# UNCLE RAY'S CORNER

An old gateway in Delft.

This is because so many officials of the Dutch government live there, also diplomats from foreign lands.

"It is said that a man or woman in the Hague will go to a meat market and order one ounce of ham. Then the butcher is told to deliver the package!

"If a person in the Hague is in a hurry to get potatoes, and doesn't want to wait for the next delivery, he takes an empty violin case to the grocery. He tells the grocer to put the potatoes inside the violin case, so that others won't know he is carrying something home from the grocery."

While I was listening to that little account, my mind kept going back to the high-in-the-hat remark I knew that this meant high-hatted, but I had a hard time keeping from laughing.

Tomorrow: Dutch Words.  
**Ex-Policeman Given Sentence In Slaying**

MARSHALL, Tex. (AP)—Jack Redfern, a suspended member of the Marshall police force, faced seven years in prison today after being convicted of the slaying of Fenwick (Sonny) Ford July 7.

A district court jury returned a verdict of murder with malice against Redfern, charged by the state with shooting postoffice employe Ford to death in downtown Marshall.

A love affair between Ford and Redfern's wife was blamed for the shooting.

The panel deliberated more than 24 hours before returning the verdict at 10:17 p.m. last night. Dist. Judge Sam B. Hall sent the jury back twice after it reported that it was deadlocked.

The slaying marked the climax of what the prosecution said was a steadily-widening rift between Ford and Redfern, who had been described as long-time friends.

## Archbishop Finds Newspapers Still Set Opinion Pace

LONDON (AP)—Newspapers still set the pace for creating and influencing public opinion, Dr. Cyril Garbett, archbishop of York, says.

The press, he says, leaves a deeper impression than either radio or television.

"I sometimes hear that the press no longer has the influence it once possessed," he recently told the Royal Commission on the Press.

"I am doubtful about this. The written word makes a deeper impression on the mind than what is heard."

Dr. Garbett, Britain's second ranking Anglican churchman, explained:

"The wireless (radio) is listened to by millions, but only a minority are trained listeners who could report accurately or give even an intelligible account of what they had heard only two hours previously."

"What is printed makes a far deeper impression. The written word which can be read and re-read at leisure helps to form the opinion of the more intelligent citizens who will become leaders in their locality or in the nation."

And, he added, "I am afraid that too much television gazing will leave only superficial and fleeting impressions."

Tibet has 400,000 or more preists in a population of four million.

## Public Health Group Slates Meeting Here

Government medical personalities from both the state and federal level will be in Big Spring next Monday for a regional meeting of the Texas Public Health Association.

The meeting, which is expected to attract delegates from all over West Texas, is to be held in the Settles Hotel ballroom, starting at 9 a.m.

Dr. Henry A. Holle, state health officer for Texas, will head the list of speakers. Inspector Eugene S. Spivak of the United States Public Health Service in Denver also will talk.

Top flight speakers from the various fields of public health work have been secured for the occasion, said Lige Fox, sanitarian of the Big Spring-Howard County Health Unit who is in charge of arrangements.

These include Dr. Samuel Topperman, superintendent of the East Texas Sanatorium in Tyler; Dr. George A. Gray, director of school health in Dallas; J. V. Irons, director of Texas State Department of Health laboratories; and Dr. C. A. Trimbos, consulting entomologist in Dallas.

A panel discussion on nursing and convalescent homes will be held by a five-member board. Participants will be Dr. T. E. Dodd, director of the Nursing Home Di-

vision of the Texas Department of Health; J. Watt Hornburg, specialist with the nursing home division; Miss Ruth Jane Moore, assistant director of public health nursing; Walter Breedlove, sanitary engineer at Lubbock; and Eugene Sanders, fire prevention chief of the state board of insurance.

County Judge R. H. Weaver will deliver the address of welcome to the group, and Mayor G. W. Dabney will speak at a noon luncheon. Also on the program are to be A. Haneman Jr., regional engineer for the Bureau of Sanitary Engineering; James T. Lowe, superintendent of Knott schools; and Dr. Hugh J. Stennis of the Abilene Taylor County Health Unit.

Dr. Robert A. Hale, director of the Midland-Ector-Howard County Health Unit, will also speak.

**Iron Lung Polio Patient Has Baby**

BILLINGS, Mont. (AP)—A baby girl was born yesterday to a 25-year-old Powell, Wyo., woman confined in an iron lung with bulbar polio.

Attendants said Mrs. Donald Singer, also mother of three boys, was in critical condition. She was brought here late Tuesday and placed in an iron lung. Both her legs and one arm are paralyzed.

## Agent Sees Billboard, Sues One-Time Client

LOS ANGELES (AP)—An agent who lost track of a client eight years ago saw her picture on a billboard and promptly brought suit for \$120,000 damages.

Agent Walter Thornton's complaint, filed yesterday, said Patricia Van Iver, who later took the professional name of Dolores Donlon, signed a contract with him in 1945 in which he agreed to pay her \$200 a month and was to receive in return 20 per cent of her earnings as an actress and model.

Thornton said she disappeared in 1946 and not until he saw her picture on the billboard advertising a recent film did he locate her.

Roman forces occupied Britain for nearly 400 years early in the Christian era.

**Lost 52 Pounds With Barcontrate**

Mrs. W. J. Furnish, 1449 Ballinger, Abilene, writes us as follows: "I think Barcontrate is wonderful for weight control. I can lose five pounds on every bottle. I have been getting Barcontrate for my mother and she has taken it two different times. About six years ago she lost from 210 pounds to 148 and this time has lost from 198 to 165."

If the very first bottle of Barcontrate doesn't show you the way to take off ugly fat, return the empty bottle for your money back. At all Texas drugists.

What a wonderful existence mankind would have if all the troubles and problems of this world could be dumped into a magician's hat—and then with a "presto, chango" they would all vanish.

Or, if you had such power, wouldn't it be marvelous to rid yourself of all personal worries?

But by our very nature, we are imperfect. While going it alone, we are incapable of perfect deeds and decisions.

Fortunately, there is a Greater Being than ourselves who stands ready and anxious to help us. To Him we must look for guidance and faith. And it is through His Church, here on earth, that we can best come to understand His will.

Attend Church this Sunday and every Sunday. Here, in spite of all our weaknesses, we will become stronger men and women. Here, we will learn to face the future with a surer understanding of right and wrong.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses
Monday	Genesis	1	1-19
Tuesday	Exodus	2	1-4
Wednesday	Leviticus	14	21-29
Thursday	Numbers	6	23-28

# Record 75-Million Voters Are Eligible To Cast Nov. 2 Ballot

By D. HAROLD OLIVER  
 WASHINGTON UP—Official and unofficial estimates today placed the nation's eligible voters for the Nov. 2 elections at the record mid-term figure of 74,878,146.  
 The same sources estimated the prospective total vote in the 48 states at 45,115,443, including the figure of 241,443 already officially recorded for House candidates in Maine Sept. 13. This also would be the highest for any nonpresidential year.  
 An Associated Press tabulation of the estimates—gathered from state officials, party chairmen and in a few instances from veteran political writers—showed a gain in qualified voters of 4,924,568 over the last mid-term election in 1950. The total that year, a record at the time, was 69,954,478.  
 The estimated vote represents an increase of 2,791,211 over the previous mid-term highest figure of 42,324,232 in 1950, the latter being the highest vote in each state

whether for senator, governor or combined House vote. The 1950 official vote for representatives was 40,351,922, divided almost equally between Democrats and Republicans. The largest presidential vote was 61 1/2 million in 1952.  
 The gain in estimated eligibles and estimated vote is more or less normal, for the country gained an estimated 3,200,000 in "potential" voters (persons 21 years of age and over) since 1950, according to the Census Bureau. The latter says there now are 100,223,000 potential voters compared with 97,023,000 four years ago and 98,135,000 in 1952.  
 Thirty-four states show gains over 1950 in the number of persons who have registered, paid poll taxes, or otherwise have met state voting requirements, for the congressional elections 10 days off.  
 Ten states, led by New York with a drop of 222,000, showed declines in eligible voter population. Four states—Iowa, Maine, Missouri, Wyoming—remained about the same.  
 Biggest increases were shown in these states:  
 California, 640,000; Ohio, 598,000; New Jersey, 580,000; Florida, 430,000; Tennessee, 400,000; Wisconsin, 300,000; Michigan 300,000; Pennsylvania, 290,000.  
 States showing declines along with New York were Connecticut, Delaware, Georgia, Indiana, Kansas, Louisiana, Minnesota, Mississippi and North Dakota.  
 Nine states furnished official figures on registration, including New York. The latter's total of 6,214,366 was a drop of 221,870 or 3.4 per cent from 1950, with New York City's registration of 2,463,056 off 245,538 or 12.3 per cent.  
 The New York City figures, however, are not fairly comparable since in 1950 the voters chose a mayor and a U.S. senator as well

as a governor. This year only the governorship is at stake.  
 In traditionally Republican up-state New York counties the registration increased slightly from 3,627,642 to 3,751,210, or about 3.4 per cent.  
 Four states gave party breakdowns in registration. California's total of 5,885,237 included 3,296,831 Democrats and 2,415,949 Republicans. Maryland's 1,096,418 included 749,610 Democrats and 314,143 Republicans. Oregon's 819,539 embraced 404,694 Republicans and 402,283 Democrats, reversing a Democratic margin of 17,000 in 1950. Pennsylvania's total of 5,215,524 included 3,040,908 Republicans and 2,104,620 Democrats, a Republican plurality of 936,288 compared with 961,878 in 1950.  
 Other official registration state figures: Arkansas, 561,977, an all-time high there for poll tax payments, a state eligibility requirement; Georgia, 1,273,393; Rhode Island, 439,545, and Texas, 1,863,619. The latter figure, representing poll tax receipts, was an increase of 201,619 over 1950.

OTIS GATEWOOD

## Missionary To Germany To Speak At Church Of Christ

Otis Gatewood of Lubbock, missionary to Germany, will speak at 10:30 a.m. Sunday at the 14th and Main Church of Christ.  
 Gatewood and Roy Palmer, Oklahoma City, were the first missionaries from America to enter Germany following World War II when they were granted a special permit to begin work in Frankfurt by General Lucius D. Clay. Gatewood has worked there for seven years, and is the American with the longest term of service in Germany because of the rotation of Army and occupation personnel.  
 He is spending nine months in the United States. Mrs. Gatewood and their son, David, and adopted German daughter, Darlene, will live in Abilene.

Christ throughout the country are supporting 17 other missionaries in Germany. Twenty-three German congregations have been established in 18 cities, the latest in Berlin. Through it missionaries hope to work with some persons beyond the "Iron Curtain" and also to help refugees.  
 Besides their work among the German people these missionaries serve 14 English-speaking congregations composed mostly of American service men and their families.  
 Nine church buildings have been erected by churches of Christ in Germany. Sixteen native German evangelists have been trained to preach. A special training program for gospel preachers and church leaders is carried on in Frankfurt.

## Mid-Texas Lutheran Pastors To Meet With Local Church

Beginning Monday and continuing through Wednesday, St. Paul's Lutheran Church will be host to the Lutheran Pastors of the Mid-Texas Section including the area between Waco and Pecos.  
 The conference will begin at noon on Monday. The Rev. A. H. Hoyer, pastor of the local church, will give the opening service at 2 p.m.  
 On Monday night the pastors will be entertained by the local congregation at the Education Building.  
 Tuesday there will be special services for all the pastors by the congregation.  
 Chairman of the conference is the Rev. Carl Heckmann of Eden and secretary is the Rev. Harold Klwitter of Pecos.  
 Dinner and supper will be served to the visitors by the Concordia Ladies Aid in the Education Building. The visitors will be housed in local Lutheran homes.  
 The conference will adjourn at noon on Wednesday.

## Begins Flight Home

AUCKLAND, New Zealand (AP)—William Willis, 61-year-old U.S. raftsmen who drifted from Peru to Pago Pago, American Samoa, in 115 days, left today on the first leg of a flight to New York. Willis reached Samoa Oct. 15.  
 The Soo Canal between Lake Superior and Lake Huron was built in 1855.

Gatewood is on a speaking tour to report on work in Germany by missionaries supported by churches of Christ. He will discuss future plans and encourage other missionaries to go to that country.  
 On his visit to America in 1950 he traveled approximately 50,000 miles and spoke to audiences in 32 states.  
 Gatewood is supported by Broadway Church of Christ in Lubbock. Other congregations of churches of

**Navy Recruiter To Be In Big Spring Monday**  
 Immediate openings now exist in the U. S. Navy for qualified young men between ages of 17-21, E. N. Linenbroker, ENC, USN, recruiter in charge of the Lubbock station, said Thursday. Men are especially needed to fill vacancies in the radar, fire control, electronic and communications fields. The Navy recruiter will be at the post office building here Monday from 11 a.m. to 2 p.m. to interview young men and women interested in enlistment.

# Spotlight On Rebel-Hog Imbrogio This Weekend

By HAROLD V. RATLIFF  
Associated Press Sports Writer

Four teams fight for survival and three try for intersectional glory in a jammed Saturday of Southwest Conference football that sees Arkansas making its greatest bid.

The surging Razorbacks, who achieved recognition as a football team with four rugged triumphs, meet mighty Mississippi at Little Rock with just about everything riding on the result. This game matches two of the nation's unbeaten, untied leaders—Mississippi No. 5, Arkansas No. 7.

It ends the nation's greatest offense as boasted by Mississippi but they haven't been favored in any game yet since the opener with Tyles. Opportunity hasn't had to knock twice in Arkansas' unheralded drive from a predicted cellar occupancy to the top.

The Razorbacks aren't favored to beat Mississippi but they haven't been favored in any game yet since the opener with Tyles. Opportunity hasn't had to knock twice in Arkansas' unheralded drive from a predicted cellar occupancy to the top.

## Elwood Kettler, A&M Ace, Is Getting The Job Done

COLLEGE STATION (U) — He may not do it with the finesse of a Don Walker or the grace of a Dicky Moegle, but Elwood Kettler accomplishes his objective: carrying or throwing that ball over the opposition's goal line.

The Texas Aggie quarterback right now is the most productive man in the Southwest Conference. He leads in total offense and has a good balance between rushing and passing.

Kettler doesn't throw the pretty pass like his predecessor, Don Ellis, but that doesn't worry Coach Paul Bryant of A&M. "Read the statistics," says Bryant. "I don't care how pretty it looks, just so it's our man he throws to."

Kettler's man in the breach. He was a halfback last season but Ellis had departed when Bryant came here from Kentucky to coach the Aggies. Bryant needed a quarterback and he tried most everybody. Kettler was the best man in spring practice although there were some doubts about his passing ability.

Today, after five games, Kettler is rated about the best quarterback in the conference. He nowhere resembles the boy who was switched from halfback in spring training. The Aggies have scored 48 points this season and Kettler has made 30 of them. He also set up the others. And he's done much of it with his passing, although he has gained 288 yards running with the ball. He has completed 13 of 33 passes for an average gain of 17 yards.

Kettler is the man in the clutch. When the going's toughest, he's the fellow who comes through. The only game the Aggies have won was from Georgia and Kettler passed for the touchdown that did it. He scored the daylight out of Texas Christian last week as he ran and passed the Aggies to three touchdowns in the last half. He kicked two extra points and might have booted the other one if his line hadn't sagged and let Hugh Pitts through to block the try. TCU won, 21-20.

Kettler also solved another problem that faced Bryant when the season opened—a "holler guy"—one who would provide the spark. Kettler was the best man in spring practice although there were some doubts about his passing ability.

Today, after five games, Kettler is rated about the best quarterback in the conference. He nowhere resembles the boy who was switched from halfback in spring training. The Aggies have scored 48 points this season and Kettler has made 30 of them. He also set up the others. And he's done much of it with his passing, although he has gained 288 yards running with the ball. He has completed 13 of 33 passes for an average gain of 17 yards.

## Ninth Graders Beaten, 25-0

SNYDER (SC) — The Ninth Grade Yearlings of Big Spring lost their second game of the season here Thursday night, yielding to the undefeated Snyder C team, 25-0.

Snyder blocked a Big Spring punt on the fourth play of the game and went on to score. Thirty seconds before the end of the half, they counted again on an intercepted pass.

They used a fake punt in the last half to keep the Yearlings off balance and registered touchdowns in both the third and fourth periods.

In four starts this year, the Snyder team has won three games and been tied by Lamessa.

## BASEBALL TALK SLATED SUNDAY

John J. Redfern, Midland Little League commissioner, will speak on Little League operations at the Washington Place school auditorium here at 2:30 p.m. Sunday.

All persons interested in the Little League program here have an open invitation to attend the meeting.

## Pro Boxing Will Return To Dallas

DALLAS (U) — Lew Gray says he will resume the promotion of professional boxing in Dallas in January.

Gray was co-promoter with the International Boxing Club of the Pierre Langlois-Bobby Dykes fight in Dallas and the Willie Pep-Jack Blair bout at Fort Worth last year.

Gray said he had two Dallas businessmen, who did not care to be named at this time, associated with him in the promotion. He plans a name fighter for his first show and is seeking Jack Dempsey as referee.

## Close Duel Is Waged For Top Offense Honors

NEW YORK (U) — Tailback Bill Engelhardt of unbeaten Omaha University and fullback Ralph Capitani of Iowa Teachers are waging a close duel for top honors in the small-college total offense race.

NCAA Service Bureau statistics disclosed today that Engelhardt has accumulated 831 yards rushing and passing as compared to Capitani's 828 total yards. Each has four games remaining.

Engelhardt, a triple-threat star, moved up from fourth with 219 yards against Empria State. He displaced last week's leader, Jim Podoley of Central Michigan, who skidded to third.

Capitani, the defending total offense champion and this season's forward-passing leader, held second place with 187 yards against North Dakota.

Podoley, a non-passing back, gained 91 yards rushing on a muddy field against Southern Illinois. He continues to pace the rushing leaders for the third straight week with 788 yards compared to 647 for runner-up Elroy Payne of McMurry.

Podoley also heads the small college scoring parade, having tallied 19 points last Saturday to boost his season's total to 81. Harvey Wylie of Montana State is second with 65, followed by Walter Livingston of Heidelberg in third place with 61.

Capitani has completed the most passes, 49, attempted the most, 95, and gained the most yardage, 688. Don Lake of Colby leads the way in touchdown passes with seven.

R. C. Owens of the College of Idaho and John Jacobs of Colby are tied for pass-reception laurels with 24 apiece, but Owens is ahead in yardage, 508 to 348.

Bob Chumbook of Bates, out of action the past two weeks with a knee injury, boasts the best punting average, 46.5 yards per punt.

College of Emporia is tops in team total offense with 468.5 yards per game and Kent State is the team leader in rushing with an average of 379.0 yards per game.

Gustavus Adolphus' defensive record of yielding only 88.3 total yards per game and New Haven State's 223.3 passing yards per contest are top figures in other team rankings.

## Frosh Game At Houston May Attract 20,000 Customers

HOUSTON (U) — Rice Institute's freshmen footballers try to keep their perfect record intact tonight against opposition led by a player whose greatest football exploits in high school came in Rice Stadium.

The Owlets face the University of Texas Shorthorns tonight in a charity game expected to draw around 20,000 persons.

The Texans are led by Walter Fondren, Houston Lamar star who was named the state's outstanding high school player last season.

## Fuentes May Get Shot At Crown

LOS ANGELES (U) — Ramon Fuentes, Los Angeles' 23-year-old ex-grave digger, buried veteran Billy Graham of New York under a swarm of punches to take a lopsided decision and Friday matchmaker Babe McCoy said there was a good chance the Californian would get a non-title fight here in December with Johnny Saxton, the new world welterweight champion.

## Patterson Favorite In Garden Scrap

NEW YORK (U) — Floyd Patterson, 23-year-old light heavyweight contender who has been nurtured as carefully as a hothouse plant, is favored to make ex-cop Joe Gammon of Washington his 17th pro victim tonight at Madison Square Garden.

## Unbeaten 11's In Tough Tests

The narrowing list of unbeaten teams in Elementary School Football League play may shrink further here Saturday when West Ward plays College Heights and Kate Morrison clashes with Airport.

West and Airport are the only unbeaten teams. College Heights had an unblemished record until last week, when Kate Morrison surprised the team.

In other games Saturday, North has it out with Central and East tangles with Washington Place. East remains the highest scoring team in the circuit, having scored 31 points in three games. The Airport team has exhibited the best defense, having yielded but six points in four starts.

Standings:

Team	W	L	Pts.	Opp.
Airport	4	0	47	8
West	3	0	27	6
College Hts.	3	1	44	13
East	2	1	51	20
Park Hill	2	2	19	21
Morrison	1	2	6	20
Washington	1	3	14	20
North	0	3	0	66
Central	0	4	7	43

## Austin Will Take Job At Amarillo

AMARILLO (U) — Johnny Austin, professional at the Pampa Country Club, will become golf professional at the new Tacoma Country Club here.

Austin will report here in December. The course will be opened about April 1.

## LOOKING 'EM OVER With Tommy Hart

Big Spring is at the cross-roads in District 1-AAA football. Nothing but a victory will keep their chances for another conference pennant alive. Even a tie in their game with Plainview tonight would be disastrous.

Only by winning the remainder of their games can the Steers be designated as the championship representative and only then if some other club knocks off Vernon.

Should Vernon and Big Spring tie for the top spot (which they could do, if each won the remainder of its starts), it might take a Philadelphia lawyer to decide the team to compete in the playoffs.

In their game last week, the Lions made one more first down than Big Spring but the Steers gained more net yardage rushing and passing. Penetrations were even at 4-11.

Witty Quintana, the former Big Spring third sacker, will get an opportunity to play major league baseball in 1955.

He's been called up by the Baltimore Orioles and Manager Paul Richards will give him a long look. It's quite probable he'll make the grade.

Witty hit .256, drove in 79 runs and had 19 home runs for San Antonio last year. The Missions were in the running for first place in the Texas League until Quintana was injured.

At least three big league teams are said to be interested in Mike Fornieles, another ex-Steed, whom the Chicago White Sox placed on the market recently.

In writing about the Vernon-Big Spring football game for the Wichita Falls paper last weekend, Bud Worsham had this to say:

Vernon earned the deadlock with a brilliant second-half performance that was typical of its comeback ability in two previous games, and the Lions had the defending champion Steers hanging on the ropes deep in Big Spring territory at the final whistle."

Bud and I must have been seeing two different games. Vernon had been pushed back to its own 37-yard line, punted to the Steers and Big Spring was on the move when the whistle ending the game blew.

If you take time to drive over to Odessa tomorrow night for the Hardin-Simmons University-Oklahoma A&M football game, you'll have the opportunity of seeing a young ball club that's on its way back to the football heights.

H-SU has been decked on several occasions this season but the team gets better each time out and obviously will be a very salty outfit before November wears away.

Kenny Ford, who used to terrorize District 1-AAA teams as Breckenridge's top cannon, is now with H-SU and is likely to become one of the great quarterbacks in the Abilene school's grid history, before he's through.

An Odessa party, Floyd Saddler, has written to George Dunn, the local wrestling impresario, asking for a chance to break into the wrestling game.

He says he'd identify himself as the Minnesota Mauler-Lumberjack and, to go along with the act, would enter the ring with a lumberjack rig and an axe.

Dunn is a bit leary of leaving an axe around the ring. Might prove too tempting to some of the fans who work themselves into a lather over the antics of some of the villainous grapplers.

## New Owners Of A's Still Waiting For Official OK

PHILADELPHIA (U) — The new owners of the Philadelphia Athletics—not officially owners at all—are chafing at the bit.

Arthur Rosenberg, spokesman for the nine-man syndicate which purchased the A's, said he can't understand what's holding up American League approval of the deal.

"If favorable or unfavorable news isn't received" from League President William Harridge today, Rosenberg said, "two men will be sent to Chicago to talk with him."

But Rosenberg added his group wants to be delicate about everything. Antagonizing Harridge or other American League officials would do the new owners cause no good, he said.

"We have sent Harridge a list of the new owners with their financial and social background," he said. "Roy Mack has informed the league president that he and his brother Earle and father Connie have sold us the club. If there is any other information Harridge wants, we are not aware of what it is."

The syndicate spokesman explained his group is at a disadvantage. "Under baseball law," he said, "we can't contact Harridge and demand approval. Only the selling stockholders can deal with the league office. We have to wait until we're approved or called in for consultation."

In Chicago yesterday, Harridge said Roy Mack still had not provided him with the signed bill of particulars. He said this is necessary for league approval. Until the agreement is "signed, sealed and delivered," Harridge said, his office cannot act in the matter.

At a day long meeting in Philadelphia yesterday, the syndicate worked over final details of the purchase agreement. The documents were turned over to the Macks for signing, expected within 24 hours.

**Youngdahl Asks Bias Testimony**

WASHINGTON (U)—The government's long-drawn-out case against Owen Lattimore entered a new legal bypath today with the presiding judge calling for arguments as to whether he's biased in Lattimore's favor. Lattimore, controversial Far Eastern affairs specialist, was indicted in December 1952 for perjury on the basis of his testimony before the Senate Internal Security subcommittee then headed by the late Sen. McCarran (D-Nev.). In the latest development in the still-unsettled case, U.S. Dist. Judge Luther W. Youngdahl asked U.S. Atty. Leo A. Rover to defend today his accusation that Youngdahl has "a fixed, personal bias and prejudice" in favor of Lattimore. Rover has asked the judge to disqualify himself.

Opposing Rover's move are Lattimore's attorneys, who say the request is "scandalous" and unprecedented. It is solely up to the judge as to whether he should disqualify himself.

**Firm To Move Back North, Reverse Trend**

READING, Pa. (U)—A hosiery mill executive says he's found "economic conditions in the North and the South are about equal" and has announced that his firm is moving back to Pennsylvania. In bucking a long-time trend in the textile industry, Nicholas Melasky, president of the Bella Co., declared that "the advantages obtained by the move to the South are gradually disappearing." He added that, by moving North, "the company is closer to the markets."

**Noted Negro Receives Threat To His Family**

CHICAGO (U)—A noted Negro chemist says he has received a letter threatening the lives of his children unless his family moves from its home in a suburban white neighborhood by Nov. 1. Dr. Percy L. Julian said yesterday he had turned the letter over to the FBI and added that he had no intention of moving.

**IT HAPPENED**

**Perils Of Courtship**

TULSA, Okla. (U)—Tulsa police, searching an apartment house attic for a reported intruder, failed to find him until an occupant shouted—"Here he is!" There he was all right—his foot and leg protruding through an apartment ceiling. Collared by officers, the man explained he fled to the attic after a woman whom he was visiting advised him her returning husband might not approve of his presence. In his apparent haste, his foot and leg crashed through the ceiling. Officers turned the sultor loose.

**Gay Nights Must End**

HOT SPRINGS, Ark. (U)—John St. Claire, driving only a few blocks last night, hit seven other cars and barely missed an eighth. The occupant of the eighth car was Detective Chief Jerry Watkins, who hauled St. Claire out of his car, bundled him down to headquarters and booked him on a charge of driving while intoxicated.

**Driver Can't Win**

FORT ERIE, Ont. (U)—Herman Eldridge, 51, of Buffalo, N.Y., wrecked his car Oct. 11 when it went off the road at a curve near here. A woman passenger was injured. Eldridge was fined Wednesday.

**Los Angelenos Outraged By Long Attack Of Smog**

By GRAHAM BERRY LOS ANGELES (U)—Southern Californians, outraged by one of the longest attacks on record, are pressing as never before for quick action to solve the area's No. 1 problem: smog. It affects a region populated by five million persons. Since the current smog began, Gov. Goodwin Knight has canceled campaign commitments to fly here for a personal check on what can be done. Mayor Norris Poulson disclosed he almost declared a state of emergency. The county grand jury launched an investigation to determine if antisog laws are being enforced. The county supervisors, directly responsible for smog control, took their firmest step to date by voting to ban back yard incinerators within a year. The Los Angeles City Council has voted to limit incinerator burning hours. As the current smog siege entered its 17th straight day, sufferers blamed it for smarting eyes, runny noses, sore throats, "burning lungs" and nausea. Smog was termed a "contributing factor" in the death of a little girl. Her parents and others say they are moving out of the area because of foul air. Air pollution on an irritating scale began here shortly after scientist Eugene Houdry developed the cracking process for producing high octane gasoline in 1941. The process resulted in the emission by refineries of sulphur dioxide and hydrocarbons into the atmosphere. Southern California's much-publicized sunshine and ozone—the latter more prevalent here, scientists say, than anywhere else in the world—converted the hydrocarbons into transient and irritating forms of hydrocarbons. Local smog lingers because the Los Angeles area is hemmed in on three sides by mountains. The fourth side faces the sea, where prevailing westerlies blow toward the city, acting as a fourth wall. In late summer and fall the area has what is called an inversion—a heavy layer of warm air atop a cooler layer—which acts like a lid on a kettle. But Director Gordon Larson of the County Air Pollution Control District declares that smog is not getting worse. Industry has spent 25 million dollars here on air pollution controls alone. Controls and other measures have eliminated nearly 900 tons of pollutants from this area's atmosphere every day. But there remain 1,450 more tons to eliminate. Larson says 1,100 tons come from the county's two million auto and truck exhausts.

**Garner's Liking For Stew Raises Charity Donation**

UVALDE, Tex. (U)—Former Vice President John Nance (Cactus Jack) Garner, who'll be 86 a month from today, has boosted his annual donation to the Community Chest by \$100. His liking for old-fashioned "cowboy stew" apparently was a factor. Garner first upped his contribution \$50. Then the volunteer solicitor, Uvalde newspaperman J. A. Scarborough, asked if Garner still liked "cowboy stew." After Garner, with keen interest, said yes, Scarborough told him he had just killed a calf and would bring Garner the stew ingredients. Cactus Jack immediately raised the Community Chest ante another \$50.

**Many Colors Seen In Commie Party**

BOSTON (U)—Catholic Archbishop Richard J. Cushing of Boston says, "The Reds have taken on so many colors it is sometimes difficult to spot them." Speaking yesterday at the convention of the CIO Utilities Workers Union, he said: "Some Communists are pink professors. Some are blue bloods. Some are lavender old ladies. At least one has donned the scarlet of a dean. Some are green youngsters, freshly sprouted in the field of politics and social action. "Yellow is a color not unknown among the Reds, especially when citizens become aroused and the white light of publicity is turned on the Reds in government bureaus and elsewhere."
