## Rainfall Water But Average Up

### Total Well Puts Ranges Shape

Ozona was 3.12 inches below the 1958 level for the month according to the Rattiff's as figures of 7.45 inches so far.

Factor in the County however, is that Ozona is one of the highest in the county this year after rain that has parts of the county county seat.

With the rain this year it is lighter than last year. It has fallen pretty well and ranges around Ozona are in good condition.

Rainfall for the first seven months was 10.58 inches and that good year was the first of July last year had a total of 16.47 inches. Only .35 hundredths in July. 71 hundredths after November.

A total so far shows January failed to produce, Feb. had 1.16, March 2.24, May 2.24, and June 2.24.

Front pushing into Ozona this week has set very much like those in Ozona late last year. A substantial amount of rain would be an improvement. The .35 that was in July.

The rainfall came Jan. 2.50; Feb. 1.18; April, 2.46; May, .70; July, .35; Aug., 4.85; Oct., 4.14; and Nov. 2.24. No rain in Dec.

## Old Pledge To Chautauqua Out By Ozonan

Mrs. Charles Williams made to herself 46 Ozona will have been when she leaves Friday week by plane for N. Y., to attend the summer cultural and program which has been on each year for 86

Mrs. Williams spent in Chautauqua and program so much that to herself that if the ever came again she would. The following year to Ozona as a teacher, the late Mr. Williams, family here, widowed at obligation, and now opportunity has arrived.

Primary interest being in Williams plans to study the of the famous teacher will be there, and in the religion and religious his interest of hers, she take full advantage of (Continued on Last Page)

## Teenage Shot Daughter Wins Photo Prize

Dallas News carried an picture of Carmen teenage daughter of Mr. James Childress of Ozona on the floor, her full skirt spread out and her kicked off shoes beside her in hand and a broad her face as she concentrated on the wire.

Picture, snapped by her other, Mrs. Ira Carson, an amateur photography hobbyist, won a \$10 prize in the News Contest.

If you have a camera handy liable to get some very pictures," read the cut under the picture. "That is Mrs. Ira Carson of Ozona this picture which won \$10 B of the Dallas News Contest."

## High School Baseball Team Trims Iraan; To Play Three Next Week

By Ernie Boyd

The Ozona High School Lions continued their mastery over the Iraan Braves in Iraan last Tuesday as Carl Montgomery pitched a two hit shutout while his teammates pounded out a 12 to 0 win.

The win marked Montgomery's first start of the season, and he responded nicely as the Lions extended their season won and lost record to four and one.

Next week will be a busy one for the Lions as they engage the Air Base, a local Latin American team, and Iraan, at the local park.

Diz Reeves, Van Miller, and Carl Montgomery, are all expected to get turns as the Lions finish the last scheduled week of play.

Originally the plans called for a four team league composed of Big Lake, Iraan, Rankin, and Ozona, but Big Lake and Rankin pulled out, without notice and left Iraan and Ozona alone in the league.

Coach Brooks Dozier has sought additional games for his boys, but teams are scarce and rain has hampered the Lions efforts, at one time raining out three straight ball games and threatening several others.

## Wool Incentive Pay Checks Ready Today; Balanced To Be Mailed

Wool incentive payment checks based on the 1958 incentive pay scale of 70.3 per cent, are being passed out to ranchers who call for them today at the local ASC office.

Checks which are not called for at the office today will be placed in the mails tonight, Claude Russell, office manager, said. ASC offices over the state have been ordered to close July 3 and 4 for the Independence day holiday and because of this long week-end closing it was decided to mail all checks to producers.

## LL Championship Series Looms As Season Nears End

### B&B Headed For Second Half Win To Contest Moore Oilers

By Ernie Boyd

A playoff between the winners of the first and second half of Little League play seemed to be almost certain following last week's play which saw all four teams drop at least one game, leaving league leading B&B Food Store well in front of the balance of the league.

The first half winners, Moore Oil, continued to play about .500 ball and failed to profit by B&B's first loss of the second half play.

Last Friday Ozona Oil pulled a major upset behind the tight pitching of Bobby Amthor, then they downed the league leading B&B grocers 3 to 2, while Moore clobbered Mason 7 to 3.

The loss by B&B and the win by Moore shortened B&B's lead a full game, but Friday the Grocers gained back their lost ground by downing Moore while Mason wall-popped Ozona Oil by a 11 to 1 count.

With only a couple of weeks play remaining the Grocers need only a split to push themselves into a playoff with the first half winners, Moore.

Definite as to how the championship will be settled will not be decided until the second half winner is determined.

## Miss Becky Davidson Accepted As Flutist With Longhorn Band

AUSTIN, Texas. — Fifty-two prospective University of Texas freshmen have been selected from more than 200 applicants to be members of the University's Longhorn Band.

## Game Department Calls Meet Here July 8 To Discuss Regulations

Sportsmen and land owners of Crockett county are invited to a meeting to be held at the court house here next Wednesday evening, July 8, at 8 p.m. for the purpose of discussing proposed hunting, fishing and trapping regulations for the county in the coming year.

The meeting has been called by the Texas Game and Fish Commission which will be charged with the enforcement of regulations to be set up. Opinions and suggestions to be heard at the meeting will result in the formulation of game regulations for Crockett county in the coming season.

## Mrs. Harvick Visits Austin, Santone In Wool Promotion Job

Mrs. S. M. Harvick, state chairman of the Make It Yourself With Wool contest for 1959-60 was in Austin and San Antonio last week in the interest of plans for the contest. Mrs. Harvick and Mrs. B. B. Ingham, Sr., of Ozona left by plane from San Angelo, Mrs. Ingham going on to Houston for a visit with her sister, Mrs. Bruce King and family.

In Austin, Mrs. Harvick conferred with Governor Price Daniel and other state dignitaries, preparing for state publicity in the coming months and then went on to San Antonio where she visited with her daughter, Mrs. Don Dwyer and family. In San Antonio she conferred with Mrs. Mary Crawford, district chairman of the wool promotion contest.

The Make It Yourself With Wool contest will be carried on largely through school H. E. departments, Home Demonstration and other groups. The state judging of contestants will be on January 16 in Texas and the national finalists will be judged at the annual convention of the National Wool Growers Assn. in San Antonio January 26.

## Parents Of Ozonan Escape Hotel Fire In Norway By Jumping From Third Floor

### Mrs. Coatsworth And Her Parents On Early Casualty List

An Ozona woman, Mrs. Jim Coatsworth, whose husband, Lieutenant Coatsworth is operations officer at the Ozona Air Force radar base, had the unhappy experience of seeing her own name and that of her parents, Dr. and Mrs. Robert L. Shurter of Cleveland, Ohio, listed among the casualties of the tragic fire which swept a resort hotel, favorite of American tourists, in Stalheim, Norway, recently.

But the story had a happy ending. Mrs. Coatsworth had planned to join her parents on a European tour but had not done so, and her parents, although they were in fact guests in the famous hostelry, escaped with their lives by jumping from a third floor window. Both were seriously injured in jumping to a stone terrace but are well on the road to recovery.

Lt. and Mrs. Coatsworth read

## Two Men Injured In Auto Accident East Of Ozona Tues. Morning

Two men were hospitalized here with injuries suffered early Tuesday morning when their car went out of control on a rain slick highway seven miles east of Ozona, ploughed into the bar ditch and through a pasture fence.

A-1c Robert L. Bruce, 22, driver of the car and his wife's brother, Jerry Ray Traxler, 16, of Lake Charles, La., are recovering in the Crockett County Hospital from injuries suffered in the accident. Mrs. Bruce, 18, was not injured. The car was badly damaged, beyond minor cuts and bruises. Highway Patrolman Walter Cawyer, who investigated the accident, said.

of the disaster in the newspaper, and were uneasy because they

## It Can't Happen Here -- Again

FIVE YEARS AGO last Sunday morning, breaking dawn revealed the above scene of devastation as muddy waters of Johnson Draw rolled over Ozona in the worst flood in the history of the off-flooded dry wash which courses through the heart of Ozona.

In its wake were sixteen dead and an estimated five million dollars worth of property damage in the town of Ozona with another seven million damage later estimated for the downstream

ranch area.

That this scene can never be repeated in Ozona is the firm belief and hope of Ozona people with the recent completion of a series of flood control dams on the upper reaches of the draw which will impound and hold in check more than 100 percent of the amount of water which surged over the town that Monday morning, June 28, 1954.

A series of seven dams are complete, each impounding 5,000 acre

feet of water or more, each equipped with safety spillway and with 36 - inch concrete drawn - down tubes which begin to let out flood waters as soon as rises reach the height of the sedimentation pool above the dams, and continue to permit an orderly flow until the reservoirs are emptied.

And as a further hedge against overflow in the town, the draw channel has been widened and straightened and deepened through the city to permit rapid exit of

flood waters. A bottle-neck in flow at the south edge of town has been eliminated in this project.

The dams were planned and built by the U. S. Soil Conservation Service, among the first projects to be completed under Public Law 566, the small watershed control law under which the government finances actual construction costs and local communities and landowners provide free sites, right-of-way and take over maintenance of the structures.

knew the Shurters were due to be in Norway. Lt. Coatsworth's parents, who also live in Cleveland, called them by telephone and told them that Dr. and Mrs. Shurter and Mrs. Coatsworth had been listed as casualties of the fire in a report published by a Cleveland newspaper. Knowing that at least a part of the report was "exaggerated" the Ozona couple, although suffering the agonies of doubt, had high hopes that their parents were safe.

These hopes became reality when at last they heard from Dr. and Mrs. Shurter and learned of their injuries. It was estimated 24 persons lost their lives in the destruction of the wooden hostelry.

Dr. Shurter suffered a broken ankle and Mrs. Shurter suffered severe cuts on her legs, and both were bruised and scratched. They were first treated in a hospital and are now recuperating in a hotel at Voss, Norway, a few miles from the scene of the disaster. They expect to leave for home in about two weeks and will spend the rest of the summer at their summer home in New York. Mrs. Coatsworth plans to join them in New York on their arrival. Lt. and Mrs. Coatsworth talked with the injured couple by telephone last Sunday.

Dr. and Mrs. Shurter had retired about 11 o'clock and at about 2 a.m. were awakened by the smell of smoke. The fire spread so rapidly that hotel employees had no chance to warn guests — in fact the clerk on duty could not even retrieve the hotel register — leading to the confusion in announcing casualties.

Mrs. Shurter had one suitcase packed and other pieces of luggage partly filled. These they saved by tossing them out the window. Mrs. Shurter jumped first and seconds after Dr. Shurter cleared the building by jumping, the entire wing in which they were quartered collapsed.

Dr. Shurter had recently retired after serving many years as head of the Humanities department of Case Institute of Technology in Cleveland. He and Mrs. Shurter had planned an extensive world tour, after their daughter had joined them but cancelled further travels after their injury.

## Ozona Beautiful Campaign Planned By Woman's Club

### Community Betterment Will Be Objective In 1959-60 Year

An "Ozona Beautiful" campaign and an effort to organize another federated club in Ozona are in plans of the Ozona Woman's Club for the 1959-60 club year, according to plans laid at a called meeting of the club in the home of its president, Mrs. Evart White, Tuesday morning.

Outstanding in the club's project for the coming year will be the beautification of the triangular plot of ground formed by the curve of Highway 290 and the intersection of 11th street west of the bridge. Continuation of its litterbug campaign, carried on for the last few years in an effort to keep Ozona streets and the highways clean, beautification at the cemetery and a community wide beautification campaign, in cooperation with the Garden Club and The Woman's Forum, possibly to be climaxed by a beautiful yard contest were outlined in plans laid by the club for its next season.

The club's efforts toward beautification of the Crockett County Hospital grounds through memorial gifts project has paid off handsomely in improving the appearance of the hospital grounds in recent years.

Mrs. Paul Perner is spending the week-end in Dallas. She was accompanied by her son-in-law and daughter, Mr. and Mrs. Son Wilson of Odessa.

THURSDAY, JULY 2, 1959

NO GHOST-STORY TVA, the public power camel that got its nose into Uncle Sam's tent in 1933 on the plea of improving navigation and aiding flood control on the Tennessee River, is now demanding the tent.

Generation of electric power by TVA was begun with the pious purpose of avoiding "waste of water power" developed through the construction of flood control dams. In 1937, the TVA Corporation admitted to the US Court of Appeals that it had acquired a steam generating plant, but insisted that it had not operated this plant, would not do so and would not construct or operate any others, this being held strictly as an emergency standby plant to insure operation of Muscle Shoals powder plants essential to national defense.

"The defendant," stated the TVA to the Court, "has disposed of and will dispose of only such electric energy as is generated from water power inevitably created by the operation of the said dams for navigation and flood control and which is not needed for governmental purposes and which would otherwise be wasted."

By mid 1946, despite these protestations, 17 percent of TVA power was steam-generated. Today, as the largest producer of electrical energy in the Free World, hydroelectric power is a by-product, 75 percent of the output is steam-generated and this bureaucratic colossus is the world's largest coal customer.

Tomorrow, if Congress gives TVA its head by enacting pending expansion proposals, it could become an uncontrollable economic cancer could conceivably push the country headlong into the nationalization of all industry, even into a takeover on its own terms of the very government from which it sprang.

In asking the Congress for authority to issue and sell \$750 million of its own bonds, the TVA Corporation is indeed asking for the tent.

TVA would be empowered to act as its own Treasury Department, to establish a public debt of its own by issuing its own bonds, to expand its gargantuan facilities,

and service area without further let or hindrance of Congress and to spend its enormous, self-generated funds independent of Presidential budgetary or other fiscal controls.

And, just as in its more modest era, when it was still under control of Congress, the emancipated TVA would still be operating as a Government bureau on tax money — an ever - diminishing amount of which would be generated by the investor-owned, tax-paying, strictly regulated electric companies which would be gobbled up in the lava-like flow of this monster's expansion.

This is a creature the like of which no free country has yet seen — even in the movies. And it will be no help to shut our eyes and say it cannot be. The bill to unleash this creeping Thing is, as we said, before the Congress NOW.

DESPITE Tut-tutting of Protocol-Conscious Washington press, we think Vice President Nixon made some friends in America when he refused to join the politico-socialite turnout for the Bolshoi Ballet in the Capital — and went to the ball game instead.

It will be alright with us if he doesn't even go to Moscow.

Mr. and Mrs. Joe Pierce, Jr., returned Tuesday from Ruidoso, N. M., where they spent a week.

Larry Lewis Qualifies Army Commission In ROTC Unit At H-SU

An Ozona man, Larry M. Lewis, has qualified for a regular Army commission through the Reserve Officer Training Corps program at Hardin - Simmons University, Abilene.

Lewis, 23, is the son of Mr. and Mrs. Ted M. Lewis of Ozona. He is the ninth H-SU Student to qualify for a regular Army commission since the ROTC program was established at Hardin-Simmons in the summer of 1952.

He will be commissioned in the Adjutant General Corps after completing service in the six-week ROTC encampment now in progress at Ft. Hood.

The young officers is to receive his degree at H-SU Aug. 21, and is due to go on active duty with the Army soon after graduation.

Lewis has majored in journalism and speech at Hardin - Simmons. He served as editor of The Brand, H-SU student newspaper, in 1957-58 and was business manager of the paper in 1958-59. He also has been active in the press Club, Players Club, Cadet Club and on the Student Planning Board. He was elected to Who's Who in America Colleges and Universities.

Bride-To-Be Honored At Lingerie Shower

Miss Ann Ratliff, who will become the bride of Dr. James McMullan July 11, was honored last Saturday by Mrs. John Lee Henderson, Jr., with a lingerie shower at the Henderson ranch.

A color scheme of yellow and white was carried out in decorations. The serving table was covered with a yellow cloth and centered with a yellow tree. Small bags of rice and pennies hung from yellow ribbon from the tree, which later served as favors. At the bride's book was a smaller tree with tiny yellow lovebirds in the branches.

Coffee, party pastries, fruit, and mints were served.

Guests besides the honoree were Mmes. Richard Flowers, George Bunker, Jr., James Chapman, Ken Cody, Johnny Griffin of Austin, Alice McMullan, Ronnie McMullan, Marshall Montgomery, Charles Ratliff, Jack Wilkins, Joe Clayton, Morris Bratton, Brad Crockett, Dick Kirby, Larry May, Mike Clayton, W. H. Whitaker, and Misses Janice Spencer and Sally Sandlin of Big Spring.

First Annual Crane County Junior Rodeo Scheduled July 17-18

The first annual Junior Rodeo, sponsored by the Crane County 4-H Club has been set at Crane for July 17 and 18. Entry applications are being mailed out this weekend by the rodeo committee. There will be two performances, July 17 and 18, at 7:30 p. m., on the rodeo grounds in the northwest part of town.

All entries must be in by July 15 at 6:00 p. m. and the entry fee of \$2.00 must be paid by Friday at 2:00 p. m., July 17. Contestants must be under 18 years of age and minor releases must accompany the application for entry.

Senior events open to participants 14 through 17 will be calf roping, ribbon roping, cutting horse contest, barrel race (girls only) goat hair pulling and steer riding.

Junior events include calf roping, ribbon roping, cutting horse contest, barrel race (boys and girls) goat hair pulling, steer riding and boot scramble. There will also be goat sacking for boys 13 and under.

For further information contact Fred Wilkinson, County Agent, at Box 1467; Crane, Texas; Phone JO4-3522.

Houston Chronicle Magazine Section Has Refresh Of Ozona Flood

On the fifth anniversary of Ozona's disastrous flood of June 28, 1954, the Sunday magazine section of the Houston Chronicle, called "Texas," ran a fully illustrated account of the flood which rolled down on Ozona before dawn on that Monday morning.

The pictures, taken here the morning of the disaster, were gathered and the copy for the piece written by Ray Bennett, a brother of Mrs. Pete Hickman of Ozona and son of former Ozonans Mr. and Mrs. Raymond Bennett of Midland. Also included among the pictures was that of one of the seven flood control dams now complete on the watershed above Ozona.

The featured picture in the double page layout is the one appearing on the front-page of this issue of the Stockman, an overall shot of the flood waters engulfing Ozona "from hill to hill." The picture was snapped by Armando Reina, Ozona photography hobbyist, from the point south of the Latin-American section and looking north up the canyon.

The News Reel

A review of "The News Story" as gleaned from the files of The Ozona Stockman

Everybody works in Crockett county. There is not a single person in Crockett county who is "without a job, able to work and looking for a job. This is the report of the unemployment returns from the 1958 United States census as reported by the supervisor of the census for this district at San Angelo. Crockett county was one of three reporting no unemployment. The others were Glasscock and Loving.

Dr. Hollis Weaver of Houston is in Ozona to visit relatives and to attend the rodeo.

After turning down propositions of a group of bond buyers who required bonuses amounting to approximately \$18,000, the Crockett County Commissioners Court late Tuesday sold the entire \$375,000 road bond issue, voted April 12, to the Central National Bank of San Angelo at par and accrued interest. Money to be paid in cash by the bank for the funds will be deposited in the bank and will draw 3 1/2 percent interest on daily balance until used. The interest and sinking funds to be collected by the county will be deposited in the Ozona National Bank and will draw 4 percent interest, as other funds of the county.

Clayton McCollum, 22, of R. C. McCollum, Big Bend rancher and former Ozonan, was killed Sunday in a dynamite explosion in the Rainbow mines near Terlingua. McCollum was working in the mine during the summer vacation from his studies at Sul Ross State College.

Fireworks, touched off at from 1300 to 2000 feet in the air from an airplane will be an added feature of the fifth annual Crockett County Rodeo, Race Meet and Stock Show July 3-4-5. The fireworks display will be fired from an airplane piloted by Lee Wilson, starting at 9:30 p. m. July 4. Cars will line the landing field with lights on to guide the plane to a landing after the display.

The vanguard of the big crowd expected here for the fifth annual rodeo and stock show, beginning today and continuing through the week, began yesterday to be an opening festivities.

H. H. Downing, 70, was instantly killed when their car, a 1958 Chevrolet, overturned about 10 miles north of Ozona on the Crockett county road.

Cliff Belcher, 60, of Verde county, was killed when his 1958 Chevrolet overturned about 10 miles north of Ozona on the Crockett county road.

Work of sprinkling to lay the dust down got under way Tuesday will be sprinkled between now and then and should be in good shape by Wednesday.

Mr. and Mrs. Bob L. S. San Angelo hospital, named her Sarah Louise.

Austin — The Department of Public Safety today 26 persons will be arrested under way Tuesday the Fourth of July holiday.

He noted that the 26 traffic fatalities in 1958 were more than the 25 victims of a similar three-day period last year. The higher this year, he attributed by maintaining alertness to the added holiday traffic.

Fireworks, touched off at from 1300 to 2000 feet in the air from an airplane will be an added feature of the fifth annual Crockett County Rodeo, Race Meet and Stock Show July 3-4-5. The fireworks display will be fired from an airplane piloted by Lee Wilson, starting at 9:30 p. m. July 4. Cars will line the landing field with lights on to guide the plane to a landing after the display.

The vanguard of the big crowd expected here for the fifth annual rodeo and stock show, beginning today and continuing through the week, began yesterday to be an opening festivities.

Mr. and Mrs. E. H. Chandler and children, Susie, Grace and Freddie, are in Stephenville visiting their mother and grandmother, Mrs. E. H. Chandler, Sr.

**HOMEMAKERS CLASS HONORS FOUR DEPARTING MEMBERS**

The Homemakers Class of the First Baptist Sunday School entertained with a coffee Monday morning in the home of Mrs. Elmo Wallace to honor four members who are soon to leave Ozona to live elsewhere. Honored were Mrs. Wallace, Mrs. Herschel German, Mrs. Gaston Wylie and Mrs. Charles Butterfield. The Wallaces are moving to Brownwood, the Germans to Fort Stockton, the Wylies to Abilene and the Butterfields to Kermit.

Others present were Mrs. R. V. Huff, Mrs. Hoyle Thompson, Mrs. Dudley McCary, Mrs. S. E. Carnes, Mrs. Clovis Womack, Mrs. Pink Beall, Mrs. R. C. Pitts, Mrs. Bob Franklin, Mrs. George Hester, Mrs. Walter Sparks, and Mrs. Homer Good.

Mrs. Hoyle Thompson was elected vice president to succeed Mrs. Wallace. Mrs. Dudley McCary was named courtesy chairman to succeed Mrs. Butterfield and Mrs. R. V. Huff was named program chairman.

**Roy Glenn Suttons At Home In Annapolis After Marriage Here**

Miss Darla Marie Williams became the bride of A. Z. C. Roy Glenn Sutton June 10 in a garden ceremony at the home of Mr. and Mrs. W. T. Goodson, uncle and aunt of the bride.

James Ferguson officiated, and music was presented by Miss Noelle Conklin, pianist, and Ross Hufstader, Darrell Brawley, Mrs. Frank James and Miss Gerri Dean Long.

The bride is the daughter of Mr. and Mrs. J. J. Williams of Iran, and her husband is the son of Mr. and Mrs. Glen D. Sutton. Both are graduates of Ozona High School.

Mr. Williams gave his daughter in marriage. She wore a ballerina-length dress of white silk organza over net styled with an off-shoulder stole making a high standing collar. She carried a colonial bouquet of white gardenias with Stephanotis.

Mrs. Tommy Spurgers was matron of honor, and Joe Scott of

Iran was best man. After the reception, the couple left for their home in Annapolis, Md., where Airman Sutton is stationed.

Mrs. J. A. Fussell has returned from Cisco where she visited her aunt.

PILE is soft and lofty... colors retain brilliance in carpets cleaned with Blue Lustre. Ratliff's

**From The  
Agent's Office**  
W. Jacoby

Some extracts from John G. McHaney, agent, to a group recently, on the subject of beef cattle:

In 1959 there were 1,150,000 head of cattle in the U.S. This is a new record more than on Jan-

uary 1, 1959 there were 1,100,000 head of cattle on feed.

Expect a big expansion of the market because cow numbers are still below 1955 and this from a price standpoint the calf crop this year is large enough to be a great increase in 1959.

Prices are that prices are lower in 1960 and numbers increase.

There is a big increase in cattle prices us-  
ually on in the cattle breeding herds are  
calf crops increase.

In the early 1960's  
look for fairly stable  
prices is based upon  
range and pasture  
prices during the rest  
of the year.

Production of cattle numbers  
to full swing. A build  
up of 1 million head is ex-  
pected in 1959. A build up of  
1 million head is expected in  
1959. It is in severe price de-  
cline in 1960's.

Many laws and re-  
quirements of livestock  
in Texas. Though Tex-  
as requiring that cat-  
tle and goats must be  
branded and the brand

or mark recorded, brand inspectors estimate that 25 percent of the cattle and less of the other animals are branded.

However, branding is still a common practice in some areas and the branding laws are still in force. Some of these brand laws are obsolete and the enforcement machinery is inadequate.

This information comes from a new publication released by the Texas Agricultural Experiment Station titled, "Analysis of Texas Laws and Regulations Controlling the Movement and Sale of Livestock."

The publication brings together many of the more important laws and regulations so that producers, selling agents, buyers and consumers may know the legal requirements to be observed and the protection provided.

The responsibility for prevention and control of livestock diseases in Texas rests with the Livestock Sanitary Commission. The steps being taken by the Commission and the U. S. Department of Agriculture to control and eradicate livestock diseases are discussed.

Auctioneers and how their profession is regulated and the testing of livestock scales at public auction markets and stockyards are among the other topics of discussion.

To obtain a copy of the bulletin, write the Agricultural Information Office, College Station, Texas. Ask for MP-322.

WANTED — Sewing and alterations. Phone 2-3047. 1-tc

**Much Used Carpets  
Keep New Look**

Carpets are made to walk on to be sure and with occasional attention to spots and traffic lanes they will stay looking new.

Once carpets are clean it's easy to keep the over all new look by removing spots with Blue Lustre Carpet and Upholstery Cleaner. This famous brand is the favorite of some carpet mills. One textile engineer said, "It's the best we've found." One half gallon of Blue Lustre cleans three 9x12 rugs.

Fall in love with  
your car again

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

**Notes From The County Agent's Office**  
By Pete W. Jacoby

Some extracts from a report by John G. McHaney, County Economist, to a group of livestock men recently, on the outlook for beef cattle: In January 1, 1959 there were 1,000 head of cattle in the United States. This is a new record, 1/2 million more than on January 1, 1958. In January 1, 1959 there were 100,000 more cattle on feed a year ago. We don't expect a big expansion of production for the market in 1960 because cow numbers are not large. They are still below 1955 and this is because the calf crop this year will not be large enough to offset a great increase in culling in 1959. However, chances are that prices will be lower in 1960 and cow numbers increase. A collapse in cattle prices ushers in later on in the cattle when breeding herds are up and calf crops increase. This could come in the early 1960's. The outlook for fairly stable prices and prices is based upon favorable range and pasture conditions. Prices during the rest of the year should remain good. The expansion of cattle numbers is going into full swing. A build up of 4 to 5 million head is expected during 1959. A build up of this size would approach the rate of expansion which occurred in 1952, during the last cattle cycle and remember prices were in 1953. This build up continues, it is all hope of avoiding the expansion that brought lower prices in the middle 1950's. It will result in severe price declines in the early 1960's. There are many laws and regulations on control of livestock in Texas. Though Texas has a law requiring that cats, dogs, sheep and goats must be tagged or marked and the brand

or mark recorded, brand inspectors estimate that 25 percent of the cattle and less of the other animals are branded.

However, branding is still a common practice in some areas and the branding laws are still in force. Some of these brand laws are obsolete and the enforcement machinery is inadequate.

This information comes from a new publication released by the Texas Agricultural Experiment Station titled, "Analysis of Texas Laws and Regulations Controlling the Movement and Sale of Livestock."

The publication brings together many of the more important laws and regulations so that producers, selling agents, buyers and consumers may know the legal requirements to be observed and the protection provided.

The responsibility for prevention and control of livestock diseases in Texas rests with the Livestock Sanitary Commission. The steps being taken by the Commission and the U. S. Department of Agriculture to control and eradicate livestock diseases are discussed.

Auctioneers and how their profession is regulated and the testing of livestock scales at public auction markets and stockyards are among the other topics of discussion.

To obtain a copy of the bulletin, write the Agricultural Information Office, College Station, Texas. Ask for MP-322.

WANTED — Sewing and alterations. Phone 2-3047. 1-1c

**Much Used Carpets Keep New Look**

Carpets are made to walk on to be sure and with occasional attention to spots and traffic lanes they will stay looking new.

Once carpets are clean it's easy to keep the over all new look by removing spots with Blue Lustre Carpet and Upholstery Cleaner. This famous brand is the favorite of some carpet mills. One textile engineer said, "It's the best we've found." One half gallon of Blue Lustre cleans three 9x12 rugs.

### HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford  
Texas Press Association

Austin, Texas — Much more than just taxes is being written now at the State Capitol.

Political careers are being shaped — or broken. Climate is being determined for business development — or freeze. Cost of living for every Texan is involved.

That's what the edginess, temperament, fussing and name-calling is still about right now.

Seldom, if ever before, have lawmakers been so sensitive to criticism — from governor, from press, from public.

For the first time in years, the House met on a Saturday (June 20) to work on the long overdue tax bill. Knuckling down had come reluctantly — but surely — after governor and press had chided lawmakers for long Thursday-to-Monday recesses during the short 30-day special sessions. Lawmakers fussed back earlier in that week — but they stayed late.

For the most part, the fussing was all bark and little bite. House members who threatened to evict Capitol news reporters from their Capitol quarters and House floor press table in reprisal weren't taken seriously. Reporting of legislative affairs is fundamental to the democratic process — and no one realizes it better than do lawmakers.

In brief: pressures mounted . . . a safety valve blew . . . and work was resumed in earnest.

NEW TAX PROPOSAL — A 2

per cent "luxury tax" on items costing more than \$50 is the principal new feature of a House committee-approved revenue bill.

Tax committee voted 12-to-6 to send the bill by Rep. Frates Seeligion of San Antonio to the House floor.

Like several previous bills, it was an attempt to compromise the conflicts between the "sales taxers" and "business taxers". It would raise an estimated \$170,000,000 for the biennium.

About \$36,000,000 would come from the luxury sales tax. About \$6,100,000 would come from a one per cent severance beneficiary tax on natural gas, and about \$13,000,000 from increased franchise taxes on corporations.

Rest would come from increased levies on gross receipts of utilities and sales of automobiles, tobacco, wine and liquor.

**STUDENT FEE BILL, Moves** — Making progress in its second legislative round is a bill that would allow state colleges to require students to pay an activity fee.

Similar bill died in the first special session.

It would allow the colleges to make mandatory a student fee of \$30 a semester. This would pay for such campus services as hospital and medical care, book rentals, student publications and tickets to athletic and cultural events.

College presidents are supporting the bill. Those from smaller schools, particularly, say they need the extra revenue to stay in the black on these activities.

Spokesmen for student groups opposed. They said poorer students would rather do without these services than pay the fees.

Senate Finance committee leaned toward the presidents' view, voted the bill out by a 2-to-1 majority.

### Christian Architecture Study Theme for WSCS In Harrel Ranch Meet

Members of the Woman's Society of Christian Service of the Methodist Church met Wednesday morning at the ranch home of Mrs. R. A. Harrell. A covered dish luncheon was served after the program.

After a short business session, presided over by the president, Mrs. R. A. Harrell, the program was directed by Mrs. L. B. Cox, Jr. The program theme was Christian Architecture.

The devotional and prayer was given by Mrs. Paul Ferner. "Architecture, Traditional or Modern," was the topic discussed by Mrs. L. B. Cox, Jr. Slides of ancient and modern architecture of churches in Europe were shown by Mrs. S. M. Harvick which she made while on tour of Europe last summer.

Mrs. J. A. Fussell gave a talk on "Church Symbols," their description and meaning. Mrs. Bailey Post spoke on "Church Goes Modern" and Mrs. W. D. Cooper spoke on "Toward a Theology of Architecture."

A gift presented by the Society to Mrs. Charles Williams, Sr., who leaves Friday for two months of study and recreation at

Chautauque, N. Y.

Present were Mrs. Joe Clayton, Mrs. J. S. Pierce, III, Mrs. O. D. West, Mrs. Stephen Ferner, Mrs. Floyd Henderson, Mrs. Morris Foster, Mrs. Cecil Brown, Mrs. James A. Harvick, Mrs. B. B. Ingham, Sr., Mrs. Joe Pierce, Jr., Mrs. Paul Ferner, Mrs. Bailey Post, Mrs. J. A. Fussell, Mrs. W. D. Cooper, Mrs. L. B. Cox, Jr., Mrs. S. M. Harvick, Mrs. R. A. Harrell, Mrs. Chas. Williams, Sr., Miss Ethel Wolf, Miss Dorothy Price, Miss Sue Broader and Miss Connie Price.

### DEPARTING MEMBERS HONORED AT GA PARTY

The Junior Girls Auxiliary of the First Baptist Church met Tues-

day morning at the church for a coffee party honoring Joseph Terfield and Annie Ruth Terfield, two members who are moving away from Ozona.

Tennis Trulove brought a program on Stewardship, in which the girls did a community mission project.

On Wednesday morning, girls who went to the Palm Springs campment gave reports on their favorite phase of camp life to the ladies of the Woman's Mission Society.

All members are encouraged to attend GA meetings each Wednesday evening at 6:45. This year the group is studying mission in the Louisiana bayou.

THIS IS WHAT The President of the United States Thinks of Savings Bonds

"In a comparatively short span of years, the United States Savings Bonds program has become an integral part of the American way of life. It has taught countless Americans how to save. It has enabled young men and women to enjoy higher education. It has furnished the down payment for new homes and for new businesses. For many persons, it has made possible a more comfortable and secure retirement. It has provided protection against unexpected adversity for millions of our citizens.

"Today, 40 million Americans own over \$41 billion in Series E and H Bonds. We want to see more people continually buying more Bonds, so that Savings Bonds provide even greater financial protection for our people in the years ahead and, at the same time, help assure the economic stability of our country.

"I invite every citizen to take advantage of the opportunity of investing in the new better-than-ever United States Savings Bonds."

convened at noon, where I was occupied until about 5 p. m. Back to my office to meet with the Pecos men, and the Fort Stockton City Manager. After deciding on a proposal to make to the CAB we started calling Washington hotels to locate the officials of the airline involved. We finally found

them, and they came to my office to discuss our differences at 7 p. m. The discussion and settlement of fine points went on for hours, and I got to bed at 3 a. m. Wednesday morning, I was up at 6 and at the hotel to meet all hands involved in the CAB case for a breakfast conference. At 10 a. m. I presented before the Board the Fort Stockton-Pecos case, then rushed back to the Capitol just in time to make the roll call and thereby preserve my perfect voting-attendance record. I got off the Floor at 4 p. m., returned several long distance calls and started on

the day's mail for the first time. I left the office in the last rays of daylight, met with the airline people again and got to bed this time by 1 a. m.

Thursday morning, I was up with the chickens to attend Marine Reserve Officers drill, then into my Congressional office for mail, and discussions with various people from throughout West Texas who stopped by, until the lunch hour. Then back to mail and phone calls — plus writing this Report in the fading glow of late afternoon. Friday's schedule is full. Unless the House meets Saturday, I hope to sleep late — say until 7 a. m. My wife and children are visiting in Texas, and I figure I need a reasonably early start to clean a house that didn't get much attention during the week. Incidentally, the calendar said Sunday, June 21st was the longest day of the year, but I disagree: I think it was Monday, June 22, which lasted through Thursday night.

Straight To The Point

A Summary of Vacation News From The Teenage Set By Sally Baggett

Here it is July and the summer is half over! Where did the time go?

Jim Freeman is spending his vacation in New Mexico. Say, Clayton Friend, where did that pretty white Pontiac come from?

Lost: One blue and white '57 Chevy. It seem Camille Adams needs a leash to keep up with her car. She found it by the school.

Susie Chandler has been spending lots of time at the ranch. Pierce Miller pulled a fast one on us. He didn't make it to Bracketville. He stayed in Colorado. He is back now.

Bob Meinecke and Jim Doran are going to be lonesome the 3rd 4th and 5th while Janet Mason and Barbara Barbee are in Austin. Carolyn Carr is here visiting her grandmother. Anne Davidson took her to the ranch. (She had never been on one before.)

P. L. Childress has a nice cool job. He works in the bank. Have you ever lived with nature? Johnny Childress, Joan Bowler, Jim Baggett and I (with all

the relatives) spent three days on the river. Reptiles, rodents, or insects — take your choice — because we had our share of them all.

Janet North and Joe McMullan are hitting it off real well.

Mark White and Jerry Jacobs have become regular birds. They fly around all day dusting things. Phillips Carnes is riding high.

He has a car. Phillip isn't the only one with a car. Janet Mason got one for her birthday.

The 4th it appears that most or at least a big percent of us are going to the Rocksprings rodeo. It'll be loads of fun.

Take it easy and drive carefully.

the programs available at the famous site.

Mrs. Williams will stay in the summer home of a sister of Miss Margaret Rue, a former missionary to China who spent one year here at the Community Center, later to return to China for more missionary service before finally retiring a few years ago.

"I may stay just six weeks or I may stay the entire eight weeks," Mrs. Williams said on the eve of her departure.

Mrs. Williams will leave by plane from San Angelo Friday morning, fly to Dallas and from there to New York. She will land at Jamestown, N. Y., about thirty miles from Chautauqua. There she miles ride of her destination. Chautauqua for the last thirty miles ride to her destination.

CALVARY BAPTIST WMU

The Woman's Missionary Society of Calvary Baptist Church met at the church Tuesday morning. Mrs. Otis Strothers, president, presided. The WMS song was played by Mrs. M. E. Hawthorn and afterwards a song service was led by Mrs. Hugh Styles. Prayer was by Mrs. Carl Hedrick.

Mrs. Leon Dowdy presented the program, stressing the theme of the Sunbeams and Girls Auxiliary. This week's project for the group is the selection of materials for the baptistry and rostrum rail curtains.

A letter from Buckner's Orphans Home thanking the church for the box of clothing recently sent was read.

Present were Mrs. Ira Coots, Mrs. M. E. Hawthorn, Mrs. O. W. Strothers, Mrs. Hugh Styles, Mrs. Leon Dowdy and Mrs. Carl Hedrick.

Monterey Sets Casing In Completion Attempt On Harris Ranch Test

Monterey Oil Co., Midland, was waiting on cement after setting 8 1/2-inch casing at 4,067 feet, on total depth of 8,060 feet, at the No. 22 - 49 Harris, in 40--1GC&SF, Crockett County Clearfork prospect, 10 miles east-northeast of Brown and 3 1/2 miles southeast of the one-wall KCA (Wolfcamp) field.

A 1 1/2 - hour straddle packer drillstem test between 4,552-4,654 feet recovered 296 feet of fluid, which was 90 feet of mud, 88 feet of slightly gas-cut mud and 118

feet of salt water.

Clearfork production was cated while being drilled in recovery of oil on three consecutive drillstem tests.

A one-hour test between 860 feet recovered 30 feet of oil and gas-cut mud, 20 feet of heavily oil and gas-cut mud, and 30 feet of heavily gas-cut gravity oil; a one-hour test between 3,856 - 920 feet, recovered 1,535 feet of gas, 130 feet of oil and gas-cut mud and 10 feet of heavily gas-cut mud.

oil; and a one-hour test between 3,916-4,000 feet recovered 200 feet of heavily oil and gas-cut mud, 1,830 feet of free 32.6 gravity

Mr. Tax-payer:

Which of these pipes will your city use?

The use of cheap substitutes, such as foreign-made cement- asbestos pipe, is wasteful and means probable replacement in a very few years. (This pipe was taken from a Texas city's water system. Photo is unretouched.)

Texas-made Lone Star cast iron pressure pipe will last over a hundred years!

Cast iron pipe, such as Lone Star's dependable pressure pipe, will last for over a hundred years. It costs millions in tax dollars by eliminating repeated repairs that are inherent in cheap, foreign-made substitutes. Lone Star pipe bears the "Quality Check" of the Cast Iron Pipe Research Association and the approval of Underwriters' Laboratories, Inc.

Officials of most Texas municipalities know that when they buy and install cast iron pipe they are helping to support the American economy and the high standard of living we all enjoy. They are buying products made in America for use by Americans. They are not fooled by the slightly lower initial cost of foreign goods because they realize that this "paper savings" will be more than offset by the cost of excessive maintenance.

Domestic cast iron pressure pipe is time-honored, centuries-proved, and is backed by strong, resourceful American companies that will be in business for years on end to guarantee their product.

Really, who backs foreign-made pipe? Who answers for it when it fails? To whom will the few ill-advised pipe-buyers look for the answers to these questions when trouble develops? Were they penny wise and pound foolish?

Take a look at some of these important factors back of the initial price tag, then pick up the telephone and call the first city official you think of and tell him you appreciate his good judgment in buying American-made cast iron pipe with your tax dollars. If he has been buying Lone Star pipe, tell him that we, too, appreciate the business!

Foreign products used in America deprive Americans of work
