## Jubilee Reaches a Milestone

The Derby Town Jubilee, started in McLean six months ago, continues to draw top talent—and talent—from throughout the Panhandle.

Among the most popular entertainers are a couple of attractive dancers from Groom, who sing like seasoned professionals and who are applauded as though they are.

Alice Ruth and Shirley Anne West have appeared on the past several Jubilees and they have a standing invitation to return for every show.

They are the daughters of Mr. and Mrs. Jack West of Groom, and their grandparents are Mr. and Mrs. Elton Johnston and Mr. and Mrs. C. H. West, all of McLean. Alice Ruth is 18 and will be a senior at Groom High School next fall.

She is a candidate for Miss Grain Sorghum of the nation and is sweetheart of the Groom Lions Club.

She is active in the Groom pep squad, past president of the Methodist Youth Fellowship, officer in Future Homemakers of America and a member of the basketball team.

Due to be a junior at Groom High in the fall, Shirley Anne is 16 and a cheerleader. She has been secretary of the MYF for three years and also plays basketball.

They along with numerous other performers appeared on last Saturday night's Jubilee in the local high school auditorium. The next show is scheduled for 8 p.m. Saturday at Groom High School next fall. (See JUBILEE, Page 5)

## INTERCHANGE RECOMMENDED AT RM 2695

### Highway Engineer Endorses Request Of City Commission

The district highway engineer from Amarillo has recommended construction of a third interchange here where the Interstate 40 bypass of McLean becomes a reality.

A letter from Charles Smith, the engineer, was read at a meeting of the city commission Tuesday night.

Members of the city commission had earlier adopted a resolution stating the need for the interchange at the point where the new Interstate 40 will cross over RM 2695, the McLean Hedley Road.

Smith sent a copy of a letter had written to the State Highway Commission recommending that the wishes of the city commission be followed.

Two other interchanges will be necessary—one to the east and the other to the west of McLean, where the highway city route joins Interstate 40.

Several Years Ahead

While it probably will be several years before the bypass is constructed, the Highway Commission is now in the process of making plans for the project.

It was pointed out in the resolution submitted to the Highway Commission by the city governing board that RM 2695 will handle a large amount of traffic when completed across the Salt Fork of Red River to Hedley.

There is a possibility, too, that the new road will be designated an extension of SH 273 after its completion.

In other action at Tuesday night's regular monthly meeting of the city commission, it was decided to issue a warrant for \$20,000 to the American National Bank in McLean to pay for local water system improvements.

City funds were available to pay for all of the project except the new half-million-gallon water storage tank.

\$19,500 Tank

The tank, costing some \$19,500, has been completed and is now filled with water, solving the storage problem.

A new well also was drilled and pumps installed.

The bank agreed to loan the money to the city at four per cent interest.

The commission also set Aug. 4, from 2 to 5 p.m., as the date for the city equalization board public meeting.

At the meeting, held in the city hall, property owners dissatisfied with the valuation placed on their holdings will be given an opportunity. (See ROAD, Page 5)

Street Has Attack In Oklahoma City

W. L. Street, former area resident, suffered a heart attack last week at his home in Oklahoma City.

He is the brother of Mrs. Raymond Smith of McLean, and was at last report showing some improvement.

Mr. and Mrs. Smith and Mrs. Beatrice Street went to Oklahoma City Friday to visit Mr. Street. They returned Saturday.

## Rock Island Wants To Close Depot Here

HISTORY IN THE AIR: Commercial air service across the Atlantic, inaugurated by Pan American Airways 25 years ago, observed its silver anniversary on June 28. The first paying passengers to fly the Atlantic took off from Manhasset Bay, N. Y., on a Boeing Flying Boat (top) on June 28, 1939. It took 42 hours and 10 minutes to reach Marseille, France. For the Jet Clippers of today, the Atlantic is only six hours wide.

## HEARING SET ON AUG. 18 AT CITY HALL

The Chicago, Rock Island and Pacific Railroad Co. has made application for permission to close its depot in McLean.

Official notification of the railroad's action was received by local and area shippers from the Texas Railroad Commission.

The commission set Aug. 18 as the date for a hearing to be held in McLean to consider the application. Persons opposed to and in favor of the closing of the station are invited to attend the hearing.

Members of the McLean city commission expressed opposition to the action in their meeting Tuesday night, and urged residents to attend the hearing and voice their opposition.

The Railroad Commission announced that the hearing will begin at 9:30 a.m. in city hall.

Evidence and Statements

At the Aug. 18 meeting, the commission will hear all evidence and statements that may be presented in favor of and in opposition to the granting of the railroad's application.

The letter of notification was signed by Ben Ramsey, chairman, and Jim C. Langdon, member, of the Railroad Commission.

If the application to close the depot is approved, a "pre-pay station for the handling of carload shipments only" will be established here, according to the commission.

Representatives of the railroad were in McLean last week contacting ranchers and business firms who use the Rock Island for shipping and receiving.

They reported that if the railroad receives authority to close the local station, business now carried on with the Rock Island here will have to be transacted in Shamrock.

FFA Delegation At State Convention

19 Children Enroll For Story Hours

Nineteen pre-school children have registered for the story hour being held each Thursday morning at Lovett Memorial Library.

Children may still register and attend the remaining sessions, held each Thursday at 10 a.m., according to Mrs. Lavern Carter, librarian.

A total of 51 children of school age have registered and are reading books to earn a reading certificate from the Texas State Library.

To receive the certificate, school-age children are required to read 12 books.

## Just Between Us

Our senior senator from Texas acted more like a junior something or other last week.

In what should be the dignified atmosphere of our nation's capital, there lay our smiling \$30,000 a year lawmaker with his shoulders pinned to the floor of the House building.

It must have been quite shocking . . . and, needless to say disgusting . . . to the scores of ranchers being shown through the building to come up to two aging senators wrestling.

One of these 61-year-olds, of course, was Sen. Ralph Yarborough of Texas.

-jbu-

We searched his always picture-filled "Washington Report" received this week, thinking perhaps he would want his constituents to see how he earns that fabulous salary he helped vote recently for the nation's lawmakers.

But there was no such picture, and no mention of the incident.

There were plenty of other pictures, though, showing the senator in various poses with different individuals and groups.

And the Washington Report was loaded with information on the various bills Sen. Yarborough is sponsoring in the Senate—many with expensive price tags.

While we don't understand the problem completely, we nevertheless are inclined to give the senator some good marks for one bill he is co-sponsoring.

This would restrict beef imports. The measure calls for rigid import quotas on fresh, chilled and frozen beef, veal, lamb, mutton and canned, cooked and cured products.

Purpose of the bill, as explained by Yarborough, is to "protect the domestic cattle industry . . . from the damage being done by excessively high import quotas."

Residents of the South Wheeler County Hospital District who are opposed to constructing a new hospital in Shamrock performed an especially nice act recently.

## BACK'S LE BAR WINNER AGAIN

### Quarter Horse Has Three Victories Now

Two Quarter Horses which McLean residents own or have an interest in won races during the past week at La Mesa Park in Raton, N. M.

Back's Le Bar, owned by Neville and Ruby Back, racked up his third victory in four outings in a Sunday afternoon race.

In his other race, Back's Le Bar won second. He got revenge for this, however, for the horse which had earlier defeated him was in the same race Sunday.

His next run will come on July 24 in the trials for the Raton Futurity.

Fiery Bar First

Fiery Bar was a winner at the same track last Friday. Vernon Turner of McLean last spring purchased stock in Fiery Bar.

Mr. and Mrs. Back announced Wednesday that they have sold one of their promising show Quarter Horses, Poco Pine Cody.

A Quarter Horse breeder from Sarasota, Fla., came here early this week to buy the 3-year-old.

"With 325 youngsters to furnish bedding for, each gift such as this is truly appreciated and certainly helps."

Farley said he also wanted to thank the club in advance for finishing a quilt another friend of the ranch had sent before it was finished.

COUNTY AGRICULTURAL MEETING  
WEDNESDAY 8:30 P.M. - 10:00 P.M.

By FOSTER WHALEY

## JUNIOR HEREFORD FIELD DAY

On Aug. 15, Jake Hess and his PT Herefords will host the fourth annual Junior Hereford Field Day for this area.

Although guests will be present from all over Texas and probably some from other states, competition in the livestock judging by FFA and 4-H teams for the lucrative prizes will be confined to 38 Panhandle and Rolling Plains counties.

For the first place individual, a registered heifer will be given. Second high individual will get a saddle. A pair of boots will go to the third high individual. Nice trophies will go to high teams.

The afternoon session will cover such things as tattooing, horn branding, registration and transfer of papers, fitting, feeding, grooming, hoof trimmings, Quarter-horse selection and a host of other timely items.

All these items will be featured in the form of separate stations for small groups. A total of eight stations, featuring a different subject at each, will be available.

The entire theme will be based on giving 4-H and FFA members basic instruction on the handling, selection, care and feeding of show animals.

It was four years ago that we talked to Faris about the need of such training. Faris and George Saunders held the first one of these events in the Panhandle area.

Since then they have held two others in the Panhandle. A host of them have been held over the state.

Flip Breedlove will be in charge of the barbecue. No doubt, yours truly will help Flip out on the barbecue, along with the other details.

## BANGS TESTING

I have not heard of the outcome of the hearing that was held at the Texas Animal Health Commission office in Austin last Monday, July 13.

Actually, it was nothing more than a routine matter. I seriously doubt that anyone from this area appeared to testify either for or against the matter.

It is mainly a legal matter necessary before testing can start.

## PERSONALS

Mr. and Mrs. R. E. Campbell Jr. and son, Richard, of Matador visited in the home of their daughter and sister, Mrs. Jim Allison, this past weekend.

Weekend guests in the Clifford Allison home were Mrs. Mike Murff and daughters of Amarillo and Faye and Glenn Allison of Midland.

Mrs. Boyd B. Smith, Mr. and Mrs. Frank Simpson, Gay and Curtis, Mr. and Mrs. James Smith, Vickie and Ronnie of Amarillo and Mrs. B. F. Williams attended the Williams reunion at Possum Kingdom over the weekend.

Lt. and Mrs. Rodney D. Gunn, Ray, Bobby and Richard, are visiting here this week in the home of his mother, Mrs. Odessa Gunn, and with Mr. and Mrs. Hershel McCarty. The Gunns have returned recently from the Philippine Islands and will be living in Victorville, Calif.

We have nothing official, but I anticipate that some testing can and will be done before summer is gone. Actually, a 90-day waiting period is required; however, voluntary testing can begin sooner.

A new veterinarian has been named for this area. He is Dr. Vergil Patrick, stationed at Amarillo. He succeeds Dr. T. H. Leenerts, who was transferred to Oregon.

## CROP CONDITIONS

Both irrigated and dryland crops all over the country look about as bad as I have seen them since the early and mid 1950's.

Hot, dry winds have cut deeply into our reserve moisture supply made available through the siege of early June rains.

Although the grass is very nutritious, little if any new growth is being added.

Weather from now to Nov. 1 will call the tune on cattle prices. Look for a gradual easing down of prices each week from now until we can get general rains over a wide area.

## CONSERVATION WORKSHOP

Sorry to miss writing this column last week. The first two days were spent in a district meeting in Amarillo. The last three were spent in a joint Soil Conservation Service-Extension Service workshop at Texas A and M.

We had a very fruitful meeting, even though the weather was just as dry and hot down there.

I visited with county agents from all over the state. They were all talking about how dry it was. Most of them reported no rain in the last three weeks.

Bryan Swaim, Dumas-Moore County agent, had just returned from Wyoming. He said the entire area between the Panhandle and there was as dry as a powder keg.

hospital district board, had taken  
 his time and spent much of his  
 own money in an unsuccessful  
 campaign to defeat the big bond  
 issue voted in an election a few  
 weeks back.

Orphus argued that some mis-  
 information had been presented  
 concerning the hospital, and such  
 an expensive structure was not  
 needed.

He quoted facts and figures to  
 prove his point, but the "yes" vote  
 was so overwhelming in Shamrock  
 that the bond issue was approved.

Residents who supported Tate  
 purchased space in The Shamrock  
 Texan earlier this month to publish  
 "An Open Letter."

"Dear Mr. Tate," they wrote,  
 "Your impeccable honesty and  
 your outspoken loyalty to the tax-  
 payers will long be remembered  
 by those of us who value honor  
 and integrity. We salute you. May  
 your tribe increase."

**McLean's Derby Town Jubilee** has  
 reached a milestone — it's six  
 months old!

If you haven't been to at least  
 one of the shows, let us recom-  
 mend that you take in the next  
 one on July 25. We know everyone  
 will enjoy the Jubilees, once they  
 get a sampling of the fine enter-  
 tainment available.

The crowds have fallen off some-  
 what this summer, but those per-  
 sons attending are most enthusias-  
 tic.

The Junior Chamber of Com-  
 merce last Saturday night complet-  
 ed raising the \$650 needed to furnish  
 a room for the new McLean Hos-  
 pital.

So we suggested to Donald Cun-  
 ington, originator and manager  
 of the Jubilee, that perhaps more  
 enthusiasm could be generated if  
 one show could be presented soon  
 in the City Park.

He indicated he would take the  
 matter up with President Bob  
 Stubblefield and other Jaycees to  
 see if arrangements could be work-  
 ed out.

At one time Bob had wanted to  
 hold a show in downtown McLean,  
 but seating would be a problem.  
 In the park the audience could  
 bring blankets, pillows, chairs or  
 just sit on the grass.
