MC LEAN, GRAY COUNTY, TEXAS 79057, THURSDAY, August 19, 1971

NUMBER 32

State Capital NEWS

Legislative Redistricting Board will meet here August 24 to begin consideration of state senatorial reapportionment. Shortly after the Board announced its meeting date, Gov. Preston Smith issued a sharply worded statement calling on the board to forget "political considerations" and start work on a House of Representative redistricting bill also.

Smith noted the fact that Atty. Gen. Crawford Martin's appealing a district court decision invalidating the 1971 legislative act which attempted to reapportion the House doesn't preclude the Board from preparing for any eventuality.

Supreme Court of Texas, Governor noted, may uphold or over-throw the district court's August 2 decision that the Legislature illegally divided more than 20 counties. In either case, he said, the Board should be prepared with a House as well as a Senate reapportionment plan to avoid the need for a "million dollar" special session of the Legislature.

Gov. Ben Barnes, a member of the Legislative Redistricting Board, expressed surprise at Smith's blast. He said the Board has made no decision not to consider House redistricting and, indeed, has not even discussed the issue.

Board has just 60 days to draw the reapportionment after its initial meeting which means its lifespan expires in late October.

State Supreme Court Chief Justice Robert W. Calver said the Court will meet within 48 hours after receiving a request for an appeal hearing and can reach a decision in 10 days or less.

Attorney General Martin said a transcript of the lower court proceedings is being speeded to completion and can be placed before the Supreme Court within another week.

AUTO INSURANCE RATE CURB ASKED -- Governor last week called on the State Board of Insurance to permit no increases in auto coverage rates this year.

Board is due to meet this month to review requests of insurance companies for increases totalling almost 10% on all types of auto insurance. Board staff members have proposed a modest 2.8% average hike effective September 1.

Governor asked the Board to begin study immediately of no-fault concept.

Smith also urged the Board to study the feasibility of establishing a flexible and competitive insurance rating system in an effort to reduce rates. "We are confident that a suitable alternative to the ever-rising rates could be found -- if the insurance industry and the agencies of state government wish to find them," said Smith.

WATER BONDS SOLD -- A Chicago firm was low bidder on a \$25 million Texas Water Development Bond issue to help build or improve sewage treatment facilities.

Issue was the first step in a \$100 million program authorized by voters May 18 for loans to cities, towns, river authorities and water districts. State loans make political subdivisions eligible for increased grants from federal government for water quality improvement.

Board said it expects 40 or 50 applications for assistance by October 1. It will act on the first ones at its meeting here September 16-17.

Local units can borrow 25% of cost of a sewage treatment project from the state. Federal government will provide 50 to 55% of the cost where a state program exists.

Haley, Stuart and Co., Inc. and Associates bid effective interest rate of 4.9539% for the issue.

AG OPINIONS -- Attorney General Martin said in a recent opinion that Texas cities and counties may charge beverage cans permit holders and local distributors permit holders an additional liquor fees. In other recent opinions, Martin concluded that:

Justices of Peace must take a 40-hour course of instruction determined by state-supported accredited institutions of higher learning in performance of their duties unless they are licensed attorneys.

State departments may pay premiums on group insurance policies for regular, part-time and temporary seasonal employees.

Non-elective state officers or appointees who accept other non-conflicting state positions of honor, trust or profit must receive clearance of their agency heads.

Bell county court at law has jurisdiction in eminent domain and probate matters, and vacancy in judgeship would not change jurisdiction.

A sheriff has no authority to release prisoners in his custody prior to expiration of sentences imposed and may be compelled to re-arrest prematurely-released prisoners.

Professional services procurement act of 1971 is not applicable to landscape architects licensed by Board of Landscape Architects.

APPOINTMENTS -- E.C. McFadden of Dallas was reappointed by Governor Smith to Occupational Safety Board for a two year term.

Governor also announced these appointments to Texas Vending Commission, effective September 1.

Don M. Edmondson of San Antonio, Gene R. Hendryx of Alpine, Jack C. Morgan of Kaufman, Gilbert G. Seelmyer of El Paso, L.C. Butler of Houston and Raymond B. Williams of Dallas.

George M. Smith of Center was named to Sabine River Compact Commission, 18-20 YEAR OLD VOTE RULE CHANGED -- Voter registration has, in effect, been re-opened for newly-franchised 18-20 year olds to permit them to sign up at any time prior to March 1, 1972, close of the voting year.

County registrars have been instructed to accept applications from 17, 18, 19 and 20 year olds, with registration certificates to be effective for any election held 30 days or more afterward. Young voters who failed to register during the registration period which ended February 28 may now present their applications to tax-assessor or collector either in person or by mail.

They must sign up again October 1 or thereafter to remain eligible to vote in elections beyond March 1, 1972.

VOTE MACHINE SALE HALTED -- Secretary of State Martin Dies Jr., Texas chief election officer, announced a temporary halt in voting machine sales over the state.

Dies said a survey indicated certain equipment has been discontinued and other machines have not been inspected by the state for many years.

While electronic or punch-card voting devices are also being reviewed, Dies said temporary suspension of sales applies only to voting machines offered for sale will take "very little time" if companies cooperate, he added.

TIGHT WELFARE CONTROLS ADVISED -- New State Welfare Commissioner Raymond W. Vowell, in meetings with field workers, is urging tighter controls on welfare caseloads.

He also is calling for greater effort at detection and elimination of fraud in claims and limitations on Texas' Medicaid Program. Vowell has been visiting 17 regional offices of the Welfare Department in a two-week swing.

SHORT SNORTS Highway Department has approved an expanded program for multiple use of highway right of way -- or parks, parking areas and recreation.

Texas Animal Health Commission announced that authorities are very close to bringing Venezuelan Equine Encephalomyelitis, a major threat to the state's horses, under control.

R. M. Francis Rites Held At Plainview

Last rites for R.M. Francis, 80, of Plainview, were held at 2 p.m. Monday in Bethel Baptist Church at Plainview.

Rev. Willie Hazel, pastor, officiated, with burial in the Plainview Memorial Park Cemetery under the direction of a Plainview Funeral Home.

Mr. Francis, a real estate broker and a retired farmer, died Saturday night at Central Plains General Hospital following a short illness.

Born on August 17, 1890, at Iona, Mo., he married Edith Mae Stockton on December 29, 1915, at McLean.

He farmed at Perryton, Gruver, Canyon and Kress before moving to Plainview in 1950. He retired from farming in 1956 and opened a real estate office.

Mr. Francis was a deacon in Bethel Baptist Church. Survivors include his wife; a daughter, Mrs. Tom Langston, of Baker, Ore.; three sons, Charles E. of Manhattan Beach, Calif.; Roger M. of Waco and Leroy of Kress; a sister, Mrs. Isabel Petty of McLean and 11 grandchildren.

Mrs. Petty attended the services.

Salvation Army Service Unit Helps 78,000

"Being a member of a Salvation Army Service Unit Committee is a little like having six different occupations at once," said Robert Brown, chairman of McLean's newly organized Service Unit Committee.

How so? "Because you never know what you'll be called on to do, or who you'll have to be," Brown explained. "I have been a grocer, landlord, clothier, pharmacist and counselor performing different services for people who come to the Army for help."

"When I was in Paducah a few years ago, I held the same position, and also in other capacities in other communities," Brown said.

Brown's case is not an unusual one, either. Members of Salvation Army Service Unit committees who volunteer to help people in 328 Texas cities and counties are all the same. They may be called on at any time of the day or night to be grocer and/or clothier to a mother's hungry, ragged children; to arrange lodgings for a homeless family or a broke and stranded transient; to supply medicine to a poor, ill shut-in; or to counsel a frightened, pregnant, unmarried girl or a family seeking help for an alcoholic relative, and put them in touch with the Salvation Army's state services.

"It's a hectic and taxing job sometimes," Brown says. "But all of us on the committee enjoy being of service to the Army and the people it serves. It's so gratifying to see how much our simple kindnesses are appreciated; so many times we tend to forget that any service, no matter how insignificant, is often something very significant to the person in need. I am reminded almost every day."

Mr. Brown added that, throughout Texas in 1970, 328 Service Units dispensed welfare to approximately 78,000 individuals. 800 boys received vacations at Camp Hoblitzelle near Midlothian.

An organizational meeting of the Salvation Army Service Unit Committee of McLean, Texas, was held at 7:00 p.m., Friday August 13th, in the Fellowship Hall of the First Methodist Church in McLean.

The purpose of The Service Unit Committee in McLean is to serve those people who need the help of The Salvation Army. These are people in time of need regardless of race, color or creed.

In addition to local welfare work done by the Committee, all of the State Services of The Salvation Army are available when ever needed.

Elected officers for the Service Unit Committee in McLean are: Mr. Robert W. Brown, chairman, Mr. Boyd Meador, Vice-chairman, Mr. Herman Bell, treasurer, Mr. Billy Bob Adams, co-welfare secretary and camp chairman, Mrs. Wanda Waldrop, co-welfare secretary.

This year's campaign chairman will be Mrs. Mary Dwyer. Other members of the committee are Ernest Beck, R. C. Parker, Jay Thompson, J. W. Meacham, Lloyd Hunt, Sam Gayton and S. A. Cousins.

Budget Meetings To Be Held Meetings have been set by the school board of the Alandree and McLean School Independent Districts, for the purpose of adopting a budget for the 1971-72 school year.

The meeting set by the McLean School Board of Trustees will be held at 8:00 p.m. on Monday, August 30.

At Alandree their meeting is set for 8:00 p.m. August 20. Persons interested in discussing the 1971-72 budgets with the boards may do so at that time.

Falls, Montana. While in McLean, he visited with his parents, Mr. and Mrs. June Woods, his grandparents, Mr. and Mrs. Jim Back and Mrs. C.L. Woods, his brother, Dr. David Woods and family.

Pictured here are Alfred Rowe (in chair), Henry Vincent Rowe (reclining), and Bernard Douglas Rowe. The Rowes generally dressed in the English style, but posed as desperadoes in this photo to be sent back to London. Alfred Rowe died on the steamship "Titanic" in 1912.

Museum Attracts Tourist To McLean

By Mike Haynes The Alandree-McLean Area Museum is about to celebrate its second birthday!

O.K. But why, you may ask, the exclamation point? Sure, the museum's fine, but nothing to get excited about, right? Haven't everybody been in it once or twice and seen the old dresses and pictures and Indian relics? its good to look at those things once, but after that, who cares?

Well, here's the reason for the exclamation point: The area museum opened on September 12, 1969, during the McLean homecoming. In its first year, some 11,340 persons visited the museum. As of this week, over 18,200 persons from 49 states and 30 foreign countries have signed the register. Only Vermont has yet to have a citizen enter the museum door. More people have been exposed to McLean than any chamber of commerce could ask for. And these tourists aren't just stopping to eat, rest, and drive on, never knowing where they stopped. They are touring a building which tells about McLean and the area. They are being told about McLean, and when they leave they know where they've been.

What does the museum have to offer citizens of the area who have already seen it once? Visiting the museum once is like looking at the entrance to Carlsbad Caverns and walking away. True, it might take only seconds to look at each item. But the stories behind the exhibits are what makes the museum come alive. The entire collection could not be covered in a day once one discovers the life in each item.

Following are brief descriptions of a few items which caught this reporter's eye:

A set of eye-testing equipment used by Dr. John B. Vannoy around 1912. There are over 240 lenses in this collection which was used in place of today's automated optometry equipment. An antique expert said the lens set probably is one of very few in the U.S. today.

A baby registry recorded by Dr. C.F. Donnell from 1905 to 1915. This list of the babies the doctor delivered includes the names of some people presently living in the area. The museum also has Dr. Donnell's black bag, his desk, and other possessions.

A white, ruffled front shirt with smoked pearl cuff links and buttons, worn by J.S. Morse in the first half of the century. Many museum visitors comment that the shirt would be in style at any fashionable affair today. There is also a colorful striped shirt owned about the same time by Jake Hess.

A picture of Dr. and Mrs. J.A. Greene, Greene was McLean's first doctor. He arrived with the railroad crew shortly after the turn of the century and decided to settle here.

A golden Throated Claxtonia phonograph with 117 religious, classical and popular records. The playable phonograph was owned by Mr. and Mrs. John B. Vannoy about 1910. It will be heard on Main Street through a loudspeaker system during the 1971 homecoming.

A mineral collection including a petrified grip hippus (prehistoric horse) skull, a fine basalt specimen containing a petrified root, and several geodes, stone-like formations outlined with crystals.

Three polo mallets owned by Alfred Rowe, English founder of McLean. One wonden if Rowe taught this English sport of the aristocracy to his cowboys on the ranch south of McLean.

The first permanent wave machine in McLean, owned by Mrs. Etta Mann (Carmichael). It "burned your hair, burned your scalp, and made you frizzy, but beautiful."

An Indian tom-tom made of a hollow log by the Sac-Fox tribe in Oklahoma. The 100-year-old drum was used by the tribe until recent years. Jim Thorpe, world-famous athlete of the early 1900's was a Sac-Fox Indian.

A picture of Gus and Alex Strandburg, who were the conductors on the first train to come through McLean. The two Rock Island conductors still are alive, and one has visited the museum.

A picture of Dick Gardenhire and family. Gardenhire was a super real estate salesman in early McLean and is thought to have brought more settlers and sold more land than anyone in McLean's history. A story told about him illustrates his ingenuity. Gardenhire traveled to Austin to petition officials for a railroad depot in McLean. There already were depots in Alandree (west of McLean) and in Ramsdell (East of McLean).

A railroad official asked him for the population of McLean, and Gardenhire replied, "Well, there ought to be 1800 people. The official said that a town of 1800 deserved a depot, and one was built in McLean in 1903. Pictures of several McLean firsts: the first livery stable, owned by Jack Hindman, the first butcher shop, run by Newt Biggers, the first bank, R.H. Collier, president.

Several pictures of watermelons being hauled or displayed. McLean once was called the "watermelon capital of the world."

The first map of McLean, drafted and filed in 1902 by Alfred Rowe. The visionary Rowe included a site for a public park and for county seat buildings.

One of the first phones in McLean, bought by J.D. Back in 1904. Several ranchers and farmers banded together that year to set up their own phone system, which operated until J.W. Kibler brought the phone

Company to McLean in 1909

To call the Backs on that early line, one had to ring a long, a short, and a long. Louis Webb's "number" was a long ring and two shorts, while J.S. Morse's was two longs and a short. S.A. Cousins' ring was a short and a long.

As you can see, more than one book could be written on the information available at the local museum. The preceding (Continued On Page 3)

School Starts August 23

Classes begin for students in McLean this coming Monday. Classes will begin at 8:30 a.m. at the usual time.

High School students are enrolling this week and elementary boys and girls will register on the first day of school.

Lecrecia Howard Enters Wheatheart Beauty Pageant

Lecrecia Lynn Howard has been entered in the Wheatheart of the Nation Beauty Pageant to be held August 21, in Perryton, Texas at 8:00 p.m. in the High School Auditorium.

Miss Howard was officially entered in the beauty contest by the McLean Jaycees.

Lecrecia is the 16 year old daughter of Mr. and Mrs. J. F. Howard of McLean. She is a sophomore in McLean High School and is attending summer sessions at Pampa College of Hairdressing. Her hobbies are twirling, bowling, cooking, playing the piano and styling hair. Lecrecia is 5'4" tall and weighs 105 lbs.

Trudy Kay Fultz Receives Degree

Miss Trudy Kay Fultz, daughter of Mr. and Mrs. David Fultz of McLean, was among a total of 103 receiving degrees from Harding College.

Candidates for degrees heard a commencement address by Dr. John C. Stevens, president of Abilene Christian College. Nine received the Master of Arts in Teaching degree, 18 received the Bachelor of Science and 75 received the Bachelor of Arts.

Miss Fultz received the M.A.T. degree in speech. She has done her undergraduate work at Abilene Christian College, Abilene, Oklahoma Christian College, Oklahoma City, Okla., and the University of Oklahoma.

Mike Haynes, son of Mr. and Mrs. Johnny Haynes, and Miss Kay Layne, daughter of Mr. and Mrs. William B. Layne, escaped serious injury Sunday when the car they were in was involved in a one car accident. They were returning from Pampa at the time.

Orientation, counseling, testing and registration at Lubbock Christian College all start Monday, August 23, 1971.

The first graduating class receiving Bachelor's degrees will begin their senior year on this date. The fall semester ends December 20, 1971, and the spring semester starts on January 10, 1972, with commencement on May 8, 1972.

The second summer school session will end August 13, with finals and final grades due on that day.

The estimated fall enrollment at LCC will probably set a new high with 1150 to 1200 students.

TSTI Acquires Aircraft The Mid-Continent Campus of Texas State Technical Institute has acquired four U-6 aircraft--nicknamed "Beavers"--from the Texas Surplus Properties at Fort Hood. The planes were requisitioned through the office of Health, Education and Welfare for "Educational Use."

Mr. James Scott, head of the Aircraft Mechanics Department at State Tech, said the four airplanes will be used to teach airframe and powerplant mechanics.

The U-6s are 8-passenger planes built for the U.S. Army during World War II. The reciprocating engine planes were used for light cargo and short haul passenger runs, said Scott. New classes in Aircraft Mechanics Technology will begin September first at the Mid-Continent Campus. Enrollment for classes is now in progress. For full information on the Aircraft Mechanics program contact Mr. Scott or the TSTI Registrars Office.

Mr. and Mrs. Horace M. Petty of Fort Worth called on Mrs. Luther Petty Tuesday.

The J.S. Ryan family spent Friday and Saturday in Oklahoma City, visiting relatives.

One quintillion is written 1,000,000,000,000,000,000.

Resident's Grandson Is A Member Of 'Texas' Cast For '71

Wesley Grigsby, grandson of Mrs. John Collie of McLean is among the 130 member "TEXAS" company for the 1971 season.

Grigsby, the son of the Rev. and Mrs. Norman W. Grigsby of Andrews, will portray the roles of Ted Bates and Clay Andrews in the production.

At West Texas State University he performed in the spring musical, "Hello, Dolly". He was a candidate for the All-State Choir in 1970 and was in the State Solo and Ensemble the same year. He is on scholarship to WTSU.

The talent is a past member of the Key Club, the Spanish Club and is currently in Phi Mu Alpha fraternity.

Fall Registration Set For LCC

Orientation, counseling, testing and registration at Lubbock Christian College all start Monday, August 23, 1971.

The first graduating class receiving Bachelor's degrees will begin their senior year on this date. The fall semester ends December 20, 1971, and the spring semester starts on January 10, 1972, with commencement on May 8, 1972.

The second summer school session will end August 13, with finals and final grades due on that day.

The estimated fall enrollment at LCC will probably set a new high with 1150 to 1200 students.

TSTI Acquires Aircraft

County Agricultural Agent
Texas A. & M. College
Extension Service
By FORTNER WEALEY

WEATHER
Rain has been spotted, but most areas over the Southwest have received good to excellent moisture. I can still show you a large area in Gray County that has had less than six inches since last fall. The drought is still a most serious situation with them. Most of the rest of the panhandle has fared some better. From Red River, New Mexico, to Pampa, it looks like Springtime. Grama grass is beginning to head out. I'm told southeastern New Mexico and the south Plains of Texas look the same way.

One thing I hope is the fact that the effects of the drought to the farm and ranch people of this area will be felt for sometime to come. A good many good operators suffered tremendous financial loss after having had drought for several years. The only thing that has really helped has been the excellent price ranchers have enjoyed. For those that had to sell out, they face paying the highest price for replacement cattle that they have ever paid. A fellow that had to sell his cattle some months ago has not been helped by the higher price of today. He is actually hurt if he is going to restock. Many of our ranges need to be rested in order to make a recovery. **CATTLE PRICES**

Last week I visited by telephone with an order buyer at Montgomery, Alabama. He was at a sale near Montgomery. He said light weight calves had advanced as much as five to six dollars a hundred weight in less than ten days. One thing I noticed coming back from Red River, New Mexico - very few cattle were on the ranges. It had been so dry early this summer and spring - they never stocked the country. I'm sure at this late an hour they plan to get something on the grass. Everyone having grass fever this makes for the big jump. Cattle coming out of the feedlot are now bringing a handy \$33.50 and better. We are most fortunate to have this price level at the time the President froze prices.

Agricultural products don't come under the freeze. But an indirect freeze will be felt from wholesale prices on food which has been frozen.

It's too early to make one analysis of the effect on agriculture by the President's order. I do believe we are very fortunate on beef prices since they are near an all time high even though still well below parity.

Museum To Celebrate 2nd Birthday

The Alanreed-McLean Area Museum has come a long way since they opened their doors for the first time on the morning of September 12, 1969. From a bank account of \$19.28, a deep desire to preserve the history of our area, a determination on the part of several not to accept defeat, and faith in the people of our community and those friends scattered to the four corners of the earth, we are now a fully accredited and widely recognized historical museum.

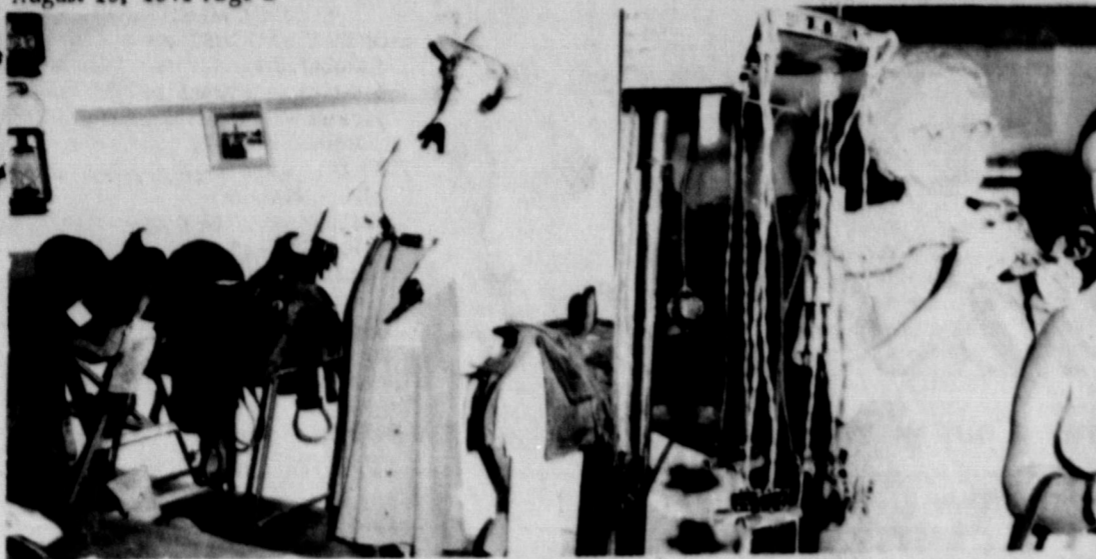

Since opening day when many of you watched Joellene Vannoy cut the ribbons, over 18,000 people from 49 states, 35 foreign countries, and 210 Texas towns have signed our register.

We now own the building, have remodeled and renovated the inside, installed a heating unit for the winter, an air-con-

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation
Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.
The answer is Preparation H®. No prescription is needed for Preparation H Ointment or suppositories.

The ranch section of the museum displays saddles once used by the Back family, by Jim White, and by Mrs. Nida Ruppy Green, and a riding habit worn by Mrs. Lon Stanfield while helping her husband.
Mrs. Back applies permanent wave machine to tourist in museum. The museum will be two years old during McLean's 1971 homecoming festivities.
Photo By Mike Haynes

ditioner for the summer, have purchased or had given us a number of display cases, and our exhibits fill the 25' X 120' building. All this has been made possible by the help - both financial and physical - of the townspeople and those who used to call Alanreed or McLean their home.
The class of 1925 gave us the most financial aid in the contest for funds at last Home-Coming. (1969) We have their name on a plaque and their framed picture hangs above that. What class will win this coveted honor this year?
Home Coming for McLean schools will be September 10-11, 1971. This is an invitation to come meet old friends and to attend the museum's second birthday party at 10:00 a.m. on Saturday, September 11.

Visitors recently in the W.J. Foster and Ellen Wilson homes were, Mr. and Mrs. B.F. Pearson, Englewood, Calif., Mr. and Mrs. W.M. Ratteree, Wichita Falls, Tex., Miss Clara Anderson, Mr. and Mrs. J.A. Foster and Sheila, and Mr. and Mrs. W.J. Foster, Jr. of Fort Worth, Texas.

Mrs. Gene Cooper, Mary Ruth and Charles, and Wheeler Foster of Borger, Texas.; Mrs. Clarence Arnold and Tom of Batesville, Ark., Mrs. Eddie Mabry of Cedar Rapids, Iowa., Mrs. B.M. Stephens of Oklahoma City, Okla.

Mrs. Luther Petty accompanied by her son, Francis went to Amarillo Friday to visit in the home of her son-in-law and daughter, Mr. and Mrs. Milton Billingsley. They made up a party of fifteen to attend the musical performance of "Texas" at the Palo Duro Theatre. Others attending were Mrs. Nora Loveland of Dallas, Mr. and Mrs. Herman Petty and children, Ann, Joan, Douglas and Joy of Abilene, Mrs. Billingsley, Don Anderson and mother, Mrs. Bessie Anderson of Amarillo. She was accompanied home Tuesday by her daughter, Mrs. Loveland, who spent the night. They had accompanied their daughter and sister, Mrs. Billingsley to the airport where she boarded a Braniff plane for Washington D.C. where she will be for 10 days on business for Helium activities. On returning to Amarillo they received word of the death of Mrs. Petty's twin brother, Roger M. Francis of Plainview.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

 President
 Board of Trustees 32-1c

NOTICE OF BUDGET HEARING
 Notice is hereby given that the Trustees of the Alanreed Independent School District will hold a hearing at 8:00 P.M., August 20, 1971 at Alanreed. Persons interested in discussing the 1971-72 budget with the Board may do so at that time.
 H. H. Worsham
 Business Manager 32-1c

Mr. and Mrs. Gary Phillips moved to Hereford from Lake McClellan this week. Mrs. Phillips, the former Teresa Mertel, daughter of Mr. and Mrs. Johnnie F. Mertel, received her B.S. from West Texas State University this year in elementary education and a minor in art. She will be teaching third grade at Central Elementary School in Hereford.
 Gary, son of Mr. and Mrs. Warner Phillips, of Lake McClellan will be a Senior student of Business Administration at West Texas State University at Canyon this year.
 They are at home at 909 Cherokee at Hereford.

This mannequin sports a handmade hat worn by Minnie Morse (Haynes) in the 1920's. The dress is typical of the "flapper" style of the period. Gail Fry, daughter of Mr. and Mrs. Ernie Fry, will model the outfit and do the Charleston on KGNC-TV Sept. 4, publicizing the museum anniversary and McLean's homecoming. Photo By Mike Haynes

(Continued From Page 1) are only a few of the interesting items which could become fascinating to persons with a little time to listen to their stories. So that is where this article will end - just a scratch on the surface to encourage people to go look for themselves. The museum workers - Mrs. Vera Featherston Back and Mrs. Alice Short Smith, among others - are there to provide facts to visitors, plus sidelights from their own memories. The museum is a local project supported by local people. It operates almost solely on contributions and volunteer work. The building was donated by Mrs. Alice Short Smith. Everything on display was been donated.

Steady does it

My sons, Jack and Freddie, are great surfboard riders. They can outride me any day, and because there's not much at which they can beat me (yet), they are tickled pink about it.
 I don't mind. I remember how proud I was the day I beat my Dad at golf. He shook my hand and acknowledged that I was growing up.
 I learned much from Dad. He was a lot of fun, and yet I valued just as much his serious moments. There was no doubt about his deep and abiding love for God. The memory of his quiet voice speaking of God steadied me through several rough spots in my life.
 That's why on Sunday mornings I start to church with a boy on each side of me. I want God to be a reality in their lives as He has been in mine.

Wife Insurance.

That's what you could call your telephone. Actually, it's group insurance—ready to serve every member of your family. It can bring the familiar voice of friend or family. Or, if needed, a fireman, policeman or doctor. A telephone is home protection at its best... backed by 70,000 Southwestern Bell telephone men and women. Like all insurance, it's good to know it's there when you need it. "We may be..."

The museum boasts an authentic-stocked kitchen of the early 1900's. The mannequin's tunic was worn by Loree Barker's grandmother in the 1860's.

Baptist W. M. S. Have Bible Study

By Mrs. Luther Petty
The Baptist W. M. S. met Wednesday morning in the parlor of the church with the director, Mrs. Frank Howard in charge, reading calendar of prayer with prayer by Mrs. Raymond Smith.
A short business session was held following by a Bible lesson led by the pastor, Rev. Herman W. Bell, on parables taken from Luke 18:1-8, showing that men should always pray and not to faint. The parables also showed the acts of an unjust judge.
Those present were Mesdames Frank Howard, Raymond Smith, Herman Bell, Oba Kunkel, Bill Pettit, Bob James, George Colebank, Boyd Reeves, Homer Abbott, A. C. Wood, Luther Petty and visitors, Agnes Pasmore of Oklahoma City and the pastor, Rev. Bell.

Saber-toothed tigers are now extinct.

Baptist S. S. Class Have Social

The Fidelas Sunday School Class of the First Baptist Church met in the home of Versie Collie for a very interesting report given by Bertha Smith on her trip over seas, visiting the countries of France, Italy, Holland, Belgium and Switzerland. The customs are very different from those of ours in the U.S.A. Every one enjoyed the talk and pictures.

Those attending were Ada Simmons, Ruby Boyd, Stella Gibson, Cuba Collie, Bertha Smith, Edith Florey, Vela Corcoran, Audie Stewart, Mae Williamson, Soporouia Pettit and Versie Collie.

Mr. and Mrs. W.R. Cullison attended the Civil Center Meeting in Pampa last Thursday. They also attended the Veterans of World War I meeting held in the Citizens Bank Building in Pampa on Friday, August, 13 at 7 p.m.

On Saturday and Sunday, the Cullison's visited in the home of Mr. and Mrs. Ben Cates of Pampa. They all attended the Central Baptist Church services in Pampa on Sunday.

Ann Smith Gets Tops Tops Fruit Basket

by Lucille Cullison, reporter
The Derby Town Tops Club met for their regular weekly meeting on Monday at 6:30 p.m.

Marilyn Mounce, leader presided over the meeting. She weighed in the members and recorded the weight chart and led the members in repeating the Tops Pledge.

Deloris Bailey, treasurer called the roll with members answering with their weight loss or gain and collected the dues and penalties.

The club members had a 14 lb. weight loss.

There was a tie and draw for the Fruit Basket between Marilyn Mounce and Ann Smith, with each having a 2 1/2 lb. weight loss, with Ann winning in the draw and she is the weekly queen and received the Fruit Basket.

The Tops members made plans for the graduation for Muriel Moore to graduate to a "Tops Kop" and plans for a "Diet Salad Supper" which will be held on Monday August 30, at 7 p.m. in the Hospitality Room in the American Nat'l Bank Building.

Previous to the meeting at 6:30 p.m. the members will meet at their regular meeting place for their weigh-in and then go to the graduation exercises and Salad Supper.

Members present were Marilyn Mounce, Deloris Bailey, Muriel Moore, Pearl Dickinson, Viola Glass, Mary Lou Glass, Gladys Smith, Nola Crisp, Mary Lowery, Mary Terry, Ann Smith, Lucille Cullison and Evelyn Hunt.

All members are asked to attend the next meeting and remember to bring their gifts for the Treasurer chest and those that need to bring you towels for the Towel Contest.

A hearty welcome is extended to any new members.

Skating on ice is possible because the weight of the body melts the ice and the skater really is traveling on a film

The Washington Monument is 555 feet high

After celebrating her graduation from Trinity University with a month's vacation in Hawaii, Patsy McCoy is now getting ready to put her education to work. Patsy, daughter of the Brady McCoy's, visited relatives

on the islands during her stay. Highlights of her trip included a prize catch during a marlin fishing expedition and a visit to the active volcano, Kilauea near Mt. Maunaloa. Patsy will be teaching in San Antonio this

fall and will be in charge of the science department at her elementary school.

She is the granddaughter of Mr. and Mrs. Kid McCoy of McLean.
