Russia To Withdraw From Disputed Area

Gunboats To Be Taken From River Isles

Soviet Leaders Assured No Manchoukuoan Boats At Scene

MOSCOW, July 2 (AP)—The Japanese ambassador to Moscow, Mamoru Shigemitsu, announced tonight that the Russian government had agreed to withdraw its troops and gunboats from the disputed Amur River islands.

Shigemitsu said the agreement for evacuation called for withdrawal of 20 gunboats assembled near the islands.

The promise to immediately give the withdrawal order was given after Shigemitsu officially informed Soviet Foreign Commissar Maxim Litvinoff that no Manchoukuoan gunboats were concentrated there.

The envoy added "it remains to be seen if the order will be carried out."

Japan protested to the Soviet government and demanded withdrawal of forces after a clash on Wednesday in the Amur river islands between a Soviet gunboat and Japanese-Manchoukuo forces.

Shigemitsu said if the evacuation is "effected, Japan will consider the incident closed satisfactorily."

The Soviet government announced a communique would be issued later.

Planes, Boats Appear
Jap officials had said "the question of evacuation of the islands as raised by the soviet government does not exist"—that only "peaceful fishermen, lighthouse and beaconkeepers now occupy the disputed sandpits, which the Japanese say belong to Manchoukuo."

Dispatches from Hainking, capital of the Japanese-occupied state of Manchoukuo, said three soviet planes flew low over Sennufu island yesterday and disappeared in an unknown direction.

Simultaneously, the dispatches stated five soviet gunboats moved into Manchoukuoan waters near the scene of a dramatic clash between soviet vessels and Japanese forces on Wednesday.

Japanese-Manchoukuoan authorities, determined to protest navigation in the Amur river, northwestern boundary of Siberia and Manchoukuo, discussed forceful means to cope with the situation. They will escort steamers by gunboat if necessary.

VOLCOTT OBSERVES 54TH ANNIVERSARY AS RESIDENT HERE
John F. Wolcott, county tax collector-assessor, celebrated the 54th anniversary of his coming to Big Spring Friday.

One of the "real old timers," Wolcott came to this city when it was only a straggling cowtown boasting of the T&P railroad shops.

What was then a stretch of sand and what is now First street, was the principal thoroughfare of the town. Oxen teams, carrying a freight load of cargo, were common sights then.

BRIDE AND GROOM HAPPY

Franklin D. Roosevelt, Jr., and his bride, the former Ethel du Pont, are shown just after the names of the powerful industrial family and the son of America's first-ranking political family had been united in an elaborate ceremony at Wilmington, Del., attended by more than 300 persons. The groom's father, President Roosevelt, many high in the nation's government, and scores of socialites attended.

New Court Bill Offered

Measure A Complete Substitute For FDR's Proposal

WASHINGTON, July 2 (AP)—A democratic substitute for the Roosevelt court bill went before the senate today with an explanation by Senator Robinson, majority leader, that it would permit three appointments to the supreme court within the next six months.

Robinson said the bill, based upon the theory of one appointment to the court a year, would permit two new justices to be added within that time in addition to an appointment to fill the existing vacancy.

The substitute was offered jointly by Chairman Ashurst (D-Ariz.) of the senate judiciary committee, and Senators Logan (D-Ky.) and Hatch (D-NM). Hatch was one of the 10 members of the judiciary committee who approved an adverse report on the original Roosevelt bill.

The measure was offered as a complete substitute for the original court legislation which would have permitted appointment of six new justices if those over 70 years of age did not retire.

The substitute moves the retirement age up to 75, and provides that additional justices can be appointed annually by the president for those serving past that age.

The substitute also revises the maximum number of lower court judges who could be appointed downward from 50, in the original bill, to 20.

WEST TEXAS SCOUTS TAKING TOP SPOT IN JAMBOREE NEWS
Number one publicity honors for the national scout jamboree in Washington are going to Texas, and to the Big Spring and Buffalo Trail council scouts in particular.

From the moment the local council troop hit Washington June 26, stories have been coming over the wire about the "horned toads boys brought for swapping. It was the Big Spring unit which named itself the "Horned Frog" patrol which had the frogs to barter for articles from other sections.

Friday morning papers carried an Associated Press dispatch saying that more than a dozen toads had escaped from their boxes and scattered through the camp, threatening a collapse in the value of horned frogs—a favorite article of barter since the camp opened.

RODEO PROGRAMS TO START ON SUNDAY

Parade, Park Festivities Scheduled For Following Day

Shoppers were reminded Friday to increase their orders Saturday, for it is likely to be the last business day before Tuesday.

Most of the merchants will close shop Monday, since July 4 falls on Sunday. This means that food and other commodities should be bought in advance for two days, instead of one.

A check of business concerns Friday disclosed that only a few planned to open their doors at all Mon-

AUSTIN, July 2 (AP)—Governor James V. Allred asked Texans today to "walk safely drive safely and play safely" and save an estimated 22 lives that might be taken in traffic accidents over the week end.

In a proclamation the chief executive pointed to the "trail of death" left in the wake of other Fourth of July celebrations and urged double precaution for this year's double holiday.

While the rodeo officially opens on Sunday, for two shows, the biggest day is expected to be Monday when festivities will be opened with the second annual water carnival at the municipal swimming pool, Thursday, Colorado. Sweet water and Lamasa notified the chamber of commerce that they were sending teams to compete in the meet. C. A. Smith is the only Big Spring person to enter thus far.

Parade
At 1 p. m. the big parade, organized by Mrs. Joe Ernest and her committee, will start its winding journey through the downtown section, out Runnels and Eleventh toward the rodeo grounds. J. H. Greene, chamber of commerce manager, said that many of the business concerns entering cars or floats hinted they were going in more for decorative affairs and less straight advertising, thus promising more color for the parade.

The rodeo gets underway at 2:30 p. m. and when it is over at about 4:30 p. m., the municipal high school band will begin its concert at the city park. Following the concert, the old fiddlers contest, headed by Jim Winslow, will start at the park.

In the evening there will be another rodeo performance, special shows and dances.

Many out of town people plan to come early Monday, take advantage of the free swimming offer during the morning to visitors, have picnic luncheons at the park during noon, and take in the rodeo during the afternoon, inquiries at the chamber office indicate.

Those promoting the celebration have expressed the belief that a record holiday crowd will gather in Big Spring.

MAGNOLIA EMPLOYEES TO STAGE PICNIC HERE

Magnolia Petroleum company executives and employees in West Texas will assemble in Big Spring Saturday evening for a picnic and informal entertainment. Scene of the gathering will be the city park, and a crowd of approximately 200 is expected.

The affair is for workers in all departments of the Magnolia company, operating in a territory from Colorado on the east to Wink and Hobbs, N. M., on the west.

THOS. L. BLANTON FILES LIBEL SUIT

ABILENE, July 2 (AP)—Thomas L. Blanton, former congressman from the 17th district, today filed in 104th district court here a suit against the A. H. Belo Corporation, charging libel. Damages totaling \$100,000 are asked. Defendant is publisher of the Dallas Morning News.

Blanton's petition lists a number of editorials, news stories and a cartoon as basis for contention the News contrived to damage him. The plaintiff was defeated in the run-off primary last August by Congressman Clyde Garrett of Eastland.

LABOR ATTORNEY EJECTED FROM MEETING

Samuel DeFrancesco, attorney for three leaders of the steel strike at Johnstown, Pa., who were told by Mayor Daniel J. Shields that he would no longer be responsible for their safety in the city, was ejected from the special council meeting when he insisted their constitutional rights were being violated. The Johnstown city council approved Shields' action at the special session. Shields ordered DeFrancesco ejected after a verbal clash and he is shown here scuffling with police in the removal process. He was released on bail after being charged with disorderly conduct.

Shows Added Tax Due From Joint Return

Official Says Government Losing From Community Property Laws

WASHINGTON, July 2 (AP)—Roswell Magill, treasury undersecretary, told congressional tax investigators today the government's revenues could be increased approximately \$193,000,000 annually if husbands and wives throughout the country were required to pay a single tax on their joint incomes.

Discussing the question of community property, Magill said eight states permitted a husband and wife each to report one-half of a family income for tax purposes although all the income may have been earned by only one of them. This division placed their incomes in lower brackets and thus reduced their taxes, he said.

The so-called community property states are California, Texas, Louisiana, Washington, Arizona, New Mexico, Idaho, Nevada. Magill said if husbands and wives in these states alone had been required to pay income taxes on their total income, in 1936 the government would have received an additional \$84,000,000.

Magill's testimony came after Charles T. Russell, deputy commissioner of internal revenue, had recommended tightening of the pension trust provisions in the revenue laws.

In a statement filed with the committee Russell said that "information available indicates that some taxpayers are attempting to convert into a tax avoidance mechanism a statutory provision designed to encourage pensions."

Amelia On Long Flight

Crossing 2500 Miles Of Ocean On Way To Howland Island

SAN FRANCISCO, July 2 (AP)—Amelia Earhart blazed a new air trail over the South Pacific today in a hazardous 2,570 mile flight from Lae, New Guinea, to Tinian, Howland Island.

She started the longest journey of her leisurely round-the-world flight at 10 a. m. today, Lae time (6 p. m. yesterday Central Standard time) and was expected to complete it in about 18 or 20 hours.

Coast guard radio operators at Howland Island reported they contacted the Earhart plane at 8:18 a. m. (Central Standard Time) but could receive no details. They said atmospheric conditions were unsatisfactory for clear reception.

The first radio message received early today by coast guard headquarters here, where George Palmer Putnam is listening in on his wife's flight, was undecipherable. Putnam said he "assumed" the flight was proceeding normally.

Putnam said he was not alarmed at failure to obtain reports as radio conditions were unfavorable in the Howland area.

Search For Fiend Slayer Is Futile

Suspects Eliminated, Officers Forced To Start All Over Again

INGLEWOOD, Calif., June 2 (AP)—Baffled officials, having traversed a maze of blind alleys in their search for the fiendish slayer of three little girls, started all over again today.

With the exception of one person, scion of a wealthy New York and Los Angeles family, all suspects have been eliminated from consideration.

The theory guiding sleuths in their new tack is that Madeline Everett, 7, her sister, Melba, 9, and Jeanette Stephens, 8, were slain last Saturday by some one with whom they were acquainted, not by a stranger.

The Will-o-the-wisp known as "Eddie the Sailor," for whom police have been searching since the beaten and garrotted bodies of the children were found in a Baldwin Hills ravine last Monday, lost importance.

District Attorney Byron Fitts said that the possibility the killer is based on the belief that they would have been reluctant to accompany a comparative stranger into the hills, but would have gone unhesitatingly with a person whom they knew and trusted.

The only remaining suspect of the first phase of the roundup, the wealthy, 33-year-old man, was removed last night from an Inglewood hospital to the city hall, then sent back again to the hospital when authorities judged him still too intoxicated to submit to questioning.

Officials want him to explain his whereabouts over the weekend. Police heard with interest the story of Mrs. Alleen Brannon widow, who reported a strange conversation she had with a man on a street car last Sunday.

Mrs. Brannon said the man tried to conceal spots of dried blood on his trousers and acted extremely nervous and "jumpy."

Inquests into the deaths of the children are scheduled for today. A sensational, but meaningless development occurred last night when Roy Harmon, 37, park worker who had been quizzed in connection with the murders, hanged himself. Officials said he had proved he had nothing to do with the crimes.

OFFICERS END RACKET OF ACCOUNT ARTIST
A minor racket was believed ended here Friday with the arrest of a man officers said had singled drug stores out for his game. His procedure, they said, was to open an account at a drug store, secure merchandise and then dispose of it for cash. He worked the scheme on virtually every drug store in the city.

SCHOOL TRANSFERS DUE IN BY AUG. 1
Anne Martin, county superintendent, urged school patrons who intend to transfer their children from one school district to another within the county to do it as soon as possible.

Deadline for the transfer is Aug. 1, she said. Early transfer will eliminate possible oversight, she said.

FIVE DEAD IN PRE-HOLIDAY EXPLOSION OF FIREWORKS

NAMPA, Idaho, July 2 (AP)—A pre-holiday fireworks explosion that turned a combination drug store and beauty parlor into an inferno of pyrotechnics claimed two more lives today, bringing the toll to five.

More than 15 were injured, one of whom is feared dying. Mrs. Ernest Miller, 28, and Mrs. George Le Delle, 38, died this morning. Mrs. T. C. Daniels, 29, her dress aflame, was killed yesterday afternoon and a few hours later Katherine Miller, 3, daughter of Mrs. Miller, and Ardye Favek, 15, died of burns.

Fire Chief L. T. Lessinger said children playing with fireworks in the shop touched off the spark that caused the tragedy. Of the injured, Miss Maria George is in the most serious condition, and hospital attendants said she is "sinking fast."

Picket Lines Are Held Back By Guardsmen

Unionists Can Only Jeer As Workers File Into Plants

REPORTS OF OTHER OPENINGS STIRS CIO

Secy. Perkins Upholds Lewis Union, Thinks Peace Will Come

MASSILLON, O., July 2 (AP)—Under bayonet protection, more strike-locked steel mills opened here today while rival camps of Youngstown Sheet and Tube employees were stirred by reports of new plans to reopen plants at Indiana Harbor, Ind.

Eel Ellinwood, secretary of the association of steel employees, an independent union opposed to the C.I.O. strike, said he expected "some definite word about reopening" the Indiana Harbor Mills within a few hours.

To Resist
C.I.O. strike leaders immediately sent out a general call for pickets to resist the move.

Philip Murray, chairman of the steel workers organizing committee, filed petitions with national labor relations board at Pittsburgh requesting collective bargaining elections among employees at all plants of the Bethlehem Steel Corporation and the Weirton Steel company.

The back-to-work movement in Massillon was carried out without violence.

Glates to the concern's central steel division swung open, under protection of steel-helmeted national guardsmen, for the first time since the strike started May 27.

Non-strikers, in about 115 automobiles, quietly drove inside. About 300 pickets booted and jeered but were kept away from the plant by the troops.

Closed At Cleveland
The reopening left Cleveland the only city where Republic's sprawling mills are closed completely. Reopening of the four Cleveland units is expected next week.

Only a few hours before the concern's newest "back-to-work" move, the home of a non-striking employe was dynamited at nearby Canton. The blast ripped the rear porch off the home of Matt Perich, but injured none.

Republic ignored a CIO picket captain's bristling defiance: "If they try to open this plant, they are in for a damned bloody fight."

Five hundred troops moved in to forestall such an eventuality. The back-to-work movement was under way all along the five-week-old strike front—from Johnstown, Pa., with its recent history of

Pattern No. 488
For occasional table, serving table, dining or kitchen table between meals, this fluted piece is an excellent suggestion. It measures about 24 inches in length, and is 11 1/2 inches wide at the center. It has a simple sort of pattern that will go well with any other hand-work you may have.
To go along with it, this attractive fluted edging for a small centerpiece is just the thing. As it is here, it is 2 1/2 inches wide. For a larger piece, use heavier cotton; on the other hand, if you make it up in very fine cotton, you can have a dainty hankie edging.
The pattern envelope contains complete, easy-to-understand directions, with block and space diagrams to aid you; also what crochets and what material and how much you will need.
To obtain this pattern, send for No. 488 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address Big Spring Herald, Needlework Department, P. O. Box 172 Station D, New York, N. Y.

New Stanton Pastor And Family Honored With Gift Reception

STANTON, July 2—Honoring Rev. Fred McPherson who with his wife and child arrived Tuesday from Jayton to assume his duties as pastor of the First Baptist church here, members of his congregation entertained with an old-fashioned "pounding" and a reception on the lawn of the J. L. Hall home recently.

Serving as master of ceremonies, the host, Joe Hall, welcomed the new pastor and his family. Rev. Raymond Van Zandt, Methodist pastor, and Rev. W. C. Williamson, Baptist minister, also spoke. Mr. McPherson replied to the welcoming addresses.
A wheelbarrow of gifts were given the newcomers. Mrs. McPherson expressed the thanks of the recipients.

Miss Lorene Jones presided at the punch bowl.
Present were the honorees, Mr. and Mrs. Virgil Brothers, Mr. and Mrs. J. T. Davis, Mr. and Mrs. Morgan Hall, Mr. and Mrs. Irvin Sprawls, Mr. and Mrs. Eugene Jones, Mr. and Mrs. J. A. Wilson, Mr. and Mrs. Clark Hamilton, Mr. and Mrs. Guy Eiland, Mr. and Mrs. C. E. Laird, Mr. and Mrs. Calvin Jones, Mr. and Mrs. James Jones, Rev. and Mrs. Raymond Van Zandt, Rev. and Mrs. W. C. IRISH FREE STATE COUNTING BALLOTS

DUBLIN, July 2 (AP)—The Irish Free State started counting votes today to learn, among other things, if she had been re-christened "Eire" and whether President Eamon De Valera had been returned to power. The first tabulations of the proportional representation balloting were not expected before night and the final results from some 30 constituencies may not be received until Tuesday or Wednesday.
Mr. and Mrs. G. W. Bolton and Miss Jennie Fay left today for Stamford where they will spend the Fourth and attend the annual Cowboy's Reunion.

READING AND WRITING

By John Selby

"THE LIFE OF RILEY," by Harvey Fergusson (Knopf: \$2).

The story of Morgan Riley's life, as Harvey Fergusson tells it in "The Life of Riley," could be graphed with two lines. The first line would rise to some vaguely defined point in the "great" war. The next would decline to about the level of Riley's beginning. That is all.
For Morgan Riley was just an animal. He was the son of a saloon-keeper father and a school-teacher mother, born in the southwest. He was not precisely stupid, but although he sometimes reacted gently to intellectual stimuli, what he really lived for was women. His mother's brains did not go into her son, although a bit of her breeding did.

As a boy Morgan was naturally a leader. He thus arrived at puberty and interest in girls a little ahead of his fellows. He stayed ahead of them. There were minor affairs—a little Mexican girl and such like. Then there was Anne, who was the daughter of the town nabob and a girl of intelligence and independence as well. Anne was also brave.

After Morgan's last night with her, there came the war. Morgan returned from that a hero but there wasn't anything left of his father's fortune but a cigar store and a poolhall, so Morgan and his decoration took refuge there. And it wasn't had at first, not until after Morgan married Lillian, and Lillian left him because he was having an affair with a grass widow. It was one affair after another from that day on. Morgan couldn't make money, nor could he keep it. But he had that way with women. He moulded their emotions exactly as a sculptor moulds clay or a musician makes tone obey him. It was Morgan's career.

It took him, after a good many years of moulding thus, into a couple of situations which can only be called anomalous. But what these were it is Mr. Fergusson's business to say, and he likes his business very much. Evidently Mr. Fergusson hugely enjoys this exploration of man's amatory power. It is the sort of thing more often done for women who are supposed to be great lovers, either in fiction or history, than for men.
Just the same, once the affairs assumed their inevitable pattern, the book palled. Morgan was dull as ditchwater, and the last few pages were pretty far-fetched.

FDR's Fiscal Estimates Off

Income Above His Guess, But So Is Total Expenditure

WASHINGTON, July 2 (AP)—Treasury reported today that tax collections topped President Roosevelt's revised estimates by \$69,000,000 during the fiscal year ended Wednesday midnight. Federal spending exceeded his forecast by \$221,000,000.

Government receipts for the year were reported at \$5,293,840,236, compared with \$4,511,956,615 in the previous year.

Expenditures declined, standing at \$5,106,158,547 compared with \$5,327,798,257 in the previous year.

Income taxes, the government's chief revenue producer, put \$2,157,526,981 in the treasury during the 1937 fiscal period just ended, or \$32,000,000 more than Mr. Roosevelt's forecast last April.

As of June 30, the public debt totaled \$36,424,613,723, compared with \$33,778,543,493 on June 30, 1936.

Last year's net deficit, excluding \$103,000,000 for debt retirement, was \$2,707,347,110, compared with a revised estimate of \$2,557,000,000 and a deficit last year of \$4,360,901,492.

MEXICO INVITED TO DALLAS EXPOSITION

MEXICO CITY, July 2 (AP)—A delegation of five Texans carried a good will message from Gov. James V. Allred to President Lazaro Cardenas today, inviting the people of Mexico to attend the Pan-American exposition at Dallas.

The five are A. G. Skeggs of Deport, B. T. Johnson of Fort Worth, Eugene Talbert of Tyler and Roy I. Tennant, Jr. and Louis Hitch of Longview.

They arrived yesterday and, accompanied by Stephen Aguirre, secretary of the U. S. embassy, paid a courtesy call on Foreign Minister Eduardo Hay.

ALL MARKETS WILL BE CLOSED MONDAY

NEW YORK, July 2 (AP)—All important securities and commodity markets in the United States will be closed Monday, July 5, in observance of Independence Day and most of them will not open for business Saturday.

Because of the regular Saturday closing of securities markets in London, Paris and Amsterdam and of the New York stock exchange's important world securities will be closed Saturday, July 3.

Some of the American markets to be open for business tomorrow include the Chicago board of trade, New York spot grain, and most of the livestock markets. The Savannah and Jacksonville naval stores markets also will be open.

BABIES RATE HIGH IN INTELLIGENCE TEST

NORMAN, Okla., July 2 (AP)—Betty Ann Laxton, 32 months old, rated 25 points above a genius in intelligence today.

Dr. M. O. Wilson, professor of psychology at the University of Oklahoma here, said tests he gave the child showed her I. Q. as 145. A score of 120 points for a child her age, he said, would be that of a genius.

Betty Ann is the daughter of Mr. and Mrs. L. L. Laxton of Muskogee. Dr. Wilson said her vocabulary is equal to that of an 8-year-old child.

"I'm tired as a heathen, but I guess it was worth it," she said when the tests were over.

The child's achievements include counting to ten, reciting the alphabet to "I," a repertoire of 30 songs and several melodies on the piano, ability to distinguish American coins, recognizing five colors and operating the family radio.

Mrs. Hazelwood Is Elected Assistant Treasurer Of CMS

STANTON, July 2—Mrs. Ode Hazelwood was elected assistant treasurer at a meeting of the Courtney missionary society Tuesday.

Reports were prepared of the society's activities. With only three months elapsed since organization, the society has a record of creditable achievement. It has helped in financing the purchase of seats for the Courtney tabernacle, sent a delegate to the annual conference in April, and has one-fourth of its yearly pledge collected.

The Methodist missionary society meeting has been invited to Courtney for its next assembly. Present at the meeting were: Mrs. Joe Stewart, Mrs. John King, Mrs. Blocker, Mrs. John King, Mrs. Loyce Hazelwood, Mrs. Ode Hazelwood, Mrs. A. T. Mason, Miss Ina Kelly.

Mrs. F. Bodkins of Odessa was guest Thursday afternoon of Mrs. W. E. McNallen.

November Wedding Of Local Couple Is Announced

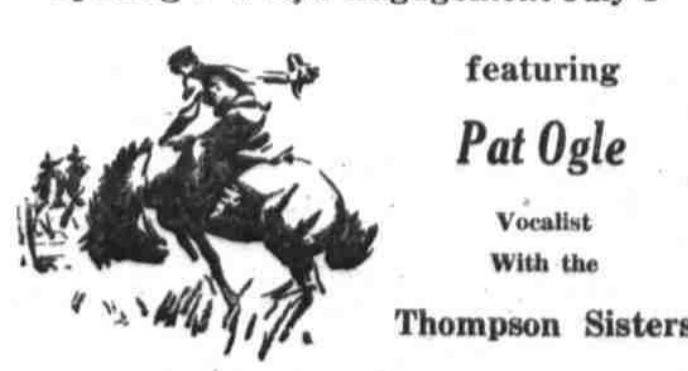

Announcement was made Friday of the marriage of Miss Jean Loughridge to Robert L. Stripling, both of Big Spring on November 14, 1936, at the parsonage of the First Methodist church in Weatherford, with Rev. J. H. Bond, officiating.

The couple, well-known in Big Spring, left Friday morning for Dallas, where they will spend several days before returning to Big Spring to make their home. They will be at 511 Hillside Drive after July 10th.

Mrs. Stripling formerly was a member of the nursing staff at the Bivings hospital. Mr. Stripling is owner of the Robert L. Stripling Insurance agency of this city.

AT THE CHURCHES

CHURCH OF CHRIST

An increased interest has been noticed in the regular Bible study which meets each Sunday morning at 9:45 a. m. There were 150 present last Sunday morning. This record has been bettered only by one Sunday out of the entire year thus far. Summer interest is encouraging at this time. If you are a member of the local Church of Christ, won't you come Sunday morning and help us to hold up our attendance record? We will be expecting you.

The sermon topic for Sunday morning will be "A Christian's City of Refuge." The radio sermon for Sunday afternoon at 2 o'clock will be entitled "Has the Kingdom of Christ Been Established?" The sermon for Sunday evening will be "The Work of the Holy Spirit in Leading the Christian." You have an invitation to attend our regular church services and to listen to our regular broadcast over station KBST at the regular hour.

CHRISTIAN SCIENCE SERVICE

(Room 1, Settles Hotel)
"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, July 4.

The Golden Text is: "To the only wise God our Saviour, be glory and majesty, dominion and power, both now and ever." (Jude 1:25)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the

power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all" (I Chronicles 29:11).
The Lesson-Sermon includes also the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas. . . . Allness is the measure of the infinite, and nothing less can express God" (page 331 and 336).

ST. MARY'S EPISCOPAL

F. Walter Henckell, Rector.
The early services will be continued during the month of July at St. Mary's Episcopal church. The service begins at 8:30 a. m. each Sunday. Holy Communion and sermon will be the order of service Sunday. The rector will be the celebrant and preacher.
Church school meets as usual at 9:45 a. m.
Everyone is cordially invited to worship at St. Mary's.

FIRST METHODIST

Alonso Bickley, Pastor
Sunday school, 9:45 a. m. Clyde Thomas, general superintendent.

Preaching 11 a. m. and 8:15 p. m. Morning subject: "Patriotism." The choir will sing patriotic songs and the service will be appropriate for Independence Day.

Evening subject: "Hidden Treasures." The third in the series of evening sermons on the "Parables of Our Lord." The men's Bible class will occupy the choir at this hour directed by Ray Ogden. The male

quartet will sing a special. The young peoples groups will meet at 7:15 p. m.
During the summer months the services will be brief but helpful. We are having many visitors at the services. Bring your guests with you to these services.

Hosts and hostesses for Sun 'ay—Mr. and Mrs. C. W. Cunningham and Mr. and Mrs. Frank Knau.

Sunday at 11 a. m. the First Presbyterian church will have its mid-summer communion. We show our patriotism and loyalty to our nation by observing the Fourth of July, commemorating our independence and freedom from all other nations. Our spiritual freedom was won on the Cross; the purchase of our liberty from sin asked to "Do this in Remembrance of Me." Every church member should show patriotism and loyalty by attending services Sunday.

REVISION OF TEXAS ELECTION LAWS TO BE SOUGHT IN FALL

AUSTIN, July 2 (AP)—Efforts will be renewed in the fall to rectify a "bad state of affairs" in the Texas election laws.

Yann Kennedy, secretary to the state democratic executive committee, said today a bill correcting ambiguities and conflicts may be submitted to the special legislative session. The proposal died on the calendar of the spring convocation.

"There are lapses in the primary election laws which assume major import in a state where nomination is tantamount to election," Kennedy said. "Often trivial in themselves, the errors in their entirety are a burden to election officials."

The secretary believes isolated amendments, passed without regard to the body of laws, have been responsible for conflicts in many.

The bill would re-codify all statutes, leaving the old intact wherever possible. A sub-group of the executive committee, aided by able advisors, drafted the proposal with a view toward more efficient methods of conducting primary elections.

Among other things, the bill would define a county officer as one who runs in one county only and a district officer as one who runs in two or more counties. By the law, district candidates were supposed to file with a non-existent district executive committee, which the bill would abolish. Instead, dis-

trict candidates would file with the state committee which would certify them to the proper counties.

The proposal would amend absentee voting regulations in an attempt to reduce possibility of fraud. Charges have been made that large groups of poorer classes have been voted absentee to better control their ballot. The bill proposes to reduce the time for absentee voting to 10 days and provide for stricter administration.

Kennedy said in some instances voting absentee was permitted in elections before primaries results could be certified.

The executive secretary also pointed out that as matters stood, the biennial state party convention, which declares nominations and certifies them to the secretary of state, should meet almost a week earlier than the state executive committee which canvasses election returns. Passage of law adding 31 women to the executive committee and giving them equal representation, was responsible.

This conflict would be rectified and the canvassing would be done, as in the past, on the day prior to the party convention.

Because the current \$100 filing fee for state office candidates has been found inadequate, especially in off-election years, the bill would increase it to \$250. Recently boosted salaries for these officers, it has been argued, justified the increase.

RARE DAY FOR FD: HE HAS NO CALLERS

HYDE PARK, N. Y., July 2 (AP)—President Roosevelt faced today one of those rare occasions in the life of a president—a day with not a single caller on his engagement calendar.

As members of the family who came east for the Roosevelt-Du Pont wedding began to scatter, he planned to stay close to his mother's Dutchess county estate except for a possible motor ride around the countryside.

The president capped the first of five days he intends to spend here with a radio address last night congratulating Canada on the 70th anniversary of her confederation.

Prune May Be Renamed

SAN JOSE, Cal. (UP)—At a prune breakfast given by the California Chiropractors' Association the suggestion was made that the prune should be renamed "Petite Pomme Noir d'Amour," or "Little Black Apple of Love." Local growers think that if a change in name is necessary "Pom" would be sufficient.

Scouts

(Continued from Page 1)

a sea of hands trying for the prized article. Of some 25,000 scouts at the jamboree, more than 3,000 are Texans and easily the most colorful of the Texas scouts is the group from this area, judging from the publicity they have enjoyed.

In letters home, scouts have told of trips to the Washington monument (they had to climb the stairs to the top), a boat excursion on the Potomac, trips about Washington, baseball games, and other adventurous toasts. They are due to make the pilgrimage to Mount Vernon in a few days.

One scout complained about the price of having kodak shots developed. "It costs 35 cents to get the pictures developed," he wrote. "I'll just wait until I get home."

He, and others, said they dreaded the trip home because "the trails from St. Louis to a coal burn and we were black with soot."

The jamboree will end on July 9, but the local patrol and others of the area troop will go to New York for a one day excursion. They will return here around July 15.

Attending from Big Spring are George Miller, senior patrol leader of the area troop, Sam Atkins, leader of the Horned Frog patrol, J. L. Wood, assistant, Sam Melinger, Julian Fisher, Wofford Hardy, Warren Woodward and Paul Kasch.

13 dead, 250 injured and \$80,000,000 cost, still was on.

Hearing Tuesday Federal Judge Mell G. Underwood at Columbus has set next Tuesday as the date for hearing the union's appeal for a temporary restraining order against the troops.

Company officials said today that plants in the Youngstown area, normally employing 30,000 men, are "within 1,000 men of normal."

This "back to work movement"—the union insists the companies' estimates are "exaggerated"—has been accomplished without any change in their attitude toward the union. Even Inland Steel, which opened yesterday after CIO leaders had agreed to accept the company's labor policy, insists that the resumption of operations was accomplished without "signing anything with anybody."

Blame Companies The attitude of Inland Steel and of the three corporations involved—Republic, Bethlehem and Youngstown Sheet & Tube—has been that they would sign no bargaining contract with the John L. Lewis union. It was upon that issue that the strike was called.

The report of President Roosevelt's strike negotiation board, made public at Washington by Secretary of Labor Perkins, put the blame for that board's failure to effect a settlement on the steel companies.

Secretary Perkins defended the leadership of CIO, headed by John L. Lewis, and thought it was a responsible union. In this she agrees with Tom Girdler, the outspoken chairman of Republic Steel, who calls CIO "utterly irresponsible."

The secretary said she thought the opposing groups would meet "sometime" and that "when they do, they will solve the problem."

PROPERTY VALUES IN STATE WILL BE HIGHER THIS YEAR

AUSTIN, July 2 (AP)—Reports to the comptroller's office from a third of the state's 254 counties strongly indicate that property valuations will show an increase this year for the second time since 1930.

Of the 85 counties from which reports already have been received, 55 had increases and a few others were unchanged.

Department officials said they could not make an accurate prediction on the extent of the gain until many more counties had reported. Valuations for state purposes were \$3,247,532,265 in 1936, representing an increase of \$55,923,984 over 1935. The gain this year may be even more.

The largest increase was reported by Harris county, which has greater valuations than any other county. Its valuations for state purposes were \$245,000,000, a gain of \$9,073,285.

Figures for state tax purposes always are substantially lower than those for county purposes because homesteads up to \$3,000 valuation are exempt from the state levy. Kennedy county, famed for its large ranches, had the surprisingly small difference of only \$3,015. Its valuations for county purposes were \$2,817,479 and for the state impost \$2,814,464.

All reports are supposed to be filed within the next two weeks.

Belligerent Rights Argued

Italy, Germany Favor Giving Recognition To Both Sides

(By the Associated Press) Italy and Germany, still flatly opposed to an Anglo-French neutrality patrol of all Spain's coasts, proposed today that both sides of the Spanish civil war be given belligerent rights.

The plan was offered jointly at a second critical meeting of the non-intervention sub-committee dealing with the withdrawal of Germany and Italy from the 4-power neutrality naval patrol.

It was submitted as a counter-proposal to the Anglo-French plan and left still unanswered how Europe was to save its peace from possible Spanish explosion.

Earlier, Britain and France formulated what was regarded as a firm stand against Italy and Germany on the issue. British Foreign Secretary Anthony Eden told the house of commons there could be no agreement on belligerent rights at the moment.

French Foreign Minister Yvon Delbois was reported in Paris to have told the chamber of deputies foreign affairs committee that France and Britain might override Italo-German objections and jointly patrol Spain's coasts. There also was the possibility of complete abandonment of the non-intervention scheme.

NEW DATE PREPARED FOR APPLICATION

New data is being prepared by the Big Spring eleemosynary institution committee for submission to the board of control on its return to Austin.

Claude Teer, chairman of the board, invited Big Spring to submit additional information which might throw a new light on the city's application.

While work still continued by the committee, its members expressed confidence that this city was still in the running, but that it will take the concerted action of every citizen to secure the hospital location here.

The automatic tax board will use the figures late this month or early in August in arriving at the property tax rate. Due to large deficits, the levies for the general and confederate pension funds were certain to be the constitutional maximum of 35 cents and 7 cents on the \$100 valuation respectively.

The school tax rate will depend on the per capita apportionment expected to be set Tuesday by the board of education. Indications were it would not be greatly changed from the present 20 cents.

ONE TWIN ARRIVES FOUR DAYS LATE

KANSAS CITY, July 2 (AP)—Four days ago Lois Rivers was born. Last night her twin sister arrived. Physicians said both the children and their mother, Mrs. Daphne Rivers, were doing well. Lois weighed 4 pounds 12 1/2 ounces at birth. Her sister, as yet unnamed, weighed 5 pounds 3 ounces.

Aged Texas Man Dies In Chair

HUNTSVILLE, July 2 (AP)—Clemens Constantine Matura, 66 the oldest man to be executed in Texas, died in the electric chair early today for killing Miss Rebecca Corsey, aged spinster, near Haskell in May, 1936.

He was dead at 12:08 a. m. Before he was strapped into the chair he told witnesses: "I never would have done this if I hadn't been drunk."

Matura had been convicted in the deaths of three other persons. His brother, John, was slain accidentally when Matura shot and killed Vince Krobart in 1897. He was convicted of slaying John Page in Haskell county in 1923.

GIRL HITCHHIKER IS ABLE TO TAKE CARE OF HERSELF

Police Friday had a "spunky" girl on their hands, one capable of taking care of herself, but they reasoned that hitch-hiking was not advisable for her.

She came to the station Thursday night to report that she had defended herself with a crank and escaped from a truck driver who she complained made advances toward her. The driver, she said had picked her up.

En route to Phoenix, Ariz., from Oklahoma, the 16-year-old girl was placed in a hotel room by police Thursday night. Friday they figured she did not belong on the highway, obtained a ticket to Phoenix, and prepared to see her off this evening.

PASTOR SAYS YOUTH HAS OPPORTUNITIES ON NEW FRONTIERS

Rev. C. E. Lancaster, pastor of the First Baptist church, addressed the American Business club Friday noon, stressing the opportunity confronting youth in pioneering new frontiers. In the absence of Roy E. Reeder, who was called to Arkansas on the death of his mother, W. E. Wozencraft presided. Dr. Preston Sanders gave brief report on the national convention just ended in Cleveland. He was appointed on one of the national committees for advancement of the organization's big brother movement. The next convention will be held at Amarillo in 1938.

Electricity has helped make him "Physically Strong"

Several hundred boys and young men from West Texas are attending the first National Boy Scout Jamboree which will continue for 10 thrill-packed days in the National Capital where 25,000 Boy Scouts from all sections of the country are representing the hundreds of thousands of Boy Scouts who could not go. In this temporary city of tents is the pick of America's young boyhood, "physically strong, mentally awake and morally straight," to quote a part of the Boy Scout Oath.

And electricity has helped make these boys "physically strong" for electricity has safeguarded the food of many of them from birth. This same electricity has provided light for safe seeing to protect young eyes from unnecessary strain.

Throughout life, these boys will find that electricity is adding to their happiness, comfort and is making life easier and more pleasant, all because it works quickly and cheaply at the snap of a switch.

Gable And Loy In Irish Film

Story Of 'Parnell' On Ritz Program Sunday And Monday

The tensely human story of a love that affected the course of nations is drawn vividly in the fictional drama of "Parnell," which comes to the Ritz theatre as Independence holiday fare with Clark Gable and Myrna Loy in the starring roles. Booking is for Saturday and Sunday and Monday.

Directed by John Stash, the screen adaptation from a stage play follows closely the spectacular career of Charles Stewart Parnell, the Irish leader who found a great love more powerful than a great cause. General background of the picture follows historical incidents, but there are deviations for dramatic purposes.

Lumber Country Background For Picture At Queen

With virgin forests of the Northwest as its background and a feud between rival lumber companies as its theme, "Hell Divers," the Warner Bros. picture, a dramatization in natural colors of the James Oliver Curwood novel of the same name, comes to the Queen theatre Sunday and Monday—following a Saturday matinee preview—with George Brent and Beverly Roberts in the stellar roles.

Brent is at his vigorous and ingratiating best as Steve Russett—a rich idler who achieves power in the big woods through conflict with his ruthless brother—and the influence of a courageous girl of the forest, Jo Barton, a role portrayed by Beverly Roberts.

Brent and Miss Roberts are supported by Barton MacLane, Robert Barrat, Alan Hale, El Brendel, Billy Bevan, Joseph King and many other screen favorites. Several real lumberjacks take part in the picturesque sequences. The thrilling drama has dramatic thrills to hold its own with current season productions. Feminine members of the cast are attractive little Dorothy Parker and Marjorie Rembeau.

Dick Foran Brings Music And Action To Queen Screen

There ought to be plenty of racket—the rattle of revolvers, the crack of rifles and the thunder of horses' hoofs—at the Queen theatre Friday and Saturday, for there opens a picture called "Blazing Sixes," which title refers to the six-guns the characters use.

It's a Warner Bros. Western starring that likable six-footer, Dick Foran, the singing cowboy. It has to do with how the government agents back in 1890 stopped the looting of stage-coaches carrying newly-made gold coins from the Denver mint to the cities of Colorado.

CONSTIPATION IS A MISERABLE THING!

It takes the pep right out of you—makes you feel tired and irritable—ready to worry over the slightest thing. Yet it can be corrected in most cases so easily. Common constipation is usually caused by lack of "bulk" in the foods you eat. Millions of people have learned that Kellogg's ALL-BRAN ends constipation by putting "bulk" back in the diet. Within the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass and gently sponging out the system. Kellogg's ALL-BRAN also furnishes vitamin B to tone the intestines and iron for the blood. Two tablespoonfuls daily as a cereal with milk or cream, or in recipes, are sufficient. Three times daily in severe cases. Sold at all grocers—and guaranteed by Kellogg in Battle Creek.

SINGING COWBOY AT QUEEN

Dick Foran, husky young western star, brings a fine voice and an up-and-at-'em character to the Queen screen Friday and Saturday in the musical western play, "Blazing Sixes," in which Foran is a government agent on the trail of bandits.

Farce Comedy At The Ritz

Miriam Hopkins, Joel McCrea In 'Woman Chases Man'

Miriam Hopkins and Joel McCrea, one of the most successful and popular romantic teams in films, score a new triumph in a production that has for its chief bid farce comedy, "Woman Chases Man." The picture is at the Ritz Friday and Saturday.

The picture, one produced by Samuel Goldwyn who reportedly insisted on its release over objections by stars, directors and others, is said to be of such nonsensical vein that it makes gay pieces like "My Man Godfrey" and "Mr. Deeds Goes To Town" appear sombre dramas.

The hilarious story casts Miriam as a girl architect who chased a wealthy young man (McCrea) to the ends of the earth—to make him sign a contract to finance a model village and finally managed to get his name on the dotted line of both the contract and the marriage license. It seems McCrea is a very close-fisted young fellow, one who has to watch his father to keep the old man from spending all the family dough. Charles Winninger of Showboat fame has the role of the father. Other comic players in the cast are Erik Rhodes, Ella Logan, Leona Miracle and Broderick Crawford.

"Woman Chases Man" is the fifth production in which Miss Hopkins and McCrea have appeared together. This is, however, their first effort at broad comedy.

AT DALLAS PARLEY

Rufus Parks, manager of the Firestone Service store here, was in Dallas today attending a conference of Firestone representatives. He planned to return Saturday.

and fighting, Dick finds appropriate moments in which to sing a couple of songs written for him by M. K. Jerome and Jack Scholl "Ridin' On to Monterey" and "In a Little Prairie Town."

In the supporting cast are such players as Mira McKinney, Kenneth Harlan, Milton Kibbee, Gordon Hart, John Merton and Glen Strange. The picture was directed by Noel Smith from a screen play by John T. Neville, based on Anthony Colodeway's original story.

JUST A CHASE

Things are pretty much on the merry-go-round in a hilarious comedy production, "Woman Chases Man," in which Miriam Hopkins and Joel McCrea are co-starring. The picture is at the Ritz Friday and Saturday.

IRISH LOVE

Myrna Loy and Clark Gable in a scene from "Parnell," a bit of fiction out of Irish history. The play, which is at the Ritz Saturday, Sunday and Monday, tells of the political and amorous career of the famed Irish leader.

FORMER HEIR TO SPANISH THRONE TO WED COMMONER

HAVANA, July 2 (AP)—The Count of Covadonga, former heir to the Spanish throne, plans to wed pretty Marta Rocafort, Cuban commoner, Saturday night.

Covadonga renounced his title of Prince of the Asturias and his claim to the Spanish throne to marry another Cuban commoner, Edelmira Sampedro. They were divorced three months ago.

Tex Ritter Starred In Musical Western Playing At Lyric

A recent series of musical western plays has established Tex Ritter as one of the leading western ballad singers, and of these popular features, "Hittin' the Trail," latest of the tuneful, fast-moving melodramas, moves in at the Lyric Friday and Saturday.

The story deals with the horse-rustling days of the old West, when stolen horses were swapped across the Rio Grande, and brings to the screen a new beauty in the person of Jerry Bergh, a recent New York society deb and Junior League, who makes her film debut in "Hittin' the Trail" opposite the star.

Tex, himself, sings no less than six new songs, especially created for him, there are two novelty bands and an acapella chorus of fifty male voices, in addition to many specialty numbers. The songs sung by Tex include "The Rip Snortin' Sheriff," a rollicking melody, "Hittin' the Trail," the colorful theme song of the picture, "Headin' for Town," "Blood on the Saddle," "The Renegade Song," and "I'm a Natural Born Cowboy."

As an added attraction, The Range Ramblers, the nationally known radio band, are on the screen for the first time in three of their original compositions, "Prairie Trail," "Quartet Harmony" and "Texas Washboard Rag."

In the supporting roles are Earl Dwire, Snub Pollard, Tommy Bupp, Jack Smith, Archie Ricks and many others.

70 Arrested, 'Liquidated' Soviet Secret Police Head Reveals New Activities

MOSCOW, July 2 (AP)—Lenol' Zakovsky, chief of the Leningrad secret police, announced today the arrest and "liquidation" of more than 70 persons who allegedly acted as counter-revolutionary spies and "diversionists" for the Estonian intelligence service.

The alleged leader of the band, whom Zakovsky identified only as "K," was said to have been killed by a Soviet secret agent near the frontier when he resisted arrest.

Zakovsky, in an article in the newspaper Komsomolskaya Pravda, expressed belief that the secret service had not yet sized all members of the band, which he said had agents within the Red army and munitions factories.

Zakovsky said "K" was recruited while in Estonia in 1931 and after receiving training as a radio operator, was sent to the Soviet union to organize an insurgent group.

The man "K" was reported to have established a small radio station in a forest to receive coded instructions from the Estonian intelligence service.

Zakovsky also referred to the arrest of two German engineers alleged to be spies and the dispersal of a group of from 50 to 70 persons in White Russia who allegedly were agents of the Polish intelligence service.

He disclosed the execution of an unnamed Red air corps commander for spy activities. This man allegedly enlisted a group of mechanics in his air squadron who tampered with planes and caused fatal crashes. His accomplices were arrested.

Texas Prison Population Likely To Stay Above 6,000 In Spite Of Operation Of New Clemency Plan

WESTERNER

Tex Ritter, a popular member of the ranks of singing cowboys, is at the Lyric Friday and Saturday in a tuneful film of the old West, "Hittin' the Trail."

CO-STARRED

Those two old favorites, Wallace Beery and Clark Gable, are presented locally again in one of their old-favorite films, "Hell Divers." The action story about navy fliers is at the Lyric Sunday and Monday.

Canadian Prosperity Seen OTTAWA, Ont. (AP)—Canada is on the brink of a "prolonged" period of good times, Arthur J. Purvis, chairman of the National Employment commission, predicted in an address before the fifth Canadian conference on social work here.

AUSTIN, July 2 (AP)—The state's prison population probably will continue above 6,000 notwithstanding the institution of a new clemency system.

Ernest W. Bryant, chairman of the important pardon board created under a constitutional amendment adopted late last year, said the board's grants of clemency would be based on merit alone and therefore likely would be no more numerous than under the old system of gubernatorial pardoning.

"We hope to free a considerably larger number of meritorious prisoners than formerly was done," he said, "but henceforth it will be impossible for convicts to obtain clemency through political pull or family contacts. Then, too, we always will keep in mind that punishment should be sufficient to deter crime."

The number of Texas convicts was around 5,000 a few years ago but it now has grown to approximately 6,300. Bryant said it probably would increase rather than decline with the expected growth in the state's population.

The board has abandoned the practice of granting furloughs and extensions with the time out of prison being counted on the man's term. It still gives some furloughs but the convict loses his time.

Relatives and friends of individual convicts are the worst enemies of prisoners in general, Bryant said, because they take up so much of the board's time with repeated unavailing appearances in behalf of the men for whom they are seeking freedom.

The constitutional amendment stipulated the governor could grant clemencies only on recommendation of the board. Prior to last February 1, a chief executive could liberate a convict regardless of the board's decision.

RACING PROFITABLE

LOS ANGELES, July 2 (AP)—Horse racing, brought back to California four years ago after an absence of nearly a quarter of a century, has been a profitable sport as far as the state treasury is concerned. Starting off with the 1933-34 season, when only \$259,657.36 was taken in via taxes and the state's

"out" in the legalized pari-mutuel betting, revenues have jumped considerably. The 1936-37 season which ended officially June 30 brought \$1,983,785.84 in revenues, bringing the total for the four years up to \$4,785,894.

'Harmless' Cracker Is One That Usually Kills

National Safety Council Picture
Makings Of Fourth Of July Tragedy
Small Boy and Match and 'Harmless' Firecrackers

CHICAGO, July 2 (AP)—'Harmless' firecrackers in the hands of little children are still the biggest hazard of the Fourth of July.

It was the 'harmless' brand that caused 2,075 of 3,000 accidents studied in 1935 by the Society for the Prevention of Blindness.

Nine of those killed were less than five years old; 146 injured were less than five. Altogether, at least 7,738 persons were injured and 30 killed from fireworks.

The National Safety Council, discussing the survey, explains that most folks blame high-powered explosives for the accidents they read about.

Even sparklers, given to children because of their supposed safety, caused many injuries and at least two deaths.

The society cites these as typical accidents: A policeman shattered his hand so badly that amputation was necessary. He was showing a child how to light a firecracker.

A fragment of tin pierced a boy's heart. He had lit a firecracker under a tin can. One boy was killed and two passersby injured. The lad had dropped a lighted firecracker into an unused 1,000-gallon gasoline tank—which still contained some gas and vapor.

A war veteran who had been cured of shell shock lashed out and shattered his skull against a lamp post. He had been startled by a firecracker thrown at him.

Lighted firecrackers tossed into autos and crowds were found responsible for 1,359 of the 3,000 accidents studied.

How To Attack Problem
The National Safety Council suggests these preventive measures:

Legislation against the uncontrolled use of fireworks—legislation which will effectively throttle sale by the bootleg stands which spring up when sale is forbidden.

Mob Seeking Negro Turned Back By Law

ATHENS, July 2 (AP)—Henderson county officials said today it appeared certain there would be no further trouble in the case of a young negro who was threatened with lynching after a white woman was beaten and an attempt made to criminally attack her.

Late last night a crowd of about 100 men swarmed into the county jail here, declaring they were bent upon killing the 16-year-old negro, Sheriff Jess Sweeten, an armed, faced them and warned them he 'would get rough' if they tried to take the prisoner.

The crowd dispersed but some mutterings they would 'come back' were heard. The sheriff however, said he expected no further attempts at violence.

All was quiet at the jail early today. The suspect, Sweeten said, admitted he beat and attempted to attack the 25-year-old woman.

Sweeten and his deputies summoned highway patrolmen from Dallas and Tyler early today after the crowd was dispersed.

The negro, 16, was arrested yesterday. Late last night the mob swarmed into the jail lobby, disarmed Deputy Sheriff Aubrey Corley Sheriff Sweeten, without his pistol, faced the crowd and told them he would 'get rough' if they tried to take the prisoner.

Earlier in the day the negro was taken to Tyler when a small crowd rushed at him as he was arrested. Sweeten brought him back to Henderson county. Charges, he said would be filed today.

LITTLE VICTIMS' BODIES TAKEN TO MORGUE

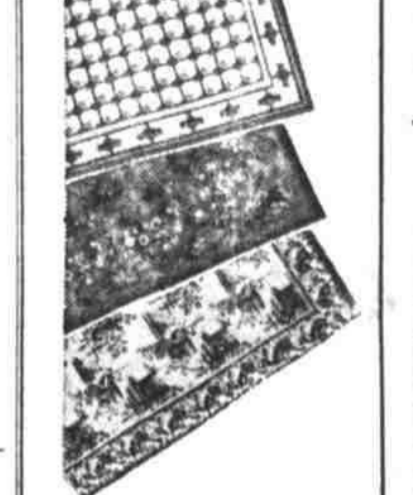

The bodies of the three little Inglewood, Calif., girls, who were found in a ravine in the Baldwin Hills, victims of an apparently degenerate killer, are shown as they were carried by coroner's officers into the county morgue at Los Angeles, after removal from the scene. An angry crowd formed as threats of lynching were heard as police sought a former sailor who was on probation after pleading guilty to contributing to delinquency of a minor.

OIL FIRMS FIGHT FOR A REHEARING

AUSTIN, July 2 (AP)—Oil companies from which Texas is trying to collect \$17,000,000 and throw out of the state for alleged violation of anti-trust laws battled hard to hold their ground today.

The 15 companies and two petroleum associations laid a barrage of legal argument before the supreme court yesterday in asking the tribunal to reconsider a recent opinion holding the laws constitutional.

If the motion for rehearing is denied trial on the merits of the charges probably will ensue. The suit was filed several years ago by Gov. James V. Allred, then attorney general, and has been in the courts ever since.

Derrel D. Douglas, manager and buyer for the Barrow Furniture store here, is leaving today for Chicago, Ill., and Grand Rapids, Mich., to attend the annual furniture markets and purchase stock for fall and winter trade.

Douglas will join other members of the Barrow organization in Abilene, including A. B. Barrow, president of the company; D. G. Barrow, vice president and manager of the Abilene store; S. M. Vaughn, manager of the Midland store; and A. T. Sheppard, manager of the Merkel store.

They will go by train from Abilene. The buyers for the Barrow stores attend these markets annually in order to keep posted on the changes in designs of new home furnishings, and to great savings are made on purchases.

The Barrow Furniture company, one of the oldest furniture organizations in the state, has seven stores in West Texas. It has recently built one of the largest and most modern furniture buildings in the Southwest in Abilene.

Only Retail Lines Make Progress In The Past Week

NEW YORK, July 2 (AP)—Retail distribution was the only branch of industry to make advances of any consequence this week, Dun & Bradstreet reported today in the weekly review of business.

Stimulated by Fourth of July and vacation necessities, sales for the country as a whole were 3 to 6 per cent above the preceding week and 10 to 20 per cent above the 1936 comparative.

'Industrial divisions felt the effect of the holiday schedule but the usual summer let down has failed to appear thus far,' the agency said. 'In wholesale markets the pace has steadied, recorders contributing the bulk of volume.'

Increases over 1936 were: East 10 to 25 per cent; middle west 15 to 25; northwest 12 to 20; south 15 to 28; southwest 14 to 22, and Pacific Coast 9 to 18.

Mr. and Mrs. V. M. Witt left today for a fifteen days visit in Wynnewood, Okla., where they will visit with their daughter, Mrs. Ova Jackson, and other relatives.

France Bans Price Hikes

PARIS, July 2 (AP)—The new Chautemps government exercised its new decree powers today by forbidding a rise in wholesale and retail prices to block post-devaluation profiteering. Violators were threatened with fines and imprisonment.

The devalued 'floating franc,' meanwhile, steadied on its second day in foreign exchange, maintaining the approximate level of yesterday's close.

The range of quotations narrowed in the morning between 29.05 and 266.610 francs to the dollar and 128.85 and 128.95 to the pound sterling as compared to the first day's final mark of 26.06 to the dollar and 128.93 to the pound.

Bank officials said the currency stabilization fund remained out of the market, allowing the franc for a second day to seek its natural level shorn of gold content limitations.

ASSESSED 15 YEARS IN FATAL BEATING

CLARKSVILLE, July 2 (AP)—Gene Hill was given 15 years in state prison yesterday by a jury in 192nd district court where Hill was found guilty of the fatal beating of his 14-year-old niece, Martha Durrum, last Aug. 23.

The state contended the child was beaten and stamped after she had engaged in a series of drinking parties. Defense witnesses testified the girl was injured in an automobile wreck.

Among the state witnesses were Jack and Stelman Miller, who are under indictment in connection with the girl's death.

MAKE IT A REAL HOLIDAY

Warnings are being published and given verbally of the danger of death on July Fourth, the National holiday, which this year covers two days in most places—Sunday and Monday.

In the north the chief warnings are of the danger of blindness or other physical injury followed by lockjaw because of careless use of fireworks.

Both can be greatly minimized if people will decide to be reasonably careful instead of unreasonably reckless. Careful driving, free from alcohol or other exciting agencies, will go far toward making the holiday excursion and return a safe one.

Let's make the holiday a real one, not a day of mourning and of sadness because our foresight was not so good as it should be.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Rudolf Friml, unlike most composers of semi-classical sonatas and operettas, has a shrewd evaluation of humor and an ability to inject droll observations into conversations where they do the most good.

He has been married three times, and it was the occasion of a midnight sailing that brought this flair for unconscious wit to the attention of several nightlife reporters who were attending a sailing.

"Gentlemen," exclaimed Friml, "this is indeed a pleasant sphere. Tonight I had dinner with my third wife and next week at this time I shall dine in Paris with my second wife."

"What about your first wife?" inquired a nose-gangling of the press.

"Ah, yes," mused Friml, "my first wife. Gentlemen, that woman turned out bad. She married again."

Taylor's was a waltz, which he doesn't remember except that it vaguely resembled a composite of all the popular waltzes of the day, and Norris was a novel. He called it "In the Reign of the Grand Monarch."

Morton Downey went to Dublin to sing for the Irish during King George's coronation. Once he attended a sailing to see his sister-in-law, Connie Bennett, off and they wouldn't let him on the boat. He finally found a cop who owned a radio, and the cop made him sing Mother Machree before being satisfied with his identity.

CLAIMS U. S. HAS SUPPORTED TURMOIL THROUGH MEXICO

WARSAW, Poland, July 2 (AP)—Alexandro Carrillo, Mexican delegate to the International Federation of Trade Unions Congress, charged today that the United States for 25 years has "supported internal turmoil in Mexico to further its own selfish and imperialistic aims."

executive committee had adopted a resolution expressing solidarity with "democratic Spain" and urging all members of the League of Nations to take immediate action in order to save world peace.

"The United States are the Germany of the American continent," he said.

ON THE RECORD

By DOROTHY THOMPSON

SENATOR VANDENBERG'S AMENDMENT

The only possible position for anyone who believes in democracy and in liberalism is to take now in the industrial struggle, is to support Senator Vandenberg's bill to amend the Wagner labor relations act.

It also establishes a "code of fair practices" for unions, prohibits compulsory assessments for political purposes, outlaws coercion and physical violence by either side, and insists that officers and agents of a union must be American citizens.

The bill parallels proposals which have been made in this column for months. That it is timely no one will question. It is long overdue.

What American public opinion is, no one need longer doubt. Governor Davey and Governor Murphy are being forced to respond to it.

John L. Lewis is, of all people, the man who—if he is sincere—should welcome the clarification of the law. Mr. Lewis has admitted on numerous occasions that he does not have his cohorts in hand, that he is infamed with enthusiasm, young and untrained leaders are bolting the union discipline.

He should welcome it also because the growth of vigilantism is menacing in the extreme; menacing to all of us; especially menacing to him. That there would be vigilantism of growing fury if conditions continued as they were, if lawlessness was condoned and tolerated by the federal authorities and its henchmen, also has been predicted for months in this column.

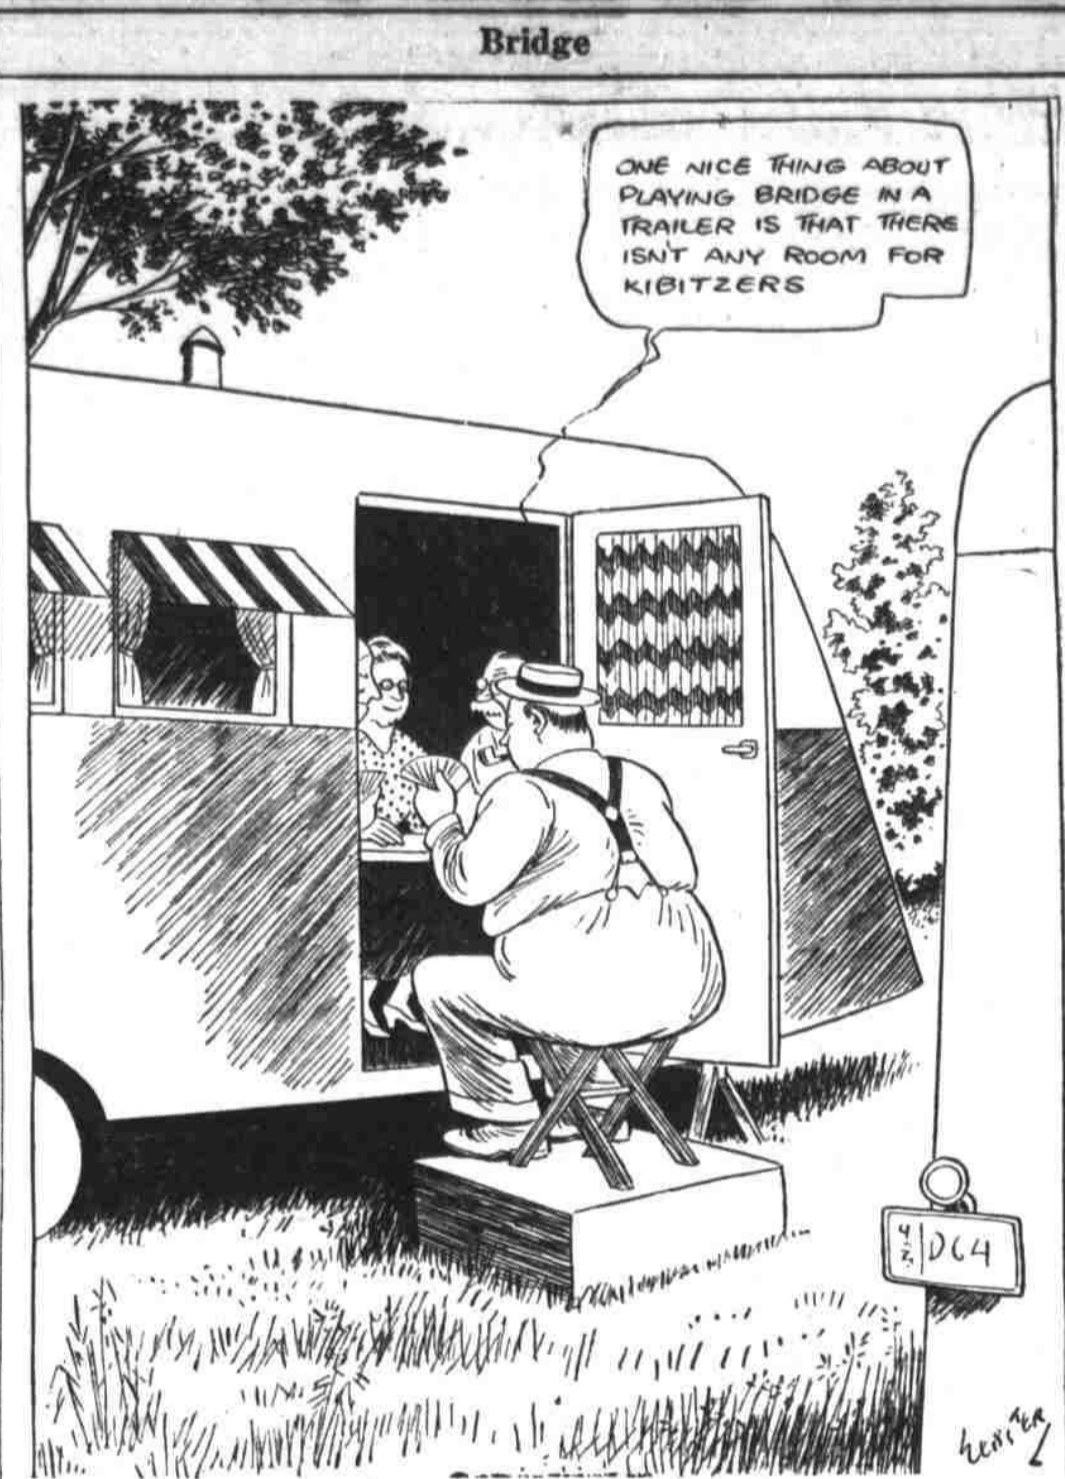

They rather needed relief from comedy in "A Day at the Races." The Three Marxes score again, and the preview audience said a decided "yes" to the whole picture.

It was life-saving to have the Marxes reviewed between the grim drama of "They Won't Forget" and the somber, ponderous "Slave Ship."

All the ingredients. It's a thrilling, dramatic story. Take Warner Baxter as skipper of a windjammer plying between Africa and America in the outlawed slave trade; add Wallace Beery as his gruff, double-crossing partner in crime; and Mickey Rooney as the kid who wants to be a slaver too.

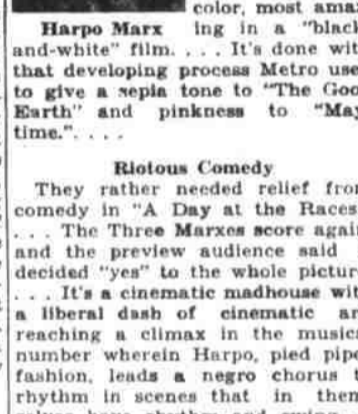

It has already reached the stage in Michigan, where to be effective at all, the citizen has got to take sides in a fight which, whoever wins, threatens to ruin democratic government based on law.

PHOENIX, Ariz. (UP)—Arizona judges split thirteen to three on a question of law—13 were wrong and three right. The 13, all superior court justices, sought increased pay under terms of a law enacted by the 12th legislature; three supreme court justices ruled they could not receive pay increases during their terms.

Hollywood Sights and Sounds By Robin Coons

HOLLYWOOD—Comedy relief, meaning relief from comedy—is provided by a beautiful spectacle in the new Marx brothers picture. The water carnival sequence gets my vote as one of the loveliest interludes ever provided in a picture.

Harpo Marx in "A Day at the Races." It's done with that developing process Metro used to give a sepia tone to "The Good Earth" and pinkness to "Maytime."

But "Slave Ship"—well, here's a good example of a misguided epic. It's a thrilling, dramatic story. Take Warner Baxter as skipper of a windjammer plying between Africa and America in the outlawed slave trade; add Wallace Beery as his gruff, double-crossing partner in crime; and Mickey Rooney as the kid who wants to be a slaver too.

Judges Wrong, 3 to 13. PHOENIX, Ariz. (UP)—Arizona judges split thirteen to three on a question of law—13 were wrong and three right. The 13, all superior court justices, sought increased pay under terms of a law enacted by the 12th legislature; three supreme court justices ruled they could not receive pay increases during their terms.

FLAME TRAIL

By Marie De Nerard. Chapter Eight. FRIEND OR FOE. "Even if this fire hadn't happened, you were sailing very close to the wind," said Dan Steele. "Yes, and what made this fire happen?" Kay flung out darkly. "How far is Josh Hastings ready to go to get my ranch?" "Kay, I'm amazed at you! Do you realize what you are implying?" Dan Steele gazed sternly into the rebellious brown eyes. "Don't say that again! I don't like to see you receive a friendly offer in such a spirit."

Scout Jamboree Is Bigger Than Board Ever Imagined It

WASHINGTON, July 2 (AP) - "Uncle Dan" Beard, a sponsor of the boy scout movement, took a philosophical view today of modern times.

"This period is only part of the swing of a pendulum," said the 57-year-old scout.

"You know, it took a revolution to produce the Magna Carta. Another upheaval preceded the revolutionary war.

"Of course, the moral and physical life of the youngsters today is not what I thought it would be back in 1910."

"But yet, perhaps we shouldn't judge the times by conditions just today. Perhaps this represents the pendulum swinging again and the country may be better off for it - who knows?"

Tears came to the veteran's eyes as he looked down the national jamboree's street of flags where several thousand boys were marching to the arena.

"It fills me with awe when I think that there are more than 25,000 boys, all in the uniform I outlined. I never thought back there in 1910 that there'd ever be a meeting like this, but I figured the scout movement would gain a strong foothold all over the country."

PROTESTANT PASTORS FACE GERMAN TRIAL

Assistant confessional pastors and a today in Mosbit court, charged church lawyer went on secret trial with inciting defiance of government decrees.

The Rev. Gerhard Jacob, pastor of the Kaiser Wilhelm Memorial church in Berlin, and his three co-defendants were accused specifically of publicly reading the names of persons who had left the church.

The charge was similar to that which yesterday caused the imprisonment of the Rev. Martin Niemöller, most outspoken of the protestant antagonists of Nazi church policy.

Kansas usually has more of both hogs and cattle than of human inhabitants.

Four Hijackers Get Rings And Bracelets Worth \$100,000

NEW YORK, July 2 (AP)—A quartet of jewel thieves invaded fashionable Beekman Place early today and at gunpoint stripped a society matron of jewelry valued at \$100,000.

The robbery occurred only a few doors from the apartment house where Mrs. Nancy Evans Titterton, victim of last year's sensational bath tub murder, was strangled.

Mrs. Josephine Ogden Forrestal, socially prominent victim of Manhattan's latest jewel robbery, told police the bandits took two platinum bracelets set with diamonds, and two platinum rings.

They did not take anything from her escort, Richard B. W. Hall, a broker, overlooking \$700 he had in his pocket.

As Mrs. Forrestal and Hall arrived at the entrance of her apartment in Hall's chauffeured limousine, and alighted, the bandit car drove up, they related. Before Frederick Tucker, the chauffeur could open the car door for Mrs. Forrestal, one of the robbers stuck a gun against his side saying: "What's your hurry, buddy?"

Another bandit climbed into the car and pulled the bracelets from Mrs. Forrestal's arms and the ring from her fingers. The other two robbers stood on the opposite side of the car.

The robbery lasted only a few seconds.

Says Policemen Broke Up Peaceful Lines Of Pickets

WASHINGTON, July 2 (AP)—John Riffe, leader of a five-week strike at the Republic Steel company's South Chicago plant, told senate investigators today that 150-club swinging policemen broke up the union's peaceful picket lines a few minutes after the walk-out started May 26.

He testified before the La Follette Civil Liberties Committee that patrolmen "kicked and clubbed one of our organizers, Mel Pitzel, until he was completely out, and then slung him into a patrol wagon."

Riffe quoted Police Captain James Mooney as saying "we are going to run this plant whether you like it or not."

A moment earlier, Riffe asserted, Mooney had promised the strikers they could establish a peaceful picket line 40 yards from the mill gate.

As soon as they had done so, the strike leader declared, 150 police charged out of the gate, scattered the pickets, and arrested many of them.

"Mooney cursed me and called me a Bolshevik and said if you cheap again we'll bust your head in," Riffe testified. "Then he put me in the patrol wagon."

Riffe said he prevented a sit-down strike in the plant by telling the men to come out peacefully, and that he had assured police all picketing would be "lawful" since the union "didn't want any trouble."

HORSES HE LOVED SHOT, OFFICER TAKES OWN LIFE

NEW ORLEANS, July 2 (AP)—The 21 artillery horses First Sergeant Henry Brunig loved were led out and shot this week, condemned as too old for service.

Sergeant Brunig was found dead last night, a bullet wound in his head, his revolver by his side.

"The only explanation I can think of," said his uncle, H. E. Brunig, "is that Henry was grieving over the horses." Dr. C. Greves Cole, coroner, said the death was a suicide.

Henry Brunig had been a member of the Louisiana national guard 21 years. He was wounded in France.

The horses were sorted out as old or unfit and executed after the motorization of Brunig's unit, the 141st field artillery, had been ordered by the war department.

COUNTY ATTORNEY LEAVING STANTON

STANTON, July 2—County Attorney Edw. Brown moved to Abilene Friday, after a brief tenure in the legal office. He will be present at the session of county court opening Monday, he assured the county judge.

His resignation leaves Martin county without an attorney for the second time in six months.

PASTORS CONFER IN MEETING AT STANTON

STANTON, July 2—Ministers of the Big Spring association met at the Baptist church here Wednesday afternoon and discussed observation of the week of prayer in connection with the summer evangelistic campaign of the Baptists.

A plan was adopted whereby teams of two or more preachers will visit each church in the association during the week of July 11-18 and hold an all-day service, including one service at night.

Rev. Fred McPherson, who moved here this week from Jayton to assume the pastorate, was host pastor.

Present were Rev. C. E. Lancaster, Rev. W. E. Garnett, both of Big Spring; Rev. B. G. Richbourg, Rev. Cumbly of Knott, Rev. Pitts of Coahoma, Rev. Aubrey Short of Forsan, Rev. W. C. Harrison of Odessa, Rev. W. C. Williamson and Mr. McPherson of Stanton, Rev. Strickland, district missionary, two out-of-association pastors, Rev. Dinard East and Rev. Finis Williams, and Mr. Finley.

House plants will do better next winter if set out of doors during the summer months.

OTHER WORKERS ARE CUT OFF WPA ROLLS

WASHINGTON, July 2 (AP)—Harry L. Hopkins, WPA administrator, announced today WPA cut off more than 124,000 workers in the two weeks ending June 26. That action reduced the number of persons employed to 1,821,151.

The reduction is in line with Hopkins' intention to trim the rolls to 1,665,477 by July 15.

The number of persons working on June 26 by states included: New Mexico, 8,244; Texas, 68,213.

More than 20,000 CCC boys are enrolled in special courses in agriculture.

YOUNG JUDGE GIVEN BAR ASSN. OFFICE

SAN ANTONIO, July 2 (AP)—Appellate and district judges last night chose one of the youngest of their number as president of the judicial division of the Texas Bar association. He is District Judge Few Brewster, 44, of Temple, Bell county, who was chosen to succeed District Judge M. C. Jeffrey of Lockhart. District Judge Max Rogers of Huntsville was elected vice president of the judicial division and District Judge Sarah T. Hughes of Dallas was chosen secretary-treasurer.

Judging by the scary look on Tom's face, I'd say he wasn't so keen on fooling with Eva there!
Harry E. Wilken

I bet Our Family was making whiskey before Eva was born!
—and this is our own Family's Recipe

Those elephants eating peanuts there mightn't be over thirty or forty years old for all I know. Or like as not they'd be a hundred years or so. I'd bet people living to be as old as elephants would know a whole lot! But the next best thing is to learn from the folks that have gone before you—and that's what we've tried to do in our Family—learn from Pa Wilken all he picked up in his 40 odd years of distilling, just as he learned from Grandpa Wilken what he knew about making fine whiskey. And this personal Family's Recipe of ours has got everything all of us learned concerning making whiskey mild and tasty. Yes sir—everything!
