## Water Controlled West Crockett er Wild Flow

### Teacher School Land Oil Spouts 7-In. Oil Stream Until Capped

Crockett County well that out Thursday making 25 barrels of oil at the estimated rate of 100 to 100,000 barrels daily. The project flowed at that rate capped off and shut in at 11 a. m. Friday.

The well is owned by Fred Turner Jr., Midland, Texas, and is located in the 22-4-A Archer section, one and one-half miles southeast of the discovery in the two-well Noelke field (Queen sand) field, five miles southeast of Iran.

The well was cored from 1,839 feet, recovering 100 per cent of the oil, and was coring at 1,851 feet when the project blew out. The tools out of the hole blew oil, a 7-inch stream, 100 to 200 feet into the air. There was very little gas. Earlier, the well had set 7-inch casing at 1,800 feet.

The well was blocked for four days around the area and sight-seeing was kept away until the well was brought under control. There was no fire and no one injured.

The oil test is on a hill and the well moved in a bulldozer. The dikes in a ravine and held the oil.

Dr. J. W. Myers, Odessa, was drilling the project with cable tools. The discovery well, Turner's No. 2-BB Shannon, same labor, one and one-half miles north, was completed Dec. 14 for a daily pumping potential of 5 barrels of 33.4 gravity oil from an open hole between 1,923 and 1,937 feet. His No. 2-BB Shannon, located southeast of the discovery, was finished on the pump Jan. 14 for 80.16 barrels of oil from an open hole between 1,897 and 1,917 feet.

The daily allowable for the discovery well is set at 40 barrels. Under (Continued on Page Three)

## Lions Snap Big Lake's Long Win Break 47 To 40

### May Menard Friday Night In Davidson Gymnasium

By Ernie Boyd

The Ozona Lions snapped a long losing streak at Big Lake court masochism over them last Friday night. The late rally sent them to a 40-47 win in a district 8-A contest.

The Lions will face the Menard Hawks in a district game Davidson Gym Friday night. It is a B game and a girls' game. The A game which will be played at 8 p. m.

In an earlier game the Lions beat the Jacks 54 to 50 in an overtime in Menard. The loss to the Lions was the only loss in their first half of district play.

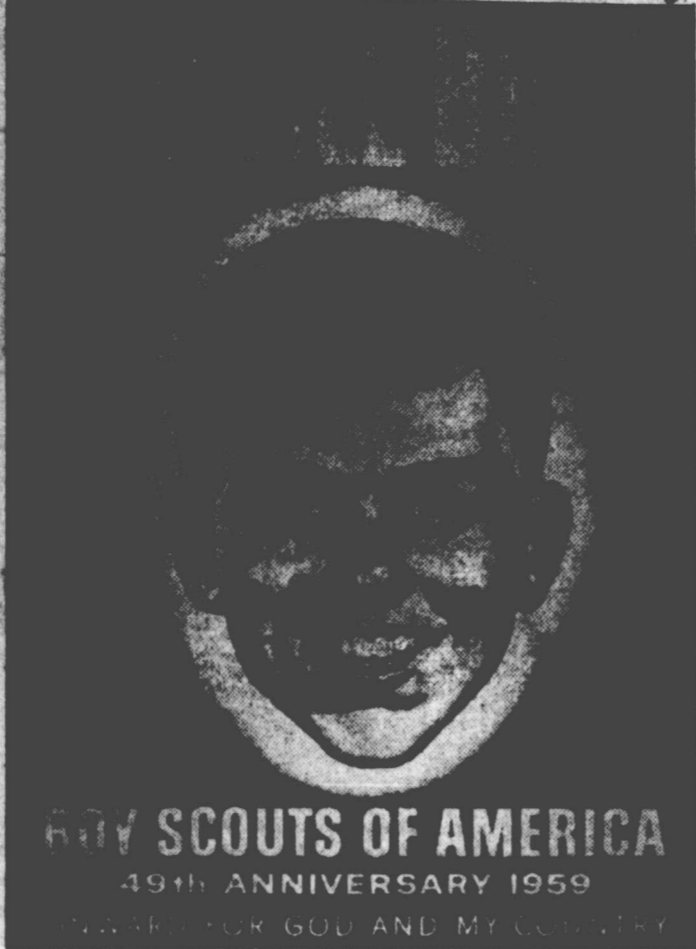

The Lions went after the Owls and they meant business using a fast and some fine shooting to win a 15 to 9 first quarter lead. Jerry Jacobs led the Lions at 11 through the first half as he scored 9 of his 11-point game total in the first two periods.

The Lions cooled slightly in the second period but extended their lead to nine points at the half, leading 23 to 19 margin at the intermission.

Starting the third period, the present schedule the other players, until the field is crowded with five, would produce barrels also.

The prolific flow at the No. 3-B Shannon was compared to the flow of the Yates field discovery in Pecos County, Ohio Oil No. 30-A Yates, 7 1/2 miles to the northwest. Completed in October, 1928, it set a world's record with a flow of 2,028.4 barrels in one hour or 204,028 barrels (Continued on Last Page)

## 'A Scout Is Friendly' Is Theme Of Boy Scouts' 49th Anniversary

OFFICIAL BOY SCOUT WEEK POSTER

The nation's 4,700,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders observe Boy Scout Week, February 7 to 13, by launching the fourth and final year of the "Onward for God and My Country" program. The 49th anniversary emphasis is "A Scout is friendly." Through their World Friendship Fund of voluntary contributions the Boy Scouts of America have helped Scouts in 48 other nations. America will be represented by several hundred Scouts at the Tenth World Scout Jamboree next July 17-26 in Makiling National Park near Manila in the Philippine Islands. During Boy Scout Week, honors will go to units that successfully carried out projects in traffic, outdoor, and home safety in last year's Safety Good Turn.

## Boy Scouts To Take Over City And County On 'Boy Scout Day' Wednesday, Feb. 11, In Observance Of 49th Anniversary of Scouting

Ozona Boy Scouts of Troop 153 will "take over the city and county" next Wednesday, Feb. 11, on "Boy Scout Day" in observance of the 49th anniversary of the Boy Scouts of America. Scoutmaster Larry May announced this week.

On that day the Boy Scouts will assume all offices in the county government and even create a city government of their own — with broad powers for all officials.

The boys have been promised the cooperation of all county officials who have pledged to "step down" on Boy Scout Day and let the boys run things. Between now and the date, there will be an "election" in the Scout troop to pick temporary successors to County Judge Houston Smith, Sheriff Billy Mills, County Attorney Dixon Mahon, County Treasurer Jim Dudley, County Auditor Dick Kirby and County and District Clerk Leta Powell. Since the Commissioners Court will not be in session, there will be nothing for the Scouts to do in their field.

In addition to taking over the county, the Scouts will man a mythical city government for Ozona, with a Mayor, Chief of Police and policemen named to direct operations. The policemen will keep strict order, especially traffic order, since the coppers will be instructed to collect fines of 10 cents from jaywalkers and to hale before a city magistrate those who commit more heinous offenses, such as running a red light. All Scouts will be released from school a half day on the observance dismissed from class at noon. Scoutmaster May urges all Boy Scouts to attend the troop meeting next Monday night, Feb. 9, at the Scout cabin at 7:30 p. m. to lay plans for the anniversary observance.

## Residents Welcome Sun's Return After Three-Day Ice Storm

Although not as hard hit as neighbors to the north, Ozona area residents nevertheless were enjoying the warmer temperatures and the return of sunshine late this week after a three-day siege of bitter cold, freezing drizzle and generally uncomfortable weather.

Ice coated trees, cars and sidewalks but no property damage resulted since the ice failed to mount up to damaging weights. However, there was some damage to persons as residents slipped and fell on the treacherous coating of ice encountered in early mornings. One hospitalized casualty of the ice storm was Mrs. Charles Applewhite, bookkeeper and clerk at the water office. Mrs. Applewhite was injured Monday morning when she fell on the ice-coated sidewalk in front of the water office, suffering head and facial injuries.

## W. Texas Quarter Horse Assn. Plans Show Here Feb 14

### Area Breeders Invited To Participate In Showing

Quarter horse breeders who are members of the Quarter Horse Association of West Texas, will show their best animals in a horse show to be staged here Saturday, Feb. 14, it was announced this week.

The show is being sponsored by Crockett county members of the Association with invitations being sent to other members of the Association which embraces all of West Texas.

P. C. Perner, a vice president of the Association, is heading up the local delegation sponsoring the show. A meeting of Crockett county members of the Association, estimated at between 15 and 20, will meet at 5 o'clock Friday afternoon of this week at the Devil's River Feed store to make plans for the show. All members and interested horse breeders are invited to attend.

Tentative plans call for showing of junior and senior roping classes, junior and senior reining classes, and gelding, mare and stallion halter classes. Ribbons and trophies will be awarded winners in the various classes. A judge for the show has not yet been selected.

James King of Monahans is president of the Quarter Horse Association of West Texas. Ralph Dye of Fort Stockton is secretary of the organization.

## Ozona Girl Cagers Trim Big Lake For First District Win

The Ozona High School Girls won a 41 to 30 decision over the Big Lake girl cagers in a district ball game in Big Lake Tuesday night.

The win gave the Ozona girls a 1 and 2 record in district play and allowed them to move out of the district cellar where they had been tied with Big Lake.

Beverly Alford led the Ozona attack with 20 points while Janie Lara had 11 and Diane Phillips 10.

The Lionesses jumped into a commanding lead early in the contest, but as the game wore on the pressure from Big Lake increased steadily but could not overcome the Ozona lead which held up for the win.

Glenda Friend and Don Nell Carnes, two starting guards, left the game in the late stages with five fouls.

The Ozona girls will try for revenge on the Menard quintet in Ozona Friday night. Menard gave the Ozona team a sound 34 to 13 licking in Menard early this year.

## Museum To Be Open To Public Each Tuesday From 9 a. m. To 3 p. m.

The Crockett County Museum, recently moved to new quarters in the basement of the courthouse annex building, will be open to the public each Tuesday from 9 a. m. to 3 p. m., starting next Tuesday, under direction of the Crockett County Historical Society.

An attendant will be on hand each Tuesday during the open hours. Members of the Historical Society will take the lead in serving as museum attendants but other organized groups in the city will be asked to cooperate in the undertaking by asking for volunteers from their memberships to take turns in the work.

Some very interesting items are on display in the museum, arranged by a committee headed by Mrs. R. A. Harrell. Among latest acquisitions to the museum are the first official seal of Crockett county, used by Judge Chas. E. Davidson after the county's organization in 1891. An old check writer, also a relic from Judge Davidson's office of that time, is also among the museum pieces. Present County Judge Houston Smith, who succeeded Judge Davidson, made the seal and check writer available to the museum.

## Nursing Profession Is Program Topic For Woman's Club Feb. 10

"Nurses, a National Need" will be the program topic when the Ozona Woman's Club meets next Tuesday, Feb. 10, in the home of Mrs. W. D. Womack. Mrs. Ben Lemmons will be assisting hostess.

Program leader will be Mrs. O. L. Sims. Mrs. Roy Thompson will speak on the nursing profession and Mrs. Ernest Dunlap, county health nurse, will speak on her work. A trio from the Ozona School Band, directed by Corbett Smith, will furnish musical entertainment.

## Plans Laid For Annual Style Show By Woman's Forum

### Show Slated For Sat. Feb. 21 In North Elementary

Plans for the annual Spring Style Show, to be held Saturday, Feb. 21, were discussed at the regular meeting of the Ozona Woman's Forum Tuesday in the home of Mrs. Boyd Baker. Mrs. Fred Hagelstein assisted Mrs. Baker as hostess.

Mrs. L. B. Cox, III, presided at the business meeting when plans for the style show were under discussion.

Adult models will be fitted at the Maurice Shop and Florence's Hat Shop in San Angelo on the evenings of Feb. 12 and 13 at 7 p. m. Children who will model in the show will be fitted at any time at Martha's Kiddies Shop in San Angelo.

Door prizes which will be awarded at the show will be on display in the window of the Caruthers Jewelry store. The Caruthers Jewelry and the Silver Spur jewelry will furnish jewelry to be worn by the models.

Mrs. Hugh Childress, Jr., chairman of the refreshments committee, asked each member to prepare refreshments for the tea which will follow the style show.

After the business meeting, Mrs. Ira Carson showed some beautiful travel pictures taken while she and Mr. Carson were on a trip through the northeastern states and Canada last summer.

Members present were Mrs. M. E. Baker and Hagelstein, L. B. Cox, III, Charles Williams, Jr., Austin Millsapugh, Carl Appel, Brock Jones, James Childress, Bill Clegg, Beecher Montgomery, Tommy Harris, Marshall Montgomery, Pete Jacoby, C. O. ## Ozona FFA Hosts Commercial Show, Judging Contest

### Area Chapters To Send Teams To Event Here Saturday, Feb. 7

Ozona FFA Chapter, under the leadership of M. A. Barber, vocational agriculture teacher in the Ozona schools, will be hosts at an area livestock judging contest and commercial show and grading demonstration at the junior livestock barn next Saturday, Feb. 7.

Invitations have been sent to FFA chapters throughout this area and entries so far have been received from nine chapters besides Ozona. Other chapters entering teams are Wall, San Angelo, Robert Lee, Sterling City, Garden City, Big Lake, Odessa, Iran and Rocksprings.

The show will start at 8:30 a. m. and from then until 12 noon, will be the showing of approximately 130 fat lambs, 4 fat steers and 15 Angora breeding goats.

From 12 to 1 a barbecue dinner will be served at the barn at \$1 per plate, proceeds above costs to go to the local chapter treasury.

The livestock judging contests will get under way at 1:15 with judging of a class of Hereford heifers. Judging of a class of fine-wool lambs, shorn fine-wool lambs, crossbred lambs, Rambouillet breeding ewes, gilts, barrows and one class of Angora does, the latter judging for practice only, scoring not to be counted on team totals.

Awards will be divided among visiting teams and Ozona chapter members. For the visiting teams there will be banners awarded to the three high teams and medals to the five high overall individuals. Winners among local chapter members will be designated, a plaque to the high individual and medals to the five high overall individuals among Ozona judges.

John Atkins of San Angelo will be the superintendent of judging.

Fifty-seven crossbred lambs will be shown by the following boys: Charles Bingham, Bob Childress, Pleas Childress, Weldon Day, Kenneth Deland, Leslie Deland, Deeney Holden, Muggins Good, Bill Jacoby, L. D. Long, Jay Miller, Duff Mills, Herbie Noelke, L. C. Poindexter, Bill Semmler, Bobby Tabb, Troy Williams and Jim Williams.

Showing 35 shorn fine-wool lambs in the show will be Wayne Albers, Charles Bingham, Fletcher Coates, Kenneth Deland, Bob Childress, Pleas Childress, Jim Doran, Tommy Everett, Chris Hagelstein, Reid Holmsley, Duff Mills, Herbie Noelke and Jimmy Adams.

In the fine-wool lamb show will be 26 animals shown by Jimmy Adams, Wayne Allen, Bob Childress, Weldon Day, Kenneth Deland, Leslie Deland, Muggins Good, Deeney Holden and Frank Childress.

There will be 8 head of fine-wool-Columbia crossbred lambs shown by Abe Caruthers, Jr., and Frank Childress.

## Methodist Service To Observe World Day Of Prayer February 13th

World Day of Prayer will be observed in the Ozona Methodist Church Friday, Feb. 13th under sponsorship of the Woman's Society of Christian Service.

The World Day of Prayer service is sponsored in the United States by the General Department of the United Church Women of the National Council of Churches. This is the 73rd year of the observance. Each year the service outline comes from a different country, this year from the Christian women of Egypt.

Services begin on the island of Tonga, west of the international date line where Queen Salote leads her subjects in prayer. Throughout the day observances are held in 144 countries, ending with the setting sun on St. Lawrence Island, Alaska. Purpose of the day is to unite all Christians in a bond of prayer, and to make an offering for Christian missions.

**THE VOTER'S RESPONSIBILITY**

In his recent State of the Union Message, Mr. Eisenhower sought to bring public pressure upon Congress to reject unnecessary appropriations.

One of the major points of emphasis in his address was that it will be the fault of Congress if spending is approved in excess of the \$77 billion which he is recommending. He said: "The Congress — and the Congress alone — has the power of the purse. Ultimately, upon Congress rests responsibility for determining the scope and amount of Federal spending."

Every voter is a taxpayer and every voter should familiarize himself with what his representatives in Congress are doing toward economy in government to combat inflation and eventually lower taxes, instead of raising them.

The free-wheeling spenders of public funds can only be controlled by the voters themselves. So the voter-taxpayer has only himself to blame if he fails to check them.

Turner's well is not expected to set off a drilling or leasing boom due to the fact of a lot of the acreage in the vicinity has been under lease for many years and much of it drilled up.

The No. 3-BB Shannon is one mile southwest of Queen gas production in the Noelke field but separated by a dry hole; 2 1/2 miles west of the Olson field, separated by a deep failure; and 1 1/2 miles east of oil production in the Noelke field, separated by dry holes.

A well known geologist who declined to be identified but who has worked up geology in the vicinity for many years, was not surprised that Queen oil production was established, but was under the impression that it was not another Yates field. His ideas were based on the fact that too much drilling had been done in the immediate vicinity, of which many projects were unsuccessful, and due to the fact that Turner's other two wells on the lease were pumpers. He said "It could be a geological freak and then again the lease could produce millions of barrels of oil."

## HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vera Sanford

Texas Press Association

Austin, Texas — "The first month's sugar, The second month's pie, The third month you can work... And so can I."

This ancient bit of verse written for newlyweds, might apply to the usual pace of legislative sessions, with short meetings and long weekends in the early months, followed by an around-the-clock grind. But this year lawmakers are being urged to cut short the honeymoon.

With committees appointed and put to work, Speaker Waggoner Carr urged House members to be "especially industrious" to save both time and money. Answers, he said, will "not be any easier to find next summer than this winter and spring."

Appropriations Committee responded by putting itself on a five-days-a-week, eight-hours-a-day schedule, aimed at having the big appropriations bill ready in 60 days. Ordinarily, other legislation is held back until appropriation decisions are made.

House Committee — After Carr defeated Rep. Joe Burkett, Jr., of Kerrville for speaker, suspense centered on how Burkett supporters would fare in Carr's committee lists.

Out come was that Carr men, naturally, received all choice posts and approximately 86 per cent of committee chairmanships. Of the 43 House committees, 37 are headed by Carr supporters, four by definite Burkett supporters and two by persons whose vote was not known.

Gas "Explosion" Due — Battle lines are being drawn swiftly and heavy artillery rolled up for the fight over Gov. Price Daniel's tax program, particularly the gas severance tax.

Industry spokesmen criticize the governor's program as "short-sighted" and deplore the increasing of levies on sources already being

taxed. Gas men promised to fight the severance tax, if passed, all the way to the U. S. Supreme Court.

But Governor Daniel declared he'd gotten many more bouquets than brick bats for his plan. Only opposition, he said, was from those who want to tax "everything from shirts and shoes to bassinets and baby buggies."

Rep. George Hinson of Mineola who introduced the gas bill in the House, said it would bring in \$1.00 from out of state for every \$1 paid by Texans.

Grist for the Scales—Most of the bills which will be stirring up the air in the next few weeks are in the mills. Among them are these measures which would:

Provide for Party Registration by voters at the time they pay their poll taxes, by Rep. Jamie Clements of Crockett. Only persons registered as party members would be allowed to participate in primaries and conventions.

Raise Teacher Pay by approximately \$800 a year, and lengthen school year to 190 days, by Rep. L. DeWitt Hale of Corpus Christi. This follows recommendation of Hale-Aikin school study committee, of which Hale was vice chairman.

Increase Liqueur Taxes from \$1.40 to \$2.50 a gallon, by Rep. Pete LaValle of Texas City. This was one of Governor Daniel's recommendations to bring in an estimated \$18,000,000.

Tax Corporation Income on a graduated scale, by Rep. Dean Johnston of Houston, to raise an estimated \$20,000,000 annually.

Increase Truck Weight limit from 52,420 to 72,000 pounds, by Rep. R. L. Strickland of San Antonio. Same bill was defeated after stiff fight last session.

Require Open Meetings by all governmental agencies, except where they are now required by law to be confidential, by Rep. Truett Latimer of Abilene.

Change Primary Election dates from July and August to the first and fourth Tuesdays in May, by Rep. Marshall O. Bell of San Antonio.

Give All Cities of more than 10,000 full authority to regulate wages and hours of firemen and policemen, by Rep. Ben D. Sudderth of Brownwood. This is a matter of sharp controversy. A counter-measure, introduced by Rep. Bob Johnson of Dallas, would reduce hours and increase pay for firemen and policemen.

Provide A New University of Texas medical branch. Rival bills are being pushed — one by the Austin delegation directing that the school be built in Austin, and another by the San Antonians, specifying their home city.

Prohibit Labor Unions from using regular dues and assessments for political purposes, by Sen. Geo. Parkhouse of Dallas. Unions would be required to file an annual audited financial statement with the Secretary of State.

Lean State Funds to communities to help establish local homes for old people, a constitutional amendment proposed by Rep. Murray Watson of Mart.

Set Butterfat Content of milk offered for sale at a minimum of 3 1/4 per cent, by Rep. Steve Burgess of Nacogdoches.

Raise Unemployment Benefits from \$28 to \$40 a week and extend pay period from 24 to 39 weeks, by Rep. Roger Daily of Houston.

Require employers to recognize a collective bargaining agent supported by a majority of employees, by Reps. Clyde Miller and Robert Eckhardt of Houston.

Allow Higher Speed limits on Texas highways. One proposal by Rep. Bill Jones of Dallas, would raise maximum from 60 to 70 m. p. h. Another, by Reps. Tom James of Dallas and Louis Anderson of Midland, would permit Highway Commission to regulate maximum up or down, as road conditions justify.

Abolish Poll Taxes as a requisite for voting, by Reps. B. H. Dewey of Bryan and Maude Issacks of El Paso.

Have Democratic Executive committee members elected by direct primaries, rather than selected at the state convention, by Rep. Dewey.

Repeal The Law requiring that a local vote be taken before a school can desegregate, by Rep. Don Gladden of Fort Worth.

Make Arlington State College a four-year school, by Sens. Doyle Willis of Fort Worth and George Parkhouse of Dallas. Similar proposals were put forward for John Tarleton College at Stephenville

and Midwestern University, Wichita Falls.

Allow Legislators to set their own pay by a two-thirds record vote, a constitutional amendment by Sen. Dorsey Hardeman of San Angelo. Hardeman was a leader in the defeat of the last pay raise amendment.

Ban Automobile Selling on Sunday, by Sen. Ray Roberts of McKinney.

LADIES GOLF ASSN.

The weekly play of golf was held by the Ladies Golf Association last Monday and bridge on Thursday at the Country Club.

In golf play, the ball was won by Mrs. Joe Pierce on blind bogey holes. Bridge hostess was Mrs. Jess J. Marley. High score went to Mrs. Lindsey Hicks, second high to Mrs. Sidney Millsbaugh, Jr., and cut to Mrs. Larry Albers.

Others attending were Mrs. Jack Williams, Mrs. Early Baggett, Mrs. J. S. Pierce, III, Mrs. C. O. Walker, Mrs. John Childress, Mrs. Sher-

man Taylor, Mrs. Henry Phillips, Mrs. J. M. Baggett, Mrs. N. P. Blackstone, Mrs. Joe Morris and Mrs. L. E. T. Sims.

## EDITORIAL

Have you ever think? Everyday, ten times, you say, "I don't do you really? The most of us is no. We really think about things. We just suddenly do them. There are too many that require thought. If it, we would probably less mistakes. You often try to get out of it that everybody makes. Yes, everyone makes a habit and then, but they to make a habit out of someone asks you to do it, you probably leave with understanding that you will do it." Your mind is already made up for or against the decision that you make, until that person you again. We all do it sometimes ourselves with the know-it-all says, "My mind is made up about what you do. ## THE BANDSTAND!

All - Star Tri - City bands from Ozona were a group and sleepy youngsters at 9:30 Saturday night when pulled in from Big Lake. A day of tiresome play were all pretty glad to see Sweet Home again. It was quite the usual hustle early Saturday morning getting ready to go to Lake for try-outs. Arriving the entire band until lunch time, and were at it again until six o'clock. Band directors from Ozona, and Big Lake each directed numbers spiced at the Saturday night. Practice and co-operation students part, and sincere from the directors made concert possible. All look forward to concerts and Rankin within the weeks.

## THE LION'S LAUGH

Two ants were running at a great rate across the cracker box. "Why are we going so fast?" asked one. "Don't you see? It says, Tear along dotted line."

Wit: "What happens to girls who eat bullets?"  
Dim Witt: "Their hair comes out in bangs."

Professor: "I would like a preparation of phenylisothiocyanate."  
Drug Clerk: "Do you mean mustard oil?"  
Professor: "Yes. I never can think of that name."

Mother (fondly watching her two year old): "He's been walking like that almost a year."  
Bored visitor: "Amazing! Can't you make him sit down?"

There was a young boy in the choir whose voice went up hoir and hoir.  
Till one Sunday night it went out of sight and they found it next day in the spoil.

Two campaigners were at a debate.  
"There are hundreds of ways of making money, but theres' only one honest way," one declared.  
"And what's that?" jeered the other.  
"Ah, ha," rejoined the first, "I thought you wouldn't know."

## JUNIOR PLAY

The Junior Play was presented on Thursday and Friday of last week. There was a good attendance both nights and the audience seemed to enjoy it thoroughly. At intermission Mr. Leath was given a \$20.00 gift certificate to Blake Duncan's as a token of thanks from the cast.  
Thanks go out to Mrs. Roy Henderson and Mrs. Dorothy Millsbaugh for the use of their furniture. It was a good job kids! Congratulations on a great play!

**BIRTHDAY** Greetings are usually reserved for individuals, but this week I would like to say "Happy Birthday" to a Government agency, the Federal Deposit Insurance Corporation.

There are many people who may not be aware of the existence of FDIC, nor familiar with its functions. I confess that my attention to the agency is brought about by service on the House Banking and Currency Committee, which has jurisdiction over it. Yet, if you have a bank account, chances are your money is insured by FDIC.

The greatest tribute that may be paid to the organization is that this month it reached its 25th birthday without fanfare. It may be that FDIC has moved so firmly into history as one of the greatest financial reforms of the 20th Century that no one feels the need to recall its basic beginnings. But twenty-five years ago, respected businessmen's and bankers' opposition to what they felt was "Government banking" was a bitter thing. Many well-meaning financiers and private citizens claimed the creation of FDIC would encourage "recklessness" among bankers, would "discredit honesty" and "invite incredible abuses." Many of those former critics, still on the scene today, would probably like to forget their dire predictions but there are yellowed newspaper clippings around to remind them.

The Purpose Of the FDIC is simple: to insure us against bank disasters and to guarantee against the collapse of America's banking system as occurred in the early 1930's.

The system has worked well. Although perhaps a half-dozen banks will fail over the nation this year (the current annual average), countless innocent families will not suffer and there will be no wild-eyed panic, because the accounts will almost surely be insured by Federal Deposit Insurance Corporation.

As of today, FDIC is insuring deposits of 13,383 of the nation's 14,095 commercial and mutual savings banks. The insured banks hold 96% of all bank deposits in the nation. (Of the 712 banks which aren't insured, about one-fifth fail to meet requirements, and the rest haven't joined because they resent

**TEXAS PUBLIC SCHOOLS WEEK** has been proclaimed by Governor Price Daniel for March 2-7. Receiving the proclamation for the ninth annual statewide observance is John McKee of Dallas (right) who has served as state chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1950. Parents and other citizens are urged to visit their local schools during the week.

the cost of the insurance or say they don't need it.)

The insurance maximum is \$10,000 for each depositor, which means that if you have several accounts in different banks each will be insured up to that amount. Since approximately 98% of all accounts involve balances of less than \$10,000 it is easy to see the vast majority of accounts are fully and completely insured.

In its twenty-five years, FDIC has built a nest egg of more than \$1.8 billion. It raises funds by assessing members banks at the rate of 1-12 of one percent of the insured bank's deposits, but has done so well it has been returning about 60 percent of the assessments. During its lifetime, the agency has paid out more than \$343 million in insurance to about 1,500,000 depositors in 432 banks.

The spectacular success of FDIC has surpassed even the most enthusiastic predictions of its early supporters. And at the risk of using a poor pun, one might say its profits have made bad prophets of its detractors and former foes.

If The Congress follows the recommendations of President Eisenhower this year, we probably won't get a tax cut no matter what our business or occupation. In fact, we will probably wind up paying more taxes of one kind or another, painful though the thought may be.

In presenting his \$77 billion budget to the Congress, the President leaves no question that his so-called "balanced" budget is based

upon continued or increased taxes. The President has specifically recommended:

(1) A continuation of present individual income taxes;

(2) An extension on corporation profits taxes, and on most excise taxes, beyond the present expiration date of June 30, 1959.

(3) A plan for taxing income of life insurance companies;

(4) A plan for taxing cooperatives;

(5) An amendment specifying treatment processes which shall be considered mining for the purpose of computing percentage depletion in the case of mineral products;

(6) An increase in Federal taxes on gasoline of one and one-half cents per gallon;

(7) An additional increase in the price of first-class postage stamps.

Indications are the President may make even further tax recommendations to the Congress before this session is much older.

WE are all aware of the high cost of National defense. One of the reasons, is that we must carry on a constant review of weapons as technical and scientific advances are revealed.

Things are changing so rapidly that in spite of this constant review, about one-seventh of our Military weapons become obsolete almost at the moment of production, thus they must be scrapped for later models or innovations.

President Eisenhower summed it up well recently when he said:

"Defense spending will remain extremely large as long as we must maintain Military readiness in an era of world trouble and unrest. It is but a reflection of the world we live in to stress again the fact that modern weapons are complex and costly to develop, costly to procure and costly to operate and maintain."

**GIRL SCOUT TROOP 9**

By Pat Wemack

Girl Scout Troop 9 met in regular weekly session on Friday, Jan. 30. Janet McAllister, president, called the meeting to order. Vicky Good, secretary, read the minutes of the last meeting. Terry Newton, treasurer, collected dues and gave the troop fund report. Prayer was led by Janie Gilliam.

The troop started on a very interesting project, making wall plaques using china plates. The design on the plates is an old fashioned girl made of scrap materials, trimmed with rick-rack and buttons.

Janie Gilliam, hostess, served refreshments to eleven members and three leaders.

# RANCH RECORD

*Are More Important Today Than Ever*

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today than ever that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

### Lions Snap —

(Continued from Page One)

Lions encountered all kinds of trouble as Edgar Evans sparked a rally which twice pulled the Owls within two points of the Lions before the Lions could stave them off.

The Lions managed but 6 points in the third period and held a shaky 34 to 30 lead at the end of the period with Big Lake apparently getting stronger.

Johnny Cooper gave the Ozona fans some encouragement with just 20 seconds gone in the last chapter by sinking three free throws to extend Ozona's lead to six and then seven points before Edgar hit to cut it to five with three minutes gone. Mann hit a shot to reduce the lead to three and Edgar sank two free shots to cut the margin to one, before hitting a beautiful hook to send Big Lake ahead for the first time with three minutes and forty seconds to go.

Coach Dozier sent Bobby Sutton, who had picked up four fouls, back into the contest and the scrappy guard hit a jump shot to regain the lead, 39 to 38. Evans once again sent the Owls in front with a follow shot to bring the score to 40 to 39 but then the Big Lake attack fizzled and the Lions came through to win going away.

Jim Williams recaptured the lead for the Lions by sinking two free throws with a minute and 35 seconds to go and then Sutton pulled the Lions away with two free shots. David Sikes stole the ball and hit a lay up with 1:05 left and Jim Williams tipped another goal in with forty seconds left to end the scoring even though Sikes stole the ball and scored again with the play being rubbed out by an infraction.

The Lions offered a balanced attack all the way with Jones and Williams getting 9, Jacobs, 11. Sutton 8 and Sikes 6. Cooper had 3 and Powers added one.

High point honors in the game went to Big Lake's Edgar who tallied 19 points while Evans had 13. Weatherby and Taylor who normally are the Owls most potent point getters, picked up 4 and 2 points respectively.

The Ozona B team got a successful night started, when they put together a 16 point third quar-

ter and a fine bit of defense to pull away from the Big Lake B team and wind up with an easy 42 to 28 win.

The game did not get off like it was going to be very easy as the two teams swapped goals most of the first half with a late Ozona rally resulting in the Cubs lead-

ing 20 to 18 at the half. Wayne Spearman led the third quarter assault and wound up as high man in the game with 14 points before reserves took over and finished the game.

# The Magic of Credit Buying Power

Think what life would be like today if we had to pay cash for everything.

Credit is the magic force that puts the good things of life within the immediate reach of responsible people.

Those who grant credit like to see people use it, but not abuse it.

Your credit record is, indeed, an open book in which people can read how trustworthy you are. It pays to keep this record straight by buying only what you know you can pay for when payment is due, and to pay each bill or installment promptly on or before the 10th of each month.
