Published Every Thursday at Ozona, Crockett County, Texas

W. EVART WHITE, Editor and Publisher  
Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter Under Act of Congress, March 3, 1879.

**SUBSCRIPTION RATES:**  
One Year - \$2.00  
Six Months - \$1.25  
Outside of the State - \$2.50

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected up on calling the attention of the management to the article in question.

THURSDAY, JULY 4, 1940

**Political Prodigality Must Stop**

If we Americans have been suffering from any illusions regarding the cost of an adequate national defense structure, they should be shattered by now. The billion dollars or so requested in the President's recent special message to Congress was but a small drop in a very big bucket. Congress has already raised that amount to more than \$5,000,000,000 for defense purposes—and that sum, gigantic as it is, marks only the beginning.

Some of the leading columnists have been criticizing high government officials for failing to frankly inform the people as to just what sacrifices are now necessary. And that indictment seems justified from a completely non-partisan point of view. Defense appropriations have been requested on a piece-meal basis. No reliable estimate of the total cost has been issued by any responsible government source. And no definite plans has been presented to the people who must pay the bill.

In the opinion of Senator Byrd of Virginia, who has proven himself a cool head when it comes to fiscal matters, reasonable rearmament for this country will cost, not five or six billion, but as much as \$20,000,000,000. The question before us now is not whether we shall rearm to the limit. All are agreed that must be done. The question is how to pay for it in a logical, business-like manner, free from waste and too much politics.

To that question, there are three related answers. It will be necessary to raise the debt limit. It will be necessary to greatly increase present taxes, and perhaps to create new taxes. And finally, it will be necessary to cut the cost of government to the bone. Every nickel spent now for an unnecessary or avoidable purpose should be regarded as criminal waste. Excessive relief appropriations, excessive farm aid appropriations, the luxury of political spending of money to put government into competition with private business, must be stopped.

The people are ready to pay the

**THAT WE MIGHT BE WORTHY OF THAT HERITAGE**

bill. But they will not permit further political prodigality when the nation needs the weapons that can make us secure against invasion.

**Are We Any Wiser?**

There is plenty of criticism of the European democracies for what some consider their astonishing failure to recognize in time the fast-growing military power of the dictator neighbors, and to prepare to meet it.

Informed commentators are now asking if we are any wiser. We have the same chance to prepare that England and France had a few years ago. Will we do it, with maximum efficiency and minimum waste—or will we permit red tape and politics to make our defense program ineffective?

**Times and Men Change**

An ironic chuckle must have rumbled up out of Herbert Hoover's high collar at the news that his administration now is being defended by John L. Lewis. It seems only yesterday that Mr. Lewis' crowd was letting Mr. Hoover have it with everything handy any time he poked his head in sight. In those days Mr. Hoover was blamed not only for the depression, which Mr. Lewis now says was not Mr. Hoover's fault, but for nearly every other ill the Nation suffered. Now Mr. Lewis says Mr. Hoover wasn't really so bad, that his record of two years of depression is pretty good against Mr. Roosevelt's seven years. Can all this mean that Mr. Lewis now wants to help guide the Republican elephant, this Mr. Lewis who a few years ago seemed to be pretty sure that Republicans ate little babies for breakfast and knawed at a laboring man for dinner? And, if Mr. Lewis is convert-

ed to Republicanism, what happens to the G. O. P. members who just a few years ago looked under their beds each night to be sure Mr. Lewis wasn't hiding there?—Brooklyn Eagle.

**Propaganda Attack**

One phase of Nazi aggression against which everyone can join is the propaganda phase. This form of attack is as calculated and malicious as that of the bombers and parachutists, but is not limited to the particular nation against which armies are being sent. Instead, it is directed at all nations, including neutrals, and therefore can and should be resisted by all nations. Propaganda aims at the demoralization of actual or potential enemies of Nazi totalitarianism. It seeks to bring this about by arousing disunity, apathy, fear, or panic. There have been many evidences from the countries invaded by Germany in the past year that demoralization of this sort contributed to the amazing Nazi successes. Swarms of tanks, planes and guns do not tell the whole story of these battles. Not only was the mechanized army so well advertised in advance as to promote widespread terror of it before it arrived, but its actual approach was marked by such fear-producing devices as whistling bombs and diving planes, whose devastation was as much mental as physical. Americans can help not only the Allies, but themselves by refusing to accept the propaganda of German invincibility.

**Japan and Indo-China**

In the general distribution of French possessions believed about to begin, Japan is putting in a claim for Indo-China, a region of large natural resources which would be very useful to the Island Empire if it could be picked up cheap. Its assignment to either Germany or Italy would be objectionable to Nippon, it appears. Renewed complaints that the French of that region are aiding China against Japan may presage sudden action. In spite of reported banning by the Indo-China government of further shipments to China, Japanese occupation of the region is demanded by the nationalists and Adm. Yonai's cabinet may be forced to move in this direction. At this time there seems nothing that could be done if Japan made such a move. The British are occupied elsewhere and our own danger from the eastward obviously precludes our taking any action. If the war in Europe should end in a British victory or a draw, however, a different situation might arise. But Japan may not wait for that.—Los Angeles Times.

One-sixth of all the people in Texas get their entire living from the petroleum industry.

**Let's keep it American**

THE European war has re-awakened Americans to the truth of the saying, "Eternal vigilance is the price of liberty."

Our liberty is not immediately threatened. But it may be if we do not prepare to defend it from any possible attack. Such preparation is an effort in which everyone can share.

We favor adequate preparedness for national defense. This country's natural position gives us a great measure of security against threats from abroad. With careful preparation we can strengthen that position until no nation would dare attack us.

National defense is not only a matter of men, airplanes, battleships and guns. It also requires us to strengthen our American institutions, which are the very things we wish to protect and preserve. They must be preserved. It would be a bitter and ironic victory if, in order to defeat an enemy, we sidetracked the system of free enterprise and the personal liberties which distinguish the American way of life from the tyrannies of Europe and Asia.

Let's keep this country American. Government experts and civilian authorities are studying how to provide for our actual defense and each citizen's part in it. Meanwhile, the rest of us can help by doing our work, whatever it is, as well as we can.

That is what all the people of this company intend to do. Together with other electric companies, we have built a system capable of supplying the nation with electric service in any emergency. This system will be maintained and strengthened and we will continue our day-to-day effort to provide the dependable electric service that makes the United States a better place to live.

**West Texas Utilities Company**

INVITE A VISITOR TO WEST TEXAS . . . "The Land of Opportunity"

**Ranching Area Shows Largest Agricultural Income Gain In May**

AUSTIN, July 3.—An upturn of more than usual seasonal proportions marked Texas farm cash income during May, a University of Texas farm economist said today. "Better prices rather than an increase in volume of products marketed caused the improvement," Dr. F. A. Buechel, business research statistician, explained. A state index of agricultural income prepared by the University Bureau of Business Research showed a one-plus point gain over both April this year and May of last year. The May, 1940, index stood at 102.1, compared with 100.8 in April, and 100.5 in May, 1939.

The cumulative income for the first five months of this year, however, was still five and a half million dollars under the similar period of 1939.

District No. 7, which centers around San Angelo and takes in the ranching area, showed the largest gain of any district in the state, it being one of only four other districts to gain, others showing losses. The May, 1940, index of agricultural cash income for this area was 135.6, up from 133.8 in April, 1940, and from 102.4 in May, 1939. The cumulative income for this area for January through May, 1940, the largest in the state, was \$11,517,000, an increase from \$11,517,000 for the same period a year ago.

**Hitch-Hikers Find a Haven By Road Side**

ALBION, Mich.—Weary hitch-hikers have found such comfort in the "depot" set up by Thomas J. Broomfield that they stop at the rate of 300 each and every week of the year.

Broomfield, the operator of a filling station, built the popular resting place a year ago.

While hitch-hikers sit on a big bench under the great shade trees, a large painted thumb tells the passing motorists that they are willing to ride awhile.

The thumb is adjustable and it may be turned to point down either way.

**Britain's 'Rock' Under a Double Threat**

An aerial view of Gibraltar, Britain's mighty fortress at the entrance to the Mediterranean, one of the key points of the European chessboard. Great Britain may be forced to defend Gibraltar against both Mussolini and Gen. Francisco Franco, who has been urged to repay Spain's debt to the Rome-Berlin axis by cooperating in any axis operation against the "Rock."

**Big Fence Will Enclose the Old Smugglers Isle**

EL PASO.—Bloody Cordova Island—a little bit of Mexico jutting into the United States where once federal agents and smugglers waged a deadly game of hide and seek—is being fenced in.

This little boot-shaped patch of land which belongs to Mexico but which was left stranded about three decades ago when the Rio Grande river suddenly changed its course, once was the scene of many bloody battles between custom officers and men seeking to bring in illegal liquor, narcotics and aliens.

Recently the International Boundary Commission ordered the island—four miles in circumference—to be fenced in. The fence will be 6 feet high, wire mesh on concrete posts.

**More Airplanes**

A worker at the Wright Aeronautical factory in Paterson, N. J., uses a J-6 cylinder head for a hat and comes to a salute to "mass production," as vast new plane-motor manufacturing unit is opened.

**Shipments of Texas Livestock Declines**

AUSTIN, July 3.—Livestock shipments from Texas ranches to Fort Worth stockyards and to other states during May showed a 3.1 per cent decline from that month of 1939, with calves and sheep showing the only gains—7.7 and 28.3 per cent respectively, the University of Texas business research bureau reports.

Cattle shipments dropped 13.6 per cent to only 4,630 cars and hogs decreased 8.6 per cent to 824 cars. Shipments of all classes of livestock totaled 8,652 cars.

For the first five months of the year, shipments totaled 34,197 cars as compared with 43,101 cars during the same period last year.

**Screwworms Multiply After Getting Off To Bad Start In Spring**

COLLEGE STATION, July 3.—Screwworm flies are becoming so numerous in the lower escarpment area in southwest Texas—Bandera to Val Verde counties—that practically every wounded animal is likely to be infested with this parasite.

Conditions last winter were adverse to the screwworm, and most stockmen in the sheep and goat country sheared early and treated the few early spring screwworm cases that did occur.

These practices helped keep the number of screwworm cases down to the lowest point during any spring of the past five years, Cameron Siddall, entomologist of the Texas A. and M. Extension Service, has reported.

After the weather almost exterminated the screwworms last winter, it turned right around with conditions very favorable to the insects, and if the same conditions hold during July and August, the pests may yet cause heavy losses.

Infestations will occur all over Texas and as far north as Kansas and Missouri before the screwworm season is over, it is said.

Texas produced nearly one-fourth of all the petroleum produced in the entire world last year.

Mahogany trees do not grow in forests—two trees to the acre is about the limit.

"I can't often leave Tommy to go to market or go shopping—so I go to the stores by telephone. His schedule doesn't allow me much time for visiting—so I keep up with my friends by telephone. And if we should need the doctor in a hurry—or have to meet other emergencies—I know we can depend on the telephone to bring the help we need."

It certainly pays to have a telephone: telephone errands take less time, telephone visits are pleasant, the people and things you need are always closer.

**General Stock In Ghost Store Fifty Years Old**

ROCHESTER, Minn.—In the old ghost town of Forestville near here is a ghost store, still stocked with pre-war wares and goods and cloaked with years of history and dust.

It was South Minnesota's first general store, opened in 1853, by Felix Meighen.

In May, 1910, Thomas Meighen, Felix's son, inherited the store but not the desire to operate it. So he locked it up, stock intact, never to open it again for business. He later headed the First National Bank in the neighboring town of Preston.

At the store saddles and stable equipment of the Civil War era, dry goods more than 50 years old, 19th century petticoats and shoes, and publications once meant for the use of pioneers now serve as curios.

Say: "I saw it in the Stockman."

(Continued from Page One)

spots in the land.

An order has been placed for a regulation 36-inch windsock which will be installed over the field to guide pilots into the wind in landings. Telephone connection to the field is also to be provided at once, a small house to be built to house the phone for the convenience of flyers who land without previously arranging for transportation to town. Additional improvements, including a building for club quarters, lounges, rest rooms and the like, and airplane hangars are not to be undertaken at once, it was declared, present plans including only the necessary improvements to make the field usable.

The airport is being laid out on a 270-acre tract leased out of the ranch of Mrs. S. E. Couah, along the Old Spanish Trail five miles west of Ozona. The field will be 3,000 feet along the highway, 3,000 feet deep along the east line and the south boundary line will extend approximately 4,800 feet east and west. It is believed that the runways as now laid out will be sufficient to take care of nearly any type plane, but if it is found needed at a later date, a 4,800-foot runway east and west can be laid out on the south side of the field.

As soon as the field is ready for use, Mr. Kinser declared, facts about its exact location, elevation, size, etc. will be communicated to the Civil Aeronautics Authority, and this authority will in turn broadcast the information to all pilots.

# 95 Per Cent—

(Continued from Page One)

of the tax bill can be paid in the fall and the other half the last of June, without penalty and interest. Only seven used this split plan for paying in this county, the collector revealed. All of these taxpayers came forward with the second half payments by the deadline of June 30, paying in something over \$1,000 as the last half payment.

Delinquent collections during the collecting period have been coming in at a steady gait, the collector's report shows. For the year, a total of \$1,218.26 in delinquent taxes has been collected. Payments on delinquent amounts are expected to pick up between now and September 1, however, under a recent order of the Commissioners Court rebating all penalty and interest on delinquent taxes if paid before September 1, 1940. After that date, under the Commission's order, it will be the duty of the County Attorney to immediately file foreclosure suits on all property showing a delinquency.

# BIRTHDAY SWIM

Mrs. Bryan McDonald entertained Wednesday in honor of her daughter, Patsy, the occasion being her eighth birthday. The group of children enjoyed a swim in the new swimming pool at Sonora. Guests included Margaret Williams, Rosalie Friend, Ann Harvick, Lafern Nance, Joan and Dorothy Dell Fenner and Judy White.

# President Visits 4-H Boys and Girls

President Franklin D. Roosevelt is here shown visiting with one hundred and seventy boys and girls from forty-three states encamped at the fourteenth annual parley of the 4-H clubs. The 4-H club members are, evidently, keenly enjoying this visit with the Chief. Josephus Daniels, United States ambassador to Mexico, is sitting in the car with the President.

**THIS BUSINESS OF Living**  
BY SUSAN THAYER

# Fourth of July, 1940

The flags will be flying, fire crackers popping and mothers hurrying around packing picnic baskets with such things as fried chicken, stuffed eggs, chocolate cake.

But all over this broad, beautiful land, Fourth of July this year will mean more than picnics and fire crackers; more even than bands and parades and patriotic speeches. It will mean serious consideration, for the first time in many people's lives, of the things for which this Great American holiday stands.

It was set aside as a special day because on July 4, 1776 a document known as the Declaration of Independence written by that far-seeing American patriot Thomas Jefferson was made public to the 13 struggling colonies. And what did that Declaration mean?

The Encyclopedia Britannica says—"by this declaration a state, for the first time in history, founded its life on democratic idealism pronouncing governments to exist for securing the happiness of the people and to derive their just power from the consent of the governed."

This country of ours, whose government was established "for securing the happiness of the people" has functioned so successfully in the 164 years since the Declaration of Independence was adopted that it might seem no one would question what the Encyclopedia calls our "democratic idealism" today. But the fact is that never before in this century and a half has the American system been under such fire as it is

today. With more than half of the world embracing the servile doctrines of totalitarianism our own freedom, as set forth in the Declaration of Independence, is threatened.

If there is to be freedom in any country, it must rest upon a three-fold foundation, one side of which is representative democracy—another, those civil liberties such as freedom of speech, the press and religion and the third—free business enterprise. Let any of these three sides be weakened and freedom itself will collapse.

Today no power within our own boundaries seriously threatens our form of government nor our civil liberties, but business enterprise has already been seriously curtailed and further restrictions on our American system of Industry might easily result in the overthrow of freedom itself.

And so this year, as we celebrate Fourth of July, let us declare once more our belief in the American doctrine that "all men are created equal and endowed by their Creator with certain inalienable rights." And in spite of the growing belief in many other countries that individual men and women are unimportant and the state supreme, let us remind ourselves of those inalienable rights which you remember are "life, liberty and the pursuit of happiness." And let us recognize the fact that we must be ready to make every effort to preserve the triangular foundation on which rests our American freedom that guards these "inalienable rights!"

# 2 New Teachers—

(Continued from Page One)

uate of Mississippi State Teachers College at Delta, Miss., and has done graduate work in the University of Texas the past two summers.

During the last two years, Mr. Chapman has been teaching in the elementary grades at McAllen, Texas. He is a brother of Dr. A. L. Chapman, an instructor in the University of Texas.

# DON'T SLEEP WHEN GAS PASSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves pressure on heart from stomach gas due to constipation. Adlerika cleans out BOTH bowels—Smith Drug Co. and Ozona Drug Co.

# FORMER TEACHER HERE WED

Announcements have been sent to a number of Ozonans of the wedding of Miss Maxine Murdock to Albert August Heckman of Cincinnati, Ohio, which took place on June 12 in Cincinnati.

Mrs. Heckman is the daughter of Mr. and Mrs. M. L. Murdock of Albuquerque, N. Mex., and taught piano here for several years.

Mrs. Maurice Cox returned Sunday from a two weeks visit with her mother, Mrs. J. L. Ward of Mexia.

Wilson Motor Co. this week delivered a new 1940 two-tone gray Buick sedan to Dr. and Mrs. G. L. Nesrsta. The company also delivered during the week a Pontiac sedan to Mr. and Mrs. Bill Childress.

# FIRST BAPTIST CHURCH Clyde Childers, Pastor

Order of services:  
Sunday school, 9:45 a. m.  
Morning worship, 11 o'clock  
Evening worship, 8:15 o'clock.  
Brotherhood meeting Tuesday evening, 8:15.  
Teacher-officer meeting, Wednesday, 7:45 p. m.  
Devotion study, Wednesday at 8:30 p. m.

We continue to enjoy a splendid attendance on all of our services and for this we are very grateful. The Sunday school and worship service attendance have been the highest this June of any like month for many years. This makes us feel that the church is ministering in a helpful and inspirational manner that our people want to come again and again. If for some reason you were unable to come last Sunday we invite you to be in your place for worship next Sunday.

The ordinance of Baptism will be observed at the close of the evening service next Sunday.

You will always find a cordial welcome in the services of this church.

Mr. and Mrs. J. M. Baggett had as their house guests during the weekend Mr. and Mrs. E. P. Nelson and Mrs. S. W. Ross of Floydada, J. E. Pace and Sue Pace and Miss Jenny Talbert of Austin.

# Facts You Never Knew...

BY **Bob Dart**

**Baptist Vacation Bible School Ends Wednesday Evening**

The Vacation Bible school of the First Baptist church closes with commencement services at 8:00 Wednesday evening. Parents and friends of the children are invited to be present for the services and inspect the work that has been done by the children for the past eight weeks.

The enrollment of the school reached a total of 60 Tuesday morning with an average attendance of 45. The children have done a very high grade work and the school is the most successful ever held in the church, the pastor, Rev. Clyde Childress, declared.

**FORTY-TWO CLUB MEETS WITH MRS. MOORE**

Mrs. Audra Moore was hostess to members and guests of the Just-for-Fun Forty-two club at her home Thursday afternoon with five tables of players.

High club prize was presented to Mrs. M. A. Runnion and Mrs. Early Baggett won the high guest gift. Mrs. Pon Seahorn was given the traveling prize.

Summer flowers decorated the house and a sandwich was served.

Present were Mrs. Buddy Moore, Mrs. I. Sellers Moore, Mrs. I. Sellers Moore, Mrs. I. Sellers Moore, Mrs. John Bailey, Mrs. Paul Phillips, Mrs. A. E. Deland, Mrs. Oscar Kost, Mrs. Leslie Nance, Mrs. W. S. Willis, Mrs. Pon Seahorn, Mrs. Bill Smith, Mrs. M. A. Runnion, Mrs. Lloyd Johnson, Mrs. O. D. Busby, Mrs. Early Baggett, Mrs. Harlan Townley, Mrs. Bruce Drake, Mrs. W. R. Cabaness, and Mrs. Marion McBee.

**MRS. T. A. KINCAID, JR. ENTERTAINS BRIDGE CLUB**

Mrs. T. A. Kincaid, Jr. was hostess at a bridge party Tuesday morning at the home of Mrs. Evert White. Shasta daisies and dahlias were used in the house decorations and iced drinks were served.

Mrs. Roy Henderson won the high score award and Mrs. Hubert Baker the second high trophy. Mrs. Evert White was presented with a gift.

Present were Mrs. Arthur Phillips, Mrs. Jake Short of Vanderpool, Mrs. Boyd Clayton, Mrs. Massie West, Mrs. Bud Kincaid, Mrs. H. B. Tandy, Mrs. Melvin Brown, Mrs. Jimmy Blaylock, Mrs. Sherman Taylor, Mrs. Henderson, Mrs. Baker, Mrs. White and Mrs. Jack Oates.

Mr. and Mrs. Evert White have as their guests this week Mrs. John Henry Waymouth, Jr., and her two children, Jhonny and Dorothy Ann, of Houston.

**Miss Lillian Baggett Becomes Bride Of Hiram Steen Brown of Austin In Impressive Church Ceremony Sun.**

Miss Lillian Baggett became the bride of Hiram Steen Brown of Austin in an impressive double ring ceremony read by the Rev. Eugene Slater in the Methodist church Sunday afternoon in the presence of a large group of friends of the young couple.

The churchly dignity of the scene was enhanced by the simplicity of the decorations of white gladioluses against a dark green drape at the back of the choir

Miss Lillian Baggett

left, banked on either side by white tapers and palms.

Pre-nuptial music was played by Mrs. Alvin Harrell, organist and Miss Jenny Talbert of Austin, violinist. Miss Lurinne Townsend sang "The World Is Waiting For the Sunrise" and "I Love You Truly." The traditional Mendelssohn and Wagner marches were used, and the "Ave Maria" by Gounod was played during the ceremony.

Miss Posey Baggett was maid of honor for her sister and Miss Katherine Brown of Austin, sister of the bridegroom, served as junior bridesmaid. Bridesmaids were Miss Elizabeth Coose, Miss Betty Dudley and Miss Mary Frances Bean. Mary Sue Pace of Austin, niece of the bride, was flower girl. The attendants were gowned in mouseline de soie over taffeta in rainbow tints with natural leghorn hats trimmed in matching gros-grain ribbon. They carried colonial bouquets with rainbow colored satin streamers. The flower girl wore white organdy and carried a handmade crocheted basket.

Bart Brown of Austin served his brother as best man and groomsmen were Richard N. Lane of Austin, William N. Stocking of San Antonio, Grant Baze of Melvin, Douglas Barbarie of Coahuilla, Mexico, Bill Baggett, and James Baggett, brother of the bride.

The bride, who was given in marriage by her father, J. M. Baggett, wore her mother's thirty-one year old wedding gown of white lace, made with a point lace bodice and a full skirt ending in a slight train and an illusion veil fell from a halo cap. She carried a bouquet of calla lilies and adiantum. Her "something old" was the pin of pearls and diamonds that her father had given her mother before their marriage.

A reception followed in the home of Mr. and Mrs. Early Baggett, uncle and aunt of the bride. Daisies and gladioluses were used in decorating the rooms. Guests were greeted at the door by Mrs. Early Baggett and in the receiving line were the newlyweds, Mr. and Mrs. J. M. Baggett and Mr. and Mrs. J. S. Brown.

After the bride cut the first piece of cake, Mrs. Will Baggett served cake and Mrs. James Baggett poured punch. The dining table was laid with a cutwork lace cloth centered with the white wedding cake, which held a tilted bell in which a miniature bridal couple stood amid valley lilies. White phlox were placed at vantage points in the dining room. Misses Eloise Carson and Billy Jo West assisted in the dining room.

The couple left during the reception for a short wedding trip through the western part of the state. As her going away costume the bride chose a brown faille suit with brown hat, alligator shoes and bag and beige gloves. Her corsage was of white gladioluses. They will make their home at 1106 Baylor street, Austin.

Out-of-town guests for the reception were Mrs. C. M. Cabaniss, Misses Dorothy, Katherine and Becky Brown, Margaret Cabaniss, Mary Sue Pace, Jenny Talbert and Clayton and Bart Brown, R. N. Lane, T. P. Wipff, Robert B. Newman and J. B. Pace of Austin; Mrs. James McIntire, Mrs. George Demere, Miss L'Jean McIntire, Georgina Demere of Sterling City; Mr. and Mrs. E. P. Nelson and Mrs. S. W. Ross of Floydada; Mrs. Earl Wilson and Miss Anna Lee Wilson of Del Rio; Mrs. Jake Short of Vanderpool; Mrs. C. A. Glover of Ballinger, Grant Baze of Melvin, Bill Stocking of San Antonio, and Douglass Barbarie of Coahuilla, Mexico.

Mr. and Mrs. Bill Baggett, Mr. and Mrs. L. B. Townsend, Mr. and

**Mrs. Bill Childress Las Amigas Hostess**

Mrs. Bill Childress was hostess to members and guests of the Las Amigas Bridge club Friday afternoon at the home of Mrs. Lee Childress. Zinnias and marigolds decorated the nouse and a sandwich plate was served.

High score trophy was given to Mrs. Joe Sellers Pierce, III, and second high prize went to Mrs. Earle Chandler. Mrs. Arthur Kyle won the bingo award and Miss Marie Wills won the guest high.

Present were Mrs. George Bunger, Mrs. Earle Chandler, Mrs. Philip Lee Childress, Mrs. Ele Hagelstein, Mrs. Alvin Harrell, Mrs. Dempster Jones, Mrs. Doug Kirby, Mrs. Arthur Kyle, Mrs. Bill Littleton, Mrs. Jake Miller, Mrs. G. L. Nesrsta, Mrs. Joe Sellers Pierce, III, Mrs. Jess Marley Jr., Mrs. Bill Baggett, Mrs. Clifton Brooks, Mrs. Paul M. Hallecomb, Miss Wanda Watson and Miss Marie Wills.

Miss Margaret Russell has had as her guest for the past three weeks, Miss Rosaloe Blackwell of El Paso. Miss Blackwell will return to her home Sunday.

Mrs. Nellie Rogers underwent a tonsilectomy at a local physician's office Tuesday. She is reported recovering satisfactorily.

Texas State College for Women and Texas University, where she was a member of Delta Gamma Sorority. Mr. Brown, son of Mr. and Mrs. John Steen Brown of Austin, is an electrical engineer, a 1938 graduate of the University and was a member of Sigma Phi Epsilon fraternity.

A rehearsal dinner was given the party Friday night in the basement of the Methodist church by the bride's parents. Daisies were used in the table and room decorations.

Present other than the bridal party were Mrs. Bill Baggett, Mrs. James Baggett, Alvin Harrell, Mrs. Eugene Slater, Mrs. Hillery Phillips, J. B. Pace, Mr. and Mrs. Early Baggett, Mr. and Mrs. E. P. Nelson, Robert B. Newman, Edward White, T. P. Wipff and Mrs. S. W. Ross.

**BREAKFAST, BRIDGE HONORS VISITORS**

In honor of her sister, Mrs. Clinton Glover of Ballinger, Mrs. Evert White entertained with a breakfast and bridge party at her home Saturday with three tables of players. Summer flowers were used in the house and table decorations.

Present were Mrs. Boyd Clayton, Mrs. Arthur Phillips, Mrs. J. W. North, Mrs. Hubert Baker, Mrs. Jimmy Blaylock, Mrs. C. E. Davidson, Jr., Mrs. W. E. Friend, Jr., Mrs. Hugh Childress, Jr., Mrs. H. B. Tandy and Mrs. Joe North.

L. D. Kirby returned Saturday from a two weeks visit with his parents in Lometa.

**State Police Urge Texas To Observe Safety On Fourth**

AUSTIN.—State police today appealed to Texas motorists and pedestrians to practice "safety first on the Fourth of July."

Recalling that 42 persons were killed in Texas traffic mishaps in the four days of Independence last year, public safety officials predicted an even greater toll this year unless drivers (1) lower their speed, (2) remain sober and (3) follow standard driving rules.

Col. Homer Garrison, Jr., director of state police, said unusually heavy traffic movements to and from the Texas-Mexico border are expected from July 3 to 8 and that extra patrol duties have been assigned state police along principal Texas highways.

Thousands of other Texans, Garrison said, will flock to swimming, boating and fishing resorts where additional hazards will confront careless vacationers. He urged swimmers to remain within range of life guards and not to over-tax their strength. Boats should not be overloaded and should be operated by experienced pilots, he warned.

As to motorists, state police urged that they plan their trips so as not to become fatigued or otherwise endanger themselves and other persons. Vehicles should be inspected for mechanical fitness at regular intervals.

In spite of extra precautions planned by safety officials the 1940 Independence Day death toll resulting from traffic accidents is expected to rise to 50, state police statisticians predicted.

**Motor Registrations Up; Reduced Highway Building Predicted**

AUSTIN.—Figures compiled by the State Highway department for the registration year ended March 31, 1940, show a total of 1,682,288 motor vehicles registered compared to 1,611,613 in the previous registration year. This is an increase of 70,675 vehicles, or 4.38 per cent. The total net license fees collected amounted to \$19,838,178.02, which was an increase of \$927,290.94, or 4.90 per cent over the preceding registration year. Of the total fees collected \$11,903,148.74, or 60 per cent of the total was retained by the counties, while the state received \$7,935,029.28, or 40 per cent.

A comparison of motor vehicles 1930 reveals that in the past 10 registered in 1940 compared to years registrations have increased 280,540, or 20 per cent. In the same period, mileage assumed by the department for construction and maintenance increased from 18,323 miles to 22,644, or a 24 per cent increase, while the money available to the department for construction and maintenance of the state system has increased but 2 per cent. With increased demands for highway improvement being received monthly and a reduction in federal funds for road building now being passed by Congress, it appears that the department will soon enter a period of reduced activity and that highway improvement must be curtailed.

Texas has the largest oil well and largest oil field so far drilled, in the world.

**Doctor Bids 'Babies' to Huge Party**

Dr. A. O. Belmore of Bridgewater, Mass., (on platform, right) speaks to some of the 2,002 babies he has brought into the world, in unusual party staged at his home, in celebration of his thirty-fifth anniversary as a practicing physician. Close to 1,000 of his "babies" attended the party.

**Spain To Lease Noted New Orleans Mansion**

NEW ORLEANS, La.—The storied old mansion that Timothy McCarthy built—vacant for 20 years or longer—soon will house the local consulate of General Francisco Franco's Spanish government.

The handsome red brick structure with a Greco-Roman facade was sold recently for more than \$23,000 to an investor who now will lease it to Franco's representative.

Timothy H. McCarthy, a millionaire lumber dealer, built the great home in 1905 at a cost of about \$100,000. He insisted on the best woods and building materials, even to the extent of a solid mahogany staircase. The floor was laid three times before it suited his fancy.

For years the family occupied the place. Then they moved away and Timothy McCarthy went to live in Paris, where he died last July.

The house has been vacant for two decades, but caretakers have kept everything neat, the lawns trimmed, and have even oiled and polished a 1920 model automobile that stands on jacks in the spacious garage where it has rested for 20 years.

**FOUND: YOUNGEST LICENSEE**

The youngest holder of a Texas fishing license has been found and we challenge anyone to discover a younger one!

F. C. (Fishcatcher) Hall, La Feria, Texas, bass fishing expert purchased a license for his son one hour after the youngster's arrival at the Mercedes hospital recently. Forrest Garner is probably also the lightest "fisherman" in the Lone Star State. His weight was 7 pounds, 3 ounces, bedside.

When the proud daddy displayed Forrest's license to one of his fishing cronies he was asked when the son was going fishing. He replied: "Just as soon as the weather clears."

Say: "I saw it in the Stockman."

**Analyze Texas Farm Products Via Radio**

AUSTIN, July 3.—What Texas farms can contribute to national defense—cotton, wool, mohair foodstuffs—will be analyzed by the University of Texas Radio Workshop in a series of broadcasts this month.

The series, broadcast over Texas State Network but originating in the University's Radio House on the campus, will dramatize "Texas Research in a Changing World." The programs will be aired from 1:15 to 1:30 o'clock each Sunday afternoon in July.

"Texas—Storehouse of Foods" on July 14 will indicate the quality products as related to individual and quantity of Texas agricultural and national welfare.

The following Sunday, July 21, the program will present "Textile Supplies for a Modern World," showing the value of Texas' wool, mohair and cotton resources, and what must be done to make them of utmost usefulness.

The July 7 broadcast will deal with natural gas, the July 28 one with basic chemicals found or processed in Texas.

**PREPARE TO RESCUE FISH**

Millions of fish are stranded in Texas lakes and streams each year when the water disappears during the summer months and the state game department is again making plans to rescue millions of them. Last year a total of 1,758,247 bass, crappie, bream and catfish were rescued by state hatchery employees and game wardens.

While the unusually abundant rains this year probably will prevent some lakes and streams from drying up during the hot months, the game department will be forced to rescue many fish. These are transported to the nearest stream or lake in which it is known the water supply is constant and are placed in those waters with as much care as the more than 5,000,000 fish raised in the state hatcheries.

Many states are now supporting fish rescue stations placed in

found on the surface after the fishermen pass on. It's about the same as CRUSHING A FOOT DOWN ON A NEST OF QUAIL EGGS."

Members of the Dallas Anglers and Hunters Association are planning to ask the city of Dallas to pass regulations for the lakes it controls to prohibit wading by fishermen until June 1 each season.

Netters, especially minnow netters, also do a great deal of harm to spawn.

Passing the library of Northwestern University, the Lamar Library of the University of Texas during the past year became the thirteenth largest college library in the United States. It has a total of more than 620,000 volumes.

A Californian has worked out a method of producing oil from grape seeds, and a paint formula using grape seed oil is already available. Each year some 80,000 tons of oil-bearing seed are thrown away.

**TRY THE SENSATIONAL NEW REMINGTON DUAL SHAVER**

**FREE!**

**90 SECONDS FOR COMFORTABLE BLADE-CLOSE SHAVES**

Try this fast, modern shaver in your own home—entirely without obligation—for 90 whole days. We're willing to wager that once you find how much faster, closer and more comfortable this new Remington Dual whisks off whiskers with its TWO cutting heads, you won't want to part with it!

And we know it's fast—because in a series of tests made by the nationally-famous U. S. Testing Company, Inc. the Remington Dual shaved as close as the best blade shave in half the time . . . and gave presentable, going-to-business shaves in a stopwatch average of 90 seconds flat!

Note how the two heads automatically tauten the skin. The whiskers are projected so that they can be cut off below the surface of the skin.

Tightly packed in a tan cowhide grain case with bright copper trim. Beige cord and head guard. **\$15.75**

**SPAWN DESTROYED BY WADERS AND SEINERS**

Millions of fish eggs have been destroyed this year by anglers wading around the banks of streams and lakes fishing for crappie, cats, bream and bass. Uncle Jake's Sports News of Dallas calls attention to this fact in no uncertain words, saying:

"The eggs are being torn from their moorings by waders and large lumps of spawn can be

**Library Gets Copy Of History Of Last Days of Confederacy**

AUSTIN.—A manuscript history of the last days of the Confederacy has been given the University of Texas library here, along with two letters from Sam Houston.

Given the University by Mrs. Garnett Oldham Tackaberry of Seattle, Wash., the history was written by W. S. Oldham, a Texas senator to the Confederate Congress, the donor's grandfather.

The collection also includes the Houston letters, dated 1862 and 1863, three Confederate loan notes totaling \$2,500, Confederate money and stamps, and material about Williamson Sampson Oldham, Jr., a Confederate army captain and later president of Terry's Texas Rangers Association.

Born in Tennessee, Senator Oldham came to Texas in 1848 by way of Arkansas where he started his law practice, became speaker of the House of Representatives at 29, Associate Justice of the Arkansas Supreme Court at 31. A member of the convention which passed the secession ordinance, he was elected to represent Texas in the Senate of the Confederacy.

After Lee's surrender, Senator Oldham exiled himself in Canada and Mexico, not returning to the states until 1867. He died the next year in Houston, at 55, never asking for a pardon, although he could have had it.

**It's Still Open Season In Texas On Pedestrians**

AUSTIN.—It's still open season on careless pedestrians in Texas, statisticians of the state police accident section, driver's license division, concluded today, after traffic reports through May of this year showed that 25 per cent of Texas traffic victims are pedestrians.

In the first five months of 1940 the pedestrian fatality list rose to 165, a seven per cent increase over the same period last year.

Death struck rural pedestrians more often than those walking carelessly on city streets, reports at state police headquarters revealed, and 57 per cent of the pedestrians were killed during the hours of darkness. Nearly twice as many lost their lives on Saturdays as on any other day of the week.

The pedestrian problem is usually associated with children, however, out of 165 pedestrians killed in Texas only 21 were of school age while 41 were over 65 years of age. Ten children under four years of age were killed while playing in streets and roadways.

Accident statisticians, after a study of pedestrian accident reports, issued the following warnings to pedestrians:

1. Cross streets only at intersections or at designated crosswalks.
2. When necessary to walk in or along a roadway, always walk on the left hand side facing traffic.
3. Walking at night time in rural areas is very dangerous. Wear light colored clothing, carry a flashlight or use some other means to be seen that the motorist can see you.
4. Be extremely cautious whenever near motor vehicular traffic.

**BOY CATCHES HUGE GAR**

Ounce for ounce, Kenneth Dorman of Alice, Texas, who is seven years old and who tips the beam on the scales at 60 pounds, probably holds the record in the Lone Star state for gar. Kenneth recently snagged a 120-pounder at Mathis lake and brought the huge gar to gaff after a fight of forty minutes.

Kenneth's father witnessed the battle and at one time the youngster asked his father to take the pole, but Mr. Dorman told him: "That's your wagon and if you have overloaded it you will just have to get rid of it as best you can." Kenneth said: "O. K., Dad," and proceeded to bring the gar to gaff.

The lad and his father fish for gar almost daily and have caught hundreds of them with just a hook, line and pole. However, they are now trying out the noose style of

**Money Is Divided Evenly In Sunday Afternoon Ropings**

Purses were pretty evenly distributed last Sunday afternoon when members of the Ozona Roping club staged the regular Sunday contests. The contests this week were restricted to local ropers.

P. C. Perner, who has been gaining experience and cutting down on his time, showed some of the more experienced ropers some flashes of form Sunday, winning two second places in the scheduled contests and beating two opponents in two matched roping events. Perner trounced Allen Ghann 81.4 to 99.2 seconds on three calves in a matched event, and then out-distanced the veteran Kay Black 90.8 to 138 in a four-calf match.

Abe Carruthers took first place in 22.4 seconds and Allen Ghann second in 23.9 in the first tie-down match of the afternoon. In the second event, Vic Montgomery was first in 18.8 and P. C. Perner second in 19 flat.

Bill Seahorn copped first place in the calf belting in 12 seconds, P. C. Perner was second with 18 seconds and Kay Black third in 18.5. As a finale for the afternoon Vic Montgomery matched Bill Seahorn on three calves, Montgomery spotting Seahorn 15 seconds. Montgomery nosed out his adversary, despite the handicap, by a margin of 4.6 seconds. Montgomery tied his three calves in 82.7, with 15 seconds bringing his time to 97.7. Seahorn's total time was 102.3 seconds.

Mr. and Mrs. John Bailey have returned from San Antonio where they went Sunday to meet Mrs. Brock Jones and son, Brockie, who will visit here for several days.

**War Planes Stalled by French Peace**

These former U. S. army Northrup A-17-A fighting planes, destined for Canada, to be shipped to Europe, are shown at Mitchell field, L. I., where they are held pending word from the British government. The planes were for France, but the British may take them over.

**Ozona Girl, Del Rioan Wed**

Miss Etta Lee Harrison and Robert Youngblood of Del Rio were married in Del Rio Saturday afternoon. After a wedding trip to Tampico, Mexico, the couple will make their home in Del Rio. Mrs. Youngblood is a daughter of Mr. and Mrs. Floyd Harrison and attended the Ozona high school.

Miss Alyne Hokit has returned to her home here after visiting her aunt in Sonora for several weeks.

**UNDERGOES OPERATION**

Mrs. Joe Forehand, Claire, Mich., who with Mr. Forehand, has been visiting relatives here, has just returned to Ozona from San Angelo where she recently underwent an operation. They will remain here for a further visit and until she is fully recovered before returning to their home in Michigan.

Miss Elizabeth Coose had as her guests Saturday Mrs. Earl Wilson and daughter, Anne Lee of Del Rio.

Misses Judith Dell and Betty Williams left Monday for San Antonio where they will visit Mr. and Mrs. H. A. Saunders for the next week.

Mr. and Mrs. Joe Lewis have as their house guests this week Mrs. Lewis' mother, sister and brother, Mrs. Clara Ferrell, Doyle and Tommy Wagoner of Sherman. They spent Monday in Del Rio.

Mrs. Jake Short of Vanderpool is visiting her sister, Mrs. Floyd Henderson this week.

**Historical Society To Skip July Meet**

The regular quarterly meeting of the Ozona Historical and Scientific Society, scheduled for next Monday night, will not be held, it was announced this week by the society's president, W. R. Baggett.

Decision to call off the meeting was reached in view of the probable absence of many persons from the city at this holiday period. The next meeting of the society will be held the second Monday in October.

**Chauffeur**

Mrs. Gordon-Fellowes, a cousin of President Roosevelt, in her uniform as a worker of a motor ambulance unit in London. Her husband is in active service.

**Agriculture Geared To Meet Necessities Of National Defense**

COLLEGE STATION. — Agriculture's part in the national deplan will be carried out without the establishment of new federal agencies.

This was pointed out in a letter received by H. H. Williamson, director of the Texas A. and M. Extension Service, from Secretary of Agriculture Henry A. Wallace.

Agriculture is represented on the council of national defense by Secretary Wallace and Chester Davis of the Federal Reserve Board.

The council, reestablished by the President, is composed of six cabinet officers and seven advisory commission members. Its function is to correlate efforts of industry and the government.

The letter stated that the Secretary and Mr. Davis, after 'thoroughly exploring the relationship of agriculture to national defense' wanted to report immediately that:

"It will not be necessary to set up new government services, or new organizations of farmers, to carry on agriculture's part in the national defense program. Farm people themselves, through county extension organizations, A. A. A. committees, land use planning committees, and so on, and government agricultural services, both in the department of agriculture and in the land grant colleges, are set up and staffed to do

whatever needs to be done." The secretary commented that the present farm program could be adjusted to increase the acreage of any crop that is needed in the national defense scheme. When and if need comes, he added, the people and the organizations now operating farm programs will be called on to do the work.

Miss Linora Dudley and Mrs. Charlotte Hamilton of Fort Worth, who have been here visiting Mrs. B. B. Ingham and daughter, Betty Jane, left Thursday for Houston. Mrs. Ingham and Betty Jane were with them in Mrs. Ingham's car and on their return stopped in Dallas Friday night to attend a dinner for alumni of Stephens College.

Petroleum once sold for \$40 a barrel. The national average now is around \$1.
