## Emergency Loans Are Available From Farmers Home

Farmers and ranchers in Gray County, who sustained production losses as a result of damages and losses caused by prolonged drought from July 26, 1973 through August 22, 1974; two hailstorms in May and one hailstorm in the first week of June 1974, may be eligible to receive an emergency loan from the Farmers Home Administration.

Those who have not received an emergency loan to assist them in recovering from their loss may apply for such a loan at the Farmers Home Administration county office at Clarendon, before close of business on December 2, 1975 for production losses.

Loans based on qualifying production losses may include funds to reimburse applicants for production expenses which went into damaged or destroyed crop and livestock enterprises, but not to produce new crops during 1975. Payment terms depend on the purposes for which the loan is used and the applicant's payment ability. No loan may exceed the actual loss sustained. The interest rate for these loans is 5% and there will be no principal cancellation. These loans must be secured by crops, livestock farm machinery, or real estate.

## Price Introduces Bill To Congress

Cotton Farmers may pay less for baling wire if Congress enacts Legislation U.S. Rep. Bob Price introduced today.

The Price bill would amend tariff regulations so that baling wire for cotton will be considered "bale ties" whether they are in cut strips or in coils. Currently, wire imported in coil form is considered strip steel and is thus subject to an 8.5% import tax, while bale ties cut in strips are only taxed .02 cents per pound.

Price said he realized he was offering the bill late in the session but he expressed hope the House Ways & Means Committee would act quickly on the measure as it often does on tariff matters.

"Due to the current baling wire shortage, the industry is now changing from American standard cotton ties in cut length of 11 feet 6 inches, to using coiled baling wire as well," Price said. "Machinery has been set up at a number of mills to cut the coiled baling wire into ties of standard lengths, but the law was written prior to this practice, the veteran legislator reported.

"This higher tariff is adding to the expense cotton farmers must pay in harvesting their crops. At the same time it runs counter to the intent of the Congress in passing the existing measure which provides the lower tariff for cotton ties in standard lengths.

## Jubilee Set For Saturday Night

The McLean Derby Town Jubilee Association is going back into action Saturday, October 19 as they schedule their first performance of the season. Under the direction of Conald Cunningham and George Terry, both residents of McLean, the show is always a success. The jubilee was originally organized in 1962 by Mr. Cunningham and Mr. Terry along the same country and western theme order as the Big D Jamboree, Louisiana Hayride, and Grand Ole Opry, continuing to thrive in the McLean community as an entertaining and recreational pastime.

The long time jubilee tradition is kept up, furnishing a wide variety of entertainment enjoyable for the whole family, proudly retaining its original small admission fee. The talent, harvested from all over the area, ranges from young to old.

The secret of coordination in the program and keeping it running smoothly lies in much planning and hard work on the part of the directors and their sponsor, Mr. Cunningham spends a tremendous amount of time and energy discovering and developing new talent from this area. The organizer and "behind the scenes" director uses his own ability to play the guitar and sing to help encourage new performers as well as having his own part in the show. Mr. Terry works with the stage effects, devotes many hours to preparation of the show, and spreading his contagious enthusiasm and smile as he serves the audience assembled in McLean High School's Auditorium as master of ceremonies.

The jubilee is sponsored by various organizations functioning in McLean who run a concession stand, give door prizes, and raffle cakes during intermission as fund raising projects. The jubilee is never without a sponsor and many times demand warrants a waiting list.

The jubilee has received widespread publicity in its 12 year existence, recognized nationally as well as locally. The talent display was recognized in a 1973 issue of "Phillips", a national magazine put out by Phillips Petroleum Corp. which employs Mr. Terry. It received full coverage in a 4 page illustrated article.

Saturday's Jubilee, sponsored by the McLean Chapter of the Future Business Leaders of America, will be held in the gymnasium due to remodeling construction in the auditorium. So come one come all to the McLean Derby Town Jubilee Saturday night at 7:30 p.m. as the Association presents the first show of the 1974-75 season.

Mrs. Viola Meador is still a patient in St. Anthony's Hospital. Although she is taking therapy, she is still in serious condition.

## McLean To Play Memphis Friday

The McLean Tigers played host to Clarendon's Bronchos last Friday night losing with a score of 54 to 3. Tiger spirit ran high throughout the game although the young team struggled under Clarendon's superior experience and size.

Curtis Simpson led the offense again this week with 93 rushing yards, carrying the pigskin 20 times. Simpson was followed by Gary Danner with 24 yards in 10 carries, Steve Langly with 21 yards in 4 carries, and Ricky Lowery with 12 yards in 8 carries.

Clarendon's Kenneth King made 4 dashes for the goal line during Friday night's play.

In the first quarter, King ran for 50 and 6 yard touchdowns. Alan Hamilton punned 1 yard for another score with King adding the extra points. Lynn Floyd scored on a 16 yard run with Berry Shaefer kicking the extra point in the 2nd quarter. The Bronchos score rose to 35 points when Randy Crossin connected with Steve King behind the goal line on a 70 yard pass. King again booted the extra point.

In the third quarter, King ran 60 yards for another 6 pointer and Shaefer kicked a 22 yard field goal. Fourth quarter scoring yielded King a 36 yard field goal making the score tally 38 - 0. McLean's senior, Eddie Estes put the Tigers on the board as he kicked a 24 yard field goal for 3 points. Kenneth King rounded up scoring as he returned the kick off for a 90 yard score. Extra points failed.

The Tigers play at home again next week as the Memphis Cyclones present the opposing team.

## Roping Team Wins First

Dale Steel and Greg Henley went to the Bo ger High School Rodeo, representing the McLean Rodeo Club in Team Roping. They went up Friday night and did very well roping, and spent the night so they could see the three performances Saturday.

The two were so anxious to see if their time would be beaten, they didn't seem to notice the cold wind and rain.

When time came for the awards, the team ropers award was given to Dale and Greg. They had won first place with a time of 10.7 seconds.

First Place is worth six points towards the tri-state rodeo associations. This puts them in 8th and 9th place in Tri-state ranking. They will be in most of the Tri-state Rodeo. Lets all support them and the Rodeo Club.

A weekly public service feature from the Texas State Department of Health

# Accent on Health

Young children wish that Christmas came every month and personnel in the public health field have that same feeling about immunization action month.

This special month--being observed in October for the second year--puts the emphasis on immunizations, an effective weapon in the state Health Department's battle against disease in Texas.

Only through continued emphasis on immunizations--particularly in pre-school children--can the so-called childhood diseases be considered, says State Health Commissioner Dr. James Peavy.

October is set aside for cooperative effort to reverse the trend of declining levels of protection among one to four-year-old children against polio, measles, rubella, mumps, diphtheria, pertussis and tetanus. Being used in this effort are intensive educational and motivational programs to increase the utilization of immunization services.

Texas last year had an erasable decline in immunizable diseases, and there has been no paralytic polio in the state since 1972. Dr. Peavy warns the State Health Department, unimmunized youngsters can provide a reservoir for disease. All parents are urged to check their children's immunization records and correct any deficiencies which they find.

The State Health Department, along with its local health departments and public health regions, the federal Center for Disease Control, and other agencies, has a two-part October campaign. It is directed at private and public health care providers and parents for the purpose of increasing immunity levels among the pre-school populations.

In addition to television and radio spot announcements and newspaper stories, the immunization campaign is being taken directly to parents and mothers.

The Alanreed Home Demonstration Club met Wednesday October 9th, in the school cafeteria with Lulu Crisp as hostess. President, Sue Crisp conducted the business session. Members answered the roll call with "My first recipe that made a hit." Members were delegated their duties for the Halloween carnival dinner. Council report was given by Anita Bruce.

It was requested by County Agent, Elaine Houston, that the club have a "Show and Tell" table at the October 21st meeting in Pampa and

The Texas Department of Public Welfare has joined with the Health Department to insert an immunization message into all food stamp authorizations for October. The insert, modified to include immunization schedules in Spanish, will be mailed to approximately 400,000 food stamps recipients. It is anticipated that another 70,000 mothers who receive aid to dependent children also will receive the message.

In addition 1,200,000 immunization messages will be mailed to public utility consumers throughout the state.

Day care centers directors will receive a recently developed leaflet on immunizations. The leaflets explain the parents' obligations concerning the child's health statement, TB skin tests, and immunization status. This leaflet is being distributed to the more than 3,000 child caring facilities throughout Texas.

Local health departments during October will review their immunization records to determine which clinic children haven't completed their full immunizations. Special postcards in Spanish and English have been devised to notify parents.

And, throughout the state special immunization aides will continue their efforts in contacting all parents of newborns concerning immunizations.

The State Health Commissioner is solidly behind these increased immunization activities during October and every month in the future and urges parents to have their children protected against possible life-taking, crippling diseases. After all, our children are the only future we have.

## Baptist Women Hear Market Report Mission Program

By Mrs. Luther Petty  
The Baptist Womens Mission Union met with Mrs. Herman W. Bell Tuesday afternoon October 1 for a program from the Royal Service.

A short business session preceded the program in charge of by the president, Mrs. Homer Abbott, who pronounced the opening prayer and thanked the group for the WMU pin which had been presented to her at a previous meeting.

The program was led by Mrs. A.C. Wood as Mission Study chairman with a combined study of Africa and the study of the Baptist Womens handbook with all present participating.

The Calendar of Prayer was given by members giving names of birthday missionaries with prayer led by Mrs. Raymond Smith. Crossword puzzles were put together by various ones as they related the duties of officers. When completed this showed the emblem of the W.M.U.

Those present were Mesdames Herman Bell, Leo Gibson, A.C. Woods, Jim Stevens, Bill Pettit, Homer Abbott, Luther Petty, Oba Kunkel, Jerry Rollison, June Stewart, Lloyd Hunt, Raymond Smith, Pauline Miller and Boyd Reeves.

The next meeting will be held October 22.

members were invited to attend the October 24th Estate Planning program there also.

Elaine Houston presented the program on "Fall Fashion Trends" showing slides of new fashions with interesting comments and descriptions of each one, which was enjoyed by all.

Refreshments were served members; Lucy Goldston Maggie Ruth Johnston, Mae Moreman, Annie and Betty Marshal, Polly Harrison, Anita Bruce, Lulu Crisp, Mary Davis, Lena Carter, Sue Crisp, Mable Worsham, Lucille Keller, Elaine Houston and guest; Betty Findley and Mona Lou.

## Market Report

Pork supplies are doing a seasonal climb--with prices down a bit, one authority reported this week.

Current features are loin chops, quarter-loins cut into chops and Boston butt roasts, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Heavy-beef prices remain about the same, and many markets offer two or more grades of beef--as more grass-fed beef is available," she said.

Most economical beef choices are chuck roasts and steaks, round and rib steaks, liver and ground beef.

Sugar prices likely will keep rising, so consumers should consider substituting honey or syrup in some situations.

Rice harvests are expected to set a new record this year, which means large supplies and reasonable prices.

Vegetable economy this week centers on cabbage, broccoli and hard shell squash, along with carrots, dry yellow onions, potatoes, cooking greens, pumpkin, turnips and rutabagas.

Fruit choices in line with budgets include apples and pears.

Bartlett pears are in good supply, so look forward to plentiful winter varieties--D'anjou and Comice.

New crop tangerines and cranberries, on the other hand, reflect first-of-the-season prices, the specialist reported.

CONSUMER WATCHWORDS: Sharp-shopping starts with knowing which foods are in good supply, because they have the most attractive prices.

Roger Bowling was a patient in the Groom Hospital last week.

Nutritious ham is a good source of protein, has absolutely no carbohydrate and contains calcium, iron, thiamine, riboflavin and niacin--all in one delicious can!

## Lovett Library Has New Books

Mrs. Martha Parker, Lovett Memorial Librarian, recently announced the arrival of a wide variety of new books which are now available to be checked out. Funds for a portion of the new books came as a result of the state budget allowance for all libraries.

A plan set up for the area libraries entitles each library to select a subject title from a group of approximately 15 choices. The library will then receive books in that field with the money allotted to that particular institution according to size and usage. The state budget sets aside a specific amount of money in their budget to improve libraries, and in McLean's case the plan allowed for \$1,500 to be put toward the "North American Indian-Archaeology and Anthropology" category selected by the library board. Each library in the area will select different topics of enlargement. When all libraries have selected their subjects, a complete list of libraries and their categories will be compiled and sent out to each library. Books needed in any of these fields will be requested of the library containing that specific category, thus providing the area with a more in depth and widespread supply of reading materials.

The popular titles and current books brand new to the local library include "P. S. Your Not Listening" by Eleanor Craig, "Song of the Quail" by Ruth Kraen, "The White Stag" by Kate Seredy, "The Pioneers" by Huston Horn, "Stagecoach Inns of Texas" by Kathryn Turner Carter, "The Forty-Niners" by William Weber Johnson, "Conquest of the Prairies" by Harry A. Stroud, "New England Wilds" by Ogden Tanner, "The Trailblazers" by Bill Gilbert, "Great American Deserts" by Rowe Findly, "Black Beans and Goose Quilts" by James M. Day, "Basic Gardening Techniques" by Ralph Bailey, "The Desert" by A. Starker Leopold, "William Barrett Travis" by Martha Anne Turner, "Wilderness Days" by Sigurd E. Olson, "Triple Zeck" by Rex Stout, "The Hollow Hills" by Mary Stewart, "Paper Moon" by Joe David, "Murder on Board" by Agatha Christie, "The Sea" by Leonard Engel, "Great People of the Bible and How They Lived" by the Reader's Digest Association, "In One Era and Out the Other" by Sam Levenson, "Praise the Human Season" by Don Robertson, and "Tender is the Night", "The Great Gatsby", "The Last Tycoon," and "This Side of Paradise" all written by F. Scott Fitzgerald. Most of these books have recently been given to the library as memorial donations.

New childrens books coming into the library include an 18 volume set of "Peanuts" books and a "Read and Find Out" science series for children.

A new 16 volume set of Mythology books has also recently been purchased.

Mrs. Parker recently received a letter from the Texas Commission on the Arts and Humanities and the Amon Carter Museum of Western Art in Austin presenting our library with their complimentary five volumes devoted to aspects of the Texas artistic heritage. The books are one of 300 such gifts presented to libraries throughout Texas, a project representing an investment of \$15,000.

The two organizations expressed their desires that it would "provide additional

## Mary Martha Class Meet October 12

By Lucille Cullison, Reporter  
The Mary Martha Sunday School class of the First Baptist church met in the home of Mrs. Harvey Hudgins, with Mrs. Bonnie Bidwell as co-hostess on Saturday, Oct. 12 at 2 p.m.

The home decorations were in the Halloween motif with fall flowers.

Mrs. Howard Williams offered the opening prayer.

Mrs. Newt Barker presided over the meeting and took care of the class business.

Class members made the decision to have the November meeting and social as a Thanksgiving dinner, with their husbands being invited on Sunday, Nov. 24 at 12:30 p.m. in the basement of the church.

Mrs. Garland Ramsey brought a devotional, from Colossians, chapter 1. She spoke about "Pauls letter to the Philippians. Mrs. Ramsey wrote a letter to the class about her regret in leaving her Sunday school class members and her good friends in McLean as she and her husband will be moving soon to Ridoso, N. M. The class members expressed their regret that the Ramseys are moving away and will be missed, but they wished them every happiness in their new home.

Mrs. Roy Cullison led the Bible and fund games. She asked each one present to write and read why they liked or disliked Halloween.

Class members having birthdays were the teacher Margaret Chapman, Bonnie Bidwell, Juanita Smith, Jessie Watson and Clara Maude Hupp. They were presented their cakes and cards.

Refreshments were the birthday cakes, punch, nuts Halloween candy and coffee.

Present were Mesdames Lore Barker, Margaret Chapman, Bea Lester, Levie Smith, Jessie Watson, Gladys Smith, Lillie Mae Williams, Helen Ramsey, Juanita Smith, Clara Hupp, Mildred Day, Lucille Cullison, Pearl Larner, Pauline Miller, Velma Willis and the hostess, Verna Hudgins and co-hostess Bonnie Bidwell.

## Estate Planning Program Is Set

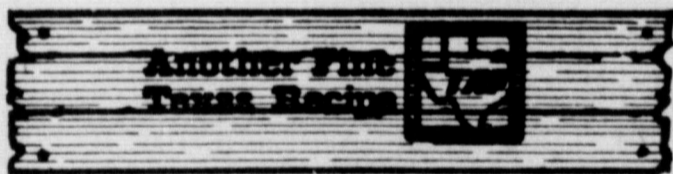

If you die tomorrow, do you have an estate plan which will provide security for your wife and children; provide income for an older widow for her lifetime; treat children equitably; minimize costs; minimize erosion of the estate; and reduce death taxes and estate settlement costs?

These are questions that will be answered Thursday, October 24 at 1:30 in the Courthouse Annex Meeting room. Mr. Eugen M. McElyea, licensed attorney with the Texas A&M University System will be present to present the program on Estate planning. Mr. Don Lane, a local attorney will also be present to talk on Wills and General Administration. These are both highly qualified attorneys in this field.

Make your plans to attend as the public is invited to this meeting sponsored by the Gray County Extension Service.

insight for your patrons into the cultural heritage of our state and region.

Everyone is invited to visit the library and examine the new and varied improvements.

**WHOLE WHEAT BREAD**  
1 package active dry yeast  
1 1/2 cups lukewarm water  
1 1/2 cups milk  
1 1/2 tsp. salt  
3 Tbsp. brown sugar  
3 Tbsp. shortening  
6-7 cups unsifted whole wheat flour

Dissolve yeast in lukewarm water. Scald milk and pour in large bowl. Add salt, brown sugar and shortening to scalded milk. Stir until sugar dissolves. When milk mixture has cooled to lukewarm, add yeast mixture. Gradually add whole wheat flour. Stir well after each addition as whole wheat flour absorbs water slowly. When dough is stiff enough to handle, turn it onto a floured board and knead thoroughly, gradually adding as much of remainder of flour as necessary. Try to keep dough soft by kneading in only enough flour to keep it from sticking. All-purpose flour can be used when kneading. Place dough in well-greased bowl and let rise 2-3 hours or until doubled in warm place. Punch down and shape into 2 loaves. Place in greased 9 x 5-inch loaf pans and allow to rise until almost doubled, about 2 hours, still keeping dough warm. Bake at 325 degrees for 1 1/2 hours, or until loaves sound hollow when tapped with fingers. Remove from pans and cool on wire rack.

**KOLACHES**  
1/4 cup butter or shortening  
1/4 cup sugar  
1 tsp. salt  
3/4 cup scalded milk  
1/2 cup water  
1 cake compressed yeast (or 1 package dry granular yeast dissolved as directed on package)  
1 egg  
4 cups sifted flour

Cool milk to lukewarm by adding water. Combine butter, sugar and salt with milk. Add yeast and mix well. Blend in egg. Gradually add sifted flour mix until blended. Roll out 1/8 inch thick on well-floured board; cut with 2 1/2 inch round cutter. Place on greased baking sheet. Let rise in warm place (80-85 degrees) until double in bulk, about 1 hour. Press indentation in center of each bun. Place pitted, cooked prune or peach dipped in nuts in each indentation. Bake in 350-degree oven 20 minutes.

 TEXAS PRESS ASSOCIATION

AUSTIN—The high cost of campaigning for statewide office in the State of Texas continues to be evident.

Incumbent Gov. Dolph Briscoe reports expenditures from March through September 26 at approximately \$800,000.

Republican gubernatorial hopeful Jim Granberry reported expenses of \$412,880 in his effort to unseat Briscoe and become the state's first Republican governor since Reconstruction.

Sam McDonnell, the American Party candidate for governor, reported contributions of \$20,842 and expenses of \$20,336. Granberry's expenses exceeded his contributions by \$5,417. Briscoe's contributions totalled approximately \$17,000 more than his expenses.

Excluded from Briscoe's contributions is about \$407,000 raised at an October 1973 dinner, where Briscoe announced his intention to run for a four-year term. The money remains in escrow, pending final determination of a lawsuit filed by Briscoe's Democratic Primary challenger Frances Farenthold.

**WATER BOARD DIRECTOR CRITICIZED** — The Texas Attorney General's office has asked a subcommittee of the House Environmental Committee for authority to enforce anti-pollution laws without waiting for action of the Texas Water Quality Board.

Rod E. Gorman, an assistant attorney general, told the pollution subcommittee that TWQB Executive Director Hugh Yantis is blocking enforcement of anti-pollution laws.

Gorman claimed very few major polluters are referred by the TWQB to the attorney general's office.

Phil Maxwell, director of the AG's environmental protection division, urged emergency legislation to strengthen the Attorney General's role in enforcing pollution laws.

The proposed bill would allow the attorney general to "enforce on his own initiative" such laws as the Texas Clean Air Act and the Texas Water Quality Act and any other laws or regulations "affecting the quality of the environment or the use of natural resources."

**CAR DEALERS OFFER CUSTOMER AID** — Texas Automobile Dealers Association has formed an in-house panel to attempt to satisfy customer gripes against 1,500 Texas new car dealers.

The seven-member Automotive Consumer Action Panel (AutoCAP) can levy up to \$1,000 in fines against an erring dealer and require his expulsion from TADA. Executive Director for TADA Gene Fondren says about 90 per cent of consumer complaints can be resolved, however, by adequate communication between consumer and car dealer.

**SCHOOL FINANCE** — The Governor's Office of Education plans to recommend to the Legislature a system of financing Texas public schools that "focuses on the student and his needs" says Dr. Richard Hooker, chief of

the office.

Hooker told an educational study panel that school funding in Texas is now calculated on a classroom-teacher unit, based on average daily attendance in public schools. The result, he said, is probably the most complicated formula in the United States for measuring school needs.

Hooker said his office plans to proposed a calculation based on a "full-time pupil equivalent."

**TEXAS GETS FEDERAL DOLLARS**—Texas will get \$73 million from the U.S. Treasury in revenue-sharing funds for the quarter of fiscal 1975. Governor Briscoe said the state will receive about \$24.5 million of the total and the rest will be channeled to city and county governments for their use on local projects.

**COURTS SPEAK**—The Texas Court of Criminal Appeals set a November 17 hearing in a case challenging constitutionality of the new state death penalty law.

Attorneys for former House Speaker Gus Mutscher and two aides are asking the Criminal Appeals court to take another look at its opinion approving their conviction for conspiracy to accept a bribe.

Former gubernatorial candidate Frances Farenthold's attorneys are seeking Governor Briscoe's income tax returns in connection with her suit alleging the Governor received illegal campaign contributions.

**AG OPINIONS** — A county, under proper circumstances, can contribute to construction of a swimming pool by an independent school district on school-owned land in the county, Atty Gen. John Hill held.

In other recent opinions, Hill concluded:

Texas Aeronautics Commission is not prohibited from assisting financially in development of a municipal airport on land leased for at least 20 years.

A single corporation may own and operate two separate cemeteries if all requirements are met.

Bonds issued by Guadalupe Leased Housing Corporation do not qualify to secure the deposit of state funds.

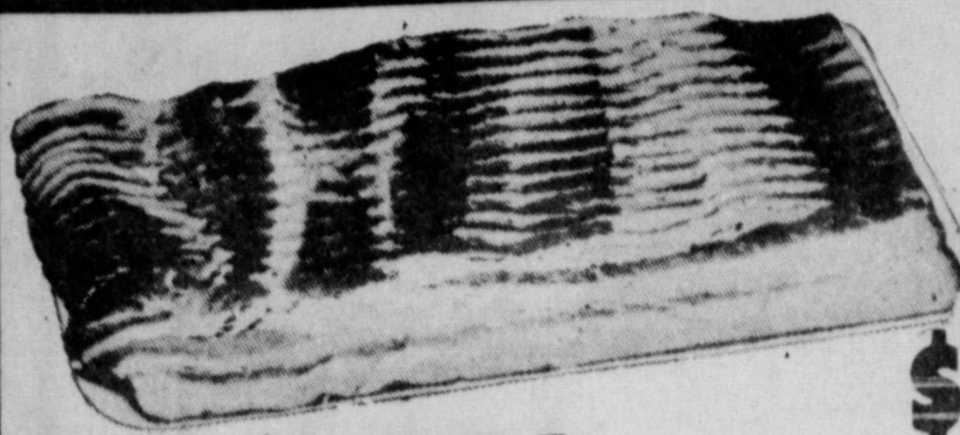

**PAY WAITING**—About 60,000 former Army Reservists and National Guardsmen have \$1.1 million coming to them if they will come forward.

The money was earned in drills and training during October 1-December 31, 1972.

Army officials would like to mail the money before Christmas, but only a few more than 1,000 have made the required application. Amount due ranges from \$16 to \$240.

Army reservists who trained during the period and think they may have money due should write to the Army area where their old unit is located—or Commander, U.S. Army Reserve Components Personnel and Administration Center, St. Louis, Mo.

A salad supper for all who  
have previously attended and  
wish to continue as members  
and prospects, will be served  
Friday, October 25. You are  
asked to be there at 6 p.m.  
and supper will be served at  
6:30 p.m.

## County Agricultural Agent Texas A. & M. College Extension Service By FOSTER WHALEY

There is nothing that is  
appreciated more (by anyone  
that does newswriting) than  
a letter or note from one of  
their readers.

Mrs. Craig Morris recently  
wrote me a nice note and  
included a clipping from  
The Happy Weekly News.  
She suggested this should be  
of interest to area residents.  
I agree. So for this week we  
will reprint a letter to the  
Editor of The Happy News.  
I Quote.

"Dear Editor,  
I have just finished watch-  
ing another consumer report  
on food costs, and once again  
the cowman is the culprit.

Well here's one woman  
directly involved in raising  
feeder cattle and finishing  
cattle that is darn tired of look-  
ing at worried bankers trying  
to find finance to keep our  
overworked, wary and broke  
cowman's head above water,  
just so we may have the honor  
to feed an ungrateful nation  
such as ours. In this great  
free and bountiful country  
which I am proud to be a citi-  
zen of, they have never had  
it easier.

It is easier for the larger  
grain companies to get a mon-  
opoly on our feed grains, so  
they in turn can sell it to  
Russia, India; or any other  
country that says I WANT.  
They sell at a price which the  
American farmer can hardly  
produce it for. HOW you say.  
The taxpayer. It is government  
subsidized. It also helps keep  
the price of beef down. Where  
we were putting on a pound of  
gain for about 30 cents it now  
costs 60 cents if we are lucky.

It is easier to pay 18% inter-  
est a year on that new car,  
color TV, or charge account  
than to spend 10% of your dis-  
posable income on food.  
Which by the way isn't all  
beef.

It is easier for the imple-  
ment companies to ship their  
merchandise out of the country  
while American farmers put  
their names on a waiting list  
for that bigger tractor to do  
the work of 2 or more smaller  
tractors because we can't get  
the labor.

It is easier for the American  
women to spend one day a  
week at the beauty shop (which  
costs nearly \$10) than to  
do it herself - to buy a \$50  
dress than spend an afternoon  
making it to pop that conven-  
ience meal into the oven than  
start from scratch to take the  
kids to nursery school rather

than be bothered raising them.  
I realize this last statement  
will go over great with the  
women's lib group, since  
men have it so easy. Ladies,  
just ask any farmers or cow-  
man's wife and they will tell  
you we have been liberated  
for years. We can help brand,  
sort cattle, doctor, haul hay,  
put out feed, run the tractor  
or drive a truck any old time  
we want and a lot of times  
we don't want. Along with  
this we get to keep the house,  
cook meals, raise our kids  
and keep the books.

Why, when the ranchers of  
America are getting rich? I  
know they are, we received  
a load of cattle from Florida  
this week that cost \$57 per  
head. Do you suppose that  
paid his interest on his land  
and mother cows?

There is roughly 7% of us  
feeding this nation and spend-  
ing 95% of our time figuring  
out ways to keep from going  
broke. It seems to me if the  
housewives can boycott stores  
over the price of beef we  
can boycott the consumer. If  
we have an over supply of  
stocker and feeder cattle  
which the prices in sale barns  
reflect we do, why do we  
not join together on a nation-  
wide basis and kill 10% of our  
herds, whether we own mother  
cows, replacement heifers or  
steers. Slaughter them on the  
same day across the nation as  
if we had an anthrax outbreak.  
Kill, burn and bury. It can't  
possibly hurt our pocket books  
any worse than the present  
situation. Create an instant  
beef shortage. It worked for  
the oil companies, why not for  
the cattle producers.

CONSUMER BEWARE, when  
it gets in the hands of a few  
you will just think you were  
paying too much for AMERI-  
CAN BEEF.  
Carol Edmonds  
Quitaque, Texas

The Clarendon Bronchos came to McLean Friday night, led by perhaps the best running back in Texas high school football, Kenneth King. Tiger fans were dazzled by the jarring running ability of this fine player. Many fans were heard to comment during the game on the fine display of spirit by the Tiger squad and the excellent sportsmanship of the visiting team. Although the two towns have long been rivals both on the playing field and in interscholastic league events, the teams played probably one of the cleanest and most sportsmanlike games of the seasons. Our congratulations to the coaches of both schools!

## Picture Day Loaded With Fun

By Gail Terry

Life around the school didn't go quite as smooth as it usually does on October 9. It was a special day and the purpose of the day was to take all-school picture.

The day started out just fine--real nice and organized, but the organization only lasted for a short while. Soon everyone was running about going where they thought their next picture would be taken. To many students' surprise, they were either at the wrong place at the wrong time or they did not have the right clothes on. This type of mass confusion went on through the day.

At the end of the day, Senior's pictures were to be taken. All the seniors were looking very sharp. The girls looked especially pretty. I guess the seniors were more calm than anyone that day--which was not a whole lot.

Finally at the end of all the picture taking, I happened to see Mrs. Jefferson, the annual staff sponsor. I could tell that she had had a rough day. Only one thing bothered me about her; she seemed to be dodging something as she walked along. She said not to worry about her, it was just everywhere she looked she saw bright lights flashing.

So ended the confusion of picture day.

## School Spirit

By Toni Wynn

If anyone, at anytime walked in the McLean High School building last week, he would have been shocked. There was no need for wallpaper because the walls were covered with signs. Each sign had freshman, sophomore, junior or senior written on it so that each class would get credit for it's sign. If you hung around a while you would have to wear ear plugs, because between classes someone would start a chant. Every one would join in, do battle cries and scream. On Friday some class was to win the spirit stick. There were judges all week long and no student knew who they were.

On Friday at the Pep Rally the spirit stick was awarded to the sophomores. Mr. Smith, the new math teacher gave the presentation.

## What Did He Have To Lose?

By Mr. Smith

A youth was stopped for a traffic violation. The public safety official recognized the odor in the violator's car and it was found that he had a few "joints" with him. He was convicted of a marijuana possession, an automatic felony, and received a suspended sentence. Maybe you think that is pretty light sentence and something he could take in stride and that he didn't lose much.

Well, all he lost was his right to vote, to own a gun and the right to run for public office.

He also lost the chance to ever be a licensed doctor, dentist, certified public accountant, engineer, lawyer, architect, realtor, school teacher, barber, funeral director or stock broker.

He can never get a job where he has to be bonded or licensed. He can't work for the city, county, state or federal government.

He cannot be admitted to West Point, Annapolis or the Air Force Academy.

That's what he lost. Think about it, is it worth it?

## Greek Mythology

By Cherrie Billingsley

Good days ladies and gentlemen this is your culture reporter, reporting to you from the MHS English room where I see various artifacts from the Greek myths. Yes! That's right, Mrs. Hayne's sophomore have been studying Greek mythology for the past couple of weeks and at the end of the course the students were required to make something that represented a myth of character from Greece.

To my right there is a table containing several interesting specimens, Hercules is wrestling the many headed Hydra, Sigurd and Prynchied, and of course Pandora's box, and to my left I see a portrait of Apollo the sun god, Aphrodite the goddess of love, Papiiden the great god of the sea and this one, folks is made out of horse shoe nails. Charon the great old man of Hades and the River Styx is represented by cleverly carved wooden figures.

There are some really good looking and creative projects and Mrs. Haynes is to be complimented on the talent she has uncovered.

The projects are now on display at the Lovett Memorial Library if you would like to see them.

## FBLA Jubilee

By Beth Hambright

The Future Business Leaders of America Chapter of McLean are sponsoring one of those good ole Derby Town Jubilees. The Jubilee will be held Saturday, Oct. 19. It will be held in the gym due to the remodeling of the school auditorium. The proceeds from this jubilee will go on the money raising fund for the FBLA yearly trip.

They want to invite everyone out to listen to all the good music they will have.

## Harvest Festivities Are Planned

By Gina Layne

The annual Harvest King and Queen Coronation scheduled for Monday Oct. 21, and the Annual Halloween Carnival, scheduled for October 26, will both be held in the high school gymnasium due to repairs being made on the high school auditorium. Both events are sponsored by the Mother's Club. There will be a costume contest in the gym for children ages under twelve at seven o'clock October 21, followed by the Coronation. The Halloween Carnival will begin at 7 o'clock October 26 in the gym.

Each class in high school has been raising money to help it's Harvest King and queen candidates to win. The money raised must be turned in to Lloyd Hunt, high school principal by Friday October 18.

The Senior harvest king and queen candidates are Charles Stewart and Kathy Hale. The junior candidates are Roger Myers and Betty Holmes. The sophomore candidates are Chris Moore and Gayle Langly. The freshmen candidates are Scott Haynes and Billie Lowery.

The Junior high harvest prince and princess candidates have also been elected. The sixth grade candidates are Deb Crockett and Roxanna Eck. The seventh grade candidates are Stan Horn and Jill Trew. The eighth grade candidates are Mickey David and JoAnne Morris.

Even the grade schoolers will have representatives from each class. The first grade representatives are Robin Brown and Donnie Smith; Second-Billy Billingsley and Page McDonald; third-Maria Eck and Randall Wynn; fourth-Margaret Horn and Brock Crockett; fifth-Dudley Reynolds and Missy Billingsley.

## What's A Spirit Cookie?

By Maridale Glass

Thursday, October 10 the homemaking I and II girls made spirit cookies.

What are spirit cookies? I don't mean they are cookies that roll down the hall, leading cheers. Nor do I mean the ones with these cookies are the only people with spirit.

They are cookies made by a special secret recipe for the football boys.

What are they made of?

- 1 1/3 cup of spirit
- 1 1/2 cup of pride
- 3/4 cup of desire
- 2 cups of practice
- 1 3/4 cups of experience
- 2 1/2 cups of determination

Cream the spirit, pride, and desire. Then add teamwork. Beat until it reaches its peak. Stir in practice. Sift together experience and determination, and add to other mixture. Then it is ready to be served.

Know of anything better to feed a football team?

## Tigers Play Broncho

By Dean Trew

The McLean Tigers played the Clarendon Bronchos here last Friday night in a district contest.

The inexperience of McLean younger squad was relevant in Clarendon's victory. But the experience gained was priceless.

McLean's only score came on a 26 yd field goal by Eddie Estes in the fourth quarter. This Friday night the Tigers will engage in their third district game of the season by playing the Memphis Cyclones here at 7:30 p.m.

## Basketball Girls To Go To Plainview

By Janet Smith

The basketball girls are going to Wayland College November 2 to attend a basketball clinic. The junior high and high school girls are both going. The teams will be leaving about 5:30 a.m. and returning about 10:00 p.m. Coach Nelson expects about sixty girls to go. Highlighting the clinic will be the Wayland Queens who are going to scrimmage the Queen Bees. Coach Ables from Olton, Schneider from Canyon, Miller from Floydada, and Assistant basketball coach from Tech will be showing ball handling, drills, and techniques.

## "Bum Steer"

With mounting impatience, Walters drove for 15 minutes behind a slow-moving truck on a winding road. Finally the truck driver waved him a go-ahead signal.

But as Walters swung out to pass, a car loomed up from the opposite direction. A collision followed, and Walters landed in the hospital with assorted injuries.

In due course, he filed a lawsuit against the trucking firm.

"Their driver gave me a 'bum steer' when he waved me on," Walters charged in a court hearing.

"But it was an innocent mistake," countered the company. "He was just trying to be helpful. Besides, Walters still had the final responsibility for his own driving."

However, the court granted Walters' claim. The court said that the truck driver, having once undertaken to give directions, had to do so with caution.

Courts generally agree. It is worth noting, however, that Walters had no real chance to see the danger ahead. If he had and took a chance anyhow, he might well have been found negligent himself, regardless of the misleading signal from the truck driver.

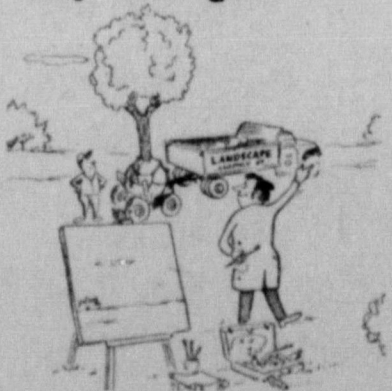

In fact, a motorist continues to bear some degree of responsibility even when he is obeying the signal of a traffic officer.

In another case a motorist, waiting at a busy intersection was waved ahead by a policeman who was there directing traffic. He started forward immediately, knocking down a pedestrian who was still in the crosswalk.

Could the motorist escape legal liability by blaming everything on the policeman?

The court said no. "The driver had a right to rely to some extent on the (policeman)," said the court. "but he had no right to abandon all care."
