Mayor to Proclaim Football Week

Mary Gately Mayor Sam Haynes will proclaim September 8-12 McLEAN TIGER FOOTBALL WEEK. The activities for the week are: the Bonfire on Thursday, Sept. 11, 8:30 p.m., at the baseball field. This is where the Club will crown the incoming Flame Queen. The next day Friday, Sept. 12, the Homecoming Rally will be held at the gym. This is the Pep Rally, in which the Homecoming Football Queen will be crowned. Mayor Sam Haynes will also speak at the special pep rally. The rally starts at 3:10 a.m.

A pre-game show will be held at 7:45 p.m., Friday night, on the football field. The Homecoming Football Queen and her court will be presented. The McLean Band and the Pep Band will perform a special presentation. The public is invited to attend the Homecoming Bonfire, Pep Rally, and game, in which the McLean Tigers will be playing the Pirates.

Former Resident Receives Honor

Sergeant William R. Lowe of Antlers, Okla., has received special recognition from the Kelly AFB. Sergeant Lowe, son of Mr. and Mrs. W. W. Lowe of Antlers, was named Outstanding Noncommissioned Officer of the Quarter in unit for exemplary conduct, duty performance and leadership. He is a flight instructor and equipment repair specialist with the 3rd Communications Group. The sergeant attended McLean High School. His wife, Janet, is the daughter of Mr. and Mrs. Thomas Kunkel of McLean.

Fellowship Planned at Baptist Church

An old fashioned ice cream supper will be held at the fellowship hall of the Baptist Church immediately following the Sunday morning service. Those who have recently moved with the church will be honored guests. During the worship service as Alan Duniven preaches, and enjoying visiting with old and new friends over a delicious home made ice cream.

Mrs. D. C. Trent and Mrs. J. C. Butler of Chillicothe visited in the home of Mr. and Mrs. Ott Moore the weekend.

Former Kellerville Resident Dies

Funeral services for Alpha Dee Johnson, 69, were held in the First Methodist Church in Burleson August 24, who died in a Ft. Worth Hospital August 22. Mr. Johnson was born in Montague County. He moved to Burleson from Floydada about a year and half ago. He married Estell Kunkel in McLean in 1939.

Officiating was Dr. Ed Smeltkeopf. Arrangements were handled by Jones Funeral Home.

He is survived by his wife; one son, Doyle of Colleyville; two daughters, Mrs. Karen Thomason of Grandbury, Beverly of Grapevine; two brothers, Doug of Archer City, Vance of Vernon; three sisters, Mrs. Elsie Samples of Mexia; Mrs. Mannie Roberts of Archer City, Mrs. Lora Price of Denton and six grandchildren.

A. C. Classes To Be Opened To Senior Citizens

Area senior citizens are being offered a junior college education free on a non-credit basis.

Beginning Sept. 8, Amarillo College will offer regular credit courses, where space is available to area citizens, 55 years and older, free of charge.

No tuition will be charged. The only expense incurred, said Charlie Gaitner, supervisor of AC Community Service courses, would be in the purchase of textbooks, lab fees, or in courses where facilities other than those of the college are used.

Laboratory classes will be available where the enrollment limit is not filled.

Registration, simplified to the filling out of a card, will be in the registrar's office in the Washington Street Administration Building from a.m. until 5 p.m. Monday thru Friday.

Since the free courses are offered only on a non-credit basis, there are no scholastic requirements. If the courses are taken for credit, said Gaitner, the regular fees and scholastic requirements are necessary.

Offered in the arts and sciences are courses in accounting, anthropology, art, astronomy, Bible, biology, business administration, chemistry, economics, mathematics, music, philosophy, physical education, psychology, sociology, and Spanish.

Offered in the biomedical arts and sciences are child care assistant, mental health, medical records, nursing, and respiratory therapy.

Be A Heart Assc. Member

The Gray County Division Texas Affiliate, Inc. of the American Heart Association met recently to kick off a drive to increase their membership to 2,000.

All interested persons are invited to join the local organization and participate in their activities and functions. Present members are asked to bring ten to twenty new active members into the division.

New as well as established members are donating funds to one of divisions goals of obtaining modern blood pressure equipment to aid the volunteers who devote their time and efforts to the free blood pressure clinics sponsored by the Gray County Heart Division.

By purchasing this particular type of equipment, it would enable volunteers other than nurses to take blood pressure readings.

If each member would obtain 20 new members with a one dollar contribution, the division would achieve this goal.

Causes of coronary disease include high blood pressure, hypertension, overweight, smoking and high serum cholesterol.

An estimated 10 heart patients are seen each day at Highland General Hospital. They are suffering from coronary artery disease (atherosclerosis), high blood pressure, myocardial infarction (heart attack) or congenital heart disease.

Officials stated the coronary care unit at the hospital will average three patients per day.

The CCU requires specially trained nursing personnel. At the present time, such a training program is in progress under the instruction of Dr. C. F. Sparger, thoracic surgeon, and president of the Gray County Heart Division. This Ro-Com course is offered through the Gray County Heart Division and the American Heart Association and under the direction of Frank Phillips College. Students will receive college credit upon successfully completing this course.

The Gray County Division having been recognized as having the most outstanding cardiovascular disease program in Texas for 1974-75, is extending their C.P.R. (cardiopulmonary resuscitation) program to the schools this year with teachers receiving continuing education credit for participation.

The next heart association meeting is scheduled for Tuesday, September 23, at 6:45 a.m., in the conference room of Highland General Hospital. All interested persons are invited to attend. (If you have any questions, Phone 665-3721, Ext. 249 or write Box 2334, Pampa, Texas 79065.

C. C. To Host Golf Meet

Clarendon College will host the 1st Annual Clarendon College Collegiate Invitational on September 19 and 20 at Clarendon Country Club.

The tourney will be a 54 hole affair with 36 holes being played on Friday and 18 played on Saturday. Tournament Director Loyd Waters, golf coach at Clarendon, has announced an outstanding field of college teams that have accepted invitations.

There will be two divisions a Senior College and a Junior College, that will be featuring some outstanding play for golf enthusiasts.

Heading the Senior Division will be Texas Wesleyan of Ft. Worth. TWU is the defending N. A. I. A. National Champion and expected to be a strong contender for that title again this year.

Eastern New Mexico University of Portales will have to be a favorite to win by some. ENMU has consistently placed high year after year in National Competition.

Missouri Valley contender, West Texas State University should create additional interest as they prepare for the 1975-76 golf year.

Other teams entered in the Senior Division are Angelo State, East Central Oklahoma, Mid-Western University, Abilene Christian, and Hardin-Simmons.

The Junior College Divisions will consist of local area teams headed by the Badgers of Amarillo College. The AC golfers of coach Bob Hudson will have to be the favorite and are also picked by some to win the Western Junior College Conference this year. South Plains, Frank Phillips, and Clarendon will complete the Junior Division bracket and all three teams are improved over last year's teams.

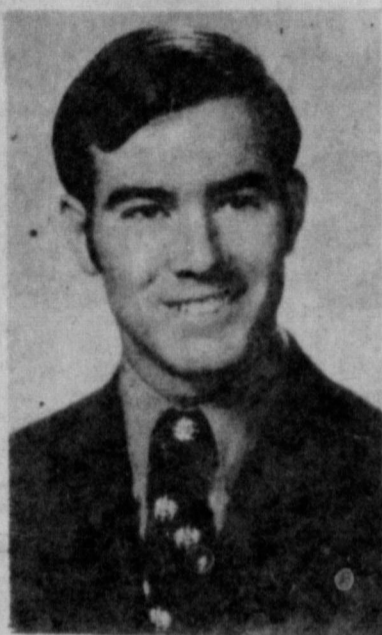

The tournament is open to the public at no charge and all golf fans are invited to Clarendon to watch the event.

City Budget Hearing Set for Tuesday

A public hearing will be held Tuesday night at 7 p.m. for the purpose of adopting a budget for the year 1975-76 for the City of McLean. The meeting will be held at the City Hall.

All interested persons may attend.

Visiting in the home of Mr. and Mrs. Josh Chilton over the weekend was Mr. and Mrs. Johnny Chilton, their grandson Ralph and his wife Pat, all from Hale Center, and daughter Mrs. Lajune Blackshear and grandson Royce from Albuquerque N.M.

ALAN DUNIVEN

Alan Duniven To Preach At Baptist Church

Guest speaker for the Sunday evening service will be the son of Mr. and Mrs. Bob Duniven. Alan moved to McLean with his parents, three brothers and one sister in 1965. He is a graduate of McLean High School. For two and one half years Alan was a student at WTSU. He enlisted in the Army and served a four year tour of duty. In 1969 he was married to Linda Wilson. Alan and Linda have one son, Steven Scott. The young Duniven family made their home in Amarillo. They are active members of Tascosa Baptist Church. Recently Alan committed his life to the ministry. His friends and former class mates are invited to hear him preach at the 7 p.m. service here at First Baptist Church Sunday evening.

Senior Center To Sponsor Program

By Mrs. Elaine Houston, H.D.A.

The Senior Center Young At Heart Club will sponsor a program and covered dish luncheon Thursday, Sept. 11 at 10:30 a.m. in the Senior center at 112 Main St.

Elaine Houston, County Extension Agent will be on hand to present a program on Fashion - the past 200 years. The slide presentation will feature fashion styles as they were two hundred years ago and how they have changed through the years.

Following the program, the group will have a covered dish luncheon. The public is invited to attend.

If you have questions or need additional information contact Mrs. Vela Corcoran at 779-2262.

Visiting with Mrs. J. A. Wheeler and Dick Sunday was Mrs. Foster Burgin and Mrs. Jimmy Burgin and baby of Groom and Mrs. Doug Thompson and baby boy of Garland.

Tigers To Open Season Against White Deer Friday

By Betty Holmes

The McLean Tigers plan to open their season with a roar as they visit White Deer's Bucks this Friday night.

Tiger Head coach Robert Mears, said, "We expect a tough battle. White Deer always seems to get ready for McLean. We're healthy; we don't have any injuries besides some bruises. We've made a lot of progress in the last two weeks. We think we can play with anybody with the exception of a couple of teams." When asked which he felt would be the toughest in our district, he cited Memphis and Wellington as top contenders.

The Tigers team, composed of twenty four high-spirited athletes, is getting ready for a change of pace this year. Six seniors should make a difference in leadership of the gridders.

Backfield players in their starting positions are quarter back, Marty Duniven; running backs Curtis Simpson and Gary Danner; flanker Sammy Don Haynes; split end, Billy Terry and tight end, Morse Haynes. Chris Moore and Ken Parker will start at tackle. Guards are Todd Darsey and Dean Trew. Scott Haynes will play the center position.

The Tiger defense is composed of noseguard, Chris Moore; tackles, Ken Parker and Scott Haynes; ends, Billy Terry and Todd Darsey; linebackers, Dean Trew and Gary Danner; Corners, Morse Haynes and Sammy Don Haynes; and safeties, Curtis Simpson and Marty Duniven.

Coach Mears summed up the situation coming up Friday night by saying, "It's been quite a while since McLean won a game, but if we play well, we think we can beat White Deer. The kids need everybody's support."

Visitors in the Oba Kunkel home over the weekend was Mr. and Mrs. Jerry Kunkel and Michael, Mr. and Mrs. David Upton, Angellia and Gary of Amarillo, Mr. and Mrs. Claude Schaffer of Groom and Mrs. and Mrs. Virgil Elms of Clovis, N.M.

WHICH AM I?

There are two seas in Palestine. One is fresh and the other is in it. Splashes of green adorn its banks. Trees spread their branches over it, and stretch their thirsty roots to drink of its untainted waters.

Along its shores the children play, as children play when the Christ was there. He could look across its silver surfaces when He spoke His parables. And on a rolling plain not far away He fed five thousand people. (Matt. 14:13-21)

This River Jordan flows on south into another sea. There is no splash of fish, no fluttering leaves, no singing birds, no children laughing. Travelers choose another route, unless on urgent business. The air hangs heavy above its water and neither man nor beast now will drink of it.

What makes this mighty difference in these neighboring seas? Not the Jordan River. It empties the same good water into both. Not the soil in which they lie, nor the country round about!

This is the difference. The Sea of Galilee RECEIVES but DOES NOT KEEP the Jordan. It gives even as it receives. For every drop that flows into it another flows out. The other sea is, some would say, shrewder, in that it hoards its income jealously. It will not be tempted into any generous impulse. Every drop it gets, it keeps. The Sea of Galilee gives and lives. The other sea gives nothing. It is properly named the Dead Sea. There are two seas in Palestine. There are two kinds of people in the world. Which am I?

 TEXAS PRESS ASSOCIATION

AUSTIN — Organized crime is involved in Texas prostitution, bookmaking, fencing stolen goods, car theft and drugs, according to the latest report of Texas Organized Crime Prevention Council.

The Council's latest annual report estimates \$1 billion in illegal bets were placed with bookies last year, turning profits of nearly \$121 million.

Bookies were said to be operating in Belton, Brownsville, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, Midland, Odessa and Wichita Falls and regularly contacting others in 117 Texas cities and 119 in other states.

Placing illegal bets on college and professional basketball games was pegged as the state's largest organized crime activity of 1974.

However, the Council said 1,628 prostitutes, 535 procurers and 89 madames have been identified by the Texas Department of Public Safety over the last seven years.

Income to organized crime from prostitution was estimated at about \$127 million annually, with prostitutes earning an average of \$1,500 a week.

The Council said no Texas membership in La Cosa Nostra has been identified, but more than 200 Texans are believed associated with the Dixie Mafia operating in Alabama, Florida, Georgia, Louisiana, Mississippi and other southeastern states.

Insurance Hearing Set
 The State Insurance Board tentatively set its annual hearing on automobile coverage rates October 1, and the industry is making no secret of the fact another increase will be asked.

Industry spokesmen said

inflation and increasing "average loss" cost will force rates up, though accident frequency may have declined slightly.

The Board granted an average 8.8 per cent rate increase for auto insurance effective last January 16 — less than half the industry's request. Rates are set on the basis of losses and future projections. The October 1 hearing date conceivably could be postponed.

Hot Oil Probed

Atty. Gen. John Hill and the FBI have joined in the investigation of an alleged major crude oil theft ring which might extend into Louisiana.

Hill said thefts have occurred in West Texas (three were arrested in the Balingier area) and in the Cherokee Field of Milam County.

A Railroad Commission representative said "spotters" for the thieves find out where oil is stored on leases, and participating truckers roll up in early morning hours to load the oil and haul it to a refinery with bogus credentials from an East Texas independent oil

The Bill Lankford family of Amarillo visited Sunday and Monday in the A. W. Lankford home.

Mrs. Luther Petty was returned to her home Sunday by her daughter and son-in-law, Mr. and Mrs. H. M. Billingsley, after spending five weeks in their home recovering from an illness.

During the time, she visited in the home of her grandson and family, the Vernon Kennedys, south of Amarillo; with her niece and husband, Mr. and Mrs. Elton R. Walker, in Amarillo; and with Mr. and Mrs. H. H. Billingsley.

While gone, her 85th birthday anniversary was celebrated as of August 17, in Amarillo and at Abilene a week later when she attended the wedding of her granddaughter, Joan Petty, on August 23. Others of her family attending the wedding were Frances L. Petty of Midland; Mrs. Nora Loveland of Dallas; and Mrs. H. M. Billingsley of Amarillo. Mrs. Billingsley's daughter-in-law and children, Mrs. Vernon Kennedy Tina, Rodney and Ronald,

operator.

Roy Payne, Railroad Commission field operations director, said a syndicate appears to have been set up to steal the costly crude oil. Hill said he suspects an organized theft ring, possibly extending across state lines. Some operators complained of thousands of dollars in losses.

"Recovery Begins"

Texas economic recovery, after a downturn, is starting slowly, according to The University of Texas Bureau of Business Research.

Encouraging signs included rising urban residential construction, a decrease in the seasonally-adjusted unemployment claims, lengthened work week and an improving job picture in individual labor market areas.

Austin, Dallas-Fort Worth and Houston areas reported large job increases. Corpus Christi, Longview-Marshall, McAllen-Pharr-Edinburg, Midland-Odessa, Tyler and Waco areas showed small increases in June. El Paso and Lubbock registered significant decreases in June employment.

AG Opinions

Attorney General John Hill held bonds required on mobile homes cover liability only insofar as it grows out of the warranty of the manufacturer or dealer. He said surety on the bonds may minimize liability by requiring that its principal carry products liability insurance against such loss.

In other recent opinions, Hill concluded:

- A new law authorizing payment of compensation to state employees killed or injured while performing duties of a hazardous position is subject to strict interpretation and definitions.

- A public hospital may contract with a private hospital for care of charity patients.

- Building information submitted to a public body as a requirement for a building permit is public. Whether plans are public is a question of fact.

- A justice of the peace may hold court for any other justice whose precinct is in the same county.

- Juvenile probation officers in Tarrant County are not subject to the county civil service act.

- Ten dollars of each optometrist renewal fee must

HIGH PLAINS DOVE FORECAST

By J. D. Peer
 Summer rains have
 brightened the overall
 hunting picture for the
 Texas dove hunter. Mourn-
 ing dove hunting prospects
 in northwest Texas are
 good with plenty of sun-
 flower, weed and grain
 fields available for the
 birds.

A mid-August survey of
 Texas Parks and Wildlife
 Department game wardens
 throughout the Panhandle
 and South Plains came up
 with these outlooks:

According to Game
 Warden Calvin Tow, the
 Dalhart area of the Texas
 Panhandle should furnish
 above average hunting op-
 portunities for doves with
 good shooting both in the
 grain fields and at the wa-
 tering holes.

East around Perryton and
 down to Canadian, water
 holes are full and Game
 Warden Bill Rogers looks
 for better hunting in the
 grain fields. Dove have
 not flocked together and
 the dove will stay as long
 as the cold fronts do not
 reach into Panhandle.

Off the Caprock along
 the eastern counties near
 Matador, dove prospects
 look average according to
 Game Warden Ronnie Van-
 diver. The grain in this
 area is late this year due to
 the necessity of replanting
 and a normal number of
 doves have been observed.

The same condition hold
 true for the remainder of
 the South Plains with an
 average crop of dove being
 reported by Game Warden
 Rue Gambol at Snyder.
 Heavy rains in the area
 could affect the water hole
 shooting.

Commercial sunflower
 fields estimated at 300,000
 acres should furnish excel-
 lent shooting opportunities
 as soon as the seed crop is
 harvested.

All P&WD personnel con-
 tacted above dove population
 indicated the 1975 season
 should be better than 1974
 when drought and low yield
 grain crops hurt the dove.

The approaching dove
 season will be affected more
 by the unpredictable cold
 fronts that cross the plains
 of Texas in late August and
 September. Dove hunters
 are keeping their fingers
 crossed concerning the wea-
 ther and shotguns oiled as
 the Sept. 1 season draws ne-
 ar.

Dove season in the north
 zone of Texas which includes
 all of the high plains is
 Sept. 1, through Oct. 30,
 1975, with the usual bag

Few Die From Snakebite

Snakebites very seldom
 kill.

Some 45,000 persons are
 bitten by snakes each year
 in the United States, says
 the Texas Medical Associa-
 tion.

Of the 45,000 bites, some
 8,000 are by venomous
 snakes. Despite these many
 bites by poisonous snakes,
 deaths from snake venom
 poisoning have not exceeded
 12 per cent in the past five
 years.

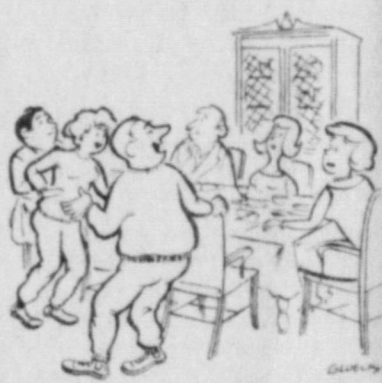

In some 20 per cent of
 the bites of poisonous snakes,
 no venom is actually inject-
 ed.

While there are more
 than 3,000 species of snakes,
 only 300 or so are suffici-
 ently poisonous to be of danger
 to man. In the United States
 there are some 120 species
 of snakes, about 20 of which
 are venomous. These latter
 include rattlesnakes, cotton-
 mouth water moccasins,
 copperheads and coral snakes

Injection of antivenin as
 soon as possible after the
 bite is highly important in
 treatment.

Incisions over the fang
 marks and suction from the
 cuts are helpful only within
 the first 30 minutes after the
 bite. A tourniquet above the
 bite may help. The patient
 should be kept warm, not
 allowed to walk or be given
 alcohol, and should be given
 constant reassurance.

The most important act
 following snakebite is to
 get the victim to a hospital
 or doctor as quickly as pos-
 sible. New studies have
 shown that the antivenin
 is most effective when
 given within four hours of a
 bite, the earlier the better.
 It is of less value if delayed
 for eight hours, and of ques-
 tionable value after 24 hours

"Sorry to have to eat and run like this..."

and possession limits of 10
 and 20 birds respectively.
 Shooting hours for the
 north zone will be from 12
 noon to sunset daily.

Divorces Are Rising, Marriages Dropping

During the 12 months end-
 ing August 1974, the estimated
 number of marriages in the
 U.S. was about 2,233,000, and
 the number of divorces was
 948,000, according to a Census
 Bureau demographer.

For the first time since the
 late 1940's, the marriage total
 for a 12-month period was
 significantly smaller (by 68,000)
 than it had been in the pre-
 ceding year. However, the di-
 vorce total for that period con-
 tinued to rise (by 56,000) above
 the level of the preceding 12
 months.

FBLA Have Money Raising Project

By Gina Layne
The McLean FBLA (Future Business Leaders of America) members are presently selling magazines, records, and tapes in McLean and the surrounding area to raise funds for their 1975-76 school year. The members of FBLA and their sponsor, Mrs. Jan Johnston, met last Wednesday in the auditorium to discuss the fund raising program. Each member is required to sell at least \$120 worth of magazines, records and/or tapes if he or she plans to make the trip to the state FBLA convention in Dallas. There will be valuable prizes given away to the top salespersons, and each member reaching the goal of \$120 will receive a small prize. The proceeds of this program will be used in working on FBLA projects and making the trip to the state convention in March of next year.

Roving Reporter...

By Cherrie Billingsley
Hello everyone! Welcome back to another year of news worthy items brought to you by the members of the M.H.S. Tiger Rag newspaper team.
This is your roving reporter and I'd like to kick our new season off to a good start by giving you a first hand report of Tiger feelings during the scrimmage between the McLean Tigers and the Miami Warriors.
I'm right here on the side lines talking to the Tigers. How do I know their tigers? Cause their Great!
Well how does it feel to be a member of the M.H.S. Tiger football team? This is the questions I asked many Tigers and here's some of the answers I received... "Snarl, Grunt, "Growl," "We've really gotta alot of Tiger spirit and we are really ready to begin this football season," "I feel we have come a long way," and then of course I received more growls, snarls and grunts. I even got one meow but I'm sure it must have been a warrior pussy footin around when he should have been playing football.
The scrimmage ended with both teams pretty well even and not quiet ready to finish.
I'm sure all you Tiger football fans were on hand to cheer the Tigers on, and will be at White Deer this Friday when the McLean Tigers battle the White Deer Bucks.
Bye for now, and remember when you see news happening that curly headed person with the pad and pen is me, your roving reporter.

Student Pictures Are Taken

By Maridale Glass
On Tuesday, August 26, the student body of MHS engaged in many various suicidal activities, otherwise known as picture taking day. Even though the publications staff attempted to organize the event, chaos ruled. The emotional note for the day was set when the photographer (a brave and patient man from Oklahoma) climbed to the top of the fire escape, wrapped one arm around the rail, and leaned out over the vast emptiness to take the first picture.
Eighteen group pictures and 2-- individual pictures later, the photographer and staff were ready to begin taking senior proofs. The group moved to the sponsor's air conditioned house, since the temp weather had been hovering between 94 and 96 all day. Seniors came and went in a variety of clothing, posing in every thing from chaps to pink chicken feathers. At 8 p.m. two weary photographers--packed their feather, hair spray, lights, cameras, film, and fake brick walls, and headed for their next school. The annual staff and their sponsor compared sunburns, blisters, and frayed nerves, and agreed it had been a small success in the long run, the very long run, the very long....

Rodeo Club Plan Money Raising Project for the Year

By Cherrie Billingsley and Delinda Howard
The M.H. Rodeo Club met Monday night the 25th to discuss plans for money raising projects, M.H.S. Rodeo dates, and to decide what should be done with the money the club has in its treasury.
The members from the 74-75 school year, president Greg Tolleson, vice president Todd Darsey, secretary Delinda Howard, treasurer Cherrie Billingsley, Leisa Gabel, Dale Steel, Jerry Rollison, Greg Henley, Van Horn, Scott Raines, and Mike Harkins, and new members, Robbie Turpin, Kelley Moore, Marshall Hanes, Ken Parker, Tom Eck, Randy Stewart, Joe Creed Lamb, Chuck Pierce, and David Tolleson.
The M.H.S. Rodeo Club is looking forward to a good year and would like to thank the people of McLean for their previous support and ask for their support in the upcoming year.

MARKET REPORT

"Reasonable" turkey prices are getting end-of-summer attention at meat counters, Mrs. Gwendolyne Clyatt said this week.

Prices are lower due to a larger-than-usual turkey crop produced last year--with another crop expected in a few months, the consumer marketing information specialist explained.

Fryer chickens, however, are up in price.
"At beef counters, features are scattered, but some appear on chuck roasts and steaks, round steak and ground beef--with a few on sirloin and rib cuts," she added.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Summer (soft shell) squash underscores vegetable economy this week, while moderate prices accompany supplies of cabbage, okra, carrots, corn, cucumbers and

cashew.
"Most fruit counters are well stocked with cantaloupe, watermelon, plums, peaches, nectarines and seedless grapes," the specialist said.
At dairy counters, milk continues to be a good value and, elsewhere in most grocery stores, canned tuna is a feature.

CONSUMER WATCHWORD: Non-fat dry milk is a "convenience" food that helps the grocery bill.

It stores easily--with a six month shelf life, and there's no waste, because it's mixed as needed. Once it's reconstituted with water, refrigerate it like fresh milk.

"Nothing improves a person's driving more than police car right in back him."

break, at lunch, and after school. The money made by the vending machines will go to the student council and cafeteria.

Back To School Fashions

Back to schoolers will wear prettier, more sophisticated clothes than last year, Marlene Odle, clothing specialist, reported this week.

"Big tops and striped and figured sweaters coordinate with pants and skirts for a stylish appearance.

Pinafores and jumpers take the head of the dress class. And the butcher apron will be a new look this fall.

Sportswear stays popular with the two-piece denim look in plain and patchwork for jeans and shirtjackets as a favorite.

Fall colors are loden, forest and olive greens, and earth tones and rusts. Burgunies and plum, camel and gray will be fashionable too.

Turning to fabrics, the specialist noted that corduroy in prints and solids, and fannels with suede trim are the favorites.

Saddle oxfords and crepe soled platform loafers teamed with brightly colored knee socks and toe hose complete the school look, she reported.
