McLEAN, GRAY COUNTY, TEXAS - THURSDAY, SEPTEMBER 18, 1975

NUMBER 38

## TIGERS SINK PIRATES 21-20

by Ma.ty Duniven

The fans of McLean were again treated with a victory Friday night, as a highly disciplined group of Tigers fought back from a 20 to 7 deficit in the fourth quarter.

With 6:41 remaining in the fourth quarter, the Tigers trailed the fired up Lefors team 20 to 7. But, superior effort on the part of the whole Tiger team enabled them to put another six points on the board, when Sammy Don Haynes capped the 52 yard scoring drive with a five yard plunge. His brother Morse Haynes then added the extra points.

With 3:20 remaining in the ballgame the tough Tiger

defense forced Lefors to punt, however, the Lefors center, who was shaken up earlier in the ballgame, could not control the snap, and aggressive defensive play on the part of Rick Lowery, enabled the Tigers to take possession of the ball on the Lefors 45 yard line.

The hometown team then drove to score the third and final touchdown when Gary Danner ran from eleven yards out to tie the game at 20-20. Then Golden Toe Haynes added the extra point kick to keep his unblemished kicking record clean, and more importantly to put McLean in from to stay 21-20.

Post game comments by head coach Robert Mears: "It was a hard fought ball game and our men showed character in fighting back like they did. We'll have to play better next week to beat the huge Groom team." Asst. Coach Mike Gray added, "Our over all defense will be better next week."

### Tigers To Go To Groom Friday

This Friday night the Tigers travel to Groom. All Tiger fans are urged to be there to watch the "Battle of the Tigers" which will begin at 8:00 p.m. Groom is rated 5th in the state of Texas. McLean, not rated too highly at the beginning of the season, has jumped up in the ratings because of their two previous victories. Lets see if we can jump higher this week.

### Cold Front Hits Area

The first cold front of the season came through McLean last week which was accompanied by a cold drizzling rain. This caused a lot of people to get out their sweaters and coats out of moth balls. Many reported having to light their heaters.

Mr. and Mrs. Roy Worstall of Zanesville, Ohio spent a week with her parents, Mr. and Mrs. Jesse Roberts.

### Leo L. Gibson Funeral Services Held Monday

Funeral services for Leo Lionel Gibson, 78, who died Saturday, were held at 3:30 p.m. Monday at the First Baptist Church.

Officiating was Rev. Herman Bell, pastor. Burial was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. Gibson moved to McLean from Dodge, Kansas in 1940. He married Stella Hotchkiss at Springfield, Colo., in 1920. He was a retired operator of an auto parts store.

He is survived by the widow; two sons, Robert P. Gibson of Bellflower, Calif. and Kenneth Gibson of King'sville; two sisters, Mrs. Thelma Byrd of Augusta, Kan., and Mrs. Hazel Brandt of Douglas, Kan.; two brothers, Bud Mauk of Augusta, Kan., and Gilbert Mauk of Wichita Kan.; and four grandchildren

### Special Services Slated At Local Methodist Church

Sunday morning September 21st Rev. L. V. Grace will be preaching in the United Methodist Church. Rev. Grace has served in the panhandle for many years. At present he is living with his wife in Pampa. Johnny Haynes will be presiding at the service.

The evening service at 7:00 p.m. will be under the direction of James Cliett and Conald Cunningham. Featured in the evening service will be quartettes, duets, solos, and scripture reading. A portion of the service will be given to witnessing. Individuals taking part in the program will be the Tackett family, Jodie Grubb and Mr. Bumgardner. Local talent will also be used in the service. We know that this program will be well received.

The lay people of the United Methodist Church will be privileged to hear Dick Waterfield, Sunday morning December 28th. Mr. Waterfield is Lay Leader of the Methodist Church in the Pampa District. He is one of the delegates who will attend the Jurisdictional Conference of the Methodist Church. Johnny Haynes will direct the service.

Sunday evening, September 28th, Sam Haynes will have charge of the service.

### Pastor To Preach Revival Services At Baptist Church

September 24-28 are days set aside for revival services at First Baptist Church, McLean. This is to be a hometown effort. There will be home town preaching (the pastor), home-town singing (John Kirby and the choir), home-town visiting home-town praying and home-town results.

Sermon topics to be used by pastor Herman W. Bell are these: "The Holy Spirit", "Hell", "Heaven", "The New Birth", "The Cross" and "Why I Am A Christian". John Kirby, band director at the high school, will have charge of the music. Solos, duets, and choir specials will be featured each night.

A nurse will be provided for each service.

In 1974 there were over 2.7 million persons 14 years of age or older doing farm work in the U.S., about 34,000 above 1973.

## Housing Survey Underway

The V.F.W. Auxiliary will be taking a door-to-door survey next Tuesday, September 23 night between 6:30 p.m. and 9:30 p.m. The survey should indicate if there is a need for more rental housing in McLean and if people are willing to move in if they were available.

If there is a need for rental houses, the McLean

Housing Authority will make an application to the Farmers Home Administration for a loan to build the houses. This type of rental housing is designed so the moderate income people can live in them. (Adjusted total family income of \$12,000 per year or lower) (How to adjust income--subtract 5% from total income and subtract \$300 per minor child.) Most of

these Farmers Home Administration rental houses are duplexes, triplexes or quadruplexes.

If you are interested in renting this type of house, please fill out the questionnaire, which will be inside the paper and return it to P. O. Box 611 or leave it at the News office. This questionnaire will be kept confidential and will not obligate you in any way.

JUDGES IN 20 HOUR J. P. SEMINAR--Three justices of peace from the Panhandle area were among the more than 70 judges who participated in a 20-hour basic Texas Justice of the Peace Training Center seminar conducted September 2-5 in Amarillo. Judges from this region that attended were (left to right) Judge Margie Prestidge, precinct 1, Lefors; Judge E. L. Anderson, Precinct 2 Place 2, Pampa; and Judge Dorothy M. Beck, Precinct 5, McLean. The training center is headquartered on the Southwest Texas State University campus, where part of the seminar sessions are held. The training program is funded through the Governor's Office Criminal Justice Division. There is no charge to the participating counties.

### Alonzo Quarles, 89 McLean Woman Buried In McLean Robs Amarillo Bank

Last rites for Alonzo Richard Quarles, 89, who died Sunday, were held at 3 p.m. Wednesday at the First Baptist Church with Rev. David Campbell, Wheeler pastor and Rev. Herman W. Bell, pastor officiating.

Burial was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. Quarles was born in Rockwall County and has also lived for some time in Vernon.

Survivors include; six daughters, Mrs. Bobbie Simpson and Mrs. Geneva Mann, both of McLean; Mrs. Ruth Johnson of Iowa Park; Mrs. LaVada Reed of Amarillo; Mrs. Joyce Rawles of Shamrock; four sons, Royce of Marysville, Calif., L. R. of Carmichael, Calif., Manuel of Amarillo and Malcolm of Iowa Park; six sisters, Mrs. Maude Belvins of Hereford, Mrs. Alta Bush of Dallas, Mrs. Tinnie Hooper of Morton, Mrs. Bertha Lookingbill of Bozeman, Mont., Mrs. Johnnie Herring of Boulder, Colo., and Mrs. Eunice Hunt of Pampa; two brothers Leslie of Pampa and Homer of Clear Lake, Calif.; 28 grandchildren and three great-grandchildren.

### SWCD Directors Attend Meeting

Gray County, Soil and Water Conservation District Directors, Curtis Schaffer, Milton Carpenter, and Ralph McLaughlin attended the Panhandle Assn. of SWCD's semi-annual meeting at Canadian last week. Perry Gruhlkey with the Soil Conservation Service also attended with the Directors. The meeting was attended by some

100 directors from the Texas Panhandle. Max Sherman, State Senator, discussed the newly revised Texas Constitution to be voted on by the public in November. Of interest to the Conservation Directors is that land will be taxed according to its productive value if the constitution is approved.

### Walter J. Foster, Former Resident Dies At Ft. Worth

Funeral services for Walter Foster, Jr., 58, of Ft. Worth who died Saturday, were held at 3:30 p.m. Tuesday at the United Methodist Church. Officiating was Rev. Herman Bell, pastor of the First Baptist Church. Burial was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. Foster was a former resident who moved from Ft. Worth in 1968. He was a native of McLean and a building contractor. Mr. Foster was a member of the Baptist Church. He is survived by his wife, Della; three sons, James Foster of Fort Worth, Lee Blankenburg of Fort Worth, Lee Blankenburg, all of Fort Worth; one daughter, Mary Stone of Dallas; mother, Mrs. W. J. Foster of McLean; five grandchildren.

### S. Information Available At Pampa

You may obtain service coming to the social security office at 1541 North Hart Street in Pampa, or telephoning 669-3381. The office is open 8:30 a.m. to 4:45 p.m., Monday through Friday (except national holidays). A representative is available to explain the provisions of the Social Security Act and answer questions at meetings of farm groups, organizations, and other interested groups. There are no charges for any of these services of the Social Security Administration.

### 33,250 People Visit State Parks Over Labor Day Weekend

Early reports from 14 out of some 80 parks show that many Texans had their last summer outdoor flings in state parks over the Labor Day weekend.

Park officials at the Texas Parks and Wildlife Department say that visitors flocked to the state parks despite weather and early school openings.

Figures from the reporting parks include: Eisenhower, 1,038; Garner, 13,402; Palo Verde Canyon, 20,561; Lake Corpus Christi, 4,779; Tyler, 1,304; San Jacinto Battleground, 12,551; Lyndon B. Johnson, 13,785; Inks Lake, 12,099; Martin Dies Jr., 19,483; Fort Parker, 4,248; Adenales Falls, 2,022; Atrop, 11,989; Lake Somerville (Birch Unit), 4,287; Lake Somerville (Nails a Week Unit), 2,152

### Study Club Meet Hambright Home

The Alanreed Twentieth Century Study Club met Thursday, September 11th at the home of Barbara Hambright with Lucy Goldston as hostess, after a short business meeting Larue Hambright installed the following officers for the coming year: Betty Simmons, President, Lucille Keller, Vice President, Marjorie Fish, Secretary and Treasurer, Barbara Hambright, Parliamentarian.

Present for the luncheon meeting were: Mary Davis, Judy Easton, Nola Spina, Iona Glass, Laura Spill, Lucille Keller, Marjorie Fish, Larue Hambright, Belle Stubbs, Ada Simmons, Lucy Goldston, Barbara Hambright, Betty Simmons, Mary Ellen McClellan, Anna Keller and Tony Hambright.

Mr. and Mrs. Kenneth Everett and sons Perry and Jerry of Jackson, Tenn. visited here over the Labor Day weekend in the homes of their parents, Mr. and Mrs. Peb Everett and with Mrs. Everett's mother and husband, Mr. and Mrs. Roy Cullison, Sr. They also visited with Mr. Everett's brother and wife, Mr. and Mrs. Dick Everett and with other relatives.

The Cullison's accompanied the Everetts to their home in Tenn. for a 10 day visit. The Cullisons enjoyed a good week of fishing and resting on the Tennessee River on the Everett's River house boat. Roy caught a large four pound blue cat fish (which looked like a whopper) on a yo-yo line and Lucille landed a two pound blue catfish on a yo-yo line. They also caught a lot of smaller cat and other fish. Mrs. Frankie Everett brought the Cullisons back to their home on Saturday, Sept. 13th after their good visit with them.

### HEARD NEWS

Charlie Hicks brought the first bale of cotton for the season to town Tuesday. The cotton was ginned by Smith Bros. and weighed 443 pounds.

#### 50 YEARS AGO

The high school auditorium was filled to overflowing with students and patrons Monday morning, despite the threatening weather, many late arrivals not being able to get withing hearing distance of the speakers.

We are informed that beginning Thursday the 24th of this month, the night trains will carry mail for McLean. A total of 404 students have been enrolled in the different departments of the McLean school.

#### 60 YEARS AGO

The Ladies Aid of the Baptist church announce that they will serve a dinner next "First Monday" in the building between the News office and Tailor shop.

The local watermelon market took a decided slump the first of the week on account of a very cold norther that blew up early Monday morning. The ruling price for the better class of melons was

### Sew Fair Set For Sept. 24

BY Mrs. Elaine Houston  
County Extension Agent

A "Sew Fair" an educational program on new trend in home sewing is scheduled to be held in Pampa Set. 24 at the M.K. Brown Civic Auditorium-Heritage Room from 9:30 a.m. to 4:30 p.m.

Three professional home economists will be on hand to demonstrate techniques in home sewing.

Jennie Crouch from White Sewing Machine Company will show ways to care for the sewing machine and how to handle problems.

Rebecca Titzer, Educational Representative for the Pellon Corporation. She travels a great deal throughout the U.S., presenting the current educational program to groups of consumers. Half of her time is spent in the New York office where she works with the most current fabrics and sewing techniques. Up-to-date and aware of many facets of clothing construction, Rebecca's expert assistance with consumer questions and problems is invaluable. She collaborates on technical sewing information in the construction of model garments, as well as product experimentation.

Becky Culp, Clothing Specialist for the Texas Agricultural Extension Service, is an expert in her field. "Quick and Easy Recycling Ideas" is the title of Becky's presentation. She will show slides, garments and accessories to illustrate the latest recycling ideas for women's and teen's fall and winter wardrobe. Quick and time-saving techniques for easy changes to inexpensively update garments will be given. Non-sewers will gain ideas as they can use through adding or changing accessories.

Local merchants will feature displays of the latest fabric, sewing machines and notions. There will also be a number of door prizes given away throughout the day.

Everyone is invited-it is free to the public. Come for a few hours or stay all day.

### Some Facts About The Bible

About forty men were engaged in the writing of the Bible during a period of about 1,600 years ---from about 1500 B.C. to about 100 A.D. These men wrote as they were moved by the Holy Spirit. (2 Peter 1:21) They wrote not in words of human wisdom but in words divinely taught. (1 Cor. 2:13)

The Bible contains 3,566,480 letters, 773,746 words, 31,102 verses, 1,189 chapters, and 66 books. The old Testament contains 39 books; the New Testament, 27 books.

The book of Esther contains ten chapters, but neither the word "Lord" nor "God" is to be found in it.

All the letters of the Alphabet, except j, are in Ezra 7:21.

The nineteenth chapter of 2 Kings and the thirty seventh chapter of Isaiah nearly identical.

The Old Testament was translated into Greek in Alexandria, Egypt, about 270 B.C. This translation is commonly known as the Septuagint because seventy translators were involved in making this translation.

The Bible holds the distinction of being the first printed book; it was first printed in 1450.

The first Bible printed in this country was in an Indian language in 1663. This translation was made and published by John Eliot. This is the earliest example of the world Bible translated and printed in a new language for the purpose of evangelism.

The first English Bible printed in this country was in 1782.

It is not generally known that Noah Webster, author of the famous "Webster's Dictionary" and the "Blue Back Speller," made a translation of the Bible, which was published in 1833.

The Bible was divided into chapters by Cardinal Hugo in 1250.

The New Testament was divided into verses by Robert Stephens in 1551.

The whole Bible, divided into chapters and verses, first appeared in 1560 in what is known as the "Geneva Bible."

The Bible is the most translated book in the world, and continues to be the best seller in the world. This is because it is the best book in the world. It is the only book that reveals the origin, mission, and destiny of man. It is a textbook on salvation---the only textbook on salvation.

There is no conflict between the Bible and the FACTS of science. There may be many conflicts between the Bible and the THEORIES of so-called scientists, and between the FACTS of science and the theories of so-called "Bible scholars."

Above all things, the Bible should be studied and obeyed!

Mr. and Mrs. Hartley Davis was in Groom on Monday for medical attention. They also visited their sister-in-law Mrs. Nettie Reed who is in the hospital and her mother, Mrs. Ter-bush, who came home with

## Refresher Course Slated At A. C.

A two-and-a-half week refresher course in emergency medical technician and emergency care attendant will be offered by Amarillo College beginning Sept. 15.

David R. Farmer, a registered emergency medical technician, will instruct the class from 6 to 10 p. m. Sessions will be held in Room 106 of the West campus Biomedical Building.

Students will enhance their present knowledge in patient care, learn the use of newly developed equipment and learn changes in state licensure of medicolegal requirements.

This training program is designed for the registered emergency medical technician to qualify to maintain his registration.

Any one interested may enroll in the Washington Street or West campus administration buildings or call Mrs. Crawford for more information.

them.

Mrs. O. J. Fulbright and son Loyd visited in Tulia with their daughters family the Shelby Bozmans and in Lubbock with the Mike Fulbrights, the little grandsons came hom with them and the oldest one started school.

Mrs. O. L. Fulbright made a business trip to Pampa on Tuesday.

## New Arrivals

Mr. and Mrs. Mike Gray are proud to announce the arrival of a baby girl born on Saturday, Sept. 6th in 1 the Pampa Highland General Hospital. She weighed six pounds, two ounces and was named Alicia Gayle.

Alicia's grandparents are Rev. and Mrs. Robert G. Gray of Midwest City, Okla. and Mr. and Mrs. L. J. Herndon Jr. of Duncan, Okla. Mr. Gray is a coach in the local schools.

## REMOVE UNSIGHTLY HAIR FOREVER

Electrolysis is the only method of permanent hair removal. It is safe, gentle and effective. So there's no reason to let unwanted hair on your face, arms, legs or body be a problem another day. Call for your free consultation. No obligation, of course.

## John Bayless To Be Presented In Recital at F. P.

John Bayless, Borger's outstanding pianist, will open the musical season at Frank Phillips College with a recital at 8 p. m., Sept. 25, in the FPC Fine Arts auditorium. He will be the first guest artist of a series of fine arts programs planned to benefit the piano fund of the college music department.

The Borger Federated Music Club awarded him scholarships for three consecutive years enabling him to attend two summer sessions of the Aspen School of Music where he came to the attention of the renown teacher, Adele Marcus.

This led to a scholarship to study with her at the Juilliard School of Music in New York where he is beginning this fall his fourth year of work with Miss Marcus. Last December he was fea-

ture soloist with the Amarillo Symphony after winning the 1973 National Artist Auditions and for which he was awarded the Virgean Est. Latson award of \$1,000.

Bayless will play a concert of classical, romantic, and early 20th century music composed by Beethoven, Schumann, Chopin, Scriabin, and Rachmaninoff. Everyone who enjoys the classics for the piano is urged to attend and enjoy the performances of this young musician.

Tickets, may be purchased at First National Bank or Panhandle Bank & Trust,

both of Borger, or at the door the evening of the recital. Advanced reservations may be made by calling the college bookstore, telephone 274-5311, ext. 25.

I will establish my covenant between me and thee and thy seed after thee, in their generations, for an everlasting covenant, to be a God unto thee, and to thy seed after thee.

**STATE CAPITAL**  
*Highlights*  
 AND *Sidelights*  
 by Lyndell Williams  
 TEXAS PRESS ASSOCIATION

AUSTIN—A big state land trade has been proposed to obtain a scenic new park on 30-mile-long Matagorda Island.

Land Commissioner Bob Armstrong suggested the swap of 18,000 acres of state-owned land near Fort Bliss in El Paso County for the federally-owned share of the island.

A joint House-Senate committee unanimously decided the state should own the island which lies south of Port Lavaca.

The U. S. Air Force has decided it will not continue use of Matagorda as a bombing range, but the U. S. Interior Department wants it as additional refuge for the whooping crane.

Armstrong said Matagorda offers among the best sports fishing and hunting in the country, and it is within easy auto range of Houston, San Antonio and Corpus Christi citizens.

Matagorda's beach is growing rather than expanding, the committee was told.

Federal holdings on the island total nearly 19,000 acres. The state owns 16,369 acres and private interests 15,570 acres.

Parks and Wildlife Commission Chairman Pearce Johnson questioned wisdom of the trade, however.

**Rates Set**

The State Insurance Board has set medical malpractice rates in the state's assigned risk pool 40 per cent lower than the industry asked for. Doctors insured through the risk-sharing pool will pay 18 to 20 per cent more than the highest rates charged by companies writing insurance voluntarily.

New rates for the Texas Medical Liability Insurance Underwriting Association (JUA) will cover physicians, surgeons, hospitals, podiatrists and nurse anesthetists who cannot obtain profession insurance on the open market.

The Board asked JUA to re-submit its rate filings, terming those first submitted excessive.

Base premiums for \$100,000/\$300,000 limits for non-surgical physicians in Harris County were set at \$1,800 and at \$1,200 for the same class of physicians in the rest of the state.

Rates were adopted for more than 30 classes of physicians and surgeons including doctors normally classified as "high risks."

Neurosurgeons and orthopedic surgeons will pay highest premiums—\$14,000 in Harris County and \$9,600 in the rest of the state. Harris County plastic surgeons will pay \$10,800, those in other areas \$7,200.

Hospital rates are \$420 per bed plus \$42 for ever 100 out-patient visits.

**Constitution Aired**

Secretary of State Mark White announced a program to encourage voter registration for the November 4 constitutional revision election.

White also said an all-out effort will be launched to encourage voters to study the proposed document.

Proponents and opponents of revision will outline their views at a conference sponsored by Texas Press Association, Texas Daily Newspaper Association and Texas Association of Broadcasters here Sept. 19.

**AG Opinions**

Texas Department of Public Safety may provide criminal history information to the State Bar of Texas and Department of Public Welfare to assist in

**Home Owners**

Home Owners in this area will be given an opportunity to have their homes brought to life again with new vinyl siding at a very reasonable price.

This siding will be of particular interest to all Home Owners who are fed up with constant painting and maintenance costs.

It is 40 times the thickness of ordinary paint; carries a 30-year guarantee; and provides 100 per cent insulation in both summer and winter thereby lowering costs of air conditioning and heating.

It can be applied to any type of home.

Home Owners who act now will be offered a special business proposal for helping us get acquainted in this area.

licensing responsibilities, Atty. Gen. John Hill held. In other recent opinions, Hill concluded:

- Texas Student Publications at The University of Texas is no longer a legal entity and cannot hire an attorney without regents' approval.

- Temporary and part-time state employees accrue sick leave, but leave for the part-timers is acquired on a proportionate basis.

- The Employees Retirement System of Texas may grant credit for service as a county attorney to a qualified member of the System.

- The Teacher Retirement System can purchase insurance for liability under the Texas Tort Claims Act. Insurance for the System's building, contents and papers may also be purchased, but workmen's compensation coverage may not be.

### Appointments

Gov. Dolph Briscoe named William N. Allan of San Antonio and William D. Parish of Weslaco to Texas Air Control Board and reappointed Fred Hartman of Baytown.

Other recent Briscoe appointees included: Arlyn Kloesel of Austin and Doyle Harrell of Fort Worth (reappointment) to the State Board of Pharmacy; Tully Shahan of Brackettville as 63rd district attorney; Carroll C. Curry of Itasca to the Texas Board of Licensure for Nursing Home Administrators; Dr. William Thomas Arnold of Houston (reappointed) to Gulf Coast Waste Disposal Authority; Hyden A. Albert of Austin and Gene R. Danish of San Antonio (reappointments) to the Polygraph Examiners Board; Mrs. Blake Sparenberg of Austin to the State Board of Canvassers; John H. Kultgen of Waco (reappointment), T. J. Richards of Paducah and Talmadge D. Steinke of Waco to the Board of Regents of Texas State Technical Institute and William L. Connell of Wichita Falls, R. Edmonds Palm of Fort Worth and Abelardo Villarreal of Alice (reappointment) to the Governor's Committee on Aging.

Rex C. Cauble of Denton, Lucien Flournoy of Alice and David Witts of Dallas were selected chairman, vice-chairman and secretary of Texas Aeronautics Commission. Cauble and Flournoy were re-elected.

When making a trip, plan a schedule that considers the children's regular meal and bed times, advises Mrs. Ilene Miller, family life education specialist with the Texas Agricultural Extension, the Texas A&M University System.

### No Gas Shortage

Texas should not have a severe natural gas shortage this winter, Governor Briscoe said after an organizational meeting of his new energy council.

The Governor said he does not believe Congress will allocate Texas gas to other states.

Briscoe and Lt. Gov. Bill Hobby urged more emphasis on developing new sources of energy—including solar, wind, geothermal and waste material burning.

### Short Snorts

Texas officials filed suit in Washington in an effort to keep the state out of federal Voting Rights Act coverage.

An Austin district judge refused to grant a temporary restraining order sought by Texas Association of Proprietary Schools to prevent enforcement of new Board of Education rules.

Oscar Laurel of Laredo has resigned as Good Neighbor Commission director, effective December 31.

Sept. 21-27 has been designated Highway and Transportation Week.

Cigarette stamp taxes increased \$5.2 million in the last fiscal year — to a total of \$247.6 million.

Comptroller Bob Bullock said \$22.9 million in unemployment benefits were paid to jobless Texans last month.

Texas Animal Health Commission declined to change state regulations to comply with new federal standards for control of brucellosis in cattle herds.

## Roving Reporter... Career Education Program May Be Adopted By MHS

by Cherie Billingsley

Hello Readers! This is your Roving Reporter with another first hand report on those "always on the move" M. H. S. organizations.

This past Monday the McLean Tiger band traveled to Amarillo, to participate in the Tri-State Fair parade and then on to the fair to have some fun.

When the band students finally got settled in the bus and all instruments had been loaded it was 7:30 a.m. cold foggy, and crowded. With the help of Mr. Kirby's expert bus driving, a few songs, and jokes the band finally made it to their destination.

The band was placed between KFDD and the Khiva Klowns which proved to be an interesting combination. When the temperature had risen about 30 degrees and everyone was beginning to suffer from too much parade rest, the 77th unit of the parade was at last ready to forward march. It's strange how a band can stand for an hour waiting to march and then finish the parade in 10 minutes and manage to remain smiling, but the M. H. S. band did. After marching around many obstacles and entertaining the crowds everyone was ready for the fair, where food, drinks, rides, games, exhibits, and pure fun awaited.

Arriving at the fairgrounds and finally getting parked was quite an interesting experience. Mr. Kirby waved good-bye to us and went to find a lost horn case while our sponsors, Mrs. Kirby and June Suggs wondered how they came to a fair with so many students.

Everyone had fun and most were ready to come home. The trip home was almost as much fun as the fair with much singing, teasing, and laughing. The band would like to thank June Suggs and Jeanie Kirby for going along with us and being there when we needed them.

Tuesday the band was still in high spirits with only minor sunburns, tummy aches, and sore feet to regret for a day at the fair.

## Lions Club Have Picnic

The McLean Lions Club sponsored its annual Teacher's Appreciation Dinner last Monday night. The affair took place in the form of a picnic in the city park. All members and families of the Lions Club, the school board members, and the faculty were invited.

Brief speeches by Mr. Homer Jefferson, Boss Lion and Superintendent of school Mr. Jayson Smith, High School Principal, and Mr. John Sollis, Elementary and Junior High principal composed the program.

The local Lions grilled hamburgers served with all the trimmings and finished the meal by serving watermelon.

M. H. S. students were presented a Boy Scout co-educational program when Dan Duncan, spokesman for Vocational opportunities in career education outlined the plan in an assembly. The program is designed to expose high school students to careers which might help them pick their life occupation. An assembly will be held each month in which various experienced people will come to speak about different fields of work, the qualifications necessary to get into particular fields, and what high school students can do right now to help themselves in the future as they think about prospective careers. The program nationally oriented, is a part of the largest youth serving organization in the world.

Mr. Al Cox, the district executive, framed the scheduled programs on; how to get a job, health careers, oil industry, entertainment, aerospace careers, political careers, and military careers. The program has many side benefits which would enable M. H. S. students to go on explorer trips over a large portion of the U. S. for discount rates. Also all students will receive six issues of the explorer magazine during the school year.

Following the explanation of the program Dan Minor, dean of admissions from Frank Phillips College talked in depth about the vocational and technical training offered to those who didn't wish to attend college for 4 years or knew the exact trade they wanted to pursue.

## New Student

by Teresa Mounce

One of our new students this year in M. H. S. is Perri Conklin. Before moving to McLean she lived in Pampa. She is a Junior and her hobbies are painting and writing. Her favorite subjects are typing and American History. When asked how she liked living in McLean, she said, "I enjoy it very much."

DEAN TREW

SAMMY HAYNES

## Tigers of the Week

Two Tigers have been cited by Coach Robert Mears for outstanding play in the Tiger Tigers first two outings this season. Dean Trew, a 170-pound senior, played an outstanding defensive game in the Tiger's 7-0 defeat of the White Deer Bucks. Trew kept the Tiger spirit high and made several key tackles. Sammy Don Haynes, a 165-pound sophomore led the Tigers in the 21-20 victory over Lefors with several dazzling runs to push the home squad down the field.

Coach Mears said that each Tiger chosen as player of the week will wear a special all black helmet for the rest of the season.

## Tigers Receive Spirit Stick

by Becky Henley

Each week during the pep rally the spirit stick, which symbolizes school pride, school spirit, and overall togetherness, is given to a person or a group of people who have shown the most spirit in the past week.

During Tiger football week the spirit stick was given to a deserving group of people, the Tiger football team. Accepting the spirit stick for the team were the captains: Marty Duniven, Todd Darsey, and Dean Trew.

The spirit stick is an honor that every student strives for.

## Tiger Post 1934 and 1944

by Carolyn Bailey

1934

In the September 20th issue, the McLean Tigers and Coach Rush traveled to Erick, Okla. to play the Bearcats. The result of the game was a score of 0-0.

The first P. T. A. meeting of the 1934-35 school year was held September 27.

There was a special chapel meeting. Mr. Harding was in charge of the program and Mr. T. A. Landers introduced Mr. Nininger, director of the Nininger Laboratory at Denver, Colo., who talked to us on meteorites. Mr. Nininger is a special representative of the Smithsonian Institute, and is the author of "Our Stone-Pelted Planet." At the present time he is trying to locate the meteorite that fell last Thursday evening somewhere between Mobeetie and McLean.

1944

There is a total enrollment of 188 in McLean High School. This was made up of 64 freshmen, 47 sophomores, 39 juniors, and 38 seniors. The Tigers opened their season by meeting the Phillips Blackhawks. Just to name a few members of the Tiger team are Billy Jack Bailey, Sammy Haynes, Bill Mounce, Kenneth Simpson, Elton Johnston, and the their coach, John J. McCasland. The Tigers were downed by the Blackhawks 26-6. George Johnson, McLean halfback, took the spotlight by making a punting average of 48 yards.

The Tiger band will be organized under the direction of Mr. Child, the new band director from Blanchard, Okla. Between 30 and 35 students are expected to report for band. The band is glad to get under way and will attend as many of the football games as possible under the war conditions.

Admission at the gate for the games will be 60¢ for adults, 35¢ for high school students, and 10¢ for Junior High and elementary students. Reserve seat tickets are now on sale, and the cost is 50¢ plus 10¢ tax for the packet of four tickets. Bought separately, the tickets will be 25¢ per game.

The Hugo Brandt Concert Co. will present a program of vocal solos and duets, piano solos and drama, next Wednesday evening at the high school auditorium.

A certain parakeet amuses visitors with this simple pronouncement: "I can talk. Let's see you fly."

BECKY HENLEY

## Becky Henley Flame Queen

Becky Henley was crowned 1975 Flame Queen at the Pep Rally Thursday night.

Miss Henley, the 17 year old daughter of Mr. and Mrs. Jerry Henley, is a senior in McLean High School and currently president of the Pep Club. Becky, elected for her dedication and support of the Tigers through her work in the Pep Club, was presented a crown of fiery leaves and a beautiful bouquet of yellow roses, mums, and glads. The Flame Queen is elected annually by members of the pep squad.

FRED PIT

## New Student

by Tammy Pierce

This year in M. H. S. we have many new students and one of them is Fred Pitt who moved from Canyon Lake, Texas. Fred was born in San Antonio, Texas on January 2, 1959. Fred is a sophomore in M. H. S. and enjoys math and general business in school. In Fred's spare time he likes to go hunting and fishing and enjoys tinkering with cars. He is a fan of country and western and hard rock music.

## FFA Members To Go To Spearman

by Johnny Winegeart

On September 23, the McLean FFA Chapter will be going to Spearman for the Top of Texas District Meeting. They will elect district officers. Also they will set time and place for district leader contests. Other business will be setting the date, location and time for the annual district banquet.

escorted by their fathers, Dr. A. C. Wood and Bill Holmes. Miss Smith is a senior at McLean High School and is Tiger Mascot. Miss Holmes, a senior at McLean High School, is president of FBLA.

After the crowning, the McLean High School Band played the national anthem and school song. The McLean High School pep squad performed to the song "Solid Soul" played by the band.

### Band Marches

by Maridale Glass  
Monday, September 15, the McLean Tiger band marched in the annual Tri-State Fair parade.

The band left at 7:30 a. m. and arrived at Amarillo at 9:00 a. m. At approximately 11:00 a. m. it marched. After the parade, the band went to the fair for the afternoon.

The members left Amarillo around 4:30 p. m. and were in McLean by 6:30 p. m.

Potatoes refrigerated for a week may develop a sweet taste because some of their starch changes to sugar. To improve flavor, store them at a higher temperature for one or two weeks before using.

BUTCH CLINES  
New Student

by Gina Layne  
A new addition this year to McLean High School is 15 year old Butch Clines, the son of Jean and George Clines. Butch is originally from Jal, New Mexico but he lived

at Canadian before his father, who works for El Paso Natural Gas, was transferred to Panoma Plant Number 1.

Butch enjoys riding motorcycles.

Butch's favorite subject at M. H. S. is geometry and his favorite teachers are Mr. Smith and Mr. McElroy.

\*\*\* County \*\*\*  
Agricultural Agent  
Texas A. & M. College  
Extension Service

By FOSTER WHALEY

Wheat sowing is at a standstill in the entire Panhandle area. It will take a good rain within the next two weeks in order to have wheat pasture over a wide area of the Panhandle.

For some unknown reason all classes of cattle including light weights advanced are continuing their advance. I can't see anything but a sharp drop especially in light weight calves if we have three more weeks of dry weather.

Heavy steers in the 700 lb. bracket are supposed to be selling close to forty cents. No doubt the continued strong price of finished cattle is affecting these.

A lot of feeders have moved strongly in the black and probably need some feed deductions before Jan. 1. Also there is a growing feeling because of high feed prices that a severe shortage of finished cattle will begin to show up by the end of this year. Feed lots in this area are barely holding their present numbers.

Last week 783,000 head of cattle were slaughtered in the U.S. This was ten percent more cattle than a year earlier but represented only a 1.4% increase in total pounds of beef produced.

The cattle people have several things going for them that the experts of gloom seem to have missed. Pork production is down. So what do you turn to - Beef. With total beef production barely surpassing last year, only recently, it appears the large numbers of cattle are being worked off at an increasing price.

Back to light weight calves or short yearlings. Because of the expected gain cost of fifty cents per pound or better - you will see few light weight calves going direct to feed lots. So what it looks like is more of the same. The bigger you get your stockers the more they will bring per pound. This means a most favorable situation for the man with wheat pasture or forage program. My advise if you are a cow-calf man Cull your cows closely and hold back a part are all of your calf cows and market them as 700 yearlings next Fall.

**WHEAT PRICE SITUATION**  
In my opinion you will soon read of an announcement that a trade has been made with Russia whereby we will receive oil for wheat. This is good politics. Many will get all his labor demands. These will include loading more wheat on U. S. ships plus other labor subsidies. Wheat will show a modest rise.

### Weekend Travel Plan:

# 60% Savings on out-of-state Long Distance Calls.

Travel by Long Distance this weekend and save. When you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) you save 60 percent over the day rate. These savings are also

in effect every night from 11 p.m. to 8 a.m. And when you travel to another state by Long Distance you can afford to stay awhile. Additional minutes always cost less than the first. Have a good trip.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

#### One-Plus Discount Rate Periods

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to 5:00 PM	Day Rate Period FULL RATE						
5:00 PM to 11:00 PM	Evening Rate Period 35% Discount						*Eve 35%
11:00 PM to 8:00 AM	Night & Weekend Rate Period 60% Discount						

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide

**PUBLIC NOTICE**

**SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS**

(S.J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

**PROPOSITION NO. 1 ON THE BALLOT**

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

**PROPOSITION NO. 2 ON THE BALLOT**

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 3 ON THE BALLOT**

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 4 ON THE BALLOT**

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

**PROPOSITION NO. 5 ON THE BALLOT**

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

\$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective on September 1, 1976.

1979.

**PROPOSITION NO. 6 ON THE BALLOT**

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective on September 1, 1976.

**PROPOSITION NO. 7 ON THE BALLOT**

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

stitute a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

policy that the quality of the environment of the State of Texas is to be protected is established and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

**PROPOSITION NO. 8 ON THE BALLOT**

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

**"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."**

If adopted by the voters, will become effective September 1, 1976.

### AVE Courses Still Enrolling

Visitors to the Tri-State  
 Fair will have an opportu-  
 nity to register for Adult  
 Vocational Education course  
 at the Amarillo College  
 booth, to be located in the  
 Arts and Agriculture Build-  
 ing.

Classes were to have be-  
 gun this week, but registra-  
 tion will continue through  
 the third class meeting of  
 each course, said Clair  
 Mayes, supervisor of the  
 AVE program.

In addition to the fair lo-  
 cation, persons may enroll  
 in the registrar's office at  
 either the Washington Street  
 or West Campus administra-  
 tion buildings.

### Young At Heart Have Program

The Young At Heart Club  
 room was opened Thursday  
 for the Home Demonstra-  
 tion agent, Mrs. Elaine  
 Houston and assistant, Mari-  
 lyn Shirley of Pampa who  
 showed a film of bicentenn-  
 ial days of American Fash-  
 ions which was appreciated  
 by a good audience followed  
 by a pot luck dinner.

Those attending were the  
 honorees, Mr. and Mrs. Mel  
 Milk and daughter, Sharon  
 of Clarendon, Mr. and Mrs.  
 Newt Barker, Mr. and Mrs.  
 Roy McCracken, Mr. and  
 Mrs. W. W. Boyd, Cicero  
 Smith, Billy Jack Bailey,  
 Mike Johnson, Pete Rice,  
 Oscar Tibbetts, Ruby Christ-  
 ner, Vela Corcoran, Verna  
 Dorsey, Ruby Boyd, Lena  
 Bailey, Eula Morrow, Ruby  
 Tibbetts, Elizabeth Kunkel,  
 Ruth Kemp, Laura Goodman,  
 Isabel Petty, Mary Groves,  
 Juanita Smith, Marjorie  
 Fish, Nola Crisp, Lavern  
 Brooks, Bertha Smith, and  
 Mrs. Rossin.

The film showed many  
 changes in the past two year  
 and who can contemplate  
 the changes will take place  
 in the next two years.

### Market Report

Grocery bargain hunters  
 will find mostly higher  
 prices across the state this  
 week, according to one ob-  
 server.

However, fryer chickens  
 remain a good value despite  
 a slight price increase—as  
 their quality is excellent,  
 Mrs. Gwendolyn Clyatt  
 noted.

The consumer marketing  
 information specialist is  
 with the Texas Agricultural  
 Extension Service, The  
 Texas A&M University Sys-  
 tem.

Egg prices are up a bit,  
 also, with Grade A, large-  
 size eggs offering the best  
 combination of quality and  
 economy.

Beef prices are about the  
 same—to just a bit higher  
 than last week.

Most markets are featur-  
 ing various lightweight and  
 mature beef cuts at special  
 prices, though, so check  
 ads for family preferences.

She predicted best values  
 on round steaks and roasts,  
 ground beef, stew meat,  
 chuck roasts and steaks.

At produce counters,  
 economy prices and good  
 quality are available in  
 cabbage, carrot, corn and  
 cucumber buys, along with  
 peppers, okra and soft  
 shell squash.

Several varieties of grapes  
 are on the market in quan-  
 tity at good values, and  
 early apples are more plen-  
 tiful.

We're close to end of the  
 season for some small, soft  
 fruits—with more varying  
 of prices and quality. Make  
 selections carefully on pine-  
 apples, peaches, strawber-  
 ries and nectarines.

CONSUMER WATCHWORD  
 Unruly fresh vegetable bud-  
 gets need "beets"—the two  
 in-one food. Both root and  
 leaves are edible.

# BESWITCHED TO ELECTRIC HEAT

Whichever electric heating system you choose for your home, we know you'll be amazed at how practical it is. Electric heating is clean, quiet and environmentally sound because it's 100% efficient at the point of use. The best feature of electric heating is you'll enjoy it for years to come because electric heating will be as modern tomorrow as it is today. And now, it's possible to meet your heating and cooling needs with one unit, one thermostat setting, no matter what season of the year it is. Sound like magic? No, it's the heat pump. We'll be glad to tell you all about it. Call us this week.

## IT'S NOT MAGIC...IT JUST ACTS THAT WAY

### ENERGY EFFICIENCY ALLOWANCE

We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

A Weekly Report Of Agri-Business News

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

## Who Took The Worst Decline? ... Slide, Parity, Slide ... Farm Prices Not All That Good ... One More Time.

Now that most of the experts are agreed that the recession may have finally bottomed out and perhaps things are going to get better, here's a question for you: which group took the worst decline in income? Corporate profits? Agriculture?

**FARMERS' INCOMES** suffered the most. From 1973 to 1975, farmers' incomes dropped almost 40 per cent. Corporate profits were down only around 10 per cent.

And in spite of recent upturns in farm prices, the Texas Crop and Livestock Reporting Service notes that parity as of the middle of August slid to 74, down a point from a month ago and down five points from a year ago.

And despite all the things you might have read or heard about how high the farmer's wheat price had advanced, the farm price for wheat as of mid-August was still almost \$1 below parity. Average Texas wheat price is \$3.77 per bushel; parity is \$4.63. A year ago, the average Texas wheat price was considerably higher than it is now; in 1974 it was \$4.05 per bushel as of Aug. 15.

**TAKE A LOOK** at other farm prices and it's the same old story: most all of them continue below parity, some by wide margins.

On the bright side, corn is above parity--by one cent per bushel.

Oats are 11 cents per bushel above parity. Other grains, however, are below parity. Sorghum, the major cash crop for Texas, is 49 cents per 100 pounds below parity.

One category of livestock--hogs--is above parity. Hog price average in Texas is \$54.70; parity is \$48.40. But other categories of livestock are way below parity. Beef cattle price average is \$29.90; parity is \$56. Calf price parity is \$68.40; average market price is \$24.50.

Look at the cotton price, too. Although cotton prices have firmed up slightly in recent weeks, the average cotton price in Texas is 38.5 cents per pound. Parity is 78.69 cents per pound.

Egg prices are about 16 cents per dozen below parity; turkeys are 15 cents under parity.

**MEANWHILE, CROP HARVEST** over the state continues in stride. Corn harvest is more than a fourth completed; cotton harvest is something more than 10 per cent finished; sorghum harvest is nearing the two-thirds completion mark.

Rice harvest is nearly complete and sunflower harvest on the Low Plains is underway. Soybean progress is good with most of the acreage setting an excellent crop.

Peanut harvest is about 20 per cent complete.

### LET'S REPEAT IT, one more time.

Livestock producers need to continue to submit suspected screwworm samples to the fly lab at Mission. The annual Fall build-up of the pest is and will increase until cold weather puts it to a halt.

Screwworms were widely spread across Texas, from Cameron County on the south to Wichita on the north; from Hudspeth on the west to Brazoria, Walker and Houston Counties on the east, during August.

Officials also recommend that you delay surgery on your livestock as long as possible and use screwworm-approved remedies on wounds on livestock.

## Store Home Canned Foods For Safety

Storing home-canned foods safely will maximize the time, effort and skill spent in preparing them. Sally Springer, a food and nutrition specialist, says,

Homemakers can insure long-term food quality by following three easy steps, she said.

Miss Springer is with the Texas Agricultural Extension Service, the Texas A&M University System.

--Check to make sure the lid sealed correctly.

"The lid should be concave and make a ringing sound when tapped lightly with a metal utensil. If it's not sealed properly, the lid will 'thud' when tapped with metal."

--Remove the ring from

# Accent on Health

J.E. PEAVY, M.D., Director

Someday, man may be able to predict, and even to control, the fury of the storm. But for now, violent storms remain an unpredictable threat to our homes and families. And the most dangerous time of the year lies just ahead.

We've been fairly lucky this year. Texas has been spared from the frightful toll of natural disasters, although several tornadoes have struck and there has been unusually heavy rainfall, flooding and hail in some parts of the state. As the hurricanes season approaches, your Texas Department of Health Resource reminds you to stay vigilant--the worst might be just ahead.

Any natural disaster is capable of causing unforeseeable numbers of victims, requiring immediate medical services. Floods can produce a rapid build up in the population of water-borne pests, such as mosquitoes, which aggravate the health hazards.

When a disaster strikes, the health department joins with other state and local agencies and organizations to fight back with efforts to restore affected areas to normalcy. State disaster headquarters is in a sub-basement at the Department of Public Safety in Austin, where a core of public officials coordinate disaster activities.

In the Department of Health Resources, the Disaster Health Services Program of the Emergency Medical Services Division provides additional resources at the point of need. This is a part of the Texas plan for disaster health and medical care.

Seventeen disaster relief districts, each with a physician directing disaster medical care, are tied into a district civil defense Council which coordinate activities of state agencies with disaster functions. In case of disaster or severe threat--such as an impending hurricane along the coast, the Civil Defense Council is mobilized. Within each district are zones from which supplies and personnel requests emanate.

The Department of Health Resources sends representatives of the Disaster Health Services program to each

disaster area to help coordinate activities of other health department personnel

Within minutes after a tornado dipped down into the heart of Lubbock the night of May 11, 1970, nurse and others picked their way through the rubble to check and salvage vaccines and get them to preplanned emergency headquarters. A

disaster health representative of the State Health Department was on the scene of the tragedy within two hours even though city telephones and electricity were knocked out and transportation disrupted.

Last year the Health Department took over the medical inventory of 101 Packaged Disaster Hospitals similar to the one from which equipment was used during Celia.

A major disaster isn't the responsibility of one agency but demands the coordinated efforts of many to snap back after tragedy. After the tornadoes which hit Burnet and Hubbard, for instance, the Texas National Guard responded quickly with trucks, personnel and helicopters. Representatives of the State Health Department were in the scene within an hour of notification, coordinating disaster health relief.

The Texas Department of Health Resources and its local and regional units have responded quickly and effectively in past disasters. With the resources and personnel at its command, it stands ready always to meet the future emergency needs of the citizens of Texas.

## Cleaning Procedure Course Offered

Cleaning procedures and techniques in the health care facility will be taught by Ben Eberly as part of the Amarillo College short-term health courses.

The class will begin Sept. 18 with sessions held in Room 204 of building A at the West Campus school of Vocational Arts.

Students in the 10-week class will meet from 6 to 10 p.m.

Students will learn the basic knowledge of cleaning products and how to read labels and follow instructions.

The course will be taught by lecture and demonstration.

Anyone interested in the class may enroll in the registrar's office in the Washington Street Administration Building.

"NOW SON... STAND LIKE THIS, THEN SIMPLY PUSH YOUR FEEL LIKE... HELP!"

## ATTENTION CABLE CUSTOMERS

As we have requested in our letter to you to please not call the McLean City Hall to report cable problems. We again renew this request. The people there are busy with city business and can not help with cable problems and billing.

We will have a company representative in the City Hall each Friday to receive your payments and take trouble reports. You must come by to make your payment or trouble reports, as we do not have a phone at the City Hall and do not wish to tie up the city phone.

To report trouble to our Pampa office please call collect 665-2381. Your cooperation will be appreciated.

Thank You
