Cubs Blank Silverton Owls 38-0

Cub offense started hard and fast, scoring on the first play of the game as they went on to blank Silverton Jr. High 38-0.

The first score came 12 seconds into the game. Curtis Simpson ran the kick-off back seventy yards for the score and Jeff Matheny carried the extras. Simpson carried another 60 yards on the first play of the second possession for another score.

A 30 yard pass to Conrad Rowell from Simpson sparked a 2nd quarter T. D. Rowell ran unchecked 40 yards for the score.

During the third period, Sammy Don Haynes passed to Tim Johnston on a lateral to Jeff Matheny who took it seventy yards for six points.

The last T. D. was scored by Conrad Rowell on a 5 yard breakaway with the support of the second team.

The Cubs completed 3 of 4 passes for 155 yards.

The McLean boys are going to Clarendon tonight. Game time is 6:00.

The Tigers roared 358 yards with 26 first downs against the Silverton Owls for a 28-6 victory last Friday night. The McLean line held their guests to 149 yards and 9 first downs on the ground.

Tiger linemen opened up spaces and blocked the Owl defense to get Gary Griffin through for 214 yards on 36 carries. Griffin cracked the 1000 mark this week leaving a total rushing yardage of 1098 in 7 games.

Other Tiger rushers were Bobby Crockett, out 4 weeks with a wrist injury, made 72 yards on 15 attempts. Joe Riley took four for 43 and Ricky Kennedy pushed 8 for 28.

Griffin scored the first Tiger TD on a 10 yard run through the left and with 5:58 showing on the clock. Ricky Kennedy kicked the extra, beginning a four kick success streak.

Kennedy blocked for Griffin as he sped 30 yards to set up a second score during the first 2 minutes of the second period. Joe Riley carried 20 yards to tack up six and Kennedy booted for another.

Milton Best, Senior guard, came up with a loose Owl ball 9 minutes before half setting up another touchdown drive Bobby Crockett took a 4 yard route through the middle with blocking aid from Jim Seaney and Sam Taylor for the score. Kennedy put over the extra point again making a 21-0 half time sign.

The Tigers swept in their final score in the fourth quarter on a 4 yard run by Kennedy under the protection of Seaney. Kennedy then put the stomp to the extra point kick from the 35 because of a 15 yard penalty against McLean during the initial kick attempt.

Silvertons speedy Craig Culwell darted 2 yards into the end zone for Silverton's only 6. An airborne Milton Best deflected the extra point.

Silverton edged close to other scores. The Owls had one touchdown recalled on a clipping penalty in the second quarter. During the first quarter Joe Riley broke up a TD pass play in the end zone during the first quarter.

Coach Bill Nicholas commended Senior linemen Wesley Brown, Leland Myers and Jim Seaney for their efforts.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

Some 230,000 aged, blind and disabled receiving state aid are being notified they will get final welfare checks from the State Welfare Department in December.

The federal government assumes responsibility for their assistance January 1, under the new Supplemental Security Income (SSI) program administered by the Social Security Administration.

Medical and social service and food stamps for eligible persons will remain the responsibility of the state welfare agency.

The elderly who get Social Security checks will continue to receive them along with a second check from SSI if they qualify under the federal program.

Most recipients will get higher assistance payments under SSI. Some, however, will receive less. Residents of nursing homes or institutions will remain eligible for medical assistance.

The State Welfare Department will continue to furnish the needy with glasses, dentures, hearing aides, prescribed drugs, medical services and food stamps if they qualify.

Eighty-four per cent will receive more money; two per cent will lose assistance altogether; reductions can be expected by nine per cent and five per cent will get about the same amount.

In most cases of loss or reduction, benefits will be compensated through state-administered social services programs like foster care for the aged and homemaker and chore services enabling people to remain in their own homes rather than enter nursing homes.

SSI recipients can get food stamps if their amount of benefits is not greater than the amount of welfare grants added to the amount of the food stamp bonus coupons they are eligible for in December.

MARIJUANA CASES TO GET REVIEW

Gov. Dolph Briscoe said he will seek a case-by-case review of some 800 persons serving prison term for possession of marijuana.

Briscoe promised a policy statement when the Court of Criminal Appeals finalizes its ruling that resentencing provisions of a new drug law which sought to permit sentences of present inmates to be shortened. The new law lowers first offense marijuana possession penalties to a misdemeanor.

The Governor indicated he will ask the Board of Pardon and Paroles to make recommendations to him in each case for possible pardon or executive clemency. Preference will go to first offenders sentenced for possession of small amounts of marijuana.

Meanwhile, Briscoe differed with some of his top supporters on priority for distribution of funds from his big October 30 fund-raising dinner. Dinner co-chairman Joe Kilgore said the "first commitment" on the expected \$750,000 or more

will be to Briscoe's 1974 re-election campaign. Briscoe said he is not yet a candidate, and his idea of first priority financially is retiring the deficit from his two prior campaigns (which once ran as high as \$800,000).

RURAL DEVELOPMENT URGED
A Governor's Conference on Rural Development heard

An Example of Poor Taste And Lack of Diplomacy

A good many years ago, a preacher went into a town where there was no New Testament church. He preached in a house of worship and then in the market place of the city. Soon the religious leaders of the city heard him and invited him to address them. They thought that if his religious claims seemed meritorious to them, they would fellowship him. But to their dismay and confusion, he preached that they were wrong and he was right; that their worship was not acceptable to the Living God of heaven.

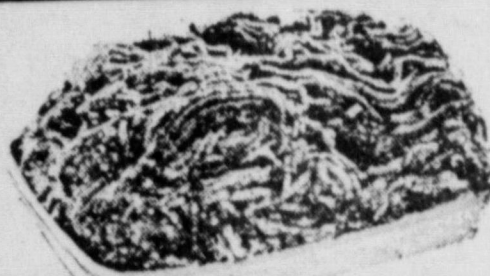

Such a preacher! Don't you know he hurt their feelings? Evidently they were sincere. Surely he could have made a nice talk and gone away without causing any discord. Who was this preacher anyway? Where was he trained? Didn't he know he was just running people away from the church instead of drawing them to God? Didn't he know how to be diplomatic? We sure wouldn't want him here, would we? But, just who was he?

His name was Paul, and he preached his sermon in Athens. It did cause some stir. It did not please those religious leaders at all. They got up and left before he finished. But the sermon pleased God. You can see and read it in the seventeenth chapter of Acts.

There is no room in Christ's church for those who will compromise.

Waco Congressman Bob Poage said it is cheaper to revitalize the rural areas than to prevent deterioration of sagging major cities.

Governor Briscoe said he can't reverse migration to cities, but he wants to offer Texans "a wider range of choices of where they live and work."

Agriculture Commissioner John C. White urged a state-wide program to finance family farm agriculture and rural recreation facilities.

COURTS SPEAK
A Cameron County youngster whose parents live in Matamoros, Mexico, is entitled to attend Brownsville public schools since he lives there with a legal guardian, the State Supreme Court held.

The Court of Criminal Appeals reversed and remanded the convictions of two Dallas men for the killing of three deputy sheriffs in 1971 due to improper prosecution arguments to the jury about "open season" on police officers.

The Court of Criminal Appeals upheld a 50-year sentence of a Bexar County man for rape of a nurse.

A Milam County district court entered an agreed judgment for the state requiring Aluminum Company of America to complete an 11-point air pollution abatement schedule at its Rockdale plant and pay \$20,000 in civil penalties to the city and state for violating open burning regulations.

NEW INDUSTRY PROSPECTS COUNTED -- Texas Industrial Commission has registered 286 prospects during a campaign to attract out-of-state and foreign industries to the state.

Already 38 have located in Texas. Thirty-eight other have visited the state during the last year, and nine have announced intentions to locate plants in Texas. In another opinion, Hill held certain records of child care facilities in Welfare Department files are protected by the privacy concept.

Reimbursement of travel or legal expenses for school board members would be permissible if determined necessary in conduct of public schools and to serve a proper public purpose, Hill said in a third opinion sought by Beaumont District Attorney Tom Hanna.

A. C. Enrollment Reaches 6,675

Total enrollment of 6,675 students at the two Amarillo College campuses represents a 10.71 percent increase over enrollment figures for the same period in October 1972.

Registrar J. Fred Balderston announced enrollment figures for the College of Arts and Sciences, the School of Biomedical Arts and Sciences, the School of Technology, and the School of Continuing Education, at the Washington Street Campus and for the School of Vocational Arts at the west campus, 6222 W. 9th St.

Enrollment increase for the College of Arts and Sciences represented 5.08 percent.

The School of Technology displayed a gain of 132 students over the same period last year for a 14.27 percent increase.

The School of Continuing Education showed the largest gain of 409 students for an increase of 18.22 percent.

Student enrollment in the School of Biomedical Arts and Sciences remained the same for the two periods since all classes have remained at the maximum number and no new classes have been started.

The School of Vocational Arts gained 11 students for a 2.63 percent increase.

With a total increase of 646 students, the enrollment totals 6,675 as compared to 6,029 for last October.

Market Report

Frozen turkey prices are up considerably from a year ago. "However, they will likely decrease some before Thanksgiving," Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service Texas A & M University System, predicted.

Currently, fryer chickens offer a good choice price-wise--and quality is excellent. At home or away, fried chicken is hard to beat for economy and versatility.

Choose Grade A large size eggs for the best combination economy and quality.

Beef prices have trended downward slightly. In general, look for best values on round steaks and roasts, chuck roasts and steaks, beef and calf liver and ground beef.

With prices gradually decreasing from summer highs pork values include hams, picnics, shoulder roasts and steaks, and en-cut loin roasts and chops.

Don't neglect the dairy case, Mrs. Clyatt advised. Cottage and mozzarella cheese supply protein when using less meat in lasagna--and tomatoes and cheese take up the slack in spaghetti sauce.

It's pumpkin season again. So enjoy good quality at moderate prices.

Visitors in the Josh Chilton home last weekend were Mr. and Mrs. Dwayne Blackshear, Sandy and Roy of Albuquerque, N.M., and Miss Debbie Blackshear of Plainview. Debbie is a contestant in the "Miss Wayland" contest.

INCOME TAX MGT.

Mike Spratt, income tax specialist from Texas A&M University will be our main speaker at an income tax management meeting to be held in the meeting room of the agricultural building at Pampa next Monday evening, November 5 starting at 7:30 p. m.

Spratt is a top notch expert on income tax matters.

One thing we would like to get across is the fact that Spratt will not be teaching anything on how to make out an income tax return. He will be telling you about management decisions you several hundred dollars. I can make that will save you income tax dollars.

Trying to get farmers and ranchers interested in income tax management is a most difficult thing. Most farmers and ranchers that don't make out their own return feel it is not necessary for them to know anything about income tax management decisions.

The farmers and ranchers that don't make out their own return are the ones to whom Spratt will be talking I'll buy anyone that attends this short two hour meeting a steak dinner that will say, they didn't learn something that will save them many dollars.

On every occasion that I have held an income tax school, some one will go

away saying this saved me heard former county agent of Gray County-Ralph Thomas make this statement one time after he had attended one of the annual tax schools. I'm asking this committee to get a delegation from McLean.

Leamon Andrews, Clyde Magee, Mrs. Tony Smitherman, Jerry Smith, Jane Simpson, Clyde Slavin, John Haynes, Jim Allison, Bryan Parker, Roger McCracken, David Crockett, Gerald Tate, Mary Dwyer, James Shaw, Joe Magee, Mike Johnson, James Cliett and Bob Sherrod. Now if each of you will bring five people we will have a good attendance. No use for any of you to contact Bryan McPherson. He won't come any way.
