Robbery Attempt Is Unsuccessful

An attempt to break into Simpson's grocery Market about 9 p.m. Tuesday night was foiled by attendants working at the adjacent service station.

Service station attendant Danny Lee and James Armbrister, said that they had just closed the station for the evening and were talking by their parked cars when they noticed movement on the roof of the market.

Flashing a light across the building's skyline, the two determined that some person. or persons were atop the structure. The men indicated that they then attempted to contact law enforcement officials and circled the block where the grocery store is located.

When officials arrived about 9:30 p.m. they discovered a vent pulled from the roof of the store and that entry had not been made. No suspects were apprehended.

Top O'Texas Show Set For March 4-6

Dr. Rose Attends Meeting in Missouri

Dr. and Mrs. Jack L. Rose attended the Heart of America Contact Lens Congress in Kansas City, Missouri last week. Several speakers from over the United States and Canada presented lectures on Soft Contact Lenses.

The Soft Contact Lens is becoming more practical now, since some of the objections to it have been overcome. It is still a limited contact lens and does not do as well on most eyes as the older hard contact lens.

The wedding of Cherryl A business meeting was held Crocket and Monty Adams was ents of the bride and her sister, solemnized Monday, Feb. 18 at noon in the home of Mr. The opening prayer was given and Mrs. Sherman Crockett, 310 South Kingsley, the grand parents of the bride.

Cherryl is the daughter of Mr. and Mrs. Joe Crockett and is a graduate of Cleburn High School.

The groom is the son of Mrs. Jack Patton of Amarillo and of Mr. Wayne Adams of Midland.

Reading the double-ring Earnest Beck.

The bride, given away by her father, was attended by Brenda Crockett, sister of the bride, of Cleburn. Stand-McLean STudent On said. ing up with the groom was Larry McFather, brother-inlaw of the groom of Amarillo.

The groom is 1969 graduate of Taleton State University with a B.S. degree in Agricul. their classwork, they are retural and served three years in the Army. He is presently employed on the Frank Letty Ranch at Godley, where they will be at home.

Those present for the wedding and reception were Mr.

THE MATCH

The match is a very small object, one that we see and

use every day. We don't give much thought to the little

hatch, because we see it and use it often. It is a pow-

erful little thing, yet so innocent in appearance. As we

gest its great power, and yet, we can strike one little match, just one, and by the flame from its head we can

bring comfort to hundreds; yea, many hundreds. We can

start a fire under a boiler, be able to generate steam

and turn the wheels of industry. All of this is possible,

F the flame is put in the RIGHT place. But if it is put

in the WRONG place, it can destroy millions of dollars

"Even so the tongue is a little member, and boasteth

One word, just one little word in the right place, can

do untold good. The wise man said: "A word fitly spo-

ken is like apples of gold in pictures of silver." (Prov.

25:11) The right word, spoken at the right time, will

bring comfort, cheer and encouragement to one who is

Easter Seal Appeal To Open Friday

The 1974 Easter Seal Appeal will open in Gray County on Friday, March 1, according to Mrs. Betty Casey, who serve as Easter Seal Representative for the county.

Mrs. Casey said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representa tive Mrs. Casey is the person to contact to request services from the Easter Seal Society for crippled children and adults s of Texas. These services include physical and occupation. al therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 20, 570 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising. more money than evere will be needed.

Funds help support 18 centers in Texas, where services are provided to those crippled children and adults who cannot provide themselves and who do not qualify for help from any other source.

"The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year, " Mrs. Casey

Young At Heart To Meet March 15

By Mrs. Luther Petty

The Young At Heart Club met Friday with Mrs. Bertha Smith as hostess, who served two different kinds of cake punch and coffee to 16 present, who played progressive

Those present were Mr. and Mrs. Enloe Crisp, Mr. and Mrs. Raymond Smith, Oscar Tibbetts, Frank Howard, Ruby Tibbetts, Minnie Freeman, Eula Morrow, Lena Bailey, Ruby Boyd, Ruth Saye, Isabel Petty, Pearl Stevenson, Ada Simmons.

The next meeting will be on March 15.

VOTER GUIDELINES

1. Register to vote at least 30 days prior to the Democratic Primary, which is May 4, 1974.

2. All registered voters, 18 years and older are eligible to vote in all Democratic Party elections.

3. Present registrations are valid if you have voted in a Democratic Primary or a General Election within the last three years.

4. Register to vote at your County Clerk's office or with a properly deputized person allowed to register

5. Notify your County Clerk of change of address 5 days prior to election day

KGS.

AUSTIN, Tex. - Home insurance rates are going up for most Texans.

New rates to be effective June 1 or July 1 will take into consideration expected rising costs of replacing and repairing damaged buildings.

The rates were adjusted a year ago (Jan. 1, 1973), with reductions in most lines.

Indications are fire coverage for homes will go up this year, but commercial building protection will cost less.

Multi-purpose homeowners policies will increase in price for Seacoast and North-Northwest territories. Although the loss record of the last decade indicates a 5.5 per cent reduction for the Central Inland area, G. L. Jones, State Insurance Board chief property actuary, said inflation may negate the saving.

All three territories are due for an increase on extended coverage, including windstorm and vandalism coverage.

State Board statistics hold promise of a saving on commercial building coverage for the Central Inland territory.

Following past board practices of figuring inflation on price increases over the last six years, an industry representative said the statewide boost for all lines of building insurance would be more than 20 per cent.

However, Texas Insurance Advisory Association suggested a revised inflation factor projected to save \$43.7 million for Texas property owners this year below the board estimates.

CONVENTION

PROGRESSES - Debate grew increasingly tedious as the first round of Constitutional Convention floor debate opened - on the education article of the proposed new state constitution.

Convention President Price Daniel Jr. maintained delegates were sticking with their 90-day completion schedule, however, as they neared completion of action on the article in three half-day working periods.

The education article as approved by the delegates tentatively insures "equal educational opportunities" for all, but permits special local district program enrichment. It also retains for The University of Texas and Texas A&M income from the \$680 million Permanent University Fund.

Permanent and Available school funds are left intact, and the legislature is charged with providing for "first class" higher education.

"DISCOVERED" -LAW The Texas Board of Pardons and Paroles only last November discovered a law requiring it to recommend to the governor whether prisoners should have full citizenship rights restored on completion of sen-

"Until our present board membership was made aware of this provision very recently. it has been ignored," said Charles G. Shandera, a member of the Board, in a letter to Sen. A. R. Schwartz of Galveston. Schwartz is chairman of the Constitutional Convention Rights and Suffrage Committee.

Shandera said he does not think the oversight has worked any great hardship on exconvicts deprived of civil rights, because they can make requests for full pardon.

Rights include voting, running for public office, jury service, entry into licensed professions and eligibility for bonding.

ALLOWABLE AT 100 PER CENT AGAIN - The Railroad Commission set the statewide oil allowable at 100 percent for March - the 24th straight month of such production.

Commissioner Ben Ramsey said crude oil stocks, estimated at 85.8 million barrels, are 3.4 million less than the 1973 level. He said crude stocks for the nation are 24 million barrels below preferred levels and gasoline 50 million barrels below.

Exceptions to the 100 per cent allowable are Kelly-Snyder and East Texas Fields (86 per cent) and a dozen others set at 80 per cent.

COURTS SPEAK Court of Criminal Appeals overturned a marijuana conviction by a Greenville jury following a search without warrant.

The Court also reversed another marijuana conviction in Dallas on similar grounds. It ordered a new trial for a Wichita County man on incest charges after finding his 13 year-old daughter "participated willingly.

A Rockwall County man won a second reversal on robbery-by-assault sentence of 40 years.

The Third Court of Civil Appeals ordered Hays County commissioners to pay \$22,800 as the county's share of adult probation costs in a district shared with Caldwell and Comal counties.

may prevent minority recruitment and bilingual educational programs, Atty. Gen. John Hill held.

Hill also concluded in other recent opinions:

· Children may be placed for adoption by a natural parent, by a relative with other relatives, or by a licensed agency.

· Minors over 14, and under 17 can be prosecuted for driving while intoxicated, although the law is not congainst those 17 to 18.

· The open records act and its exceptions have no bearing on scope of testimony of a witness taken in a civil proceeding pursuant to a notice and subpoena issued under rules of civil procedure.

· Whether or not the property of a fraternal lodge is exempt from taxation depends on a determination of whether the lodge is a purely public charity and its property is used for purely public charitable purposes.

· If courts and not juries grant probation in felony cases, problem drinkers-drivers involved may be required to pay for the expense of treatment. Ability to pay expenses of treatment may not be a grounds for denying probation and failure to pay the expense of treatment because of financial inability may not be a ground for revocation of probation.

· A' Texas Youth Council member is entitled to reim- MARCH 1 bursement for reasonable expenses incurred in meetings in city where he resides.

Open House To Be Held

By Melinda Hunt

The McLean Public Schools will have Open House Tuesday, March 5, from 6:30 to 8:00. Teachers will show projects and papers that students have done this year. There will be a Band Concert afterwards, held in the High School Auditorium.

Band Sells Soaps

By Deloris Morgan

The band members have previously been selling soap under the supervision of Roger Quibodeaux, the band director. The soap was sold for \$2.50 a bottle. The band has been selling soap to earn money for a trip to Amarillo. The band has also been selling tickets for the Jubilee and other money raising projects. There have been many donations and the band wants to thank each and everyone that has helped it to reach it's goal. Thank You!

Masonic Dinner Honors Teachers

By Kathy Beshears A Masonic Dinner was held last Thursday in the Masonic Lodge. Masonic Dinners are held every year all over the state in honor of George Washington's birthday. Teachers from Alanreed, Lefors and McLean attended the dinner. The teachers were welcomed by Principal Lloyd Hunt and an address was given by Homer Jefferson, Superintendent.

The dinner consisted of ham and salads served by the Masons and the Women of the Eastern Star. The Mason: have been sponsoring McLean Public School Week for over fifty years.

Benefit of Lockers

By Robbie Turpen

McLean Jr. High School needs lockers. Ne need lockers so things won't get stolen and they won't get messed up. We don't have room for half our books right now. Because our "Cubby holes" are 11" by 3". If we had lockers we could keep the rooms cleaner and

Students See Shane

By Billie Lowery Mrs. Haynes seventh and eighth grade English classes have been reading the novel "Shane". There was also a film ordered to go alongwith the book. The seventh and eight grade students saw the film Monday. The film, starring Alan Ladd and Van Heflin, was rented from a Dallas Company. The film was shown so that the students may have a more exact picture and meaning of the book.

Absentees Increase 8th Grade Plan

By Lynda Daniels

Recently, due to sickness and other reasons children have not been coming to school. The absentee rate has been increasing steadily. The school loses money when everyone doesn't come, so if you're not sick please come to school. Not only for your school's sake, but also for the sake of you and your education.

Band Has Clinic

By Jodette Swaner

The McLean Tiger Band under the direction of Mr. Roger Quibodeaux, attended a clinic last Tuesday from 9:30 to 11:30 a.m. in the band hall. Nick Moody from Weatherford, Oklahoma who was representing Southwestern Music Company, was the director for the day. He has directed at Altus and Elk City, Oklahoma. The Band will attend another clinic Thursday beginning 4 at 6:30 p.m. The director will be Jeff Doughton from Pampa. He has directed at Pampa, Altus, White Deer, South Western State College, and Stratford.

Students Taking Six Weeks Test

By Natalie Morris

The High School and Jr. High will be taking six week tests, February 27 and 28th. There are just two more six weeks and school will

F. B. L. A. Reports On Convention

McLean FBLA was notified this week of the final results of their involvement in competition at the District 16 meet held February 7th on the WTSU campus. Included in the bulletin was the announcement that David Pender placed 2nd in the Mr. FBLA contest and that D'Ann Phillips placed 3rd in the Miss FBLA category.

The McLean Chapter placed served in the basement. officers in three of the seven district office positions. They were Ronnie Heasley as Vice President, Jan Bentley as Parliamentarian, and Dave Jefferson as Historian.

The group met Tuesday eight to work in preparati for the state meet, taking into consideration the critiques and experience gained on the district level.

To Go To Pampa

By Scott Haynes

The McLean 8th grade class plans to go to Pampa, March 1st. The class is allowed two night parties. This will be their first night party. The class will eat and then go to a movie. They plan to leave here at 6:30 and get back around

8th Grade Elects New Officers

By Randy Kennedy

The eighth grade class officers were elected . last fall for the 1973-74 school year are as follows: President Scott Haynes, Vice President. Curtis Simpson, Secretary-Natalie Morris, Treasuter-Ken Parker, Reporter- Melinda Hunt.

Winter Hard Time For Quail

AUSTIN -- Like it or not, it's a fact of life that some 80 percent of all quail in a given area die in a year's time.

disease and starvation all take their toll of these grounddwelling birds.

And this mortality figure is virtually inflexible. It is not the job of a quail manager to reduce the 80 percent figure but to increase the total number of birds which his particular area will carry.

Closing seasons, killing predators, artificial feeding and stooking have all been tried and they don't work.

Acteens To Have A Study Course

By Carolyn Bailey

On Monday, March 4, the the Acteens will have a study course entitled "Code E" in the parlor of the First Baptist Church.

The study course will be led by Dorothy Duniven and will begin at 6:00 p.m. to 9:30 p.m.. Supper will be

The Acteens would like to extend an invitation to all 7th, 8th and 9th graders to attend.

4-H ACTIVITY

Don Morrison, chairman of the District 1 (22 Panhandle Counties) Adult Leaders Association, headed a delegation over the Panhandle that attended groundbreaking ceremonies for the State 4-H Center at Brownwood on Friday, Feb. 22.

We are very happy to have Don as the chairman of this organization. We are also proud of the fact that Don represents a County (Gray) that was number one in meeting its financial commitment to the State 4-H Center Building Program.

Some three years ago Gray County exceeded their goal by selling over \$2,800 worth of candy for this project. Last spring and summer. Gray County contributed \$5,400 to the State 4-H Center Fund.

Primarily this money was raised by wheat farmers through the donations of wheat. However, without solicitation, several local businessmen and individuals made contributions. This exceeded Gray County's goal of \$4,500 by some \$900.

Today Gray County is the only one in the 22 Panhandle Predation, hunting, exposure Counties to have made their commitment to the State 4-H Center, and also one of the few in the State. So, you see, Gray County has something to crow about. Where else can you find better or more generous people! MARCH 1

Deadline for filing Farm Income Tax for farmers. GARDENING

We are having lots of calls about how to get rid of bermuda and other permanent grasses in the backyard. Apparently a lot of people are planning on a garden this summer. It is a very difficult thing to get rid of bermuda grass the same year you raise the garden.

Most people ar chemical conscious. They are looking for a chemical so selective you can kill everything except more you are trying to grow. Unfortunately, most of our chemicals are not that selective. 2.4-D will kill most broadleaf plants but have little affect on grass.

Most chemicals that will kill grass also kill broadleaf or most garden plants. I have recommended spraying kerosene or diesel fuel in the past_for killing out unwanted grasses. I've even used it to edge a lawn. This wouldn't be too popular an idea now with the fuel shortage.

Jack Mitchell, who lives at 2125 N. Faulkner, has an excellent idea that will work. He bought some inexpensive black plastic sheets and placed it over that area of his lawn he wanted to turn into a garden. He placed weights and a few spades of dirt to hold the plastic down. When Jack took the plastic off last fall, he said the roots were all

If you use his idea be sure to use black plastic. Plants must have sunlight to live. A person might kill his grass out in less that one full season but I would think it would be better to leave the plastic on for one full growing season.

Blue grass, buffalo, and many of the other grasses can be plowed and a garden made the first year.

Recent figures indicate that three million American families took up gardening for the first time in 1973. The reason for the gardening boom is a matter of economics with many families. A very small garden plot can mean a \$200 to \$300 savings to an average American family.

Sam Cotner, vegetable specialist, Extension Service. says, "And no one can deny the improved flavor and freshness of a home grown vegetable, plus they are available when you

Other factors pointed out by Cotner — "Gardening can also play an important role in the current energy crisis. Less trips to the supermarket. Gardening is a good form of recreation Keeps the kids busy with a hoe instead of burning up gas on the drag. Gardening provides good wholesome exercise in the

I have always admired a person that gets out and jogs for their health, but I often think this human energy could be re-directed to more constructive tasks - like bending over and cutting off and turning on an outlet at an irrigation pipe after you had spanned a 5-foot strip of mud (one foot on dry ground, the other on the irrigation pipe). Excellent exercise to a constructive use.

Back to gardening - Cotner says, a 20 foot by 20 garden spot can produce plenty of vegetables for a family of four

The energy crunch might bea blessing in disguise.

Americans have become to inter - dependent. One of have any well - thought - out plans if a disaster should strike. A garden would help to shake off some of this dependence on others.

Why did I get off one this ... the wife was after me last week to plow the garden?

Farmer, Tell Your Fuel Supplier Your Needs

The essential thing a farmer must do to help assure himself adequate fuel for agricultural production is tell his distributor how much he needs. Unless a local distributor or dealer knows what his farm customer requires, "said Robert F. Spreen, State Executive Director of the Texas Agricultural Stabilization and Conservation Service, "that distributor cannot take the necessary steps to get enough fuel for him.

Informing the distributor becomes even more important if a farmer intends to increase his acreage considerably, or if Mr. and Mrs. Homer Abbott he wants to expand dairy, pouinformation to request additional fuel for farm customers from their suppliers.

Spreen said, "Agricultural producers who are all to receive priority allocations, will be required to certify to an ongoing fuel conservation program on their operations. USDA, in cooperation with the Federal Energy Office and the Environmental Protection Agency, has developed a conservation leaflet. This leaflet, scheduled to be available George Colebank of the City in early March, includes an energy management certifipriority fuel will be used for 'agricultural production'.

Bobcats Pelts

AUSTIN -- January 31 was the last date on which most fur-bearing animals could be taken but two species not protected by laws are open to trapping year-round bobcats and coyotes.

Under Texas law, both of the animals are classified as predators instead of furbearer and therefore may be harvest ed without restrictions.

Parks and Wildife Department wildlife technician Dan Boone reports that pelts from the two predators are drawing

top prices these days.
"A bobcat pelt selis for \$20, " said Boone, "and a coyote fur goes for \$12 to

"This must be near an alltime high value for both of the species. Last year, a coyote pelt was worth \$8 and

Proving Poverty

How poor does an accused person have to be in order to qualify for free legal counsel? This quesscore of thirty-four to thirteen, tion is arising more frequently, now that the courts have broadened the rights of the indigent to have a lawyer provided at government expense.

To begin with, he need not be absolutely penniless. Take the case of a man arrested on a felony charge. He had \$100 in cash, but no other assets or income of any kind. A court ruled that he was entitled to have a lawyer appointed for him.

"It is not necessary that an accused person be utterly destitute," said one judge. "Indigence is a relative term, and must be measured in each case by the service to be furnished. It connotes a lack of resources which, in the light of everyday practicalities, prevents the employment of competent

However, cash on hand is not he only test of poverty. In another case, a man charged with frunk driving had just \$50 in his bank account. But he also had a steady job, two cars, and an equity in a house.

Rejecting his demand for free counsel, the court said "it stretches the imagination" to think he could not find a private attorney ready, willing, and able to take his case.

The Constitution does not require," added a federal court, "that gratuitous services should be extended to persons who can af ford to pay.

Suppose the accused himself is cation that there is an ongoing broke but has friends or relatives Mr. and Mrs. Bill Coleman conservation program and that with money. In most cases, that won't matter. Thus:

A college student, arrested on a charge of theft, had no financial resources. He did have a married sister who could afford to hire a lawyer for him, but she refused

The court thereupon decided that the student was entitled to have a government-paid attorney. The court reasoned that money in someone else's pocket did not make him any richer.

a bobcat only \$5.

According to Boone, it was also a banner year for the sale of petts from furbearers which are regulated by trapping laws.

A red fox pelt usually sold for \$20, gray foxes drew as much as \$14 a skin as opposed to \$8 last year. Top prices for raccoons were \$8, male mink pelts for \$8 and female pelts for \$5, ringtails \$4, skunks and and even possums and nutria sold for \$1 a pelt.

PENTECOSTAL HOLINESS CHURCH

The Public Is Invited

Man

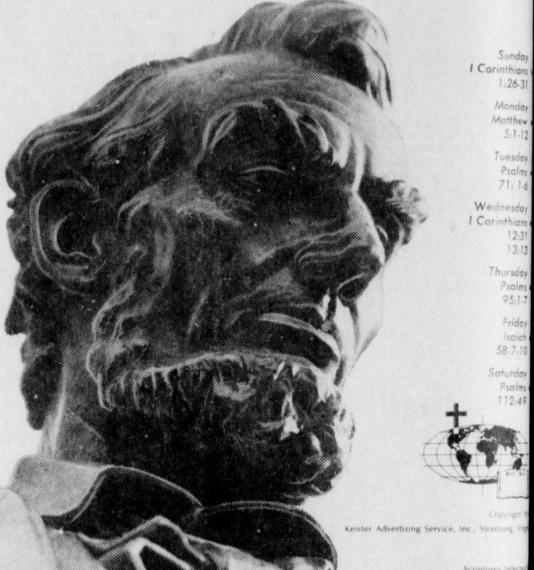

Today we see Lincoln in heroic size. He ap. pears almost more of a statue than a man-a great figure cast in bronze, with a furrowed brow and solemn countenance.

Yet Lincoln was a man. He walked the earth, and felt love and joy, but he knew tremendous frustration and almost insurmountable sorrow. He prayed, earn. estly and effectively.

Statue?

Throughout each crisis in his life, and there were many, he was sustained by faith. God seemed close to him, and he turned to Him often. He didn't pause to think about whether he'd go to church or not. He went.

Do you?
