Lions Take Own Track Meet With Top Heavy Score

Three Records Topple On Wind Swept Field Here Saturday

By Ernie Boyd

The Ozona Lions ran away with the seventh annual Ozona Invitational relays last Saturday as three records were toppled.

The host Lions were responsible for two of the records that fell while Big Lake accounted for the third on the dusty, windblown track Saturday.

Lion vaulter David Sikes turned in the meet's most outstanding individual performance in one event as he cleared 11' 5" in the pole vault to break the old record of 11' 3" set by Byron Richie of McCamey in 1956.

The second record to fall came in the 880 yard relay when the Ozona team of Tommy Porter, Billy Bob Holden, Bobby Sutton and Tony Parker turned in a 1:36.1 to top the record set by Big Lake in 1956.

The meet's oldest record in the high jump fell Saturday afternoon when Big Lake's John Edgar cleared 6' in the event where Clarence Miller of Crane set a record of 5' 11" in 1953.

The Lions piled up 47 1/2 points to more than match the combined totals of the two teams who tied for second place with 20 points each. Junction, the perennial district 8 power, wound up in fourth place with 15 points for the day's work.

Individual high point man for the day was Ozona's Billy Bob Holden who in addition to winning the low hurdles and the broad jump, also ran on the winning 440 and 880 relay teams and gained a fourth place in the discus.

Ray Ellis of Menard who won both the 100 and the 220 dash, tied with Edgar of Big Lake at 10 points each.

The Lions copped first place in the pole vault, the 440 and 880 relays, the 120 yard high hurdles and placed from one to two men in each event except the mile, the mile relay and the 440 yard run.

Joe McMullan, David Sikes, Billy Bob Holden and the relay team accounted for six of the first places.

The Lions will swing back into action this week-end when they travel to Sonora to take part in the annual Sonora Invitational relays. The 440, 880 and sprint relays will comprise an important part of the Sonora meet with 16 points being awarded in the relay events.

The Lions expect to strengthen their running crew this week with Jim Doran returning to shape after a turned ankle at Ft. Stockton and Jim Williams returning to action following a bad cold and sinus bout which has kept him out of action for several weeks.

Most of the machinery will be moving in the draw channel, much of it at high speeds, and low water crossings over the draw will be hazardous to vehicles and pedestrians making the crossings.

Parents of school children are urged to warn the children against crossing the draw or getting too close during the operations. Visibility will be poor for drivers of the earth moving vehicles, which will add to the danger.

Both High School And Junior Hi Teams To Be In Action

By Ernie Boyd

The sixth annual high school and junior high girls volleyball tournament will be held in Ozona Saturday with eight teams in the high school division and six in the junior high bracket.

Iraan, the defending high school champion, and Ft. Stockton, the junior high champion, both will be back to defend their titles this year and both will be favored to repeat as champions.

Iraan lost but one member of its starting team last year and is expected to be a good bit stronger than last year when they downed both Ozona in the finals.

In the Junior high division, Ft. Stockton has been an awesome power and even though nothing is known of this year's team it would be quite a change in affairs should the Ft. Stockton team fail to reach the finals.

Action in the high school division will start at 9 a.m. when Sonora and Barnhart face each other in Davidson gym. Action in the junior tourney will get under way at the same time in the girls' gym with Iraan facing Big Lake.

NO DISSENTERS

Wed Woman Editor Of McCall's Concurrs Dallas Fashion Editor's Nomination Of Ozona As 'Best Dressed Town In The World'

A dissenting voice has been raised to date over this column's nomination of Ozona, Texas, as the best dressed town in the world.

Miss Graydon Heartstill, editor of the Dallas Times Herald, in further pursuance of Miss Cousins' nomination of Ozona women's attained in a pop visit a few Sundays ago.

She cites the concurrence of opinion by Miss Margaret Trigrere, former managing editor of Good Housekeeping and now in the same capacity with Dallas. But to quote from Miss Cousins' column, "True to You Fashion" in the Times Herald, March 6, the paragraphs devoted to her "Ozona story":

"In the meantime — not a dissenting voice has been raised to date over this column's nomination of Ozona, Tex., as the best dressed town in the world.

Among those approving it during this last week was a two-time Miss Cousins and Mrs. Pleas Childress, is one of the most fully-dressed beautiful women who merit the title for their daughter, Genelle, a resident at Pine Manor in Wellesley, Mass., causes a stir among the aware New Yorkers when she goes down for weekend visits.

"Furthermore, Miss Cousins, transplanted Dallasite who made quite a splash of her own in the publication field recently when she switched from managing editorship of Good Housekeeping to the same post with McCall's had yet another postscript to offer.

"In describing 'the Ozona look,' this column last week pointed to the chic of understated elegance as typified by Pauline Trigrere, along with Norell, Irene and Dior. It's a coincidence but guess what! A talented young girl, Jeannene Thompson who hails from Ozona, turns out, Miss Cousins reports, to be bright star on the designing staff of the house of Trigrere.

"As good a conversation-maker as Ozona, Tex., was the striking pin that gleamed on the lapel of Maggie Cousins' easy, softly-tailored costume in black-flecked mossy green tweed. The big golden disc is setting for an exquisite carved head in lava stone which another ex-Texan, William Pahlman, the widely known interior decorator, found during a trip to Greece and had mounted for her.

"Miss Cousins were blending shades of the suit's green in her. Mr. John blouse - crown cloche, her gloves and dark alligator shoes and bag so the pin was a dramatic contrast accent."

8 Teams To Enter 6th Annual Girls Volleyball Meet

Both High School And Junior Hi Teams To Be In Action

By Ernie Boyd

The sixth annual high school and junior high girls volleyball tourney will be held in Ozona Saturday with eight teams in the high school division and six in the junior high bracket.

Iraan, the defending high school champion, and Ft. Stockton, the junior high champion, both will be back to defend their titles this year and both will be favored to repeat as champions.

Iraan lost but one member of its starting team last year and is expected to be a good bit stronger than last year when they downed host Ozona in the finals.

In the Junior high division, Ft. Stockton has been an awesome power and even though nothing is known of this year's team it would be quite a change in affairs should the Ft. Stockton team fail to reach the finals.

Action in the high school division will start at 9 a.m. when Sonora and Barnhart face each other in Davidson gym. Action in the junior tourney will get under way at the same time in the gym with Iraan facing the host.

All finals in both divisions will be held in Davidson gym Saturday night but no game action in the junior tourney will take place in the girls gym.

Teams in action to Ozona and Iraan will not be competing in (Continued on Page 2)

NO DISSENTERS

Widow Editor Of McCall's Concur Dallas Fashion Editor's Nomination Of Ozona As 'Best Dressed Town In The World'

A dissenting voice has been raised to date over this column's nomination of Ozona, Texas, as the best dressed town in the world, when Miss Graydon Heartstill, editor of the Dallas Times Herald, in further pursuance of her mission of Ozona women's attained in a pop visit a few Sundays ago.

In describing "the Ozona look," this column last week pointed to the chic of understated elegance as typified by Pauline Trigrere, along with Norell, Irene and Dior. It's a coincidence but guess what! A talented young girl, Jeannene Thompson who hails from Ozona, turns out, Miss Cousins reports, to be bright star on the designing staff of the house of Trigrere.

"As good a conversation-maker as Ozona, Tex., was the striking pin that gleamed on the lapel of Maggie Cousins' easy, softly-tailored costume in black-flecked mossy green tweed. The big golden disc is setting for an exquisitely carved head in lava stone which another ex-Texan, William Pahlman, the widely known interior decorator, found during a trip to Greece and had mounted for her.

"Miss Cousins wore blending shades of the suit's green in her Mr. John blouse - crown cloche, her gloves and dark alligator shoes and bag so the pin was a dramatic contrast accent."

she goes down for weekend visits.

"Furthermore, Miss Cousins, transplanted Dallasite who made quite a splash of her own in the publication field recently when she switched from managing editorship of Good Housekeeping to the same post with McCall's had yet another postscript to offer.

THE THREE-CENT ANSWER

In Washington right now many
of our Congressmen are happily
voting plans for the federal govern-
ment to spend more money than
it can possibly take in in taxes.
Does this make sense? You can
bet the bottom dollar of your tax-
able income it doesn't!

President Eisenhower still con-
tends it is possible to balance next
year's budget at \$77 billion. The
National Association of Manufac-
turers — an organization that cer-
tainly should know about money
matters — says we can get by
handily on \$3 billion less than that.

Yet the odds are two to one a-
gainst a balanced budget. Why?
This sentence from a news story
is significant: "Despite the Ad-
ministration confidence that public
opinion backs a balanced budget
a spot check by United Press In-
ternational showed that most House
members are receiving only light
to moderate mail in favor of Gov-
ernment economy?"

That brings the problem down
to a level where you and I and
a three cent postal card can do
something about it.

BILL-OF-RIGHTS FOR LABOR

It is remarkable, to say the least,
that the metropolitan press has
so far paid scant attention to three
of the most vitally important bills
that have come up, or are likely
to come up, in this or any other
session of Congress. This over-
sight, if such it may be, is all the
more curious in view of the space
and general fanfare given to the
innocuous Kennedy-Ervin bill that
purports to cover a portion of the
same area.

We refer to S-1137, entitled
"The Labor - Management Basic
Rights, Ethical Standards, and
Disclosure Act of 1959", introduced
by Senator John L. McClellan,
chairman of the Senate labor rack-
ets committee (on which Messrs.
Kennedy and Ervin both serve);
and to H. R. 4473, "The Labor
Bill-of-Rights Act of 1959," and
H. R. 4474 offering amendments to
the Taft-Hartley Act, both intro-
duced by Representative Graham
A. Barden, chairman of the House
Committee on Education and La-
bor.

Collectively, these bills provide
to the long-abused rank and file of
labor the specific protections for
which the McClellan committees
revelations have shown a scanda-
lous need. Among no less than 20
fundamental rights guaranteed by
this proposed legislation are: the
right to membership itself, the
right to speak freely, to meet free-
ly and to vote secretly — for
union officers, their compensation,
allowances and removal; the right
to establish their own dues and
fees, to inspect records, to vote
for or against strikes, to be free
from arbitrary discipline and acts
or threats of violence. These bills
will protect the presently faceless
people in the unions from being
forced to give their money to po-
tential causes and candidates that
they oppose, will protect them
from injury through other peo-
ple's labor disputes and from domi-
nation by crooks, criminals or
scoundrels.

Not from the broader public
viewpoint, we think the
most important members alone
of the labor newspaper cov-
erage of these bills
is in the big cities. We are
surely interested union
members who have written hun-
dreds of letters of the
most kind would
be interested in these bills.

in them. But where the press has
failed, employers who have the
welfare of their workers at heart
will see to it that all of them know
what Senator McClellan and Re-
presentative Barden are trying to
do for them.

Those publishers who have been
remiss in this public duty may
find it cold comfort, when the
deluge of demand for these rights
and protections floods Congress,
to explain that they plugged the
Kennedy effort because they did
not think a real labor bill could
pass.

SHEEP NO LONGER SHEEPISH

That snug look you may notice
on sheep these days isn't just be-
cause it's lambing season. The
sheep is suddenly in the wonder-
fiber business. The scientists have
made it possible to put permanent
creases in wool trousers, and per-
manent pleats in wool skirts.

By next fall a customer will be
able to buy wool clothes treated
with this new process in stores all
over the country. Many stores al-
ready are selling wool trousers
with creases that last as long as
the pants.

This is reassuring, in an age of
man-made this and that, to find
Nature-made things holding their
own with only a little help from
the test tube. Actually, what the
scientists have done for wool is
what the ladies have been doing
for their hair with the home per-
manent wave. A solution, develop-
ed in Australia and something akin
to the brew in the home permanent
bottle, is what puts the creases in
for keeps.

You can't sit these creases out.
You can't sweat them out. If you
soak them in the rain they come
back tighter than ever. And what
really must be making the sheep
perky is the knowledge that his
new home permanent won't work
on any fabric except wool.

TS&GRA Quarterly Meeting Saturday In Abilene; Auxiliary Too

San Angelo — The second quar-
terly meeting of the Texas Sheep
and Goat Raisers' Association will
be held in Abilene, Saturday,
March 21, Lance Sears, Sweetwa-
ter, TS&GRA president, has an-
nounced.

"This is the first time the Asso-
ciation has met in Abilene," he
said, "and we are looking for a
large attendance from that gen-
eral area. There are many sheep
and goat men in the county and
they have been very active in the
Taylor County Sheep and Goat
Raisers Association."

All the meetings will be held at
the Wooten Hotel. A change has
been made in the meeting times,
Sears added, Committees will
meet from 8:30 a.m. to 10:15 a.
m. and the general meeting will
be from 10:30 a.m. to 12:30 or 1:
00 p.m.

TS&GRA officers and committee
chairmen will report on the activi-
ties since the annual convention.
Ranch labor is expected to receive
lots of attention, Sears said, and
a complete report will be made
of legislative activities in Austin
where Association representatives
have spent considerable time on a
series of bills affecting animal
health.

Lunch will be served at the ho-
tel to all who register for and
attend the morning meetings.

"I want to urge all sheep and
goat raisers in the Abilene area to
attend this meeting. They are wel-
come," stated President Sears.

The annual TS&GRA Auxiliary
will meet at the same time, with
headquarters at the Wooten Hotel.
All ladies of the area are cordially
invited to attend the Auxiliary
sessions.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford Texas Press Association

Austin, Texas - A possible shaft of light has pierced the murky tunnels of legislative tax study...

An omnibus tax measure introduced by Reps. F. L. Strickland of San Antonio and Wesley Roberts of Lamesa would tax a raft of things not previously hit...

Strickland and Roberts estimate their proposal would raise from \$300,000,000 to \$300,000,000, an impressive sum even in the face of current huge needs.

New tax sources it would tap include sales of real estate, bonds, debentures, corporate stocks, transportation of persons and commodities, occupancy of a retail establishment, hotel and motel use...

"Strings" attached to the bill are that after the state deficit is paid off, the money raised could be used to provide school teachers a \$600 a year raise...

Rep. Frates Seeligson of San Antonio, introduced his 1.5 per cent general sales tax measure. It would raise an estimated \$67,000,000 annually earmarked for the school foundation program.

Despite urging from Gov. Daniel, the House Tax Committee showed itself in no hurry to get out the bill that would raise corporation franchise taxes.

Part of the governor's plan was to get this bill passed in time to take effect May 1 so the added revenue from it could help offset this year's deficit.

Committee also agreed to allow more time to hear groups wishing to oppose a proposed trading stamp tax.

First Hurdle Cleared - Texas public school teachers won the first round in their campaign for an \$800 a year pay raise.

Senate Committee voted favorably on the \$107,800,000 public school improvement program recommended by the Hale - Aiken Committee.

Some 3,000 teachers, plus many citizens from other walks of life, came to the Capitol in behalf of the bill.

With feelings running high, the committee voted to send the bill to sub-committee for a week's study.

Texas Municipal League is strongly opposed to the measure

which they say is about as palatable as having the federal government set wages and hours for Texas Highway Patrolmen.

Strickland and Roberts estimate their proposal would raise from \$300,000,000 to \$300,000,000, an impressive sum even in the face of current huge needs.

best, she slowly creeps back into her den of darkness. Now there is nothing left but the open doorway of her old home. Who is this person who is seen every morning standing in her door as the beautiful sun rises over the mountain top and each evening as it sets and spreads its brilliant colors across the valley? Does she see and hear this beauty in nature, or has her sight and hearing vanished with youth? Is there no one who wants to visit her to bring happiness into her life? Where are those to whom she gave a helping hand, an encouraging word or even a sincere smile? Or did she ever take time to think of others or do for them? Could her life have been centered around herself with no thoughts for others? Did she miss the beauty in sharing happiness and sorrows with others?

DUST STORMS

Good ole' Texas weather! Guess that we haven't lost those dust storms after all. Now that Alaska is the biggest state, there is one thing in Texas that we'd like to give her — our long cherished dust storms. They don't seem to stop such things as marking and track meets, though. Matter of fact, dust storms seem to agree with our track boys. They help people like David Sikes set records. These storms must really be something.

They don't agree with rodeos, though. Just ask anyone who "blew in" for the San Angelo Rodeo!

Guess we'd better ring ole' Alaska up and see when we can send her our dust storms — maybe she'd like to have something from the ole' "biggest state" in the union.

STUDENT COUNCIL REPRESENTATIVES

Robert Johnigan

Last week candidates for next year's student council representatives were chosen; two boys and two girls from each class.

Chosen from the Juniors class were: Sally Baggett, June Bunger, Johnny Jones, and Pierce Miller. Barbara Barbee, Sandra Whitaker, Jim Freeman, and Art K. were elected from the Sophomore class.

The Freshmen chose Phillip Carnes, Johnny Childress, Judy Black and Janet North.

The Eight grade, which will be next year's Freshmen, have not chosen their representatives.

Election for these candidates will be held in the spring, to elect one girl and one boy, from each class.

THE COMMUNITY BENEFITS

Scout

Sir Galahad never got black-balled for being a gentleman, and the chivalrous Raleigh, for the cost of a cleaning bill, will be remembered for ages. Simple courtesies make life a lot more livable. Things like a cheery hello, waiting for one's turn in line, giving the right of way, refraining from unnecessary horn-blowing, opening the door for another, relinquishing a seat, helping the aged.

There are a thousand-and-one little gracious acts that add up to pleasant living. They say that when people forget themselves and think about the other fellow, the whole community benefits. And why not? Wouldn't you rather live, work, and do business in a community where people are friendlier and more considerate of their fellowmen? And what about at school.

Dear Charlie Kay, I have fallen in love with my old maid aunt. The only thing standing in the way of our marriage is my father. He thinks I am too old for her. What can I do to get true love?

Lonely

Dear Lonely, It sounds like you may be a "bit" young for her but if you are really serious, try to reason things out with your father. Try someone your own age if possible.

Charlie Kay

Dear Charlie Kay, My boyfriend is always chewing tobacco even when he kisses me. I am terribly allergic to it. Now I have a horrible rash. What can I do?

"Itchy"

Dear Itchy, I would tell him to take his choice between me and the chewing tobacco. Tell him you don't like to play "second fiddle" to a plug of chewing tobacco.

CK

Dear Charlie Kay, I like a certain boy. I've tried every angle, but he just won't pay me any mind. Do you suggest that I "travel on" or try something else?

Puzzled

Dear Puzzled, Why not ignore him for a while — pretend you don't know

he's alive! Be nice to him but not too nice — he might decide he likes your company pretty well.

Charlie Kay

Dear Charlie Kay, I want to know if there is anyone who wants to show me how to drive a motor scooter. If I had had a back-seat driver I wouldn't have been wrecked.

Messed-Up

Dear Messed Up! Try walking — it would be much healthier I am sure!

CK

Dear Charlie Kay, I have a girl that is very expensive. She is always swallowing something and now she has swallowed a pearl. What should I do she won't swallow such things?

Problem Alton

I would like to see some things out of her mouth when it is full! Better look into her though if she hasn't spit up she might be worth a try.

Charlie Kay

Dear Charlie Kay, What do you do with a guy who is always looking sorry for himself, and saying that he's no good for you?

In Doubt

Dear In Doubt, If he is so good for you why does he keep saying with you — "I'm a big loser" or "I'm looking for sympathy, don't sympathize too much with him, then maybe he'll get over it."

Charlie Kay

Dear C. K.,

I'm a big loser. I have a jacket and want to trade it for her hair.

Dear Jim,

It's her hair! But I'll be a fair trade.

The Man who Appreciates the Finest

BUYS HIS WIFE APPLIANCES!

There is often more to an object of art than the mere surface. A man of discriminating taste has an instinct for evaluating real craftsmanship. This is the kind of man who buys a GAS Range for his wife's kitchen. In appearance, anyone can see its cleanliness of line... gleam of design. Most ranges can claim this. But it's in performance that a GAS Range achieves superiority! For here is a precision-engineered, automatically-controlled instrument that saves gas, saves time, and shut-off with no heat hang-over... here is a performance that allows access to the fire out of cooking. Yes, in every way (including the glass you move, and when the glass is truly appreciated... the tallest

Ability:
No one knows what it is that he can do till he tries:
Natural abilities are like natural plants; they need pruning by study.

Every person is responsible for only the good within his abilities, and for no more, and no one can tell whose sphere is the largest:
They can because they think they can:
And all may do what has by man been done:
The winds and waves are always on the side of the best navigators:
Abuse:
Abuse, if you slight it, will gradually die away; but if you show yourself irritated you will be thought to have deserved it.

GOSSIP

This week-end was a big one. Friday was a holiday and people scattered everywhere.

Johnny Childress, Art Kyle, Sally Baggett, Diane Phillips, and Miss Powers all went to Brownsville to a student council convention. They left Wednesday and didn't come home until Sunday.

They came back with some pretty exciting tales.

A lot of the kids went to San Angelo to see the rodeo. Or was it the rodeo they went to see?

Our congratulations to Pierce, Jay, Penn, Mark and Pam on the good work they did with their sheep.

Missy Moore was seen in San Angelo over the week end. It sure was good to see her. She said to tell everybody "hello".

Alleane went to East Texas State College Tuesday to try out for twirler. Sure hope she does good.

It seem Barbara Barbes has added something new to her wardrobe. It looks like Jim Doran's track jacket.

Molly Sue Richardson also acquired a new ADAM jacket from Johnny Butterfield on his visit home.

PROUD 4-H BOYS

Congratulations to the Crockett 4-H Club for putting on a fine show at the San Angelo Fat Stock Show!

We especially want to give credit to a few—Mark and Penn Baggett were noted for being the first two brothers to win high honors together in the San Angelo Fat Stock Show. Mark won Crossbred Champion, and Reserve Champion Finewool.

Pen placed Championship Finewool.

Pierce Miller did himself proud, too! In the Junior Open Class, he placed a Championship Ram, and Champion Ewe. Pierce had a champion ewe and a reserve champion ram in the Junior Breeding class. Pam Jones was winning along side of Pierce in the Junior Breeding with a champion ram and Reserve champion Ewe. Pam won first place in Pen of Three also!

Pam and all of the boys deserve credit for the good work they have done this year!

Mrs. Pelto Named Outstanding Member Of E.S.A. Sorority

The Ozona Chapter of the E. S. A. service sorority held its annual spring dinner social in the North Elementary auditorium last week with members' husbands and dates as special guests.

Following a buffet dinner the annual presentation of the "real ESAer" award for outstanding membership was made by chapter sponsor Coralie Meinecke to Mrs. Marjo Pelto.

In presenting the award it was pointed out that Mrs. Pelto had been a member of the chapter for four years and had begun membership as treasurer at a time when the sorority was involved in its biggest money-making project.

Despite being busy in her home with two children and her husband Mrs. Pelto has always found time to carry out her duties in the club cheerfully and effectively.

Mrs. Pelto was presented with a corsage, a gift, and a crown by Chapter President Mrs. Dick Webster.

Following the dinner the members and guests moved to bridge and forty-two tables were the evenings activity was finished.
