NUMBER 30

State Capital NEWS

Competition is shaping up in the top two state races for 1972. State Sen. Joe Christie of El Paso emerged recently as a possible candidate for the Democratic U.S. Senate nomination. Christie, a 38-year El Pasoan, said he would be reluctant to abandon his state senate place, but he is keeping a close eye on U.S. Senator John Tower's activities in the Senate and considering him vulnerable to contest as a strong Democrat.

Christie's statement was seen as a trail balloon aimed at detecting just how serious Democratic leaders are about fielding a candidate against Tower -- and whether they would consider him as the man to unite behind. Meanwhile, Dolph Briscoe of Abilene is declaring his candidacy for governor and asking support in a series of statewide speeches.

Gov. Ben Barnes, of course, announced his candidacy for governor in mid-June, and already is campaigning with time out to get married; to the former Mrs. Nancy Sayen Austin, a longtime friend.

Former U.S. Sen. Ralph Yarborough is still leaving the door open for either a senate or gubernatorial race.

Gov. Preston Smith hints, from time to time, he may seek re-election.

Houston Post President William P. Hobby is the only announced candidate to succeed James as lieutenant governor, but a lot more are expected to follow.

COURTS SPEAK
State Supreme Court upheld an intermediate court finding that an individual has no vested property right "to welfare aid."

In other recent decisions, High Court held:
* A 1966 constitutional amendment does not outlaw use of market value to determine tax value of agricultural land. Kerr County ranchers had contended valuation should be determined in net income per acre from agricultural use only.

* Beaumont Baptist minister of a church moved into a residential neighborhood cannot be held in contempt of a court order which blocked construction of an animal health clinic on same site.

* Texas law does not require father to support his illegitimate children. (Only one other state fails to provide for such support.)

* Contractors cannot collect on an insurance policy as the result of fire at a missile site near Abilene from which they had been hired to move property.

* Austin district judge cleared the way for an appellate court test of whether the legislature in effect repealed penalties for possession of LSD and certain other illegal drugs.

* Driver who failed to prove otherparty in a traffic accident was not insured cannot collect on his uninsured motorist policy.

APPOINTMENTS - Governor Smith announced the appointment of Mrs. Mary Nell Garrison of Austin to the Board of Regents of Midwestern University, Wichita Falls. Smith also announced these recent appointments:
* Louis Shanks of Austin to State School Land Board.
* Frank Medina of Austin, Dr. James W. Saffield of Beaumont and Logan W. Wood Jr. of Houston to new Texas Board of Athletic Trainers.
* Charles Freeman of Pleasanton to Board of Directors of Green Underground Water Conservation District.
* Bruce Street of Graham and A. M. Willis of Longview to North Texas State University Board of Regents (reappointments).

(with less than five favorable votes out of seven). Seven of the latter group who registered two or less votes deemed correct by the environmentalists were put down as having "abominable records."

Senate's record, said the environmentalists, was better than that of the House, though only a "fraction" of strong pollution-control and conservation bills ever passed either house.

LABOR'S ELECTION DAY
August 14 is a major election day for organized labor.

AFL-CIO will select new officers at its state convention in Dallas at that time.

H.S. (Hank) Brown is stepping aside as president. Candidates to succeed him are Roy R. Evans, now AFL-CIO secretary-treasurer, and Harold Tate, the organization's education director since 1964. Candidates for secretary-treasurer include Sherman Fricks (Evans' running mate), Harry Hubbard (Tate's ticketmate) and Henry Munoz Jr.

Brown threw his support to Tate, but Evans claims he is ahead.

EXAMINE HUNT LANDS
Parks and Wildlife Director James U. Cross and Land Commissioner Bob Armstrong made a helicopter tour of the Canadian River bed to inspect an area involved in a controversy over free public hunting.

Parks and Wildlife Commission June 4 ordered a stop to hunting on stateowned river beds and public lands.

After heated protests from the Panhandle, Commission indicated it might switch its position for Canadian River lands.

PWC staff was directed to get more information and make its recommendation at a meeting this month.

BRAND RECORDING NECESSARY
Cattlemen must record their brands and marks, including locations on animals, with county clerks after August 30.

Texas and Southwestern Cattlemen's Association said six months is allowed after August 30 to register brands. Thereafter, brands must be registered every 10 years.

INDUSTRIES EXPAND - Texas Industrial Commission report lists 161 new industries as starting in the state in the first six months of 1971, an increase of eight over last year.

One hundred others expanded. Commission announced a comprehensive research project to find why some Texas rural areas have a population upsurge and others continue in a slump.

Agency also ordered a feasibility study to determine the future of textile manufacturing in the state. Texas produces more than 30% of the nation's cotton, 97% of mohair and 50% of wool, with most of it processed in other states. A recent survey showed processing facilities may add more than \$7 billion a year to the state's economy.

SHORT SNORTS
Houston and Waco were selected to participate in new community development (Model Cities) experiment.

Paris and Wildlife Commission has set September 1 as opening day of dove season for the North Zone.

HARRIS BRINSON

Marching Band Workshop Held In Illinois

Harris Brinson, son-in-law of Mr. and Mrs. Miro Pakan left last week for Evanston, Illinois where he will be leading in a Marching Band Workshop at Northwestern University School of Music. The workshop will be for band directors only, and will run from August 2 through the 6th.

Harris Brinson is the director of bands at the Pampa High School. He received his undergraduate training at Texas Christian University and West Texas State University. He holds the Bachelor of Music Education and Master of Arts Degrees from West Texas State. He has served as clinician and adjudicator for concert and marching bands in Colorado, Kansas, New Mexico, Nebraska, Oklahoma, and Texas. Under his direction, the Pampa High School Band has provided marching shows for professional football games before national television audiences from Los Angeles and New York.

County Judge Named Chairman of Abundance Week

Gray County Judge Don Cain has been named chairman of the local Texas Food and Fiber Abundance Week observance which will be November 15-21, the week before Thanksgiving, according to C.G. Scruggs, Dallas, vice president and editor of the Progressive Farmer magazine and chairman of the board of the statewide council promoting the special event.

Judge Cain is expected to call on agricultural and business leaders in the county to work as a committee in promoting appreciation for the abundance of food and fiber from the state's farms and ranches.

The first organizational meetings of the Council were held in February in Fort Worth and Austin. Task force committees met in April in Austin, and the finance committee held its first meeting June 29 in Houston. Money to finance news releases, films for television and tapes for radio will come from voluntary contributions.

In the letter naming Judge Cain as chairman of the county Food and Fiber observance, Scruggs pointed out that agriculture is today -- and has been for many years -- the number one industry in the State of Texas.

To call attention to these facts, the week just before Thanksgiving -- November 15-21 has been designated as "Texas Food and Fiber Abundance Week." County Judges all across Texas are being asked to give leadership to the effort on the county level.

News media are being asked to contribute free time and space for publicizing the statewide celebration.

The Old Timer

Mr. and Mrs. John Pakan and children visited last week with his parents, Mr. and Mrs. Miro Pakan. Mr. and Mrs. John Pakan left for a tour of Europe and their children stayed on for a visit with their grandparents.

SP/5 James Bible was home over the weekend from Ft. Carson, Colorado where he is now stationed.

James is the son of Mr. and Mrs. John V. Bible.

Telephone Co. Have New Reduced Rate

An adjustment of long distance telephone rates, which features a new reduced rate for Direct Distance Dialing and increased rates for operator-assistance calls within Texas, was announced today by Southwest Bell.

Scheduled to go into effect September 1, the adjustment should increase gross revenue by about 2% of \$15 million annually. H.D. Schodde, vice president for Southwest Bell operations in Texas, said the after-tax result will be an increase of \$7 million in net operating revenue. "That amount should assist the company in maintaining its earnings in the range of 5.3% on the value of its property in Texas," Schodde said.

The new rates represent the first major long distance rate increase in the state since 1955. The company reduced rates \$6 million annually in 1967.

Schodde said the adjustment closely parallels a trend by AT&T and other operating telephone companies to place increases on calls which require operator assistance, and provides a reduction for station-to-station calls which customers can complete themselves. "It costs us more to provide operator assistance," Schodde said, "so that's where we're placing most of the increase. On the other hand, customers who dial their own station-to-station calls should have the benefit of a reduced rate."

Schodde emphasized that the estimated two percent increase in company revenues was based on present customer calling habits. "If customers dial more of their calls, the increase would be less," he said.

In addition to the new reduced rate for Direct Distance Dialing, the adjustments also call for the introduction of a one-minute initial rate period (rather than 3 minutes) on "night" Direct Distance Dialing; new rates for all operator-assisted -- station-to-station and person-to-person -- calls during all calling periods; and establishes rate periods (day, evening, night and weekend) and DDD calls which are the same as now in effect for all calls going outside of Texas.

Two holidays -- Labor Day and July 4th -- also have been added to the list of days on which reduced rates apply for DDD calls.

We've been able to avoid making an adjustment on intrastate rates due to improved technology. However, the high cost of borrowed money and increased operating costs, including taxes and wages leaves us little other choice now than to place the new rates in effect. We hope customers will take advantage of the reductions which we're offering in this package to keep their individual bills lower.

Comparing previous rates with those which will go into effect September 1, Schodde said that an evening three-minute station-to-station call under previous rates for a distance of 300 miles would have been 85¢. The same call under the new customer dialed rate would be 66¢. Schodde also noted that a call after 11 p.m. anywhere in Texas would cost 22 cents or less under the new one-minute initial rate period.

Under previous rates, a three-minute person-to-person daytime call would have been \$1.70. Under the new rates, the same call would be \$2.30. The new DDD rate will be available in towns which are not equipped for DDD when station-to-station calls are placed by providing the operator with the Area Code and complete telephone number, and when the operator is not required to provide any additional assistance.

Mr. and Mrs. John Pakan and children visited last week with his parents, Mr. and Mrs. Miro Pakan. Mr. and Mrs. John Pakan left for a tour of Europe and their children stayed on for a visit with their grandparents.

SP/5 James Bible was home over the weekend from Ft. Carson, Colorado where he is now stationed.

James is the son of Mr. and Mrs. John V. Bible.

Mrs. Lura Gatlin, McLean Native Buried Tuesday

Funeral services for Mrs. Lura Fay Gatlin, 63, who died at 2:30 a.m. Sunday in McLean Hospital, were held at 3 p.m. Tuesday in the First United Methodist Church of McLean.

Officiating was Rev. Robert Brown, pastor. Burial was in the Hillcrest Cemetery by Lamb Funeral Home.

Mrs. Gatlin was born in McLean and had lived in the McLean area all her life. She married Floyd Gatlin in Miami, Oct. 31, 1927.

Survivors include her husband, a son, James of Lefors; two sisters, Mrs. Martha Hamlin of Kellerville and Mrs. Grace Jacobs of Clayton, N.M.; two brothers, Douglas Ivy of Wildorado and Arthur Ivy of Prineville, Ore.; and three grandchildren.

Art Festival To Be Held At Borger October 21, 22 & 23

Jeannette Johnson of the Women's Division, Borger Chamber of Commerce, announced today the dates for the Fourth Annual Magic Plains Fine Arts Festival.

In order to take advantage of the cooler climate, the Festival will be held this year on Thursday, Friday and Saturday - October 21, 22 and 23.

This year, in addition to the time change from August, the event will be held in the Alumnium Dome, Johnson Park, Borger, Texas. The past three Festivals have shown an increase in interest each year, and the Women's Division of the Chamber is busy making plans for an even more successful show this October.

Claude Mounce Graduates From Naval College

Navy Commander Claude E. Mounce, son of Mrs. Hal Mounce of McLean, Texas, was graduated June 21 from the Naval War College in Newport, R.I.

A special week of Global Strategy Discussions culminated his 10-month course. Some 900 high ranking civilian and military guests of the Secretary of the Navy participated in the discussion.

The Naval War College offers graduate level courses to senior Navy officers as well as those of other armed forces, Senior government civilians and Allied naval officers.

Senator Margaret Chase Smith, R.-Maine, delivered the commencement address.

Jane Bible Receives Scholarship

Jane Mae Bible was home over the weekend. She received a scholarship from N.W.T.H. She started her training July 12, 1971. She is staying at St. Anthony Hospital. Her address is: Jane Mae Bible, St. Anthony Res. Dorm 238, Box 950, Amarillo, Texas.

BEEF CATTLE SHORT COURSE
Texas A&M University will host its 21st Annual Beef Cattle Short Course August 16 - 17 at the Memorial Student Center on the Texas A&M campus. The theme for the program is "Improving Reproductive Efficiency in Beef Cattle." Information will feature subjects on breeding heifers, feeding programs for breeding animals and calving difficulties. Reports on studies involving and call performance in exotic cattle will also be made.

SP/5 James Bible was home over the weekend from Ft. Carson, Colorado where he is now stationed.

James is the son of Mr. and Mrs. John V. Bible.

Sept. 19-25 Procl Proclaimed "Highway Week In Texas"

The period September 19-25 has been proclaimed as "highway week in Texas" by Governor Preston Smith.

By official memorandum Governor Smith pointed out that the Texas highway system encompasses some 70 thousand miles of the nation's finest roads and highways.

"These vital travelways are essential to the continued growth of the Texas economy and form the 'backbone of Total Transportation' in the Lone Star State," the memorandum said, setting the theme for the annual observance.

Governor Smith cited the Texas Highway Department for more than 40 years of leadership in highway beautification and safety, service and efficiency of the highway system.

He described the Highway Department as "The State's Largest Gardener" which plants more trees, wildflowers and ornamental shrubs than any other organization in the State.

Governor Smith urged "all citizens to lend their total support to the highway program and the Texas Highway Department. Highway Department installations across the State will stage special open house and other special ceremonies to mark the observance."

Highway Week in Texas has been under sponsorship of the Texas Good Roads Association since the first such observance a decade ago.

Beef Cattle Numbers In Feedlots Climb Fall Registration

The number of Texas cattle on pastures and in feedlots is on the upswing according to recently released figures of the Texas Crop and Livestock Reporting Service.

On July 1, cattle on feed in the state totaled 1,700,000 head up 20% from a year earlier. This establishes a new record and makes Texas the leading cattle feeding state, replacing Iowa.

Iowa feeding numbers showed a 13% decline, enabling Texas to become the top feeding state.

Beef cows that have calved reached 5.8 million head on January 1, 1971, showing a four percent increase from the same time last year.

During the year that ended March 1, marketings of cattle and calves reached 6.3 million. Half of this number was accounted for by fed cattle marketings from feedlots.

Texas shipped out almost one-half of a million more cattle and calves than it brought into the state during 1970. Nearly two-thirds of the outshipments went to California, Colorado, New Mexico or Oklahoma. Over half of the inshipments came from New Mexico or Oklahoma.

Texas ranked as the third most important state in the nation for cattle slaughter in 1970 and held the fifth position in calves. Cash receipts from cattle and calves amounted to \$1.4 billion with cattle prices averaging five percent higher and calf prices averaging about seven percent greater.

Texas sheep raisers watched stocker ewes, one year and older, increase to 2.7 million head as of Jan. 1, 1971. This represented a 5% increase over year earlier figures. The report revealed that almost twice as many sheep and lambs were moved out of Texas as were shipped in during 1970. Half of the outshipments went to Colorado while over half of the inshipments were from New Mexico.

During 1970 sheep prices were down about 1% while lamb prices averaged 6% below year earlier figures. Wool prices were off 2% compared to the prices paid the year before. Total cash receipts from sheep and lambs reached \$39 million during 1970.

MCLEAN BAND STARTS SUMMER REHEARSALS
McLean High School band will start rehearsals Tuesday August 10, at 6:30 p.m. to 7:30 p.m. at the Band Hall.

Soil Conservation District Places New Range Specialist

Mickey Black, conservationist with the Soil Conservation Service here, has announced the appointment of a new rangeland specialist and conservationist, Phil Richey.

Richey is a 1970 graduate of Abilene Christian College and transferred from the Snyder District in July of this year.

Black said the new specialist rounds out the conservation personnel in Pampa adding that his training and knowledge in the fields of range management and animal science will be valuable to area ranchers.

Richey may be contacted by calling 665-1751. Other conservation experts in Pampa are Jim Roach and Lewis.

Richey resides east of Pampa with his wife Judy and seven-

month old daughter, Phyllis. He is a native of Big Spring.

PHIL RICHEY

Co. Commissioners Have Meeting

Notice is hereby given that the Commissioners' Court of Gray County met at 10:00 o'clock a.m. on Monday, August 2 at its regular meeting place in the County Courtroom, Courthouse, in the City of Pampa, for the purpose of considering:

1. Discuss ambulance service
2. Accept resignation of County School Superintendent and consider appointment of successor
3. Consider replacement for Assistant Home
4. Pay bills
5. Pay Salaries.

Leroy Morrison Receives Degree

Mr. Leroy Morrison, son-in-law of Mr. and Mrs. Perry Roby, received a Master of Education Degree from Southwest State College, Weatherford, Oklahoma on Friday night, July 30.

1972 Wheat Program Announced

Major provisions of the 1972 program for wheat were announced July 23 by Secretary of Agriculture Clifford M. Hardin. The program provides for an acreage set-aside requirement equal to 83% of the farm domestic allotment -- the maximum provided by law. It was further announced that the program will again allow the substitution of feed grain for wheat; that soybeans will be a substitute crop next year; and that barley will be included in the 1972 feed grain program. No limit on wheat acreage will be established for 1972.

Secretary Hardin states: "By announcing these changes at this time, producers will have the information they need to make their planting plans for the 1972 crop."

There is no change in the previously announced 1972 domestic wheat allotment of 19.7 million acres or in the loan rate of \$1.25 bushel national average established for the 1971 crop. Farm-stored and warehouse-stored loans and purchases are available to producers who participate in the program.

The 1972 wheat set-aside is based on percentages on preliminary estimates of acreage required for next year's production to meet U.S. domestic and export needs, USDA officials said. It compares with the 1971 set-aside of 75% of the farm's allotment.

Under the substitution provision, acreage devoted to feed grain or soybeans will be considered planted to wheat to prevent loss of allotment. Acreage devoted to wheat or soybeans will be considered planted to feed grain to prevent loss of feed grain base. This will enable a producer to plant all or any combination of his history.

As in this year's program, there is no provision regarding excess wheat production in the

Football Season Opens Sept. 10 With Shamrock

Football season is only six weeks away, and the 1971 edition of the McLean Tigers will begin two-a-day workouts Aug. 16.

Workouts will be reduced to once daily at the beginning of school Aug. 23. (The first day of school date is not definite at this time.) The McLean Tigers' 1971 schedule is as follows:

Man Gets 6-Year Sentence For Cattle Theft

Lesley D. Blades, 26, Lubbock, pleaded guilty to a cattle theft charge in Judge Grainger McIlhenny's 31st District Court here Friday and was sentenced to six years in the state penitentiary at Huntsville.

Blades was charged, along with Jimmy E. Thomas, 28, also of Lubbock, in the theft of seven head of cattle from the Bob Massey farm, two miles east of McLean, on Nov. 24, 1970.

Sheriff Rufe Jordan said Saturday the stolen cattle were sold in Lubbock three days later on Nov. 27, 1970.

Both Blades and Thomas were indicted for cattle theft by a Gray County grand jury.

The sheriff said Thomas, under indictment here, was apprehended in Altus, Okla., and charged with cattle theft there. He was found guilty and began a four-year term in the McAlester, Okla., penitentiary last Thursday, Sheriff Jordan said.

Blades was apprehended in Golden, Colo., last May 21 and brought to Gray County May 29 to await trial.

No. 1 Deer State May Keep Title

Texas is not likely to lose its "Number One" ranking as a deer hunting state this fall, despite dry conditions in some areas.

Texas Parks and Wildlife biologists feel that statewide this deer season is not likely to be much below average.

And an "average" season in Texas is pretty good. Last year hunters took more than 290,000 deer from the estimated herd of 3,000,000-plus animals. The kill and total deer population put Texas in a class by itself.

The drought apparently has taken a toll in some deer areas, but a massive winter "die-off" expected by some observers didn't happen because of generally mild temperatures. Several "hard freezes" could have been disastrous in some areas, biologists say.

In spite of conditions, wildlife specialists surprisingly have reported a good fawn crop virtually throughout Central Texas -- an area which includes the famed and heavily hunted Edwards Plateau.

In South Texas -- the state's other deer hotspot -- the fawn crop was thinner, but late-arriving rains stimulated forage growth enough to give hunters hopes for deer in good physical shape this fall.

Parks and Wildlife specialists point out that it is still a bit early to predict population levels or conditions of deer in the fall hunting seasons.

It is predictable, however, that there again will be a big turnout of hunters both from Texas and out of state. Resident hunters need a resident hunting permit of hunters both from Texas and out of state. Resident license (which includes deer tags) available from locations throughout the state at a price of \$3.25. Non-resident licenses are \$25.

Texas' deer seasons and bag limits vary by county. In most of the white-tailed deer hunting areas the season is from the Saturday nearest Nov. 15 to Jan. 2, but hunters should check with local game management officers or department offices to determine local laws.

The department's "Hunting Guide," which contains regulations for all the state's game animals, will be available before the start of the fall hunting seasons.

Bag limits usually are three deer, no more than two bucks, with doe permits obtainable from landowners for the antlerless deer. In 22 counties this year, an "either sex" deer harvest is authorized, with a bag limit of two deer of either sex, or, in some cases, two deer to include not more than one buck.

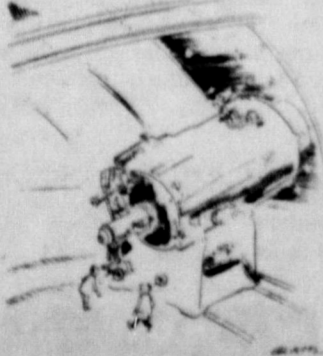

Mrs. Julia Cooper Honored on Her Birthday

Mrs. Julia Cooper was surprised to be honored with a birthday cake and Red and White Carnation arrangement at Minnie Erwin's home. A number of friends and relatives also came in for a chat.

The cake and flowers were presented by Minnie Erwin and Susie Trout, given by her children and grandchildren and sister, Neggie Dobson.

Out of town guests were a son and his wife, Mr. and Mrs. Chester Cooper of Cokedale, Colo., and grandchildren, Mr. and Mrs. J. C. Cooper and son of Irvin, Texas, Mr. and Mrs. Clifford Martindale and 3 boys of Pampa. From McLean were Mrs. Lucy Smith, Mrs. Bob Black, Mrs. Joe Willis, and her dad, who is visiting her from California, Granddad Fulton. The day was enjoyed by all.

Civil Rights For Cinderella?

At first glance, Mr. Harrison's will seemed plain enough. It left his entire estate to his "children," a word that obviously included his own three daughters. But did it also include his stepdaughter, the child of his second wife?

After a court hearing, the judge decided that the stepdaughter was just out of luck. He said the word "children" did not include stepchildren unless the will expressly or impliedly said so.

This ruling illustrates that even today, in traditional areas of the law, our Cinderellas may still be treated like under-privileged members of the family.

"Although it may appear unjust," commented one court, "we must take the law as we find it." This applies not only to the

right of inheritance but also to the right of support. In most states, the mere fact that a stepchild joins the family circle does not impose upon the stepfather any legal obligation to pay the upkeep.

As a practical matter, however, stepfathers generally do support their stepchildren—and may, of course, go through a formal adoption ceremony.

Furthermore, especially in the newer fields of law, there is a growing tendency—sometimes by specific statutory enactment—to place stepchildren on an equal footing with natural children. Consider this case:

A factory worker was killed in an industrial accident. When his family put in a claim for workmen's compensation, the company readily agreed to pay the victim's widow and young son. But it refused to pay anything to his stepdaughter, even though she had been living for years as a regular member of the family.

However, when the matter was tested in court, the judge took note of the humanitarian purpose of the modern workmen's compensation system.

"Compensation is not inheritance," he said. "Its purpose is to give relief to dependents of one killed in industry."

Thereupon the court ordered the company to pay a full share of compensation to the stepdaughter, since she 1) did indeed need relief and 2) was indeed a dependent.

Carolyn and Mark Bailey returned home Friday after a weeks visit with Mr. and Mrs. James Neal near Darrouzette.

Fall Registrations Begins At C. C. August 30

Leonard Selvidge, Dean of Students at Clarendon College announced today that Fall Registration will begin on Monday, August 30 and continue thru August 31st. Enrollment hours will be from 9:00 - 12 a. m., from 1:00 - 5:00 p. m., and from 6:00 to 9:00 p. m., both days.

Dormitories at the College will be ready for occupancy by 2:00 p. m. August 29th with the first meal being served in the Cafeteria at 7:00 a. m. on the morning of the 30th.

Classes officially begin Wednesday, September 1, 1971 at 8:00 a. m. Freshmen entering Clarendon College for the first time will have a Counseling and pre-registration session by individual appointment. All entering Freshmen will be notified by Mr. Selvidge's office within the next week as to time and date of each student's appointment.

Clarendon College is expecting another record enrollment for the 1971-72 school year. The addition of a new 80 unit Women's Dormitory will boost the on-campus living quarters to 180 students living on Campus. The College will house some 80 to 90 students off Campus making a total of some 270 students living in Clarendon attending Clarendon College. The total enrollment for

Notice to Long Distance
Telephone Users

Effective September 1, the charges for long
distance calls within the State of Texas will be
changed as follows:

- Rates will be reduced on most station-to-
station calls dialed direct, without any operator
assistance.*
New one-minute initial period calls will be
introduced, at low night rates, for station-to-
station calls dialed direct without operator
assistance between 11 p.m. and 8 a.m.* This
will make it possible to call anywhere in
Texas for 22¢ or less.
Time periods when the various customer
dialed rates are effective will be the same as
those for interstate calls.
Rates will be increased on all person-to-
person and station-to-station calls requiring
operator assistance in any way, except as
noted below.*

*Where direct dialing is not available, the customer
dialed rate will be charged for station-to-station calls
from non-coin phones, on which the caller furnishes
the area code and number, and the call is charged to
the telephone from which it is made.

Mickey Black, District Conservationist, with the Soil Con-
servation Service (left), and members of the Steering Com-
mittee of the Gray County portion of the proposed Red Deer
Creek Watershed Project. Left to Right: John Spearman, W.
B. Jackson, Robert Sailor (Chairman), and Sam Bowers. Robert
Sailor and Sam Bowers are also members of the Gray
County Soil and Water Conservation District which is a spon-
sor of all the proposed watershed projects in Gray County.

LETTER TO EDITOR

The letter below was received
this week by Mayor Boyd
Meador.

Dear Mr. Mayor:
While touring the Southwest
my son had car trouble, we
stopped at the Chevrolet Gar-
age, in your town, McLean,
the mechanic was very court-
eous and did not over charge
my son, as many garages
would do tourist. The citizens
were so friendly and helpful,
always had a smile.

I just had to write you and
compliment you on your friend-
ly town.
Your people deserve a pat
on the back. We never will
forget you all.

Sincerely,
Mrs. Grace Moreley
609 Junata St.
Clermont, Fla.
32711

Mrs. Luther Petty was pre-
sent Sunday afternoon for the
ribbon cutting for the expansion
and remodeling of the Gol-
den Spread Nursing and Conva-
lescent Center at Shamrock
and visited patients. Mr. and
Mrs. Hubert Bentley of Magic
City, Mesdames Pearl Mat-
thews, Una Johnson, Nellie
Pugh, Vesta Savage and Miss
Margaret Glass then a patient
in the hospital also, Roger
Payne and Mrs. Jannette John-
son at the hospital.

TAX MAN SAM SEZ:
The Internal Revenue Service
had mailed out a record num-
ber and amount of income tax
refunds that will be mailed to
taxpayers as soon as the tax-
payers' mixed up social secu-
rity number or other mix-ups
that delayed the refund can be
cleared. However, in view
of IRS' prediction that 20
million out of about 80 million
taxpayers will not have enough
income tax withheld during
1971, this year's refund record
may stand for several years. If
you are counting on a refund
it may pay you to stop by the
payroll office and check the
amount of your withholding
tax to make sure that you will
have a refund again this year.

IT NEVER FAILS

A weekly public service feature from
the Texas State Department of Health
Accent on Health
J.E. PEAVY, M.D., Commissioner of Health

The beginning of school is
just around the corner. When
the month of August rolls
around, thousand of Texas mo-
thers suddenly realize that
only a few more weeks remain
until school begins.
Nowadays going back to
school is a major enterprise for
those families with school age
children. It usually means new
shoes and school clothes, the
acquisition of pencils and
notebooks, or simply getting
back into the old routine and
habits.

East Fifth Street, Austin, Tex-
as 78701. The fee is \$1.50.
And don't forget, When
you're thinking about getting
your child ready for the be-
ginning of school, a new state law
now requires compulsory im-
munization for all school child-
ren. The immunization program
must be begun before the end
of this year, so its a good idea
to see your physician or public
health clinic early to begin
your child's immunization pro-
gram.

Problems Are
Discussed At
Lubbock Workshop

Reducing wind erosion and
handling feedlot wastes are two
environmental problems being
discussed at a conservation work-
shop in Lubbock this week. Re-
ported Mickey Black, District
Conservationist with the Soil
Conservation Service.

Sponsored jointly by the U.
S. Soil Conservation Service
and Texas Tech University, the
meeting is being held on the
Texas Tech campus July 28-29.
Other items on the agenda in-
clude a study of the effect of
agricultural chemicals on crop-
land and ways to restore deplet-
ed grasslands under semi-arid
conditions.

The workshop is designed to
provide an exchange of know-

"Gladys," said the boss, "who told
you that you could neglect your
office duties because I gave you an
occasional kiss and pat?"
"My attorney," replied Gladys.

A speed-fiend we know bought a new
car painted red on one side and
blue on the other.
"Whats the idea of doing your car
up like that?" we asked.
"It's for when I get hauled up
before the judges for speeding," said
our young-man-in-a-hurry. "You
ought to hear the witnesses contra-
dicting one another."

"Don't you know what I mean when
I hold up my arm," hollered the
traffic cop as an old lady was about
to cross the street against the lights.
"I ought to," she replied. "I was a
school teacher for twenty-five years."

"Mind nagging me a little? I'm
starting to fall asleep." 20

A lot of
Americans
are suffering from
withdrawal
symptoms.

What's wrong?

You're making more money than
you ever have.

But every time you plan on putting
money into your savings, you end up
withdrawing some.

Maybe you're buying too many
little things you don't really need.
Little here, little there. After awhile
it adds up.

You know, that's just the theory
behind the Payroll Savings Plan.
You sign up where you work, and they
set a little aside from each paycheck
and use it to buy U.S. Savings Bonds.
You don't really miss the money that
way . . . and before you know it,
you've got a nest egg that's really
worth something.

And now there's a bonus interest
rate on all U.S. Savings Bonds—

for E Bonds, 5 1/2% when held to
maturity of 5 years, 10 months (4%
the first year). That extra 1/2%,
payable as a bonus at maturity,
applies to all Bonds issued since
June 1, 1970 . . . with a comparable
improvement for all older Bonds.

The Payroll Savings Plan. A great
way to save a little here, a little there
and end up with a bankroll.

Bonds are safe. If lost, stolen, or destroyed,
we replace them. When needed, they can be
cashed at your bank. Tax may be deferred
until redemption. And always remember,
Bonds are a . . . and way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.

The U.S. Government does not pay for this advertisement.
It is prepared as a public service in cooperation with
the Department of the Treasury and The Agricultural Council.

Weekly Marketing Tips

Save food dollars this week—follow these marketing tips, suggests Gwendolyn Clyatt, Extension consumer marketing specialist.

At retail meat departments, beef prices remain about the same as last week. Retail features are scattered among markets, but Mrs. Clyatt says some thrifty buys may be found on chuck roasts and steaks, corned beef, round steaks and roasts, ground beef, boneless rolled beef roast and short ribs. For a broiler treat, the specialist also suggests trying rib steaks or serving the king of toasts—standing rib.

Pork values include picnics, hams, shoulder roasts and steaks, end-cut loin roasts and pork liver. Frankfurters are also in the news, Mrs. Clyatt adds.

Fryers are a bargain in most retail meat departments and Grace A Large eggs continue to offer the greatest combination of quality and economy for your egg money.

Frozen turkeys are available in most stores at prices you can't afford to pass up, she reports.

Fresh fruit and vegetable items in good supply at the most economical prices include bananas, cherries, cantaloupes, watermelons, apricots, plums, peaches, avocados, seedless grapes, nectarines, potatoes, yellow and red onions, mustard, turnip greens, purple hull and blackeye peas, cabbage, zucchini squash, sweet corn, cucumbers and bell peppers.

CELERY—Don't serve limp celery, says Gwendolyn Clyatt, Extension consumer marketing specialist. Keep raw celery firm and free from dehydration by storing it in a plastic film bag in your refrigerator. Celery is 94% water, and one stalk of the vegetable has only 40 calories.

Visiting in the C.M. Eudey home last weekend were Billy Charles Eudey and four children of Amarillo and Rev. Lee Eudey and family who had been to California and they were enroute to Kentucky.

Derby Town Tops Have Meeting

The Derby Town Tops Club met at 6:30 p.m. Monday for their regular meeting. Cheryl Smith, co-leader weighed in the members and recorded the weight chart. Cheryl presided over the meeting and led the members saying the Tops Pledge.

Deloris Bailey, Treasurer called the roll with members answering with their weight loss or gain and collected the dues and penalties.

The club members had a 11 1/2 lb. weight loss.

Deloris Bailey is the weekly queen with a 4 lb. weight loss and she received the Fruit Basket.

Members present were Cheryl Smith, Deloris Bailey, Pearl Dickinson, Nola Crisp, Muriel Moore, Mary Lou Glass, Lucille Cullison, Evelyn Hunt, Ann Smith, Viola Glass and a visitor, Shirley Holstad of Denver, Colorado, who is Violas daughter.

All Tops members please try to be present at the next meeting and any new members will be welcome.

Morse Family Have Reunion

The Morse family reunion was held Sunday August 1, in McLean.

Those attending the annual affair: Mrs. Ella Morse Cubine, McLean, Mr. and Mrs. Racy Morse and Clint Forrest, Mr. and Mrs. T.D. Shaw, Mr. and Mrs. Charles Williams all from Grady, New Mexico, Mr. and Mrs. Larry Tillman, Craig, Cheri, Scott and Maxine, from Clovis, New Mexico, Mrs. Eula Denton, Cordell, Okla., Mr. and Mrs. Robert Davis, Mrs. Bertie Denton, from Carter, Okla., Mrs. Ciota Cliff and Hensel Cliff from Elk City, Okla., Mr. and Mrs. Kinney Head, Karen and Cheryl, Denver Colo., Mrs. Cathy McMillian and Kim, Mr. and Mrs. Vynne Beasley, from Amarillo, Mr. and Mrs. Garland Head, Delenda and Ronnie, Spearman, Texas, Mr. and Mrs. Cy Carr and Gary, Miami, Texas, Mr. and Mrs. Cecil Stephens, Shawn and Sharon, from Big Spring, Texas, Mr. and Mrs. Zane Hall Mr. and Mrs. and Aleta, Pampa, Texas., Mr. and Mrs. Neil Quattlebaum Cindy and Kay Ellen also from Pampa, Mr. and Mrs. Hall Hardin, Clarendon, Mr. and Mrs. Ricky Evans, Mr. and Mrs. Sam Haynes, Scott, Cathy and Sally, Mr. and Mrs. Ercy Cubine all from McLean.

As in 1971, producers may graze set-aside acres except during the five principal months of the normal growing season, but set-aside acreage must be protected against erosion, weeds, insect damage and rodents. In 1972, sweet sorghum again may be planted on the set-aside acreage and grazed, except during the five months of the growing season.

Producers who wish to qualify for program benefits need to sign up to participate. Sign-up dates will be Feb. 28 through April 7, 1972. A producer may participate in the wheat program on any farm or all farms in which he has an interest, as he wishes.

ASCS notices of allotment for wheat for 1972 and the applicable set-aside for each farm will be sent at a later date.

CARD OF THANKS

Many thanks to my kind doctors, nurses and helpers at the hospital and the kind friends for all their help, cards, letters, and prayers while I was in the hospital.

Mrs. J.E. Moore

Langham Reunion Held At Sherwood Shores Sunday

A family reunion was held Sunday for the children, grandchildren and great-grandchildren of the late Mr. and Mrs. T.A. Langham, in the home of Mr. and Mrs. Wes Langham of Sherwood Shores.

Those attending were Mr. and Mrs. Opa Johnson of Stockton Calif., Mr. and Mrs. Ervin Baker of Pampa, Mr. and Mrs. T.R. Langham and family of Amarillo, Mr. and Mrs. J.E. Langham, Mrs. Hal Mounce and Mr. and Mrs. Jerry Mounce and family, all of McLean.

Guest in the home of Harlon Pool Jr. of Pampa was Mr. and Mrs. Pool Sr. of McLean, David Pool from Amarillo, Mr. and Mrs. Barney Pool of Shamrock, Mr. and Mrs. Johnny Bryant of Tampa, Florida, and Mr. and Mrs. Bill Tucker and son of Pampa.

Mr. and Mrs. Harlon Pool Jr. and son, Lance left Sunday July 25 for Temple, Texas where they will make their home. Harlon has been promoted to manager of the Universal C.I.T. credit office in Temple.

Mr. and Mrs. Johnny Bryant and children of Tampa, Florida, were visiting with friends and family here last week. Johnny a former resident of McLean is the brother of Mrs. Harlon Pool Sr.

CLEANING SHORTCUT -- For a housecleaning short cut--wax window sills, door handles, refrigerators, washing machines and porcelain finishes, say Extension home management specialists at Texas A&M University. The reason? Waxed surfaces are easier to clean.

CARD OF THANKS
I would like to thank everyone for their prayers, gifts, cards, visits, flowers, and every kindness shown me while I was in the hospital. It will always be remembered. Also thanks to Dr. Fabian and the nurses.
Mrs. Jim Stevens
