## State Capital NEWS

Gov. Preston Smith and the State Comptroller's office hold different views on timing of a special session of the Legislature to pass the second half of the 1972-73 budget.

Smith apparently wants to wait until next June -- when primary elections are over and a longer-range look at possible tax revenue is available.

Comptroller's aides voiced concern that a session delayed that long couldn't produce needed new revenue by September 1, start of the state's fiscal year. A sales tax increase, for example, in April would not produce money to the state from merchants until the end of July or early August.

Smith was unimpressed: "The (Comptroller Robert S. Calvert) is not the governor," Smith noted.

Smith's veto of the second year of the biennial spending bill necessitates a complete rewrite in special session sometime within the next year. A special session would have been required, anyway, since the 1971 Legislature didn't pass a 1973 welfare appropriation.

"The people are not too anxious to have the legislature in special session," Smith said.

"The longer we can delay, the better position we will be in for the Comptroller to give an accurate revenue estimate for the next year and to determine revenue needs of the state."

The Governor indicated strongly, however, that if a special session is necessary to redistrict the House of Representatives, budgeting and re-appointment probably will be considered at the same time. He controls the timing and subject matter of special sessions.

"If we can get by with one special session, we sure don't want to have two," Smith said.

**COURT REVIEWS DISTRICTS TANGLE** -- The State Supreme Court heard a barrage of conflicting arguments as to what should be done about House of Representatives redistricting.

All of these views went before the High Court.

"That it should order a five-member Legislative Redistricting Board to perform 'its constitutional duty' and reapportion the House in line with the 1970 census.

"That it should prohibit the Board from reapportioning either House or Senate on grounds that the new census has not been completely published that redistricting thus should be delayed until 1973.

"That 150-single-member House districts are required, as long as they do not cause discrimination against any group.

**APPOINTMENTS** -- Governor Smith named three new members of the Paris and Wildlife Commission under the 1971 act expanding the agency to six commissioners. New members are Max L. Thomas of Dallas, Joe K. Fulton of Lubbock and Robert Burleson of Temple.

**LAND BIDDING TAKEN** -- Bonus bids totaling nearly \$4.8 million were paid for oil and gas leases on 68,887 acres of University of Texas land at public auction last week.

Bids brought the Permanent University Fund to a record of \$679.8 million. Average \$69.28 per acre price was the highest the University has received at lease auctions since 1965. Highest bidders for a single tract were Allied Chemical Corporation and Champlin Petroleum Company in a joint offer for \$260,000 for 320 acre tract in Ward County. If oil or gas production is realized, the permanent University Fund will receive a one-sixth royalty payment in addition to the bonus bid.

The School Land Board will meet October 5 to consider a rule regulating the use of water on state-owned land under oil and gas leases.

**VERNON SITE SELECTED** -- Vernon Center South was selected by the Texas Board of Mental Health and Mental Retarda-

tion as the site for the state's first comprehensive treatment and rehabilitation center for hard core, juvenile drug addicts.

The drug center will contain facilities for housing, educating, treating and training about 350 juveniles 14-21 years of age.

MH-MR Commissioner Dr. David Wade said the proposed program will push Texas into national leadership in treating and rehabilitating young drug users.

**GRANTS APPROVED** -- Texas will get \$411,675 in new federal grants to fund two Office of Economic Opportunity programs this fiscal year.

One of the grants provides \$237,700 in new funds and \$22,300 in carry-over money for state agency assistance. A second for \$96,000 (including \$12,025 in carry-over cash) will finance a state special technical assistance program.

OEO will use the money to provide technical aid to 47 Texas community action agencies and nine limited purpose agencies representing 75% of the population.

**AG OPINIONS**

A state agency which prior to the presidential wage-price freeze order paid insurance premiums for individual employees in excess of \$12.50 a month can continue to do so, Atty. Gen. Crawford Martin held in a recent opinion.

Newly-employed persons are entitled to the same coverage provided prior to the August 15 freeze for other employees similarly situated, Martin said.

In a separate opinion, Martin said a county auditor is not authorized to require as a prerequisite to his approval of a claim or items of expense that a requisition be signed and approved by him at the time of purchase is made or expense incurred.

**CARS IMPORTANT TO TEXAS TOWNS** -- About 2,600 Texas communities have no other mode of transportation available other than highways, Texas Highway Commission Chairman Dewitt C. Greer noted in a recent speech.

While the population of the state has increased an average of 162,000 a year for the last decade, Greer pointed out that motor vehicle registrations jumped by 284,000 last year. Unless the highway system is continually expanded and modernized, warned Greer, Texas will face a "crisis in mobility."

**SHORT SNORTS**

Sen. Ralph Hall of Rockwall entered the lieutenant governor's race last week.

Supreme Court Chief Justice Robert W. Calvert announced he will not be a candidate for re-election next year, and Associate Justice Joe Greenhill said he will seek the chief justice's post.

Texas R' search League will make a new study of major alternatives in state-local financing of public school education.

Texas Paris and Wildlife Department has available for distribution a new 40-page magazine-size bulletin on "Freshwater Fishes of Texas."

Comptroller Robert S. Calvert is requiring certification on every state voucher that the purchase is in compliance with the wage-price freeze -- in spite of some protests.

Hunter participation in the white-winged dove hunts in the Lower Rio Grande Valley was said to be the lowest in years due to Hurricane Fern.

**Chevron Station Is Broke Into**

The Chevron Station owned by Odell Mantooth was reported broke into sometime Monday night. The thief entered the station by breaking a window in the workshop. Luckily the only thing reported missing was 13 gallons of gas and the gasoline can.

Khaki is a Hindustan word meaning "dust colored."

### Woods Infant Is Buried Monday

She has been a nurse at North West Hospital since her graduation there.

She is the daughter of Mr. and Mrs. John V. Bible of McLean.

### 79% Savings Bond Goal Reached

Purchases of Series E and H United States Savings Bonds in Gray County during the month of August totaled \$43,547 according to County Bond Chairman. Total sales for the eight-month period were \$331,930 for 79 per cent of the 1971 sales goal of \$420,000.

Texas purchased \$18,190,740 in Series E and H Bonds during August for a 20.7 per cent increase over the same month of 1970 and believed to be the highest sales during any August since World War II. Total sales for the eight-month period of both series in Texas were \$136,917,471, over \$15 1/2 million above the same period last year, a 12.9 per cent increase.

Nationally, E and H Bond sales totaled \$516 million for 33 per cent above the same period in 1970, a record for any August since 1952. Year-to-date sales amounted to \$3,759 million -- 19.4 per cent above a year earlier.

### Mrs. Willie Boyett Completes 50 Years Of Teaching Music

Mrs. Willie Thompson Boyett, a longtime resident, just recently completed 50 years of teaching music, and the following letter was written by her as a means of expressing her appreciation to everyone that she has had associations with through the years.

In September 1921 - after having taken a teacher training course in Denver, Colorado, I began teaching piano at the McLean Elementary school with very little experience and not too much in qualifications, but continued to improve in that line through continued summer study for many years.

Your support and co-operation has been most wonderful. Otherwise I could not have made it through the 50 years.

I have a class picture of 28 students in 1922. That number increased year by year until the last years of the depression and then followed by the peak years in the late 1930's and early 1940's when I taught from 8 a.m. till 6 p.m. Students were permitted to come to lessons during school, but that could not go on forever. For health's sake I had to reduce my number and began teaching at home where I have maintained my studio since with a good size class and closed the 50th year with a recital by 20 students - with an average, I would judge of 25 plus a year for the 50 years. What more could I ask?

Many have come and gone in that short time and some for years of continued study. There have been some come for the second generation and the Morse and Noel families have kept students coming for 3 generations.

Occasionally I hear complaints that I expect too much of students. I would like to tell you a little secret. In September 1921, Rev. Roberts, pastor of the First Presbyterian church in his address to the school assembly remarks that all some teachers seem to be interested in is to draw their breath and draw their salary. I resolved not to be in that category so if I have expected too much of any, lay it to his charge and not to mine.

I will say this, if I have been unkind, unfair or inconsiderate at any time, please forgive as I don't want to harm or hurt anyone.

Some have wanted to help me celebrate the Golden Year but for reasons not best publicized I had to decline. All the celebration I want is to say "Thank You" to as many as I can for seeing me safely through. You have kept me going for many years past what is considered the retirement age and I know that shorter hours and less strenuous work are better for health if not for wealth, I want to express my appreciation for being placed in the semi-retirement rather than complete retirement and though we are not so great in numbers we will still try to keep our quality high.

I close with a big THANK YOU to all who have contributed to my support in any way. Even to the "Well Wishes" on the side line and to the Good Lord above for giving me the health and grit and grace to carry on at the same old stand for half a century.

Yours in Love and Appreciation,

Willie Thompson Boyett

Mrs. George (Jesse) Bailey of Agawam, Massachusetts will enter the hospital this week for surgery. She is a former resident of McLean and Shamrock. She would love to hear from her friends and neighbors of this area, as she gets homesick for all the local news. Her address at present is: Mrs. Jesse Bailey, 22 Simpson Circle, Agawam, Mass. 01001.

### Salvation Army Service Unit To Have Fund-Raising

The Salvation Army service unit of McLean will kick off its first annual fund raising campaign at 9 a.m. Tuesday October 5th with coffee and doughnuts in the community room of the American National Bank of McLean. It was announced by Mary Dwyer Campaign Chairman. Also Thursday October 7th, the McLean Fire Department will work the residential area in this drive.

Funds collected in the drive will be used to pay for the salvation army's services to the underprivileged in McLean through the coming year.

"Our campaign workers and service unit committee members are in harness for the big drive. We know that the people of McLean will come through with flying colors," Mrs. Dwyer said.

The McLean service unit committee, composed of business and civic leaders, carries out a year-round program to help people with emergency needs. In the name of the salvation army whom it represents, the committee pays for food, lodging, utilities and such basic necessities that families or individuals may require in a temporary crisis.

The service unit also acts as liaison for the salvation army's state-wide program, which includes summer outings for boys at Camp Hoblitzelle, care for unwed mothers, help for paroled prisoners, relief in major disasters, and other services.

Members of the committee in McLean are: Chairman Robert Brown, Boyd Meador, Herman Bell, Billy Bob Adams, Mrs. Wanda Waldrop, Ernest Beck, R.C. Parker, Jay Thompson, S.A. Cousins, J.W. Meacham, Lloyd Hunt, Sam Gayton and Mrs. Mary Dwyer.

### Jr. High Cubs Lose To Shamrock

September 22, McLean Junior High Cubs battled the Shamrock Irish at Shamrock.

In the first half the Shamrock Irish scored 22 points. In the second half the McLean Cubs scored 8 points.

The Shamrock Junior High Irish won the game with the score 22-8.

September the 31, the Cubs play the Claude Junior High Colts at 6:00 p.m. at McLean's Duncan Stadium.

### McLean Tigers defeated the Boys Ranchers last Friday night with a score of 14-6.

McLean's first score was made in the 1st quarter by Tommy Duniven, a senior, running 26 yards around the right end. The kick for extra point failed, bringing the score at the end of the first period 6-0.

No score was made in the second quarter by either team.

In the third quarter the only scoring was made by Boys Ranch, by Aubrey Ellington, with a 28 yard pass for a touch down. The kick for extra point failed. At the end of the third period the score was 6-6 in.

In the fourth period with 5:48 left to play, Ronnie Brown, a senior, made a touchdown with a 4 yard run over right tackle. Brown's run around right end for extra points was good, making the final score 14-6.

McLean has a 2-1 record so far this season having lost the first game to Shamrock.

This Friday night the Tigers and their fans will travel to White Deer. Next home game will be October 22 with Silverton.

### BOOST WINTER PASTURES

Adequate plant food means more grass for winter pastures, contends Dr. Neal Pratt, Extension agronomist. First of all, obtain a soil test to determine the amounts of fertilizer needed. A copy of the publication "Keys to Profitable Winter Annual Forage Production," may also be helpful. It's available at the county Extension office.
