Baseball Size in Area

Moisture Comes--- But So Does Hail

Hail and rolling black clouds gave McLean its biggest scare of the spring storm season last Friday, but the area escaped heavy damage.

Wheat and fruit trees suffered the most from the hail, some of which was larger than baseballs.

In the city, most of the hailstones were little bigger than mothballs, but to the northeast the larger chunks of ice stripped many trees of their leaves—and even some limbs—and pounded plants into the ground.

Jim W. Dougherty, who lives nine miles northeast of town, gathered several of the hailstones and placed them in his deepfreeze.

Dougherty said that, luckily, there was no wind with the hailstorm.

Just Between Us

Odell Mantooth had a pleasant surprise last Friday.

When a tourist stopped at Odell's Chevron Service Station, the proprietor thought he recognized the customer.

And he did. . . . It was Dune Clark, the tough and talented movie and television actor.

Clark seemed pleased at being recognized, and stayed around the station awhile to visit with Odell, who told us afterwards that the actor "looks just like he does on TV and in movies."

Needless to say, we have a few choice words for Odell because he didn't call us!

-JBU-

Our brother-in-law, Robert Short of Atlanta, Ga., sent us a newspaper clipping the other day that provides some information that neither Texas nor Georgia has reason to boast about.

Headlined "The Eyesores of Texas Outnumbered," the article compares the two states in a way. "For years, Georgia has been second only to Texas in total number of counties," the article says. "Now it develops that Georgia is second to Texas in the number of junkyards."

"The count comes from the U. S. Department of Commerce. It shows Texas leading the nation with 1,602 junkyards and Georgia in second place with 1,055, all but a handful can be seen from primary highways."

Well, look at who's talking about preserving our United States Constitution.

Sen. Ralph Yarborough, the Texas Democrat whose voting record in the Senate smacks of socialism all the way, has found a "serious and growing threat to the constitutionally guaranteed right of privacy of the individual through several questionable practices by government agencies."

He reports in his weekly newsletter that recent Senate hearings revealed the Post Office Department has had the mail of approximately 24,000 persons under surveillance over the past two years, by means of a "mail cover."

"This is a device used to keep systematic records of all mail received by a person or firm, as well as the recording of all information obtainable from the mail without opening it," the senator says.

He declares that "this practice is highly objectionable in a free country, as well as being legally questionable under the Fourth Amendment which protects the right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures."

Storm Signals

Storm warning signals for McLean:

Two blasts from the sirens mean stormy conditions exist in the McLean area and residents should keep a close watch on the clouds.

A repeat of the two blasts means a tornado has been sighted in the immediate vicinity of McLean and residents should take shelter.

There is no all-clear signal. Residents must determine for themselves when the danger period is past.

and the dougherty residence escaped heavy damage.

Largest He's Seen

A resident of the area since 1906, Dougherty said the hailstones were the largest he had ever seen. He also measured one-half inch of rain on his place.

At the north edge of McLean, tornadoic winds turned an outbuilding on its foundation at the Whitey West residence. The roof of the West house also appeared to have been lifted by the winds.

Insurance adjusters were checking downtown buildings this week to determine if roofs were damaged by the storm.

Moisture in the city totaled 52 inch. Another 22 fell on Monday and .09 was measured in an early morning thunderstorm Wednesday.

Still Falling

Still more rain fell Wednesday afternoon, and forecasters predict the same type of weather for today. Light showers were falling at noon today.

The moisture total for the year stood at 3.68 inches Wednesday afternoon, with 1.01 coming in May. By this same date a year ago McLean had recorded 4.15 inches. May was a wet month in 1964, when 1.86 inches were measured. High temperature for the week was 91 degrees last Thursday. The low was 45 on Sunday, Monday and Tuesday.

THE WEATHER

Officers of FBLA Chapter Installed

New officers of the McLean High School Future Business Leaders of America chapter were installed last week.

They will serve during the 1965-66 school term.

New president is Doug Richards, and other officers include: Gary Fry, vice president; Martina Giesler, secretary-treasurer; Barbara McCurley and Sue Beck, co-initiation chairmen.

All Bands to Play

Spring Concert Is Scheduled Tuesday

The McLean Tiger Bands will be presented in the annual spring concert at 7 p.m. next Tuesday in the high school auditorium.

Performing during the evening will be the Stage Band, fifth grade band, junior high band and senior high band, all directed by Herb Germer.

A highlight of the performance will be the presentation of awards at the close of the concert.

Selections on the program will include:

Stage Band — "I Love Paris," "Rock Bottom," "The Birth of the Blues" and "Sunday Morning."

Fifth grade band — "Red River Valley," "Beginners Cha Cha" and "Beginners Stomp."

Junior high band — "The Mascot," "March Slav" and "Little English Suite."

Senior high band — "New Colonial March," "Autumn Leaves," "Two Trumpet Tunes and Ayre," "Hello Dolly," "A Hymn Festival," "Riders in the Sky," "Overture for Winds," "Tango for Band," "Gallant Marines," "Air for Band," "Praeludium for Band" and "The Thunderer."

Germer invited the public to attend the concert.

BAND WINS 1 AT STINNETT

The McLean Junior High Band received a first division rating in concert and a II in sight-reading at the University Interscholastic League contest last Friday in Stinnett.

Several solo and ensemble band students were awarded I's for their performances when they returned to Stinnett on Saturday for this portion of the competition.

These top ratings went to:

Pat Simpson, alto saxophone solo; Marsha Hunt, Tommye White, Jerri Grogan and Ginger Fuller, clarinet quartet; Jerry Dwyer, Joel McCarty and Tim Banks, cornet trio; Mike Haynes, alto saxophone solo; Cheri Tarbet, bass clarinet solo; Fran Hopper, Mike Haynes, Debra McClellan and Rhonda Davis, alto saxophone quartet; Steve Cranford, Toni Willoughby and Jerry Everett, cornet trio.

Division II ratings went to most of the other students from McLean who entered the contests.

Herb Germer, band director, said he was pleased with the results of the contests. The results, he noted, show areas where improvement is needed.

Better Bake Show Saturday in Pampa

McLean 4-H Club girls are preparing to enter the Gray County 4-H Better Bake Show at the courthouse annex in Pampa Saturday.

Mrs. Jaunita Channell, assistant county home demonstration agent, said the contestants are to have their baked products, angel food cake and sweet milk biscuits, and 4-H records turned in at 9 a.m. Saturday.

Judging will start at 9:30. The contestants will be given an opportunity to judge the products at 1:30 p.m. Ribbons will be given at 2 p.m. on both products and judging.

The 4-H girl having the highest score will represent Gray County at the Tri-State Fair in Amarillo next September.

Mrs. Channell invited any of the 4-H girls having questions about the Better Bake Show to call her at GR 9-2548 in McLean after 6 p.m.

NEW MEXICO WOMAN DIES IN COLLISION

Pickup Rams Car West of Alanreed Monday Morning

Mrs. Mary Montoya of Las Cruces, N. M., met death early Monday morning in a collision 4.8 miles west of Alanreed on Highway 66.

Mrs. Montoya, 39, was a passenger in a pickup truck driven by her husband.

The pickup slammed into the rear of a 1963 Cadillac, driven by Rafael Alvarado of Gary, Ind., who had stopped on the highway after the left rear tire blew out.

Mrs. Montoya was thrown against the dash and the windshield. She was dead on arrival at the McLean Hospital.

Husband, Son Treated

Her husband and 12-year-old son were admitted to the hospital for treatment of injuries.

Alvarado was not hurt.

Highway Patrolman R. C. Parker of McLean said the accident occurred at about 5 a.m.

Parker also investigated two other traffic accidents west of the city this week.

At 5:45 p.m. Wednesday, a 1964 Chevrolet driven by Robert C. Shanklin of Glendale, Calif., went out of control after hitting a slick spot on the pavement 12½ miles west of McLean.

The vehicle, traveling east, went into a spin and crossed the median, striking a west-bound 1960 Chevrolet driven by Mrs. Delores Moriarty of Brea, Calif.

Mrs. Moriarty was accompanied by her husband and two children. They were treated at Groom Hospital and released.

Then at 12:30 a.m. today, a Ford pickup towing a Falcon car jackknifed .9 mile west of Alanreed, but no one was hurt.

The pickup was driven by Billy Jim Knight of Bakersfield, Calif., who told Parker that he braked the automobiles after driving into a fog.

Knight said he was afraid he was in a storm or tornado and hit the brakes too quickly. Both vehicles overturned in the median on the left side of the roadway.

Jan. 1 Deadline Set For First Graders

Children desiring to enroll in the Alanreed School first grade for the 1965-66 term must be 5 years old by Jan. 1, 1966—not by Jan. 31, as erroneously reported in last week's McLean News.

Alanreed Supt. George Smith said the board of education has set Jan. 1 as the deadline.

In addition to being 6 by this date, the youngsters must pass a learning readiness test given to all pre-schoolers planning to begin classes next fall.

"Pre-School Week" is now underway at Alanreed and will continue through Friday.

During this week the pre-schoolers are attending school along with the other students to familiarize themselves with the policies of the school.

'Clean-up Week' Ending

'Haul-Away Days' Friday, Saturday

"Haul-Away Days" Friday and Saturday will conclude the "Clean-up Week" in McLean, and Mayor Boyd Meador has asked all residents to join in this specially designated period of beautifying the city.

City employees will collect all trash placed in the alleys during the clean-up campaign, and haul it to the dumpgrounds without charge.

Other residents who own pickups and trucks are invited to help haul trash away.

Clean-up Week is held each year to encourage residents of the city to clean up, repair and paint their property to improve the appearance of McLean.

Mayor Meador issued a proclamation setting May 10-15 as the special week.

At Football Stadium

Free Jubilee Will Be Saturday Night

An estimated 100 performers will be on hand Saturday night for the big free Derby Town Jubilee scheduled for 7 p.m. at the Duncan Football Field.

Sponsored by the Junior Chamber of Commerce, the Jubilee will be presented without charge to the public.

The concession stand will be open and proceeds from this are to go to the prize fund for the Derby Town Fiddlers Contest during the McLean 66 Roundup Rodeo and Horse Show Celebration June 2-5.

In the event of inclement weather Saturday night, the Jubilee will be held in the Municipal Building (high school gymnasium).

The Jaycees and Master of Ceremonies George Terry expressed their appreciation to the board of education for permission to use the football stadium for the free Jubilee.

On Amarillo Show

Tonight, two regular performers on the Jubilee will appear on a special benefit show for the Texas State Association for Retarded Children in Amarillo.

Buck and Carl Lee Henley have been invited to play at the benefit at Holiday Inn West, starting at 7:30 p.m.

They were booked for the show by Blackie Dalton, who flew here Sunday morning from his home in Borger to make the arrangements. Dalton, well-known fast-draw artist, helped to plan the Amarillo show.

He will return here for the Jubilee Saturday night.

The list of performers includes:

The Harmonettes of Perryton; Hershel Moore and Jerry Armstrong, Sunray; Bill Smith and Kenneth Stone, Amarillo; James Coffman and the Sensations, Shamrock; Joe Don Biggers and the Panhandle Ramblers, Pampa;

(See JUBILEE, PAGE 5)

Green Presents Class

Robert L. Green, high school principal, will present the class for diplomas, which are to be awarded by Sammy Haynes, board of education president, and Jack Riley, superintendent of schools.

Ronnie Hunt will deliver the valedictory and Linda Tindall the salutatory.

Commencement exercises for the eighth graders are set for 8 p.m. in the high school auditorium.

Jay Channell, McLean Church of Christ minister, will be the speaker, and Haynes and Leslie Darsey, board of education member, will present the diplomas.

Grade School Principal Carl Dwyer will introduce the speaker. The valedictory will be by Dick Back and the salutatory by Mike Haynes.

Junior High Tennis Teams Enter Meet

The junior high netsters competed in the University Interscholastic League Tennis Meet Tuesday at Clarendon.

Principal Carl Dwyer accompanied the students to Clarendon, where they faced tennis teams from Skellytown, Memphis and Clarendon.

Patricia Suttle took first place in the girls singles, and Dick Back finished second in the boys singles.

In the doubles matches, Randy Richards and Joel McCarty won second and Marsha Hunt and Ginger Fuller fourth.

Seniors Leave On Annual Trip May 29

This year's McLean High School graduating class will leave by chartered bus at 12:01 a.m. Saturday, May 29, on the annual six-day senior trip.

The students and accompanying adults will go directly to Colorado Springs, Colo., check into a motel and operate out of that motel throughout the trip.

Mrs. Linda Raines, Lloyd Hunt and Principal Robert L. Green will be faculty sponsors.

Class parents accompanying the group will be Mr. and Mrs. Doug Groves.

Mrs. Raines said the class is to spend Sunday, May 30, at the Air Force Academy, located near Colorado Springs.

The Royal Gorge and other tourist attractions are on the itinerary, and the students will also tour the United States Mint and museums in Denver.

They will return to McLean on Thursday, June 3.

Finley Named Area Star Chapter Farmer

Eddy Finley, McLean High School sophomore who already shows a net worth of \$13428.17, has been selected as the star chapter farmer of Area I Future Farmers of America.

Finley, son of Mr. and Mrs. Jess Finley of Alanreed, was chosen for the honor in competition with star chapter farmers from five other districts.

He had earlier won the Top o' Texas District title.

Nelson Christie, local vocational agriculture teacher, said Finley now will compete for the state-wide (See FINLEY, Page 5)

NEWS OF CONSERVATION

Find the conservative farmer or rancher, and that is where hunters will find the most game. The conservation farmer's and rancher's property also will provide the most natural beauty and pleasure from the land.

Good cropping systems and residue management provide food and cover for wildlife besides protecting the land from wind and water erosion. The prevention of overgrazing native rangelands through proper range use maintains adequate food and vegetation to support wildlife.

Terraces, diversions, grassed waterways and range seeding aid in supporting the wildlife population by preventing erosion and helping maintain more cover.

The many farm ponds that dot the countryside throughout Texas provide water for livestock as well as all forms of wild game. The ponds also enhance the beauty of the land and furnish many a peaceful hour of fishing, boating, picnicking and swimming.

These many practices "didn't just happen" as many sportsmen may assume. They are a part of a regularly applied soil and water conservation program contained in plans of farmers and ranchers and developed through their local Soil Conservation districts.

Controversy exists by some hunters as to the effect a rancher's brush control has on quail and deer. An analysis will show that brush control carried out by the conservation farmer or rancher will increase the game population due to improving the native grass for food and cover. A carefully planned brush-control program through conservation plans allows for some areas of brush to be left strictly for wild game.

From the beginning of their movement, Soil Conservation districts and the Soil Conservation Service recognized how much conservation practices would aid our natural wildlife in addition to protecting and improving farms. When nature provides plenty of cover, wildlife is abundant. Man's use of the land for food and fiber reduces the natural cover for wildlife, but through sound soil and water conservation practices suitable wildlife habitat can be obtained.

Every year more and more people take to the fields to enjoy hunting and fishing. As our population increases, greater demands are being placed on agriculture lands to provide hunting, fishing and recreation sites.

Sportsmen throughout Texas and the nation can commend the farmers and ranchers who have applied sound conservation measures. Due to the farmers' and ranchers' efforts, these lands provide many hours of pleasure, sport and enjoyment from hunting, fishing or just admiring the beauties and wonders of nature.

A pond was completed for Luther Petty on his place east of McLean. Abe Lewis completed about 45 acres of land leveling on his farm just east of Pampa.

Dean Burger and Raymond McKinney have completed underground irrigation pipelines on their farms.

Irrigation is still on the increase in Gray County. Locations for irrigation wells were staked for A. C. Wikerson and for Robert Rapstine.

Robert and Artie Sailor have reseeded about 38 acres of grass on a farm they operate west of Pampa.

Red Easton has seeded 44 acres of native grass on the W. H. Taylor Ranch north of Alanreed.

Fertilize cut acres—Recent experiments carried out by the Bushland Experiment Station show that where top soil is removed in the process of land leveling it should be properly fertilized.

A four-inch cut removes practically all of the available phosphorus. Apply 150 to 200 pounds of phosphorus on the cut areas after the cutting is completed, or apply 80 pounds annually for three years.

Apply 150 to 200 pounds of nitrogen on the cut areas when followed by maize and 100 pounds when followed by wheat.

Mother's Day visitors in the home of Mr. and Mrs. Luther Petty were Francis L. Petty of Midland and Mr. and Mrs. Milton Billingsley of Amarillo. Gifts and cards were received from the other three children and 11 grandchildren. The Pettys celebrated their 51st wedding anniversary Monday, May 10.

Mr. and Mrs. Earl Alderson of Clarendon visited in Mrs. Irven Alderson's home Sunday.

ONE KILLED: A Las Cruces, N. M., woman, Mrs. Mary Montoya, was killed early Monday in this pickup truck-car collision west of Alanreed.

Mrs. Montoya was a passenger in the pickup, and was thrown into the windshield by the force of the impact. (McLean News Photo)

\$1,566 Raised In Donley County For Screwworm Program

Donley County livestock producers contributed \$1,566.65 for the screwworm eradication program during the recent fund-raising drive, according to County Agent Ronald Gooch.

This exceeded the county goal of \$1,296.

The Donley County animal health committee, made up of local ranchers, served as the collection group in the county.

The Southwest Animal Health Research Foundation, which is in charge of the screwworm eradication program, announced last week that the state goal of \$300,000 had been exceeded.

This will insure the continued operation of the screwworm eradication program at an effective level through July 1.

Methodist WSCS Meets at Church

The Methodist WSCS met May 11 in the church parlor.

Pioneer Study Club To Install Officers In Meeting May 20

The Pioneer Study Club met May 6 in the home of Mrs. June Woods. Members on arriving at 4 p.m. were served strawberry dessert and coffee. The hostess was assisted by Mrs. Jesse Coleman and Mrs. Clyde Magee.

Mrs. Harold Fabian, president, called the meeting to order and the usual business session was conducted.

Roll call was answered with a few notes concerning our Presidents' mothers.

Mrs. Magee gave the program for Mrs. Hathaway, the subject being Mothers of Our Presidents.

She told of the influence mothers had on the men who occupied the White House.

Those present were Mesdames David Thomas, Creed Lamb, Morris Brown, Harold Fabian, Will Bogan, Tony Smitherman, H. W. Finley, Jim Back, Dale Glass, Forrest Hupp, Magee, Coleman and Woods.

The next meeting will be the installation of officers, with Mrs. Leslie Webb as hostess, in the Evan Sitter home on May 20.

Mr. and Mrs. Rush Turner, Gary and Glenda from Otton visited Sunday with their mothers and grandmothers, Mrs. A. E. Turner and Mrs. Rosa Smith.

DOWN MEMORY LANE

10 Years Ago

C. P. Callahan and Boyd Meador were chosen Tuesday as aldermen, and C. G. Nicholson as city marshal, in the only two contested races in the annual city election for McLean. E. J. Lander was unopposed for mayor.

Clyde Brown and J. W. Meacham were re-elected to the board of the McLean Independent School District in the annual election held Saturday in McLean.

Mr. and Mrs. Walter (Tuffy) Sargent are the parents of a girl born April 5 in the Groom Hospital. She weighed 6 pounds, 2 ounces, and has been named DeAnne. Grandparents are Mr. and Mrs. Leslie Quarles of McLean and Mr. and Mrs. C. E. Sargent of Dumas.

An Easter program was given Tuesday at the regular meeting of the WSCS in the parlor of the McLean Methodist Church.

The program, led by Mrs. R. N. Ashby, was as follows: Song, "Lead Me to Calvary;" scripture, by group; prayer by Mrs. J. A. Sparks; "The Dogwood Tree," Mrs. Homer Wilson; "Daffodils," Mrs. J. E. Kirby; "What Is Easter?" Mrs. W. M. Rhodes; "Emergency," Mrs. Ellen Wilson; "The Measured Cadency of Life," Mrs. W. E. Bogan; "Meditations on Easter," Mrs. Ashby; "There Is No Death," Mrs. Cliff Day; "An Easter Message," Mrs. J. L. Hess; "The Living Christ," Mrs. Madge Page; son, "He Lives," Mrs. J. L. Andrews.

30 Years Ago

According to statistics furnished by Justice of the Peace Jas. F. Heasley, only three babies, one girl and two boys, were born in this precinct during the month of March.

Judge Heasley says that the small number of babies registered in this community is accounted for by being located in the corner of the county and many babies born in and near this community are registered in other counties.

Babies registered here were: to Mr. and Mrs. Luke Graham, March 15, a girl, Mary Elizabeth; to Mr. and Mrs. James D. Burrows, March 16, a boy, John Carlton; to Mr. and Mrs. H. H. Darnell, March 27, a boy, Warner Franklin.

McLean FFA boys again took

highest honors at Texas Tech on April 1. There were 93 teams represented from 41 schools. This makes the fourth sweepstakes championship won at Texas Tech in seven years of competition by McLean. They brought home the banner for winning the grand championship.

The McLean livestock team also won \$20 in cash for the highest team in judging. The farm shop team won the trophy in their class for the third time in six years. It now becomes their permanent property. The poultry team, after losing four of their best judges, due to illness, took second place with the aid of capable substitutes.

The FFA boys have never failed yet to bring honors back to the old school, and we want to congratulate them on their latest success.

This week is the annual spring clean-up week sponsored by the city council, and much work is being done in cleaning up back yards, streets, alleys and vacant lots.

The city will haul all trash free of charge that is placed where the trucks can get it this week.

40 Years Ago

Married, Wednesday, April 1, Mr. Carl Hefner and Miss Catherine Dwyer. Pastor J. L. Joyner of the Presbyterian church officiated.

The bride is the daughter of John Dwyer Sr. of the Peterson Creek community, and the groom is a prominent stockman of McLean. They will make their future home in our city.

The senior Sunday School class of the First Baptist Church put on the play, "Let's All Get Married," at Mobette Tuesday night of this week. A nice sum was realized from the sale of tickets, which will be used on the class piano fund. The following made the trip and assisted in putting on the program: Misses Leora Kinard, Eunice Stratton, Vivian and Floye Landers, Bobbie Hodges and Essie Payne; Mesdames Homer Abbott, Vigna Stuckey and S. J. Hodges; Messrs. Herman Lee, Cliff Crump, Arlie and Merle Grigsby, Homer Abbott, Fred and LeRoy Landers.

A double wedding was solemnized at Pampa last Saturday, when Mr. Raymond Howard and Miss Aurie Clodfelter, and Mr. Jack McClellan and Miss Mary Ellen Howard were united in the holy bonds of matrimony. Rev. Whitley of the Baptist church officiated.

Mr. and Mrs. Howard have been living at Alanreed, but are now residents of McLean. Mr. Howard having accepted a position with the American National Bank.

Mr. and Mrs. McClellan are McLean folks, the groom being a prominent farmer north of town, and the bride is prominent in school circles here.

Baptist GA's Hold Party in Shamrock

The Baptist Girls Auxiliary held its house party last Friday and Saturday at the Shamrock First Baptist Church.

Attending were GA's from McLean, Wheeler, Wellington First, Wellington Faith, Lela and Shamrock.

Highlight of the party was a talk by the guest speaker, Mrs. Edwin Lowe, a missionary from Nigeria.

The Lela GA's presented "A Challenge of Indian Missions." A play, "Accepting the Challenge," was presented by the Shamrock girls.

Others on the program were Denise Bailey of Shamrock, who gave "A Queenly Challenge;" a Wellington GA, "A Challenge of Queen's Court;" a McLean GA who presented a pantomime of "We've a Story to Tell."

The association presented Mrs. M. E. Wyatt, the GA director, a going away gift.

The girls expressed their thanks to all the mothers who helped with the house party.

CARD OF THANKS

I want to thank all my friends and loved ones for the flowers, visits, gifts and cards while I was in the hospital. May God bless each of you.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of the best kept secrets in the world apparently is how many people are being laid off due to automation in nation's huge industrial complexes.

The big corporations themselves presumably do not want to release this type of information as public dissemination of it would only trigger more demands by the labor leaders to increase "feather bedding" processes. The labor leaders have a pretty good idea, if from no other source than the drop off of dues payers. But of course, they are in no political position to release such figures.

The best estimates indicate that at the present time, some 40,000 workers are being replaced each week by machines.

On the reverse side of the coin is the information being developed by continuous surveys being conducted by the National Federation of Independent Business.

There are being developed the statistical studies showing that in 1964 some 30% of the nation's 4,500,000 independent business firms did expand, and in so doing, created between 3 and 4 million new jobs.

Thus, the slack created by automation has been so far taken up by the independent business firms.

© National Federation of Independent Business

The fact that unemployment continues at a high level can be accounted for that in addition to the workers laid off by automation, new workers are coming into the potential working force.

Federation surveys also indicate that a greater expansion of small business, and hence jobs, will take place when the Great Brains of the Great Society learn what actually creates jobs.

Washington bureaus abound with degree holders. There is nothing wrong with education, but scholastic theories should be leavened by some practical experience and knowledge.

And it is on this score that the government is failing completely to solve the unemployment problem.

A few simple laws and regulations which would unleash the potent force contained in the aspirations of the independent entrepreneur would take care of the problem.

This then becomes the real problem. Or expressed in another way, the problem is one of people who have practical economic experience making their viewpoint heard so loudly in government, that they offset the untried and unsound theories being expounded. The unemployment problem cannot be much longer handled by theory, for this government, nor any other government, can successfully cope with hordes of unemployed. It is questionable that anyone can fiddle with a Phi Beta Kappa key while Rome burns.

New P-TA Officers Are Installed Here

New officers of the McLean Par-
ent-Teacher Association were in-
stalled at a recent meeting of the
organization.

Mrs. Mary Tom Riley, retiring
president, was installing officer.

Assuming their duties for the
1965-66 school term were:

Mrs. J. D. Fish, president; Mrs.
Jones, vice president; Mrs. Morris
Brown, secretary-reporter; Mrs.
John Jones, treasurer; Mrs. Jack
Riley, parliamentarian.

Certificates of appreciation were
presented to the out-going officers
by Carl Dwyer, grade school prin-
cipal.

Mrs. Riley received a gift from
the out-going officers in apprecia-
tion for her service as president
during the past year.

Candles were lighted during the
installation ceremony to signify
the faithfulness and dedication of
the new officers.

Refreshments of cookies and
punch were served to P-TA mem-
bers by Mrs. Bob Ayres, Mrs. Paul
Johnson and Mrs. Morris Brown.

The serving table was covered
with a white linen cloth and cen-
tered with an arrangement of as-
sorted color iris.

Errors seemed to be the order
of the day in last week's McLean

least one of them here.

In discussing the amount of money
Texas state legislators receive, a
typographical error listed their
salaries at \$4,000 per month.

The figure should have been \$400.

star chapter farmer award, which
is to be presented at the Texas
FFA convention July 13-17 in
Houston.

This is not the first honor for
young Finley. In addition to being
named district star chapter farm-
er this year, he was the district's
star greenhand in the 1964-65 school
year.

A sophomore at MHS, the youth
is president of the local FFA
chapter and for the past two years
has been a member of the chapter's
conducting team.

His hog won first place in the
recent McLean Junior Livestock
Show.

As a freshman, Finley attended
the district, area, state and national
FFA conventions.

He owns 100 acres of land, rents
75 acres and leases 35 acres.

Finley purchased the land from
his father for \$10,000 when only 6
years old. He has paid \$9,500 of
the purchase price, with \$3,500
from labor, \$4,500 from cattle,
\$1,000 from hogs and \$500 from
horses.

Last Rites Held For Aileen Taylor

Funeral services for Miss Aileen
Taylor, niece of Mrs. C. O. Good-
man of McLean were held last
week in the Meisner Funeral Chapel
in Fort Worth.

Interment was in the Masonic
section of Rose Hill Cemetery be-
hind the grave of her father, W.
B. Taylor, who died in 1950.

Miss Taylor died on May 4 in
the Harris Hospital, Fort Worth.

She had been head teller at
the Union State Bank of Fort
Worth for the past 15 years, and
was a member of the Eastern Star
and Beta Sigma Phi Sorority.

Miss Taylor had lived in Mc-
Lean with her family several years
ago.

Mrs. C. O. Goodman and Mrs.
J. D. Fish of McLean and Mr. and
Mrs. Kenneth Goodman of Amarillo
attended the funeral.

Patsy Caudill Rites Held in Oklahoma

Last rites for Patsy Caudill, the
granddaughter of former residents
of McLean, were held Sunday af-
ternoon in Sentinel, Okla.

Miss Caudill, who was 15, died
Tuesday of last week of injuries
suffered when a tornado struck the
car in which she was riding.

She was a passenger in a car
with two other young people when
the twister reportedly lifted the
vehicle and slammed it into a
ditch. Miss Caudill died about
one hour later in the Sentinel
Hospital.

The victim was the granddaugh-
ter of Mrs. Ben Caudill, who
moved with her late husband from
McLean to Sentinel some six years
ago. She was also a niece of
Mr. and Mrs. Johnny Caudill of
McLean.

Her parents are Mr. and Mrs.
Billy Caudill of Sentinel.

Enjoying Mother's Day dinner in
the Morris Brown home Sunday
were Mr. and Mrs. Roy Sherrod
of Alameda, Mr. and Mrs. Joe E.
Sherrod of Lubbock, Mr. and
Mrs. Clifford Walser of Mobeetie,
Mr. and Mrs. Bob Sherrod, Joe
and Cindy, and Amos Thacker of Mc-
Lean.

Lingo Services Are Held in Amarillo

Funeral services for Byron V.
Lingo, 49, were held Saturday in
the Blackburn Shaw Memorial Chap-
el in Amarillo.

Rev. Troy Harp, pastor of the
Oak Dale Free Will Baptist Church,
officiated and burial was in Mem-
orial Park Cemetery.

Mr. Lingo was reared in the
Alameda community, and his
mother, Mrs. Jewel Warner, is a
resident of Alameda.

His father and only sister pre-
ceded him in death a few months
apart. The father died of a heart
condition and the sister was killed
in a car accident on the Lake Mc-
Clellan road several years ago.

In addition to his mother, Mr.
Lingo is survived by his wife,
Ruby; two sons, LaVee and Mario,
both of Amarillo; a daughter, Mrs.
Carl Dunaway, Amarillo, and two
grandchildren.

Improvement Group To Meet in Alameda

Gray County Agent Foster Whaley
and a group from the Fairview
community will attend a meeting
at 8 p.m. Friday of the Alameda
Texas Improvement Program chap-
ter, according to Mrs. H. H.
Worsham, chairman.

The session is scheduled in the
Alameda School cafeteria.

Mrs. Worsham said representa-
tives of Fairview will present
information concerning the project
to improve their community.

All residents of Alameda inter-
ested in a similar improvement
project are urged to attend the
meeting. Mrs. Worsham said each
should bring a salad dish.

Persons desiring additional in-
formation should contact Mrs.
Worsham.

BINDWEED

We have noticed an increasing number of bindweed in the McLean vicinity.

Ross Collie, Bill Rice, Bryan McPherson and others have inquired about the problem. There is no easy way to eliminate bindweed.

There is a reasonably sure way, but it is expensive. A soil sterilant works best. Benzabor put on at the rate of 10 bags (25 pounds per bag) per acre is almost a sure shot.

There is an ACP payment that will pay one-half the cost. The material costs \$12 per bag. This would mean an individual would be paying at the rate of \$60 per acre, and the ACP payment would cover a like amount.

The main thing to remember is that you are protecting that part of a field that is free of bindweed; therefore, if a plot is treated when it is first observed the cost is not too important.

If you wait until it covers an acre or more it can get to be rather expensive. Bindweed is fairly easily identified. It is of the morning glory family. It has an arrow shaped leaf and a most extensive perennial root system.

For the control of extensive infestation, one can use 2, 4-D. This creates quite a hazard to gardens and cotton.

Although not nearly as expensive as a soil sterilant, it will not give eradication but will do a good job of controlling them while producing a wheat or sorghum crop.

JOHNSON GRASS SPRAYING
I lost most of last Tuesday trying to help Bryan McPherson calibrate a spray rig. He was going to spray Johnson grass with a new

chemical called Decimate. The pump wouldn't work.

We forced water through it first, then put oil in it and it still wouldn't work. We would have tried a can of Coors on it if he had one. The best way to keep these nylon roller pumps in shape from one season to the next is to flush them with a light oil at the end of the season.

I didn't have any literature with me on the new Johnson grass killer. It is my understanding that a new chemical or two are out that will control Johnson grass by spraying.

RAIN

What we got was fine, but still not enough. The rain coupled with all the nice cool weather will help the wheat crop on top.

Most people are still holding off on planting cotton until later this month. Many of them believe it will take a frost anyhow to get cotton ready for harvest, regardless of when you plant it.

Held on Saturday 'Forty-Two' Party

"Forty-two" was enjoyed Saturday evening in the home of Mr. and Mrs. Edgar Lee by Messrs. and Mmes. Charles McCurley, Chalmus Moore, Kenneth Ham-bright, Jerrel Lee, Charlie Vineyard and the Lees.

An evening meal of ham and all the trimmings was served before the games started.

High was won by Mr. and Mrs. Jerrel Lee and low was won by Mr. and Mrs. Charles McCurley.
