To Head Cross Fund Raising Drive

McLean FHA Chapter will conduct a fund raising drive of the McLean Chapter on Monday, November 12, in support of the county cross center in Pampa. Conducting the drive, the group hopes to have a group of members of the forces, disaster areas, donation programs, and city education. The hope that the people of the community will share in the concern and support the drive. Melba Stooksberry, chairman.

L.A. District Convention Discussed

President of McLean FBLA, Sherrod, met recently with Dr. Roland Johnson, of the WTSU Business Management, to discuss the formation of an FBLA District Convention. "The Past," said Sherrod, "is a major draw back for our organization before the convention." The district would include the chapters of Canyon, Palo Duro High, and an High, its main purpose would be to give the teams and individuals an opportunity for competition and constructive criticism to the state meet. District officers would be elected chapter's candidates and office would be inducted to the group as is in other districts. Advisors and presidents include a garage sale to be held Saturday, November 10, in the Terry's Electric building on downtown I 40.

Officers elected all last of the year are: President, Joe Sherrod; Vice President, D'Ann Phillips; Secretary, Gail Terry; Treasurer, Gary Griffin; Reporter, William Holmes; Parliamentarian, David Pender; Historian, Melba Stooksberry; Editors, Denise Lamb, Lana Owen, Kit Long and Terry

V.F.W. Auxiliary To Have Open House

Mrs. Ida Davis Funeral Services Held Wednesday

Funeral services for Mrs. Ida Davis were held at 2 p. m. Wednesday in the First Baptist Church. Mrs. Davis died at 9:10 a. m. Monday in her home east of McLean. Rev. Dan Beltz, pastor of Locust Grove Baptist Church Canadian, officiated. Burial was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Born in Athens, Mrs. Davis moved to Wheeler County from Chillicothe in 1920. She married Olen Davis of Clarendon in 1923.

She was a member of First Baptist Church of McLean. Survivors include her husband, one daughter, Mrs. Sue Simmons of McLean; one son, Kenneth Davis of Phillips; four sisters, Mrs. Bessie Short of Plainview, Mrs. Dora Lee Hinton of Floydada, Mrs. Judy Tedder of Phillips and Mrs. Mildred Cash of McLean; five brothers, Lawrence and Henry Brock, both of Chillicothe, Ed Brock of Lefors, and Alvin and Joe, both of Shamrock; seven grandchildren and one great grandchild.

Auxiliary Donates New Equipment To Hospital

The next time you are in one of the patient rooms at McLean Hospital, take notice of the new "wall mounted mercury type" blood pressure apparatuses that were recently installed. The units are "Baumanometers" which are about the best and most accurate units of this type on the market. Besides upgrading equipment of this type, they will be faster and more convenient for the nurses and doctors to serve the patients. A "standby blood pressure" unit was placed in the emergency room and it is equipped with conductive castors and tubing so it can be used in surgery.

While looking around in the rooms notice the "divider curtains" between the beds which were donated by the auxiliary in 1970. Many other items such as, window drapes, hydraulic patient lifter, paper cup and towel dispensers, cloths hooks, medication cart, electric toaster, adding machine, bed rails, commode chair, medication tray and others have been provided by the auxiliary.

Texas Nurse Week Observed In McLean

Texas Nurse week is being observed this week October 4-10 across the state, so McLean General Hospital is joining all other hospital in observing this week.

"We are encouraging all non-working nurses to return to work as there is a great demand for all the knowledge and skills of all the nurses in this area", said Director of nurses Mrs. Travis Winegeart. There are only one-half of the 52,000 registered nurses in Texas practicing at this time.

There are several nurses in McLean Hospital who have received their five year pins. Mrs. Gladys Hill received her five year pin in December of 1970 and also had special recognition December, 1972 for having a perfect attendance record. Mrs. Marie McCracken, L.V.N. was recognized December, 1972 for her five years of service.

Mrs. Johnny Sypert, R.N. relief supervisor for Mrs. Christine Winegeart, R.N. Director of nurses has worked at McLean General Hospital for four years part time. Mrs. Helen Cullers, R.N. of Shamrock works two to three shifts a week.

Tigers Lose To Clarendon 28-0

The McLean Tigers held ominous Clarendon Bronchos to one touchdown during the first half. The Bronchos slipped loose for two scores in the 3rd quarter and another in the last to move out 28-0 in a district 2A contest here last Friday.

Tiger standout Gary Griffin's senior football season was terminated during the 1st quarter when he sustained serious knee and ankle sprains. Griffin has rushed more than 1,100 yards this fall.

During 1st quarter action the Broncho line broke open for a 25 yard push by Kenneth King checked by Skeet Lowery. On the succeeding play, a Randy Croslin pass made another 25 yard gain. The apparent Clarendon touchdown drive was crashed with a fumble recovery by Leland Myers which set the Tigers on the offensive within 5 yards of their own goal line.

The Cats made it out to the 15 but couldn't seem to make yardage on the next three plays and set up for the 4th down in kicking formation. Kickee Ricky Kennedy faked a kick and then ripped 20 yards to get a crucial down. The Tigers momentum brought the ball back into Clarendon territory for 2nd quarter action.

The Bronchos offensive charge lost some of its fizz to a fumble recovered by Wesley Brown but regained thru composure to score in the last 4 minutes of the quarter. Jerry Holland made the score on a 4 yard shot around right. King put over the extras.

With 50 seconds remaining on the 1st half clock, Joe Riley intercepted a Clarendon pass. The Tiger offense machine moved to the Bronchos 12 on a push climaxed by a 25 yard bomb from sophomore quarterback Marty Duniven to Joe Riley. The few seconds left and a strong Clarendon defense dictated a 30 yard field goal attempt by Kennedy. The boot fell a little short of the up right.

Clarendon made 14 points in the quarter on short carries by Croslin in the first three minutes and another by King three minutes later. King's boot was good after both scores. A Skeet Lowery interception came with 16 seconds left in the period and the Tigers started the final 12 minutes in control of the ball.

Tony Wallace carried Clarendon's final touchdown when 3:29 showed on the clock. The Bronchos struggled against the Tiger defense within four yards of the goal for three plays before Wallace's scoring dive on the fourth down. King's kick sounded out the scoring.

Tiger Bobby Crockett rushed 61 yards on 17 attempts and Joe Riley picked up 60 yards on 12 carries. Clarendon's King carried 16 times to ring up the top rush yardage of 121 and teammate Holland made 109 yards on 13 runs.

Tiger line standouts getting pretty tough were Wesley Brown, Leland Myers, and Jim Seaney.

McLean gridders now have a 3-5 overall and a 2-3 district tally as they prepare for a journey to Wheeler Friday night.

Cubs To Play Wheeler Tonight

Claude Jr. High blanked an anticipative Cub team 14-0 in Clarendon last Friday night. The McLean boys suffered numerous penalty losses and a case of nerves to lose the crucial district battle in Clarendon last Thursday.

Tonight, Wheeler Jr. High will meet the Cubs on Duncan Field at 6:30 p. m.

Ermon S. Carroll Buried At Pampa Observed In McLean

Funeral services were held at 2 p. m. Monday in Whatley Colonial Chapel, at Pampa, for Ermon Sidney Carroll, 60, of Kellerville, who died at 1:25 p. m. Friday at Worley Hospital.

Officiating was Rev. J. R. Lawson, pastor of First Baptist Church of Sanatana, Kan. Masonic graveside services were held in Memory Gardens Cemetery in Pampa by McLean Masonic Lodge.

Mr. Carroll, who was born May 25, 1913 in Dublin, Ark. had lived in Kellerville 22 years.

Mr. Carroll was a pumper for Skelly Oil Co. for 28 years. He was a Baptist and a member of the McLean Masonic Lodge. He was a veteran of World II.

On Dec. 12, 1942, Mr. Carroll was married to Miss Charlene Sanders in Pampa. Survivors include his wife; a son, Chris, Germany; his mother, Mrs. Sarah Carroll, Okla. City; a brother, Williard, Midland; and two grandchildren.

Ambulance Assn. To Meet Tonight

There will be a meeting of the area Ambulance Association Thursday night at 7 p. m. at the fire hall.

All members are asked to please attend.

Visiting Mr. and Mrs. Jim Stevens Sunday was Mr. and Mrs. R. B. Jones of Amarillo.

Soft Soap in the Pulpit Will Not Kill Sin in the Pews!

In the past few years we have seen in this country some profound changes in what is being heralded from the pulpits of the land. Where once God's Book was the only source, many preachers now use quotations from newspaper columns (advice to the lovelorn, downtrodden, etc.), poets, ecological treatises, atheists, and dozens of other sources, all foreign to God's Book, on which to base their sermons. Admittedly, there is some merit much of the material used, BUT SUCH IS NOT THE ANSWER TO THE SIN-SICK SOCIETY IN WHICH WE LIVE! The crying need for mankind is to know what sin does to his everlasting soul, and how he (or she) may rid themselves if it. It appears that most preachers today no longer know what to preach. They have so compromised the Word of God until they have no true spiritual convictions left. Without conviction they wander through life with "aim-less feet," constantly adjusting their messages to suit the trends of the day. Our Lord did not die in order that people might "have their ears tickled" (2 Tim. 4:1-4), but came to "seek and to save that which was lost." (Luke 19:10). So, what do sinners need to hear?

THEY NEED TO HEAR THAT THEY ARE SINNERS! They must understand that the "wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Rom. 6:23). They must be told that "spiritual death" means separation from God and that no man can afford to face death and the judgment alienated from his Maker. Soft-soaping in the pulpit won't cleanse the sinner in the pew, and there is no easy, painless way to make him see himself as a lost man. Only the truth of God will do it. (John 8:31-32).

THEY NEED TO HEAR WHAT HELL IS LIKE! They need to understand what it will be like in their future home. Hell is everlasting. It is a place of fire, where the wicked shall be burned, but not burned up. It is a place of pain and suffering from which there is no relief. It is a place of "outer darkness" because one will be totally separated from God and His righteous influence. The sinner needs to know about hell that he may escape it. (See 1 Peter 2:4; Matt. 25:36-45; Luke 16:19-31; Revelation 20:10-21:27.)

THEY NEED TO KNOW THAT CHRIST WILL SAVE THEM FROM THIS AWFUL DOOM if they will come to him as he commands. He has told all mankind that if they will believe in Him (Mark 16:15-16, Rom. 10:17, Heb. 11:6) and repent of their sins (Acts 17:30, Luke 13:3, 5, Acts 2:38), confess Him before men to be the Son of God (Rom. 10:10, Acts 8:37, Matt. 10:32), be baptized for the remission of their sins (Mark 16:15-16, Acts 2:38, Gal. 3:27), their past sins will be remember no more (Heb. 8:8-12). One is then a Christian and entertains a hope of everlasting life in heaven upon the completion of a life of faithful service to God (Rev. 2:10).

Thoughts

From The Living Bible
But when Gallio became governor of Achaia, the Jews rose in concerted action against Paul and brought him before the governor for judgment. They accused Paul of "persuading men to worship God in ways that are contrary to Roman law." But just as Paul started to make his defense, Gallio turned to his accusers and said, "Listen, you Jews, if this were a case involving some crime, I would be obliged to listen to you but since it is merely a bunch of questions of semantics and personalities and your silly Jewish laws you take care of it. STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

Over 200 leaders of industry and representatives of professions met in the capitol last week to review the new state laws governing campaign contributions, expenditures and lobbying.

Secretary of State Mark White and Attorney General John Hill discussed the major legal changes brought about by the "reform" legislation of the last Texas legislature.

"We are living in a period of legal transition," the Attorney General told the business and professional men and women. "My office has produced over 200 opinions so far this year -- more than the total last year -- and over 100 opinions are stacked up to be prepared."

White outlined his recent "campaign contributions and expenditures directives" at the meeting sponsored by the Texas Society of Association Executives.

Other speakers reviewed the details of the new lobby law and the sections of the penal code which affect campaigns and lobbying.

"H.B. 2 -- the new lobby law -- is unconstitutional," stated Frank Maloney, Austin attorney. "It violates both the first and fifth amendments to the constitution."

He cited federal cases which supported his opinion on the new Texas lobby law, and other speakers pointed out that several AG opinions are needed in this state to clarify sections of the campaign expenditures law and lobby law.

Political action committees for state businesses and associations are being formed as a result of the new laws.

Labor unions must go the PAC route in Texas now also, because they are prohibited under the new law from contributing to political campaigns.

Speakers on the program indicated that the Sharpstown Scandal and Watergate investigations are going to make office holders, candidates and those who work and contribute to campaigns very wary about future political activities in this state.

"Until we get more information from the Secretary of State's office, and additional Attorney General's opinions, most representat-

ives of business, professionals labor and industry are going to be very cautious about participating in political campaigns and contributing to campaigns," one spokesman for the group said.

"None of us wants to be the first 'test case' under these new laws," he concluded.

Others observed that it was going to be harder to get good people to run for public office because of the tough new laws, predicted the strict campaign laws would make it easier for incumbents to remain in present offices.

Both Jack R. Martin, Houston, president of TSAE and Gene N. Fondren, chairman of the TSAE Government Relations Committee, outlined the need for future briefings for state business and industry leaders on the new laws governing the mechanics of "Texas politics."

Details of the lobby law were explained by Austin attorney Gaylord Armstrong.

APPOINTMENTS
Gov. Dolph Briscoe appointed Ben F. McDonald, former mayor of Corpus Christi, executive director of the Texas Department of Community Affairs.

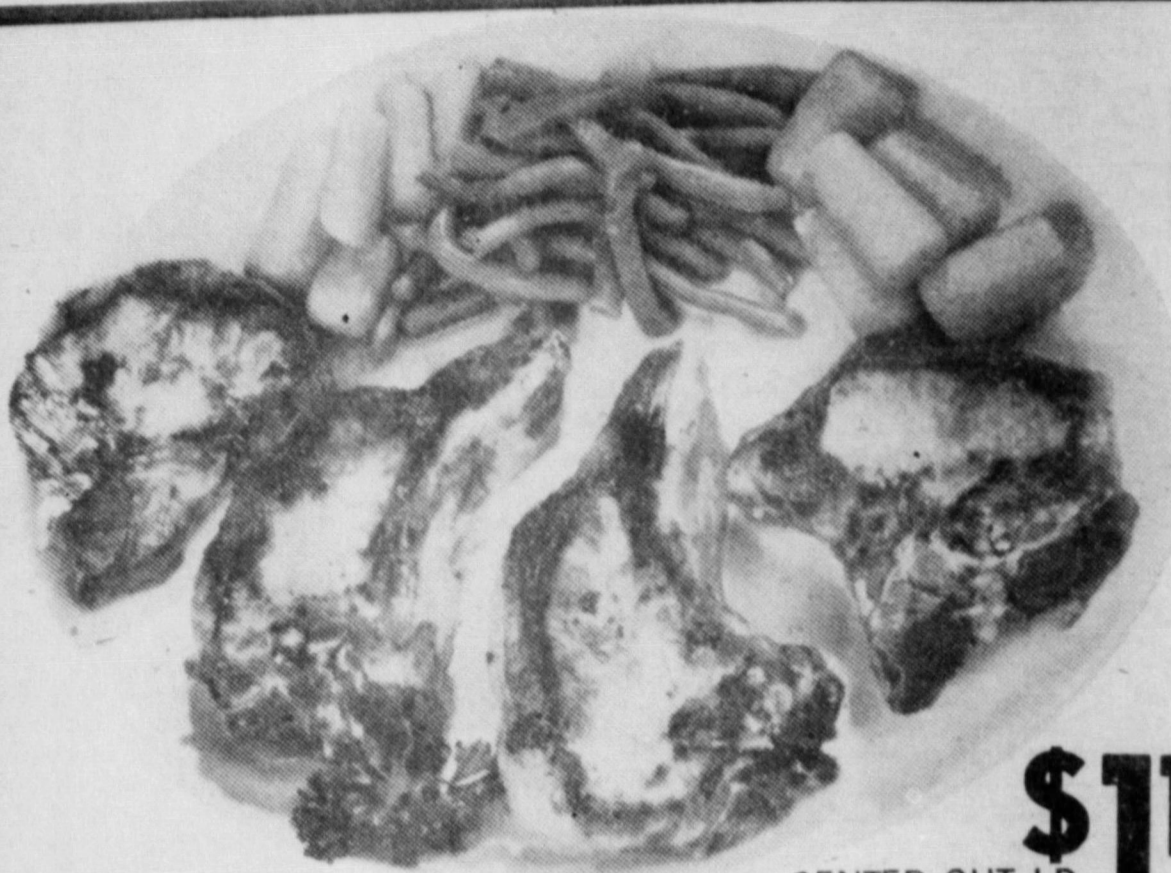

Briscoe appointed Judge Paul G. Peurifoy of Dallas as presiding judge of the first administrative judicial district, Dallas.

MARIJUANA CASE REVIEW ORDERED

The Board of Pardons and Paroles has been called on by Governor Briscoe to review marijuana possession felony convictions under old state law where less than four ounces of the substance was involved.

Although the Court of Criminal Appeals has struck down a portion of new state law providing for resentencing of prisoners convicted of felony possession, Briscoe said the legislature obviously intended that sentences of minor offenders would be lowered. New law effective last August lowered the penalty for first offense possession of small amounts of marijuana to a misdemeanor.

About 800 are serving time in Texas prisons for marijuana offenses. Briscoe is particularly interested in granting clemency to first-

9 Gray Co. Students Enroll At SWTSU

Nine students from Gray county are enrolled for the fall, 1973 semester at Southwest Texas State University, here, according to Dean of Admissions Alton Brieger. The university's total 1973 fall enrollment is a record 12,142, up approximately two percent from last year, Brieger said.

Halloween Party Is Held Oct. 25

A Halloween party was held at the home of Forrest Lawson on October 25 with 63 present. Boys and girls from the 1st to 6th grades attended. Mrs. Reed and Mrs. Evelyn Chamberlain helped with the games that were played. Refreshments were served to all present.

Visitors in the home of Mr. and Mrs. Barney Lowe over the weekend were Mrs. Lummie Pruett of McLean, their two daughters, Mrs. Jessie Parker and sons Ken, Kevin and daughter Jodi of Lubbock, Mrs. Mary McCrary and daughter Karen and Tammie of Lubbock and Mr. and Mrs. Jack Seymour of Borger.

time offenders who had small amounts of marijuana in their possession. GOVERNOR ANNOUNCES FOR RE-ELECTION

Governor Briscoe, addressing more than 9,000 at a record fund-raising dinner in his honor, announced he will run for a four-year term next year.

Estimates of income from the dinner ran in the \$750,000 range, less \$100,000 expenses.

The governor designated former Congressman Joe Kilgore, Austin attorney, as his 1974 campaign manager.

Sponsors of the Briscoe dinner termed it one of the most-successful of its kind ever staged for a state candidate in Texas.

Things aren't going TOO well

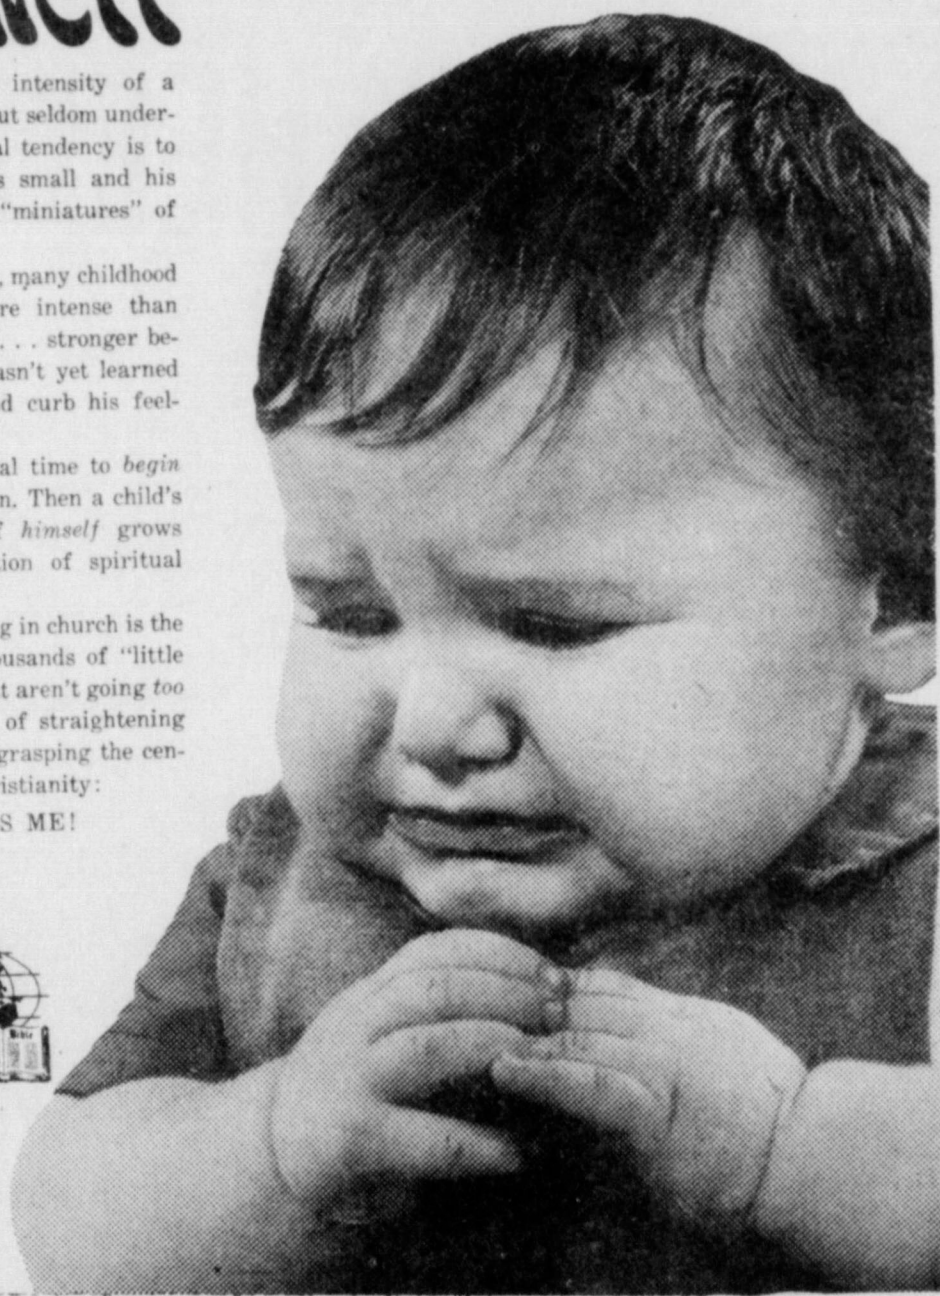

Adults see the intensity of a
child's emotion—but seldom under-
stand. Our natural tendency is to
assume a child is small and his
feelings are just "miniatures" of
our own.

To the contrary, many childhood
emotions are more intense than
anything we feel... stronger be-
cause the child hasn't yet learned
to understand and curb his feel-
ings.

This is the ideal time to begin
religious education. Then a child's
understanding of himself grows
with his perception of spiritual
values.

Sunday morning in church is the
high point in thousands of "little
lives." Things that aren't going too
well have a way of straightening
out when you're grasping the cen-
tral truth of Christianity:

JESUS LOVES ME!
This I know!

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Death and taxes may be inevitable, but many people are being killed or sickened by a preventable illness--carbon monoxide poisoning.

The autumn chill in the air has brought heating units and gas stoves into play in many houses and businesses. With the relighting of these appliances should come a sense of caution because of the odorless, colorless and tasteless gas which is present in all combustible substances. This gas can luss aperson into unconsciousness before the victim knows he's in trouble, says the State Health Department.

In Texas last year, 102 persons were victims of this lethal killer. Automobile exhausts accounted for the bulk of deaths.

In Fort Worth this summer, one woman died and four other persons suffered serious illnesses from carbon monoxide poisoning. The tragedy revolved around an automobile which was inadvertently left running in a garage. Under-the-floor air conditioning vents opening into the garage picked up the carbon monoxide fumes and circulated them into the home, health authorities reported.

Similar tragedies can occur on the highway from leaking exhaust pipes. A Central Texas family had their vacation interrupted only a short distance from home when the deadly gas seeped into their vehicle, causing death and illness.

While carbon monoxide is sinister, it doesn't have to be fatal if handled with caution and respect. With Texas in the midst of its fall and winter hunting season, hunters should check ventilation in their stoves, and should examine smokestacks and chimneys to be certain they aren't clogged.

In the home, make sure the damper is open before lighting the fireplace. Have your gas refrigerator service-checked annually even though newer models have improved control systems. All furnaces, regardless of fuel type, should be checked and properly vented to the outside. Combustion-chamber leakage is a

serious hazard, particularly if the heating unit is old. All individual room-type gas heating equipment should be vented. And, say safety experts, don't use your gas cooking range for heating.

Automobiles and trucks, as well as other gasoline engine shouldn't be run indoors for long periods--even with the garage door open. A charcoal grill or hibachi should be used only outdoors.

While carbon monoxide poisoning is sneaky, there are recognizable symptoms--if you are alert.

Early symptoms of carbon monoxide poisoning include yawning, headache, nausea, dizziness, ringing in the ears, and abdominal pain. Difficult breathing and unconsciousness quickly follow.

The victim should get fresh air immediately and should be kept lying down and warm. A physician should be called promptly, and inhalations of oxygen or an oxygen-carbon dioxide mixture should be administered.

A little bit of carbon monoxide can go a long way. It is an insidious killer. Its physical properties--no odor, taste or smell--make it almost impossible to recognize unless you understand the symptoms listed above.

Once the gas is inhaled, it invades the blood stream through the lungs. It unites with the hemoglobin in the red blood cells so they cannot carry oxygen to the cells of the body. Asphyxiation results.

Carbon monoxide is so poisonous that when combined with red cells in the blood the bond between the two is 200 times stronger than the normal bond between oxygen and red cells. When oxygen and sizable amounts of carbon monoxide are breathed in together, the carbon monoxide muscles the oxygen aside causing illness. If oxygen is depleted sufficiently, death follows. Many deaths occur from faulty appliances even though a window may be slightly opened, says the Health Department.

At least 1,400 deaths are attributed in the United States each year to carbon mono-

McLean 4-H Girls Receive Awards

Miss Beth Smitherman and Miss Rhonda Woods received awards at the Gray County

xide poisoning. More than 10,000 persons are poisoned by carbon monoxide. Those not killed may suffer temporary or permanent damage to the brain, with serious disturbances of vision, hearing, speech and memory.

Carbon monoxide is dangerous, but it doesn't have to be fatal, repeats the State Health Department. Be aware of the dangers, observe caution in the use of appliances, have them checked regularly, and you may never suffer from carbon monoxide poisoning.

4-H award banquet held in Pampa last Saturday night. Both girls are active in the McLean 4-H chapter.

They both received blue ribbons for their 4-H record books and they both also received gold medal beef award. There were only four in the county to receive the beef award.

Beth is the daughter of Mr. and Mrs. Tony Smitherman and Rhonda is the daughter of Dr. and Mrs. David Wood.

Eastern Star To Initiate New Member

The Order of the Eastern Star held their regular meeting Thursday, Nov. 1, at the Masonic Hall.

Pledge of Allegiance was given by Worthy Patron, Frank Rodgers.

Welcomes, and regular business meeting was conducted by Worthy Matron, Veral Lynn Wood.

We are very pleased to receive and approve the petition by Miss Regina Lamb, who desires to become a member of our Chapter. Initiation program for Regina is scheduled for Saturday night, Nov. 24, 7:30 p.m.

The Chapter concluded plans to set up a booth at the Gymnasium, during the Carnival, which was sponsored by the Mothers' Club.

Veral Lynn Wood gave a report on the proceedings of Grand Chapter, which was held at Dallas, Oct. 1-4.

Plans were made to have an open meeting, Thursday, Nov. 15, at 6:30 p.m. to honor the Masons and their wives. We are asking each Mason to bring a picture of himself, preferably as a baby or young child. Also a later picture, such as military, or wedding picture, if possible.

We are looking forward to a night of food and fun honoring the Masons.

Our Birthday Girls this month are Myrt McCoy and Eula Morrow.

Our special thanks go to

We hope to get the Cook Books off to the press this week.

4,815

At this time of year, Southwestern Public Service Company is awarding service commendations to 262 of our people for 4,815 total years of service . . . that proves the dedication of our people who are being recognized this year . . . and we have 1,565 other men and women who are just as dedicated to providing you with power for your electrical needs.

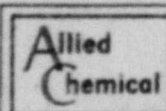

Electricity is something none of us want to do without. So, day in and day out, these skilled people are working as a team to make sure you'll have the electric power you need when you need it.

We're exploring new sources of energy continually so that a hundred, a thousand, four thousand years in the future . . . we'll still be able to deliver to you that modern miracle . . . the KILOWATT . . . 100% usable — just like today.

And that's what dedicated people can do for people.

Your future is ELECTRIC!

COMPENSATOR LIQUID FEED

All liquid supplements aren't created equal.

Compensator can outperform other supplements that guarantee the same analysis.

It contains COMPEN, a patented ammonium polyphosphate that outperforms even more costly sources of phosphorous. Its greater sequestering ability increases mineral availability and maintains the highest vitamin stability. Sulfur is added to give Compensator the right nitrogen-sulfur ratio. Its pH is nearly neutral to match the rumen pH. (Which also prevents equipment corrosion.) And Compensator is made in a way that prevents over consumption, and releases nutrients slowly for maximum utilization.

It's no accident Compensator is a better liquid feed. Allied Chemical makes sure of it.

Compensator is made to be the best. Best for your cattle. Best for your operation. Best for your wallet.
