Cattle Producers Launch Plan For Brucellosis Test

Petition Signatures Bought For Program In Crockett Co.
A group of Crockett County cattle producers, in a meeting held Monday afternoon, voted in favor of Crockett County to become a type II Brucellosis Control Area. The group started petitions of election, asking that the county be included in a testing program, the requirement necessary for the county to become a Modified Certified Free Brucellosis Area.
If the county qualifies at the end of the testing period, ranchmen can ship cattle from the county to any point in the United States without restrictions.
Dr. C. M. Patterson, Extension Veterinarian, Texas A&M College, and Dr. James Henderson, State Veterinarian, with the State Animal Health Commission, explained the program to the group and the steps necessary to get the county ready for a testing program, which will not involve any expense on the part of the ranchmen except making the cattle available for testing.
Seventy-five percent of the cattle producers in the county with a percentage of the cattle, as reported on the current tax rolls, must sign the petitions asking for the testing program. Dick Henderson is county chairman of the county brucellosis program.

Farmer Man Named Census Leader

Appointment of Sammy G. Helmers of Girvin, Texas as a crew leader of the 1959 census of Agriculture was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.
Mr. Helmers will direct a force of census takers who will canvass farms in Pecos, Upton, Crockett, Reagan and Irion Counties. Before assuming his post, he will go to San Angelo, Texas where he will receive five days of training by members of the Census Bureau's staff.

GARDEN CLUB REMINDER

Ozona Garden Club will meet on Wednesday, Nov. 4, at the Ralph Jones ranch. The program will be "Indoor Gardening." Mrs. N. W. Graham as leader. Members planning to attend are asked to meet at the Methodist church at 2:30 p. m.

Ozona AFS Six Man Team Humbles Ellington AFB Team 71-41 In Free Scoring Melee In Houston Sunday

By Jude J. Bourdeau
Scoring fifty points in the second half, Ozona AFS overpowered Ellington AFB 71-41 in six-man football last Sunday. The game, which was the second straight win for Ozona, was played at Houston under sunny skies. The play by play by periods was as follows:
Period:
Ozona kick off and Ellington possession on its own 25 yard line. A 15 yard penalty against Ellington forced them to punt, but Ozona lost the ball right away. Then Ellington marched to the 18 yard line where they fumbled and Ozona's Herring recovered. Then on a bad snap from Ellington, Cox of Ozona fumbled and Ellington recovered on 13 yard line. Ozona held Ellington gave up the ball when they failed to make a first down. Quarterback Brimlow passed twice to end Otmead accounting for 2 downs and put ball on Ellington's 18. Cox passed to Brimlow in end zone and Ozona drew blood. Otmead then faked a

MOON OR THEIRS? Bright Object Riding Off Moon Sighted Here Puzzle To Air Force

A moon satellite, earth satellite, American or Russian, or just a U. S. weather balloon, nobody seemed able to decide yesterday as Ozonians sighted a bright object, too big for a star and possibly too bright for a satellite under the naked eye, riding just above and to the west of the moon as it traveled across the southern skies.
Observed here from early morning until noon, when it seemed to vanish, the object stayed about the same distance from the moon as it traveled across the sky. Personnel at the radar station here were unable to explain the phenomenon and a high flying jet fighter was dispatched from Webb Air Force Base at Big Spring to investigate.
The jet pilot reported that the object resembled a weather balloon and he estimated its height at 100,000 feet. Height of the plane was not reported.

Crockett 4-H Boy Shows Heifer To 2nd Place In State Fair

Larry Williams, Crockett County 4-H Club member, exhibited his registered Hereford heifer, Peppermint, at the Dallas Fair and placed second in the Summer Yearling Class of the Junior registered Hereford Show.
Larry won champion with his heifer at Brady in July and won the Summer Yearling class at the West Texas State Fair at Abilene last month.
Larry plans on showing Peppermint at Odessa, Fort Worth and San Angelo this coming spring show season and expects to offer some strong competition to other junior exhibitors.

Quail Season Opens In Crockett Co. Dec. 1 Extends Thru Jan. 16

Quail season for Crockett county will be the same this year as in past years — no early season as recently rumored — Game Warden Bun Carpenter announced here this week after conferring with Game Department authorities.
The season on quail will open Dec. 1 and extend through Jan. 16, the game warden said. The daily bag limit in this county is 12 birds and the possession, or weekly, limit is 24.
Zavalla and Dimmit county and all counties west of the Pecos will open their season on Nov. 3 and extend through Dec. 31.

Man Wanted Here On Forgery Charge Held In Jail At Pecos

A Florida man wanted here on a charge of forgery is in jail at Pecos, Texas, being held for local officers, Sheriff Billy Mills reported this week.
The man, Leroy Etheridge, passed a \$45 forged check at the Phillips grocery here. He was arrested at Van Horn.
Another man, also wanted here on a forgery charge, has been definitely identified and is being sought, Sheriff Mills reported. The man forged the name of Chas. E. Davidson, Jr., to a \$9.50 check which he cashed at the Evans Foodway Handwriting experts at Austin identified the man, who has a previous record, and officers throughout the state have been alerted.

Sterling City F.F.A. Teams Wins First In District Contest Here

Sterling City FFA team scored 820 points Saturday to win first place in the Concho District FFA grass and range judging contests held at the Bob Scott ranch north of Ozona.
Ozona FFA team, composed of Herbie Noelke, Jim Williams, Muggins Good and Leslie Deland, won second with a score of 809. Lakeview FFA was in third place with 603 points.
Members of the winning Sterling City team were David Durham, Lee Foster and Clayton Stewart.

Lewis Commissioned Lieutenant In Army

Fort Hood, Texas — Larry M. Lewis, 23, son of Mr. and Mrs. Ted M. Lewis, Ozona, Texas, recently was commissioned a second lieutenant in the Regular Army at Fort Hood, Texas.
Lewis' outstanding work while undergoing training as a cadet in the ROTC program at Hardin-Simmons University resulted in the offer of a Regular Army commission. He is one of 725 distinguished military graduates so honored from colleges and universities throughout the country.
Lewis was graduated from Ozona High School in 1954 and Hardin-Simmons University in 1959.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND GIFTS

List of donors to the Hospital Memorial Fund since October 20th:
Mr. and Mrs. Oscar Kost in memory of Mr. Mike C. Couch, in memory of Mr. and Mrs. Jack Brewer's infant son, in memory of Mr. and Mrs. Vernon M. Harlan's infant son, and in memory of Mr. Charles Knox Black, Sr., father of Mr. C. Kay Black.
Mr. and Mrs. John R. Bailey in memory of Mr. Dock Friend.

DAUGHTER TO EVERETTS

Mr. and Mrs. R. J. Everett, Jr. are the parents of a daughter born Friday, Oct. 23, in a San Angelo hospital. The baby, named Regina Jeann, weighed 8 pounds, 9 ounces. Grandparents are Mr. and Mrs. Lee Baker of Grape Creek and Mr. and Mrs. R. J. Everett, Sr., of Ozona. Great grandparents are Mr. and Mrs. Rufe Everett of Ozona, Mrs. J. W. Asbill of San Angelo and Walter Grimmer, Jr., of Del Rio. R. J. Everett, Jr., is foreman on the T. A. Kincaid, Jr. ranch in Crockett county.

Service League To Bowl Make-Up Session Friday Night, Oct. 30

The Service bowling league will bowl their October 19 matches, which were postponed, on Friday night of this week, Oct. 30, it was announced following a vote by members at the regular bowling session Monday night.
The league missed the October 19 date because of repair work under way at the Miller Lanes. Since there is to be no local football game Friday night, it was ball game Friday night, it was picked for the make-up session. Charles Schneider will be in charge of activities Friday night.

Lions Chew Owls Despite Efforts To Pull Teeth

Coaches Empty Bench To Hold 36-0 Score Over Big Lake

By Ernie Boyd
The Ozona Lions, stalled for one quarter, exploded for five touchdowns in the next sixteen minutes of play before letting the reserves take over, in chalking up an easy 36 to 0 win over the out-classed Big Lake Owls.
The win was the second for Ozona in district play sending them into the league lead as Menard was idle for the week.
The Owls came to Ozona with hope of upsetting the Lions and began the contest as though they intended to put some action to their hopes, but the Lions were simply too tough. After being stalled for most of the first quarter, the Lions drove the Owls back to their own goal line, forced them to kick, and then set sail from wherever the kick landed, a pattern they followed on all but one of the night's scores.
The first tally came early in the second quarter when the Lions took over a Big Lake kick on the Owl forty yard line. Johnny Jones rolled out for 12 yards and a first down on the 28, and Meinecke hit the middle for four more, before Meinecke hit halfback Jim Freeman in the end zone with a pass for the first score. Meinecke kicked the extra point and the Lions led 7 to 0.
The Owls launched their biggest threat of the night following the Lions' first score. Harold Gardner, a fine passer, who quarterbacked for the Owls, hit Gary Miller in the flat with a screen pass and the fleet Big Lake back scampers 45 yards before being hauled in on the 24 yard line. But that was the high tide as Jim Doran dropped Gardner for a five yard loss and then a whole bevy of Lions grabbed Miller for another five yard set back, before Johnny Jones made a nice interception of Gardner's next pass and raced back 58 yards with the stolen football.
Following Jones' interception, the Lions goosed their chance to score but two fifteen yard penalties and a good Big Lake kick set the stage for the next scoring drive which carried 76 yards with Tony Parker taking the ball the final two yards.
Johnny Jones ran over the two points but a penalty rubbed out the play and a Meinecke pass to Freeman was dropped, leaving the score 13 to 0 at the half.
The Lions came back with a vengeance in the third quarter and had not Coach Pete Hickman called them off, the score might have gone to another astronomical figure.
The Lion line, led by the crashing play of Mark Baggett, would not allow the Owls to even get their running plays started, and harried the Owl passers so that they were unable to direct their throws or even get loose from the ball.
Bob Meinecke took advantage of the situation first, as he picked off a hurried Owl throw and raced (Continued on Last Page)

Lions Idle To Prepare For Two Crucial Finals

Junction And Menard, Formidable Opponents, Are Next

By Ernie Boyd
The Ozona Lions took the weekend off this week as district clashes between Big Lake and Junction and Menard and Sonora filled out action in district 8-A this week.
Menard will be after its second win in as many starts when it meets twice beaten Sonora in Sonora and Junction and Big Lake, each with one loss will be seeking to stay in the race with a win.
Menard and Junction both rate strong favorite roles and it appears that the Lions are going to have to play their best football of the season in their next two starts if they hope to cop the district title this season.
The Lions came out of the Big Lake game without injury and it is hoped that they can be in their best physical condition since the start of the Ft. Stockton game by the time next week's contest with Junction comes up.
Halfback Tony Parker missed the McCamey game while Williams McMullan, and Porter missed all or part of the Coahoma game.
The Ft. Stockton game saw the Lions lose the services of Porter for a time while the Stanton game found the Lions in their worst condition of the years as Meinecke Porter, McMullan, Williams, and others either missed the game altogether or were severely hobbled by injuries.
Since the Stanton contest conditions have steadily improved and it is hoped that all hands will be ready for the stretch drive which will find the Lions facing the league's two most worthy opponents on their own fields.
Despite a poor first quarter, the Lions did pretty much of a workman type job on Big Lake in the second and third quarters last week and observers hope that this was an indication that the Lions were fixing to round into mid-season form.
The Lions surprised their followers by doing an effective job on pass defense as they allowed only eight Big Lake completions out of twenty-nine attempts and picked off four of the shots themselves. The eight completions allowed were mostly for short yardage and two were for losses. One Big Lake pass accounted for over half of their passing yardage and that was a second quarter screen pass that should have been stopped for no gain.

Second Producer For West Crockett Field

The Sutton (Queen) field of Crockett County was assured its second producer and a location southwest extension with the flowing of 43 barrels of new oil along with 42 barrels of load oil, no water, in 24 hours, at Humble Oil & Refining Co. No. 1 Sutton State lease, in 53-1-1&GN, six miles southeast of Iraan.
Flow was through a 5-16-inch choke and perforations between 1,364-381 feet.
Operator was preparing to take potential.
The discovery, Sutton 1 Half, was finalized July 26 for 155.9 barrels of oil through a 23-64-inch choke and perforations between 1,350-1,381 feet.

Two 12-Year-Old Boys Hurt In Motor Scooter Pickup Truck Crash

Two 12-year-old boys, Bobby Amthor and Len Merritt, were injured late Wednesday afternoon when the motor scooter on which both were riding was in collision with a pickup truck driven by B. B. Ingham, Jr.
The collision occurred at the intersection of Avenue I and Ninth street. Ingham, a member of the Ozona Volunteer Fire Department, was on his way to the fire station to answer a fire alarm, which was, by the way, a false alarm. The pickup was traveling east on Ninth street and the scooter was traveling south on Avenue I. The scooter struck the left front fender of the pickup and bounced and skidded nearly 100 feet, Jack Holmes, deputy sheriff who investigated the crash, reported.
Young Amthor suffered a broken bone in one leg, a broken rib and head injuries. The Merritt boy suffered severe injuries to one foot and other cuts and bruises. Both are being treated in the Crockett County Hospital.

Officers Fire On Fleeing Soldier, Wreck Stops Him

AWOL San Antonio Soldier Captured After Wild Chase

After distancing pursuing Sonora officers, at speeds up to 110 miles per hour in a stolen car, an AWOL soldier from Fort Sam Houston in San Antonio, crashed a roadblock set up by Ozona officers at the east edge of town on Highway 290, continued his flight at break-neck speed despite a fusillade of bullets from officers guns, crashed into the rear of an Ozonan's car in downtown Ozona, jumped from the wrecked vehicle and fled on foot only to be captured about three or four blocks from the scene of the downtown crash.
The soldier, William Oliver Glasgow, a six-foot five-inch Minnesotan, is being held in Sutton county jail at Sonora awaiting military or civilian officers from San Antonio who will take him there to face charges of auto theft and whatever charges the military will make of his escapade.
Sutton county sheriff's deputies set out in pursuit of the man when he drove out of a Sonora filling station without paying for gasoline purchased for the car.
Sutton officers, who were unable to catch sight of the speeding car, radioed to Sheriff Billy Mills and Sheriff Mills and his deputies set up the roadblock. Sheriff Mills said the man crashed the road block at terrific speed and when their pistol bullets failed to cripple the car, the officers set out in pursuit.
Roaring through downtown Ozona, the fleeing car smashed into the rear of a car driven by Robert McReynolds of Ozona. Mr. McReynolds and his two children who were in the car with him escaped injury but both his car and the stolen car, a 1959 Chevrolet panel truck stolen from the Harrell Packing Co. in San Antonio were badly damaged.
Glasgow applied his brakes just after passing the signal light in downtown Ozona and after skidding more than 100 feet crashed into the rear of the McReynolds car which was traveling in the same direction.
Local residents in the downtown area, hearing the screeching tires and the thud of the impact, rushed out just in time to see the man jump from the wrecked car and take off at a high run toward the southwest residential area. Several men in the vicinity set out in pursuit and were soon joined by officers who captured the fleeing man about three blocks away. He was unarmed and offered no resistance.

Ozona Group Attends District Conference Of P.T.A. In Sonora

Presiding at the leadership conference of the District 6 P. T. A. Wednesday in Sonora was Mrs. T. S. Vashinder, president of the Del Rio P. T. A.
Rex Low, superintendent of Sonora schools, presented the theme, "Education — Whose Responsibility." Mrs. H. C. Green, state representative, was moderator of the panel discussion of the theme. Others participating on the panel were W. H. Monzingo, Del Rio, school board member; Mrs. James Baggett, Ozona, parent; Rev. Alanson Brown, Sonora, minister; William T. Taylor, San Angelo, school; and Ed Meador, Eldorado, business man.
Following the luncheon a skit written by Mrs. Ed. Meador was given. Taking part in the skit were the following from Ozona: Mrs. Roy Killingsworth, Mrs. James Baggett, Mrs. Martin Harvick and Mrs. Boyd Baker.
P. A. Tankersley of Del Rio Independent School District, summarized the happenings of the day.

WHERE, ANTI-TRUST

The height of something or other was the solemn announcement of Senator Estes Kefauver that he intended to cause an investigation to be made as to whether or not Kaiser Steel Corp. had been pressured into holding off on its settlement with Dave McDonald's Steelworkers Union in some sort of anti-trust violation. And with the most complete and absolute monopoly on earth right before his eyes, where one man has the power to idle a half million men or more and knock the economy of a great nation into a cocked hat for now more than three months. Anti-trust? Indeed, Senator, you've got a case there somewhere.

FAULT-FINDING BEATS FACT-FINDING

We are more than a little confused by the zigzag course of the Government's efforts to reactivate the production of steel under the injunction procedure of the Taft-Hartley Act. On the hundredth day of the strike, one Federal judge at 2:45 p. m. recognized the White House contention that continuation would imperil the nation's health and safety and signed a no-strike injunction — under which the half million striking steel workers were expected to begin almost immediately returning to the mills for

that 80-day cooling-off period. But, at 4:00 p. m., another Federal Judge, informed that the union had filed an appeal in Philadelphia ten minutes after the injunction was signed in Pittsburgh, granted an overnight stay — until the hour of meeting of the three-judge US Circuit Court of Appeals in Philadelphia.

Next day this trio granted an indefinite stay to give themselves time to rule on the constitutionality of the Taft-Hartley injunction. Thus, the steel strike went into its 102nd day no nearer to even a temporary solution.

In originally granting the disputed injunction, Judge Herbert P. Sorg noted that the top-priority manned satellite program, Project Mercury, and other defense projects were being retarded by the strike, that the ranks of 265,000 workers idled in other industries are likely to swell to one million by the end of November, and together with the strikers reach the three million mark by the end of the year.

But United Steelworkers' counsel Arthur J. Goldberg declared in Philadelphia that there is no emergency and the economy is booming. At Augusta, Ga., President Eisenhower said the strike does so threaten the "national health or safety," and that he didn't think much of the Taft-Hartley Act as a cure for the steel strike.

So we're confused. And we suspect others are too. Perhaps even union attorney Goldberg is confused. In his successful appeal to Judge Sorg to stay the instrument bizzoner had just signed, the lawyer noted a leisurely Administration attitude in the matter, that the

strike was 86 days old before the President initiated Taft - Hartley action, that the President's "fact-finders" under Dr. George W. Taylor had devoted ten days to their efforts. By contrast he observed that in the dock strike (which started long after the steel strike) only two days elapsed between the President's request for an injunction and the back-to-work order. Surely, he argued, a little more delay in the steel matter couldn't hurt.

To clear things up, perhaps the Attorney General should give us a list of the unions on which Taft-Hartley procedures can be used, and those on which they can't.

ONE LONE DOUBTER

In all the millions of words being written and spoken in the American press, on radio and TV about the Soviets' alleged latest scientific accomplishment in space, that of photographing the other side of the moon, the tiny voice of only one doubter, anonymous at that, was heard.

This "one American scientist" just wondered how the Russians could get such a detailed photograph of the moon with instruments floating in space some 43,000 miles away — by their own admission.

But the gullible American communications media, ready to front-page any dispatch under a Moscow dateline, credited to Tass, probably would have headlined it in red or bulletined it every five minutes on TV screens, had the Russians announced their space vehicle was picking up little green men passengers at wayside stops along the route to the moon.

And the artist who prepared the moon pictures could have produced just as convincing a picture of the space men.

FRIDAY BRIDGE CLUB

The Friday Bridge Club met last week with Mrs. J. W. Henderson. The Halloween theme was carried out in decorations, scores and tallies. High score went to Mrs. Lovella Dudley, low to Mrs. Max Schneemann, guest high to Mrs. Boyd Clayton and guest low to Mrs. J. S. Pierce, III. Others attending were Mrs. Tom Harris, Mrs. V. I. Pierce, Mrs. S. M. Harvick, Mrs. Hudson Mayes, Mrs. Lindsey Hicks, Mrs. O. D. West and Mrs. Joe Pierce.

For general home repairs — Air Conditioners reconditioned and furniture repairs — Call Ted Doggett. Phone 2-3063.

Miss Elva Cardenas, Samuel Martinez, Jr. Wed In San Antonio

Miss Elva Evangeline Cardenas, daughter of Mr. and Mrs. Jesus M. Cardenas of San Antonio, became the bride of Samuel Martinez, Jr., son of Mr. and Mrs. Samuel Martinez, Sr., of Ozona in vows repeated Saturday in St. James the Apostle Catholic Church in San Antonio.

The Rev. Joseph Nowak read solemn high Mass, and the ceremony was performed by the Rev. Louis Fritz and the Rev. Roy Henke. St. James choir sang, accompanied by Vivian Heye.

Carrying a bouquet of white roses, orchids, lilies-of-the-valley and ivy, the bride entered the church with her father.

She wore a gown of pale ivory re-embroidered Alencon lace over silk cloud taffeta. The molded bodice was designed with brief sleeves and a portrait neckline of crushed taffeta and jeweled lace. The princess - paneled skirt, adorned with streamers of taffeta caught by jeweled medallions, extended into a court train.

A crown of pearlized orange blossoms held her fingertip-length veil of bridal illusion.

Honor attendants were Miss Irma Marie Cardenas and Mrs. Alicia Casarez, while Miss Bertha Patino and Miss Margaret C. Gonzalez were bridesmaids.

Antonio Rodriguez served as best man, and groomsmen were Roberto Martinez of Ozona, Arturo Torrez and Raul Benevides Gonzalez were seated by Leonel Cortez, Robert Gonzales and Ruben Gonzalez.

Mitzie Ann Patino was flower girl and Rene Edward Cortez, groom's bearer.

Following a reception in the Cadate Room of the St. Anthony Hotel, the couple left for a wedding trip to San Diego, Calif., where they will live.

TO TRAILER OWNERS

Billy Mills, County Tax Assessor-Collector, says that certificates of title are "old hat" to owners of motor vehicles and house trailers. Now trailers over 4000 pounds must be titled under the new law.

Serial numbers and ownership proof may cause delay, so Mills urges that trailer owners apply now to avoid last minute disappointment at re-registration time in February and March. The rush of those months is a poor time to get new things done.

HIGHLIGHTS AND SIDELIGHTS

From State Capitol

Austin, Texas — It is more than a year until the day when the next President of the United States will be elected, but in Texas, the race is on.

From now until No. 8, 1960, may well be a year of the most feverish political activity the state ever has known.

House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U. S. Sen. Lyndon Johnson.

Rayburn called for Johnson-for-President organizations in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies and editorials blossomed over the state.

Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas' liberal wing Democrats who have been cool toward the senator since the convention hassles of 1956.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas Club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Some DOTers have pledged Johnson support. But Mrs. R. D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances, scheduled at the rate of more than one a day in the months ahead.

Farewell To Bench

Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

Adoption Stymied — Texas Supreme Court ruled in favor of a woman who signed papers to allow her child to be adopted, then changed her mind and sought to re-claim the baby.

Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the child's birth, wanted to keep the baby.

Works Of Schumann Music Club Program

The study of the life and music of Robert Schumann was the theme of the evening October 22 when the Ozonia Music Club met in the home of Mrs. C. W. Conley.

Assisting Mrs. Conley as hostesses were Mrs. J. W. Howell, Miss Wanda Watson, Mrs. Herbert Kunkel and Mrs. Sherman Taylor.

After a short business meeting conducted by Mrs. R. A. Harrell, Club President, Schumann's life was described by Mrs. Ken Cody and his style of music was discussed by Miss Lola Mae Daniel.

A musical program of his work followed:

Vocal — "Dedication" — Miss Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits.

"Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some want to escape "scot free."

Gas Tax Challenged

First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline that contracts to buy it from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Billie Chandler, Accompanist, Mrs. Morris Bratton.

Piano — "A Great Event" from Scenes of Childhood — Miss Jan Pridemore.

Piano — "Traumerei" from Scenes of Childhood — Miss Cleona Quiett.

Vocal — "Thou Art Lovely As a Flower" — Miss Lucille Farmer

Accompanist, Mrs. Geo. Russell, Jr. Following the program, the club enjoyed group singing with Mrs. H. B. Tandy, directing, and Mrs. George Russell, Jr. accompanist.

Guests were Miss Jan Pridemore and Mrs. L. D. Kirby. New members present were Mrs. Harry Trulove and Mrs. Opal Oehler. Others were Mrs. Morris Bratton, Miss Billie Chandler, Mrs. Ken Cody, Miss Lola Mae Daniel, Mrs. Edmond Dover, Mrs. Brooks Dozier, Miss Lucille Farmer, Mrs. R. A. Harrell, Mrs. Roy Killingsworth, Miss Geneva Knox, Mrs. Doyle Perdue, Mrs. D. B. Pettit, Miss Cleona Quiett, Mrs. George Russell, Jr., Mrs. H. B. Tandy, Mrs. Ted White, Mrs. R. K. Wimberley, Mrs. V. I. Pierce, Mrs. Ralph Simon and the hostesses.

EDITORIAL

Ronnie Beall

Today's younger generation, as many may literally say, is not going to the dogs. Despite the fact that the trend of the generation of our time seems to be toward non-conformity and rebellion, this is not entirely the case. It is a common belief that the reason why quite a few adults cause the controversial disturbances of our day and time is that their self-centered trouble can be found in one small word — envy.

Some elderly people are prone to think that today's youth have much more freedom than they did when they were in the prime of their lives. A person should not think this, because it seems that there are no more justified acts of immaturity in our modern world than there were in the days of our grandfathers.

Students in the schools of our time are better disciplined than students of the past centuries. One reason for this is that as time is passing, the youth of America seem to be striving toward a goal of higher learning. Another reason may be found in the fact that the younger generation is awakening to find that they have a great responsibility in America's future.

HONOR ROLL

The first six weeks of the 1959-1960 school year has been completed. Twenty-nine students have made the honor roll for this period. All students who have a ninety or above average and have made no 'C's' are included. The Senior Class has the highest per cent on the roll, that percent being 17.5. Freshmen come in second with 17.3, Sophomores, third with 16.9, and last the Juniors with 10%.

Students on the honor roll are:

Seniors
Camille Adams, June Bunger, Susie Chandler, Johnny Jones, Roy Neil Killingsworth, Pierce Miller, Margo Pogue.

Juniors
Leon Drago, Jim Freeman, Roberta Johnigan, Art Kyle.

Sophomores
Don Neil Carnes, Phillips Carnes, Peggy Harvick, Jayne Cole, Bill Jacoby, Janet North, Kay Pitts, Jan Pridemore, Sandra Smith.

Freshman
Penn Baggett, Gracie Chandler, Cheryl Clayton, Robert Cox, Arlene Gotcher, Ronnie Houston, Brent Moore, Martha Moxley, Jann Smith.

A "PORTRAIT" OF MISS NORTH

Through the years many teachers of O. H. S. have come and gone. Some were good and some were bad, but nearly all have been forgotten in the course of time. One teacher, however, will never be forgotten and that is our diligent librarian, Miss Mildred North.

Miss North came to Ozona when she was in the third grade. She graduated from O. H. S. in 1927 and attended Baylor University, where she received her Bachelor's Degree in Commercial Science. She later received her Master's at Texas University.

Her first teaching assignment was at the Live Oak School, which was located on the B. B. Ingham ranch, west of town. She had twelve students in six grades and in her own words "Never worked so hard in my life!"

The next year she taught in Jr. High School and in 1934 moved to high school where she taught commercial business.

In 1941, Miss North, like many others, went off to fight the war. She moved to Washington, where she worked for the Civil Service Commission.

After the war, Miss North returned to Ozona. She taught history, general Math, Algebra, and any other class where a teacher was needed.

In 1948 she was asked if she would take over the library so Miss North went back to school to learn how to be a librarian. She received her degree in Library Science at the University of Texas. She learned her job very well, as anyone can tell you who has seen the fine selection of books and magazines available to students of O. H. S. can tell you.

Coaches also find Miss North nice to have around, especially during the basketball tournament, when she sees that all the visiting teams have a place to stay.

Miss North is also responsible for the publication and sale of our annual. Without her help the "Ayer" would be almost impossible to publish. Even with this being a very true fact she still refuses to let the staff dedicate the annual to her.

I do not think Miss North is one with whom you would associate frilly, descriptive and high sounding adjectives, and she would be the first to agree. I do think however, that students and teacher's alike owe Miss North a vote of thanks for helping to make O. H. S. such a nice place to go to school. The study halls have never been so quiet!

SOPHOMORES

With the basketball season looming in sight, the Sophomores are eagerly looking forward to their first adventure with the public. They receive the revenue that is received from the gate at the first home basketball game.

The money that is taken in by the Sophomores will be used to give the Christmas dance, a school-wide affair.

SENIORS

Now that the regular football games that were scheduled for play at home are over, the Seniors have received a fair idea of the hardships of working in the concession stand. This doesn't dim the hopes of the industrious Seniors. There have been rumors of the class attempting to go to Washington and this is a intriguing goal.

The Seniors work has just started, as the weekly binge at the basketball games looms in sight. This could be a new experience for the now busy "football boys".

The Seniors would like to take this opportunity to thank the people who have patronized the concession stand thus far, and cordially invite them to continue enjoying the likeable and healthy atmosphere at the Senior's concession stand, wherever it may be.

FRESHMEN

With the money received from the P. T. A. carnival, the Freshmen are ready to put on the annual Thanksgiving dance to be held next month.

This is the first official duty of the "Fish" in Ozona High, and it promises to be a very good cause.

CONCHO DISTRICT RANGE CONTEST HELD HERE

Last Saturday morning the Ozona F. F. A. held the Concho District Range Judging Contest at Bob Scott's ranch.

Three teams entered the contest. They were Sterling City, first; Ozona, second; and Lakeview, third.

The Ozona FFA members on the team were Herbie Noelke, Jim Williams, Muggins Good, and Leslie Deland.

JUNIORS

After a lesson teaching experience at selling (mums) the Juniors are ready to pursue other fields. This will consist of putting on the Junior Play under the able direction of Haskell Leath. The play is Fog Island.

There is sad news for those who are in the Junior class and not in the play — more selling. Yes, the tickets to the play must be sold. There will probably be a little more accuracy though.

For those of you who are wondering what the Juniors are trying to make so much money for, put your thoughts at ease. It is for the Junior-Senior Banquet and the Juniors need all the money possible for the ever-loving Seniors.

FOG ISLAND

A young scientist with atomic secrets is held actively by three sinister people in a lonely spot! Tense, yes! And as modern as today's headlines. These are the ingredients for the Junior play, "Fog Island."

Mr. Leath is the director and Anne Davidson and Herbie Noelke are the assistant directors.

Try-outs were held Monday and Tuesday of last week.

The cast consists of:

Mrs. Williams, Roberta Johnigan, Mr. Williams, Art Kyle; Jerry Martin, Bobby Tabb; Brock, Johnny Childress; Dolittle, Reid Holmsley; Marge, Priscilla Stewart; Priscilla, Sandra Whitaker; Hazel, Nancy Friend; Ann, June Bunger; Maurine, Mary Lou Zunker; Johannah, Barbara Barbee.

An exact date has not been set, however it has been planned to be presented some time between Thanksgiving and Christmas.

DISTINGUISHED GRADUATE RECEIVES HONORS

One of our former Ozona graduates, Miss Carol Ann Blackstone, daughter of Mr. and Mrs. N. D. Blackstone, was one of the 51 students at Southwestern University in Georgetown, Texas, on the Distinguished List for September 1959.

The students on the Distinguished List are required to maintain a semester average of 90 or a minimum of 12 semester hours of work.

If a student is on the list twice he is freed from regulations regarding class attendance. If the faculty members turn in reports that the student is doing unsatisfactory work, he may be removed from the University Distinction List.

Mr. J. A. Peltó received the information from Myron F. Wicke, Dean of Arts and Sciences at the University. Mr. Wicke openly expressed his pride in having Coral on the Campus.

THE GOOD OLD DAYS

Susie Chandler

Through the years, the walls of the principal's office of Ozona High School have heard many muttered excuses for the two major crimes of being tardy and absent. Some of them are now outdated, such as the old "the draws came down and we couldn't get across." We have some dams that mark that one off the books. Even the old "the dust was so thick that we couldn't find the road" isn't used much. There is one very popular one, though. As Mr. Peltó leans back in his chair and stares at the guilty one, he often hears "But Coach Peltó, I had to park my car in front of Foxworth Galbraith." Even so, he who commits a crime must be punished.

Those walls have heard everything from "Linda forgot to come by" to "Uh, me seck." Listed with those outdated excuses, we find the words "Go and sin no more."

THE PAST AND FUTURE IN FOOTBALL

Last Friday night, the Ozona Lions defeated the Big Lake Owls 36 to 0 in their second district game. In district play, the Lions have allowed one touchdown.

Tomorrow night, the Lions have an open date. The next two district games are in Junction and Menard. Although Ozona is favored to win, both of these games could be a close match.

After the Lions win district, they will probably play Fabens. If luck is with them against Fabens Plains or Rotan comes next. After this victory, the eye of fate may find them facing Stinnet or White Deer.

FRIDAY NIGHT DATES

Friday night after the Big Lake ball game, a dance was held at the Country Club.

Couples seen were Tommy and June, Bob and Janet N. Jay and Glenda, Jim and Sandra, Roy and Susie, Johnny and Pam, Joe and Camille, Pierce and Judy, Bill and Linda, Tony and Linda, Andrews from S. A. C., Ronnie and Peggy, Jim and Barbara, Art and Nonie, Phillip and Janet, and Ex's Pie and Liz and Jean Marley. There were also numerous others.

A JANITOR'S VIEWPOINT OF THE STUDENT

Roy Neil Killingsworth

Here I sit all disgusted and dejected. Even if I, Abraham Lucifer Conway, am just an assistant to the assistant janitor, I do have feelings. You wouldn't think so if you came to the school where I work. The students there have no appreciation of true talent in the field of "janitoring". Here is an example of what I mean!

I had just finished cleaning the bottom of all the wastebaskets in the school building. What do you think happened? Some student had the audacity to go around to every freshly cleaned basket and smear bubble gum in them. He didn't just wad it up and chuck it in the basket, he literally smeared it. Did the little monster do this for the pure pleasure he got from this exercise? I should say not! He did it for the enjoyment he got from seeing me suffer!

This is just one example of many. It just goes to prove that the average student doesn't consider the comfort of those whose job it is to make their lives more comfortable.

That is my job and as long as there is a job to do, I will do it. It isn't because of devotion, it's because I can use the money.

1960 Oldsmobile Has Balanced Design

Many features of the balanced design of Oldsmobile for 1960 may be seen in this photograph. Entering the picture at the left is a 1960 Oldsmobile Dynamic "36" Celebrity Sedan. The chrome-plated bars in groups of three across the front give the grille a wide stable look. The outboard pair of headlights are set slightly to the rear of the inboard pair with a black numeral "36" for identification. In the "36" and Super "36" series the Oldsmobile crest is used for identification. The parking lights are safely recessed in the corners of the sturdy

bumper. At the right is the unique rear end treatment of the 1960 Oldsmobile as seen on the "36" Holiday SportSedan. The gas filler cap is located behind the hinged license plate. In the center background is a 1960 Oldsmobile "36" Holiday Sport Coupe showing the clean lines which feature Oldsmobile's balanced design for 1960. This combination of views shows the low, level design of the hood and the expansive "Clean-Sweep" rear deck to good advantage.

NOTICE TO TAX PAYERS

1959 TAXES NOW PAYABLE

Earn 3% Discount On State and County Taxes By Paying In October

County, State and School Taxes were due and payable October 1. As in previous years, a scale of discounts for early payment is in effect this year. Discounts are allowed only on State and County Taxes, none on School Taxes. Discount schedule as follows:

- 3% If Paid in October
- 2% If Paid In November
- 1% If Paid in December

Poll Taxes are not assessed on your tax statement. When remitting, add \$1.75 for each poll tax. No Discount on Poll Taxes.

AFTER GAME FELLOWSHIP

Ghostly laughs and figures greeted the boys and girls opening the doors of the First Baptist Church Friday night after the Big Lake - Ozona game. Decorations were of witches, haunted houses, pumpkins, moons and cats. Streamers of orange and black were on the walls and hanging from the ceiling. Janie Everett was in charge of decorations and all attending agreed the spooks were out.

Beverly Alford was in charge of the games which included a game of murder. Black and orange was carried out in refreshments of orange punch and chocolate brownies.

Refreshments were served to:

Tommy Everett, Gary Stewart, Freddie Dobbs, Bobby Tabb, Billy Cornelius, Charles Bingham, Bobby Amthor, Bryan Montgomery, Robert Doyle Cox, Dude Melton, Ronald Carnes, Leslie DeLand, Mike Stiles, Dale Castleman, Jim Williams, Wayne Scrivener, Bill Semmler, Buddy Anderson, Martha Moxley, Golda Goodman, Beverly Alford, Dee Woodall, Don Nell Carnes, Roberta Johnigan, Priscilla Stewart, Bama Burton, Jan Pridemore, Janie Eerett, Helen McCaleb, Kathy Stiles, Kathy Scrivener, Glenda Scrivener, Pat Womack, Vicki Carroll, Mrs. Clovis Womack, Mrs. and Mrs. Harold Shaw, Rev. and Mrs. Trulove.

Flexible Stocking Rate Said Only Solution To Erratic W. Tex. Climate

By Dick Ketchum, SCS

The average yearly rainfall in Ozona is a little more than eighteen inches per year. This average decreases to the west and of course increases to the east.

After examining the rainfall records that have been kept for the last twenty-seven years, we find that Ozon has received above average rainfall in thirteen of the twenty-seven years and less than eighteen inches of rain in fourteen of these years. In ten out of the last twenty seven years, we have received less than fifteen inches of rainfall; and in five of the last twenty-seven years, Ozona has received less than ten inches of rain per year.

If the past rainfall records are any indication of the future, we can expect a drought eighteen percent of the time. It must also be remembered that some of the rainfall that is included in our rainfall average falls in small showers that are ineffective. Since the ranching industry must gamble on the rainfall, the rancher should know his odds for the future.

Man has no control over the erratic climate; he must adjust himself and his economics to the rainfall pattern if he is to be in harmony with nature. To be out of harmony with nature, is to invite disaster.

The most difficult problem facing the rancher is what a proper stocking rate should be and each ranch has a different problem. Too low a stocking rate will not bring in a sufficient income and too high a stocking rate will result in high expenses and depletion of range production. A flexible stocking rate based on both climatic and range conditions is the only practical solution to an erratic climate.

A flexible stocking rate may be based on an inventory of range resources (pounds of forage on the ground) taken twice a year, preferably in the spring and in the fall. This range inventory may be made by a visual estimation or by clipping and weighing samples of vegetation and calculating the actual pounds of forage per acre. By taking an inventory of the range production at the end of the growing season, it can be determined whether more or less livestock is needed to balance livestock with the grass production. A spring range inventory is useful to determine if proper use (half of the grass production by weight) of the rangeland has been obtained and if any changes of livestock is needed. Livestock should be shifted, bought or sold at times which will conform with normal ranching operations so as not to incur unnecessary expenses.

NOTICE TRAILER OWNERS

Billy Mills, County Tax Assessor-Collector predicts that there will be a lot of frustrated trailer owners next February and March when re-registration of motor vehicles is due.

By the terms of a new law, trailers over 4000 pounds will have to have certificates of title for the first time. Titles can be obtained now while there is still time to meet certain requirements regarding proof of ownership and serial numbers. February and March will be a very poor time for handling this new requirement.

WHEN IT'S TIME TO ACT

THINK OF

Dr. R. C. Bushland (center), head of the U. S. Department of Agriculture Animal Insect Laboratory at Kerrville, Texas, received the Texas and Southwestern Cattle Raisers Association's Distinguished Service Award Friday from TSCRA vice president Dolph Briscoe, Jr. Norman Moser (left), Association president, presided at the award luncheon at the State Fair of Texas.

Ozona Woman's Club Members Visit Set Of Alamo Film Production

Ozona Woman's Club members visited "The Alamo" set at Brackettville last Saturday in observance of Texas Day.

The group drove to Fort Clarke where they had lunch at the Ranch headquarters, after a tour of the historic old fort, which is now restored and has become a famous resort under the management of the Driscoll Hotel.

After lunch, the party went out to the Shahan ranch to visit the village of old San Antonio, where "The Alamo" is being filmed by Batjac Productions.

The set was built by Brackettville Enterprises, composed of six Brackettville ranchmen and business men, J. T. Shahan, Tom Hurd, Allen Kreigner, Bill Moody, Bud Conley and Cliff Belcher. It is an authentic replica of the Alamo and the village of San Antonio de Bexar, as a result of years of research through old archives in San Antonio and in Mexico. The countryside is very much like the San Antonio area.

The Ozona women were fortunate in seeing some filming of the movie. John Wayne, who is the producer, director and plays the part of Davy Crockett, seemed to be strong force of the crew, his patience with the actors filming the Alamo scene, was surprising. They also witnessed a charge by a Mexican cavalry corps, in uniform correct in every detail.

Making the trip were Mrs. Joe Pierce, Jr., Mrs. J. A. Fussell, Mrs. B. B. Ingham, Sr., Mrs. Ira Carson, Mrs. S. M. Harvick, Mrs. J. W. Henderson, Mrs. Roy Killingsworth, Miss Lola Mae Daniel, Mrs.

West Texas Applicants Sought For Air Force Academy Appointments

Washington, D. C. — Young men of West Texas have been invited by Congressman J. T. Rutherford to participate in competitive exams for possible appointment to the United States Air Force Academy at Colorado Springs, Colorado.

Interested candidates, between the ages of 17 and 22 and who are unmarried, should write the Congressman at Room 1315, New Office Building, Washington 25, D. C.

Rutherford must receive the letters of application no later than October 5th, in order to allow the candidates to compete in the exam to be given under his sponsorship in early November.

"I am hopeful that a large number of young men will apply," the Congressman said, "as I want to give as many as possible the opportunity to compete, and feel through that method we will send the best possible candidates to the Air Force Academy."

Congressman Rutherford said applicants should state in their letters their respective birthdates, full names, permanent addresses, that they are unmarried and never have

Ted White, Mrs. Taylor Word, Mrs. O. D. West, Mrs. L. B. Cox, Jr., Mrs. Ivy Mayfield and a guest, Mrs. Bruce Mayfield.

Notes From The County Agent's Office

By Pete W. Jacoby

Prussic Acid after frost is sometimes extremely dangerous to livestock, Dr. C. M. Patterson, extension veterinarian.

Prussic acid changes some chemical changes in the plant and it de- a content of prussic acid, or cyanic acid when wilted by drought, he explains. The acts quickly and can kill a plant within a short time after the damaged plant is eaten.

Appearance of nervousness, difficulty breathing and difficulty feeding are symptoms of the poisoning. Whether a poisoned animal can be saved depends upon quick action. A veterinarian can get treatment involves injecting prussic acid directly into the blood.

Plants will develop more prussic acid after frost or drought those approaching maturity, the veterinarian. Their leaves will contain from 3 to 25 percent more acid than leaves of plants in the boot stage. Also, up- per leaves will contain more prussic acid than lower leaves.

Patterson cautions against feeding frosted Johnsongrass or sorghum before it is completely killed. Johnsongrass or sorghum should be cut mow hay before a frost may be cut the first day.

after frost, if care is taken to see that it is completely cured before being used.

It may also be used for silage, he adds. Generally, enough prussic acid is lost in gaseous form during the ensiling process and as the silage is removed and fed to make it safe for livestock. However, animals shouldn't be allowed to self-feed from a silo filled with frosted sudan or sorghum. If the silage is questionable it should be chemically tested by a local veterinarian or by letting one or two inferior animals eat it.

Now is the time to plant roses and anyone can grow roses, according to A. F. DeWorth, Head, Department of Floriculture, Texas A&M College. They may be planted in the fall or spring. In Texas, fall planting is generally preferred.

Aim for quality and you may also get quantity. Many gardeners try to grow too many varieties or too many plants. Given careful attention, Mr. DeWorth says that 10 well chosen varieties will produce as many flowers and give far more pleasure than 50 poorly tended plants.

Essentials for success with roses are: proper planting, a sunny location and well-drained soil. Start with No. 1 grade plants, and have the ground ready when the plants arrive. Make sure roots are never exposed to sunlight or drying winds.

For details on selection, soil preparation, pruning and care of roses, get a copy of TAP-1 — Roses For Texas — from your county agent or write the Agricultural Information Office.

Ladye Everett, Clyde Harris, Jr. To Wed

Mr. and Mrs. R. J. Everett, Sr., of Ozona announce the engagement of their daughter, Ladye Lillian, to Clyde Harris, Jr., son of Mr. and Mrs. Clyde Harris, Sr., of Arden Route, San Angelo. The young couple plan to be married November 21 in the First Baptist Church of Ozona.

The bride-to-be is a graduate of Ozona High School and is attending San Angelo Business College. Her husband-to-be is a graduate of Mertzson High School and is attending San Angelo College.

HOMEMAKERS CLASS

The Homemakers Class of the First Baptist Church enjoyed a "come as you are" coffee Tuesday morning in the home of Mrs. Hoyle Thompson. Present were Mrs. Mmes. Pink Beall, Ottist Pridemore, George Hester, Bob Franklin, R. V. Huff, Bob Pitts, S. E. Carnes, Clovis Womack, Estelle Simmons, Victor Foster, Bruce Mayfield, Wayne Mills, George Glynn, Dudley McCary and Homer Good.

YOUR GAME WARDEN REPORTS

With deer season just around the corner, I would like to remind landowners and ranchers who are going to lease their place for hunting about the shooting resort permits. The applications for these permits must be notarized. The applications may be picked up from almost any sporting goods store or license deputy. Then after they are filled in and notarized any Warden can issue the permit and record book. I would like to ask that all ranchers keep as accurate record as possible on the game that is killed or wounded on their ranch. This will help the Game Commission and the Commissioners of your county to determine the game laws and regulations which will be best for the county.

The deer season opens Nov. 16 thru Dec. 31, bag limit 2 buck deer, each with at least one pronged antler. .22 caliber rifles using rim-fire ammunition shall be unlawful in the shooting of deer, elk, and antelope. Also it shall be unlawful to shoot at or take any game animal or game bird from any type of motor-powered vehicle or boat under sail or power, and from any public road of highway.

Going back to the starting of dove season, Sept. 1st, there has been seven game law violations detected: 1 hunting from auto on public road, 4 trespassing, 1 fishing without license, and 1 hunting without license. A total of \$241.00 in fines have been paid with three cases still pending. For a county with as much game as we have here I think this is a very small number of violations. But I would like to see that number brought down to zero. Of course, there are some cases that go undetected but with the co-operation of everyone we can eliminate these too. I would like to remind everyone that any time I can be of service to you please call me. My phone number is 2-2115. Here's wishing good hunting and fishing to everyone.

Yours truly, Bun Carpenter.

LADIES GOLF ASSN.

Mrs. Lloyd Sherrill was hostess at the country club last Thursday for the regular play of golf and bridge. Blind bogey in golf went to Mrs. Joe Pierce and she also won low net in trophy play. High score in bridge was won by Mrs. Early Baggett, low by Mrs. Jess Marley and cut by Mrs. J. S. Pierce III. Others attending were Mrs. Charlie Black, Mrs. Dempster Jones, Mrs. Lindsey Hicks, Mrs. V. I. Pierce, Mrs. C. O. Walker, Mrs. John Childress, Mrs. Hillery Phillips, Mrs. Hugh Childress, Jr., Mrs. George Bunker, Mrs. Sherman Taylor, Mrs. Boyd Clayton, Mrs. Nelson Long and Mrs. Byron Williams.

Crisp styling and air-cooled engine in CHEVROLET'S COMPACT CORVAIR

An aluminum, air-cooled engine mounted at the rear is among a multitude of mechanical features Chevrolet has originated for its all-new Corvair. A car that seems small only when you park it, the Corvair boasts "big car" roominess and performance due to a long-term engineering study of compact design. Low, fleet styling in accord with American tastes, a unique suspension system and unitized body-frame construction are among other features in the six-passenger four-door sedan. All 1960 Chevrolet cars will be on display in dealer showrooms on October 2.

Newlyweds Honored At Community Center Tea

A tea honoring Mr. and Mrs. Sammy Martinez, Jr., newlyweds, was given at the Ozona Community Center Sunday afternoon. It was Mrs. Martinez' first visit to Ozona and she was introduced to a large group of friends.

A program was presented by soloist, Mrs. H. B. Tandy and special numbers were presented by the Choralliers.

Mrs. Francisco Lopez, Mrs. Reyes Cisneros and Mrs. Napoleon Vitela were hostesses and carried out the bride's colors in the refreshments and table decorations. Miss Irma Cardenas, sister of the bride, was seated at the guest book.

Mrs. Martinez is the daughter of Mr. and Mrs. Jesus M. Cardenas of San Antonio, Texas. The groom is the son of Mr. and Mrs. Sam Martinez of Ozona. They will make their home in San Diego where Sammy is employed.

Out-of-town guests were: Mr. and Mrs. Jesus M. Cardenas and daughter, Irma Marie, of San Antonio; Mr. and Mrs. Ernesto Castro, Mr. and Mrs. Pedro Galindo and Mr. and Mrs. Santos Lopez of Sonora; Mr. and Mrs. Armando Figuerra and daughter, Welma, from San Angelo; Roberto Martinez, brother of the groom, from A&M College and Gustavo Barrera of Port Isabel, Texas.

LADIES BIBLE CLASS

The Book of Acts was the study of the Church of Christ Ladies Bible class at the church Wednesday morning. Teaching the class is Darrell Brawley, minister. Visiting the class was Silas Howell, evangelist from Llano who is conducting a meeting at the church through Nov. 1. Others present were Mmes. Charles Annette, Darrell Brawley, Hubert Baker, Leon Blankenship, Ed Cranfill, Charlie Fuller, T. C. Goodman, Paul Hallcomb, Peery Holmsley, R. H. Knox, J. W. Owens, O. D. Paulk, P. T. Robison, Lilly Smith, O. L. Sims, Ray Valadez and J. B. Miller.

CROCKETT HOSPITAL NEWS

Patients admitted to hospital since October 20th: Mrs. Tom Smith, Ozona, medical; Mrs. Wm. B. Means, Ozona, obstetrical; Mrs. Johnny A. Poynor, Ozona, obstetrical; Mrs. Lilly Horton, Ozona, medical; Ray Dunlap, Ozona, medical; Jesus R. Sanchez, Ozona, medical; Miss Grace Johnson, Ozona, surgical; Mrs. Monroe H. Allen, Ozona, surgical; Mrs. Gerald Dintus, Ozona, obstetrical; Mrs. Phillip Smith, Ozona, medical; Mrs. Aubrey Vines, Ozona, medical. Patients dismissed: Mrs. Ernest Sparkman, Mrs. Woody Mason, Scott Tyrrell, Robert Cox, Mrs. W. P. Conklin, Mrs. L. D. Odstracil, and Mrs. Phillip Smith.

GIVE THANKS
for the blessings of your life in this free land

Think how many of the blessings of your life depend on peace. Your family's happiness, your children's future, even your restful sleep at night. Every Texan can help maintain the peace by investing in U.S. Savings Bonds. Improved interest rates provide 3 1/2% interest in less than 10 years.

During November, sign up for Savings Bonds where you work, or buy them where you bank. The goal — to keep peace in the world — to keep us free.

BUY U.S. SAVINGS BONDS

Fall in love with your car again...

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible. We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

Ozona AFS Wins—

(Continued from Page One)

28. Gary Bingaman intercepted on Ellington's 38. The play went back and forth until Ellington's Augustinia scored from the 20 and Lewis ran the extra point. Score at half time was Ozona 21, Ellington 20. 3rd period:

At the beginning of period Cox and Coskrey, Mr. Inside and Outside of Ozona's offense, brought ball down to the 2 yard line where Coskrey plunged over. Brimlow ran extra point and score was 28-20. Ellington tied it up when Augustinia scored from his own 32 and Lucas Kicked for 2 to make the score 28-28. Ozona snapped back when Brimlow passed 34 yards to Riddick for another TD, but Augustinia made a long run on the kickoff to tie again at 34-34. Ozona finally pulled ahead for good at end of third period when Harold Cox ran the ball back to the 35, and Brimlow passed to Olmstead for 21 yards, and Cox scored from the 9. Extra point attempt failed and score was 40-34. Towards the end of the period Hagg of Ellington ran all the way on kickoff but it was nullified because of clipping. With the ball on Ellington's 15 Duke Zeitz made a bruising tackle forcing Hagg to fumble and Ozona's Johnson recovered on the 11 as the period ended. Score 40-34. Ozona. 4th period:

Cox on first play went all the way while the kick for extra point was wide, making the score 46-34. The next score resulted when Lewis fumbled on Ozona's 23 and Zeitz recovered. Dick Brimlow passed to Abernathy who made it to the 36, then Brimlow ran it

to Ellington's 30. Harold Cox ran it to the 12 and John Coskrey scored his second TD on the next play. The kick failed and score was 52-34. Ellington's Lewis again fumbled, this time on his 28, and Herring of Ozona recovered. Harold Cox took it to the 18 and then to the 13 for a first down. Cox plunged to the 1, and then Cox was over. Ronnie Bullock ran the extra point and score stood at 59-34. Again Ozona's sparkling defense shone when Ozona's defensive end Jack Johnson intercepted a pass on the 35 of the Ellington territory. Dick Brimlow passed 45 yards to Carol Abernathy in the end zone. Extra point failed and score read 65-34. Ellington showed they still had some life when Lewis ran 40 yards for TD and Augustinia ran extra point to make score 65-41. The final score of the game occurred with 30 seconds left when Brimlow uncorrected another of his TD passes to Bullock on the end line. The game ended with Ozona humbling Ellington 71-41.

The game, which was hard fought for three quarters but turned into a rout in the fourth, emphasized that coach Chas. Jenkins' outfit's constant training and practice pays off. Most noteworthy example is that Ellington completed only one pass in the whole game. The members of the Ozona team also wish to express their appreciation to Mr. and Mrs. Tom Carroll and daughter, Vicki, of Ozona who spent nine hours driving for 386 miles to see Ozona AFS play at Houston Sunday.

BROWNIE TROOP 2

Brownie Troop No. 2 members were unable to make their planned hike at the last meeting because of bad weather and spent their meeting time making Halloween masks and playing games. Hostesses for the next meeting will be Connie Hubbard and Jackie Gaud.

Lions Chew Owls—

(Continued from Page One)

backed 28 yards for a score with just seconds gone in the third period. Meinecke added the extra point and the score rose to 20 to 0.

Following the Lions kickoff, which Big Lake failed to cover and the referee blundered on by blowing his whistle, the Owls were forced to kick and the Lions took over on the 34 and were off to the races again. Parker once again covered the last two yards and this time Meinecke went over for two to bring the score to 28 to 0.

The game was turning into a rout and seconds later the Owls lost the ball on a fumble, and Jim Doran raced twenty yards for another Lion marker on the first play. Muggins Good ran over the two points and the scoring for the night was over.

Coach Hickman relieved Jones at quarter, sent Doran in at fullback

and Good and Friend at the halves with Meinecke taking over at quarterback. But this was no favor as the Lions moved from their own forty-five to the Big Lake five on three plays and Coach Hickman sent in instructions to kick a field goal on first down.

Kenny Mann blocked the field goal effort but Johnny Jones recovered for the Lions and Ozona emptied the bench for the balance of the game.

B. B. Ingham, Ray Moxley, Deeny Holden, Mark Baggett, and Billy Semmler all were outstanding on defense during the brief period following the half.

The Lions ran up 247 yards on the ground and another 110 in the air while the Owls garnered only 41 yards rushing and 102 in the air.

The Owls went aloft 29 times, completing 8 and getting 4 intercepted, while the Lions threw 19 times, hitting on 6 of them and having two fall into enemy hands.

First-down wise, the Lions held

a modest 12 to 7 edge but were hampered all through the game by eight penalties which cost the Lions 90 yards, in addition to ruling out several nice plays which would have accounted for a good deal of additional yardage as well as points.

Tony Parker led all ball carriers with 65 yard on 11 carries who was closely followed by Muggins Good with 52 yards on 10 efforts. For Big Lake, Miller managed 10 yards on 10 runs.

TACKY PARTY

Epsilon Sigma Alpha Sorority held a tacky party Monday night in the home of Ann Mullins. Jenny Collins as co-hostess. Present were Sarah Boyd, Mary Mester, Jo Lou Chapman, Betty Mester, Marjo Pello. Guests included Miki Ratliff, Marge Wain and Betty Joiner. Games were played and refreshments were served. Prize for being the best went to Mike Ratliff.
