State Rate Cut Saves Taxpayers Here Near \$2500

Rate Reduced 8 Cents; County To Fix New Rate Next Week

On the basis of a total valuation for tax purposes in this county of approximately six million dollars Crockett county taxpayers will realize a saving of approximately \$2,500 in their tax bill to the state this year.

This saving will result from a reduction of 8 cents in the state rate set by the Automatic Tax Board sitting in session in Austin Tuesday. The 1940 state tax rate was fixed by the board for this year at 69 cents on the \$100 valuation. This is a reduction of 8 cents from the constitutional limit of 77 cents set by the board last year.

Whether or not the full amount of this saving will be realized by the taxpayers, however, will depend on the county and school rate which likely will be set by the Commissioners Court at this August session scheduled for next week. The state reduction may or may not be absorbed by a like raise in the school or county rate. A levy must be set up by the court to provide a sinking fund to retire the \$30,000 bond issue recently voted to construct the new Mexican school building. Reduced charges on other outstanding school bonds may make it possible to shift the levy from the old bonds to the new, but that will be determined by the court after investigating the needs.

Last year's state, county and school tax rate in this county was \$2.52 on the \$100 valuation, of which 95 cents was for the county, 77 cents for the state and 80 cents for the schools, the school levy being divided 50 cents for maintenance and 30 cents for bond funds.

AAA Committee Members Inspect Bitterweed Area

Control Measures To Be Discussed By State Group

Inclusion of bitterweed control measures as a regular practice in the 1941 range program of the AAA may result from an inspection tour of bitterweed infested range lands in Crockett, Sutton and adjoining counties last week by three members of the state AAA committee.

The committeemen, Howard Kingsberry of Santa Anna, R. M. North of Ecleto and Committeeman Cade of Slaton, visited the Sonora Ranch Experiment Station, the ranch test plots north of Ozona, and several ranches infested with the poisonous weed.

The purposes of the tour, which occupied three days of last week, was to check the situation first hand and to determine if possible what steps can be taken under the range program to control it. The committeemen will make their report to the state committee meeting at College Station this week. It is estimated that 2,000,000 to 3,000,000 acres of range lands in this section are infested with bitterweed, scourge of sheep. It has been noted as far west as El Paso and to the New Mexico line. As yet no proven method of eradication has been found, but a combination of control practices, deferred grazing, pulling the weed or light staking of infested areas have been found effective.

Little change in the condition of Mrs. J. Neil Smith of Kansas City, who has been critically ill for the past two weeks, it noted this week, according to reports received by members of her family here. Pleas Childress, Jr., a brother, left the end of last week to be with other members of the family at her bedside.

They're Ready to Learn American Ways

Safe from the horrors of war are these three children of Maj. Arthur Lockhart of the British Army who landed in New York City recently. They were members of another band of refugee British children seeking a haven in the United States. Their father is an officer in the King's Hussars, now fighting for England against the Axis powers. The young refugees are being cared for by relatives in America.

Amusement Notes—

Foot Racing Fad Replaces Grasshopper Eating To Claim Attention Local Sports

Foot racing, in the manner of the old-fashioned "On Your Mark!" "Get Set!" "Go!" brand, has loomed as the latest summer sport engaging the attention of local sportsmen and fans—replacing the recently favored grasshopper and lizard eating exhibitions, and even casting a shadow on the ever-popular western sport of calf and goat roping.

It all started some time ago when a group of enthusiasts arranged a sprinting match between Sherman Taylor and Joe Clayton. Clayton, with a considerable weight advantage, came through for a decisive victory. Later the then champion was matched with "Chango" Chapman, and Clayton was outstepped by the challenger, even though "foul" was claimed by the Clayton supporters.

Those races tapped off the new sporting interest and matched races sprang up on all sides. The feature event of the past few days was a night race under the softball lights at Powell Field matched between Fats Thurman, man mountain of Ozona High School grid squads of late years, and Babe Phillips, himself a one-man "thundering herd." Again, youth proved an advantage and the earth trembled and rumbled as Thurman thundered through for a win.

Now, all interest centers on the race-of-the-century, with a reportedly fat purse up on the outcome. Two camps have divided over the relative foot-power speed of Boyd Clayton and Clay Adams, and running of the race awaits a favorable opportunity. Promoters are said to be approaching both contestants seeking the privilege of promoting the event with an advance ticket sale.

Methodist Young People To Menard Institute Aug. 12

A group of young people from the Methodist Church here are expected to attend the annual Menard Institute which opens next Monday to continue through Friday.

Rev. Eugene Slater, pastor of the Ozona Methodist Church, who has served as dean of the Institute for several years, has been named Vesper Speaker for this year's sessions. Registration for the Institute begins at 2 o'clock Monday afternoon. Persons interested in attending the Institute are asked to get in touch with Rev. Slater.

Mrs. S. W. Phillips and son, Kenneth, and Mrs. S. B. Phillips were San Angelo visitors the first of the week.

Penalty Cut On Delinquent Tax Speed Payments

Sept. 1 Deadline; Suits Be Filed Then; \$20,000 Due Here

A sharp rise in delinquent tax payments is expected during the balance of the month of August, final month of the time limit set by the Commissioners Court of Crockett county for payment of delinquent taxes without penalty or interest.

An estimate made from the office of W. S. Willis, sheriff and tax collector, indicates between \$15,000 and \$20,000 in "collectable" delinquent taxes is due in this county. The total of the delinquent amount shows larger than that, but much of this is on personal property removed from the county, and on non-existent lands of necessity retained on the rolls because the general land office has not made corrections on the tracts.

The Commissioners Court recently passed an order remitting all interest and penalty on delinquent taxes if paid before September 1, the order going further in requiring the county attorney to file suits against property on which taxes are delinquent after that date.

Absentee Voters Have Short Time For Run-Off Vote

Those who plan to vote absentee ballots in the Democratic run-off primary August 24 will have a short time in which to vote, shorter in fact by several days than the statutory provision allowing such balloting 20 days before the election.

Ballots for the run-off can not be made up and printed before the state Democratic committee meets August 10 to certify candidates to the county chairmen. After county chairmen received the certified list of state candidates, they add local candidates, draw for places on the ticket and make up the official ballot. This will delay delivery of the printed ballots to sometime late next week.

Jackson's Lead Cut In Official Election Count

Randolph Gains Over 100 In Totals For 112th Judgeship

Official returns of the first Democratic primary election gathered from party chairmen in the five counties composing the 112th judicial district cut by more than 100 votes the lead credited to Judge W. C. Jackson of Fort Stockton over his two opponents in the race for the district judgeship in this district in the unofficial count announced last week.

Early returns from the 5 counties, gathered by the Stockman last week, the count being incomplete in two of the counties, Judge Jackson was found to lack but 84 votes of obtaining a majority over his two opponents, Judge J. E. Randolph of Junction and W. A. Hadden of Fort Stockton.

In the official returns reported by county chairmen, however, Judge Randolph picked up 93 votes, Hadden gained 17 and Judge Jackson, 1, leaving Judge Jackson a total of 193 votes short of a clear majority. The vote change came in complete returns from Kimble county, where Judge Randolph registered a gain of 93 votes, Judge Jackson 1, and Hadden 18. Hadden lost one vote from the unofficial returns announced from Upton county to leave him a net gain of 17 votes.

Judge Jackson and Judge Randolph will oppose each other in the run-off August 24.

The vote by counties in the 112th district in returns reported by county chairmen was as follows:

	Hadden	Randolph	Jackson
Kimble	141	1089	611
Pecos	586	434	1373
Sutton	44	259	393
Upton	215	464	625
Crockett	34	116	187

City Softball League Leaders Hold Position

Water Workers Down Second Place Laundrymen For Top

The Standings	W	L	Pct.
Laundry	6	2	.750
Water Works	5	2	.714
Texaco	3	4	.450
Williams	1	6	.143

McDonald's hard hitting Water Works crew held their lead in the city softball league by downing in decisive manner, 22 to 9, Arthur Kyle's Laundry men in a battle for top place last night. A win by the Washmen, first half winners, would have put them on top in the second half standing.

The week's games saw the third-place Texacoers trounce the strong Water Works squad in last Thursday night's game and McDonald's crew then came back Monday night to take a hard one from the luckless Williams team after trailing most of the game.

The schedule for the coming week includes a game tonight between Williams and Texaco, Monday night between Williams and Laundry, Tuesday night between Water Works and Texaco, and Wednesday night between Water Works and Williams.

Sheriff W. S. Willis, who has been receiving treatment in a San Angelo hospital, returned yesterday to his home here. Although his condition is considerably improved, it will be necessary for him to rest several days longer, physicians said.

500 Defendants In Suit Filed Here To Clear Land Titles

One of the longest citations by publication ever issued here, appearing on another page in this issue of the Stockman, grew out of the filing of a suit by the executors of the estate of Mrs. Margaret A. Shannon and the trustees of the Shannon West Texas Memorial Hospital in district court here seeking to clear title to a tract of 42,220 acres of lands of the Shannon estate located in this county.

The suit is filed against more than 500 defendants, individuals private corporations, members of partnerships and corporations, stockholders of these corporations and unknown stockholders of a number of defunct corporations, citing them to appear for hearing of the case in 112th district court here at its September term opening the third Monday in September.

Plaintiffs in the suit are Alex Collins and Dr. J. S. Hixson of San Angelo as independent executors of the will and estate of Mrs. Margaret A. Shannon, and W. M. Hemphill, J. S. Hixson, J. P. Hill, Alex Collins, Clarence R. Webb, H. E. Jackson and Willis Johnson, trustees of the Shannon West Texas Memorial Hospital.

An oil and gas lease given in 1922 to F. E. Miller of San Angelo by J. M. Shannon on the tracts of land involved form the basis for the suit to clear the title. The lease hold was later parcelled out by sales to the large number of individuals and corporations. The 10-year lease has long since expired, but the court action was necessary to clear title to the lands to permit new leasing and possible oil development.

Local Red Cross Chapter Receives Yarn For Knitting

Wool yarns, being distributed by the American Red Cross to local chapters throughout the country for knitting into garments for European war refugees, has been received by the Crockett County chapter, and women interested in knitting the chapter's quota of garments are urged to contact Mrs. Jimmy Blaylock, chairman.

A quantity of the yarn has been received and already a half dozen or more women are knitting on the garments for refugee children. More knitters are needed, however, Mrs. Blaylock says, because a deadline has been set for September 1 for completion of the quota.

Sense Impending New Activity In Wool Market Here

120,000 Pounds Sold Here At 29c; Market Active

An impending explosion in a heretofore sluggish wool market was being sensed here yesterday by warehousemen, buyers and growers as several buyers, many of them showing interest for the first time this season, were milling through the local warehouse, sampling the displays.

A play for the local accumulation of eight-months fleeces, held for the most part for a minimum of 30 cents, seemed apparent with completion of the sale of over 600,000 pounds of spring wool at Del Rio yesterday at 30 and 30½ cents. Several options are reported out on short wool over the country with dealers expecting orders from successful bidders on government cloth contracts.

Clyde Young, buyer for Winslow & Co., bought 120,000 pounds of Spring wool at the Ozona Wool & Mohair Co. last week at 29 cents. Included in the sale were clips of John Mitchell, Roy and Rob Miller, Slick Miller, Armond Hoover, Mrs. Armond Hoover, Madden Read and Bud Mayes.

Meet Of Flying Club Enthusiasts Set For Saturday

Organization Of Club To Be Discussed If Enough Interest

If enough potential members show interest, the first steps toward organization of a flying club in Ozona will be taken at a mass meeting of interested persons called for 7:45 next Saturday evening at the courthouse.

Enough persons have indicated that they would be interested in entering such a club to indicate a strong possibility of formation of a successful group. E. R. Kinser, county commissioner, and a flying enthusiast declared in announcing the call for a meeting of those interested next Saturday night.

If from fifteen to twenty persons will become interested in joining up in the club, the cost to the individual will be very reasonable, it was pointed out. The club buys its own training plane, each member paying a prorata share of the down payment and monthly payments on the balance. Fees for instruction time cover the fee of the instructor and cost of maintaining the plane.

If the club is organized, it will operate on the new Crockett county airport, recently completed five miles west of Ozona. Three runways have been cleared and dragged on the landing field, laid out on a 270-acre tract leased from Mrs. S. E. Couch of San Angelo. A small two-room house, containing lavatory and commodes, and telephone has been built at the edge of the field, a 1000-gallon water tank set up and regulation windsock installed. The water tank, furnishing water for the house, is to be filled by use of one of the local tank pumper fire engines.

Heavy Rains In Scattered Areas Break Heat Wave

2.25 Inches Recorded Here; Heavier Falls To West

Quite unexpectedly for most West Texans, one of the most prolonged and severe periods of intense summer heat was suddenly cut short and a month-long drought relieved by heavy rains which fell over more or less scattered areas of this section Monday night.

Afternoon thunder showers to the west of Ozona Monday afternoon were followed by the heavy rains Monday night, the fall registering 2.25 inches here and reported from two to three inches west to beyond the Pecos river, with a local fall estimated at around seven inches on the Boyd Clayton ranch west of Ozona.

The rains brought relief from searing summer heat which in the last days of last week drove the mercury locally to a new high of 103 to 105 degrees, with little of the usual West Texas breeze to relieve the intense heat.

The rain did not extend to the east of Ozona but good falls were reported to the South.

Four Money Winners In Sunday Roping; Open Meet Aug. 18

There were just four money winners in the regular roping events of the Ozona Roping Club program at the fair grounds last Sunday afternoon. Taking off the entry-fee purses in the four roping events were Kay Black Vic Montgomery, Pete Perner and Max Schneemann, Jr.

In the first tie-down, Vic Montgomery was first in 20.3 seconds with Kay Black second in 21.5 seconds. Ten entered the event. In

Tax The Peddlers

Watermelon and fruit peddlers by the score have "set up shop" around Ozona's public square this summer and sold their merchandise in competition with established business houses of the city.

True, no one of these peddlers left Ozona with any kind of fortune in money. But take the whole lot of them through a year's time and the aggregate of business which they take away from local business concerns is considerable.

Other towns impose some kind of tax on these peddlers, which seems nothing but just and right. If they want to set up in competition with local business houses—who pay taxes, contribute to every worthwhile community enterprise, are customers of the utilities companies, and other business institutions, pay rent, support several families each through their payroll, and otherwise are a part of the community—then they should be willing to pay a reasonable tax for such privileges.

People Want Defense, Not War

A financial authority recently made this significant observation: "Let us be on guard against the building of a war hysteria. Let us keep it clearly in mind that what we are talking about is defense and not going to war. This is the time for clear thinking rather than emotional thinking."

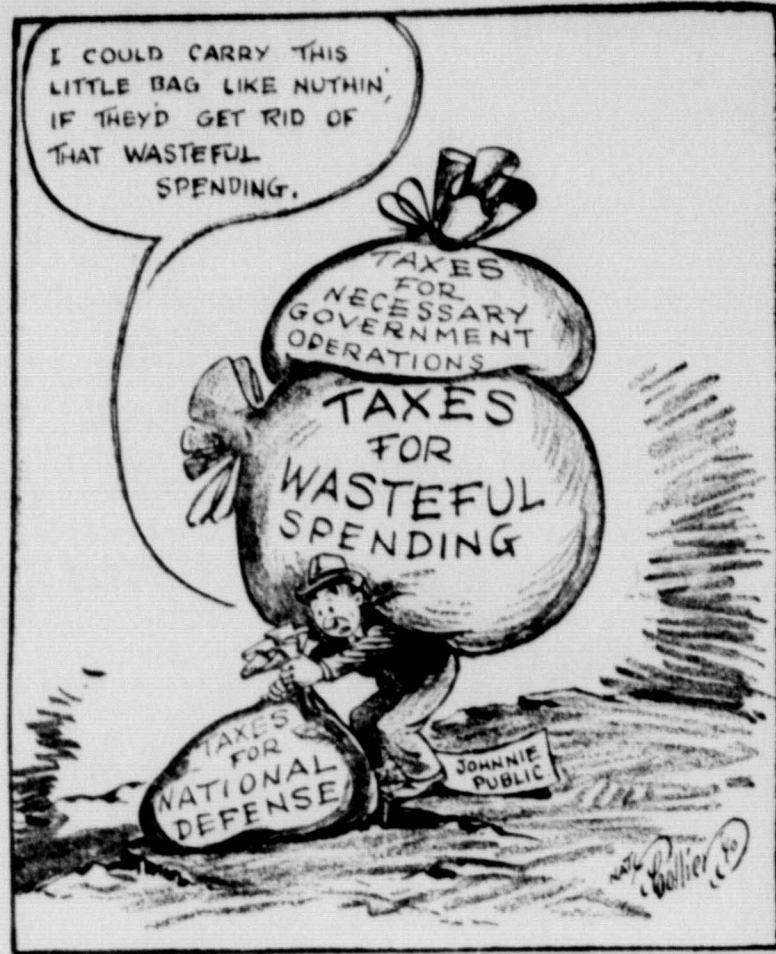

The standard polls indicate that while the American people are almost unanimously in favor of adequate preparedness, they are also overwhelmingly opposed to belligerent participation in the European slaughter.

Industry does not want war because, if for no higher reason, it knows from its experience in the last World War that it results in ruinous taxation and depression. It will do all in its power to avoid war—even while it does all in its power to make our defenses so strong that all aggressors will hesitate at bringing war to us.

The presidential polls are starting. They show that the President has a lead over Wendell Willkie—but it is comparatively slight.

That is considered a good augury for Mr. Willkie. For he hasn't made a single campaign speech as yet—and still he is in reaching distance of Mr. Roosevelt, who is thoroughly known to everyone. The gamblers are betting that it will be close.

THE BURDEN

Greatest Issue Living Voters Ever Faced

The two great political parties of the United States have made their choice of presidential candidates.

Only Mr. Roosevelt can speak with full authority in defense of New Deal activities and purposes. And only Mr. Willkie, among the opposition, has brought to bear on the New Deal, criticism which has been uniformly pointed, intelligent, soundly reasoned, and based on philosophical rather than partisan principles.

There can be no question but what the New Deal has vastly broadened the powers of government over the people—over individuals and industries alike. That is the New Deal's basic philosophy—a centralized government in Washington, exerting its influence over almost every phase of life.

Next November the people will determine whether or not the trend of the last eight years, with government grown great and powerful and costly beyond all peacetime precedent, is to continue—or whether we are to return traditional, liberal, localized government and self-rule as envisioned by the founders of the nation.

W. Lee O'Daniel has been renominated for governor of Texas by another overwhelming majority of votes in the Democratic primary which in this state means his re-election in November. It's to be hoped that he makes as good a governor his second term as he did the first—and if the complexion of the legislature isn't changed too much by the elections, he likely will.

Anyway, we hope he never refers to his election as a "mandate of the people."

"Working for government and living off government has become the great American profession and is continually being promoted, developed, and expanded."—W. Arthur Simpson, Director of Old Age Assistance, Vermont.

Mrs. Floy Williams of Barnhart, niece of Mrs. S. B. Phillips, visited over the week-end here.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Aug. 5.—BUSINESS—Emerging from the heat wave that slowed retail business as the whole country sweltered, prospects for gradual but steady pick-up are improved by the continued rising trend of unfilled orders on books of manufacturers. Backlogs are still accumulating, though at a slower pace, and assures maintenance of a high level of producing activity for several months at least.

WASHINGTON—Some business men seem to have the impression that the new excess profits tax legislation will apply only to such as are engaged in industries actually associated with the national defense program. Fact is, though, that every corporation will be affected so far as their 1940 and subsequent profits may exceed such earnings as would be considered "normal."

THIS BUSINESS OF Living

BY SUSAN THAYER

"AMERICA FIRST!"

This is the summer to do it! To pack the kids into the family car or buy a couple of more railroad tickets at prices no one would have believed possible 10 years back, and get going.

Where? That depends on what you like best! Mountains... oceans... lakes... historic shrines... great cities... even World's Fairs—they're all waiting for you, ready to give you a hearty welcome, and make you comfortable for as long as you want to stay.

Yes, it's a good year to see America. In the first place it's about the only country you can see. In the second place it's about time that you and I and the rest of the people who call themselves Americans found how big and beautiful and full of opportunities this land of ours is!

We have everything here—from the quaint fishing villages of New England and the old Indian towns of the Southwest to the so-called "Indian Empire" of the Pacific Northwest and the most astonishing cities the world has ever seen. Cities with buildings so high they scrape the sky, and a country into which you could pile half a dozen European nations—or what used to be nations, and still have plenty of space left over!

But it's not just for sight seeing that we ought to go traveling in the United States this summer, important as that is. It's to discover that the same spirit prevails—that the same ideals dominate in communities 3,000 and more miles apart. It's to learn for ourselves that America is a state of mind as well as a very important geographical section of the western hemisphere.

Men scattered to the four corners of the immense land of ours in their search of "life, liberty and the pursuit of happiness." But wherever they went they took act as the microphone, the tiny batteries are hidden in the temple portions of the frame, and the "receiver" is concealed behind the ear.

along the ideal of a new kind of freedom—of a new breadth of opportunity... a new type of tolerance of other men. And so today, no matter how far we travel or how varied the landscape, we find people with the same outlook on life.

And in these days of tumult when so much of the world views the rest of the world suspiciously if not belligerently, the observation of 130 million people living together in peace and more or less harmony is one of the most important sights anyone can see. Perhaps it is "the wonder of the world."

The firm agent had advertised for a stenographer. One of the partners was interviewing a very pretty girl who had applied for the position. The other partner came in, took a look at the girl, and called the other member of the firm aside and whispered:

"I'd hire her." "I have." "Can she take dictation?" "We'll find that out later, I didn't want any obstacles to crop up."

Corrected Grammar Teacher: "What is the meaning of the word, matrimony, Robert?" Robert: "Dad says it isn't a word—it's a sentence."

A JOINT RESOLUTION

proposing an amendment to Article V of the Constitution of the State of Texas giving the Legislature authority to provide for appeal direct to the Supreme Court in cases involving injunctions granted or denied on the grounds of constitutionality or unconstitutionality of any statute or on validity or invalidity of administrative orders; providing for the submission of this amendment to the voters of this state; and providing for the necessary proclamation and expenses of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 3-b, which shall read as follows:

"Section 3-b. The Legislature shall have the power to provide by law, for an appeal direct to the Supreme Court of this State from an order of any trial court granting or denying an interlocutory or permanent injunction on the grounds of the constitutionality or unconstitutionality of any statute of this State, or on the validity or invalidity of any administrative order issued by any state agency under any statute of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at the general election to be held on the 5th day of November, 1940, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR APPEALS DIRECT TO THE SUPREME COURT IN INSTANCES INVOLVING THE CONSTITUTIONALITY OF CERTAIN LAWS AND ORDERS."

and those opposed shall write or have printed on their ballots the words:

"AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR APPEALS DIRECT TO THE SUPREME COURT IN INSTANCES INVOLVING THE CONSTITUTIONALITY OF CERTAIN LAWS AND ORDERS."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of said publication and election. 18-4tc

proposing an amendment to Article 8, Section 9, of the Constitution of the State of Texas by adding a new Section thereto to be known as Section 9-A; providing that the Commissioners Court of Red River County, after a majority vote of the resident qualified electors owning taxable property therein, shall have the authority to levy a tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not exceeding fifteen (15) years for the purpose of refunding the outstanding warrant indebtedness of the General Fund of the County by the issuance of bonds under the provisions of the General Laws regulating the refunding of outstanding debts of the County; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

ing that the Commissioners Court of Red River County, after a majority vote of the resident qualified electors owning taxable property therein, shall have the authority to levy a tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not exceeding fifteen (15) years for the purpose of refunding the outstanding warrant indebtedness of the General Fund of the County by the issuance of bonds under the provisions of the General Laws regulating the refunding of outstanding debts of the County; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 8, Section 9, of the Constitution of the State of Texas, be amended by adding thereto another Section to be known as Section 9-A, which shall read as follows:

"Section 9-A. Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing, the Commissioners Court of Red River County, Texas, may levy an annual tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not to exceed fifteen (15) years for the purpose of refunding all the outstanding warrant indebtedness of the General Fund of such County and issue bonds under the provisions of the General Law regulating the issuance of bonds to refund said indebtedness.

"At such election, the Commissioners Court shall submit for adoption the proposition of whether such outstanding warrant indebtedness of the General Fund of such County shall be refunded into bonds, the amount of special tax to be levied, and the number of years said tax is to be levied. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters.

"The provisions of this Section 9-A shall apply only to Red River County; and the provisions hereof shall be self-enacting without the necessity of an enabling act of the Legislature of the State of Texas, but shall become effective immediately after the official canvass of the result has been made and it is determined that this amendment has been adopted by a majority of the voters of the State."

Sec. 2. The foregoing Amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the first Tuesday following the first Monday in November, 1940, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution providing that the Commissioners Court of Red River County may, upon a vote of the qualified electors therein, levy a tax and issue bonds to refund the outstanding warrant indebtedness of the General Fund of such County"; those voters opposing such Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution providing that the Commissioners Court of Red River County may, upon a vote of the qualified electors therein, levy a tax and issue bonds to refund the outstanding warrant indebtedness of the General Fund of such County."

er County may, upon a vote of the qualified electors therein, levy a tax and issue bonds to refund the outstanding warrant indebtedness of the General Fund of such County."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation and to have necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election, which shall be refunded to the State of Texas by Red River County out of its General Fund or any other available fund. Provided that no election shall be held until Red River County shall first deposit with the State Treasurer the sum of Five Thousand Dollars (\$5,000) with which to pay such expense of said election. 18-4tc

proposing an Amendment to the Constitution of the State of Texas to be known as Section 30b of Article 16, Section 30, of the Texas Constitution limiting the duration of all offices not fixed by the Constitution to two (2) years, shall not apply to appointive offices of any municipalities that are placed under the terms and provisions of Civil Service but the duration of such offices shall be governed by the provisions of the Civil Service Law applicable thereto; providing for an election on the question of adoption or rejection of such amendment; making an appropriation therefor; providing for the proclamation and publication thereof; prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended by adding thereto a new Section to Article 16 to be known as Section 30b which shall read as follows:

"Section 30b. Wherever by virtue of Statute or charter provisions appointive offices of any municipality are placed under the terms and provisions of Civil Service and rules are set up governing appointment to and removal from such offices, the provisions of Article 16, Section 30, of the Texas Constitution limiting the duration of all offices not fixed by the Constitution to two (2) years shall not apply, but the duration of such offices shall be governed by the provisions of the Civil Service law or charter provisions applicable thereto."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at the general election to be held throughout the State of Texas on the 5th day of November, 1940, at which election all voters favoring said proposed amendment shall write or have printed on their ballots these words:

"For the Amendment to the State Constitution providing that Article 16, Section 30, of the Con-

stitution shall not apply to appointive offices of any municipality placed under the terms and provisions of Civil Service."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the State Constitution providing that Article 16, Section 30, of the Constitution shall not apply to appointive offices of any municipality placed under the terms and provisions of Civil Service."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published, as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election. 18-4tc

PAY Delinquent Taxes Before Sept. 1st Without Penalty or Interest

The Commissioners Court of this county has passed an order remitting all penalty and interest on DELINQUENT county and school taxes if paid before September 1, 1940.

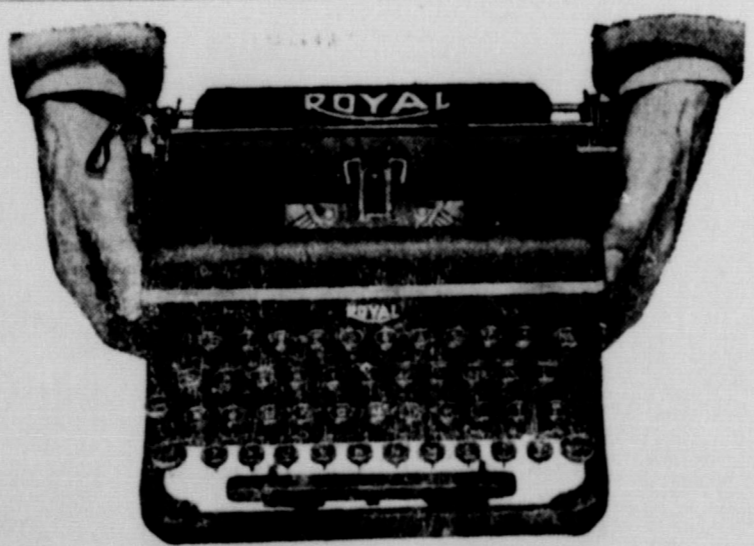

The court's order requires that the county attorney immediately institute tax foreclosure suits against property on which taxes are delinquent on and after September 1.

This concession has been granted in order to encourage payment of delinquent taxes before it becomes necessary to institute foreclosure proceedings.

In view of the fact that only the balance of the month of August remains in which to take advantage of this offer, this reminder is given in the hope that it will serve to save you money and trouble.

Texas Schoolboy Football Players To Get Insurance

Plan Makes Injury Coverage Available To League Schools

Austin, Texas.—Injury insurance for Texas' 20,000 schoolboy football players will be made available September 1 by terms of a plan approved by the University of Texas' Interscholastic League office.

The plan was drawn up by C. H. Kenley, San Angelo high school principal and League athletic insurance committee chairman, and calls for a per-player annual premium of \$1.75, providing for the payment up to \$100 in medical care for the more serious fractures or lacerations.

Kenley pointed out that the league simply contracts with a national insurance company to

for the Texas schools player policies at a rockbottom rate.

Then, if a boy is injured during game or practice either, he added, the plan insures finances available for proper medical care.

He cited a survey of the Texas high school conferences taken by his committee of coaches and principals showing that 495 Texas schools last year paid out \$26,657, or \$53.86 per school, for injury treatment or for individual school insurance.

When league officials voted last May to investigate injury insurance, Kenley reported that Texas schoolboy squads suffered two deaths and 1,399 injuries during the regular 12 week schedule in 1939.

Forty-three of the injuries were sprains, the next largest group being fractures, 20 per cent.

Texas becomes the 18th state to adopt the blanket insurance plan since Wisconsin pioneered it in 1930. Wisconsin injuries have dropped, Kenley pointed out, from 90 to 40 per thousand players.

June Farm Cash Income Up Over June Last Year

AUSTIN, Texas, Aug. 7.—Texas farmers took in more cash during June than they did in June, 1939, University of Texas business records show.

An index of agricultural income for the State, computed by University Bureau of Business Research, stood at 95.5, or more than six points above that for June of last year.

A decline of seven points occurred from the May index, however.

Despite a shortage of \$3,000,000 for the first half of the year, Dr. F. A. Buechel, bureau assistant director and statistician, estimates that farmers will receive at least as much cash for their products during 1940 as they did in 1939.

He bases his forecast on the belief that livestock marketings will pick up during the next six months and that the quality of livestock marketed will be improved by the generally good range and crop

conditions throughout most of the State at this time.

Total income for the State for the first half of 1940 was \$131,788,000 as compared with \$134,569,000 for the first six months of 1939.

Roy Alvin Harrell, son of Mr. and Mrs. R. A. Harrell, is reported much improved this week. It was feared last week that the child might be suffering from typhoid or typhus fever, but no indication of either disease was found, the attending physician said.

Mr. and Mrs. George Burger are in San Antonio this week. Mr. Burger undergoing an operation for removal of his tonsils.

Two Hundred Attend Montgomery Reunion

From Comanche Chief—

Two hundred members of the Montgomery family and their kin and friends gathered at the old Montgomery homestead here last Saturday and Sunday for the second annual reunion of this pioneer Comanche County family which had much to do with the shaping of civilization here. Mr. and Mrs. L. J. Kittles now reside at the old ranch home which for years was headquarters for one of the most important ranches in this section.

Men of the family take turns at providing the chuck wagon and cooks and this year J. C. Montgomery of Ozona furnished the chuck wagon and two Mexican cooks.

A dance platform was built for the entertainment of the younger members of the group and the nickelodeon was kept busy from dark until long past midnight according to Mrs. Kittles who said that she did not know that there were so many nickels in the Montgomery family.

EIGHT TABLES OF FORTY-TWO PLAYERS

Mr. and Mrs. A. O. Fields entertained members of their forty-two club Monday evening, with eight tables of players present.

Guest high score prizes went to Oscar Kost and Mrs. Lloyd Johnson, while club high trophies went to Ernest Dunlap and Mrs. Ray Dunlap, Hubert Johnson and Mrs. Leslie Nance won the traveling prizes.

Present were Mr. and Mrs. Charley Butler, Mr. and Mrs. Bill Conklin, Mr. and Mrs. Bill Littleton, Mr. and Mrs. Hubert Johnson, Mr. and Mrs. Leslie Nance, Mr. and Mrs. Leo Balcomb, Mr. and Mrs. Oscar Kost, Mr. and Mrs. Pink Beall, Mr. and Mrs. Ray Dunlap, Mr. and Mrs. Ernest Dunlap, Mr. and Mrs. Rex Russell, Mr. and Mrs. Arthur Kyle, Mr. and Mrs. O. Part of every Texas oil dollar finds its way

INTO YOUR POCKET

EVERY merchant in our State—every business and professional man—every worker, shares in Texas oil's huge expenditures.

Many Texas cities with all their varied businesses and employment exist and prosper today because of oil.

Last year petroleum created a direct buying power in our state of 550 million dollars.

Of this, Texas retail merchants received 324 million dollars, landlords 44 million, utilities 38 million and professional men 22 million, while 83 million more went for insurance and savings.

This huge sum is distributed and redistributed in an endless chain of income for our State and its people.

Texas oil payrolls are over 60 per cent of all the wages paid to all Texas workers. Directly or indirectly, you get a part of your income from oil.

If you're a Texan, you're in the oil business.

**Recondition Veteran
Buick Racer Of 1910;
It Still Can Do 90**

FLINT, Mich.—The pages of automotive history were turned back 30 years today when Buick engineers under the direction of Charles A. Chayne, completed the reconditioning of the famous Buick Bug Racer with which Bob Burman, idol of the sports world in his day, and Louis Chevrolet, an equally brilliant automobile name, rode to fame in the early racing days of the industry.
The veteran car, still capable of 90 miles an hour and generating 34 horsepower from its oversized, barrel-like cylinders, has been reconditioned to play an important role in the annual motor festival at Flint and later to be displayed in a special exhibit at the New York automobile show in October.

A masterpiece of automotive design in its day, the Bug still functions with the powerful efficiency that drove it to victories in half the road races of the country back in 1910. Its performance was brought up to par by careful refinishing of pistons, installation of valves, and a general overhauling of both the mammoth engine and the chassis, together with a few modern touches such as self-starter, a fan and chrome wheel trim rings and steering gear.

Mr. Chayne, chief engineer and A. E. DeWaters, Buick chief engineer at the time the Bug was built, supervised the tuning of the Bug engine and gave it its first warm-up in nearly 30 years in the engineering laboratories at the Buick factory.

Piloted by Burman and Chevrolet the Buick Bug barnstormed the country in 1910 and 1911, in those pioneer days when almost every city had automobile clubs of enthusiasts who sponsored road races, hill climbing and similar events. Among official records of the Bug was a 150 mile race at Atlanta in 1910, in which, piloted by Chevrolet the car averaged 72 miles an hour; a 50 mile race at Jacksonville in the same year in which the car, piloted by Burman, averaged 83.6 miles an hour; a twenty mile race at Jack-

sonville in which Burman averaged 90.9 miles an hour and a 200 mile race at Atlanta with Chevrolet piloting the Bug for an average of 71.8 miles an hour.
A collection of more than 100 silver cups and trophies won by the Bug and other Buick racing cars in that period will be displayed in Flint, during the motor festival.

Texas Schoolboy Football Players To Get Insurance

Plan Makes Injury Coverage Available To League Schools

Austin, Texas.—Injury insurance for Texas' 20,000 schoolboy football players will be made available September 1 by terms of a plan approved by the University of Texas' Interscholastic League office.

The plan was drawn up by C. H. Kenley, San Angelo high school principal and League athletic insurance committee chairman, and calls for a per-player annual premium of \$1.75, providing for the payment up to \$100 in medical care for the more serious fractures or lacerations.

Kenley pointed out that the league simply contracts with a national insurance company to of-

fer the Texas schools player policies at a rockbottom rate.

Then, if a boy is injured during game or practice either, he added, the plan insures finances available for proper medical care.

He cited a survey of the Texas high school conferences taken by his committee of coaches and principals showing that 495 Texas schools last year paid out \$26,657, or \$53.86 per school, for injury treatment or for individual school insurance.

When league officials voted last May to investigate injury insurance, Kenley reported that Texas schoolboy squads suffered two deaths and 1,399 injuries during the regular 12 week schedule in 1939.

Forty-three of the injuries were sprains, the next largest group being fractures, 20 per cent.

Texas becomes the 18th state to adopt the blanket insurance plan since Wisconsin pioneered it in 1930. Wisconsin injuries have dropped, Kenley pointed out, from 90 to 40 per thousand players.

June Farm Cash Income Up Over June Last Year

AUSTIN, Texas, Aug. 7.—Texas farmers took in more cash during June than they did in June, 1939, University of Texas business records show.

An index of agricultural income for the State, computed by University Bureau of Business Research, stood at 95.5, or more than six points above that for June of last year.

A decline of seven points occurred from the May index, however.

Despite a shortage of \$3,000,000 for the first half of the year, Dr. F. A. Buechel, bureau assistant director and statistician, estimates that farmers will receive at least as much cash for their products during 1940 as they did in 1939.

He bases his forecast on the belief that livestock marketings will pick up during the next six months and that the quality of livestock marketed will be improved by the generally good range and crop

EVERY merchant in our State—every business and professional man—every worker, shares in Texas oil's huge expenditures.

Many Texas cities with all their varied businesses and employment exist and prosper today because of oil.

Last year petroleum created a direct buying power in our state of 550 million dollars.

Of this, Texas retail merchants received 324 million dollars, landlords 44 million, utilities 38 million and professional men 22 million, while 83 million more went for insurance and savings.

This huge sum is distributed and redistributed in an endless chain of income for our State and its people.

Texas oil payrolls are over 60 per cent of all the wages paid to all Texas workers. Directly or indirectly, you get a part of your income from oil.

If you're a Texan, you're in the oil business.

THE METHODIST CHURCH
Eugene Slater, Minister

Calendar of Services

Sunday School 9:45 a. m.
Morning Worship 11:00 a. m.
Evening Worship 8:30 p. m.
The Rev. J. H. Meredith, pastor of the Ozona Methodist Church, is visiting his many friends in Ozona this week. It is our hope that he will be our preacher at the morning service this Sunday.

The Menard Institute offers a splendid opportunity for study, fellowship and recreation to our immediate and young people. Registration begins at 2 p. m. Monday, August 12, and the institute will close at noon Friday, August 16. Please get in touch with the pastor if you want to go to the Menard Institute.

This Church invites to its services all who feel their need for comfort, vision and fellowship in these difficult days. Let every person in Ozona attend the Church of his choice every Sunday.

Reconditioned Veteran Buick Racer Of 1910; It Still Can Do 90

FLINT, Mich.—The pages of automotive history were turned back 30 years today when Buick engineers under the direction of Charles A. Chayne, completed the reconditioning of the famous Buick Bug Racer with which Bob Burman, idol of the sports world in his day, and Louis Chevrolet, an equally brilliant automobile name, rode to fame in the early racing days of the industry.

The veteran car, still capable of 90 miles an hour and generating 24 horsepower from its oversized, barrel-like cylinders, has been resurrected to play an important role in the annual motor festival at Flint and later to be displayed in special exhibit at the New York automobile show in October.

A masterpiece of automotive design in its day, the Bug still functions with the powerful efficiency that drove it to victories in half the road races of the country back in 1910. Its performance was brought up to par by careful refinishing of pistons, installation of valves, and a general overhauling of both the mammoth engine and the chassis, together with a few modern touches such as self-starter, a fan and chrome wheel trim rings and steering gear.

Mr. Chayne, chief engineer and A. E. DeWaters, Buick chief engineer at the time the Bug was built, supervised the tuning of the big engine and gave it its first warm-up in nearly 30 years in the engineering laboratories at the Buick factory.

Piloted by Burman and Chevrolet the Buick Bug barnstormed the country in 1910 and 1911, in those pioneer days when almost every city had automobile clubs of enthusiasts who sponsored road races, hill climbing and similar events. Among official records of the Bug was a 150 mile race at Atlanta in 1910, in which, piloted by Chevrolet the car averaged 72 miles an hour; a 50 mile race at Jacksonville in the same year in which the car, piloted by Burman, averaged 83.6 miles an hour; a twenty mile race at Jack-

sonville in which Burman averaged 90.9 miles an hour and a 200 mile race at Atlanta with Chevrolet piloting the Bug for an average of 71.8 miles an hour.

A collection of more than 100 silver cups and trophies won by the Bug and other Buick racing cars in that period will be displayed in Flint, during the motor festival.

THE OZONA STOCKMAN

To The Voters Of The 112th Judicial District:

The splendid vote accorded me in the first Primary election for District Judge was extremely gratifying, especially in view of the fact that I was not well acquainted in the Western part of the District, and I want to take this method of expressing my sincere appreciation to my supporters and friends and solicit your vote in the run-off primary August 24th.

A relatively small vote, compared to the total in the district, will give me the nomination, and I shall vigorously continue the campaign, with the assurance of my friends and utmost confidence that I will win the nomination.

The residences of each and all the defendants are not known to the plaintiffs. For cause of action the plaintiffs respectfully show that heretofore, to-wit, on or about the 10th day of June, 1922, J. M. Shannon made, executed and delivered to F. E. Miller an oil and gas lease as the same appears of record in Volume 25, at Pages 451, et seq., of the Deed Records of Crockett County, Texas, covering the following described tracts of land in said County, comprising 42, 220 acres, more or less, to-wit:

Table with columns: ORIGINAL GRANTEE, ACRES. Lists various land parcels with their respective details.

develop oil and gas on the several lease premises, and to carry the express and implied obligations to develop the same, to make exploration for oil and gas on said leases, and all of them have been abandoned. They show also that the said original oil and gas lease has expired under its own terms, and also because of the failure of the Defendants to initiate and continue drilling operations, or to pay delay rentals, or to make and carry on proper exploration and development work.

The primary purpose of said lease was that it should be for the mutual benefit of the fee owner and the lessee and his assigns in promoting the exploration, development and production of oil and gas from said lands and premises, but in view of the cost of such exploration and development and in the light of the practical aspects of the drilling of oil and gas wells in the vicinity where the land is situated the cutting up of said leasehold estate into such small tracts under different ownerships has in fact made exploration and production thereunder a practical impossibility and has destroyed the purpose of such lease to such an extent as to terminate the same.

The plaintiffs further respectfully show that heretofore, to-wit, on or about January 1, 1940 they were in possession of the hereinabove described lands and premises, owning the full fee simple estate therein and that afterwards, to-wit, on or about January 3, 1940 the defendants and each of them unlawfully entered upon and dispossessed the plaintiffs of such premises and said defendants withhold from the plaintiffs the possession thereof to their damages in the sum of \$2,000.00.

The plaintiffs plead each and every right and demand herein set forth severally, each claim herein made being cumulative of each other claim herein made. They also show in conclusion, that because of default in the following particulars, (a) to pay annual rental as required in their respective lease assignments; (b) to undertake and continue the exploration and development of the leased premises for oil and gas purposes; (c) to comply with the terms of their sub-leases and assignments of lease relating to the payment of annual rentals; (d) the commencing of drilling operations; (e) the continued exploration of the premises for oil and gas, the defendants have forfeited and abandoned all rights in the leased premises, and the oil and gas lease hereinabove mentioned and identified has by its terms, both express and implied, fully terminated.

Not only because of the defaults mentioned, but by reason of the fact that the primary term of the original lease has long since expired and no effort has been made by them to carry out or perform either the express or the required obligations created thereby, and incumbent upon purchasers of leases thereunder, all the right, title, interest and estate of each and all of the defendants in and to any of the lands and premises hereinabove described has fully terminated and come to an end.

WHEREFORE, premises considered, the plaintiffs respectfully pray that the defendants and each of them be duly and legally cited to appear and answer herein and that upon the trial hereof, the plaintiffs have judgment against each and all of the defendants for the full fee simple estate in and to said lands and premises and that said oil and gas lease be decreed to have terminated and be at an end and that all rights,

titles and interests of each and all the defendants in and to said lands and premises whether under said oil and gas lease, or otherwise, be divested out of said defendants and be vested in these plaintiffs, and that said oil and gas lease and all rights thereunder be canceled and removed as a cloud upon the title of these plaintiffs, and these plaintiffs pray for all other relief general and special which they may be entitled to receive either at law or in equity.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness George Russell, Clerk of the District Court of Crockett County, Texas.

Given under my hand and the seal of said court, in the town of Ozona, Texas, this 29th day of July, A. D. 1940.

GEO. RUSSELL, Clerk of the District Court of Crockett County, Texas.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE UNDER ALIAS EXECUTION

THE STATE OF TEXAS COUNTY OF CROCKETT Notice is hereby given that, whereas, by virtue of an alias execution issued out of the District Court of Anderson County, Texas, and of the Third Judicial District of Texas, on a judgment rendered in said court on the 9th day of April, 1940, in favor of the First State Bank, Frankston, Texas, plaintiff, a banking corporation organized under the laws of Texas, against D. H. Patrick and Tom Patrick, individually and Composing the co-partnership of Patrick Bros., defendants, in Cause No. 20493, on the docket of said court, I did, on the 8th day of August, 1940, at 10 o'clock A. M. seize and levy upon all of the undivided interest, as well as all of the right, title and interest of said defendant, Tom Patrick, in the following described lots, tracts, or parcels of land situated in Crockett County, Texas, to-wit:

FIRST TRACT: 118 acres of land, Abstract No. 1880, Certificate No. 3461, SW part of Survey 17, Block OP, Original Grantee, L. Blakey, and being the same land described in a deed from M. J. Kuykendall, Annie Donaldson, and W. A. Stanton to T. W. Patrick, recorded in Volume 7, on page 153, of the Deed Records of Crockett County, Texas;

SECOND TRACT: 320 acres of land, Abstract No. 1903, Certificate No. 76, Survey 18, Block MN, Original Grantee, S. Colville, in Crockett County, Texas, and described in a deed from J. W. Friend and wife to T. W. Patrick, which is recorded in Volume 5 on page 397 of the Deed Records of said County;

THIRD TRACT: 640 acres of land, Abstract 2352, Certificate No. 4/1548, Survey No. 25, Block OP, G. C. & S. P. Ry. Co., Original Grantee, and described in a deed

from J. W. Friend and wife to T. W. Patrick, which is recorded in Volume 5 on page 397 of the deed records of said county, and deed from E. M. Powell to T. W. Patrick, which is recorded in Vol. 11 on page 31 of said Deed Records;

FOURTH TRACT: 320 acres of land, Abstract No. 5380, Certificate No. 4/1547, Survey No. N 1/4 and W 1/4 24, Block OP, Original Grantee, Friend & Montgomery, and described in a deed from J. W. Friend and wife to T. W. Patrick, which is recorded in Volume 5 on page 387 and in a deed from W. H. Montgomery to T. W. Patrick, recorded in Volume 10 on page 481, of the Deed Records of said County;

FIFTH TRACT: Lots 20, 21, 22, 23, and 24, in Block A-1, situated in the Town of Ozona, Texas, and described in a deed from J. W. Friend and wife to T. W. Patrick by deed recorded in Vol. 5 on page 387 of said deed records;

SIXTH TRACT: The South 50 feet of Block No. 73 in the Town of Ozona, Texas, and described in a deed from Tom Smith and wife to T. W. Patrick, which is recorded in Volume 16 on page 350 of the Deed Records of said County; and to all of which deeds and the records thereof reference is here made for a full and complete description of the tracts of land and lots hereinabove mentioned.

And on the 3rd day of September, 1940, it being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M. on said date, at the Court House door of Crockett County, Texas, I will offer for sale and sell at public auction for cash all of the undivided interest, as well as all of the right, title and interest, of the said Tom Patrick in the above described lands and town lots, together with all of the right, title and interest of the said defendant, Tom Patrick, in and to said lands, town lots and premises, to satisfy said judgment, interest and costs.

Said lands above described being situated about two miles in a southwesterly direction from the court house of Crockett County, Texas, and said town lots being situated in the Town of Ozona, in said County, and being generally known as the lands formerly belonging to T. W. Patrick, now deceased, and to his heirs and legatees after his death.

Dated at Ozona, Texas, this 3rd day of August, 1940. W. S. WILLIS, Sheriff, Crockett County, Texas.

and containing 42, 220 acre, more or less, and said oil and gas lease was for a primary term of ten years, or as long thereafter as oil and gas or either of them should be produced from the lands covered thereby. That subsequent to the acquisition of said lease, the said F. E. Miller made many partial transfers and assignments thereof to the defendants, and a large number of persons all of whom claim some interest in and to the lands so leased to Miller, the exact nature of which is unknown to the Plaintiffs. They now show that sometime in the last of the year 1929, oil and gas was produced under said lease, or Section 42, Block GG, but that no attempt has been made to produce oil and gas from any of the other lands under such lease since that date and no bona fide attempt made to explore said lands or develop oil and gas on the lease premises. That the lands under lease lie

in a contiguous body with no oil or gas being produced therefrom, except as stated on Section 42, Block GG. That the said F. E. Miller, and those holding under him, made partial assignments of said lease to the Defendants and those under whom they acquired title, in which said assignments the sub-lessees agreed and obligated themselves to pay twenty-five cents per acre as deferred rental for each year after the assignment was made, all of which the Defendants have failed and refused to do and as the result of such default the said assignments and the leases have become forfeited to the Plaintiffs holding under the assignors of such partial assignments, and all the owners of the lands in question, and they show further in this relation, that because of the failure of the Defendants in the particulars named, and also to make a reasonable bona fide effort to

the first calf belling, it was Pete Perner in 9.5, Kay Black a close second in 9.7, and Max Schneemann third in 12.6.

In the ribbon roping, Kay Black was first in 19 flat, Pete Perner second in 20 and Vic Montgomery third in 20.2. Max Schneemann won the second calf belling event, in 11.4 seconds, Pete Perner was second in 11.8 and Vic Montgomery third in 13.4.

Kay Black and Vic Montgomery lost a team roping match to Pete Perner and Dock Lee, with a total of 90.4 seconds for the winners on two calves each, and 107.4 for the losers. Margaret Owens nosed out Bud Coates 108 to 113.1 seconds on three calves each in another match, and Beecher Montgomery defeated Phillip Schneemann 61 to 76.8 on two calves each.

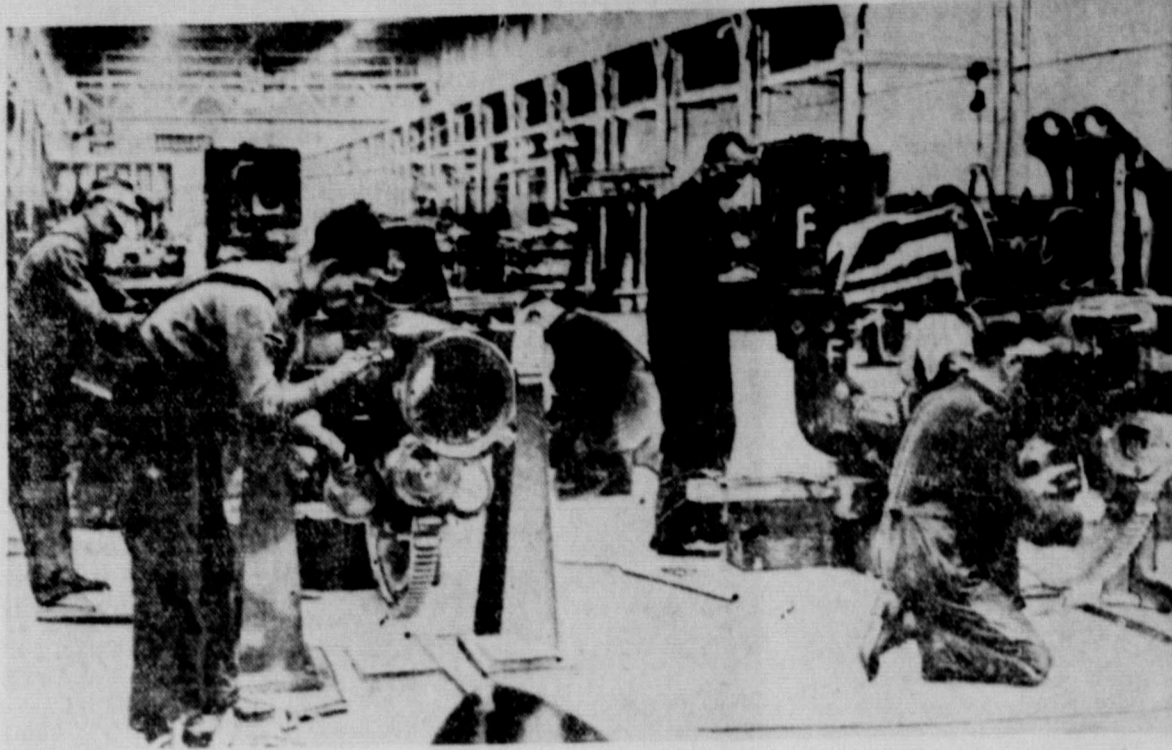

Former Ozonan Who Went To Army From Here In '18, Visits

Ozona, with its modern business houses, paved streets and beautiful new, modern homes, presented something of a changed appearance to Mr. and Mrs. Alfred C. Baker of Eastland when they stopped off briefly here Saturday.

A former Ozona resident, it was the first time Mr. Baker had visited here since he left here twenty-two years ago. Mr. Baker, now a construction foreman for Eastland county, is a son of the late Pete Baker, early-day Ozona butcher, whose remains rest in Cedar Hill cemetery here.

Mr. Baker has two sisters, Pearl and Edna Baker, who will be remembered by old timers here. The Bakers lived here when the first world war broke out and Alfred Baker went to the Army from

Bargain Night To Replace "Pal Nite" At Ozona Theater

Instead of "Pal" night at the Ozona Theater, starting Saturday of this week, August 10th, and each Saturday thereafter, the theater will have "BARGAIN NIGHT," the management announces.

The entertainment offered on each Saturday night will include a feature program, a western subject, "THE GREEN HORNET" and selected short subjects.

"In this manner we can bring to Ozona bigger and better pictures and an improved program in every detail," Mr. Senteny declared.

Mr. and Mrs. W. R. Baggett returned Wednesday from San Antonio where they went to be with their son, Bill Baggett, who underwent a minor operation there Monday.

Rev. J. H. Meredith, Former Pastor Here, Visiting This Week

Rev. J. H. Meredith, who was pastor of the Ozona Methodist Church for seven years, from 1927 to 1934, is spending this week in Ozona visiting his many friends here.

Rev. Meredith is pastor of the Prospect Hill Methodist Church in San Antonio, where he has been for several years. He went from Ozona to the Methodist Church in Uvalde.

Rev. Eugene Slater, pastor of the local church, has announced that Rev. Meredith will preach at the morning service here Sunday if his plans include a stay here through Sunday.

TWO TABLES BRIDGE

Mrs. Arthur Phillips entertained her contract club at her home Tuesday afternoon with two tables of guests present. Mrs. H. B. Tandy held high score and Mrs. Sherman Taylor second high. Mrs. George Nesrsta took the bingo prize. The other guests were Mrs. Boyd Clayton, Mrs. Hubert Baker, Mrs. Evert White, Mrs. W. E. Friend, Jr., and Mrs. J. W. North.

Mr. and Mrs. Tom Petriny and daughter, Effie Mae, of San Antonio were guests of Mrs. S. B. Phillips last week. Mrs. Petriny and Mrs. Phillips are sisters. They were also guests at the Clay Adams and Hillery Phillips ranches.

Formal Opening Of New Drive-In Set For Next Saturday

Formal opening of N. E. Beadall's Drive-In cafe and dining room in its new home on the highway east of Johnson Draw bridge scheduled for yesterday, has been postponed to Saturday on account of unforeseen delays in completing construction of the new building.

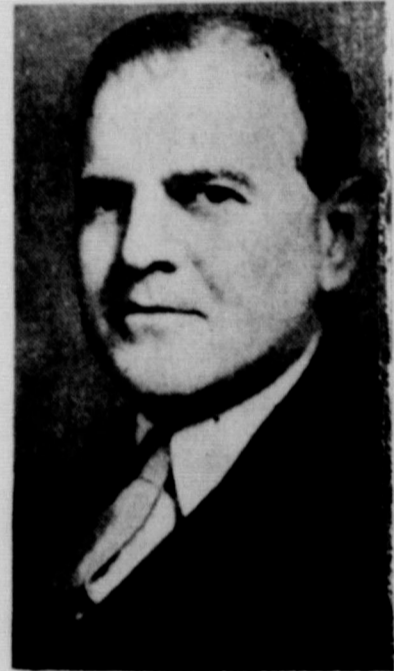

Delays in finishing work on the interior of the building, in plumbing and gas installations and setting up of equipment made it impossible for the opening on the scheduled date. The formal opening party, with free drinks and cigars all day, has been re-set for Saturday of this week, Mr. Beadall announced.

MRS. HILL IS BRIDGE HOSTESS

Mrs. Claude Hill entertained three tables of club members and guests with bridge at her home Thursday afternoon. A sandwich plate was served at the conclusion of the games to Mrs. Leslie Nance, Mrs. Joe Lewis, Mrs. O. Z. Perner, Mrs. Charley Butler, Mrs. Marion McBe, Mrs. Cleophas Cooke, Mrs. Maurice Cox, Mrs. Lloyd Johnson, Mrs. A. E. Deland, and Mrs. Jack Oakes.

Miss Jacqueline Edwards of San Angelo is the guest of Mrs. A. E. Deland and Mrs. J. P. Pappas this week.
