Trappist Monks Labor Silently Enlarging Peosta Monastery

PEOSTA, Ia. — Work is going ahead on construction of a large addition to the Trappists' New Melleray monastery at Peosta. Outside workmen operate graders and bulldozers but the monks work silently with their picks and shovels where machines cannot reach. They also saw the lumber, dig sandstone from their own quarries, lay tracks to haul it to the building site, and build the stone into walls. Two monks experienced in plumbing will install the sanitary facilities.

71 Feeder Projects Started By County 4-H Club Members

Howard county 4-H club feeders have launched 71 projects for the current season, County Agent Durward Lester has announced. Already in the custody of the club members and placed on feed the animals were secured from breeders throughout the area. Some difficulty already has been experienced in obtaining adequate supplies of feed, Lester said, but despite the handicap the club members will attempt full season projects, which they hope will win a share of ribbons during the next showing season. Club members with calves now on feed, with breeders, follow: Perry Walker, one from Alex Walker, three from O. H. McAllister and one from Hal Cooper;

Building Permits, Warranty Deeds In Slight Slump

A few residential projects kept building permits at a good figure during the past week, with the total hitting \$27,240. Although considerably lighter than the past two weeks, the six-day period boosted the May total to \$128,240 and brought the year's aggregate up to \$656,231, as compared to \$284,265 a year ago.

With no large transaction recorded during the week, warranty deeds dropped to \$53,928, considerably below the 1946 weekly average. Total for the month now stands at \$505,016, and for the year, \$1,745,241.

The cattle market continued steady to strong during the week, with choice butcher yearlings reaching the \$17.25 per cwt. selling at the Wednesday sale of the Big Spring Livestock Auction company. Rains Tuesday night decreased the expected volume, with about 700 head offered.

FARM-RANCH DISPLAY, FREE MOVIES PLANNED

Equipment Reported On Its Way For TES Show Opening Thursday

Six-wheel moving vans were loaded Saturday night at Sweetwater with equipment and display material for the Texas Electric Show of '46, which opens here for a three-day showing Thursday.

An estimated 10,000 persons saw the exhibits of electronic and electrical equipment on display at Sweetwater during the first three days of the swing through West Texas.

The first truckload of material was en route to Big Spring shortly after midnight and the balance

was due to be received here Monday. C. S. Blomsheld, TES district manager, said everything would be in readiness by Thursday, 4 p. m., opening time.

In addition to exhibits of electric appliances for the home, an elaborate farm-ranch display has been arranged with the assistance of the Texas A&M agricultural engineering department. The latter division is so large that it will have to be housed in a special tent east of the Episcopal church, while the home and commercial appliance section will be exhibited on the Settles mezzanine.

Still another feature will be continuous free movies, three of which will be technical cartoon films that appeal to children and grown-ups alike. Reddy Kilowatt caps will be given to children attending.

Among items to be shown in the agricultural division are: Electric milking machines, milk coolers, milk can sterilizers, cream separators, water warmers, brooders, egg candlers, egg coolers, poultry pickers, feed hammer mills, grinders, model grain and hay dryers, water pumps, churns, pig

brooders, shearing and clipping devices, electric fence controls, etc.

Many major manufacturers have pooled materials to provide a complete showing in the home appliance section.

Entries In Model Airplane Contest Solicited By NAA

The Big Spring chapter of NAA hopes to have enough entries to begin detailed arrangements soon for flights in the model airplane contest slated for May 26.

Model plane enthusiasts from all West Texas towns have been invited to compete for the prizes. The event will be held on the east ramp of the municipal airport, beginning at 9 a. m. May 26. Contestants are not required to post entry fees, since all prize money is being contributed by Big Spring merchants and business men.

Big Spring model plane owners desiring to compete are urged to submit their entries as soon as possible. Blanks may be secured from Carl Gross, 811 Main. Originally plans were made to hold contests for four flights, but interest may require addition of another bracket.

SPENCER Style and Surgical Garments For Men or Women. Individually Designed. Get nervous, fatigued due to faulty posture? Mrs. Ted Williams 902 11th Place Phone 1283

Says Truman When the President first faced his Famine Emergency Committee he said, "This is the most important meeting we have held in the White House since I have been President."

Says Hoover The Honorary Chairman of the President's Famine Emergency Committee said, "There is thrust upon us one of the greatest obligations of these troubled years... we cannot fail."

Says Anderson From the head of the Department of Agriculture comes these words: "Right now, famine is the greatest single factor threatening upheaval in the world."

LIVES DEPEND ON YOU!

The most conservative estimates show 500,000,000 people in the world are hungry—undernourished. Millions face death from starvation. Famine is the aftermath of war in ravaged countries. And it's the result of serious crop failures. And it grows out of great dislocations of population, strained economies, and all sorts of war-born emergencies. The FACT is more important than the causes. There isn't time to rationalize and second-guess. People are starving. The United States must help—if world famine is to be kept under control. We as a nation, are using more food today than ever before in history. The need is for wheat and fats—the most vital foods to fight starvation. Here's what YOU can do to help:

3 WAYS TO SHARE A MEAL AND SAVE A LIFE!

- 1. SHARE WHEAT AND FAT PRODUCTS** Go light on all foods that take wheat, fats and oils. Conserve breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Conserve salad oil—use boiled dressings instead.
- 2. BUY AND SERVE MORE PLENTIFUL FOODS** Balance diets with more plentiful foods such as potatoes, fruits, vegetables, eggs, fresh poultry and fish.
- 3. WASTE NO FOOD** Dress up today's leftovers for tomorrow. Make every crust count, as melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in every drop of uneatable fat to the fat salvage program. In addition, you can help by keeping your Victory Garden producing, and by contributing to your local emergency food collections.

SHARE A MEAL EVERY DAY

Morrison To Speak At Commencement Of Eighth Graders

Eighth grade students at Gay Hill, Center Point, Midway, Elbow, Lomax and Vealmoor will gather at the municipal auditorium here at 8 p. m. Tuesday, May 21, for graduation exercises that will qualify them for high school.

The program will be highlighted by a speech given by Walton Morrison, local attorney.

George McClellan, educational director of the East Fourth Baptist church, will read the invocation. A song will be rendered by Etta Mae Blythe and Janice Montgomery of the Gay Hill school after which Mary McMurray, Lomax, will give a reading.

Following the address by Morrison, County School Superintendent Walker Bailey will issue the diplomas and make the special awards.

Approximately 15 students are eligible to receive diplomas.

CHAMPION MODELS CREATED IN 1925

ST. JOSEPH, Mo., May 18 (AP)—In checking cars in the police department's safety lane, officers found only 31 out of 96 cars able to pass the test.

Deadline Near For Candidates For State Posts

First of a series of deadlines for filing falls Monday for one group of candidates, and to all intents the picture seems to be settled in this area.

Persons seeking the offices of chief or associate justice of the court of civil appeals, representative in congress, state senator, state representative, district judge or attorney, in districts composed of more than one county may not file after Monday.

Unless there are surprise candidates, this portion of the ballot in July will contain these names: Associate Justice of 11th District Court of Civil Appeals—A. S. Mouzey, Sweetwater.

For representative from the 10th congressional district—George Mahon, Colorado City, and Hop Halsey, Lubbock.

For representative from the 91st legislative district—Cecil H. Barnes and R. E. Taylor, San Angelo, R. E. Blount, Jr., Big Spring.

For judge of the 70th judicial district—Cecil C. Collings, Big Spring.

For state's attorney of the 70th judicial district—Martelle McDonald, Big Spring.

Next deadline is June 10 when the state executive democratic committee meets to consider written requests of candidates for state office to have their names placed on the ballot.

June 15 is the last day for candidates seeking a county and precinct office to file with county chairman for a place on the ticket.

After that, the field will be complete and "pollticking" will begin in earnest.

Women Ask Payment For Building Home

LONDON, May 18 (AP)—Speakers before a joint conference of the Married Women's Association and the Women of Westminster declared today that "we loathe housework" and asked some "monetary recognition" of their labors in the house.

Lady Rhys Williams proposed that the income tax rebate given a married man be made a "positive payment" by the state to his wife.

Dr. Edith Summerskill, parliamentary secretary to the minister of food, said her contribution as a doctor and member of parliament had been recognized, but "I am still waiting for the country to recognize my contribution as the mother of a tough son and daughter."

CIGARET LIGHTER MAKES SURE FIRE

ATCHISON, Kas., May 18 (AP)—No one can accuse A. F. Matthias of owning a temperamental cigaret lighter. His really works.

Matthias left the lighter on the lower sash of a window in his home. When a member of the family raised the window the lighter flipped open and set the house on fire.

The fire department put out the blaze before much damage resulted.

Telephone Strike Threatened In West

SAN FRANCISCO, May 18 (AP)—The threat of a telephone strike in five western states hung in the balance today with no announcement by employer nor union representatives from their prolonged negotiations before a federal conciliator.

A strike has been threatened by 13 unions, representing about 46,000 employees, against the Pacific Telephone and Telegraph company in support of wage demands. Federal Conciliator Omar Hoskins is presiding over the negotiations.

The unions have demanded a general increase of \$2 weekly. The company has offered that amount for workers of some classifications and \$2 for others.

Rescue Mission Takes In 'Evicted' Family

JAMESTOWN, N. Y., May 18 (AP)—James E. Travers, 45, his wife and four children were living today in the "Rescue Mission, which suspended its "men only" rules to accommodate them temporarily, after they had been evicted from their apartment.

The Travers family was evicted yesterday on an order signed by Justice of the Peace Frances J. Moynihan after the family's landlord had applied to the OPA to remodel the five-room apartment into two apartments, saying he would rent them to veterans with families.

Iransians To Inspect Withdrawal Of Reds

TEHRAN, May 18 (AP)—An Iranian central government commission reached Tabriz, capital of the self-proclaimed autonomous government of Azerbaijan province, by plane yesterday to investigate the withdrawal of Soviet troops.

The commission also is expected to renew talks with separatist leaders relative to return of Azerbaijan province to central government control.

The same plane carried Joseph C. Goodwin, Associated Press correspondent, the first American newspaperman to be allowed to enter Azerbaijan during the four years of Soviet occupation and six months of separatist rule.

Gandhi Praises Work On India Congress

NEW DELHI, May 18 (AP)—Mohandas K. Gandhi told a group of his Congress party followers last night that the British cabinet mission's proposals for a Union of India contained "a seed to sow this land of sorrow into one without sorrow and suffering."

Gandhi, at his usual evening prayer meeting, said the cabinet mission had "every reason to be proud" of its proposals, which recommended a plan for a federation of Indian states under a single national government.

It's Simple Addition For Harry's Brother

GRANDVIEW, Mo., May 18 (AP)—Talking at a chamber of commerce meeting in President Truman's home town, Victor V. Allen of Kansas City told of seeing this message carved on a desk in the Junior high school at Independence:

"Harry Truman x Bess Wallace."

And in the corner of the same desk: "Harry and Bess."

From the back of the room spoke up Vivian Truman, the President's brother:

"Aw, they were carved there after Harry became President."

A sectional conference for store managers and sales representatives was completed here Friday with P. E. Dietz, Dallas, Sherwin-Williams district manager, in charge. Armstrong Bailey was host manager.

Mrs. Eva Pyeatt and Mrs. J. A. Etheridge of the Kid Shop have gone to Dallas to market as has Mrs. I. H. Sumner of the Lorraine Shop.

Synthetic detergents are revolutionizing time-honored concepts of household washing and cleaning, according to C-Z Chemical company, makers of Marvane and several C-Z products. These wash as effectively in hard water as in rain water, permit sudsy bath for the car, laundry for woollens without fear of shrinkage, provide baths without leaving rings on the tub, clean dishes more quickly and economically.

New Devonian Field Seen For Ector County

By JOHN B. BREWER

SAN ANGELO, May 18.—The indicated opening of a new Devonian field in Ector county by John W. Murchison of San Antonio No. 1 Texas Pacific Land Trust (TXL) featured West Texas oil development this week.

The uncertainty over the delivery of drillpipe, casing and other tubular goods from the steel mills, deprived of coal by the miners' strike, had slowed down drilling. Shortages already had been felt as the result of the steel strike, and several of the larger companies had started no tests in two weeks.

William Y. Penn of Midland and associates' No. 1 Magnolia-E. A. Hall, quarter mile northwest of the same operators' No. 1 W. T. Shearer, a northern Pecos county discovery, flowed oil naturally at a rate estimated at 50 barrels hourly from Whitehouse pay at 1-943-98 feet. It is 1,850 from the northeast, 330 feet from the southeast line of section 36-10-H&GN. No. 2 Shearer was finished for only 33.08 barrels of oil daily from 1-814-64 feet after a shot. It is 3 1-2 miles north and slightly west of the Lehn pool.

Fullerton Oil Co., No. 342-A E. M. Wilson drilled ahead to explore the Ellenburger after becoming the discoverer of Wolfcamp, basal Permian producer—the fifth pay—in the Fullerton field in northwestern Andrews county.

Murchison No. 1 TXL ran 5 1-2 inch casing for an attempt at completion after flowing oil to pits for 24 minutes at a rate estimated at 25 barrels hourly on a drillstem test from 8,504-64 feet. It is in the C SE NW 7-45-T&P, 3 1-2 miles south of Devonian production in the TXL field, but is considered on a separate structure. TXL Devonian wells producing from around 8,000 feet.

The Murchison wildcat entered the Devonian at 8,150 feet, 5,415 feet below sea level. It is on a quarter section farmed out by Texaco, and various ownerships of close in leases is expected to cause a drilling campaign if production is developed.

Humble No. 1 Pio Crespi in Midland county attracted attention by unloading 48.7 gravity oil for two minutes while pulling drillpipe following a test of the Devonian from 11,428-491 feet. A water blanket cut with oil and drilling mud cut, with gas were recovered from 11,400-520 feet but no increases had been reported in deepening to 11,575 in lime.

The Devonian was entered between 11,410-420 feet. Elevation is 2,702 feet. No. 1 Crespi is in the C NE NW 19-38-2s-T&P, 1 1/4 mile north and 3-4 mile west of Humble No. 1 Buchanan, opener of the Midland field, producing from the Strawn at 10,370-390 feet. No. 1 Crespi missed that pay.

Argo Oil Corp. No. 1 Mrs. Dora Roberts, southeastern Reeves county wildcat bidding for production in which has been reported to be the basal Permian, had shown only gas bubbles in drilling and clogging to 10,822 feet. Its best showing was on a drillstem test from 10,697-729 feet when it filled with oil in 14 3-4 hours, then flowed an estimated 10 to 15 barrels of oil in one hour. Location is the C NW SE 29-13-H&GN, 13 miles northeast of Balmorhea.

D. Hunter and associates of Midland started No. 1 Pope Pool, scheduled 5,500-foot wildcat in Terry county 12 miles north of Toledo, 330 feet out of the southeast corner of section 4-D14-C&M, on a Texas Gulf and Seaboard farm out.

Attorneys In Tokyo To Defend Japanese

TOKYO, May 18 (AP)—Fourteen attorneys from the United States arrived today to join 10 other American lawyers assigned to represent Hideki Tojo and 27 other top Japanese defendants at war crimes trials.

Navy Capt. Beverly M. Coleman, chief of defense counsel, said that ultimately each of the 28 defendants would be represented by an American attorney in addition to Japanese lawyers of their own choosing.

Don't let the Silver Bloc deprive you of Silverware!

Silverware dealers have been on short rations all through the war years. We have had to ask most of you to wait for much needed flatware until silver was again available for consumer goods.

The U.S. Treasury has idle silver now—225,000,000 ounces, but none of it can be sold without Congressional action. The "Silver Bloc" in the Senate doesn't want this silver released unless the present price of 71c an ounce is inflated to \$1.29 an ounce.

Because of their maneuverings, legislation (Bill HR. 5482) already passed by the House, which would make commercial silver available at 71c per ounce, is being blocked in the Senate.

It is blocked there despite the endorsement of Secretary of the Treasury Vinson, Mr. Chester Bowles, and the Civilian Production Administration—despite the protests of silverware manufacturers and other important industries who are faced with the necessity of shutting down production and laying off employees.

In this acute situation we are asking you, our customers, to help us head off runaway prices on silverware—and get silverware on the market now. Public protest can force Senate action and serve notice that inflationary profiteering by producers and holders of silver will not be tolerated.

Will you wire or write Senator Tom Connally and Senator W. Lee O'Daniel, Senate Office Building, Washington, D. C., urging action on silver immediately?

"My Servel is so-o-o silent!"

says **JERRY COLONNA**
famous radio and picture star

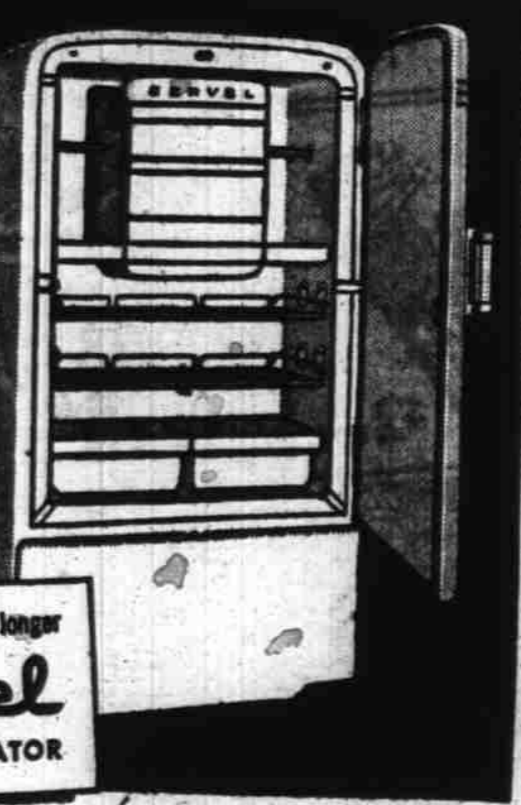

"I picked a Servel Gas Refrigerator years ago. And it's never made a sound. That's why I advise my friends—choose Servel."

If you're thinking about a new refrigerator, Jerry Colonna's advice can help you. Like 2,000,000 other happy Servel owners, he's found the gas refrigerator is different.

No Moving Parts

Servel makes no noise. And never can. Because it freezes with no moving parts. A tiny gas flame does the work. There's nothing in the freezing system to wear or get noisy—ever.

Ask the folks who've had Servels during the war. They'll tell you Servel is trouble-free, long-lasting. They'll tell you, too, it stays silent and needs no costly repairs.

Come in and see the new models!

Look inside to see how really roomy a refrigerator can be! Those flexible shelves mean lots more useful space! And your Servel will give just-right temperatures for meat, vegetables, frozen foods!

Stays silent... lasts longer

O'BRIEN TO RECEIVE DOCTOR OF DIVINITY DEGREE AT H-SU

The Rev. P. D. O'Brien, pastor of the First Baptist church, will have a Doctor of Divinity degree conferred on him by Hardin-Simmons University in Abilene on June 3.

Commenting that the Big Spring minister had earned his bachelor's degree as a student of Simmons College, Dr. R. N. Richardson, president, said "that was for what you did in college; this degree will be for what you have done since then."

The Rev. O'Brien was reared in Eastland county, attended Boarding Academy at Scranton, Texas, Britton Training School (junior college) at Cisco, and earned degrees at Simmons (now H-SU) and Southwestern Theological Seminary.

During a ministry of more than 30 years he has served as pastor at Moran, Baird, Munday, Floyd, Colorado City and Stamford, before coming to Big Spring over four years ago. He has baptized in excess of 1,500 people, married more than 1,200 couples and officiated at 1,000 or more funerals.

Outside of his church capacities, he has been active in other fields, having addressed something like 2,000 high school seniors, and some 400 church, school and other banquets.

For two years he served as national chaplain for the Sons and Daughters of the Confederacy; has averaged five revivals a year and has been an active member in his denomination, the Masonic lodge and Rotary club.

Gibraltar has a population of more than 20,000.

More Retail Selling Classes Arranged

More classes in retail selling will be arranged for interested merchants at a meeting Tuesday at 3 p. m. in the chamber of commerce conference room.

Thelma Boone, representing the business extension training staff of the University of Texas and the state board of vocational education's distributive training division, already has three classes underway. Miss Boone has announced that she will plan as many more classes as the merchants desire. Current interest indicates that several group classes, as well as more individual sessions for larger stores, will be arranged.

Lewis Price, chairman of the retail trade department of the chamber of commerce, has urged all owners and managers to attend the Tuesday afternoon meeting.

No Plans Arranged For Cotton Week

National Cotton Week begins tomorrow, but, although it may be observed in spirit, indications are that there will be little material evidence in Big Spring.

Many merchants reported that in view of a shortage of cotton wearing apparel they will not attempt large-scale window decorations for the event. J. H. Green, chamber of commerce manager, said announcements probably will be made at the various service clubs during the week, but no planned activity is contemplated.

Ministers In Area Attend Convention

Ministers from this area attending the Southern Baptist convention concluded Thursday in Miami, Fla., are expected back the forepart of this week.

Among those going from the Big Spring association were Rev. and Mrs. Berl Clark, Forsan; Rev. and Mrs. Lee Bailey, Garden City; Rev. Bill Arnett, Midland, district missionary; and Rev. Arthur DeLoach, Odessa.

Student Group Will Conduct Church Services

A two-day "Youth for Christ" meeting had a good start last night at the initial service at the East Fourth Street Baptist church with over 100 young people from the Big Spring area present.

The group of students from Hardin-Simmons University, Abilene, in charge of the rally, will conduct services at three churches today with morning and evening programs at both East Fourth and Coahoma Baptist churches and an evening service at First Baptist on the calendar.

Rev. Chester O'Brien, pastor of North Side Baptist here and one of the college students, brought a message on "The Holy Spirit Revival" last night. Rev. Leo Bye, an outstanding basketball player at the university and pastor at Lees, led the singing and testimonies. Special music was given by three girls on the violin, accordion and piano.

Tommy Utley will be in charge of the morning program at East Fourth, speaking on "The Sorrow of a Broken Heart." Lois Rogge and Mrs. Alberta Utley will give testimonies and Bill Sharon will present special music.

Tonight Utley will move over to First Baptist to provide the program there and H. W. Bartlett will fill the pulpit at East Fourth. Doris Green and Ray Gilliland will assist with testimonies.

Young Taylor Rated Expert Rifleman

Robert Earl Taylor, 14 year old son of Mr. and Mrs. W. F. Taylor, 330 North 5th St., Brawley, Cal., has earned a junior expert rifleman's rating from the national rifle association, friends here have learned.

Young Taylor is one of 600 American boys to win the honor out of 83,966 qualifications in all divisions. He is a grandson of Mr. and Mrs. Roy Eddins, 111 North Scurry, Big Spring, and the Taylors were local residents until four years ago.

Baptist Brotherhood Plan Family Night

A large attendance is expected Monday night at the East Fourth Street Baptist Church Brotherhood picnic in City Park, which is scheduled for 7:30 p. m.

The affair has been planned as a special family night for the Brotherhood, and all members have been urged to bring their families and a picnic lunch. The Brotherhood hopes for an attendance of 800. No special program except the picnic has been planned.

The Week

(Continued from Page One)

possible toward stopping it before it starts.

Are you interested in special weeks? If so, this is First Aid week, Foot Health week (are your dogs barking?), Foreign Trade week, and National Cotton week. Today is "I Am an American Day," an event once observed regularly here until public disinterest killed it.

There have been reports of a few typhus cases but these are not shown on contagious disease reports. Could it be that district (not local) health authorities are practicing a little censorship?

The model plane contest, sponsored by the NAA chapter and financed by collections rounded up by Jaycees, is due to be a much larger event than most seem to realize. Hundreds of people likely will turn out a week from today to witness it at the Muni airport.

Merchants are getting school minded. A group of retail clerk classes have been and will be organized. Another is mapped for food handlers, and it is probable that still another will shape up for hotel clerks, service station attendants, tourist court operators in connection with tourist trade development.

Veterans who do not have opportunity to attend college but who would like to avail themselves of training under the GI bill of rights should contact E. C. Dodd, coordinator of the now approved Howard County Vocational school. Classes are being organized to meet demands.

Evidently there is mounting interest in playgrounds. The Salvation Army has been campaigning for a park on W. 5th and San Jacinto. Last week the ABClub asked city aid for improving its West Side park, and at the same time negro representatives asked for the city's help in clearing an area for a playground.

Civil War Correspondents' Memorial Arch Crumbling

GAPLAND, Md. — Half a century and three wars after its dedication, a memorial arch to Civil War correspondents at this mountain hideaway today remains probably the only such monument in the world.

Constructed of native stone, the arch was erected in 1896 by George Alfred Townsend, a novelist, who also had written of Civil War battles under the name of "Gath."

Near the now crumbling baroque arch is "Gath Hall" — Townsend's home — a large stone library, and three other buildings, all partially roofless and in various stages of ruin.

On the memorial are inscribed the by-lines of 137 Civil War correspondents and newspaper artists.

Townsend's dedication above the names reads:

"To the Army correspondents and artists, 1861-1865, whose tolls cheered the camps, thrilled the firesides, educated the provinces of rustics into a bright nation of readers and gave incentive to narrate distant wars and explore dark lands."

Eleven At One Shot

EUGENE, Ore. (UP)—Officers of the law in Lane County, Ore., believe in making every shot count—triple, if necessary. Deputy Sheriff W. N. Paving, Beautification Projects Head Thought Survey Suggestions

Two projects, paving roads and streets and beautification of the city, headed the list of suggestions submitted during the chamber of commerce thought survey, J. H. Greene, chamber manager, reported late Saturday after a preliminary check was made.

The ideas, which numbered several hundred, all are being tabulated, but the work will not be completed until next week. In assembling the material for permanent recording it was learned, however, that although suggestions concerning each varied with the individuals submitting them, paving was mentioned more frequently than any other topic and beautification was a close second.

Expressing satisfaction at the results of the survey, Greene said that the only weakness of the program was the attendance and it was considered good, with more than a third of the chamber membership and several non-members participating. More

than 300 persons submitted suggestions, and others still are being accepted through the mail from those unable to attend in person.

Bandits Attempt Recovery Of Opium

TIJUANA, Mex., May 18 (AP)—Police fought off eight men and captured two in an attempt by bandits to raid the Tijuana courthouse and seize 25 cans of contraband opium yesterday, Police Chief Rodolfo Valles Ponce reported today.

The night watchman at the jail was shot in the hip during the early morning exchange of gunfire.

Ponce said all the raiders, traveling in two automobiles, were believed to be Americans. The two arrested were jailed as Lester Woodrow Tipton, 32, of Los Angeles, and Joseph Totenberg, 30, of Los Angeles.

One of the raiders' cars was seized. Ponce said it was registered to a Los Angeles man (whose name was withheld) suspected of being active in illegal narcotic activities.

The courthouse fight started after Federal Judge Higinio Guerra, who has an apartment in the building, observed the raiders' approach and summoned police.

Officers said the opium had been seized recently in Mexico.

Prayer Meetings Seen As One Need Of Whole Town

Dear Editor:

May I suggest one thought (in connection with the thought surveys), which, though very old, would be new to most of us if we tried it. In our "better days" we have brushed it aside but now we are about ready to try most anything.

It is the matter of neighborhood prayer meetings.

Do we need any more calamities before we as a city begin to pray? Is there anyone who does not need a prayer?

We know that if two or three are gathered together, Christ is in the midst of them. This does not require much time and no money. It is my hope that those "who will" call one or two neighbors and have a short prayer service in their homes. These can be very happy occasions.

We can all find someone who can pray a short prayer and read a passage of Scripture. We can make a list of the many blessings we have and the many needs we have and include some of them each time. If this should keep war or other calamities away one day we could all bow to the prayer meeting.

First, let us thank the Lord for His many blessings. Let us pray for world peace and for the health and prosperity of our neighbors and of the world. Let us pray that our scientists shall adapt themselves to peaceful undertakings and that the wicked shall learn to fear the Lord. Let us pray for the success of these prayer meetings.

We might include the Twenty-Third Psalm and close with the Lord's Prayer.

Let us make this as simple an occasion as possible, preferably, serving no refreshments. Let us not mention denominational questions. Let us dress simply and carry our Bibles, and send word of our meetings to neighboring cities.

We often feel we are "not the one" and that we cannot accomplish much, but the Lord works with a few. If this letter should cause even one prayer meeting, I shall feel amply rewarded for writing it.

Sincerely,
Mrs. Leighton Mundt.

Jack Riggs Arrives In States For Release

Mrs. Alice Riggs has learned that her son Ensign Jack B. Riggs arrived in the States last week after serving for a year in Pearl Harbor.

At the present time he is stationed in Portland, Ore., where he is in command of PC 485. He will remain there until June 15 when he will receive his discharge.

Radin's Accomplices Must Be Identified, Federal Judge Rules

SEATTLE, May 18 (AP)—The identity of the person or persons with whom Soviet Naval Lieut. Nicolai G. Radin is accused of conspiring to obtain information about the US destroyer tender Yellowstone must be revealed to defense counsel for the Russian by 4 p. m. (PST) Monday, Federal Judge Lloyd Black ruled yesterday.

His order was to the US attorney's office.

Judge Black set the trial date for June 25 and also granted a defense motion permitting it to inspect, copy or photograph any papers or other tangibles obtained from Radin.

One espionage count was dismissed by the court because of its phrasing. Three other espionage counts and one conspiracy count were allowed to stand.

Defense attorneys Tracy E. Griffin and Irvin Goodman had asked that the entire indictment returned by the federal grand jury be dismissed.

Evans To Confer With Washington

John Evans, student at the University of Texas and son of Mr. and Mrs. David T. Evans, Big Spring, is to fly to Washington for a May 21 conference with Army officials concerning reserve officer training.

Evans and five other reservists contacted Stuart Symington, assistant secretary of war for air, during a visit at Austin recently regarding how and when they could begin their reserve training.

Symington suggested they should talk with Gen. Carl Spaatz, and as a result Evans and other members of the group have been invited to Washington to confer with high officials. Currently, they are seeking ideas of reservists at the university as to the type of program desired.

Evans is a former bomber pilot who saw action in the European theater. The Evans have another son, David Evans, Jr., who also is in the university.

C Of C Directors Will Hear Reports

Chamber of commerce directors will hear a complete report of the thought survey, which concluded Thursday, at their regular meeting Monday at noon in the Settles hotel, J. H. Greene, manager, has announced.

Other discussion will be held on ceramics, which was the topic of an address made here Thursday night by Dr. F. K. Pence of the University of Texas. A report also will be made by the chamber's Round-Up club on the current membership drive.

Scout Encampment Near Sweetwater Slated This Month

First Boy Scout encampment of the summer season will be held at Lake Sweetwater from May 27 to June 1, professional staff members of the Buffalo Trail council announced at a conference in the Settles hotel Friday.

The council's professional staff met to lay plans for the camping season and other summer scout activities. Also discussed was the operating committee institute, which is scheduled to be held in Midland on May 23. Seven meetings will be conducted currently at the institute, one each for the council's six operating committees and another for council commissioners.

Big Spring men who are slated to take an active part on the program include Dr. W. B. Hardy, Nat Shick, C. S. Blomsheld, Charlie Watson and Rev. Dick O'Brien.

The Lake Sweetwater camp will open at noon on May 27, with attendance limited to 150 boys from the council. Several improvements have been made in facilities, the staff members reported.

Those attending the conference Friday included P. V. Thorson, council executive, Sweetwater; Rex Palmer, Pecos; Bill Martin, Midland; Jim Polk, Snyder; and H. D. Norris, Big Spring.

COUPLE PICKED UP TO CHECK RUMORS

Following a check by Texas Rangers, a fractious couple has been released from the city jail.

The man and woman, who had hired two cabbies to drive them from Sweetwater to El Paso, were picked up on advice from Sweetwater. There were reports that the woman was really a man and that she had been shot through the foot.

Investigations indicated that the couple quarreled and the man slammed a car door on the woman's foot, one that had suffered a bullet wound several years ago. They stopped at a Roscoe hospital for treatment.

The woman, whose hair had been shingled, did resemble a man, said A. G. Mitchell, police chief. Before they were released, Rangers were called from Lubbock to check their story.

Nazis Urged Japs To Take Singapore, Raeder Testifies

NUERNBERG, May 18 (AP)—Grand Adm. Erich Raeder testified before the international military tribunal today that Germany urged Japan early in 1941 to capture Singapore, in the belief that this would frighten the United States into remaining neutral.

The German proposition was made by Adolph Hitler at a conference in Berlin March 5, 1941, with Josuke Matsuoka, then Japanese foreign minister, Raeder said. He added that Hitler issued a statement later that day to the effect that Japan would take such a step.

There were circles suggesting that Japan attack Vladivostok, but I believed that would be a grave mistake," the former German naval chief said as he concluded his defense against charges of conspiracy.

"I believed that with Singapore's fall the United States would be intimidated and stay out of the war."

Raeder scoffed at charges by the prosecution that he "conspired" to bring America into the war, contending that "with my small Navy fighting England I certainly didn't want the United States also on my neck."

Raeder duplicated the testimony of another defendant, Grand Adm. Karl Doenitz, that the attack on Pearl Harbor was "a complete surprise" to the Reich, which thought Japan's moves would be against the British and Dutch in the Pacific.

Entries Received In Sears Contest

Several entries for the annual Sears essay contest for 4-H club members have been received and they will be judged early next week, County Agent Duward Lewter has announced.

All 4-H club boys in the county are eligible to enter, but entries must be in the county agent's office by 5 p. m. Monday. The essays, with a 500-word maximum, must be written on the Sears cow, hog and hen program. The Sears foundation is furnishing pigs, eight gilts and one boar, as prizes in Howard county. Winners may then enter them in the Sears pig show next fall and compete for a Jersey heifer calf, which will be offered as grand championship prize.

Redcaps Get Chance To Knock Off Two Mundy Loop Leaders This Week

Doc's Bunch Faces Fordmen Monday, Cosden Thursday

Morey Morrison's Stanolind Oilers, a pre-season dark-horse in the Mundy softball league chase, have emerged as the team to beat. The Cosdomans have won all six starts in impressive fashion and appear to be stronger in all-around strength than any of the other 11 clubs in the circuit.

Two victories went into the books for the Oilers last week. They opened by crowning Howard County Implement company, 21-6, then routed Manhattan Club, 10-4, their next time out. Manhattan was previously unbeaten.

The Stanolind troupe must share the top spot, however, with Cosden's Oilers and Big Spring Motor, who played to a 1-1 dead-

lock last week and must decide the game later on in the season. Cosden has officially played but four games, Big-Spring Motor but two.

Manhattan dropped into a tie for fourth place with the up-and-coming Doc's Redcaps, who also won two games last week. The Wilkinson brigade routed Eddie Hammond's United Body Works contingent in its opening test, then caught up with VFW Friday night.

The Redcaps were recently strengthened with the addition of hard-hitting Steve Baker to their lineup.

Doc's bunch gets a chance to knock off one of the leaders Monday night when they tangle with Big Spring Motor at 7 o'clock. Thursday the Redcaps tangle with Cosden.

Monday schedule:
MONDAY—Big Spring Motor vs. Doc's Redcaps; United Body Works vs. Coca-Cola.

Wednesday schedule:
WEDNESDAY—VFW vs. Big Spring Hardware; United Body Works vs. ABC; Forsan vs. Manhattan at Forsan.

Thursday schedule:
THURSDAY—ABC vs. Howard County Implement; Cosden vs. Redcaps.

BLUE LAW NIXED

BOSTON, May 18 (AP)—A bill permitting Sunday baseball in Massachusetts "until dark" has been signed by Governor Maurice J. Tobin.

Games were halted at 6:30 p. m. under the old law. The new legislation becomes effective immediately.

There's been no polo in recent weeks for the Cosden team because some of the hossmen are busy trying to plant spring crops. According to Dr. M. H. Bennett, the team will re-group for a summer of activity in a week or so.

If San Angelo sends a team against a local nine, as has been proposed by Blondy Cross, sports scribe, and others, it will be an all-star aggregation made up of all the better players in the city leagues there.

Local pilots who match the games will be foolish not to do likewise if they accept San Angelo's challenge. And any Big Spring contingent that would be classified as "cream of the crop" would have to have Lewis Heusel, Forsan short stop, on it.

At least that is the contention of most Mundy managers. Longest balls ever hit at Mundy park were those driven out by Miller Harris and Chester Fowler. Their prodigious wallops cleared the road in right field.

Both Harris and Fowler played here long before the war. Harris is now in Dumas, Tex., while Fowler is calling balls and strikes in the Texas league training under Knute Røekne and was head coach at Loyola university and Florida university, takes over as assistant grid coach and head track coach at Alabama university under another former Notre Dame star, Frank Thomas.

Lieb was head guy out Loyola way at the time Burns McKinney pulled his famous sneaker and ran 65 yards for a touch that enabled Hardin-Simmons to nose out the Lions, 7-0. Clyde "Bulldog" Turner was also a member of the Waddie crew at the time. It was Bulldog who centered the ball to McKinney, snapping the ball back before the opposition had time to take their positions on the line.

LOOKING 'EM OVER

WITH TOMMY HART
 Mundy softball league president Dewey Collum, who has been having his troubles of late trying to keep his ship of state on an even keel, has ruled that ABC's protest of the Manhattan club's use of Jimmy Daylong in a recent game does not hold water. The service club's management had claimed that Daylong was not eligible to perform due to the fact that he hadn't been a free agent long enough. Too, the ABC charged that he was supposed to remain on the sidelines until after his new team had played a game. The elements denied the Mannhattans that right and Collum sagaciously declared that, in so much as mere mortals has no control over the elements, the Clubbers could not be penalized.

So the decision went into the records as victory No. Five for Billy Parker's gang.

After ten years, the Mundy mush-ball diamond is going to have a score board, thanks to some promotional work by the Lions club. The board will be large enough for the spectators back of home plate to read—15' x 5"—and will be painted in the unit's colors, gold and purple. The facility, which will be located just three feet in from the tennis courts along the foul line in left field, will be elevated on three foot poles.

The city was to begin work on the facility's foundation Saturday morning. Sweetwater's football Mustangs will open their season next Sept. 20 entertaining the Pampa Harvesters, then tie into Brownwood and Wichita Falls on successive weekends before opening their league card on Oct. 13 with Midland. The Cayuses will host the Big Spring Steers Nov. 23. Veterans Administration director Ray Boren knew Byron Nelson, the links star, when both lived in Texarkana. When Chris Haskins and Bill Evans of the Amarillo WT-NM baseball club each registered 18 strikeouts in recent Gold Sox games, scribes were scurrying for their book of facts in search of the league records for whiffs. They found that coveted standard was shared by Jerry Blanchard and Ralph Marshall of the Lubbock Hubbers.

Jerry blew down 22 members of the Wink club on July 18, 1938, and Ralph came along just two days later to duplicate the feat against Clovis.

Coahoma Stanolind Oilers Defeat Manhattan Club, 10-4, At Park

Using nine hits to the best of advantage, the Coahoma Stanolind Oilers ran roughshod over the Manhattan Club contingent, 10-4, in a Mundy softball league game played at the city park Friday night.

The Coahomans got to Jim Daylong in the second round for five runs and the Stanolind twirler, Roy Keys, had an easy time of it thereafter.

K. C. Grantham paced the Coahoma attack with three bingles in four attempts while Windmill Brown responded for a long triple.

The defeat dropped the Mannhattans out of a tie for first place in league standings, leaving the Coahomans at the top of the heap along with Cosden's Oilers and Big Spring Motor.

Doc's Redcaps kept their chances alive for a first half title by drubbing VFW, 13-9, in the evening's first game.

Morris Crittenden toed the rubber for the Redcaps. Doc's fans tallied all its runs in the first three innings, climaxing a big evening with a seven-run third-inning outburst.

The victors' attack was paced by Tootie Witt, who drove out three blows, one with the bases jammed. Lt. Wilde of the Redcaps also had three safeties.

Redcaps' score: 337 00-13
 VFW 102 42-9

Bruce Woodcock Kayoed In 5th
 NEW YORK, May 18 (AP)—The latest invading British heavy-weight champion, willing Bruce Woodcock, wound up his debut in the accepted fashion here—which is somewhat horizontal—but for the first time the bash boulevardier in these parts wanted one of the invaders to come back and try again.

Bruce headed back home Saturday after his first-round knockout at the hands of Tami Mariello, the Bronx fat boy, in Madison Square Garden Friday night before 13,479 customers who contributed to a \$98,590 gate.

A fast, sudden right cross late in the fifth hit did the trick for the only knockdown of the fight, all the more surprising since up to that point the Doncaster dynamiter had been touching Tami up quite literally.

And despite the finish at 2:16 of the fifth, with Bruce trying to brace his wobbly legs after coming off the floor a moment too late, there is no doubt the willing Woodcock was the most popular Empire nose-mashing boss ever to make a beachhead in an American ring.

A home run by Charlie Keller, his third in as many games, and his seventh of the season, saved the Yankees from a shutout, in the ninth inning.

Ernie Bonham, who started on the hill for the Yankees, gave way to a pinch hitter in the seventh inning.

Keller's drive was the only extra base hit Grove gave up. Tommy Henrich and Joe DiMaggio found him for singles.

Sox To Victory Over Browns

ST. LOUIS, May 18 (AP)—The Boston Red Sox snapped out of their batting doldrums today with an offensive that included a four-run homer by Ted Williams and jolted the St. Louis Browns 18-8 before 11,291 paying fans at Sportsman's Park. Chet Laabs homered twice for the Browns.

Williams had drawn four bases on balls, three of them intentional, when he came to bat in the fifth with the bases loaded. The Boston star then slugged Ellis Kinder, the Browns' third pitcher for the grand slam blow, his seventh circuit-hit of the season. Glen Russell hit a homer earlier in the same inning. Dom DiMaggio scoring ahead of him.

Mickey Harris, Boston's unbeaten pitcher, registered his seventh win of the season in the contest which drew 11,291 paid fans, although he was touched for 12 safeties, including two home runs by outfielder Chet Laabs.

Obie's 29 Still Leads In Meet

Players in the Big Spring country club's ringer golf tournament still have Obie Bristow's 29 to beat, if they hope to win the award for low net.

Obie hasn't bettered the score within the past week but it begins to appear that he won't have to. He's posted a birdie on every hole with the exception of No. Nine, and may be able to accomplish that trick before the tournament officially closes Friday, May 31.

George Tillinghast has thrown his hat into the ring but hasn't posted a score yet.

Mrs. Leona Freeman's 47 is the best of 32 women's scores tabulated to date. Fem's par is 39.

Harry Todd Overtakes Sam Snead In Colonial Tourney

Hogan Has 214, Nelson Trails By 4 Strokes

FORT WORTH, May 18 (AP)—Long Harry Todd, the blond belter from Dallas who shed his amateur status less than two years ago, shot even par 70 today to edge into a one-stroke lead at the end of the third round in the \$15,000 Colonial national invitation golf tournament. In his second year along the PGA tournament trail and winner of \$2,150 all told, the big fellow gained the top spot

when Slammin' Sammy Snead of Hot Springs, Va., yesterday's 36-hole leader, faltered with a 72. Todd's total was 211 for the 54 holes while Snead showed 212. In third place, a stroke behind Sammy, was George Schneider of Ogden, Utah, who had a 72 today. Six players bettered or equaled par on the rugged 6,952-yard Colonial country club course with Lloyd Mangrum of Los Angeles shooting a 68 as low man of the day.

The field of 24 professionals and 4 amateurs will start the final round tomorrow with only three strokes separating five players. The scores for 54 holes: Harry Todd, Dallas, 141-70—111; Sammy Snead, Hot Springs, Va., 140-72—212; George Schneider, Ogden, U., 147-213; Ben Hogan, Hershey, Pa., 145-69—214; Lloyd Mangrum, Los Angeles, 146-68—214; Henry Picard, Cleveland, 145-70—215; Byron Nelson, Toledo, 144-71—215; Fred Haas, Jr., New Orleans, 146-69—215; Johnny Bulla, Little Rock, Ark., 143-72—215; Herman Barron, White Plains, N. Y., 142-73—215; E. J. when Slammin' Sammy Snead of Hot Springs, Va., yesterday's 36-hole leader, faltered with a 72. Todd's total was 211 for the 54 holes while Snead showed 212. In third place, a stroke behind Sammy, was George Schneider of Ogden, Utah, who had a 72 today. Six players bettered or equaled par on the rugged 6,952-yard Colonial country club course with Lloyd Mangrum of Los Angeles shooting a 68 as low man of the day.

The field of 24 professionals and 4 amateurs will start the final round tomorrow with only three strokes separating five players. The scores for 54 holes: Harry Todd, Dallas, 141-70—111; Sammy Snead, Hot Springs, Va., 140-72—212; George Schneider, Ogden, U., 147-213; Ben Hogan, Hershey, Pa., 145-69—214; Lloyd Mangrum, Los Angeles, 146-68—214; Henry Picard, Cleveland, 145-70—215; Byron Nelson, Toledo, 144-71—215; Fred Haas, Jr., New Orleans, 146-69—215; Johnny Bulla, Little Rock, Ark., 143-72—215; Herman Barron, White Plains, N. Bengals Oppose Toyah At 4 p.m.

Hoping to extend their winning streak to three straight games, the Big Spring baseball Tigers are booked to go into action against Toyah around 4 o'clock this afternoon on the North Ward diamond.

Elias Gamboa, manager of the Bengals, has indicated he will use Popeye Cruz on the bill against the invaders. Cruz shut out Monahans, 2-0, two weeks ago and looked to advantage in doing it.

The Big Springers bopped Pecos last week, avenging a former loss.

Anderson Posts 39 In Ringer

The front runner in the ringer golf tournament at the Muni course may be decided by tonight.

Gene Anderson, the left handed star, and Charley McCoy were deadlocked with 64's when the tournament officially drew to a close last Sunday.

A 36-hole medal playoff was arranged by Foy Fanning, club pro.

Anderson posted a 39 for his first nine holes last week. McCoy has yet to start a round but both are due to take to the course sometime today.

Hampden Leads Field In Withers

NEW YORK, May 18 (AP)—The three-year-old varsity—Assault and Lord Boswell—stayed home out of the rain today, so it was practically no race at all for Hampden to walk to the wire in the Ancient Withers mile at Belmont.

The Delaware-owned dandy who was third behind Assault in the Kentucky Derby two weeks ago and third again back of the Texas terror and Lord B in the Preakness last Saturday, was just about all by himself this time as he ambled home five lengths in front of Mrs. Walter Jeffords' Natchez, the highly-touted Rippey showed little of his usual "zippey" and wound up fourth. Mrs. Elizabeth Graham's Perfect Bahram was third.

The eight-year-old Belmont card was hurried along to permit the 16,884 train-riders in the crowd of 40,951 cash customers—who bet \$3,421,998—to beat the 5 p. m. (EST) rail strike deadline, and the handsome son of Helopolis obliged by hustling right through the mile in 1:36.

Marcum Is Star In Santone Win

FORT WORTH, May 18 (AP)—The San Antonio Missions managed a roaring seven-run rally in the eighth inning of their Saturday afternoon ball game with the Fort Worth Cats to win 10-6. Three pitchers were victimized by seven hits in the big round. Fort Worth had a 6-0 lead after the first two innings.

The veteran pitcher John Marcum, who formerly served for a long time in the American league, sparked the San Antonio comeback. He entered the game as a pinch hitter and delivered. He stayed in to pitch and made two more hits.

By Nelson Notifies Clevelanders He'll Take Part In Open

FORT WORTH, May 18 (AP)—Byron Nelson said today he would be an entry in the National Open at Cleveland June 13-15 and was wiring it in tonight.

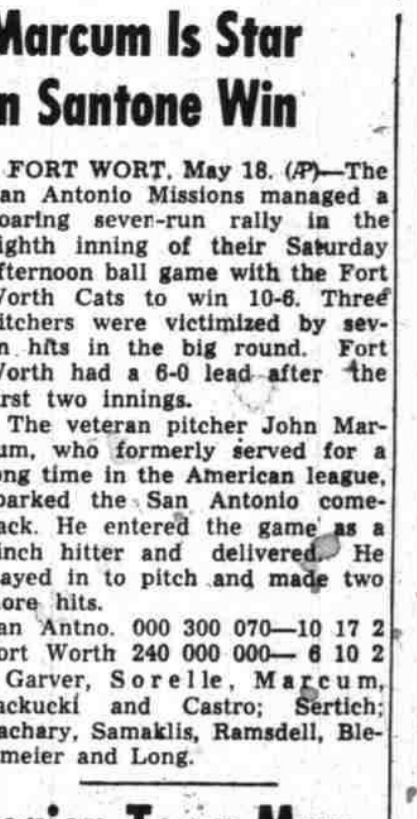

"I knew entries had to be in May 30 but filing my own had just slipped my mind," said the Toledo, O., golf star who is a former champion, when told that there was comment out of New York over his failure to get his name on the list 48 hours before the deadline.

"I will wire it in tonight and thanks for calling my attention to the oversight," he said.

Park Net Courts To Have Lights

Work on installation of lights at tennis courts in city park is well underway, and officials hope to complete the project soon.

During the past few days workers have been setting poles and stringing wire, and as soon as reflectors can be obtained the courts will be ready for night play. Both of the park courts are being lighted.

Legion Team May Play Angeloans

T. J. Dunlap has tentatively booked a game for next Saturday night with a San Angelo all-star team for his American Legion girls' softball team.

The game, according to present arrangements, will be played in San Angelo. However, the two teams will probably play here again later in the summer.

Cosden's Oilers may also make a trip to the Concho City for an exhibition some time this week. Hugh Welsh, director of the San Angelo league, issued the invitation to Pete Womack, Oiler manager Friday.

Marvin Wright Prep Finalist

An 8 to 6 triumph scored over Sam Thurman Saturday earned for Marvin Wright a trip into the finals of the high school golf tournament, which is being conducted at the Muni course.

Wright, medalist, stands by to face the survivor in the match between Paul Shaffer, and Buster Burns, which must be completed by tonight.

Charles Bailey tripped Dickie Cloud in a consolation test Saturday, 6 to 5.

Frog Uprising Trips SMU Mustangs, 18-10

DALLAS, May 18 (AP)—The Texas Christian Horned Frogs staged a burst of atomic energy in the eighth inning here today to defeat Southern Methodist, 18-10, in a game the Mustangs thought they had wrapped up.

Big Skelton Napier of the Ponies sailed along easily on the mound through seven innings while his team mates counted time and time again to build up a 10-1 advantage.

Then the lightning struck the Mustangs.

The TCU boys exploded 12 runs in the faces of the Ponies in a short eighth inning rally.

Specially-Equipped Cars Given To Vets

PASADENA, Calif., May 18 (AP)—New sedans, equipped with special steering wheels that provide easy operation with artificial hands and arms, have been given by a philanthropist to five war veterans who lost both hands in combat.

George M. Church, Pasadena and Fort Worth, Texas, oilman, made the gifts of 1946 automobiles possible although he died last January before they could be delivered. The Army's McCormack General Hospital here has just disclosed.

Rebels Defeat Houston, 6-4

DALLAS, May 18 (AP)—The Dab Cats.

Dallas got a total of eight hits, including two home runs and three doubles. The circuit clouts both came in the eighth inning with the bases empty. Clint Conster sent one over the left field wall after one was out. With two away, Bob Moyer slammed one against the left-center fence. Two Houston outfielders, Ed Flio and Ed Knoblauch, collided in racing for the ball, giving Moyer an opportunity to circle the bases.

Hutchinson Shuts Out Athletics

DETROIT, May 18 (AP)—Benefitting by two unearned runs, the Detroit Tigers defeated the Philadelphia Athletics 2 to 0 here today as Freddy Hutchinson of Detroit and Louis (Bobo) Newsom of the A's each scattered four hits.

Hutchinson helped his own cause along with a run while Birdie Tebbetts accounted for the other.

Pete Suder collected two of the four hits Hutchinson surrendered while Eddie Lake had as many for Detroit.

BASEBALL CLINIC SET FOR JUNE 3

DALLAS, May 18 (AP)—Another free baseball school and clinic for coaches and players will be an added attraction to the ninth annual Texas high school baseball championship, to be held here June 3 to 8 inclusive.

The school, originated last year by the Dallas News, will be sponsored this year by the News and the Dallas baseball club.

Al Vincent, manager of the Dallas Rebels, will be head professor for the 1946 school.

Several Hurt, Many Arrested In Cordoba
BUENOS AIRES, May 18 (AP)—Several persons were injured and more than 100 were arrested early today in a clash between police and labor party demonstrators in Cordoba.
The fighting started when police sought to break up a meeting of labor party members who had been demonstrating against Agentino Auchter, the new governor of Cordoba province.

Man Buried In Old Mine Shaft Collapse
DESERT CENTER, Calif., May 18 (AP)—Miners worked feverishly today in an attempt to reach Harold Goode, 35, who was trapped or buried in the Old Mission mine when a shaft collapsed 300 feet underground Thursday.
Sheriff's deputies said the miners held out little hope for Goode's rescue.

Japs Asked For List Of US Sympathizers
TOKYO, May 18 (AP)—General MacArthur today instructed the Japanese government to prepare a list of American nationals who applied for Japanese citizenship, entered the Japanese armed services or served with Japanese government agencies in the war.
Under the 1940 US nationality act, anyone in any of those categories forfeited his United States citizenship.

Average Age Of Brides Higher Than In Shakespeare's Time

By TOMMY HART
Old Bill Shakespeare, who believed in involving his storied women in romance at a very early age (e. g., Juliet, was 14 when she became infatuated with the Romeo person) would probably be disappointed in the modern-day female.
Perhaps it isn't her idea, but the average Juliet accepting mari-

tal obligations today is much older than the heroines in the old master's time.

In the 185 marriages which have taken place in Howard county since January 1, the brides have ranged in age from 16 to 52 years. Average age of the bride-to-be today is 23 years, eight months—which would have been a ripe old age in the opinion of the English scribe.

What perhaps would have amazed the Stratford-on-Avon sage—although he was guilty to such an agreement himself—is the fact that approximately one-sixth of the matrimonially minded males are picking mates more advanced in years than themselves.
Of the 185 marriage certificates

issued here by County Clerk Lee Porter, 34 of the women involved were older than their prospective husbands, and that difference ranged up to eleven years.

Average age of the male registering for licenses has been 28 years, eight months, or five years older than the average woman.

Three of the women seeking out licenses had failed to attain their majority, which is 18 years in the eyes of the state, and thus had to obtain their parents' permission to take such a step.

On the other hand, five males under 21 years of age, the age when the law says the man can legally do his own thinking, requested certificates to wed and were instructed first to obtain the blessings of their parents.

Coming Of June Brings Abundance Of Bridal Attire, Spring Flowers As Local Girls Tell Of Weddings

Bridal white and June go together, and in Big Spring the prospects for a well-filled bridal season look bright. A number of parents have announced the engagements and approaching marriages of their daughters and others are scheduled to come.

Cox-Rowe Rites May 31

Gladiere Rowe, daughter of Mr. and Mrs. C. L. Rowe, will marry Allen Bert Cox of Portales, N. M., on May 31 at 10 a. m., her parents have revealed.

The ceremony will be read by Rev. H. Clyde Smith in the home of the bride's parents. Miss Rowe attended Big Spring high school and was graduated from Texas State College for Women in 1943. She has been a teacher in Big Spring high school since her graduation.

Cox was stationed at the Big Spring bombardier school for three years and is now discharged. He is the son of Mr. and Mrs. B. Cox.

After the marriage the couple will be at home in Lubbock where he will enter Texas Tech at the summer semester.

Toops Ceremony June 18

On June 8 Patty Toops, daughter of Mr. and Mrs. M. S. Toops, will become the bride of James F. O'Neill of Philadelphia, Pa., in an informal ceremony in the home of Miss Toops' aunt, Mrs. Harold Turner in Hastings, on Hudson, N. Y.

Miss Toops received her schooling in Alexandria, La., and attended Louisiana State University for two years. O'Neill, son of Mr. and Mrs. Thomas O'Neill, served in the Air Corps for four years and saw service in the European theater. He was a captain at the time of his discharge. He is now a student of medicine at LaSalle uni-

Mrs. Wright Honored At Farewell Party At Home Of Mrs. G. R. French

Mrs. W. E. Wright was complimented Friday evening in another of a series of farewell parties prior to her moving to Houston. The affair was held in the home of Mrs. G. R. French, and co-hostesses were Mrs. John Whitmore and Mrs. Hack Wright.

Arrangements of spring cut flowers filled the entertaining rooms, and the hostesses and honorees wore lapel vases filled with nasturtiums. In bridge Mrs. W. W. Pendleton made high score and won the floating prize. Mrs. George Tillinghast won second high, and bingo winners were Mrs. Zollie Boykin, Mrs. Charles Watson, Mrs.

versity in Philadelphia, where the couple will be at home.

Miss Toops left Thursday for Louisiana where she was to be feted at several pre-nuptial parties, and was to proceed from there to the scene of the wedding. Mrs. Toops, mother of the bride, left this morning for the wedding.

First Year Latin Class Has Picnic On Wasson Ranch

Fifty-seven first year Latin students were guests at the Elmo Wasson ranch Friday evening for a picnic supper.

Entertainment was horseback riding, swimming and baseball. The group was transported to the ranch in a truck furnished by Hayes Stripling. The class was accompanied by Miss Lillian Shiek, teacher.

Jesus' Life To Be Study

The life of Jesus will be the theme of the vacation Bible school to be taught at the Presbyterian church beginning June 3 and continuing until June 14.

Each session will begin at 9 a. m. and last until 11:30 a. m. Four movies will be shown during the course.

Miss Elizabeth Akers is general director of the school, and Mrs. J. P. Kenney will be in charge of music for the two weeks. Mrs. Dalton Mitchell will be in charge of light refreshments to be served at the recess period, and Mrs. J. G. Lane will be the acting secretary and publicity director.

Instruction in handwork and artcraft is being worked out now and the type of work to be done will be announced later.

Mrs. Marvin Miller will act as superintendent of the beginners course which will be on "Jesus, Our Friend." The purpose of the course is to emphasize parts of the life of Jesus which demonstrates the way he was loved by children.

"Stories of Jesus" will be the subject of the Primary class, led by Mrs. J. M. Woodall. In that department the young people will be given the opportunity to become more familiar with the stories of the life of Jesus, and as a result learn to show more interest in people and love and care for their needs. In that way they may better understand the meaning of Jesus' life and work.

The Junior department will have Sally Norton as superintendent, and will study "We Would See Jesus." The purpose of the training is to help gain a more organized knowledge of Jesus through the major events of his life and work; then the youngsters may grow more Christlike in their daily contacts.

"The Hero of History" will be taught by Agnes Currie to the intermediates. The study is based on Mark's story of Jesus and involves directive Bible study and related activities to guide the boys and girls to see Jesus as the greatest hero of all times.

Assignments for the school will be Mrs. C. R. Dunagan, Mrs. A. A. Porter, Mrs. J. C. Lane, Hazel Carmack, Marilyn Carmack, and Wanda Taylor.

All children are invited to the school.

Mrs. Byerley Instructs New Local P-TA Officers

As her last duty as vice-president of the state Parent Teacher association, Mrs. L. G. Byerley of Midland taught a school of instruction for the new officers and members of the local P-TA units in Big Spring, following their installation Friday afternoon in the First Baptist church.

The meeting, which began as a council session at 10 o'clock Friday morning, was opened with a devotional given by Mrs. Byerley taken from Chronicles II, 10:18, Hebrews 4:16 and Psalms 124. She spoke to the women on how the family is responsible for the future, and urged more earnest, thoughtful prayer.

Various reports from council officers and chairmen were heard, and the annual reports of the various P-TA units followed, given by the presidents.

Guests were introduced, including Mrs. Philip Thompson, district vice-president from San Angelo, Mrs. Yeager, district radio chairman from San Angelo, Mrs. Joe V. Birdwell and Mrs. Ernest Sidwell of Midland.

Supt. W. C. Blankenship, in informal discussion, warned the P-TA leaders that schools in Big Spring are crowded now, and expectations are for more congested classrooms. He informed the women that in the school year just concluding there were 16 double day sessions, and that next year he anticipates 30 such sessions.

Mrs. J. E. Brigham, retiring president of the P-TA council, in giving her report, listed among accomplishments for the school year the recognizing of 10 life members, a school of instruction, health clinics for all ward schools, and establishment of an experimental cafeteria at the high school as the council project.

Mrs. Will P. Edwards was introduced by Mrs. Brigham as the new president of the council for a two year term, and she in turn, presented her executive committee. They included Mrs. Charles Creighton, vice-president; Mrs. Jimmy Mason, secretary; Mrs. Zollie Boykin, treasurer; Mrs. Roy Tidwell, publicity chairman; Mrs. Robert Hill, Mrs. H. W. Smith, health; Mrs. H. G. Keaton, parliamentarian; Mrs. E. O. Hicks, radio chairman; Mrs. Della K. Agnell, safety; Walter Reed, legislature; and Mrs. Boone Horne, budget and finance.

Following a covered dish luncheon the group went into the installation of officers at which time the various officers of all units were officially recognized by Mrs. Thompson. The presidents included Mrs. C. C. Worrell, high school; Mrs. A. J. Cain, east ward; Mrs. Joe Pickle, south ward; Mrs. C. E. Johnson, west ward; Mrs.

Mrs. A. T. Lloyd Entertains Dorcas Class At Party

Mrs. A. T. Lodge entertained the members of the Dorcas class at their regular monthly class meeting at her home Friday afternoon.

Mrs. J. L. Haynes and Mrs. Roy Green opened the meeting by singing "If We Only Knew Him," accompanied by Mrs. Dannie Walton. Mrs. W. R. Creighton gave the prayer and Mrs. M. E. Harlan conducted the devotional from Psalm 19.

Secret pals were revealed and the class voted to discontinue drawing new names until September. It was reported that the class contributed \$13 to the Mother's Day hospital fund.

A gift was presented to Mrs. W. R. Creighton, former teacher of the class.

The table and entertaining rooms were decorated with cut flowers.

Guests at the meeting were Mrs. Ben L. Mayes, Mrs. M. E. Harlan, Mrs. J. L. Haynes, Mrs. J. F. Walcott and Mrs. Roy Green.

Members attending included Mrs. W. M. Gage, Mrs. W. M. Creighton, Mrs. Bennett Story, Mrs. Joe Barnett, Mrs. Nellie Barton, Mrs. B. Reagan, Mrs. C. M. Chesney, Mrs. Annie Beasley, Mrs. Dannie Walton, Mrs. C. E. Coates, Mrs. Lina Lewellen, Mrs. Lizzie Campbell, Mrs. T. J. A. Robinson and the hostess.

'State Fair' One Of Brightest Of Musical Shows

Hailed as blazing a brilliant new path in motion picture musicals, "State Fair," 20th Century-Fox's Technicolor hit, boasting new songs by Richard Rodgers and Oscar Hammerstein II of "Oklahoma" and "Carousel" fame, and starring Dana Andrews, Jeanne Crain, Dick Haymes and Vivian Blaine with an outstanding sup-

porting cast, opens today at the State Theatre. The sparkling musical hit tells the high-spirited and heart-warming story of one mid-West farm family for whom the eagerly-awaited state fair holds the promise of the glory and romance they've dreamed about the year-round. Jeanne Crain and Dick Haymes appear as brother and sister who look to the fair as an opportunity for romantic excitement—and find it in generous portion with Dana Andrews, a reporter sent to cover the fair, and Vivian Blaine, a singer with the fair dance orchestra.

Charles Winninger is seen as the farmer who pins his hopes on a grand championship prize for Blue Boy, his best, but most temperamental hog, while Fay Bainter portrays his wife who is out for mince-meat honors. Others in the exceptional cast include Donald Meek, Frank McHugh, Percy Kilbride and Henry Morgan. The Rodgers and Hammerstein songs heard in "State Fair" are said to equal in scintillating brilliance their "Oklahoma" and "Carousel" successes. Among the songs featured in the film are: "It Might As Well Be Spring," "It's a Grand Night for Singing," "That's For Me," and "All I Owe Iowa."

Officer Sees Duty And It's Well Done

BROCKTON, Mass. (AP) — Patrolman Thomas Berry has a lot of will power — or maybe he's a vegetarian. The William Gary family went riding and no one could remember whether the gas was turned off under the oven roast. Gary telephoned police and asked them to look. Officer Berry went and found the gas turned off and the airlock cooked a delicate brown. He reported: "I just looked at the thick roast but did not touch."

get his old newspaper spot back, he gets a position through gaining false admission to a society wedding where he meets the right people. From then on he climbs high in the financial world, but never forgetting his unfortunate pals. In desperation he uses the patron Saint Dismas to keep the men out of trouble, and their belief in the Saint's help eventually helps him when he is down and out.

The William Powell name plus the added popularity of Esther Williams, makes this film a sure bet for any situation. And the picture would have lived up to the expectations of most theatre goers for the story of a returned soldier is timely and this one carries a message; but it loses too much in its method of presentation, so that the events that occur lack sincerity and conviction. One finds it difficult, for example, to accept the premise that in lush times several hoodlums will accept, at face value, the help of a patron saint, and then just as quickly turn around and rob the poor in his name.

William Powell carries the entire load of the picture on his very capable shoulders, and as usual, his performance is of exceptional merit. Esther Williams is an extremely attractive young lady, but she has much to learn in histrionic assignments with more ability. James Gleason is swell as the crook turned honest because of faith and Angela Lansbury is effective as the other woman.

Relegated to lesser roles are such capable performers as Lewis Stone, Rags Ragland and Frank McHugh. Norman Taurou has given the picture good direction and Cliff Reid top production values.

TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all, and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcetrane (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if reducible pounds and inches excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears — how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barcetrane home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Barcetrane way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcetrane doesn't show you the sensible way to lose weight, your money will be refunded.

Three Are Hostesses At Farewell Party Honoring Mrs. H. D. Williams

FORSAN, May 18 — Honoring Mrs. H. D. Williams, three hostesses — Mrs. J. D. Leonard, Mrs. Bill Conger, Jr., Mrs. W. B. Dunn — entertained with a farewell tea in the J. D. Leonard home Wednesday afternoon. Mrs. Williams, for several years a music teacher in the Forsan school, is leaving soon to make her home in Midland, where her husband is employed in the Continental Oil company office.

Receiving guests were Mrs. Leonard, the honoree, and Mrs. J. T. Holladay. Mrs. M. E. Perry provided music.

The tea room was decorated with summer flowers. White stock and yellow iris formed the centerpiece and crystal candles with yellow tapers were on either side of the table. Serving punch and cake were Mrs. G. H. Gamble, Mrs. Bill Conger, Jr., Mrs. Lela Goin and Miss Bessie James.

Friends who presented the honoree with gifts and who called included Mrs. E. A. Grissom, Mrs. W. A. Underwood, Mrs. James Underwood, Mrs. E. K. Sawdy, Mrs. P. W. Malone, Mrs. M. M. Fairchild, Mrs. G. B. Hale, Mrs. H. T. Tienerand, Mrs. Hal Cox, Mrs. J. L. Johnson, Mrs. R. E. Hughes, Mrs. W. L. Johnson, Mrs. W. J. White, Mrs. Bessie Cathcart, Mrs. C. V. Wash, Mrs. Sam Porter, Mrs. W. O. Averett, Miss Bessie James, Mrs. Lela Goin, Mrs. Jesse Overton, Mrs. John Cardwell, Mrs. Terry Henry, Mrs. J. M. Craig, Mrs. J. P. Kubecka, Mrs. B. L. LeFever, Mrs. R. L. Condray, Mrs. G. H. Gamble, Mrs. M. E. Perry, Mrs. J. T. Holladay, Mrs. Bill Conger, Jr., Mrs. W. B. Dunn, Mrs. J. D. Leonard.

Hyperion Club Ends Year's Work

The Hyperion club had its final meeting of the year last week with a luncheon in the home of Mrs. J. M. Woodall. Hostesses were Mrs. Pat Murphy, Clara Secrest and Mrs. Woodall.

Mrs. Maurine Koger reviewed "To Whom Palestine?" by Gerrvasi. The luncheon tables were set with arrangements of sweet peas, and larger bowls of the flowers were placed about the rooms.

Attending were Mrs. M. H. Bennett, Mrs. Horace Garratt, Mrs. C. S. Blomshield, Mrs. Koger, Mrs. Ted Groehl, Mrs. Ben LeFever, Mrs. Ira Thurman, Mrs. J. E. Hogan, Mrs. Omar Pitman, Mrs. D. P. Watt, Mrs. R. B. G. Cowper, Mrs. Stormy Thompson, Mrs. R. V. Middleton, Mrs. Elmo Wasson, Mrs. W. B. Hardy, Mrs. J. Y. Robb, and guests, Mrs. Celeste Carlson and Mrs. Meredith.

Material Shortage Halts Sewer Work

Work projects on city sewer lines have been halted because of the material shortage, city officials announced at the close of the week.

Several new lines have been laid during the past few weeks, including projects on the north side, and another is under construction on Gollad street. The last available supply of pipe has been used, and operations will be suspended until more can be obtained. Delivery of new purchases is more uncertain now than ever before, officials said.

Mrs. E. H. Gamble Selected To Head Forsan P-TA Unit

FORSAN, May 18—Members of the Forsan Parent-Teacher association, in their last meeting of the current school year, elected a new president, Mrs. E. H. Gamble. She will take the place of Mrs. Frank Tate, only recently elected, but who was forced to submit her resignation because of serious illness in her family.

Mrs. Harry Miller, outgoing president, was in charge of the business session, during which Mrs. M. E. Perry was named to the vice presidency, in succession to Mrs. Gamble.

The third and sixth grade classes presented a program, and the sixth graders won the attendance prize.

Committee chairmen were appointed, as follows:

Program and yearbook, Mrs. Perry; music, Mrs. J. D. Holladay; devotional, Mrs. Jessie Overton; social, Mrs. E. A. Grissom; finance, Mrs. J. M. Craig; membership, Harry Miller; school publicity, Mrs. Blesse Cathcart; P-TA publicity, Mrs. J. P. Kubecka; hospitality, Mrs. Albert Fletcher; magazine, Mrs. G. F. Dunagan; round-up and health, Mrs. Jim Calcote.

Sanitary Food Sold To Furr's Super-Markets

Sale of the Sanitary Food Market, 310 S. Gregg, to the Furr's Super Markets, Inc., was announced Saturday by Roy Furr, president of the string of super markets serving West Texas and New Mexico, with its general office at Lubbock.

Remodeling, rearranging and restocking of choice merchandise will be the program for the next few days, according to Furr. The grand opening will likely be staged Thursday of this week.

"Lower prices" is the slogan of Furr's, exemplified in all stores over 42 years of retailing.

The Big Spring store is No. 29 in the group of super markets extending from Amarillo to El Paso in West Texas and from Clovis to Hobbs in New Mexico. With Furr are his father, C. W. Furr, president of the Amarillo division, Key Furr, a brother, and associates.

New manager for the store has not yet been named, but will be selected this week, Furr said. The market manager is yet to be chosen, too.

Purchase was made from Ed Sargent, Floyd Rhodes and Homer Williams, who have operated the store in this location for approximately three years.

Trucks will begin to roll to the docks of the store early Monday morning, bringing stocks from the Lubbock warehouse. Furr's maintain, in addition, warehouses at El Paso and Amarillo; meat packing houses at Lubbock and Amarillo, a wholesale house at El Paso and a bakery and creamery at Lubbock.

Furr is active in community affairs in Lubbock. He is president of the Chamber of Commerce and past president of the Rotary Club. He began in the grocery business in 1925 in Amarillo when his father moved his grocery business

City Seeks Delivery Of Heavy Equipment

The City of Big Spring is seeking the earliest possible delivery of several pieces of street repair equipment purchased at the Army air field, officials have reported.

Purchase of a maintainer, roller and concrete mixer has been confirmed, but the city has been unable to get final papers processed. Officials are especially anxious to obtain the maintainer for use in repairing streets. An old machine currently in use is in bad repair, and it is difficult to secure needed parts.

Land Up 114 P.C.

FORT COLLINS, Colo.—Colorado land values have risen far higher in the past seven years than those of most other states in the nation, according to T. H. Summers, agricultural economist at Colorado A. & M. college.

Colorado land values are 114 per cent over the 1939 figure. Only two states, Kentucky and Tennessee, show a greater increase.

Preliminary Work To Begin On Sewage

Heavy earth moving equipment will begin work on an improvement project at the city sewage disposal plant early next week, city officials have announced.

Beginning either Monday or Tuesday, the levee at the plant will be built up and widened considerably.

News Of The Farms And Ranches

By WACIL McNAIR

Rexie Cauble returned Friday afternoon after making the three-day Hereford tour in the Abilene area. He reported an abundance of good cattle in that section, but was especially impressed with moisture and range conditions on many of the ranches visited. From Big Spring to Abilene little difference was noted, but north and east of Abilene he saw plenty of green grass, and, of course, water from the rains of the past week. The entire area from Abilene to Coleman appeared to have plenty of healthy grass and the only delay in planting has been brought on by too much current moisture.

Many of those making the tour out of Abilene are expected here in September for a similar event planned by the Howard County Hereford Breeders Association. Several expressed interest in visiting this section, Cauble said, and the entire group was invited to be here in September.

Dates for two annual camps for 4-H club boys in district six have been set, with both of them to be three-day events. On June 24-26 an encampment will be held at Balmorhea, and on June 27-29 another at San Angelo. Attendance will be limited to 25 boys from each county in the district. Features will include grass judging and rifle matches.

Howard county 4-H club members have already launched an ambitious feeding program for the coming season, with 71 calves now on feed. Difficulties in obtaining feed supplies are creating an early handicap, but they are hoping the situation will improve after the small grain harvest.

Half of the feed produced in Texas in 1945, on the basis of total food value, was wasted. That is the contention of G. G. Garson, dairy specialist of the A&M college extension service, who points out that most sections of the state have 90 days of plentiful pasture

and feed and a nine-months' period of getting by the best way they can.

In his estimate of lost food value which might be conserved for feeding, Gibson includes such potential crops as fence row Johnson grass, crop residue, and bundle feed which is stacked in the open. Rat and weevil damage to stored grain, of course, takes a heavy toll.

"There has never been a year when it is so important not only to produce as much feed as possible, but to save every bit that is produced," Gibson said.

He pointed to the silo, especially the trench silo, as the surest and least expensive method of storing feed.

"Some farmers point to high labor costs and labor shortage as the reason why trench silos were not dug and filled in 1945," Gibson added. "I believe that labor cost at its present level is not the limiting factor for food conservation in the face of the nation-wide food and seed shortage."

Charles Wesley wrote about 8,500 hymns.

Need For Investigation And Initiative

Two events of Thursday may well be important in the history of Big Spring and area — if we are willing to do something about them.

One was the visit by Dr. F. K. Pence of the ceramics engineering division of the University of Texas; the other the conclusion of the "thought survey" series sponsored by the chamber of commerce.

It would be rank optimism to predict the mushrooming of brick, tile and pottery plants on the strength of Dr. Pence's remarks. On the contrary, any or all of these may not be realized, and if they are, they may be weeks, months or even years in coming.

However, the speaker did point to some sound possibilities, calling attention to raw resources, availability of natural gas for fuel, and a promising market. He exploded many misconceptions about ceramics enterprises, and at the same time enumerated the broad range of activities for the field.

Perhaps two of the most important things he had to say could apply to any undertaking as well as ceramics. Basically, these were "investigate" and "initiate."

We have said for a long time that one of our needs is a more thorough investigation of our resources. With the exception of one commercial clay deposit and sand and gravel operation, local people had to depend on per-

sonal memory of other clays in conducting Dr. Pence on a brief tour.

The point is that we lack sufficient information on what we have in natural resources. This knowledge might not bear fruit immediately, but some day it may come in handy. It seems to us that it would be wise to utilize the facilities of the University's ceramics research bureau in getting analysis of various types of clay, sands and stone which abound in our area.

Once possibilities have been revealed, then the necessity of initiative is clear. Sand and gravel and drilling clay have been dormant for millions of years in Howard county until somebody had the vision to develop them. So it will be with other deposits and other possibilities.

This is where the thought survey comes in. Big Spring people have cooperated in attending the meetings to express their opinions of what is needed to develop the community and territory. Several hundred good ideas—enough to keep us busy for years—have come from these sessions. They can be of vast benefit, but only if they are used.

Here is the challenge to the people of Big Spring and surrounding territory. How great is our faith? Will our ability to act match our ability to reason?

Do we possess bold initiative of talent and money?
Or do we just talk a good fight?

Monikers For Models

NEW YORK. — Harry Conover is a young fellow who has made himself a handsome living as a model, agency owner, but his apparently most expert talent is his seemingly silly adjustment of girls' names so that they have individuality.

Harry, not exactly a guy who will hide his abilities under a bushel basket, unless there's a newspaper being printed underneath it, came out this week with his latest discovery. This time, however, he says he didn't have to change the name. It already was sufficiently individual and, with a great touch of coincidence, exactly perfect for the job at hand.

Harry's new model is named Ann Teake, and he found her, of all places, he says, while watching the preparations for the New York Antiques Fair at the armory at Park Ave. and 34th St.

According to our operatives, who seem to be quite close to Harry Conover, this young lady named Ann Teake is an Ann Teake who likes antiques, and she wrote some weeks ago from her home in Dayton, O., for tickets to the antique fair. The publicity tub thumpers for the fair took one look at her name and said they not only would send her tickets but would make her a most honored guest.

Ann, the story goes, is visiting a Conover model named Margaret Finlay, who somehow or other seems to have eluded Harry's antic exuberance for changing simple names to Candy, or Choo-choo, or Dulcet Tone, B-B Gunn (how long can this sort of semantic acrobatics keep up, anyhow, Harry?). When Margaret learned of her visitor's invitation and its synonymous implications, she remembered, too, that Ann Teake is not by any means an antique but

Washington Merry-Go-Round—Drew Pearson

Brotherhoods Fight A Civil War

WASHINGTON. — The threatened railroad strike illustrates how labor politics can turn just as many somersaults as anything else on the Washington Merry-Go-Round.

For instance, the two rail brotherhood chiefs who called the strike, A. M. Whitney of the trainmen and Alvan Johnston of the locomotive engineers, have turned a complete somersault compared with two years ago. Then they were all lovey-dovey with the government, took the initiative in arbitrating a strike, whereas the other three brotherhoods wouldn't.

But greatest somersault is by one Harry S. Truman. Two years ago, Harry Truman was whipping the brotherhoods toward wage increases. Now the same Harry Truman is trying to hold the whip-hand over a rail strike.

At that time—the end of 1943—Senator Truman had introduced a resolution providing an 8-cent-an-hour increase for railroad workers. FDR, however, opposed. And, at a meeting with the brotherhood leaders in December 1943, FDR had some strong words to say about the pay hike proposed by the man who was to succeed him.

"If Congress passes the Truman resolution," he decreed, "I shall veto it. And I shall veto any other attempt by a small group to get theirs at the expense of the nation. This is not government," he continued; "that is government by blackmail. I am shocked to come back from the battlefield, where everyone is doing such a good job, and find talk of a railroad strike."

Two Brotherhoods To Flip-Flop

Today, Harry Truman not only finds himself trying to prevent a higher wage-boost than that already given rail workers by an arbitration board—\$1.28 per day—but he also finds himself with the two rail leaders who helped Roosevelt arbitrate, now flatly opposed to arbitration.

Roosevelt, faced with the strike threat, turned to his best rail-worker friend at one memorable rail conference, and said: "I'm going to begin by asking you, Al, if

you will accept me as sole arbitrator." "Speaking for the trainmen, we'll accept, Mr. President," replied Whitney without a moment's thought.

Other brotherhood leaders asked more time to consider, and a hot fight developed between Whitney and Johnston on one side and the three other brotherhood leaders: Harry Fraser of the conductors, Tom Cashen of the switchmen, and Dave Robertson of the firemen. The latter three stubbornly resisted Roosevelt's arbitration plea and only accepted belatedly.

Now the situation is diametrically the opposite. The three who refused to arbitrate at Roosevelt's request—the conductors, firemen and switchmen—have already accepted Truman's arbitration offer and the award of \$1.28 a day has been recommended. (They are not happy about the amount awarded, but believe in continuing their trade.) However, FDR's old friends, Whitney and Johnston, not even agreeing to arbitrate, have called the strike.

Rail Bitterness Deepens

For a long time, bad blood had existed between the trainmen-engineer brotherhoods and the other three—conductors, switchmen and firemen. It has been somewhat like the CIO-AFL row, but the bitterness deepened after the Roosevelt arbitration dispute.

Whitney, at the time, sent a letter to all his trainmen exhorting the other brotherhoods for refusing to arbitrate—a letter which doesn't put him in such a good light today. Among other things, he made up a little poem which read:

Three blind mice—hear how they talk!
They all refuse to arbitrate—
They're gambling with their country's fate—
Though the hour is getting late
For the three blind mice.

"Were they afraid to trust the President?" Whitney asked his fellow trainmen in the round-robin letter. "Or is it possible that they (the other three brotherhoods) were playing organization politics in the hope that they may strengthen their numerical and financial condition?"

The letter didn't help ease the brotherhood feud; though the conductors, switchmen and firemen, who have now accepted arbitration, consider Whitney's epistle just a little bit ludicrous today.

Lone Wolf Whitney

A. F. Whitney, the man who now refuses to arbitrate, is the son of a preacher, was born in Cedar Rapids, Iowa, the same state which nurtured John L. Lewis. He got his first job as a news butcher on the Chicago and Northwestern, later graduating to brakeman on the Illinois Central, is considered the most brilliant and able of the brotherhood leaders. FDR once sent him to Buenos Aires as a delegate to a Pan-American conference.

Whitney long has been the lone-wolf of the brotherhoods, and in

Redistricting Should Be Forced

By FRANK GRIMES
Herald Special Writer

Over a period of years this newspaper has frequently advocated a court test to determine whether or not members of the Texas legislature were legally entitled to their pay, and whether or not the thousands of acts of the legislature since 1930 were in fact valid.

It argued that since the state constitution specifies the manner in which legislative districts shall be determined, and since the constitution makes redistricting mandatory after each decennial census, and since the legislature has refused to carry out this mandate every year since the 1930 and 1940 censuses, every man who has served in either house in the last 16 years was in fact representing a district not established by law, under the plain terms of the constitution, and was therefore drawing pay for performing duties he was not legally authorized to perform.

This newspaper also argued that redistricting should be made as automatic as possible, like the tax rate, that it should be taken out of the hands of selfish legislators and put upon the shoulders of a non-partisan commission freed from political restraints and self-seeking, and that the constitution should be changed to make it impossible for a legislator to represent a district not set up under the plain terms of the constitution.

Come now the Bar Associations of Nueces, Hidalgo and Cameron counties with a three-point program embodying two of the points stressed by this newspaper over the years. These suggestions are: (1) Filing of legislative candidates at large; (2) Calling a constitutional convention to take apportionment power away from the legislature; and (3) A taxpayer's suit to stop pay of legislators elected from existing districts.

Item No. 1 has its obvious drawback, to-wit: It would result in a wild scramble for senator and

representative, and the larger cities of the state probably would hog the show.

The other two proposals are better based. A court test of a legislator's right to draw pay while representing a district not constitutionally established would serve to dramatize the situation, even if it got tangled up in the courts for years.

The merit of a constitutional convention to take the power of apportionment away from the legislature speaks for itself. In normal procedure, it would be up to the legislature to submit a constitutional amendment effecting the same thing, which means simply it never would be done, for no legislator with a personal axe to grind would ever vote to submit such an amendment, and it takes a two-thirds majority in each house for submission.

The constitution of 1876, under which Texas now suffers, has been amended numberless times. The need for a constitutional convention to rewrite the whole thing has long been apparent.

Still another court test, suggested by this newspaper in times past, would be for some taxpayer to file suit on the ground that he has been taxed without representation. It should be easy for some of the thousands of residents now a "surplus" in the fast-growing districts of the state to prove that they had enjoyed no equal representation in either house. One long-suffering senatorial district has four times as many residents as one of the other districts—463,000 to 108,000.

The gentlemen from Nueces, Cameron and Hidalgo should find no trouble raising funds for a test of their case in the courts.

The shame of it is that citizens of Texas must enter the courts to gain what their constitution so clearly intended for them to have—prompt redistricting after each decennial census. Any lawful step to remedy this intolerable condition would be justified.

Lewis Wouldn't Submit To Arbitrator

WASHINGTON. (AP) — Now the coal dispute between John L. Lewis and the mine owners is more tangled than ever.

Lewis and the owners have turned down President Truman on his proposal that they submit their two-months' old argument to arbitration.

Had they accepted they would

have had to accept as final the decision of one man, the arbitrator. They refused.

They seem to have obviously logical reasons for refusing. Lewis' No. 1 demand is for the owners to contribute seven percent of their payroll to establish a health and welfare fund for the miners.

The miners would contribute nothing but would run the fund without any supervision by the owners.

The owners flatly rejected this demand. They said such a fund was so far-reaching, socially, it called for legislation.

That is the very thing Congress is talking about.

Congress, in an angry mood at Lewis, is talking of passing a law to forbid any employer to contribute to an employees' fund.

Such legislation—if Congress passed it and Mr. Truman didn't veto it—would block Lewis and cut the welfare fund right out of his demands.

But the welfare fund is only one of Lewis' demands. He also wants a raise for the miners, but he hasn't said how much.

If the owners agreed to arbitration without knowing what Lewis wants in wages, they'd be writing

a blank check for the arbitrator simply because Lewis hadn't been willing to say what he wants.

But Lewis, too, would have been taking a chance in accepting an arbitrator as the one who would decide what he and his miners could get after their 42-day strike.

The owners already have offered Lewis, without knowing what he wants, a raise of approximately 18 1/2 cents an hour, which is the kind of raise the government has allowed in other large industries.

If that's all the arbitrator decided to let Lewis have—and at the same time knocked out his other demands—Lewis might have an unpleasant time trying to explain this to his miners.

Why he hadn't settled for the 18 1/2-cent raise before the strike started—the owners offered it before the strike—instead of letting them lose \$10 a day, their daily pay, for 42 days of strike?

Lewis is playing for high stakes. His long silence on what he wants was a psychological attempt to beat the owners into line.

It also crippled the nation. It would therefore be a strange sight to see Lewis, who always acts the strong man making his own way in the world, suddenly letting some arbitrator decide what Lewis could, or could not, have.

U. S. Engineers Call For Plans On Vet Hospital

The War Department has ordered plans and specifications to be drawn for the new Veterans Administration hospital in Big Spring, Associated Press dispatches from Albuquerque, N. M., revealed Saturday. The announcement came from Col. Henry F. Hannis, district US engineer at Albuquerque.

He said instructors were expected shortly to initiate construction on the 250-bed general medical unit for which plans would be prepared under contract by an architect engineer.

Meanwhile, preliminary survey and inspection work continued on the hospital site by US engineers.

All buildings have been moved from the site, with exception of one owned by the Halliburton Oil Well company, the Burnett-Uhl Machine Shop and one house owned by the city. Preparations are being made for clearing these, City Manager B. J. McDaniel said. The house owned by the city will be torn down, he said. Halliburton already has moved two buildings from the site.

Shoes Responsible For Good Or Bad Foot Health, Comfort Say Rockettes

PRECISION LEGWORK is one reason why the Rockettes are toasted around the world.

By **BETTY CLARKE**
AP Newsfeatures Beauty Editor

If you have reason to complain after a shopping tour that your feet are "killing you" consider Radio City's Rockettes, who dance at the Music Hall four times a day to strenuous toe and leg routines, yet never complain about aching feet.

While adhering to no particular routine on care of the feet, the girls have a few secrets which other women might well heed, whether they dance or not.

In the first place the Rockettes are very careful of what shoes they wear, even off stage. Very high heels, they find, are unwise since they tend to throw the feet as well as the whole body radically

out of normal line, and are likely to make the foot cramped and misshapen. Also, no false pride leads them to buy their shoes too narrow, for the same reason.

They never wear shoes that cramp their feet in the slightest. There is nothing charming about a foot that is imprisoned in a shoe far too small, nor can its owner herself move with true feminine grace when so shod, either on stage or off, they say. The troupe's dancing slippers also are carefully fitted to make sure that the shoe is exactly perfect.

The Rockettes don't have to baby their feet. They use 'em too much. Their feet are strong-muscled and agile because even

when they are not using them on stage they are engaging in sports, walking or social dancing.

When the troupe has particularly vigorous tap routine to do, the girls make it a habit to bathe their feet frequently in luke-warm salt water. This helps toughen 'em, for even the Rockettes' skilled feet can become tired in such dances. Very hot water, the girls say, has the opposite effect, for rather than resting them it makes the feet over-sensitive, weak and tender.

During rehearsals, the girls will frequently stretch out on a bench, or upon the floor, raising their legs above their heads, an exercise which is restful since it causes a flow of blood away from the feet.

Besides following these few simple rules, a Rockette will sometimes visit a chiropodist. Proper professional advice is often necessary, whether you're a member of the world's most famous dance troupe, a receptionist or a housewife.

Dates Are Set For Rodeo At Midland

MIDLAND, May 18. — Featuring the best in rodeo entertainment, the 12th annual World-Championship Midland Rodeo will be held here May 30-June 2, under the sponsorship of Midland Fair, Inc.

The 1946 Midland Rodeo will be a Victory Celebration and is expected to top all previous shows in entertainment and attendance. "Open to the world," the top cowhands of the nation will compete for purses and prizes totaling more than \$7,500, including contestants' entrance fees. Rodeo events will include bronc riding, calf roping, bull riding, bareback bronc riding, and steer wrestling.

Stock for the big event is furnished by Everett Colborn and Gene Autry of the World's Championship Rodeo Corporation, and is the same as used at Madison Square Garden Rodeo, and at other big-time shows, including Fort Worth.

Cowgirl sponsors from West Texas, New Mexico and Arizona are entered in the colorful Cowgirl Sponsor Contest to be held in connection with the rodeo. The sponsors will compete for prizes valued at more than \$1,000.

A cowgirl calf roping event also will be held this year. A big horsemen's parade the afternoon of May 30 will officially open the annual event. Evening rodeo performances will be held May 30 and 31 and June 1 and 2, with an afternoon performance scheduled Sunday, June 2.

Planting Still Is Lagging In This Section

Although rains of Tuesday night improved crop planting conditions in some sections of the county, the general outlook did not brighten appreciably, according to reports from various areas during the week.

Cotton planting still is lagging behind schedule despite increased activity in communities where it rained Tuesday night. Fifty per cent would be a liberal estimate of the amount of Howard county land planted to date, County Agent Durward Lewter said.

Large farms in the northwestern part of the county, which account for a sizeable portion of the annual cotton acreage, have not been planted, and others in the same vicinity who have planted doubt that they will get a stand.

Material damage from rain and hail Tuesday night was confined principally to two communities, Elbow and Lomax. Some cotton in both communities which had reached a height of two to three inches was destroyed. Most of the grain sorghums, which also were damaged in those communities, are expected to survive, however.

Cotton planting has not assumed normal operation even in some areas which received beneficial showers, with many of the farmers deciding to wait a few days more on the possibility of getting a full season of moisture.

A good general rain, covering the entire county will be necessary if the cotton acreage reaches the total previously expected, Lewter said. Many farmers have indicated that if good season does not come before early June

"My services are for hire, to personally conduct tourist parties around the battlefields overseas and explain how we won the war!"

they will use most of their land for grain.

The grain sorghum acreage already is expected to be increased, with a current possibility that it will exceed that of cotton. Virtual assurance of good prices at harvest time and the uncertainty of the cotton prospects are contributing to the trend.

Stevenson Wins Wide Approval In His Position As Governor

By JOE BELDEN
Director, The Texas Poll
AUSTIN, May 18. — Of every one hundred Texans, seventy-one today approve of Coke R. Stevenson, as governor.

The state's chief executive, still "calculating" whether to run for a third term, is overwhelmingly popular in every section of Texas. Probably the only major group dissatisfied with his administration is the negro electorate. These facts were elicited from a cross section of people just interviewed by The Texas Poll, the state public opinion survey, in its revival of the governor's month-to-month popularity index. In December, 1941, shortly before the Poll suspended operations for the duration of the war, the Stevenson index showed a 76 per cent vote of confidence. During the war years the governor's popularity may have had its ups and downs. But the remarkable thing is that today, in his fifth year in the office, he is nearly as popular as he was his first year. His average popularity in 1941 was 77 per cent.

That he has the backing of a large number "as governor" does not necessarily mean they would vote for him again. In fact, nearly half of those who say they are satisfied with his administration declare they would rather vote for someone else in the primaries this summer. The Texas Poll two week ago published results of a survey in which Stevenson, as a potential candidate, received only 39 per cent. In that survey Homer P. Rainey polled 12 per cent and W. Lee O'Daniel 11. Others received 8 per cent or less.

Generally, do you approve or disapprove of Coke Stevenson as governor of Texas? Is the question interviewers for the Poll will ask once a month to measure public support of the incumbent.

Here are the results of the current survey:
All Voters: 71%
Approve 71%
Disapprove 21%
Undecided 8%

In each of its state studies, the Poll includes a proportion of negro voters, who are interviewed by their own race. All colored interviewers are college graduates. Unlike every other major class of

voters, a majority of negroes dislike Stevenson as governor:

Negroes Only:
Approve 32%
Disapprove 58%
Undecided 10%

Some observers have commented that Texas' half million veterans may turn out to be a powerful political bloc voting in its own peculiar ways. The Poll interviews a cross section of World War II veterans in all its surveys. On some issues the ex-soldiers, sailors, and marines perhaps will differ with the general public. On Governor Stevenson, however, they seem to feel in just about the same way as any other people. Compare the votes of the electorate as a whole with those of veterans tabulated separately (a difference of 1 to 3 percentage points is seldom significant in samplings such as this poll):

All Vets
Approve 71% 72%
Disapprove 21 19
Undecided 8 9

Snow At 72 Degrees

WHEAT RIDGE, Colo.—As far as weather is concerned, anything can happen in Colorado.

Residents of this town put on their overcoats when they saw snow rolling down outside. But when they turned out into the snow they found that their coats were unnecessary. The temperature stood at 72 degrees above zero.
