Bishop Cannon's Contrition Saves Him From Trial

FLOOD REFUGEES NEAR STARVATION

HOME TOWN TALK

By Beddy

A SUMMER OF FUN AND RE-creation for the entire community will be inaugurated Thursday evening at City Park when the Kiwanis club will dedicate the wading pool built there by it. The occasion is made doubly enjoyable for Kiwanians because the wading pool planned for the evening marks the forward of the faithful, the faithful going the members of L. D. Havenport's team in a recent audience contest. Joe Kuykendall's and Garland Woodward's teams lost and must, therefore, furnish the food.

This park is going to be one of the most beautiful in West Texas. There is a surprising amount of natural shade, nice locations for picnic tables, benches. The park even is large enough that several hundreds could enjoy it simultaneously without interfering with each other.

It is pointed out that, although the city owns the property and the commission has authorized the city manager to spend a sum annually for development of the park local organizations which wish upon their own initiative, to provide improvements are welcomed. It is to be called City Park. The wading pool just built is to be known as the Kiwanis wading pool because that club, from proceeds of its annual fund-raising last winter, provided a fund especially to aid in developing a system of city parks and playgrounds.

The Kiwanians now have voted to cut the cost of their luncheon once monthly from 75 to 25 cents and to put the four bits each into the park fund. Very commendable.

Miss Cantrell Rotary Speaker

Relationship of the rural schools to county government and the duties of the county superintendent of public instruction were reviewed Tuesday noon before the Rotary club by Miss Pauline Cantrell, county superintendent.

There are, she pointed out, 22 rural schools in Howard county, 62 county teachers with nine to be added next session.

One \$15,000 rural school building is under construction and another soon to be started.

"First," said the speaker, "we organize and cooperate to put over a program. City schools must cooperate with rural schools. To have really successful schools the rural teachers must have the cooperation of not only the Big Spring teachers, but her citizens as well."

Miss Cantrell has made 82 visits and written more than 600 letters to rural schools since last September.

W. C. Blankenship, superintendent of the city schools, added his support of the plan that cooperation should exist between city and rural schools.

Noel G. Lawson of San Angelo, Miss Cantrell, Jimmie Wilson, E. F. La Fever and Mrs. Damon Deane were guests.

Secretary Wilke announced plans for a Texas Rotary train from Fort Worth-June 21 for the Silver Anniversary convention of Rotary International in Chicago.

A plan for uniting this Rotary district with others in Texas for a joint convention with one or more of the others was discussed.

RED CROSS ORGANIZES TO GIVE AID

32,000 Acres Near Texarkana, City Of Jefferson, Inundated

TEXARKANA, Ark., May 20 (AP)—Three hundred or more refugees from the 32,000-acre tract in southeastern Miller county, inundated yesterday when the McKinney Bayou drainage district levee broke, were reported facing starvation today.

A Red Cross expedition was being organized to take food, tents, clothing and vaccine into the stricken area. The refugees, grouped in one place, were from the upper portion of the area. Fate of several hundred persons in the lower area was unknown.

JEFFERSON, Tex., May 20 (AP)—Flood waters were running through the streets of Jefferson's business area from a depth of two inches to one foot today as the Cypress River reached a stage of 28.3 feet, the highest on record. More than half the town of 2,800

T. & F. RUNS OK High water conditions on the eastern division of the Texas & Pacific have been overcome and complete passenger service is being conducted on regular schedule, according to a message received Tuesday afternoon by the local ticket office from the general passenger agent.

population was inundated, and water was two to three feet deep in many residences in the lower sections.

Between 200 and 300 residences had been abandoned, and merchants were moving their goods to safety, as it was expected the flood waters would rise several inches in some of the buildings.

Most of the highways were under at least three feet of water and traffic over them was at a standstill. A few trains were running slowly over softened roadbeds.

It was estimated that more than one half of Marion county was under deep-water from the Little, Big and Black Cypress Rivers.

The crest of the flood was expected later today.

EL DORADO, Ark., May 20 (AP)—Water today covered the entire town of Callion, 18 miles from here, driving many of its 900 people to high ground. The Rock Island Railroad station was virtually the only building not reached by the flood waters from the rising Ouachita River expected to exceed the stage it reached during the 1927 flood.

Approximately 25 families were sheltered in box cars, and others were in private homes not endangered by the water.

Red Cross and other relief forces which had centered their activities in the vicinity of Snackover turned their attention to Callion today. The water in that section covered an area approximately ten miles square.

MISSOURI UNIVERSITY BEAUTIES

Last Unpaved Stretch In Bankhead, Texarkana To El Paso, To Be Closed Under Mitchell County Contracts

Contracts awarded in Austin late Monday by the highway commission will result in closing the last unpaved gap on Highway No. 1, the Bankhead, between Texarkana and El Paso, 900 miles, thus creating the longest single stretch of improved highway in any state of the nation. The dirt gap to be closed is in Mitchell county.

The only section of No. 1 across the state that is not hard-surfaced is in Culberson county, where sixty miles of the road is surfaced with caliche. Culberson county has \$70,000 available for improvements.

Ben Flynn of Amarillo was awarded the contract for building a concrete surface on 15 miles. The bid was \$278,000. Another contract calls for five miles of bituminous macadam surfacing, awarded to Frantz Farms Grave Company of Dallas at \$73,000. Total expenditure will be nearly \$350,000.

The state is paying approximately 80 per cent of the cost of these two projects, since the counties bond proved too small to furnish the usual portion to match state and federal aid. There is an agreement that the county will reimburse the state later.

The contractors call for completion within 120 days, and work will be started at once.

One of the longest and finest railroad underpasses in the state has been finished recently in Mitchell county at the edge of the town of Lorraine.

The new paving will extend from the western edge of Westbrook through Colorado and Lorraine to the Nolan county line west of Roscoe.

AUSTIN, May 20 (AP)—Highway construction contracts for work in Ellis, Navarro, Collin, Cooke, Hardin and Tarrant counties were to be let today by the highway commission, in the second day of its regular monthly meeting.

ACCUSER'S IRE RAISED BY RULING

Cannon Confesses Mistake Before Conference

DALLAS, Tex., May 20 (AP)—The contrition of Bishop James Cannon, Jr., plus the publicity given his case, saved him from a church trial on charges of stock market speculation, it was disclosed today in the report of the committee on episcopacy to the quadrennial general conference of the Methodist Episcopal Church, South.

Oral Statement The bishop's contrition was shown as he made an oral statement to the conference after the committee's exonerating report was submitted. Tears in his eyes, he hobbled back to his seat after he had publicly admitted that he "made a mistake."

Tears of another sort welled into the eyes of another member of the committee, Judge G. T. Fitzhugh of Memphis, the principal accuser of the bishop. His face red with anger, he gained the attention of the chair just after the report was

read, and protested against the report, which he charged was irregular and illegal. A few hisses and many cheers greeted the Memphis attorney as he returned to his seat.

The committee report disclosed that a previous action had ordered a trial for Cannon, but that this action had been rescinded.

"Your committee decided," the report said, "that if by a trial the bishop's 'improper conduct' could be established, such a finding would be tempered by his avowal that his actions were committed without knowledge that he was doing something unworthy of ministerial character and hurtful to the church that the expressed contrition of spirit and regret that his actions had brought pain and embarrassment to the church would not be ignored by Christian believers and that his definite statement of purpose never again to engage in such practice could not be disregarded. Therefore your committee agreed that the development of this case as stated, together with the publicity here given, would accomplish in fact as

THREE YEARS AGO NEW YORK (AP)—It is just May 20 for Colonel Lindbergh, but three years ago today he hopped for Paris and fame. Reminded of the anniversary, he laughed and said there was no celebration.

Zep, 400 Miles Off Mainland, Circles Storm

FRIEDRICHSHAEN, MAY 20 (AP)—The Graf Zeppelin, reporting her position about 400 miles southwest of Cadix, this afternoon wirelessly her home port that she was proceeding in the direction of Madeira to avoid a storm threat near the Canaries and to pick up favorable trade winds.

The Graf reported that contrary winds were slightly slowing down her progress. The island of Madeira is about 200 miles due north of the Canaries.

LONDON, May 20 (AP)—The Associated Press received a message from the Pacific Navigation Company steamship Orita today stating that it had sighted the Graf Zeppelin at 5:24 p. m. Greenwich time (12:24 a. m. P. S. T.) in latitude 34.44 north; longitude 12.53 west.

The position given for the Graf Zeppelin by the Orita was about 400 miles southwest of Cadix which the Graf Zeppelin passed over at 4:45 p. m. standard time, indicating that the Graf was averaging about fifty miles an hour.

JUDGMENT FOR \$5,600 RETURNED IN TRIAL HERE

Judgment aggregating \$5,600 was awarded to J. A. Boverie at noon Tuesday by a jury which heard the trial of the civil suit styled Maryland Casualty Company vs. J. A. Boverie, to set aside award of the Texas Industrial Accident board.

It was alleged in the petition that Boverie received permanent injuries in an accident while working on a drilling well of the F. H. E. Oil Company in Howard county.

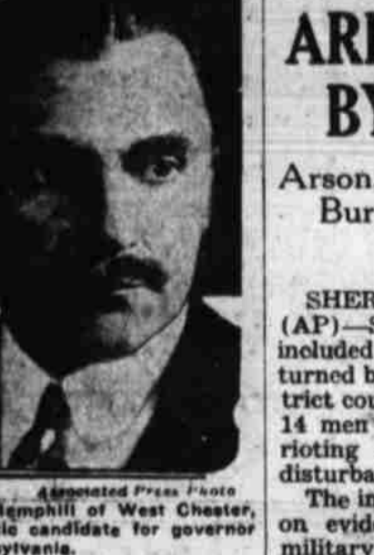

He asked for compensation at the rate of \$20 a week for 401 weeks, and was allowed this amount by the jury. This totaling \$8,020 was reduced by the six per cent discount for lump sum payment, and subtraction of a payment of \$920 already made.

Boverie also asked for an operation on his left arm, to be performed by a competent surgeon at the expense of the insurance company. The accident occurred Feb. 17, 1929.

J. E. Grindstaff, of Grindstaff, Zellers & Hulsebosch of Weatherford, represented Boverie. Guy L. Smith of El Paso represented the Maryland Casualty Company.

PROVIDENCE, R. I., May 20 (AP)—Rhode Island has a population of 885,017, an increase of 80,620, or 13.3 per cent, an unofficial computation showed today.

BALLOTING HEAVY

PHILADELPHIA, May 20 (AP)—Early balloting in today's primary for United States senator, governor and other offices was heavy in spots, reports from different parts of the state indicated.

NOLAN COUNTY POPULATION IS UP 52 PER CENT

Population of Nolan county increased 52 per cent, from 10,868 to 16,306 from 1920 to 1930 according to an announcement of Tuesday by P. C. Beard, San Angelo, district supervisor.

This, compared with a growth of 254 per cent, from 4,307 to 10,844 for the city of Sweetwater, county seat, during the same period. Steady migration into the city was thus clearly indicated.

The county had 11,999 inhabitants in 1910 and 2,611 in 1900.

The Weather

WEST TEXAS: Fair, warmer in the Panhandle tonight; Wednesday fair.

EAST TEXAS: Fair in north, partly cloudy in south portion tonight and Wednesday; showers in lower Rio Grande valley tonight. Light to moderate northeast to southwest winds on coast.

BEN AND BEBE TO WED LOS ANGELES, May 20 (AP)—Ben Lyon and Bebe Daniels, both of the films, today filed an application for a license to wed. Lyons gave his age as 29 and Miss Daniels hers as 28 years of age.

70 COUNTS ARE LISTED BY JURORS

Arson, Rioting And Burglary Among Charges

SHERMAN, Tex., May 20 (AP)—Seventy counts were included in indictments returned by a grand jury in district court here today against 14 men charged with arson, rioting and burglary during disturbances here May 9.

The indictments were based on evidence furnished by a military court of inquiry. After making its report, Judge R. M. Carter ordered the body recessed subject to call. No trial dates were fixed.

Those Named The indictments were returned in connection with mob activities that resulted in the destruction of the Grayson county courthouse by a crowd in its effort to lynch George Hughes, negro, as he went on trial for attacking a white woman.

Those indicted were Alvin Morgan, Cleo Wolfe, C. E. Briggs, Jett Jones, Jim May, Dan Joloff, Horace Reynolds, Jimmie Arnold, Leslie Cole and J. B. McCasland of Sherman and Roy Allen, Web Purdon, Leonard (Baldy) Omsal and Jess Roper of Van Alstyne.

Hobbs Barber Is Held For Bond

ROSWELL, N. M., May 20 (AP)—Claude Wood, Hobbs, N. M., barber, charged with murder for the death of C. T. Dobbins, Hobbs undertaker, waived preliminary examination after hearing a plea of not guilty at Lovington, District Attorney J. G. Osburn said today. He was taken to jail in default of \$10,000 bond.

Kiwanis Pool To Be Opened

The newly constructed Kiwanis club wading pool will be officially dedicated and presented to the city Thursday night at 6 o'clock at the city wells. It was announced Monday by G. A. Woodward, chairman of the dedicatory service.

Dr. J. R. Dillard, on behalf of the Kiwanians, will present the pool to the city. It will be accepted by Mayor J. B. Pickle.

The short program will be opened with invocation by Dr. H. L. Owen, pastor of the Presbyterian church.

Following the dedication, Kiwanians, their wives and children and guests will attend a wailer square. Several stunts, including a square dance, will follow. G. R. Porter is leader of the stunt program.

The pool will be turned over to the children following the service. Club singing of old time songs will be a feature of the evening's entertainment, according to Woodward. Funds derived from a minstrel given by the Kiwanians in December were used to construct the wading pool.

GRADUATION IS AN EVENT

Of supreme importance in the life of youth. Of course there will be a Diploma—but every graduate expects some fitting gift to commemorate this momentous milestone in life.

We are offering a wonderful assortment of gifts that will be pleasing to the recipient—that will be useful and also reasonable in price.

Panola County Has Lease Play

CARTHAGE, Tex., May 20 (AP)—Oil leases and royalty recently soared to higher prices than has been paid since oil was first struck in Panola county, 15 years ago.

The Natural Gas Production Co. of Shreveport, penetrating into what is believed to have been the upper Trinity formation for the first time in the Bethany and Latex gas field of this county, 16 miles east of here, completed their Roquemore No. 8, in the B. C. Jordan headright survey.

The well was brought in at a 15 to 20 million foot gasser at a depth of 4,500 feet, the first deep test to be drilled in this section.

The gas is said to be rich in gasoline content and may run as high as 2,500 gallons to the million cubic feet of gas.

Bringing in of this well was a stimulant to promoters getting up leases for six new test wells to be drilled over the county in the near future. The new well was capped immediately after it was brought in.

STANTON GETS IT

STANTON, May 20—A miniature golf course is being built here by the American Legion. It is located across the street from the Methodist church.

Stanton Gins May Handle Midland County Cotton

STANTON, May 20—Farmers in the northeastern section of Midland county are allowed to have cotton ginned here, as they formerly had done, by an amendment to the pink bollworm regulations. Quarantine district lines have been changed to free that territory from quarantine.

Funeral Directors Open Convention

DALLAS, Tex., May 20 (AP)—Members of the Texas Funeral and Embalmers association were here today to open their annual convention.

Today's program included addresses by T. S. Wright, Temple, first vice president of the National Funeral Directors' association; O. S. Bruck, Dallas; L. S. Morse, Houston, president of the Texas association, and F. A. Managh, sales counselor, Omaha, Neb.

Tomorrow the Texas State Board of Embalming will sponsor lectures and demonstrations, and on Friday, will conduct examinations for embalmers' licenses.

Marker Finished Near Government Field At Stanton

STANTON, May 20—Ottie Sellers, government sign painter, this week finished a large sign here directing aviators to the government landing field north of town. It is 54 feet long and is painted on top of the Eiland Motor company building.

Brown County's Daily Oil Output Is 6,732 Barrels

COLEMAN, Tex., May 20 (AP)—Daily production of oil for Brown county during April was 6732 bbls. W. J. Caeden, deputy oil and gas supervisor, reported. Few new wells have been added to Coleman fields in recent months.

Seniors Of Stanton Appear In Play

STANTON, May 20—The senior class of Stanton high school presented the annual play Thursday evening. The cast was seen in "Clarence." The graduation exercises for grammar school were held Friday, the high school baccalaureate exercises Sunday morning. E. W. McMillan, minister of the College Church of Christ, Abilene, occupied the pulpit. The Abilene Christian college quartet took a part on the program.

Colorado Boy Now University Teacher

COLORADO, Tex., May 20 (AP)—Joe Earnest, son of Judge and Mrs. C. H. Earnest of Colorado, has accepted a position in the English Classics Extension Department of Columbia University, New York.

Although not yet 30 years old, Joe has the distinction of being a graduate of Texas University, Sewanee University and has a Master's degree from Columbia. He plans to sail June 14 for a three-month tour of the British Isles, spending most of his time in the Shakespeare territory preparing himself for his teaching post.

Aggie Club Meeting In Midland Tonight

The West Texas A & M Club will meet this evening at 8 o'clock in the Scharbauer hotel in Midland, it was announced here by W. T. Strange, Jr., an alumnus of the institution. He invited all A & M men to attend.

REV. MR. HEARD RETURNS

Rev. Dow H. Heard returned last night from New Orleans, where he has been attending the sessions of the Southern Baptist convention.

AUTEUIL, France—The girls are lengthening them on the courts also. Longer skirts are noticeable in the current French tennis championships.

"Konjola's Work Miraculous," Says This Lady

Waco Lady, Lifetime Resident, Enthusiastic About New Medicine That Relieved Stomach Ailment

MRS. LILLIE COLLINS

"Konjola made a new person of me," said Mrs. Lillie Collins, 3617 Homan avenue, Waco. "For the past few years I have had a severe case of stomach trouble. The food I ate failed to digest, gas formed and I was subjected to chest pains and heart palpitations. I was always tired in the morning. Pains in the small of my back from affected kidneys often kept me from doing my housework. I often suffered with numbness in my hands and feet and was extremely nervous.

"I began to get relief immediately after I began the Konjola treatment. The gas on my stomach after meals has now been eliminated and I no longer find night risings necessary. I sleep well and I am no longer nervous. I am free from back pains and my kidneys have been regulated until they function perfectly. I haven't an ache or a pain in my body. The results I got from Konjola were miraculous and I heartily recommend this medicine to all who suffer as I did."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given a fair trial. Six to eight bottles are recommended for usual cases.

Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section.—adv.

OIL OUTPUT INCREASES

Heavy Crude Totals 4,642 More Barrels Daily

TULSA, Okla., May 20.—(AP)—The estimated daily average production of light and heavy crude oil in the United States during the week ending May 17 increased 9,800 and 4,642 barrels, respectively, for a total increase of 14,442 barrels, according to the current report of the Oil and Gas Journal.

The grand total estimated daily production for the week was 2,913,853 barrels as compared to 2,904,411 for the week ended May 10. The midcontinent area provided the major portion of the increase, in light oil, with a climb of 10,681 barrels recorded. Heavy oil of this section remained virtually constant. Oklahoma production as compared with the previous seven-day period. West Texas declined very slightly but Kansas added 3,106

barrels, reporting 120,796 barrels for the latter period.

Gulf coast and southwest Texas heavy crude areas reported increases. The Rocky Mountain light crude area climbed more than 4,000 barrels while California's dropped 4,800 in light oil remaining constant in heavy.

Co-op Announces New Abilene District

Abilene, Tex., May 20.—(AP)—Creation of a new district for the Texas Cotton Cooperative association, with Abilene as headquarters, was announced yesterday by the association headquarters here. The new district would be made up of counties formerly allotted to the Lubbock and Waco districts.

Abilene is the fourth district headquarters named for the T. C. C. A., the state marketing concern in the federal farm board's system. The others were Waco, Corpus Christi and Lubbock. El Paso is headquarters for an independent association.

Breeze Shifts Danger From Blazing Well

OKLAHOMA CITY, May 20.—(AP)—A brisk breeze from the south today shifted the fire danger of the wild No. 1 Sigmon oil well from its immediate vicinity to an area extending about a mile and a half north. All lease houses occupied by oil company employes in that area were vacated, and only watchmen continuing a fire guard remained on the job.

Illegal Payment Of Poll Taxes In Bexar Under Fire

AUSTIN, May 20.—(AP)—Answering an appeal from the Citizens' League of San Antonio, Attorney General R. L. Bobbitt today had assigned Assistant Attorney Jack Blalock to investigate alleged illegal payment of poll taxes in Bexar county.

Former Berger Officials Indicted

AMARILLO, Tex., May 20.—(AP)—Former Mayor Glen Pace of Berger and two former deputy sheriffs of Hutchinson county, Rollin Millholland and Cal Baird, and a former deputy constable, Sam Jones, today faced federal indictments charging conspiracy to violate national prohibition laws.

They were indicted yesterday along with six others, the blanket indictment alleging fourteen overt acts. The others named were Louis Crim, Johnny Jones, C. A. Mitchell, H. O. Taylor, John Ware and Mrs. Ethel Ware.

The former public officials were charged with organizing a "liquor line" for the purpose of selling and distributing liquor to retail dealers in Hutchinson county, with arranging protection for such retail dealers on condition that they deal only in liquors furnished by persons named in the indictment, and with having an understanding that a considerable portion of this li-

quor would be distributed to various officials.

The defendants already under bond made when they were arraigned several months ago, will be brought into court again this week to enter pleas, Alex Mood, prosecuting attorney, said. Their trials were set for the present term of court.

CUBS DROP HOT FRAY TO FOWLS

The Roosters approached within a few points of the two leaders by taking a hotly contested slugging duel from the Cubs by a score of 15 to 14. Conway, ace of the Rooster staff, went to the rescue of Schwarzenbach and received credit for his fifth win of the season. Lafevre, lanky Cub newcomer, was the losing pitcher.

The Cubs threatened to tie the score in the seventh when two infield errors, a walk, and a single gave them two runs. But Slusser fanned with the tying run on third to end the game.

Hardin led the slugging for the Cubs with a pair of single and a triple in three trips to the plate while a number of Roosters slammed out two hits apiece.

"Don't Go Into Politics" SHORTLY AFTER HIS campaign manager and eight of his workers had been arrested for alleged election irregularities, former Mayor William J. Fulton of Gary, Ind., shot himself to death in the bedroom of his home.

It is the final admission that makes one stop and think. "Don't get into politics" The last word to his son of a man who had been for 17 years. "Don't get into politics!"

There is a good deal of meaning in that bit of advice. It signifies the result of a trend that has long been apparent, but that we seldom have brought home to us so closely; the long, steady decline of politics from the honored place it used to hold.

A couple of generations ago a political career was the goal of every ambitious young American. It was a highly honorable career; to be a senator, a mayor, a congressman or a governor carried a great deal of prestige, marked one as a man of exceptional talent, testified to one's ability and rectitude.

The result was that with few exceptions the best brains in the country turned to politics and the public service was enriched with statesmen of a high order. There were rascals in high office, to be sure—but on the whole politics was the one profession for the energetic man who wanted to make his mark upon his times.

But now? The ambitious youngster, 20 to one, will look to business, to the law, to industry. Politics is in bad repute. The easiest way to get a reputation for sophistication is to ridicule congress. We are no longer surprised to read of a congressman or mayor being caught in some law violation; nor are we surprised to find this Gary politician advising his son, "don't get into politics."

We have brought all of this on ourselves. Politics doesn't interest us as it used to. We devote all of our attention to other matters, and let the politicians do about as they like. We feel, broadly, just about as this Gary man evidently felt; that politics is no place for a fine, ambitious youngster.

Politics won't regain its old eminence, either, until the day comes when we make it our business to study questions earnestly, vote intelligently and demand 100 percent performances from the men we elect to office.

OPINIONS OF OTHERS

The South And The Tariff Allanta Constitution: ONE MUST BE prepared to encounter the criticism and traditions of old theories and traditions when the hard facts of a situation dictate a compromise of policies, whether in politics or economics.

The hard-boiled Democrats who inherit it from former generations their devotion to a "tariff for revenue only" very naturally view with alarm the actions of Democratic senators and representatives in voting for any species of plainly protective tariff rates. They do not give any weight to the fact that these Democratic congressmen, in

spite of their academic principle and party consecration, are presented in the process of tariff legislation with the two horns of an economic dilemma and must choose one or the other.

Control of the government, its legislation and administration, fixes the policy of high protection as the one that will be pursued. As long as that is the case, the representatives of Democratic constituencies must either demand equal rights in that policy for their people's interests, or consent that they shall be taxed and sweated for the sale benefit of Republican sectional populations and industries.

The southern states are almost wholly Democratic in sentiment and practice, but the South has many indigenous industries, and manufactures and production, many great new enterprises of manufacturing of raw materials necessary to other sections. The real question presented to the southern congressman is whether he will stand pat for a presently futile theory of "tariff for revenue only" or stand squarely and firmly for equal protection for the industries of his section with that which he knows is to be given to the industries of other sections.

Besides that, the Democrat who is chained to the post of "tariff for revenue only" should wake up to the fact that that is no longer a Democratic national policy.

HOW'S your HEALTH

LUNG FACTS Man has two lungs. Each lung is divided into lobes. The right lung has three lobes. The left lung has two lobes.

The average weight of the lungs is five to six pounds. The lungs are spongy in structure. The inner surface of the lungs, the surface with which the air comes in contact, measures approximately ninety square yards, over one hundred times the surface of the body.

Man breathes from sixteen to twenty times a minute. The average breath takes in thirty and five-tenths cubic inches of air.

A deep breath takes in ninety-eight cubic inches. The air capacity of the lungs is approximately 226 cubic inches. Man can live for weeks without food, and for days without water, but only a few minutes without air.

Man breathes from sixteen to twenty times a minute. The average breath takes in thirty and five-tenths cubic inches of air.

In fresh air, good food and rest lay the foundation for good health and long life. The greatest of the world's authorities have spoken as one on the benefits of fresh air upon both the well and the sick body. Oeler, dean of the medical world, said: "To breathe well means to live well, to live longer and to live better."

Minister Accused Of Killing Fellow School Trustee

MOUNT VERNON, Texas, May 19.—(AP)—The Rev. J. T. Smith, 70, Baptist minister of the Rock Springs community, faced examining trial today on murder charges in the slaying of W. C. Lammons, 52.

Lammons, his fellow-member on the Rock Springs school district's board of trustees, died after being struck on the head by a shotgun, allegedly wielded by Smith. Lammons' neck was broken.

The elderly minister has been married five times and was the father of 24 children. He claimed he learned that neighbors had been talking about him in uncomplimentary terms.

VIENNA UNIVERSITY GAINS 133 STUDENTS VIENNA—(INS)—Increase of 133 students this year at the Vienna University is hailed as an optimistic sign by the educational authorities here. The number enrolled in the University this last winter was 11,337 of which 5,009 attended the School of Philosophy, 3,184 the School of Law and 2,684 the School of Medicine. One quarter of the students here are foreigners.

GILMER—Hat blocking establishment installed by Coe Cleaning Company. MEXIA—Newly organized dairy finance body making plans for immediate shipment here of Jersey cattle.

GIFTED AMERICANS

Murder at High Tide

(FOR PMS, MAY 20) SYNOPSIS: Who murdered Dan Parados? His symbol of luck, a jade phoenix, disappeared shortly before his death. Everyone on his lonely island estate is questioned. Motives are plentiful, for Parados was hated by all, but fruitful clues are few. Allen Hunt seeks some evidence on his own account. He finds a newspaper with oil stains on it—perhaps from a gun. Claude Annersley had been seen with a similar paper, yet his alibi is good. Anatole Fligue a French detective, and Samuels, deputy attorney, seem baffled. On a rose Fligue finds blood stains which are traced by a handkerchief to Grainger, a hired man. The detective wonders if Grainger is shielding Annersley.

Youth Confesses "Ribbon Slaying"

CHICAGO, May 20.—Police, quite unexpectedly, stumbled last night upon the man they believe to be the "ribbon slayer" of Mrs. Mildred Helsing. William H. Putscher, 19, confessed the crime. He was under arrest for burglary and was questioned by Deputy Police Commissioner Stege. During the questioning Stege accused him of the Helsing murder. To Stege's surprise, Putscher began making a detailed statement of how he had slain the 26-year-old bride April 1 in her Oak Park home.

Hollywood Sights

BY ROBBIN COONS HOLLYWOOD — If it were another some day that Walter Huston would star in "Huckleberry Finn" or play a touching "Little Eva" to Davey Lee's "Uncle Tom," Hollywood would not be too surprised.

WALTER HUSTON Coming from the stage, during his yet brief career as a film player his five roles have differed as widely as the poles.

In "Gentlemen of the Press," his first talkie, he made an instant hit as the newspaperman whose whole private life was submerged to the exigencies of his calling. Next came "The Lady Lies," wherein he was the lonely widower attacked by the charms of spicy Claudette Colbert.

He followed those with the role of Trampas, the dark-hued villain of "The Virginian"—and then, much to the surprise of most of Hollywood, he was selected for the vastly different role of "Abraham Lincoln." And he has given, advance reports indicate, a performance memorable.

Now, leaping from the heights to the gale of good-bad villainy, he undertakes "The Bad Man," a role written for the late Holbrook Blinn, who resembled Huston in no particular.

Marie Dressler (speaking of versatility) has gone to Europe on vacation, but we can't overlook her. She played a royal lady in "One Romantic Night," as convincingly as she portrayed the wharf hag in "Anna Christie," and does the boarding house lady of "Caught Short," as beautifully as she will probably play her part in "Dark Star," purchased for talkifilming just two days before its author, Lorna Moon, died.

Nor should James Gleason be forgotten, who writes plays and dialog, acts in them often, and sometimes directs them. Nor Edmund Goulding, who does everything toward the making of a movie except act.

There are still others to compete for the crown of versatility, but none, in acting at least, can cope with Huston's record thus far.

GERMANY TO HEAR ENGLISH MUSIC BAD HOMBURG (INS)—Special musical features in the coming summer season will include a week of English music under the direction of Professor Donald Francis Tovey, of Edinburgh, in the course of which the English composer Box will conduct some of his own works. The season's program includes also Beethoven's Ninth Symphony and a Holland symphony concert.

BORGER—Company which owns Borger's bonds says city in good financial shape. HAPPY—Construction of George Schaeffer Store building nearing completion.

Richco Raps Railroaders To Gain On Laundry

BREAK KNOT IN SIXTH INNING
Texas & Pacific Drops Third Fray In Three Days

Unleashing a batting assault in the sixth to break a 4-4 draw, Richco scored three runs in the sixth to definitely decide an eight to four battle with T. & P. Monday afternoon. It was the third straight loss for the railway aggregation in as many days.

These are not our words. They are words from a Mr. Butler, the generalissimo of the Texas and Pacific, Railway team what has dropped three straight games to various contenders in the city loop. Mr. Butler hailed us at the Dusty Diamond yesterday afternoon and conversed with us in regard to his team. Seemingly Mr. Butler can't get any support or something and is about ready to hop out of the league track, stock, and barrel. Wanted to trade his team to us for a striped necktie we had on, but we found out you can't wear a baseball team around your collar. Anyway Mr. Butler spoke in earnest. It seems it has been a rough and rocky detour the T. & P. aggregation has traveled since the league was launched. Operating a team is an expensive proposition, unless the expenses are equally distributed over a wide area. It's too much for one man to handle, anyway. We sincerely hope that ways or means are worked out to keep the Railroaders going in the league. Everything is running smoothly at the present time, although we haven't figured out a way to keep the railbirds from being railbirds, and we still lose money every once in awhile, despite the diligent research work of one Tiny Reed, the keeper of the keys.

Incidentally the T. & P. threw a little scare into the Richco Monday eve. Tied things up 4-4 in the third and it was the sixth before the Richardson Refining-Consumo unit was able to do a little unweaving. McPeak had a bad day. His arm got out of control once and he took it out on his catcher. Fellow named Malone did the hurting for the T. & P. and he had a hip pocket delivery that cut the corners at intervals. Dickerson had a fast day on the mound, getting 11 strikeouts, but he relied on his straight, fast and low ball to retire most of them.

J. C. Moore the manager of the Richco outfit wasn't among those present Monday afternoon. He had his side Bill Hohen running the team, and Bill had a nice day of it, protesting a couple of Sammy Sain's decisions, and going hitless for the day. We believe the team that whips Richco is going to have to have an array of sluggers that can lift that orbit out of the infield. It's the best one in the loop so far. The laundry is rated as second best and should push Richco if a little repair and renovating are resorted to at the third sack, seemingly the weak point of the laundry aggregation. Garner, a new product for the Laundry, may be able to hold down the assignment.

Blevins, receiver for the Laundry, slipped one by us Sunday. We don't mind having things slipped by us on week days, but on Sunday it makes us hot, and madder than the proverbial saturated chicken. Blevins made a grievous error Sunday and the little red book said so, but in transposing the error went unnoticed and, publicly, Blevins got by. Privately he did not. The error is still on record, and it was such a foul one we were almost tempted to charge an error and a half.

If the aforementioned Mr. Moore or a corp of his assistants will visit our sanctum sanctorium within the next day or couple of days, we will turn over to him or them, as the case may be, fourteen passes to the West Texas Miniature Golf course, which C. A. Hodgson is giving to the teams in the loop. The Laundry and Richco have won the passes. We still have a few on hand for the Barbers, T. & P., Bankers and Cosden.

The rehabilitated Barbers and the Laundry clash this afternoon at the Dusty Diamond somewhere in the vicinity of 5:30 o'clock, just the best of the day, as it were. It will be recalled that the Bankers have not been doing so well, thank you, in the last few days. As a matter of fact a quick perusal of the percentage column will reveal that the Bankers are still floundering around in the collar, checking the depository. However, Bob Middleton worked the axe last week and signed up five new players. It is possible that the Laundry may bow to the Bankers this eve. It's a cinch some aggregation has got to throw a monkey wrench into the Laundry's machinery, or else the Laundry may become imbued with the idea they own that plot of ground on top of the column and sublease it, or sell the mineral rights.

Took a lesson in contract bridge last night. That game worries us. We can't use the old something-for-nothing complex in Contract. When we quit dominoes, reluctantly, for

BREAK KNOT IN SIXTH INNING

Unleashing a batting assault in the sixth to break a 4-4 draw, Richco scored three runs in the sixth to definitely decide an eight to four battle with T. & P. Monday afternoon. It was the third straight loss for the railway aggregation in as many days.

After going scoreless for two innings, the Railroaders found Dickerson for three tallies to account for four runs. McPeak started the third frame with a single, advanced on Robert's single, and scored when Roton, Richco receiver, failed to tag him at home after a perfect heave of Schwarzenbach's offering by Reed. Roberts went to third and Schwarzenbach to second on Dickerson's balk. Quater tallied Roberts and Schwarzenbach with a triple, going home on Dickerson's error.

With the tally knotted for two innings, Richco gathered three in the sixth and one in the seventh to break up the threat of Tee-Pee. Reed was walked by Malone, advanced on Roton's single, struck tallied on Clark's bingle. Clark added the third on McPeak's passed ball. Kramer added the eighth run in the seventh after forcing Hohen at second. He tallied when Richco's hurt to McPeak at the plate was low.

Dickerson had a good day on the hilltop, striking out 11 men and giving up five hits, three in one inning. Malone, a newcomer to the mound, was nicked for seven hits, but would have fared better had he received more support.

Auction, we did it with fear in our heart that we would live to rue the day. We have. Just as we learn Auction we find that no one is left to play it but us. And if you want something uninteresting, just play solitaire Auction. Anyway, we took the first degree in Contract last eve, and we found that you have to learn to dovetail, and learn to use the term Vanderbilt Convention at the right time. As if we cared a rap when the Vanderbilts convened, if they did. We found that where you lose \$4.75 in one evening at Auction, you drop the house and lot, electric refrigerator and sunken bath tub at Contract. And seeing that we immediately went out to the smokehouse and dragged out the checkerboard and put it back in the front parlor.

We have on hand several applications for the umpire's job at the Dusty D. For the benefit of all comers we'll say we don't have any indication that Sammy Sain, the general strike and ball caller of the league, is going to chuck his job. He is now holding down one of the two jobs that draw pecuniary remuneration. The other is a fifty-cent a day allotment to a boy named Steve for shagging balls. Should Mr. Sain see fit to fold his tent, we'll take his job and Steve's too, and hold up the game while we run out onto the highway to get the feds. We've found umpiring is an art. You don't have to call 'em right; just loud enough to make the fans think so.

We see the San Angelo track aggregation has already won the National title, and all its laurels on paper. Funny thing about this world is that the things that work out on paper usually forget about that paper. We had plenty of profit margin once on paper. But the stock we grappled to our chest did not know there was any such direction as up.

We're terribly afraid the board of governors will have to do without our presence Thursday night. We've been invited to partake of a flock of weiners at a weiner roast following the dedication of the Kiwanis Club wading pool. We always made it a policy never to turn a cold shoulder blade to a free meal. However, should the board of governors of the league desire our presence, we'll attend the meeting for a yard and a half of weiners, and a dozen buns.

Athletic Council To Seek Aid Of School Board

SESSION TO HEAR PLEA MONDAY

Ask Purchase Of Building Site And Appropriation

In an effort to stabilize the financial end of high school athletics, a representative of the Athletic Council will appear before the Big Spring school board Monday night and ask for an appropriation amounting to \$5,000, the major portion of which will have direct bearing on various branches of athletics.

The school board will be asked to spend \$2,500 directly, and \$2,500 indirectly to aid athletics in the high school.

The \$2,500 would be expended in the purchase of 30 city lots, to be used as a site of a new school when the board sees fit, and in the meantime, to be utilized as an athletic field, including a football field and cinder path.

The council representative also will ask for \$2,500 for construction of a fence around the lots, \$1,500 to pay back notes on the bleachers, and \$1,000 for miscellaneous debts.

The board will take the matter under advisement at a session Monday night.

RAIN HALTS FRAYS IN MAJORS

Tigers Take Double Bill From St. Louis Browns

By ORLO ROBERTSON
Associated Press Sports Writer

If the Detroit Tigers could play the St. Louis Browns all the time, they might be champions of the American League. But as it is, they are perched in seventh position after stretching their winning streak to four straight games with a double header victory over the Browns yesterday in the only game played in either of the major leagues. Rain and cold weather wiped out other scheduled contests.

The 5 to 4 victory in ten innings and the 4 to 2 triumph in the nightcap marked three high spots in Detroit's 1930 campaign. By taking the twin bill, the Tigers not only made it five out of eight starts against the Browns but bettered their season's consecutive winning record by two games. The double triumph also served to lift the Tigers into seventh place in the standings and shove St. Louis into the cellar.

The second division of the Barnard circuit today had the aspect of a separate pennant race, only two games separating Detroit from the Chicago White Sox, who head the quartet. While ranking seventh in the percentage column, the Tigers actually trail the Browns by one-half game, having played five more times and won only two more.

As rain and cold weather took their toll of National League games, the closeness of the race remained unchanged. Pittsburgh, holding down fifth place, is only one game out of first position, occupied by the Brooklyn Dodgers.

Virginia has added 7,052 miles of roads to the state highway system since 1918, spending \$128,002,397 for construction and maintenance.

News Of Big Spring Society

Large Number Take Part In Recital

Miss Lee Weathers and Miss Roberts Gay's joint recital of exhortation and music pupils last night at the high school was unusually well attended by a well-behaved and an enthusiastic audience.

This was the first of two recitals. The second one will be given tonight at the same place.

In addition to the pupils a special number, a dance, was given by Miss Eugenia Booth.

The program and those taking part follows:

Frances Satterwhite gave two readings, "Happy Farmer" and "Sleigh Ride."

Jack Riggs and Mary Wilmeth Dalton together gave two piano-logues, "The Little Tin Soldier" and "The Doll from France."

Corinne Bond played a piano selection, "Uncle Remus" (Grant Shetter).

Louise Gieri and William Mann together gave a playlet, "Seeking Information."

Mildred Jones gave a piano-logue, "Spunkweed."

Tha one-act play entitled, "Vard-nith," Dorothy Belle Riggs took the part of Ruth Barclay; Jen Kennedy, Margaret Barclay; Virginia Dale Smith, Mrs. O'Brien, who works by the day; Doris Smith, Miss Dyer, a neighbor; Willie Mae McCormick, Mrs. Morse, minister's wife; Clyde Thomas, fireman.

Jennie Mae Felton played "Dance of the Brownies" (Kasman).

Albert M. Fisher, Jr. and George Thomas together gave the piano-logue, "Take a Good Look at Mith."

Juanita Cook played "Mountain Belle Schottische" (Hinkle).

Mary Ruth Diltz gave a reading and dance, "The French Doll."

James Lynn Hill rendered "Nocturne" (David Dick Slater).

The following pupils took part in a play of two scenes, "Down Fido." Melva Gene Handley, who played the part of Bud; Dorothy Vandergriff, Peg; Miriam Kennedy, Fron; Lucille Rogers, Midge; Martha Ann Shelbourne, Raech; Doris Cunningham, Babe; Myrtle Jones, Coddles; Ruby Smith, Mrs. Hobbs.

Mr. Pete Kamaska, teacher of stringed instruments, assisted Mrs. Weather by playing between the scenes of the last play. His numbers were greatly appreciated.

Miss Lonnie Heblsen gave a reading, "The Stranger Cat."

Homemakers Class Has Social Meet

The Homemakers Class of the First Christian church met together yesterday afternoon for a business and social meeting at the home of Mrs. C. D. Baxley. Mrs. Steve Baker was co-hostess with Mrs. Baxley.

The meeting was devoted to a social hour after business was transacted.

Refreshments were served to the following guests: Mesdames H. E. Clay, Earl Glaser, Shelby Hall, Dixie Carter, W. T. Farris, Earl Read, H. G. Hall, W. H. Taylor, George Wilkie, W. W. Inkman, R. J. Michael, and A. B. Wade.

It was decided that every second Monday in the month would be devoted to social gatherings.

Hostesses for the next social event will be Mesdames H. E. Clay and W. B. Clare.

Birdie Baileys Complete Study

The Birdie Bailey Missionary Society of the Methodist church completed its last program in the mission study yesterday.

Mrs. L. F. Levering had charge of the meeting. The following women also took part: Mesdames S. T. McPeak, C. C. Carter, L. A. Taylor, W. A. Remelt, W. K. Edwards.

Mothers To Give Seniors Barbecue

A weiner barbecue will be given to the seniors of the Big Spring High School tomorrow night by the mothers of the Senior High P. T. A.

The guests are asked to assemble at the high school and from there proceed to the New Wells.

All seniors are cordially invited and the mothers want them assured of plenty of barbecue.

F.U.N. Club To Hold Auction Tournament

An auction bridge tournament will be given in the Federation club house Thursday afternoon at 3 o'clock by the members of the F. U. N. club.

Reservations will be open to all interested in bridge.

The admission will be fifty cents. Those desiring reservations are asked to call Miss Vida Robinson, phone 290-W.

Mrs. Higgins Entertains

Mrs. Tom Higgins will entertain the Progressive Bridge club this afternoon at her home on Main street. Mrs. Higgins will also entertain tonight with a bridge party.

Banish Them From Your Mind They're "Hooie!"

Here are some things many of us believe blindly, but are really all hooie.

Dew falls.

New Yorkers are always on the go.

A square jaw is a sign of will power.

Greenland is always covered with snow.

Follemer is never ground when you want them.

Winters were longer and the snow heavier twenty years ago.

Chinese doctors are paid only for keeping you well.

Drowning people always rise several times before sinking.

Chinese coolies work for six cents a day.

Panama hats are made in Panama.

Red hair denotes a quick temper.

Barking dogs don't bite.

Advertised commodities cost more.

Shaving makes the hair grow faster.

All bootleggers own high-powered cars.

It is fatal to eat lobster and follow it with ice cream.

One hour's sleep before midnight is better than two afterward.

There is little difference between any half dozen good-looking printing papers.

Artists are poor business men.

Lindbergh was the first man to fly across the ocean.

Herald Patterns

A PLEASING MORNING FROCK

6774, Cotton prints, crepe, ging-ham and linen are suggested for this style. It has long waist portions to which the pleated skirt portions are joined. The front is finished with a shaped vestee, with V-neck outline. Short, comfortable sleeves and a narrow belt complete this attractive model. As pictured, it was made up in printed percale—with a pattern in red and black on a white background—and with vestee, cuffs and belt of white linen, piped with black.

The pattern is cut in 6 sizes; 34, 36, 38, 40, 42, and 44 inches bust measure. To make the dress for a 38 inch size will require 3 1-2 yards of 35 inch material. For vestee, cuffs and belt of contrasting material 1-2 yard is required. To finish with bias binding an illustrated will require 3 7-8 yards 1 1-2 inch wide. 1/2 inch width of the

Methodists Lay Plans For Church Social

The Women's Missionary Auxiliary of the Methodist Church met yesterday and continued their study of "The Road to the City of God," in which they discussed the recent international Jerusalem Council.

Mrs. V. H. Fiewellen and Mrs. J. M. Maxwell led the discussion.

Plans were made for entertaining the new members of the Methodist Church tomorrow evening in the church basement at an informal social gathering.

Those present were: Mesdames Pete Johnson, W. H. Miller, J. M. Maxwell, Eugene Hargrove, J. H. Picke, R. E. Gay, W. G. Bailey, V. H. Fiewellen and Miss Ward.

Mrs. Stalcup Leads Sunbeams In Play

Mrs. Harry Stalcup took charge of the Sunbeam Band of the Baptist Church yesterday afternoon; in the absence of a regular leader.

The program consisted of a short playlet depicting a queen and her heralds who brought tidings of the mission work done in foreign countries.

Sixteen children were present.

Baptist Circles Have Enjoyable Programs

Good attendance and interesting programs marked the meeting of the various Baptist Circles over the city yesterday afternoon.

The Lucille Reagan Circle met in the home of Mrs. J. L. Jones. The devotional service was led by Mrs. S. E. Gee. Mrs. A. L. Cone was study leader with the subject "Points on Soul Winning."

The Circle members decided to meet hereafter at four instead of three during the summer.

Those present were Mesdames Homer McNew, C. G. Glasscock, E. C. Bennett, G. H. Hayward, A. L. Cone, S. E. Gee, and W. R. Douglas.

Four Bridge Clubs To Meet Tomorrow

The following bridge clubs will meet tomorrow.

The Three-Four Club will meet with Mrs. Jake Bishop.

The Ideal will meet with Mrs. Robert Piner in Edward Heights.

The Bluebonnet Club will meet with Mrs. C. E. Shive.

The Triangle Club will meet with Mrs. Omar Pitman.

The Entre Nous Club has postponed its regular meeting until Wednesday of next week when it will meet with Mrs. Bruce Frazier.

The O. P. F. and Kony Gossip Clubs have not reported.

Mrs. Bell Expected

Mrs. Shine Philips expects Mrs. Bowyer Bell of Harrisburg, Pa., her sister-in-law, to arrive tonight for a visit with her.

J. D. BILES

PHONE 588

Here's How

Some men prefer one kind of motor oil, some another. The jolt comes when the Pike's Peak Tests prove that most of these opinions are comfortable, convenient, but *not* correct! . . . The generality that certain brands are better merely because they come from certain States was quietly exploded: Now we know that Mid-Continent paraffin oil rates with that of any State or locality. . . . Thousands buy by a respected color or trade mark, and not a few just don't care, and still buy on price. . . . The time is ripe for real facts. By the Pike's Peak Tests, conducted under the supervision of AAA observers, we are prepared to present dependable CONOCO facts (or facts on CONOCO Germ-Processed Oils).

The outstanding results of these Pike's Peak tests reveal many points of unusual significance. Under the conditions of the tests, which were comparable to severe service, these points were: *Motor Wear* . . . Germ-Processed oil reduced it 76.4% throughout these tests, under that of the other oils used as a group. *Cost of Lubrication* . . . Germ-Processed oil showed an appreciable saving of 6.1%. *Oil Economy* . . . wins by 3.9%. *Gasoline Economy* . . . a gain of 7.2%. *Loss of Viscosity* . . . Germ-Processed oil was in 34% better condition after the tests than were the other. *Carbon* . . . shows an appreciable decrease after Germ-Processed oil was used. *Water Temperature* . . . was lower with CONOCO Germ-Processed Motor Oil.

Remember, CONOCO selects Mid-Continent paraffin base crude, and from this refines what we believe to be a remarkable oil. Then the "germ-essence" is added, which gives this oil that remarkable ability to penetrate metal surfaces. This new oil provides "Penetrative Lubricity" . . . reducing friction under all conditions, particularly in starting and at high speeds.

The strength of oil film is indicated by its resistance to heat and pressure. CONOCO's film strength

was proven to be better in the Pike's Peak tests than the other oils used by lowering water temperature in the radiators, by reducing motor wear 76.4%, and by retaining a higher degree of viscosity.

After each oil was tested, a graphic ammeter voltmeter was used to indicate the amount of electricity needed to turn over the cold motors. These graphs showed that more electricity was required to revolve the motor while using CONOCO Germ-Processed Motor Oil, indicating more efficient piston ring seal and higher compression.

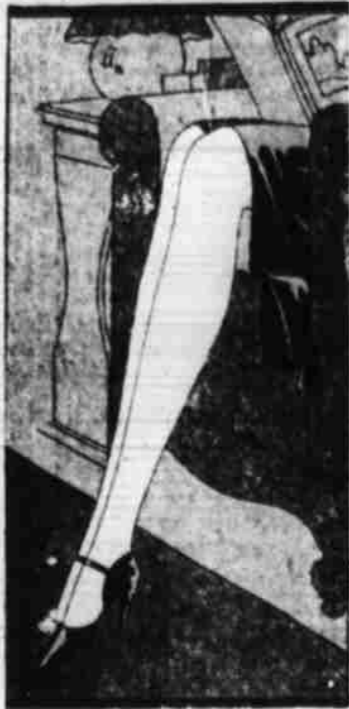

With Germ-Processed oils, after standing all night, the sealing film was on the job, and stayed there . . . and the charts disclosed the high compression resistance to the starter motor. This is film tenacity. Germ-Process is Conoco-owned. And Germ-Process positively will reduce your car-operation expense, and lengthen motor life, by providing Penetrative Lubricity. We invite you to select any operating condition, no matter how severe, and we guarantee that CONOCO Germ-Processed Motor Oil will meet them better than the oil you have been using!

The New Free Booklet, "Pike's Peak Tests Confirm Conoco's Challenge," is ready. It will give you the detailed story of these tests, with photographs. Address, Continental Oil Company, Ponca City, Oklahoma, or inquire at the nearest service station displaying the Red Triangle.

Bishop

much a defense of the church's position as would be accomplished by a trial committee."

The report included the letter of Bishop Cannon, sent after the committee already had voted to bring him to trial, and which persuaded the committee to rescind its action. "I now realize the impropriety of such transactions," the bishop wrote, "and am sorely grieved that they have brought pain and embarrassment to the church."

These statements were repeated by Bishop Cannon orally today. "I desire," he said, "in the presence of the members of this body to reiterate face to face the statements in my letter to the committee. I did make a mistake in the transaction in question; I sincerely regret that mistake, especially since I have learned that my actions have injured the church."

Report
In the first paragraph of its report the committee told how it had about faced on the matter of trying him.

"These complaints (touching up on his stock market transactions) were presented in detail and supported by exhibits. The bishop was given all the time he desired to make a full statement. After hearing the statement the committee decided to invite the bishop to the general conference for trial, and a subcommittee was appointed to draft the charges and reports its findings. Then the committee received a communication from Bishop Cannon. After receiving this letter the original action was rescinded."

Fitzhugh gave formal notice that the additional evidence, obtained after the sealing of the records of Kable & Company, the bishops' brokers, would be filed, and declared the committee's action was "irregular, illegal and indefensible." He said a formal statement would be issued this afternoon.

Flood

(Continued from Page One)

Arkansas oil field under water, hundreds of persons homeless and highways impassable in many sections of the state.

Louisiana, Mississippi and Texas likewise had refugee lists and large areas of low farm lands submerged by flood waters from rivers and creeks.

The Mississippi River is not to blame for the present flood. Instead the Red, Ouachita and other rivers and numerous creeks normally small have been swollen by excessive rains.

While Smackover creek in the Eldorado oil field region of Arkansas was receding and some of the 1,000 persons made homeless were returning, the Ouachita River was rising and already had inundated virtually the entire town of Callon, Ark. An area ten square miles, including the town, was under water. Residents were living in box cars and private homes out of reach of the flood waters.

Have New Daughter

John Barrymore is happy, though disappointed that latest addition to Hollywood film colony is not a boy, but Mrs. Barrymore, formerly Dolores Costello, is glad their new baby is girl.

Home Town

(Continued from Page One)

Phillips declares the finest opportunity for an aerial passenger line is from Big Spring to Carlsbad. Hundreds, he points out, would go from the San Antonio country to the famed cavern via plane rather than negotiate the long journey by automobile.

Since Big Spring is the only city in West Texas where a line from south Texas and one plying west across the state converge it is the most logical point for the eastern terminus of a new line to Carlsbad.

This is worth working on and ought to be pushed.

WHICH LEADS TO THE OBSERVATION, that the Stanton-Andrews-Carlsbad road project which steamed up considerably for a few weeks has died plumb dead.

That road can be opened and it should be.

Mitchell county now has received contracts that will close the great dirt gap in the Bankhead and before the autumn is very old you may ride from Dallas and Fort Worth to Big Spring on nothing but smooth paving.

One of the most heavily traveled dirt highways in West Texas is No. 9 through Howard county.

The Bankhead through Howard county is perhaps in worse condition than any stretch of that road between Texarkana and El Paso with the exception of the dirt strip in Mitchell county.

We're sleeping on our rights.

AN IDEAL GIFT Guaranteed—Made in America

When the weather is to be fine the two children will come out; when stormy weather is approaching, the witch will come out from 8 to 24 hours ahead of rain or snow.

The house is made of hardwood, in Swiss cottage style, and is decorated as in the picture, with thermometer, clock, bird house and bird, etc. It has four windows and two doors.
