of
 February, 1954, the defendants un-
 lawfully entered upon and dis-
 possessed him of such premises and
 withheld from him the possession
 thereof.

Defendants have occupied and
 used such premises under such
 unlawful possession for a period
 since Feb. 10, 1954, and the rental
 value thereof during such occupa-
 cy is \$100.00, in which amount
 by virtue of such wrongs the de-
 fendant is justly indebted to plain-
 tiff; but though repeated demands
 for the payment thereof has been
 made of defendant by plaintiff,
 defendant has failed and refused,
 and still fails and refuses to pay
 the same to plaintiff's damage in
 the sum of \$100.00.

Wherefore plaintiff prays that
 the defendant be cited to answer
 this petition, and that plaintiff
 have judgment for the title and
 possession of the above described
 premises, for his damages, for
 costs of suit and for such other
 and further relief as he may be
 entitled to either at law or in

 the President.

—JBU—
 "Freedom News," a monthly
 newsletter published in Greenville,
 contains even more about the man
 and his "Famous Contradictions."
 Johnson is quoted at length on
 statements he made concerning
 civil rights—at a time when he
 was opposed to such legislation
 in Congress.

In 1957, he wrote in part: "The
 bill that has been introduced is
 one to which I am very much
 opposed, as I do not believe it
 would advance any legitimate
 cause . . ."

Earlier the same year, he had
 written: "I assure you that I
 feel the way I have always felt.
 That is that I am firmly opposed
 to forced integration and I firmly
 believe that the doctrine of states
 rights should be maintained."

In an Austin speech on May 22,
 1948, he declared:
 "The civil rights program about
 which you have heard so much is
 a farce and a sham—an effort to
 set up a police state in the guise
 of liberty. I am opposed to that
 program. I fought it in Congress.
 It is the province of the state to
 run its own elections."

On Nov. 27, 1963, in an address
 before a joint session of Congress,
 these were his words:
 "No memorial oration or eulogy
 could more eloquently honor Pres-
 ident Kennedy than the earliest
 possible passage of the civil rights
 bill for which he fought so long.
 We have talked long enough in
 this country about equal rights
 . . . It is time now to write it
 in the books of law."

Space doesn't permit publishing
 here the numerous other examples
 of LBJ's changes of attitude on
 vital issues in America today.
 Perhaps more can be printed at
 a later time, for there are many
 such examples listed in the "Free-
 dom News."

His ideas on civil rights federal
 aid to education, school desegre-
 gation, medicine, right-to-work
 abolition of the poll tax, etc., have
 all undergone drastic changes in
 the past few years.

FISH

(Continued from Page 1)
 stocked in Lake Striker as one-
 half-inch fry in May reached a
 size of over 10 inches and a weight
 of over one pound in five months,"
 he continued.

"For several years anyone that
 fished could catch fish, but like
 all other reservoirs, after several
 years fish became harder and
 harder to catch. Now, seven years
 later, only the anglers that know
 the lake well are able to make
 consistent catches of fish."

Netting studies made on newly
 impounded reservoirs to determine
 the relative abundance of the dif-
 ferent fish species present always
 show that game fish are present
 in the greatest abundance.

However, after a lake attains an
 age of about seven years or older,

MISS GERLDEENE HOOVER IS MARRIED TO JERRY R. KUNKEL

Miss Gerldeene Hoover of Lubbock and Jerry Ray Kunkel, son of Mr. and Mrs. Oba Kunkel of McLean, exchanged wedding vows at 3 p.m. Sunday, Sept. 13, in the home of the bride's cousin, Mrs. J. C. Myres Jr., in Lubbock.

Parents of the bride are Mr. and Mrs. O. T. Hoover of Lubbock. The double-ring vows were read by Rev. James B. Rutledge, pastor of the Flint Avenue Baptist Church in Lubbock.

Given in marriage by her father, the bride wore a street-length princess styled dress of

white brocade designed with a high rounded neckline, short sleeves and a flared skirt. Her elbow-length veil was of silk illusion and was attached to a tiara of iridescent sequins and seed and teardrop pearls.

She carried a gardenia bouquet atop a white Bible.

Attending the bridal couple were Miss Cheryl Summers, maid of honor, and J. C. Myres Jr., best man.

Miss Summers wore a yellow taffeta street-length dress with accents of velvet ribbon. The dress featured a bell skirt and scoop neckline. Her headpiece was of matching yellow velvet. She carried a long-stemmed white carnation.

Following a honeymoon trip to Tres Ritos, N. M., the newlyweds will reside in Grand Forks, N. D., where Kunkel is stationed with the Air Force.

CARD OF THANKS

It is with deepest appreciation to everyone for prayers, visits, flowers, cards and letters I received while in the hospital and since I am at home. I give the Lord all praise for my recovery. But we know the Lord does all His work through human hands, in this case your hands. May God's richest blessings rest upon each of you all the days of your lives.
