## Half Million Dollar Raise In Renditions

### Equalization Board To Meet Aug. 12 to Hear Hiked Taxpayers

Property renditions for tax purposes in Crockett county will be raised nearly a half million dollars for this year if proposed hikes in taxable values as made by the county Commissioners Court sitting as a board of equalization at its last meeting are allowed to stand as raised.

Fifty-four taxpayers, including oil companies, pipe line companies, utilities, and individuals are affected by the raises proposed by the court. Notices have been mailed to these affected taxpayers, and publication of the list is made in this issue of the Stockman, advising them of the proposed raise and inviting them to appear before the Final Board of Equalization meeting scheduled for August 12. At that meeting, representatives of the companies and individuals whose renditions are raised will appear before the court to present the taxpayers' side of the case, the resulting conference and investigation to determine the final amount at which each rendition will stand.

Rendition of the Humble Oil and Refining Co. took the sharpest jump at the hands of the board, an increase of \$94,460, from \$45,520 to \$139,980. The Illinois Pipe Line Co.'s was the next highest raise, from \$135,835 to \$227,825, a raise of \$90,990. The Texas-New Mexico Pipe Line Co. was raised from \$261,450 to \$309,450, a jump of \$48,000 in value. The Gilcrease Oil Co. was raised a total of \$39,500. The Humble Pipe Line Co. valuation is raised \$30,000, from \$232,100 to \$262,100. Other raises are from \$25,000 down to as little as \$4. The total raise in renditions of the 54 taxpayers was \$478,333.

## Laundrymen Fly First Half Flag Softball League

### Final Two-Months Series Launched With Games This Week

The riotous squad of softballers playing under the banner of the Ozona Laundry and captained by Arthur Kyle snatched the first half championship of the city softball league last Friday night by thrashing the Williams grocery boys by the resounding score of 25 to 15.

The championship was decided by a two-game elimination after three of the four teams in the league closed the first half at a dead heat. The championship play-off opened Wednesday night of last week with a game between the Water Works and Williams teams, the latter copping the contest by a count of 13 to 10.

The league, with one team under a new name and new management, launched the second half series opening Monday night, with the Water Works team taking a one-sided contest from the Williams crew. Tuesday night saw the first half champion Laundry lads take on the newcomer Texacos, formerly Humble, and now under the management of Hartley Johnson. The decision was in favor of the laundry by one point in a hard-fought battle.

Last night's game, between the winners of the first two games, the Water Works and Laundry, decided the league leadership at the jump-off, the Water Works aggregation trouncing their opponents 4 to 3 to lead the pack for the first three games played. Tonight the two initially beaten teams, Williams and Texaco, will tangle to decide which shall occupy the cellar until next week's series.

## England Moves German Prisoners to Canada

The Germans have landed in Canada, as this photo shows. But they came as prisoners of war and not as conquerors. The above detachment are shown marching through train sheds in Quebec, on their way to Canadian prison camps. Canada was regarded as an extremely safe place for these prisoners because they are all specialists, including air pilots, parachutists and navy men. Originally imprisoned in England, they were moved to prevent danger during Hitler's attack on England.

## Shower Helps Water Company Catch Up On Supply Menaced By Heat Wave That Descended After Storage Tank Cleaned

### Pumps That Have Ground On For 18 Days And Nights Raise Water Level

Home owners who take pride in flower gardens and pretty lawns were no more pleased at Tuesday afternoon's hard shower which fell on Ozona than were the men who maintain the city's water supply through the Ozona Water Works, even though the shower meant loss of revenue for the company through the relief furnished by nature to the gardens and lawns.

J. A. Sparks, engineer, and Bryan McDonald, manager, of the Water Works system were out-praying the ranchmen of the county for a rain, or even a shower, just enough to give the lawns and gardens a good watering so the customers would shut off the water long enough to give the pumping equipment time enough to catch up on its reserve water supply.

Today marks the eighteenth consecutive day in which all the pumping equipment on the water works hill has been going full blast 24 hours a day—and the shower Tuesday afternoon furnished the breathing spell necessary for the pumps to make an appreciable gain in the tanks.

The water company was put in a squeeze eighteen days ago when the management took advantage of the then rainy spell to drain and clean out the big million and a half gallon storage tank atop the hill. Immediately after this work was completed, the rains stopped short and a blistering hot wave set in that dried up yards and flower beds and increased the water consumption to a mid-summer peak.

Pumping approximately 400 gallons a minute into the smaller tank from which the water is boosted into the big storage tank, the pumping equipment was barely able to keep up with the demand on a 24-hour shift. It was more than five days after the big tank was drained before the pumps were able to put enough water in to cover the bottom of the big reservoir. In the last week or more, however, the water level has been climbing and with the shower over the town this week to help, the reserve has been built up to a comfortable level, a little over halfway to the top of the big tank—but the big Diesel engines which have not cooled in nearly three weeks are still grinding away night and day to increase the margin of safety.

### 2 INCH SHOWER

A hard shower here Tuesday afternoon registered a total of 2 of an inch of moisture, falling in the space of a few minutes. The shower was concentrated on the town, however, covering very little country outside the city area.

## French Fighter

Gen. Charles de Gaulle, under-secretary of war in Paul Reynaud's cabinet, who heads a French war committee in London to continue the war against Germany. He has jurisdiction over all French citizens in England.

## Await Work Order To Spud New Todd Continental Well

### Soma To Drill No. 2 Noelke; Hoover Well Pumps 52 Bbls.

Drilling crews here were awaiting work orders this week to start drilling operations seeking a fourth Stawn lime producer for Continental Oil Co. and others on the J. S. Todd estate ranch 15 miles northwest of Ozona.

No. 4-B Todd, third and largest producer in the Todd deep field, came in flowing Sunday, July 7, producing 580 barrels of 41 gravity oil in four hours by natural flow. The new well is a quarter mile south extension to the Conoco Todd field, bottomed at 5,765 feet. The official Railroad Commission gauge through two-inch choke off seven-inch casing gave the well a daily potential production of 3,480 barrels of the high gravity oil.

Soma Oil and Gas Syndicate, which drilled the sensational discovery well on the W. T. Noelke ranch on the western edge of Crockett county, which blew oil and gas several hundred feet into the air for three days before being killed, has announced location of its No. 2 Noelke, 950 feet northwest of the discovery well. The new test is to be 467 feet from the north, 1,400 feet from the west line of section 30, GG-HE& WT.

Olsen Drilling Co. No. 1 A. C. Hoover, 10 miles east of the Soma strike, pumped 52.63 barrels of 30 gravity oil in 24 hours. Total depth is 2,145. Pay was topped at 1,994.

## More Oil Leases Made On Acreage South Of Ozona

### Stanolind Takes Additional 10,000 Acres In New Area

Oil leasing activities in Crockett county in the area south of Ozona continued during the past week, with an additional 10,000 acres of land out of holdings of five ranchers reportedly leased by Stanolind Oil and Gas Co., bringing that company's holdings in that area, heretofore commanding little interest on the part of oil companies, to approximately 35,000 acres.

Blocking of the acreage in the new leasing activity in a southeasterly trend from the line of the deep production areas in the Big Lake field and the J. S. Todd estate fields, the latter 15 miles northwest of Ozona, has aroused some speculation here of possible deep explorations along the course of what is believed to be geological tracing of the deep oil production trend, in a southeasterly direction on a line lying a few miles west of Ozona.

It was understood that new leases were obtained by Stanolind this week on ranches of V. I. Pierce, Arthur Phillips, George Bean, Jones Miller and Babe Phillips, with approximately 2,300 acres from the Pierce ranch, 1,600 from Arthur Phillips, 4,500 acres from George Bean and a section each from Jones Miller and Babe Phillips. The prices was said to have been \$1 an acre bonus and 25 cents an acre annual rental.

This leasing was in addition to an estimated 25,000 acres leased recently by the same company out of ranches of J. M. Baggett, Arthur Phillips, George Harrell and Theo Savell.

## Barley Field Near Ozona Yields 18 Bushels To Acre

Eighteen bushels to the acre was the yield of barley from a 25-acre field of the grain planted by Bryan McDonald on a tract out of the Davidson ranch land five miles east of Ozona, he reported after harvesting the grain the first of this week.

A combine belonging to Johnny Fields of Sonora was brought here to reap the barley crop. Barley at 50 cents a bushel makes the yield \$9 an acre.

### IN GIRL SCOUT CAMP

Five Ozona girls are enrolled in the Girl Scouts encampment at er, Nan Tandy, Ruth Townsend, local girls include Priscilla Bak-Camp, Louis Farr this week. The Daphne Meinecke and Barbara White,

## Only Eight Vote Absentee Ballots; Deadline July 24

Absence of local election contests and consequent lack of interest in the July primary or the fact that most Ozonans now away on vacations expect to be back in time to cast their ballot in person on July 27 either may explain the apparent slow voting via the absentee route up to date as reported from the county clerk's office.

Only five ballots have been cast absentee and three others have been mailed to voters on request, the clerk reported. Only one week remains in which voters may cast their ballots in absentee, the deadline being set for July 24.

## Scot Smith Wins Bicycle In Drug Store's Contest

Scot Smith, 9-year-old son of Mr. and Mrs. Elton Smith, was about the happiest lad in the vicinity last Thursday when a final tabulation of the standings in the Junior Business Builders club sponsored by the Ozona Drug Store showed he had won first choice of the long list of prizes and naturally chose the glistening new bicycle.

Sammie Sue Beasley was in second place and chose a radio, Mary Kathryn Flowers third for a camera and Peggy Jeffreys fourth for a movie camera. Sixteen other boys and girls in the contest won prizes. Sally Laxton drew a special gift of the store as the only member of the group attending all meetings of the club. Other prize winners were Billy Joe McDonald, James Speer, Joan Fenner, Billy Rose Schwalbe, Bernard Lemmons, Mercaline Day, Max Word, Preston Williams, Jr., Lila Lee Cook, J. D. Pharr, Sam Perner, Charles Snyder, Fredda Surgay, Joy Hubbard, Elaine Oathout and Billy Joe Runnels.

Other children taking part in the contest were Muggins Davidson, Chappo Morrison, Robert Yancy, Joe Bean, Jack Coates, Lillian Schneemann, Clyde Terry, Jane Augustine, Billie Gene Hill, Berta Sue Brownrigg, Mike Burns Friend, Georgia Nell Senne and Zella Lee Thurman.

## Nine Scouts From Mexican Troop To Camp At Fawcett

Nine Boy Scouts from Troop 63, the Latin-American troop here left Sunday for a week's stay at Camp Fawcett near Del Rio. The boys will be under the direction of Star Scout Leroy Gloria, the troop Scoutmaster Andres Tijerina being unable to accompany the group. The nine boys were given medical examination by a local doctor before leaving.

Included in the party were Leroy Gloria, Juan Zapata, Artemio Munoz, Alfonso Ramirez, Jose Martinez, Armando Reyna, Jose Sanchez-Ramirez, Napoleon Vitela and Felipe Castro.

## Laundry Starts Moving To New Home This Week

Moving operations were scheduled to get under way this week at the Ozona Laundry, which is moving into the new building just completed five blocks north of the present location.

A McCamey trucking firm, equipped with winch trucks and heavy equipment, has contracted to move the heavy machinery of the laundry. The plant is expected to be set up and in operation in its new home by next Monday, W. N. Hannah, manager, said.

### VISIT WICKETT CHURCH

Rev. and Mrs. Clyde Childers spent Monday in Wickett where they visited the Rev. and Mrs. George Rickles, Wickett pastor. Mrs. Childers addressed a meeting of the Woman's Missionary society of the Wickett church Monday afternoon and Rev. Childers spoke to the men at an evening meeting.

## Roping Contest For Drug Store Cowboys Sunday

### Half Dozen Or More Novices To Twirl Loops In Arena

There'll be something new under the sun, both for spectators and ropers, at the fair grounds here next Sunday afternoon when the city's cowboys of the drug store variety will fork borrowed roping horses, come out of the chute (maybe), and toss the lariat at the fleeing Brahma calves in a competition all their own.

This is the announcement of Vic Montgomery, roping club president, for next Sunday's feature entertainment, which, by the way, is to be augmented by another gathering of some of West Texas' top ranch hands in a free-for-all roping contest for entry money purses and special donated prizes.

Some half dozen or more "chump ropers," as some have designated the contestants, are expected to enter the drug store cowboy roping contest. The club managers have promised that a careful selection of the least troublesome of the lot of salty calves will be made for the novices, but a roping horse is a roping horse and they can make no promises that these creatures will wait until the riders are ready before they make their turns in pursuit of the fleet animals.

Already signed up for the afternoon's exhibition are Charlie Butler, L. D. Kirby, Oscar Kost, Rex Russell, Sam Beasley, Hubert Baker, Red Greer and perhaps others.

In addition to the drug store cowboy contest, for which attractive prizes will be offered, a big-time show is promised local fans for next Sunday's show. Invitations have been mailed to some of the leading rodeo performers of this section and a long list of top hands will likely enroll for the afternoon's contests.

A new and interesting contest, similar to the wild cow milking contests of rodeos, was initiated last Sunday, a ribbon contest in which one roper snags the calf, if he can, and the other dismounts, unties a ribbon from the calf's tail and races back to the judge's stand.

## 22nd Dist. Shows Population Gain Of Over 20,000

### Ector County Shows Largest Gain, 11,000 In 10 Years

MIDLAND, July 17.—Population figures of counties and cities in census district 22, announced by Harold M. Fennell, district supervisor, as he closed the district office here last week, showed a total population gain of more than 20,000 in 18 counties. Reports from El Paso county, just outside his district, were not available. His 18, with El Paso county, comprise the 16th congressional district.

Tabulated herewith by counties and cities are popular figures for 1930 and 1940:

County	1930	1940
Brewster	6,624	6,452
Crane	2,221	2,755
Crockett	2,590	2,809
Culberson	1,228	1,653
Ector	3,958	14,954
Glasscock	1,263	1,193
Hudspeth	3,728	3,140
Jeff Davis	1,800	2,367
Loving	195	283
Midland	8,005	11,677
Pecos	7,812	8,137
Presidio	10,154	10,874
Reagan	3,028	1,997
Reeves	6,407	8,137
Terrell	2,660	2,940
Upton	5,968	4,278
Ward	4,599	9,525
Winkler	6,784	6,108
Total	75,024	99,145

THURSDAY, JULY, 18, 1940

Experts Survey the Farm Problem

Fortune recently held a "round table" meeting for the purpose of surveying farm policies, from a straight business-like, non-political point of view.

They pointed out that failure of export markets is hurting farmers, and that agriculture needs assistance to get back to some sort of parity level.

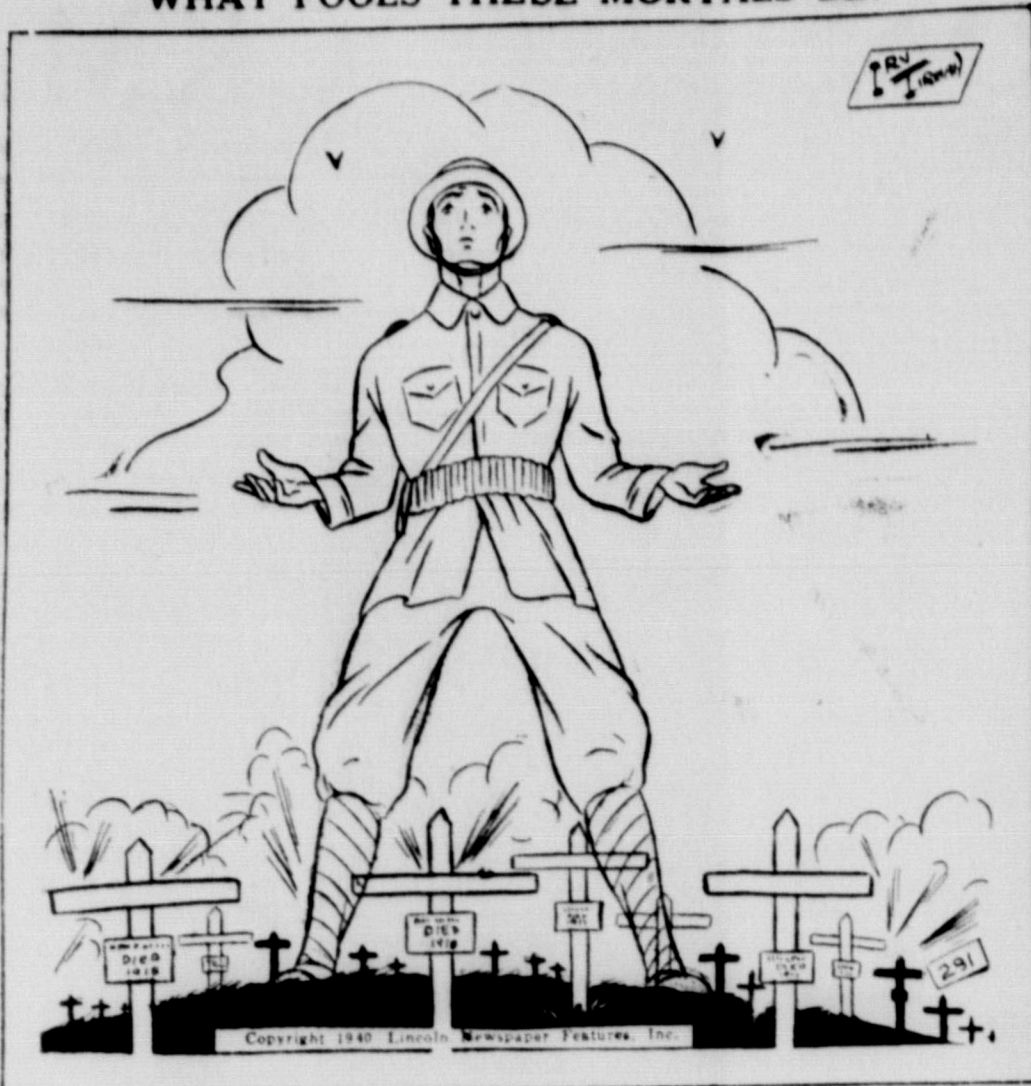

The suggestion concerning lower food distribution costs is especially important—for it is here that the recent legislative trend has been most inimical to farmer-consumer welfare.

The Fortune round table turned the spotlight on the fallacy of legislative policies which handicap or prevent normal production and distribution.

Vacationist: Any big men born here?

Native: Nope. Not very progressive 'round here; best we kin do is babies. Different in the city, I s'pose.

"WHAT FOOLS THESE MORTALS BE!"

In the American Mould

The Republican party has fulfilled its obligation to the nation by nominating Wendell Willkie for President. It was a universal hope that this year the convention would be free of pressure groups, free of "back room" influence, and free of machine control.

The great principles for which Wendell Willkie stands are the principles of liberalism—the faith that is America. He has made many speeches and written many articles. And all of them, basically, deal with one issue.

fighting for its life against some kind of collectivism. What Wendell Willkie abhors most is dictatorship—no matter what form it appears in, or what honeyed words are used to conceal its true meaning and intent.

Mr. Willkie is a candidate in the finest American mould—a candidate with greatness of mind and heart and spirit.

Heavy Reading

Even if you go in for reading on a heavy scale, you probably won't have the Code of Federal Regulations, now being published by the Government Printing Office, on your bookshelves.

Yet much of the material contained in this lengthy compilation is of direct concern to you as a citizen. For it is going to contain a complete record of the things that various governmental agencies—none of them directly elected by the citizens of this country—have forbidden Americans to do.

The number of these agencies, and the extent to which their actions today affect the life of the ordinary man or woman in this land of ours, is truly staggering.

One hundred years ago, land along the southwestern Gulf Coast of Texas—some of which is now rich in oil production—sold for 5 and 10 cents an acre, according to records in the University of Texas library.

Stomach Comfort

Why suffer with Indigestion, Gas, Gall Bladder Pains or High Blood Pressure? Restore your Potassium balance with Alkalosin-A and these troubles will disappear.

Advertising, The Builder

Of recent years it has been the fashion among radical reformers to question the value of advertising. The question is easily answered.

Nothing in the world sells until it is known. No successful commodity blunders its own way into a store and waits until somebody by some strange chance blunders into buying it, says Nation's Business.

National distribution, in its simplest terms, means that you can get your favorite foods, beverages, clothes, shoes, cigarettes, soaps, cosmetics, books, magazines and all other manufactured articles, wherever in the country you are.

Railroads and steamship lines and highways provided the means of transport. But what is the use of transporting goods from a factory in Delaware to a store near a family in Oregon if the goods are not known and, therefore, are not

bought? Advertising is the dissemination of news about better and less costly goods than people could make for themselves at home.

Matter Of Form "Sorry, madam, but licenses are only issued when your form is filled out properly." "Why, I like your nerve! We can get married, no matter what I look like!"

JERRY SADLER for GOVERNOR. The "Sales-Tax Gang" is on the run. Jerry Sadler offers a workable tax plan... Read his platform and join the throng... Jerry Sadler has led the fight and has routed the "Sales-Tax Gang." Elect Sadler your Governor. VOTE AGAINST A SALES TAX

Reach for your Pen - instead of your Purse. It's far easier to write checks and mail them than to tramp all over town paying bills with cash. It is also safer, because all the hazards of currency are eliminated. And finally, it is more orderly, because checks provide accurate records of payments. Start your account here... now. DISTRICT JUDGE. Two years ago I was a candidate for the office of District Judge, 112th Judicial District. At that election I made an extensive campaign over the district trying to meet the people. I did not secure enough votes to be nominated, and Joe G. Montague was nominated and elected. Shortly after his election he resigned, and W. C. Jackson was appointed to fill out the unexpired term. My friends over the district in view of the above facts, urged that I make the race again, and I consented. I am now a candidate for the office, subject to the election of the Democratic Primary on July 27th. If the citizenship of the district can see their way clear to vote and support me this time, I will appreciate it very much and thank you. W. A. HADDEN, FORT STOCKTON, TEXAS

### Behind The Scenes In American Business

By John Craddock

NEW YORK, July 17.—BUSINESS—Thousands of buyers from stores all over the country were here last week to do their fall and early winter buying. Consensus was the expectation of sales gains of 5 to 15 per cent this fall over 1939. Especially were those buyers and merchants from the industrial areas expanding their buying budgets, while folks from stores in agricultural areas were holding about the same budgets as a year ago. Wholesale prices are expected to remain on an even keel the rest of the year, but retail prices, averaged for the year, may be about 5 or 6 per cent higher. Merchants were warned to place orders early because of a possible bottleneck in October when government orders to manufacturers may interfere with production and movement of goods for regular retail trade. The added purchasing power stemming from the national defense program is expected to manifest in larger numbers of "unit sales," rather than in individual purchase. Installment buying of furniture, household appliances, radios and musical instruments is expected to rise steadily as wages from this activity begin to reassure workers.

WASHINGTON.—Bill Knudsen's reported belief that the 19,000 additional military planes bought by President Roosevelt can be delivered by October, 1941, indicates a wide difference of opinion between government and aviation circles concerning the potential speedup of aircraft production. Aviation executives figure it'll take until January, 1943, to reach the initial objective of a 25,000-plane force—assuming the war continues. Current production is about 500 planes a month, which would have to be quadrupled to reach the President's goal. The confidence of the government in doing this apparently rests largely in the belief that the auto industry will assume a terrifically important supplementary role in aircraft production by next year.

STREET CAR COMEBACK.—The street car, once thought doom-

### Speed in the Water Their Specialty

Five of the speediest mermaids in America wave a greeting from a springboard at Lido Beach, L. I., where they are enjoying the summer swimming season. Each a champion in her field, the girls left to right are: Lorraine Fischer, Harriet Taylor, Mildred O'Donnell, Gloria Colten and Helen Rains. Collectively the girls hold nine titles.

ed by auto and bus competition, is staging a spectacular comeback with a "four-S" program of streamlining, speed, silence and service. The sleek new vehicles are called P.C.C. cars because their designs and engineering advances were worked out through a cooperative development program of the Presidents' Conference Committee of the street railway industry. Fast as autos on the "pick-up," rolling on rubber springs and rubber "sandwich" wheels, 1,023 of the P.C.C. cars are now in service and have brought revenue gains up to 33 per cent. St. Louis and Pittsburgh, have just installed fleets of 100 and 301 of the new cars. To garner the ladies' shopping trade, the St. Louis Public Service Co. streamlined its cars from stem to stern, put in soft seats, even made steps conform to the average feminine stride. The designs have also been adapted to subway and elevated cars, and Chicago is now reported ready to place an order for 1,000 units which will give it the world's most modern rapid transit system.

THINGS TO WATCH FOR—A photo-electric phonograph—in which a photo-electric cell is used to amplify the vibrations of a "floating" sapphire needle in the record groove. They say tone and reproduction fidelity are improved over the standard type pick-up,

and that the floating needle increases life of records by 900 per cent. . . . A tiny automatic fire alarm for homes—no larger than a person's hand, and set off by a thermostatic device which has mercury as the activating agent. A ladder-shoe, for workers who stand for long on ladders. Steel-soled, it supports the whole foot while providing a sure, non-slip grip on the ladder rung. . . . An insulation material made from peanut hulls—said to be almost as efficient as cork and, if produced in large volume, 35 per cent cheaper. . . . At fairs, sports events and scenes of emergencies, a handy new number is a bus equipped with telephone booths—they're operating at the New York World's Fair now.

### Navy Offers One Month's Training Cruise For Youths

The Navy Department announces an unusual opportunity for young college students and graduates to become officers in the U. S. Naval Reserve. Five thousand are to be given one month's training at sea in Naval vessels with all expenses paid. After completing thirty days cruising, successful candidates

will be appointed midshipmen, U. S. Naval Reserve. Upon the successful completion of a ninety-day course of instruction midshipmen will be commissioned Ensign, U. S. Naval Reserve.

Applications for the first cruise have been closed. Applications for the second cruise are now being taken at the Navy Recruiting Station, El Paso, Texas, for men in this district.

The second cruise which will consist of a division of three battleships, starts August 19th and will end on September 14th. This should allow students ample time

to enroll in college and resume their courses in the fall.

The visitor at the country home had to sleep with the five-year-old son of the host. As they retired, Johnny knelt quietly at the bedside. Not to be outdone or set a bad example, the visitor did likewise.

Instantly Johnny jumped up and, with a horrified expression on his face, yelled at the grown-up: "I'll tell my mama on you; there ain't but one and it's on my side of the bed."

Say: "I saw it in the Stockman."

# They're Ready to Defend America's Coast

Manning coast defense guns will be one of the important military operations in the new defense program of the United States. Members of the 20th coast artillery of New York are shown receiving instructions in their duties. A number of regiments of the National Guard, particularly along the Atlantic seaboard, are being transformed into coast artillery units. They will be trained to repel attacks coming from either the sea or the air. Regular army coast defense units are likewise being expanded.

## Early Texas Had Its Version Of Mass Flight Of Refugees From War Horros

### Thousands Of Settlers Fled Before Santa Anna's Army

AUSTIN, July 17.—In the University of Texas library are graphic accounts of a little-known chapter in Texas history—the state's own small scale version of the refugee horror now sweeping Europe.

Historians refer to it as the "Runaway Scrape," a pell-mell flight of Texas settlers that began in early March, 1836, with the Alamo's fall, and didn't stop until Houston's retreating army—barely a day's march behind the refugees—turned and defeated Santa Anna at San Jacinto in late April.

Most graphic account, Texas collection librarians agree, is in the memoirs of Mrs. Dilue Harris, member of a pioneering Texas family. Then 11 years old, she recalled that her family hid their furniture in a hollow near their home, got their moveable things into a cart and then set out for the San Jacinto river, driving oxen with them.

"On the west bank of the flooding river, there were five thousand refugees gathered—all trying to cross first," she wrote. It was three days before her party got to the far shore and hurried on.

"Our hardships began at the Trinity," she continued, for there it was a four-day struggle against the river and the others trying to get across it, and in addition "measles, sore eyes, whooping cough and every disease that man, woman or child is heir to, broke out among us."

Mrs. Harris' little sister fell ill, and her mother was weak. The wagons had to be taken apart and floated across the river, "ten miles wide at the mouth."

Out of the flooded swamplands, the family stopped at the town of Liberty to rest. There the sister died. The mother got no better.

Again the family fled eastward. A few miles out of Liberty, however, a courier overtook them with news of the Texan victory at San Jacinto, which made it possible for them to return to their homes.

### Four Bits In Slot Lights Tennis Courts

Here's real service for tennis players who want to escape the heat of daylight hours.

Through the cooperation of the Kerrville Junior Chamber of Commerce, night play has been made possible on the tennis courts at Tivy high school, Supt. H. A. Moore of the Kerrville Public Schools has announced.

A light meter has been installed. Fifty cents in the slot will brilliantly floodlight both courts for one hour.

The public is urged to take advantage of this new recreational facility. The meter is attached to the light pole nearest the high school building.—Kerrville Times.

Charlie Boy Davidson, son of Mr. and Mrs. Charles E. Davidson, Jr., is recovering from an attack of German measles. The two children of Mr. and Mrs. Miller Robison, Lewis and Ann, are also victims of the measles.

### FIRST BAPTIST CHURCH

Clyde Childers, Pastor

Order of services: Sunday school, 9:45 a. m. Morning worship, 11 o'clock. Evening worship, 8:15 o'clock. Brotherhood meeting Tuesday evening, 8:15.

Devotion study, Wednesday at 8:15 p. m. Last chapter in book, from Solomon to Malachi.

The pastor and people of this church are endeavoring to offer a program of worship which will bless and inspire every life in contact with these services. We cordially invite you to share in the worship services of this church next Sunday.

### THE METHODIST CHURCH

Eugene Slater, Minister

Calendar of services: Sunday school, 9:45 a. m. Morning worship, 11 o'clock. Evening worship, 8:30 o'clock.

The college group is asked to meet in a special class with Mrs. Eugene Slater. This is our first effort to have a class for this group. We hope that the young people will enjoy this fellowship through the rest of the summer months. The class will meet at 9:45 each Sunday morning.

The members and friends of this church together with strangers are cordially invited to all of its services.

### RECENTLY MARRIED COUPLES COMPLIMENTED

Mrs. B. B. Ingham and Mrs. I. G. Rape entertained with a forty-two party Friday evening honoring Mr. and Mrs. Dudley Ingham and Mr. and Mrs. Bill Baggett.

Mrs. Buddy Moore was awarded high score prize for women, and Bill Littleton for the men. Miss Mary Frances West drew low score trophy for the women and Joe Friend for men. Max Schneemann, Jr., took the traveling prize.

Guests included Mr. and Mrs. Dudley Ingham, Mr. and Mrs. Bill Baggett, Mr. and Mrs. Buddy Moore, Mr. and Mrs. Ele Hagelstein, Mr. and Mrs. Bill Littleton, Mr. and Mrs. Bill Conklin, Misses Ora Louise Cox, Dorothy Drake, Mary Margaret Harris, Betty Lou Coates, Mary Frances West, and Glendell Mahaffey of Dallas, and Joe Rape, L. D. Kirby, Joe Friend, John Childress, Bill Seahorn, Gene Williams, H. C. Noelke, Jr., of Sheffield, Max Schneemann, Jr., and Ray Boyd.

Donald Taylor, 4-year-old son of Mr. and Mrs. Bill Taylor, who underwent a tonsil operation in a local physician's office last week, is reported recovering satisfactorily.

Get your Mimeograph supplies at the Stockman office.

Mrs. Scott Peters returned last week from a visit of several weeks with her sister, Mrs. Eldred Newton and family in St. Louis.

Mrs. Neal Hannah is visiting in Kerrville this week.

I. G. Rape was a business visitor to San Angelo Wednesday morning.

### WHITEWING DOVE STRAYS

A whitewing dove is reported by F. L. Roark of Cleveland, Texas, as sighted in Liberty county near the Trinity river. That is a long way from the natural habitat of whitewings in Texas, which is the Rio Grande valley. That bird strayed farther than any other reported to the state game department, but whitewings due to the fact that much of their nesting area in the valley is being cleared of vegetation, game department biologists studying the birds believe.

Whitewings were observed last year nesting as far north as Medina county, which is near San Antonio. Hunting was good in that

section last fall.

Due to the fact that much of the brush native to the valley is being uprooted to make way for agricultural practice, whitewings are not only expanding their nesting areas, but many have taken to nesting in the citrus trees of the valley. Some fruit growers have feared that the whitewings would damage their oranges, lemons and grapefruits by pecking holes in them. However, game department biologists point out that this would be difficult for doves due to the fact they have extremely soft bills and weak feet. They are almost entirely ground feeders and it is not likely they could pierce the citrus fruit during its green stage, which is at the time when

whitewings are in the valley. The birds migrate in October and early November.

Hunters addicted to whitewing shooting will be glad to know that reports to the game department indicate a better nesting season for whitewings this spring than at any time in several years.

Mr. and Mrs. Bill Littleton and Sue and Mrs. B. B. Ingham visited in Midland early in the week where Mr. Littleton transacted business.

Mr. and Mrs. Boyd Lovelace have as their guests Mrs. Lovelace's parents, Mr. and Mrs. C. J. Walters, and her sister, Miss Celia Walters of Tyler, Texas.

THE AMAZING EARTHWORM

COMMON SPRINGTIME SIGHT IS THE CONICAL TUG-OF-WAR BETWEEN THE EARTHWORM AND THE ROBIN, WHO, APPARENTLY HAS A VERY TOUGH TIME... THE EXPLANATION BEING THAT THE WORM'S BODY IS COVERED WITH SOME 950 MINUTE HOOK-LIKE BRISTLES WHICH IT TAKES FIRM HOLD ON THE EARTH. THE OUTCOME SAYS MAGAZINE, DEPENDS UPON HOW MANY OF THESE "FEET" THE WORM CAN EMPLOY IN THE SOIL.

HEY! LEGGO, VA BIG LUG!

### Macon' Is New Lamb Product In England

"Macon" is a product made of red lamb, and is offered as a substitute in England for bacon. This bacon substitute is very popular in Iceland, but it has met with some disfavor in the British Isles. Although this is a very palatable and nourishing dish, and looks like bacon, it is not at all similar to bacon in flavor. There has been much effort to put this product on the market in England as a regular substitute for bacon because more of it is available and cheaper, but it seems that the British do not cheerfully accept this product as a substitute.

So far no one has succeeded in changing the flavor of mutton into that of pork. All effort has resulted only in changing the flavor of the lean so that it tastes like neither mutton nor pork, but the distinct, tangy flavor of mutton cannot be altered or hidden by adding spices or curing. The pungent smell and tangy flavor of sheep fat is due to the presence of special triglycerides and other complex substances which exist only in the fat of sheep. Pork fat also has its own peculiar contents which give it an individual flavor.

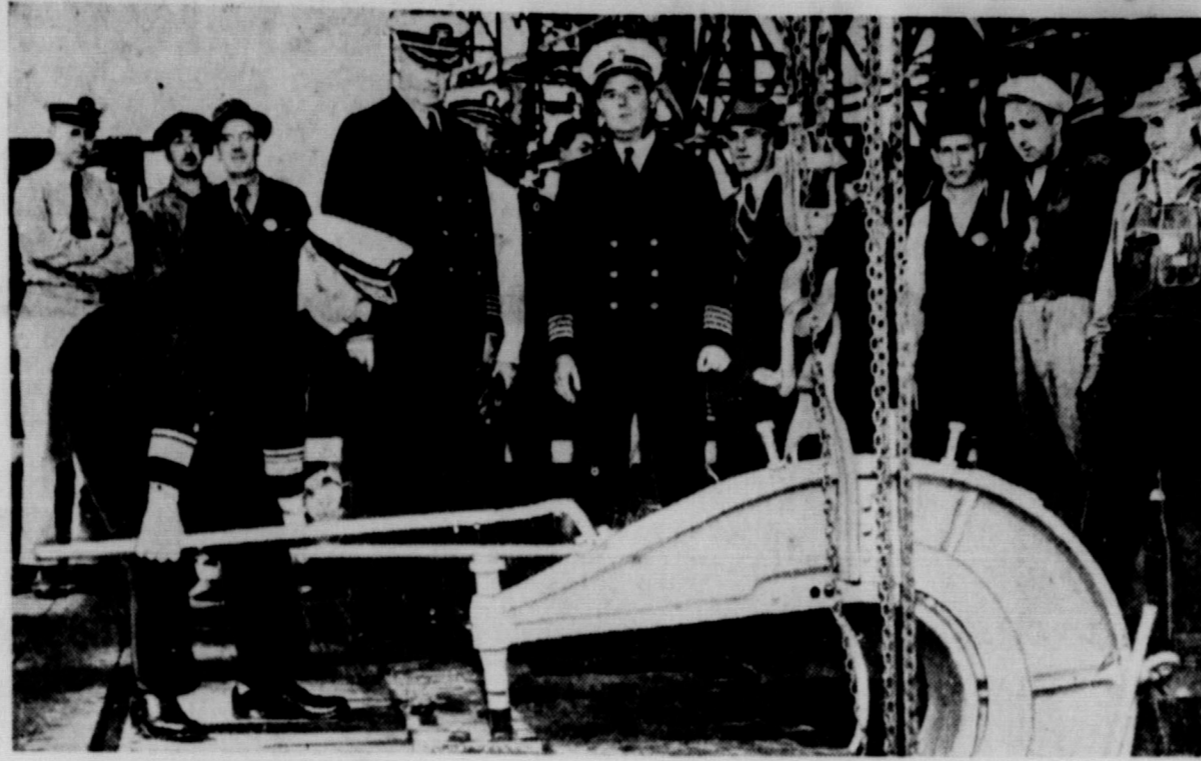

There are many kinds of macon made by different formulas. Some of it has been scientifically treated so that it contains practically the same food elements as bacon. Much of it is very savory and agreeable, but some of it is very definitely unpalatable. — Southwestern Sheep and Goat Raiser.

### TWO NEW GEOLOGICAL CREWS STATIONED HERE

Two new geological exploration crews have moved to Ozona during the past week. A crew for the Humble Oil and Refining Co. and one for the Phillips Petroleum Co. have been stationed here. Six men, with their families, have moved here with the Humble crew and five men are employed on the Phillips crew.

Mrs. James Baggett and Mrs. Jake Miller are reported to be suffering from attacks of the mumps.

## Your Tax Money Helps U. S. Build Battleships

As Uncle Sam's mammoth naval building program gets under way, Rear Admiral C. H. Woodward, commandant of the Third naval district, drives the first rivet to lay the keel of the new United States Battleship U. S. S. Iowa at the Brooklyn navy yard. Observing the ceremony are Captains C. A. Dunn of the navy yard, (left); T. B. Richey, production officer of the yard; and Commander J. E. Kiernan. The public was not invited to the keel-laying, because of the necessity for privacy and speed.

### PLANS NEW HOME

Mrs. J. W. Henderson, Jr., who is planning construction of a new home in Ozona at an early date, left Wednesday for San Antonio where she was to confer with the architect relative to plans. Mrs. Henderson plans to build on the site of her present home, which is to be razed.

Mr. and Mrs. Hugh Childress and daughter, Catherine, returned last week from a visit with Mrs. Childress' brother, Ross Perner, and family at Seligman, Ariz. It was erroneously stated in last week's Stockman that Mrs. Ele Hagelstein made the Arizona trip with Mr. and Mrs. Childress, her parents.

Rev. and Mrs. Clyde Childers had as their guest here last week the Rev. George Rickles, pastor of the Baptist church at Wickert.

### Ya, Ya, Little Fox Got Caught Finally

GREAT BARRINGTON, Mass. — The mystery of disappearing golf balls that has bothered both duffers and pros alike at the Wyanteuck Country Club has been solved—and the solution has nothing to do with bunkers, brooks or slices.

William Morgan, one of those victimized, tells this story: "I was walking down the fair way of the second hole toward my ball after a good hit right down the middle. Out of a nearby woods crept a red fox. It grabbed the ball in its mouth and fled."

Two sisters of I. G. Rape, local druggist, visited in the Rape home a few days this week. The visitors were Mrs. M. L. Day and her grandson, Bryan Day of Fort Worth, and Mrs. J. O. Miller of Comanche. They also visited Dr. Marvin Rape in San Angelo, another brother.

Dr. and Mrs. G. L. Nesrsta had as their guests this week Dr. Nesrsta's mother, Mrs. C. E. Nesrsta, two sisters, Misses Ann and Patricia Nesrsta and a brother, Ben Nesrsta, all of San Antonio. They left Tuesday for San Antonio.

Miss Natalou McKenzie has returned to her home in Comanche after a few days visit here with Miss Johnny Boyd.

### SPEAKS AT CONFERENCE

Rev. Clyde Childers, pastor of the Ozona Baptist church, spoke on "The Sunday School and BTU in Growing a Church," before the assembly of the Workers Conference of the Pecos Valley Baptist Association in Wink Tuesday.

Mr. and Mrs. Hillery Phillips and children, Benny Gail and Buddy, and Miss Loula Wayne Hollis returned yesterday from a ten-day vacation tour through Colorado. They were accompanied by Mr. and Mrs. Alton Holland of Big Lake.

Miss Norma Lovelace, daughter of Mr. and Mrs. Boyd Lovelace, is spending a few weeks with friends and relatives in and near San Antonio.

Get your Mimeograph supplies at the Stockman office.

### Minerals Cause Decay Of Teeth, Surgeon Believes

WASHINGTON. — Still another theory of what makes teeth decay is forecast by a report of Dr. H. Trendley Dean, dental surgeon of the United States Public Health Service, on mottled enamel or fluorosis.

It is that tooth decay may be controlled, at least in part, by tiny quantities of mineral elements in one's drinking water, not unlike the tiny quantities of vitamins that have so many bodily effects.

Previous theories have blamed decayed teeth on germs, soft or sugary foods, lack of vitamins, heredity and almost everything. What Dr. Dean proves is a relationship between decay and mottled enamel, the condition in which the surfaces of children's teeth turn dark in spots. This has been traced to too much of the chemical element fluorine in the drinking water of affected communities and Dr. Dean now finds that this opposes tooth decay.

Children in communities where fluorine is high and mottled teeth are common have fewer decayed teeth than elsewhere. Whether the excess fluorine in the water not only blotches teeth but acts in some way to prevent decay, or whether the secret is lack or excess of some other mineral element, no one knows, but Dr. Dean suspects that mineral elements in drinking water some day may be controlled to stop decayed teeth, much as iodine now is added to water to prevent goiter.

Kenneth Phillips, small son of Mr. and Mrs. Babe Phillips, underwent an operation for removal of tonsils and adenoids in a San Angelo hospital early this week. Mrs. Phillips and son are expected to return to their home here today.

Mr. and Mrs. Emmett Hincley and two sons are here from Fort Worth, guests of Mr. and Mrs. Alvin Harrell.

Mrs. A. E. Deland spent the weekend in Crane visiting Mr. and Mrs. W. E. (Bill) Morton and Mr. and Mrs. Robert Neal.

Ele Bright Baggett returned Tuesday night from a month's participation in R. O. T. C. training activities, including two weeks with the regular army in maneuvers in New Mexico. He is a son of Mr. and Mrs. Bright Baggett and a student at A. and M. college.

Rev. and Mrs. Clyde Childers attended a meeting of the Concho Valley Workers Conference of the Baptist church held in Barnhart Wednesday.

Mr. and Mrs. Clinton Glover and two daughters have returned to their home in Ballinger after a visit here with Mrs. Glover's parents, Mr. and Mrs. N. W. Graham.

## WHAT IS MALT?..

and how is it used in making beer and ale?

BARLEY

**Answer:** Brewers' malt is barley that has had its starches modified. The barley is first permitted to "sprout" by the addition of moisture. At the right instant, the growth is checked by heat and the sprouts are removed.

What remains is malt... the essential base of all good beer and ale.

Every step in the brewing of good beer and ale has been taught by centuries of experience. Today, amazingly expert brewers — using only

the purest ingredients — make beer and ale the mild, tasty, wholesome beverages that they are.

Now the brewing industry is taking action to keep the retailing of beer as wholesome as beer itself. A plan to eliminate abuses is already in effect in a number of states. It is being extended. Ask us for an interesting free booklet.

Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

**Millionth 1940 Chevrolet to be Contest Award**

Some conception of the demand for the 1940 Chevrolet may be gained from the fact that the one-millionth model of this year's production left the assembly line at Flint, Mich., on July 12. In celebration of the public appreciation reflected by this tremendous production record, M. E. Coyle, general manager of Chevrolet, shown (left) above with W. E. Holler, general sales manager, announced that the one-millionth 1940 car, together with a trip to the New York World's Fair, would be awarded in a contest which is open now and will close Aug. 31. Details are obtainable at any of the company's dealers.

- Shell Oil Company, Incorporated, from \$3,170.00 to \$3,980.00.
  - Seaboard Oil Company from \$260.00 to \$640.00.
  - The Spur Corporation from \$29.00 to \$95.00.
  - Skelly Oil Company from \$5.00 to \$10.00.
  - Stanolind Oil and Gas Company from \$12,110.00 to \$27,770.00.
  - Southland Royalty Company from \$1,505.00 to \$3,485.00.
  - Blake Smith, Jr., from \$3,500.00 to \$6,535.00.
  - E. L. Smith from \$1,000.00 to \$6,535.00.
  - L. W. Stieren from \$960.00 to \$1,410.00.
  - Sun Oil Company from \$1,415.00 to \$2,610.00.
  - Superior Oil Company from \$16.00 to \$20.00.
  - The Superior Oil Company from \$4,750.00 to \$10,665.00.
  - Sinclair Prairie Oil Company from \$1,775.00 to \$2,485.00.
  - Saltmount Oil Company from \$10.00 to \$20.00.

  - The Western Union Telegraph Company from \$80.00 to \$160.00.
- And that you take Notice the Board of Equalization will meet as

a Final Board on the 12th day of August, A. D. 1940, at which time you are notified to appear and show cause why the values should not stand as raised.

Witness my hand and seal of office at Ozona, Texas, this the 10th day of July, A. D. 1940.  
GEO. RUSSELL,  
County Clerk,  
Crockett County, Texas

**BASEBALL A LA U. S. NAVY**

When the United States Navy kept a station ship at Constantinople, our sailors taught the Turks to play baseball. In a championship match between the Turks and the Bluejackets, when the first Turk came to bat he said: "O Allah. Give me an eye to see the ball." He struck out. The second Turk said: "O Allah. Grant that I make a two-base hit." He likewise struck out. The third Turk stepped up and said: "O Allah Vouchsafe me skill to succeed." He too struck out. The Navy came to bat and a Bluejacket stepped up swinging three bats. He threw two of them down and faced the pitcher, exclaiming, "You know me, Al!" and with the first pitched ball knocked a homerun.

Mrs. Peery Homlsey returned Sunday from a visit with relatives and friends in Comanche. She also visited Dallas where she took delivery through C. W. Tallafiero, local dealer, of a new Packard sedan.

**Political Announcements**

**Detroit Learns Fuehrer Hasn't Its Phone Book**

DETROIT, Mich.—The Michigan Bell Telephone company, after long and patient research, has tracked down and killed a rumor that intrigued Detroiters several days.

Reports said that Adolf Hitler had requested and been sent a copy of the Detroit telephone directory, which alarmists firmly believed would provide him with vital information.

Several people were envisioning the arrival of spies and attendant sabotage when the telephone company cleared the mystery. Careful check, an official said, showed that the Deutsche Reichpost always receives a copy of the directory, as do similar companies in 72 other nations.

The Deutsche Reichpost altered its address, however, and the last volume was sent to Forty Adolf Hitler Strasse in Dusseldorf, Germany.

And that is how the rumor was started, the telephone company said and now could it not just quietly die?

Once you use a new Remington Dual Electric Shaver you'll never go back to a razor. See them at The Stockman office.

Say: "I saw it in the Stockman."

**OZONA LODGE NO. 747**  
A. F. & A. M.  
Regular meetings first Monday night in each month.  
Next Meeting Will Be Aug. 5

**TRY THE SENSATIONAL NEW REMINGTON DUAL SHAVER**

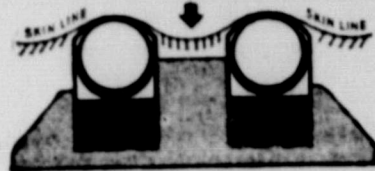

**FREE!**

**90 SECONDS FOR COMFORTABLE BLADE-CLOSE SHAVES**

Try this fast, modern shaver in your own home—entirely without obligation—for 90 whole days. We're willing to wager that once you find how much faster, closer and more comfortably this new Remington Dual whisks off whiskers with its TWO cutting heads, you won't want to part with it!

And we know it's fast—because in a series of tests made by the nationally-famous U. S. Testing Company, Inc. the Remington Dual shaved as close as the best blade shave in half the time . . . and gave pleasant, going-to-business shaves in a stopwatch average of 90 seconds flat.

Note how the two heads automatically tauten the skin. The whiskers are projected so that they can be cut off below the surface of the skin.

Richly packed in a tan cowhide grain case with bright copper trim. Beige cord and head guard. **\$15.75** A.C.C.

**VOTE FOR W.C. JACKSON**

for **DISTRICT JUDGE**

of the **112th JUDICIAL DISTRICT**

W. C. JACKSON, Judge, 112th District

He has had a number of years experience as a practicing attorney covering all classes of litigation that it will become his duty to pass on as your District Judge.

He has lived in West Texas for more than fifty years, more than thirty years of which has been in this District, having lived most of the time in Pecos County, but resided for a while in Upton County.

For a number of years he represented two Irrigation Districts as their attorney and is familiar with all classes and kinds of land litigation. He has been associated in a majority of the oil litigation that has been tried in Pecos county since the discovery of oil. He will have no other business that will interfere with his duties as District Judge and will give his entire time and attention to the duties of your District Judge.

On account of the work as your District Judge he may not have been able to contact you personally during the campaign, but assures you that your vote and support in his race will be highly appreciated.

Texas Leading In Game Restoration

AUSTIN, July 17.—Game restoration in Texas is moving at a more rapid rate than at any time in the history of the state.

That Texas is among the leaders in game restoration is attested by a recent report of the U. S. Fish and Wildlife Service, which shows there are now 196 federal projects under way in 43 of the states.

Federal funds finance three-fourths of Pittman-Robertson projects and the state provides the other one-fourth.

GAME WARDENS DECLARE WAR ON ILLEGAL TROT LINES

Game wardens in many sections of Texas are campaigning vigorously against illegal trotlines and scores of them, 500 to 1,000 feet long and equipped with illegal hooks have been found and destroyed by wardens.

Two wardens had a terrific battle with a 43-pound catfish caught on one of these "dagger-point hook" equipped lines, but finally subdued the cat and took it to an orphanage.

First: "You ain't got no tobacco you?"

Second: "I ain't said I ain't is it?"

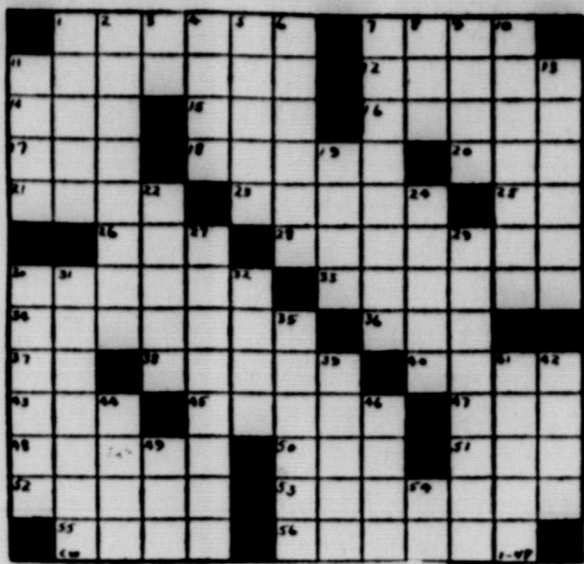

First: "I ain't ast you if you ain't; I ast you is you is—you ain't is you?"

THIS WEEK'S CROSSWORD PUZZLE

- ACROSS
1—To stop suddenly
7—Works with needle and thread
11—A superior officer in the KKK.

- 25—Doleful
28—Pointed out
30—Topics
33—Author of the Psalms (poss.)

ANSWER TO LAST WEEK'S PUZZLE

- DOWN
1—Place of sacrifice
2—Obtained as profit
3—Symbol for the rarest metal

- 8—Transgress
9—Payment for services
10—Experienced a stinging sensation

THIS BUSINESS OF Living

BY SUSAN THAYER

"Such Nice Suds"

"Such nice suds!" Ever hear your mother, or maybe it would be your grandmother say that, looking at a zinc wash tub full of warm soapy water?

If you did, you know what happened next. A thoughtful look came into her eyes as she lifted some of the foamy stuff in her water soaked hand and went on: "I guess I'll just wash out that slip cover off the big chair."

Perfect suds weren't easy to obtain in the days of rain barrels, stove-top water heating and home made soap.

water was hand dipped or hand pumped and every quart of it heated on the big boiler it took two people to lift to the top of the cook stove; when the sway-backed cake of home made soap had to be shaved and soaked in a small amount of water before it could go into the tub full of water or into the hand-pump washing machine.

A tub full of warm suds was to be used to the limit no matter if that extra blanket meant an hour's extra hard work for a woman already worn out with the week's accumulation of dirty clothes.

But nowadays nice suds are taken for granted and the young woman I heard use the expression the other day didn't hesitate to let a big porcelain tub full of live sparkling suds go down the drain pipe.

She was dressed in blue slacks and a faded, but becoming, rose blouse and there was a blue ribbon round her fair short hair. She was almost done with the washing that morning when I dropped in to see her and was as fresh as a daisy planning a picnic with her husband and children for that afternoon.

"But then," she shrugged her slim shoulders as she reached down to pull out the plug—"I have so much good hot water that with these soap flakes I always get nice suds. So what's the difference?"

In that one little remark, was the whole story of what our modern industrial system has meant to the women of America!

"MY SKIN WAS FULL OF PIMPLES AND BLEMISHES" says Verna S.: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health."

Chevrolet Sales Set New June High

DETROIT, July 11.—Chevrolet dealers' combined new and used car and truck sales set a new high during the month of June.

Retail sales figures for the last 10 days of June and also for the month as a whole, showed substantial increases over the same periods last year.

Mr. and Mrs. Roy Henderson are back after a week's stay in San Antonio.

ABOUT FISH SANCTUARIES

Waters which have been declared fish sanctuaries by the state game department are closed to all activities connected with fishing...

It is unlawful for any person to fish in any sanctuary with nets, trotlines, seines, hooks and lines...

'Dog House' Would Be Cool Place for Summer

Dog members of Rear Admiral Byrd's Antarctic expedition were given the utmost care and attention. This section of the East Base camp pictured above was called 'Dog Town'...

HILL BILLY PARTY IN NEW LAUNDRY HOME

It was a house-warming at the new building which is to house the Ozona Laundry when Mr. and Mrs. Neal Hannah entertained members of their forty-two club in the new building last Friday night.

It was a Hill Billy party and guests dressed accordingly. Prizes for the 'best dressed' lady and gentleman went to Mrs. Vera Baker and Boyd Lovelace...

Refugee Princess

Princess von Starhemberg, wife of the former vice chancellor of Austria, is shown with her son, John. The princess, a refugee from her Nazi-ruled native land, is in America pleading the cause of refugees seeking a haven here.

Mr. and Mrs. Horace Graham of Milano spent a few days here visiting Mr. Graham's brother, N. W. Graham, and family and his son and daughter-in-law, Mr. and Mrs. Mermis Graham...

Mr. and Mrs. Melvin Brown are at home here after a visit with relatives in Lampasas.

Tues. and Wed. JULY 23 and 24—"The Jones Family"

—IN—"ON THEIR OWN"

Here they are back again! The Jones Family. You musn't miss them!

German Bund Leader Travelled At Public Expense, Says Dies

Records now in possession of the Dies committee investigating un-American activities reveal that Herman Koetter of Houston, head of the Kyffhauser Bund, has travelled over Texas at state expense...

His duties presumably were in connection with painting and decorating work sponsored by the State Board of Vocational Education.

The bundsman is a German war veteran, who has lived in America 17 years without becoming a citizen of this nation.

Why should this alien, the head of a secret organization suspected of fifth column activities, have been given credentials from Mr. Woods' department and permitted to travel at state expense...

When the bundsman was hailed before the Dies committee, one of his first moves was to attempt to prove his good character

FORTY-TWO CLUB MEETS AT DELAND HOME

Mrs. M. A. Runion and Mrs. E. Deland were hostesses when the Just-For-Fun Forty-two club met Thursday in the Deland home.

Mrs. R. J. Adams won high honors as guest, while club high went to Mrs. Leslie Nance, and low to Mrs. O. D. Busby. Mrs. Marion McInnes was awarded the traveling prize...

4TH BIRTHDAY PARTY

Mrs. Oscar Kost entertained for a group of the little friends of her daughter, Shirley Ann, Friday afternoon, the occasion being Shirley Ann's fourth birthday.

The question naturally arises as to whether other aliens have also been taken under the wing of the state department of education...
