## State Capital News

Ballot order has been selected for 14 proposed constitutional amendments to be voted on at the November 7, 1972 election.

Major changes, including authorization for a constitutional convention, four-year terms for major state officials, higher state bond interest ceilings and equal rights for women are included in the list.

The amendments, in the order they will appear on the ballot, follow:

1. A salary raise for legislators from \$4,800 to \$8,400 a year.
2. To abolish Lamar County hospital district.
3. To provide for compensation of all justices of the peace on a salary basis.
4. To establish a constitutional revision commission and call a convention to revise the state constitution in January, 1974.
5. To provide a minimum \$3,000 property tax exemption for resident home-steads of those 65 and over.
6. To guarantee that equality under the law shall not be denied or abridged because of sex, race, color, creed or national origin.
7. To provide four-year terms for governor, lieutenant governor, attorney general, comptroller, treasurer, and commissioner, secretary of state and other statutory state officials.
8. To allow soil and water conservation district directors to hold, or be compensated for, more than one office.
9. To require that proposed constitutional amendments be described twice in clear language by statewide newspaper publication (633 papers).
10. To fix an annual salary of \$22,500 for speaker and lieutenant governor.
11. To permit state employees to serve on local governing boards.
12. To set a six per cent weighted average annual interest rate for constitutionally authorized bond issues.
13. To allow counties to reduce their permanent school fund and distribute money to independent and common school districts on a per-student basis.

**DEMOCRATS ELECT** -- Feuding Democrats settled a row over election of a new chairman with unexpected calm.

At a Dallas meeting, the State Democratic Executive Committee named Roy Orr, 39, mayor of DeSoto, chairman, rejecting Gov. Preston Smith's preference for Agriculture Commissioner John C. White.

statewide official. Backers of both argued that their man would be the best choice to unify the state party for election-year battles ahead. White had backing of liberal and some moderate and conservative members of the committee. Orr drew support of most SDEC conservatives and some moderates.

Both candidates, the winner and the loser, pledged future cooperation with all factions.

Orr succeeds Dr. Elmer Baum of Austin as SDEC chief until the September, 1972, state party convention.

**APPOINTMENTS** -- Dan S. Petty 31, formerly of Texarkana, was selected by Governor Smith as his executive administrative assistant to succeed Orice A. Green who resigned October 1.

Among other recent appointments by Smith were the following:

University of Houston Board of Regents -- Dr. J. Davis Armistead of Lubbock, Robert Lee Grainger and Mack H. Hannah Jr. of Houston; reappointed, James A. Elkins Jr. of Houston.

Board of Regents, North Texas State University -- William W. Jamar Jr. of Brownwood.

Texas Civil Air Patrol

Commission (new) -- Louis C. Ways, George E. Hadaway and D. Harold Byrd of Dallas; John A. Goolsby Jr. and Frank T. Cox of Austin; William I. Williams Jr. and Luther C. Board of Tyler; Claude L. Chambers of Irving and Mike A. Burkholder of Pecos.

State Board of Barber Examiners -- Thomas J. Hullum of Bumer.

Joe Reeder Jr. of Knox City was named 50th district judge succeeding Lewis Williams of Knox City who resigned.

**COURTS SPEAK**

The State Supreme Court affirmed lower court findings that state employees are constitutionally banned from city council service.

In another new decision, the High Court set a hearing November 3 in the controversy over whether 588 acres were legally acquired at Odessa for a new University of Texas of the Permian Basin campus.

Third Court of Civil Appeals here held a law preventing vending machine owners from holding financial interests in taverns is constitutional.

The death penalty conviction of a Refugio County man for slaying a sheriff and a deputy sheriff in 1969 has been upheld by the Court of Criminal Appeals.

**DISASTER AID APPROVED**

Texas Employment Commission will pay disaster unemployment compensation to persons made jobless by tropical storm Fern September 9-September 30 in 14 South Texas counties.

Counties covered in the assistance plan are Amaras, Bee, Brooks, Duval, Nueces, Refugio, San Patricio, Jim Wells, Hidalgo, Starr, Willacy, Jim Hogg, Live Oak and Calhoun.

**ALLOWABLE REDUCED** -- For the seventh consecutive month, Texas Railroad Commission reduced the statewide oil allowance.

A cut of .7 of a per cent sets the November production factor at 62.5% of potential. The allowable has been slashed 19.0% since last April.

A maximum production of 3,275,749 barrels daily will be permitted under the November controls, compared with 3,305,129 this month.

**BOND SALE OFFERED** -- A total of \$31.5 million in veterans land program bonds will be offered for sale November 11.

**APPEAL FILED** -- Texas is appealing U.S. Secretary of Transportation John A. Volpe's decision to impose a 10% penalty on the state's share of highway construction money from the federal trust fund.

The threatened cut -- because Texas has not enacted a billboard control law under the highway beautification act -- would cost the state about \$24 million a year.

The appeal to Volpe noted legislative efforts to comply with the federal requirement and asked a decision on the penalty be withheld until the next regular legislative session.

**SHORT SNORTS**

The Legislative Redistricting Board barely made its October 23 deadline for reapportioning the House of Representatives. The new Senate districts were announced a week earlier.

Enrollment in Texas junior and senior colleges reached a all-time high of 479,807 this fall.

Agriculture Commissioner White says pink bollworm and too much rain are threatening the Texas cotton crop.

Atty. Gen. Crawford Martin held that the bailiff of a district court need not be a deputy sheriff and that Bexar County Hospital District may not change the month of selection of its depository after selection for a two-year term in February, 1970.

Gerald McCathern of Hereford and Worth Jones of Hart were selected to the Board of Directors of the Grain Sorghum Producers Association.

C.A. "BUZZY" CASH

## C. A. Cash To Receive Honor From Texas Tech

C.A. Cash, president of Diamond Shamrock Corporation will be one of four former Texas Tech students, representing outstanding achievements in the fields of business, medicine and education, will be honored as "distinguished alumni" by the Tech Ex-Students Association at a luncheon Friday, Oct. 29.

This luncheon will be held in the Coronado Room of the University Center in Lubbock.

Cash has been serving on Diamond Shamrock's board of directors as vice chairman and also as chairman of the Amarillo-based oil and gas unit of the corporation. While maintaining his Amarillo residence, he will have the authority and responsibility for the active management and direction of all the corporation's business affairs and personnel.

Cash joined Shamrock Oil & Gas Corp., in 1935 as a bulk station clerk at Sunray at a starting salary of \$90 a month. He attended Texas Tech from 1932 to 1935, majoring in chemical engineering.

Until 1955 when he became vice president and assistant to the president, Cash held various positions with Shamrock in 1957 he became executive president and in 1960 was named president.

Bob Glass, who has been stationed in Germany is home on leave visiting his parents, Mr. and Mrs. Raymond Glass, and other relatives and friends. At the end of his leave he will report to Vietnam.

## James B. Mullins Former Resident Buried In McLean

Funeral services were held at 11 a.m. Tuesday in the First Baptist Church for James Benjamin Mullins, 64, of South Pasadena, Calif., who was dead on arrival Saturday at an Oklahoma City hospital after an apparent heart attack.

Rev. Herman W. Bell, pastor, officiated. Burial was in Hillcrest Cemetery by Lamb Funeral Home.

Mr. Mullins, a former resident near Kellerville, had been visiting his son, Richard, the past two weeks. Mr. Mullins was born May 22, 1917, at Mobeetie and moved to California in 1954 from Pampa.

He was a Baptist and a retired oil field driller.

Survivors include three daughters, Mrs. Juda Ruth Avila of Oklahoma City, Mrs. Maudie Jan Shehan of Honolulu, Hawaii and Mrs. Reene Hall of Monrovia, Calif.; three sons, James Richard of Oklahoma City, Donald Lee and Clifford Gene, both from Los Angeles; his stepmother, Mrs. Lou Huggins of Pampa; three sisters, Mrs. Vesta Highsmith and Florence Rice, both of Nashville, Tenn., and Mrs. Frank Hubby from Brisbane, California; and 10 grandchildren.

**James O. Holloway In Germany**

Army specialist four James O. Holloway, 22, son of Mr. and Mrs. P.O. Holloway, McLean, is participating with more than 11,000 troops in exercise reforger III in Germany.

He is a mechanic in headquarters company, 4th Battalion, 63rd Armor of the 1st Infantry division at Ft. Riley, Kan.

The "Big Red One" Division consists of three brigades. The 1st and 2nd brigades are based at Ft. Riley and the 3rd Brigade is permanently stationed at Augsburg, Germany.

The men of the 1st and 2nd brigades, with support units, flew to Germany to join the 3rd and move to the exercise area extending from Munich to near the Czechoslovakian border. Emphasis in the exercise was placed on testing procedures for receiving, assembling and deploying army units once they arrived, rather than on rapid air transport from the U.S.

In the field maneuver phase of the exercise, units of the 1st infantry division and the Canadian 4th mechanized battle group engaged in simulated combat with the aggressor forces of the U.S. 1st armored division (regularly stationed in Germany) and the German 35 Panzer Grenadier brigade.

Exercise reforger III is the third annual operation in the series. The exercises are designed to fulfill U.S. commitments to NATO and those made in the 1967 Trilateral federal republic of Germany.

The movement to the exercise area began Sept. 26. Ft. Riley troops will return by 1st week in Nov.

**Richard Crockett Is Student Teacher**

Last Monday (Oct. 25) marked the first day in public school classrooms for 72 student teachers from Southwestern State College.

All seniors, they have received student-teaching assignments in 15 area high schools, according to Dr. Morris Robertson, director of Southwestern's secondary education program.

Eight weeks of practice teaching is a requirement for student studying toward bachelor of science in education and bachelor of arts in education degrees at the college.

Cooperating high schools, the students and they hometowns include:

DONNA WILSON.....Flame Queen Photo By Gladys Hall

## Donna Wilson Is Crowned Flame Queen Trick Or Treaters

Donna Wilson was crowned 1971 Flame Queen last Thursday by the Pep Club members. The queen was chosen on her meritorious service to the club, to the Tiger Team, and the entire school.

Each year, on the night before the first home district game, the entire school joins in the gala occasion. The evening's celebration began at the high school with the High School band leading, and the Pep Club and school members following in a snake walk.

As they entered the field the bonfire blazed and the students cheered. After a short program of music and cheer, the effigy of the "Owls" was thrown into the fire.

Principal Lloyd Hunt gave a talk to the participants and then presented the crown and bouquet of carnations to the new queen, Donna Wilson. The queen is the granddaughter of Mr. and Mrs. Ernest Beck.

**TB Campaign Opens This Week**

Expressing concern over the rise in teen-age smoking and the need to carry on programs of education against it, the Top of Texas TB and Respiratory Disease Association today urged area residents to support the 1971 Christmas Seal Campaign which opened this week.

"Adult smoking is beginning to taper off," said Association President Lillian Jordan of Pampa. "But we are going to have to intensify our efforts where students are concerned. Both boys and girls are being taught to smoke as early as age 13 now, and in some cases earlier. We certainly need the support of the public in combating the problem."

Seals have been mailed to some 80,000 area residents for the purpose of mounting an expanded program against migratory tuberculosis, emphysema, and other respiratory diseases related to cigarette smoking and air pollution.

Mrs. Jordan stated that, though contributions will be mailed to Austin in an economy move to centralize bookkeeping, money raised from the area will be budgeted back to the Top of Texas TB Association to carry on program in the Panhandle's 26 counties.

## County Committee Election In Nov.

In November, a ballot will be sent to you to vote for a county committeeman. You will not vote for community committeeman this time as Gray County is now a one-community county.

The term of Leamon Andrews from McLean will expire on the county committee at the end of this year. When you receive the ballot, you will be voting for a county committeeman to take his place on the committee to serve for a three year period.

The person elected will serve on the county committee along with Paul Bowers and Floyd McLaughlin.

Ballots cast in the election will be tabulated by the county committee at the ASOS office in the afternoon of Dec. 7. New committeemen will take office on Jan. 1.

**COTTON ACRES.**

If you lose some cotton acres, please be sure to report to this office in order to protect your cotton payment that you have already received. Also you need to report your cotton production for this year when you complete harvest.

**COTTON LOANS**

Cotton producers in the county are advised that cotton loans may be prepared by the county office or an approved loan clerk. Custody of the warehouse receipts and class cards will be maintained in the county office. Loan redemptions will be handled through the county office, however, arrangements may be made to have the warehouse receipts and class cards sent to a bank for loan repayment.

**REPORT FARM CHANGES**

Please report any changes in operation, ownership, etc. in your farming operations to the office now so the records can be kept up to date. If you have sold or bought land that might result in a reconstruction of farm data in the county, please report now and avoid a delay next year when you come in to sign or report.

**Robert E. Barron On Baylor Honor Roll**

Robert Eugene Barron, son of Mr. and Mrs. R.N. Barron of LaMarque, was listed in the Dean's Distinguished Honor list for the Summer Session at Baylor University in Waco.

He was one of 48 students -- 20 men and 28 women, making a 4.00 grade average or "A" in all subjects for the semester, while registered for not less than 12 semester hours.

Robert is the grandson of Mrs. Audie Stewart of McLean.

**Football Queen To Be Crowned Thursday**

# Money Orders Lead To Arrest

Harold Lockhart

Harold Lockhart, 37, of San Francisco, was arraigned last week as a suspected fugitive before Justice of Peace Cecil B. Amerson in Shamrock and bond was set at \$5,000. He was lodged in the Wheeler County Jail and then later was transferred to Amarillo.

When he was arrested at a roadblock one mile west of Shamrock on Interstate 40 about 5:10 p.m., he had in his possession \$4,000 in stolen Postal Money Orders taken in a burglary of the San Bruno, California on September 3. He also had in his possession a set of burglary tools and safe cracking equipment.

He stopped in McLean and cashed one of the stolen money orders and was caught after Casper Smith and Postmaster Frank Simpson checked the list of stolen money orders and found the number on the list. He was quickly caught after they reported him to the authorities.

Postal authorities were advised immediately that Lockhart was in custody and Postal Inspector H. L. Gibson of Amarillo arrived in Shamrock to take charge of the case.

He was later turned over to the authorities in Amarillo.

County Agricultural Agent  
Texas A. & M. College Extension Service  
By FORBES WEALEY

**CROP CONDITIONS**  
Moisture in heavy amounts fell over most of the Panhandle Sunday night. Up to five inches fell west of Pampa. Near Amarillo, three to four inches was received. Most of Carson county got heavy rain. Almost 100% of the wheat had been planted and was up to a good stand. I've never seen wheat come up to as perfect a stand or grow as fast since being sowed after the rains in late September. There will be more wheat pasture than there are cattle for the first time in two decades. Feedlot operators as well as this writer are already having calls from farmers having wheat that will be ready for grazing soon. I'm hearing a lot of stocker operators saying cattle are too high and they just might let someone else run them. This will cut the demand for cattle and wheat pasture. The most resistance on price seems to be in the cattle under 400 lbs. Many people have turned to heavier weight cattle. Within the last weeks some Eastern order buyers have told me they have more orders for heavier calves than light ones. Two months ago a 450 lb. steer could have been purchased for only thirteen or fourteen dollars more per head than a 300 lb. steer. Some people catch on rather slow. They never get their pencil sharp. If they have been buying light weight steers for 10 years they won't switch. Many times you better switch than fight.

Milo harvest had begun on a slow scale before the recent big rain. Yields were above average on the irrigated ground. The rain was not needed on the milo but most farmers received the rain with open arms on the wheat. The best milo is yet to be harvested. It will be frost plus ten days. Milo prices are now quoted at the elevator at \$1.80 per cwt. With the least milo in storage in years and the severe drought earlier I believe it would pay big dividends for a producer to retain ownership of his milo until at least next spring. Use the govt. loan on at least half of your milo crop.

## Juniors Wreck Car As A Project

Juniors, too, caught the "Tiger Fever" last week. They hoped to help stir up enthusiasm bringing an old car to the school yard, painting it silver, and inviting the student body and the faculty to express their desires of beating down the owls.

As the pictures show, a good job was done; as the records show, the mighty Tigers did a good job - 35 to 6. However, the juniors had a dual purpose in their efforts. They charged ten cents per hit, the money to be added to the fun for the Junior-Senior banquet.

A hearty "Thank You" from the juniors goes to Mr. Ted Simmons for the donation of the car. Also, they would like to say "Thank You" to every McLean citizen who has helped the juniors in the other money-raising projects. It's nice to know we can depend on "Our Town."

Emotional problems in the home such as divorce may interfere with the child's ability to learn in the classroom. Many children may have no particular physical or emotional problem and have the ability to be able to succeed but just not be ready maturationally, to start to school at the prescribed age of six unless the school program is geared to meet his individual needs. Some children may be ready to go into a formal academic program at five others at seven or eight.

We say one thing in public education individualize the program to meet the needs of the child and yet we do something else. We force all children into the same academic program at the same age and expect them all to be able to function in the same manner and disregard this individual differences. You the parents are also a part of the practice as you demand and want us to keep your children all doing the same academic work depending on grade level and age regardless of the individual needs of your child.

We the school and you the parents are making academic failures of many children where there is no physical or emotional problems hindering the child. Research has pointed this out many many times yet we continue to travel down the same time worn path, year after year, not making changes that are needed. The education of your child is a cooperative enterprise, so work together for improvement rather than criticizing each other.

Teachers are more comfortable in the ways of the past as are parents who don't want change either because of tendencies to think that the way they were taught in the past is the way their children should be taught today.

No child needs to feel failure in today's schools with the right approach to education but for this to be possible the schools and parents need to be willing to change. This doesn't mean to eliminate all of the past because much of what is taught and done is good but it is our approach to learning and how we attempt to arrive at our goals that we need to look at.

Special reading is not a program for slow learners but is designed to help those students who have the mental ability to learn but may need extra help in reading. Often times exceptionally bright children have reading problems. However in this school district we do not exclude children but use as a criteria the question - Does this child need extra help in reading?

It is our job to try and discover what is causing a child to have difficulty and attempt to remedy the situation by providing a program that will meet his individual needs, by working with the child individually or in small groups at his level and by experimenting with new or different methods to find out what might best help your child.

# Accent on Health

A weekly public service feature from the Texas State Department of Health  
J.E. PEAVY, M.D., Commissioner of Health

Air pollution is a serious and difficult problem which affects everybody in Texas. It is a definite threat to human and a nimal health and costs Texans millions of dollars a year, now estimated at \$65 for every man, woman and child in the State.

"Today, the Texas Health Department's air pollution control program is expanding with people and equipment to become the most complete air pollution control program in Texas history, and one of the most effective in the nation," said Charles R. Barden, the State Health Department's new deputy commissioner for air pollution control.

"There is simply more emphasis today on air pollution. We are working to meet the demands of the people of Texas for cleaner air."

Those demands were significantly voiced through the last session of the Texas Legislature which appropriated \$1.2 million for the Texas Air Pollution Program. This enabled the State to attract more than \$2.4 million in federal funds for a total program of almost \$4 million.

The Texas Legislature already had passed significant legislation for cleaning and conserving Texas' air. To provide an effective legal means for controlling air pollution, the Clean Air Act of Texas was passed in 1965. A year later the Texas Air Control Board, a policy-making body, was created. The Board set up rules and air quality standards to safeguard Texas' air resources. It later adopted six regulations covering almost every form of air pollution including smoke and particulate matter emissions, outdoor burning, sulphur compounds, motor vehicle emissions and toxic materials.

More recently, the Board put into effect a new, far-reaching construction permit system to control and prevent air pollution. Under the permit system, any industry or company construction of, or change in, a process that will emit air contaminants is required by law to obtain a Board permit before starting construction.

Air pollution control also is an individual concern. That's why the Texas Health Department is focusing attention on the theme "Make Air Pollution a Personal Matter" during 1971 Cleaner Air week, October 24-30, 1971.

Perfect poise is not looking self-conscious in the front pew.

The future is the time when you will wish you had done what you are not doing now.

Let the air out of lots of big wheels and all you have left is a flat tire.

Inflation is what turns a nest egg into chicken feed.

A compliment usually means to express admiration or approval. To go overboard in the field of compliments means that we have crossed over into the realm of flattery.

The easiest way to flatter most folks is to brag on their favorite person which is themselves. Try it sometime. Really it is pretty hard to do for likely we had rather be bragging on ourselves.

Flattery, according to the dictionary is insincere but complimentary words. It means false praise, or to speak more highly of one than we should.

When folks give us a mouthfull of sugar-coated words we should not hold on to them very long. If we do the sugar will melt off and we will have only a bitter pill remaining.

Flattery might win a husband but it takes cooking and a lot more things to keep one. One good thing that makes him feel good is to tell him that he is the kind of man that cannot be flattered.

## 18 Rural Accidents In Gray County During September

The Texas Highway Patrol investigated 18 accidents on rural highways in Gray County during the month of September, according to Sergeant J. L. Dairymple, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and 11 persons injured.

The rural traffic accident summary for this county during the first nine months of 1971 shows a total of 160 accidents resulting in six deaths and 82 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Dept. of Public Safety Region for September, 1971, shows a total of 499 accidents resulting in 33 deaths and 268 injuries. This was 82 less accidents, eight more fatalities, and 132 more injured than during August.

The 33 traffic deaths for the month of Sept. 1971, occurred in the following counties: Potter, seven; Lubbock, four; Parker and Childress, two each; Archer, Clay, Garza, Kent, Lynn, Montague, Palo Pinto, Wise, Yoakum, Cameron, Dallam, Deaf Smith, Gray, Hansford, Moore, Parmer, Sherman and Wilbarger, one each.

## EDUCATION CORNER

Special Reading Program  
Margaret Gayton

This article will attempt to define what reading is, why some children have reading problems, the purpose of the special reading program and how parents can help their children.

Reading is utilizing what the child sees as he reads the symbols on the printed page plus his interpretation and understanding of what he sees in relationship to his past experiences.

Through the senses of sight (visual) and sound (auditory) the child learns to read. Many of the child's experiences are not only sight and sound communications but also related to experiences connected with the senses of taste, smell and touch. In order to understand symbols on the printed page we must bring to the printed page a world of vast experiences, without which there is no meaning. The everyday experiences that a child receives through the five senses of sight, sound, smell, taste and touch bring about the meaningful interpretations that a child experiences as he reads. Messages are constantly being relayed to the brain to be stored for further use through the senses.

What happens to the child if any of these senses aren't functioning adequately? The child will not function adequately in the area of deficits.

The cause of reading problems may be of a physical, emotional, social or educational nature.

In reading the visual and auditory senses are the means by which most children learn to read effectively because reading is seeing the words, associating sounds to symbols that become words to which meaning is attached because of past experiences. If one or both of these senses are not functioning adequately the child may have difficulty in learning to read if he doesn't learn to compensate for his deficits or inadequacy. Other physical problems besides visual and auditory problems such as poor health, glandular problems, neurological problems and hunger and mental retardation may impair the ability of a child to learn in

## Northern Pike Set New Record

A Clarendon man went fishing in the dark depths of Greenbelt Reservoir and hooked a monster -- a 13-pound northern pike. The fish is a new state record, approved by the Texas Game Fish Records Committee of the Texas Parks and Wildlife Department.

Clarence L. Hamilton caught the pike on a deep running lure on the afternoon of Sept. 10, 1971. The fish measured 37 1/2 inches in length and had a girth of 15 3/4 inches.

Twelve-pound test line was used.

Northern pike are not native to Texas. They were stocked experimentally by the Texas Parks and Wildlife Department to test their feasibility as a game fish and a control for rough fields.

A service anniversary dinner was held at the Coronado Inn at Pampa, Oct. 21 honoring the above: Carl Baker 20 years, Jack Lisman 25 years, Don Alexander 35 years, Troy Corbin 25 years. Making the awards was Mr. L. M. Mauney, Tulsa, Okla. Present also was Mrs. Carl Baker, Mrs. Jack Lisman, Mrs. Ruby Alexander, Mrs. Troy Corbin, Mrs. L. M. Mauney, Mr. and Mrs. A. J. Woods and Mr. and Mrs. H. A. Yates.

**Mary Lowery Gets Tops Fruit Basket**

By Lucille Cullison, Reporter  
The Derby Town Tops Club met for their regular weekly meeting at 6:30 p.m. in the Fire Hall Building.

Mary Lowery weighed in the members and recorded the weight chart.  
Marilyn Mounce, leader brought the meeting to order and led the members in a calorie Guessing contest.  
Deloris Bailey, treasurer called the roll with members answering with their weight loss or gain.

The club members had a 9 1/2 pound weight loss for the past week.  
The "Dish Towel Contest" was closed and the winners were Viola Glass who won the Kops Group and Irene Williams won the Tops Group. They received a number of pretty dish towels and dish rags.

Mary Lowery received the fruit basket for a 3 1/2 pound weight loss and is the weekly queen.

A new "Trading Stamp Contest" was started to run from Nov. 1st to Dec. 20th. All members must bring half book of stamps to begin the contest. The members losing the most weight at the close of the contest will win all the trading stamps.

Members present were Marilyn Mounce, Deloris Bailey, Mary Lowery, Nola Crisp, Lucille Cullison, Viola Glass, Mary Lou Glass, Gladys Smith, Evelyn Hunt, Mary Terry and Irene Williams.

A heart welcome is extended to any new members.

Mr. and Mrs. W. R. Cullison returned home last Wednesday from Jackson, Tenn., where they visited with Mrs. Cullison's daughter and family, Mr. and Mrs. Kenneth Everett and sons, Perry and Jerry. While there the Cullisons and the Everetts attended the "Grand Old Open" in Nashville, Tenn., and they also had an enjoyable time fishing in the Tennessee river and caught a lot of fish.

Mrs. Mary E. Harris, mother of Mrs. Bill Bailey and Mrs. J.E. Morrow, is making her home in McLean with Mrs. Morrow. Mrs. Harris is 96 years old.

Mr. and Mrs. J.E. Morrow have recently moved to McLean from San Diego, Calif. and are making their home in McLean.

A population bulletin showing the composition and characteristics of the population of Texas has just been released by the census bureau, and McLean's 1621 persons are classified as follows: Male, 759, female, 762; white, 1500; negro, 15; native parent age, 1457; foreign or mixed parentage, 37, foreign born white, 6; ages under 5, 169; 5 to 15, 346; 15 to 24, 298; 25 to 34, 272; 35 to 44, 195; 45 to 64, 185; 65 and over, 65; 21 and over including unknown 827.

Dr. Geo. W. Truitt will be the principal speaker at a meeting to be held at Amarillo on Oct. 22, in the south-wide Every Member Campaign now under way among Southern Baptists.

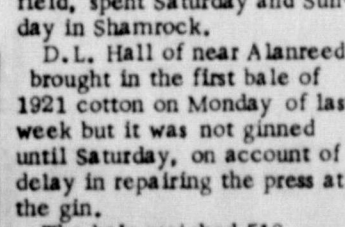

Roy Hill of Eldridge won the county story writing contest on the subject "My Trip to a Creamery," and ranked near the top in the state contest.

Rev. Cecil G. Goff, pastor of the First Baptist Church, has announced a series of sermons to begin Sunday night, based on scriptures found in Philippians. The series will run each Sunday night until completed.

caused by inflammation  
Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.  
The answer is Preparation H. No prescription is needed for Preparation H. Ointment or suppositories.

**WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles**

After 21, common Kidney or Bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong acid urine and by analgesic pain relief. Get CYSTEX at drug stores. See how fast it can help you.

**Dennis Sutton Former Resident Makes Football Headlines**

Dennis Sutton, son of Mr. and Mrs. Buddy Sutton of Lamona, California, has had his name in the headlines in the sports edition of the Daily California newspaper recently.

This football season started out as usual for the San Diego Aztecs, but the week they were to play Northern Illinois, the coach found he was with-

Members present were Marilyn Mounce, Deloris Bailey, Mary Lowery, Nola Crisp, Lucille Cullison, Viola Glass, Mary Lou Glass, Gladys Smith, Evelyn Hunt, Mary Terry and Irene Williams.

A heart welcome is extended to any new members.

Mrs. Mary E. Harris, mother of Mrs. Bill Bailey and Mrs. J.E. Morrow, is making her home in McLean with Mrs. Morrow. Mrs. Harris is 96 years old.

Mr. and Mrs. J.E. Morrow have recently moved to McLean from San Diego, Calif. and are making their home in McLean.

out the services of his two main players with minor injuries.

With his stars out of action he called to his bench and the result was a pair of touchdown passes and a 30-1- Aztec victory.

Fifteen times Aztec passes were completed, so somebody had to be out there making grabs.

That somebody was Dennis Sutton.

Sutton is making the switch from running back in high school and junior college to wide receiver at State and he didn't think he would be seeing as much action this year as he already has.

Sutton also played football at Grossmont High School and Grossmont College.

Sutton is a former resident of McLean, his father having had a barber shop when they lived here. He is the grandson of Mr. and Mrs. J. E. Morrow and Mr. and Mrs. Walter Bailey of McLean.

**Eighth Graders Have Meeting**

Friday, October 15, 1971 the McLean 8th Grade held a class meeting to elect Stu-

dent Council Representatives. Those chosen by a majority vote were Todd Damey, Morse Haynes and Janet Smith. They also voted on class parties. They will have a night Christmas party; a night party at Pampa, to eat and go to the show and an end of School party the last three-fourths of the last day of school. The 8th grade officers are:

President - Halcyon Back  
V. President - Tony Bailey  
Secretary - Betty Holmes  
Treasurer - Pamela Lowery  
Reporter - Cathy Curry

The motion was then made and seconded and the meeting was adjourned.

Thursday we breakfasted in Paris and then had a business lunch in New York. On Friday, we joined a conference in San Francisco. With the new space-age technology, we feel so free, as though we have conquered time and distance and everything.

Well, maybe not everything! You know some things can't be answered by better machines. So, wherever we are, we go to church on Sunday. How about you?
