Machinery For Registration Is Ready Here

Head Registrars Are Named; Draft Board Announced

Machinery for registering all men between the ages of 21 and 36 under the first peace-time selective service act in the nation's history is all set to function in Crockett county on registration day, October 16, it has been announced by George Russell, county clerk, local official designated by the governor to be responsible for providing registration facilities and personnel.

Under the provisions of the law, each precinct in the county must have a registrar and provide the opportunity for registering every man in the precinct subject to registration under the act. The county clerk was charged with the duty of naming registrars in each of these divisions and with the distribution of the registration forms, pen and ink, etc.

The principal place of registration in this county will be at the courthouse, where E. B. Baggett, Jr., has been named chief registrar. Other registration points will be at the polling places in the various precincts of the county, with the following registrars named for each: Jeff Owens, Watt Turner, Charles Black and R. A. Williams. Houston Smith, Ozona attorney, has been designated as local supervisor, his appointment being made by District Judge W. C. Jackson of Fort Stockton. District judges over the state were charged by the governor with providing legal talent for the guidance of registrars and those required to register under the act. Registrars will be asked to recruit the necessary corps of assistants to handle the registration. All will serve without pay.

Every male citizen of the United States and every male alien residing in the United States who on October 16 has reached the age of 21 and has not reached the age of 36 is required to register, with certain exceptions, notably men in the armed services, diplomatic corps, etc. Registrars will record on the registration forms answers given by the registrants to questions asked on the form and will fill out a form giving certain information known to the registrant.

136,000 Pounds Fall Wool Sold Here At 30 Cts.

Clyde Young and Rudy Vaughn Purchasers Of Local Clips

Thirty-cent fall wool became a reality for a group of local producers early in the week when two buyers took approximately 136,000 pounds of the short clip from the Ozona Wool and Mohair Co. warehouse here at the 30-cent price.

Clyde Young, buyer for Winslow & Co., bought around 100,000 pounds Monday at the local warehouse, included in the shipment being made this week were clips of J. C. Montgomery, George Montgomery, Beecher Montgomery, Peery Holmsley, Henry McGhee, Oscar Davis, Mrs. George Montgomery, Walter Dudley, Boyd Clayton, W. E. Friend Jr., Jake Young and Brock Hoover.

Rudy Vaughn bought three clips, around 36,000 pounds, for E. R. Greenwood, at the 30-cent figure. This purchase included clips of Tom Smith, Bascomb Cox and Jones Miller.

Around 350,000 pounds of wool was taken by buyers in a buying spurt Monday at San Angelo, Ozona, Sanderson and other points in the territory. Fall wool went at 30 cents and 12-months length at 32½ to 35 cents.

They Stole the Show

Hightower

Montgomery

Two sensational sophomores stole the show in the first appearance of the 1940 Texas Christian football team. Harmon Hightower raced 62 yards for one touchdown and intercepted a pass and ran 30 for a second counter. He carried the ball six times in the 14 minutes he was in the game, averaging

12 yards a try. Beecher Montgomery speeded 79 yards against the Centenary Gentlemen to add his 6 points to the Frogs' total of 41. Both boys won high praise from Coach Dutch Meyer. Hightower came to T. C. U. from Paschal High, Fort Worth; Montgomery from Ozona. Both boys weigh around 155 pounds.

Property Values In County Reach New High Level

Total Of \$6,247,405 In Renditions For 1940 Taxes

Crockett county's property valuations for tax purposes climbed to a new high this year, according to figures taken from the county tax rolls, which have just been approved and returned from the Comptroller's office at Austin.

Taxable values in the county this year mounted to the record high of \$6,247,405. This figure represents an increase of nearly \$100,000 over valuations a year ago.

On the basis of this valuation, tax receipts for the county, with 100 per cent payment, would be \$62,474.05. The school's part of the collection is potentially \$42,387.60, and the state's \$38,502.73.

The tax rolls show a total of 1,788,881.77 acres of land rendered for taxation number 1,483, and cattle 12,415. Sheep on the tax rolls total 352,744 and goats 23,420. Automobiles and trucks from 1936 models up (older models not rendered) number 440.

Jones Miller was the first in Crockett county to cross the tax collector's palm with silver this year. Bascomb Cox was a close second when he paid off the government account yesterday.

Payments made during the first collection month, October, receive a discount of 3 per cent from the total tax bill. November payments are discounted 2 per cent and payments in December receive a 1 per cent cut. The full amount must be paid after January 1.

Auston Smith, Son Of Mrs. M. E. Smith, Dies In New Mexico

Auston Smith, a son of Mrs. M. E. Smith of Ozona, died at 3 o'clock this morning at his home in Hope, N. Mex., according to work received by members of the family here this morning.

Mr. Smith would have been 68 years old on his next birthday, November 14. He is survived by his wife, his mother, and three sisters, Mrs. J. L. Toole of Lamesa, Mrs. Tom Casbeer and Miss Lee Smith, both of Ozona.

Mr. Smith had been a member of the Methodist church for approximately 20 years. Death followed a paralytic stroke suffered several days ago. He had lived in Hope the past 15 years.

Sheriff Undergoes Amputation of Left Leg in Govt. Hospital

Sheriff W. S. Willis of Crockett county is reported improving steadily this week following an operation performed Friday morning in the veterans hospital at Legion, Texas, near Kerrville, in which the popular local officer's left leg was amputated just below the knee.

The Crockett sheriff has been suffering from a circulatory disease and spreading infection in the leg for several months. He spent several weeks in a San Angelo hospital before being taken to the government hospital at Legion to receive care as an ex-soldier of the World War. Treatment was continued there until physicians finally concluded that amputation was necessary.

N. J. Wardlaw Hurt In Car Accident

N. J. Wardlaw, rancher living south of Ozona, suffered a broken jaw Monday night when a pickup in which he was riding, driven by a ranch employe, collided with a bridge near the Wayne West ranch.

Mr. Wardlaw left Ozona with the ranch hand to start shearing and delivering lambs the following day. A tire blew out on the pickup, and the driver lost control and crashed into the bridge. Mr. Wardlaw was brought back here for treatment. The driver suffered minor bruises.

'Hitching Post' Name Chosen For School Annual

Sales Drive Launched; Book To Be Published In Spring

"The Hitching Post" will be the title of the 1940-41 annual to be published by students of the Ozona high school.

This title was selected by a vote of the student body at a spirited election held the end of last week. The name for the publication was chosen from a list of four or five titles submitted by a committee. Among titles suggested were "Maverick," "Longhorn," "Grass Burr," "Cactus," "Westerner," etc.

The title is considered appropriate in view of the fact that the annual, to be published toward the end of the school year in 1941, will carry the theme of county progress.

Dallas Man Is New Owner Of Ozona Theatre

W. V. Adwell Buys From Kersey; Plans Improvements

W. V. Adwell of Dallas, sales representative of R. K. O. Radio pictures for the past 20 years, became owner of the Ozona Theatre last week when he purchased the theatre equipment from J. R. Kersey and leased the building in which the theatre is located, owned by Mr. Kersey, for a two-year period, which option for renewal.

With the sale of the theatre equipment, Mr. Kersey, Ozona postmaster for nearly 20 years, ends some 22 years in the motion picture business. Mr. Kersey bought the 1918 version of Ozona's show house from Kenneth Cox when the latter moved to San Angelo to go into the automobile business. Mr. Kersey a year or so later sold the show to Mr. and Mrs. Bill Grimmer, who operated it until it was destroyed by fire. The town was without a show for a year or two until Mr. Kersey re-established a theatre in an old sheet iron building located on the corner where the postoffice is today. The show operated in this location until the new building was completed in 1926.

Mr. Adwell's son, Bernie Adwell, will be the theatre manager here, the elder Adwell to continue his connection with RKO pictures. Mrs. W. V. Adwell, who has had considerable experience as an exhibitor, will remain here for a few months to assist in management of the theatre. Bernie Adwell is married, the couple having one child, a boy.

The Adwells announce that extensive improvements to the local show house are planned, including new seats, improved projection equipment, screen, etc. New bookings are also being made, and with their long experience in the films promise Ozonans the best pictures available.

Lions Invade Rocksprings In Search Of Win

Locals Hoping For Revival During Last Half Season

Coach Dan Patterson's Ozona Lions will make another attempt to break into the win column in the current season next Saturday when they invade the stronghold of the Rocksprings Bulldogs at Rocksprings.

The Lions last Friday night absorbed a 26-0 drubbing at the hands of a rampaging Iraan team under the lights at Iraan. The locals fought the Braves to a standstill through the first half, but superiority of reserve strength began to make itself felt in the third quarter, and in the fourth, the Braves ran wild. The Iraan scrimmage was a non-district tilt.

Undaunted by four straight losses, Coach Patterson's lads have been digging in all this week in preparation for giving the best they have on the Rocksprings grid next Saturday. The following Saturday, the locals will be back on the home ground with another district opponent, Menard, on tap for the day's hostilities.

BUILDING NEW HOME

Rapid progress is being made by contractors in construction of the new home being built here for Mr. and Mrs. A. O. Fields. The new frame dwelling is being built on a lot across from the home of Mr. and Mrs. Buster Augustine.

Mary Frances Bean, daughter of Mr. and Mrs. George Bean, underwent an appendectomy in a San Angelo hospital Sunday. At last reports she was resting well.

PLAN PROPOSED HERE TO CREATE WATER DIST. BUY WATER, SEWER PLANTS

\$85,000 Bond Issue Would Be Used To Buy Water Works, Provide Improvements, Buy Sewer System

Creation of a Water Control and Improvement District embracing the townsite of Ozona, voting of an \$85,000 bond issue for the purpose of purchasing the privately owned water works system here and the county-owned sewer system, and for extensions to the water works plant and distribution system is envisioned in a proposal placed before the Commissioners Court by a San Antonio bond company at a special session of the court yesterday.

The plan in brief proposes a vote by the people, providing sufficient signatures on a petition asking for such election are secured, on the issue of creation of what is to be known as Crockett County Water Control and Improvement District No. 1, embracing the townsite of Ozona, for the issuance of revenue bonds in the sum of \$85,000 by the district for the purchase of the water works system at \$50,000, the sewer system at \$10,000 and extensions to the water system costing \$25,000 and election of a five-man board of supervisors for operation of the water and sewer systems.

SPROUTING WINGS

Jake McCulley, former Ozona teacher, will do his first solo flight as a fledgling in Uncle Sam's flying corps sometime this week, according to word received by friends here. Jake has had 8 hours flight training at Hancock Field School of Aeronautics at Santa Maria, Calif. He averaged 95 on all tests and was lauded by training officers as giving the best performance out of a class of 89 flying cadets.

Second Producer In Noelke Pool To Deepen, Shoot

Lewis-Graham No. 1 Noelke State, second producing well brought in on the W. T. Noelke ranch in western Crockett county, is to be deepened 50 feet and shot in an effort to increase production, it was announced this week. The well is an east offset to Soma No. 1 Noelke, discovery well.

After deepening from 1,100 to 1,150 feet, the operators plan to shoot with 65 quarts of nitroglycerin from 1,064, top of the pay, to 1,100 feet. The well was completed early in July with a daily potential of 162.14 barrels. It flowed naturally 30.4 barrels of 34.1 gravity oil in 4½ hours on official test. It is 330 feet out of the southwest corner of the southeast quarter of section 30-GG-HEAWT.

Amerada No. 1 J. S. Todd, half mile west outpost to the Todd deep field 15 miles northwest of Ozona, swabbed 32.6 barrels of oil with only 1.6 barrels of water in 15½ hours, indicating success in shutting off salt water by recementing back from 5,912 to 5,880. Swabbing was continued.

Dr. Barton Will Preach Sunday At Methodist Church

Dr. K. P. Barton, district superintendent of the Methodist churches in this district, will preach at the morning services Sunday at the Ozona Methodist church, Rev. Eugene Slater, pastor, announced this week.

Next Sunday will be the last Sunday in the present conference year, and Dr. Barton will hold the last quarterly conference of the local church at 2:30 Sunday afternoon. Rev. Slater will preach at the evening services.

Registration Of Aliens Slowed By Scarcity Of Forms

30 Registered Here To Date; One Hollander, Rest Mexican

Approximately 30 aliens have been registered at the postoffice here, it was announced this week by J. R. Kersey, postmaster.

Requests have been received from between 50 and 75 others for the registration forms, the postmaster declared, but the department has had difficulty in supplying the registration forms. The forms are received in small lots and persistent efforts to get an adequate supply have so far failed.

All of the registrants so far have been natives of Mexico with one exception. One native of Holland, now overrun by the German war machine, registered at the local office. He is a member of one of the exploration crews operating here.

Work of alien registration and fingerprinting is being handled by Mrs. Marion McBee. All aliens must have been registered not later than December 26. It is estimated that nearly 200 will register here.

OZONA STOCKMAN

Published Every Thursday at Ozona, Crockett County, Texas

W. EVART WHITE, Editor and Publisher

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter Under Act of Congress, March 3, 1879.

SUBSCRIPTION RATES:

One Year \$2.90
Six Months \$1.25
Outside of the State \$2.50

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected up on calling the attention of the management to the article in question.

THURSDAY, OCTOBER 10, 1940

The Fruits Of State Socialism

There is but one way to judge any system of government—and that is by what it produces for the great masses of those who live under it.

Today there is a struggle going on in the world between two diametrically opposed kinds of government. One kind is state socialism, which has spread over much of once-democratic Europe. The other is the system of private enterprise, which is found, with one or two minor exceptions, only in the English speaking world. And here in our own country, where private enterprise has come to fullest flower, there are those who would have us abandon it in favor of some form of socialism, experiments in which are already under way.

It's up to the American people to make their choice. And that choice must be based on a thorough knowledge of the facts—of what the two kinds of government have been able to achieve. For that kind of comparison, Soviet Russia is the perfect example. State socialism has been practiced there longer than anywhere else—for more than 20 years. And the communists in our country are working 24 hours a day to "sell" their theories to us.

A short time ago the New York Times closed its Moscow Bureau, which it had maintained for 18 years, because censorship made it impossible for any correspondents, save Germans, to obtain accurate news. The Times representative, G. E. R. Gedye, sent his paper a long dispatch on conditions in the "workers paradise," on reaching Bulgaria in the way home. And here, according to this authority, are some of the fruits of long-established state socialism in a potentially rich nation of 160,000,000 ed on Mr. Gedye, seeking to buy people.

A horde of purchasers descend-household effects when he left Moscow. The wife of an important ambassador begged for old

kitchen pots and pans. Another ambassador sent a special messenger on the chance that Mr. Gedye might have some dog biscuits to sell or give away. People appeared at all hours to buy anything and everything, including worn-out wearing apparel.

"Hopes of a second-hand pair of boots," Mr. Gedye wrote, "the rumor that some store has a few oranges, a foreigner who might be induced to sell an old shirt or raincoat—these are the questions that agitate the average Soviet citizen." Even the government, he added, finally had to admit "serious deficiencies in almost every direction."

That is life under state socialism—and the statistics back up every word of it and more. One survey showed that a good woolen suit cost \$213, U. S. money, in Moscow—the equivalent of 115 days' work for the average worker. A suit of wool underwear cost \$28, or 15 days' work. In 1938, the average unskilled laborer received the munificent sum of \$12 per month.

America in depression is infinitely more prosperous than Russia in a boom. The same is true of other nations where state socialism—with all its destruction of liberties and private opportunity on top of its destruction of the workers' standard of living—has been forced on the people. The undeniable evidence from abroad should be sufficient to make the maintenance of our system of free, private enterprise the first thought of every citizen, regardless of his political affiliations.

"Most difficult problems are obtaining machine tools and skilled machinists."—Fortune article on plane-building. Anyway, we got the Japs nicely equipped.—Buffalo Evening News.

A World of Difference in a World of Difference

THEIR churches suffer pillage and burning OUR churches offer worship and learning

This Changing World

For many generations we have been taught literally at our mothers' knees, that the crowning glory of democracy is that every boy, however poor, has the opportunity of being the President of the United States. Mothers and fathers have told us that, their purpose being to put the light of ambition into our eyes. We have been told that no use of money can keep such a boy from his goal. We have been told that the genius of popular government is that democracy springs like a fair flower from the soil and from humble people, for most of our people are poor and humble, and one who has struggled out of poverty is best fitted to administer the affairs of this blessed nation. All this has been changed, we are now told. We are told that there is only one man who is fit to govern this Nation. We are told that the tradition of Abe Lincoln from the poverty-scoured timber flats of Hodgenville, Ky., and of Andy Jackson, born and reared in the backwoods Waxhaw county of South Carolina, is outmoded. We are told that only the scion of a rich, aristocratic New York family—a man who never had to work and who knows nothing of struggle and hardship close to clay and smell of sweat—is fit to be President. And if that

be true, then there is no more democracy, and the hopes of millions of poor young boys—their faces turned hopefully toward the sunrise—are dead.—Daily Oklahoman.

A Great Democrat

Grover Cleveland was a real Democrat and a great President. He revived the Democratic party following its slump in national affairs as the result of the Civil War and sectional differences. He lived up to his conviction that a public office is a public trust and the principle that it is the duty of the people to support the government, not the government to support the people. His son, Richard F. Cleveland, recalls that after serving two nonconsecutive terms as President his father was urged to take a third nomination. The Democrats were split over Bryan's money policies. They knew that Cleveland alone could unite the party in 1900. He was then only sixty-three, and he had the confidence of the country. Grover Cleveland declined to consider the offer. He said that he was "unalterably opposed" to a third term for any President. He added the weight of his opinion to the considered views of Washington and Jefferson. All three men feared the power of a third-term Presi

dent and the damage to American morale of playing up to the ego of an "indispensable man." Their views are the distilled wisdom of centuries of man's struggle to free himself of tyranny.—Indianapolis News.

Are You a Pack Rat?

When it comes to accumulations of useless odds-and-ends which are found in profusion in many homes, here's an excellent motto: "Burn the junk up—before it burns you up!"

A good many of us have characteristics of the pack rat. We hate to throw anything away. Old clothes, old magazines, old furniture, even old newspapers—all go into informal storage in attic or basement or closet. They may stay there for years, collecting dust and mold, with nothing dangerous happening. Again, they may not—fire, which feeds on such accumulations, may find them. And then all your possessions, no less than the junk, may go up in smoke.

Once or twice a year it would be an excellent idea to make a lit-

tle tour of your home to ferret out such hazards. Charities will be glad to have old clothes, furniture and reading matter. Anything that is useless can go to the junkyard or be destroyed in the incinerator. Be especially alert in going through workshop and garage—it is a common habit to leave cans of paint, varnish and other inflammable liquids open. Cleaning rags should always be kept in closed metal containers. Spillages of gasoline or oil should be at once mopped up.

Perhaps your home is free of such dangers. If it is, it is very much the exception. The chances are that hazards exist of which you know nothing—hazards that can be easily eliminated once discovered. Look for them now. Don't put it off until tomorrow—for tomorrow could be too late. Fire can strike tonight as easily as next week or next year.

"The only way to keep your health is to eat what you don't want, drink what you don't like, and do what you'd druther not."—Mark Twain.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Oct. 9.—BUSINESS—As draft-registration time nears, a natural question is: What will it mean in reducing unemployment? In numbers, of course, it will mean a reduction of pretty close to a million in the jobless ranks—either through selection of persons now unemployed, or by "making room" for such individuals when job-holders are taken. However, this particular phase of the defense program's effect on employment will be minor—compared to the general, total expansion of employment that is being produced by the program as a whole. A clue to the magnitude of re-employment contemplated is given in the report that five and a half million now-idle workers are "available" for defense industry work. These are persons actually registered with offices affiliated with the United States Employment Service, and a classified "inventory" of their skills has been compiled, with geographical groupings. The tip-off for job-seekers seems to be: Leave no stone unturned in making sure that you are registered with the proper authorities, and with full listing of your talents, even if they are merely clerical.

WASHINGTON.—With three-fifths of the money voted for defense spending already under contract, the re-armament program is slipping into high gear, so far as allocations is concerned. Even so, observers here guess there will be continuing demands for many more billions. One phase of this now in the offing is an expected recommendation, soon, from the bureau of roads for a multi-million-dollar program of fixing up our highways from the defense standpoint, including 2,000 new bridges.

The war and navy departments have acquiesced to the defense advisory commission's request that they refuse to let contracts to firms violating the federal labor laws. That undoubtedly will hasten compliance, without a challenge, by smaller concerns, though some major producers may stick to their guns and try to battle out their differences with the law, in the courts. But, in that case, they may have to knuckle under, anyway, under terms of the much-mooted Russell-Overton amendment to the selective service law.

WHO PAYS?—When businesses use laws—tax laws and others—to fight their rivals, it's the public and the national income that suffer, according to a consensus of some 750 experts of the National Tax Association at its annual meeting. Governor Lehman of New York pointed out that the net result of trade-stifling laws is behalf of special interests has been

Submarine 'Tuna' Is Launched

The \$6,000,000 U. S. S. submarine Tuna, being launched at the Mare Island navy yard, at Vallejo, Calif. The Tuna, authorized in 1934, was begun in July, 1939, under an appropriation voted that year. It will be commissioned early next year. The christening was performed by the wife of Rear Admiral Wilhelm Lee Friedell.

"to limit open competition, raise prices, lower standards of quality and, finally, to affect adversely the national income." Dr. Paul Nystrom, himself an independent retailer as well as marketing professor at Columbia university and president of the Limited Price Variety Stores Association—which represents 2,000 independents as well as chains—said "the real purpose of chain taxation is to put the chains out of business or at least restrict them so effectively that they may cease to be competitors of the wholesaler-independent system of distribution. He warned that if that kind of taxation spreads and is made to serve its full, ultimate purpose, "the consuming public will pay, and pay plenty."

BITS O' BUSINESS—Aircraft production is "keeping pace" in the defense program, says Commissioner William Knudsen after inspecting plants of Pratt & Whitney and Wright Aeronautical—they turned out almost 1,400 motors in September, exceeding expectations... Averages of private crop estimates as of October 1 indicate "little change" occurred in condition of major crops during September... American makers of household refrigerators this year had the best August in the industry's history, with sales double those for the same month of 1939—this in spite of the fact foreign sales, except for Canada, have steadily fallen behind last year, which in turn was poorer than 1938... Volume of modernization and repair work on homes

will be materially larger this year than for some time, with loans for such, under FHA, being 12 per cent higher for the third quarter than for any similar period since FHA was launched—and ordinarily it's the final quarter of a year that sees the largest volume of this work done.

THINGS TO WATCH FOR—At last, a catsup bottle that you can put right on even the most elegant table, and which you don't have to smack—it's called catsup buffet bowl, and comes in a twin package with a similar bowl of chili sauce... latest innovation in plastics is their use in football helmets, either transparent or colored... for gals habitually late for dates, a sparkling lapel pin in the form of a clock, with movable hands that can be "set" as reminder of an appointment.

Sleeping Sickness In Horses Appears In Southwest Areas

COLLEGE STATION, Oct. 9.—Sleeping sickness in horses and mules which has been found in North Texas is now making its way South and has made its appearance in the vicinity of Brazos county and in West Texas areas, Dr. A. A. Lenert, head of the department of veterinary medicine and surgery at Texas A. and M. college said Friday.

We have had approximately 20 cases of the disease recently and they all came from nearby Edge, Kurten, Normangee and Madisonville," he said. "We do not keep the animals in the hospital here but simply give them treatment and prescribe the nursing to be followed at home."

He explained that while the disease is infectious it is not contagious and can be prevented by inoculation done by a veterinarian. After the animal takes the disease early treatment may save it but in many cases it dies due to delayed treatment," he added, in advising preventive treatment.

"The animal may stand up alone for five or six days with the disease and still be cured but once it gets down the chance of recovery is very small," he explained.

Oil Industry In Stronger Position To Serve Than 1917

KILGORE, Oct. 9.—The American petroleum industry is in far better shape now to meet the very heavy demands of modern mechanized warfare than it was in 1917 for the much smaller demands of the first World War, George A. Hill, Jr. of Houston declared here Wednesday night. Mr. Hill, vice president of the American Petroleum Institute in charge of its division of oil production, spoke at the celebration of the tenth anniversary of the discovery of the East Texas oil field.

"Today the condition of the petroleum industry is wholly at variance with the conditions that existed in 1917," Mr. Hill said. "The number of producing oil wells in the United States is nearly twice that of two decades ago. New wells can be drilled five times as fast. Proven reserves of crude oil are nearly three times as great as those of 1917. The number of petroleum refineries has been doubled, and their capacity multiplied

'U. S. Can Lick Japan'

C. B. Burmwood, pilot to Gen. Chiang Kai-shek, says the U. S. can lick Japan in 90 days. Burmwood will return to China after visiting his mother in Chicago.

by four. Stocks of essential products are two to ten times as large as in 1917, and storage capacities are correspondingly greater. Land transportation facilities for oil are

more than twice as extensive, and marine, eight times as large. All of this was done voluntarily by the American petroleum industry, without government subsidy or favor.

"In view of these facts, it may be maintained with confidence that the oil industry is fully capable and entirely willing by voluntary, patriotic cooperation, and without the unnecessary and corroding influences of authoritarian control and compulsion to achieve the objectives of our national defense program.

38 Present For Meet Methodist Women's Society

The Woman's Society for Christian Service of the Methodist church met Wednesday afternoon in a worship program, led by Mrs. Rex Russell. The topic for the day was "Sharing Possessions." Music was provided by Mrs. V. I. Pierce and the scripture lesson was presented by Mrs. E. B. Baggett.

Mrs. Eugene Slater told a story of "Cheerful Giving," and Mrs. Bill Conklin discussed "Dividends of the Work in Japan and China." "Dividends on the Work in Sumatra" was discussed by Mrs. O. D. Busby, in South America by Mrs. Evert White, in the United States, Puerto Rico and Cuba by Mrs. W. E. Friend Jr., Mrs. W. R. Baggett and Mrs. Minnie Crumley. A vocal solo was presented by Mrs. H. B. Tandy.

Thirty-eight members were present. Included, besides those named above, were Mrs. Alvin Harrell, Mrs. James Baggett, Mrs. Hugh Childress, Mrs. B. B. Ingham, Mrs. W. R. Cabaness, Mrs. Bill Littleton, Mrs. Ele Hagestein, Mrs. Scott Peters, Mrs. W. E. Smith, Mrs. Carl Colwick, Mrs. Joe Pierce, Mrs. Early Baggett, Mrs. Tom Owens, Mrs. Fleet Coates, Mrs. Max Schneemann, Mrs. Stephen Perner, Mrs. J. M. Baggett, Mrs. L. B. Cox, Mrs. Elton Smith, Mrs. Madden Bead, Miss Mary Riddle, Mrs. Joe Friend, Mrs. Bill Friend, Mrs. George Montgomery, Mrs. Charles Coates, Mrs. Charles Williams, and Mrs. Lee Childress.

METHODIST CHURCH
Eugene Slater, Minister

Calendar of Services:
Sunday school, 9:45 a. m.
Morning worship, 11 o'clock.
Epworth League, 7 p. m.
Evening worship, 8 o'clock.
Woman's Society of Christian Service, Wednesday, 3 p. m.
Choir rehearsal, Thursday, 7:30 p. m.

Attendance at all services last Sunday reached a new high mark for the fall. We are all grateful for this splendid interest, and we hope that our people will find within the fellowship of the church that which gives high faith and courage for Christian living. Dr. K. P. Barton, district superintendent, will preach at the morning service this Sunday. Dr. Barton will hold our last quarterly conference at 2:30 p. m. The pastor will preach at the evening hour. This is the last Sunday in this conference year. Come to church and bring your family and friends.

ESCAPES INJURY

J. H. Williams, Ozona grocer, escaped uninjured when a pick-up he was driving overturned in Midway lane early Sunday morning. Mr. Williams was on his way to the ranch which he and his son, Troy, operate north of Ozona. He lost control of the car and the machine plunged into a ditch and turned over. Mr. Williams, unhurt, got out and continued on to the ranch.

Ozona H. E. Group To Attend Future Homemakers Meet

Miss Allena Kinney, home economics teacher in Ozona high school and sponsor for the local

MISS ALLENA KINNEY

chapter of the Future Homemakers of America, will accompany a group of five girls from the local H. E. classes to Sweetwater next Saturday to attend the area meeting of Future Homemakers from Area 3 of Texas.

Mary Faye Lucas was named official delegate to the area meeting from the local group. In addition, Adele Keeton, Gem Ella Dudley, Alyné Hokit and Lottie Jo Owens will make the trip to attend the meeting. Future Homemakers from 42 West Texas counties will be in attendance. The Sweetwater session will open at 2 p. m. Saturday.

Officers for the coming year will be elected at the meeting and a song to be used by the area representatives at the state Rally in the spring will be chosen. Miss Florence McAllister, area coordinator, will be present for the session.

Mrs. Pon Seahorn Entertains At 42

Mrs. Pon Seahorn entertained her forty-two club with six tables of players Saturday afternoon in the banquet hall at Rendall's Drive Inn. Mrs. Claude Hill won high score and traveling prize and guest high went to Mrs. W. R. Baggett. Each guest received a prize from a grab bag at each table. Hot mince pie with whipped cream and coffee was served.

Guests included Mrs. Leslie Nance, Mrs. Audra Moore, Mrs. M. Johnson, Mrs. Lloyd Johnson, Mrs. A. E. Deland, Mrs. Buddy Moore, Mrs. M. Cox, Mrs. Bruce Drake, Mrs. Arthur Rynnion, Mrs. Claude Hill, Mrs. Marion McBee, Mrs. O. W. Smith, Mrs. Morris Dudley, Mrs. Minnie Crumley, Mrs. Charles E. Davidson, Mrs. Joe Friend, Mrs. Bill Friend, Mrs. J. A. Fussell, Mrs. Bill Conklin, Mrs. N. W. Graham, Mrs. Mary Flowers, Mrs. George Harrell and Mrs. W. R. Baggett.

Junior Woman's Club Meets With Miss Wanda Watson

International Good Will Day will be observed by the Ozona Junior Woman's Club when the group meets this afternoon at the home of Miss Wanda Watson, with Mrs. C. J. Van Zandt as assisting hostess.

The Club will study the "National Geographic Magazine" in its regular course of study on current magazines. Miss Totsy Robinson will be the program leader, with Miss Bess Terry and Mrs. G. L. Neersta having parts on the program.

CHURCH OF CHRIST
J. D. Moss, Minister

Order of services:
Sunday school, 10 a. m.
Preaching, 11 a. m.
Communion, 11:45 a. m.
Young people's meeting, 6:30 p. m.
Preaching, 7:30 p. m.
Ladies' Bible class, Wednesday 3 p. m.
Mid-week study class, Wednesday evening, 7:30.

Good interest prevails in all services of the church. The young peoples meeting that was begun two weeks ago is growing in interest. Programs are being rendered by members of the class and various social activities are being planned for the future. This class is a class training the young people for service in the church.

Young and old should find time to develop their spiritual life. These are times when this is sorely neglected and never has there been a time when it is more needed. This cannot be done effectively unless we remember our Lord on the first day of the week in worship, study and service. How would you like to live where there are no churches, nor Christians? What have you done to help the church or to make this a better community? Let us think seriously. "Come let us reason together."

LAS AMIGAS MEETS WITH WANDA WATSON

Miss Wanda Watson was hostess to members of Las Amigas bridge club when she entertained at her home Friday afternoon. Club members present included Mrs. Alvin Harrell, Mrs. Ele Hagestein, Mrs. Richard Flowers, Mrs. Bill Baggett, Mrs. A. O. Fields, Mrs. Arthur Kyle and Mrs. Rex Russell. Tea guests were Misses Bess Terry, Zelma Scott, Frances Sprawls and Allena Kinney.

High score prize went to Mrs. Richard Flowers and bingo award to Mrs. Ele Hagestein. Mrs. Bill Baggett drew the cut prize.

WESTS ARE HOSTS TO FORTY-TWO CLUB

Mr. and Mrs. W. E. West entertained members of their 42 club at their home Friday night. Guests included Mr. and Mrs. N. W. Graham, Mr. and Mrs. Clay Montgomery, Mr. and Mrs. John Bailey, Mr. and Mrs. Will Baggett, Mr. and Mrs. Monroe Baggett, Mr. and Mrs. W. R. Cabaness, Mr. and Mrs. Carl Colwick, Mr. and Mrs. George Harrell and Mr. and Mrs. Tom Harris.

Will Baggett was awarded high score prize for the men and Mrs. W. R. Cabaness for the women.

Refuses to Register

The Rev. Allen Lambert, 34, who, disapproving of conscription, told his congregation at Sinking Valley, Pa., that he would refuse to register for the draft.

MRS. ALICE BAKER FORTY-TWO HOSTESS

Mrs. Alice Baker was hostess to members of her forty-two club and a number of guests when she entertained Monday night.

High score prize for the men went to Dr. Sellers Moore while Mrs. Stephen Perner drew high for the women. C. S. Denham took the traveling prize.

Guests included Mr. and Mrs. Ira Carson, Mr. and Mrs. Denham, Mr. and Mrs. Stephen Perner, Mrs. Lowell Littleton, Mrs. Joe Oberkamp, Mrs. Neal Hannah, Dr. and Mrs. Moore, Miss Connor Maddox, Miss Margaret Butler, Miss Bess Terry, Jack Rollins, Mr. and Mrs. Hudson Mayes, Mr. and Mrs. H. C. Townley, John Bryant, Roland Allen, Dr. and Mrs. G. L. Neersta and Guinn Caruthers.

Mr. and Mrs. W. E. West are in Temple this week.

FIRST BAPTIST CHURCH
Clyde Childers, Pastor

Order of services:

You Can

Save 3% On Taxes By Paying In October

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, except poll taxes and first half payments, are as follows:

3 Per Cent Discount
On taxes paid on or before November 2

2 Per Cent Discount
On taxes paid Nov. 3 to Dec. 2, inclusive

1 Per Cent Discount
On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

John Allison Buys Mitchell Lands In Pecos County Deal

John S. Allison added to his extensive Pecos county ranch holdings in recent weeks by purchase of 15,825.6 acres of choice range-land from heirs of the James Mitchell estate. The land involved runs on two sides ranches already owned by Mr. Allison and the Allison Ranch company.

The total consideration in the deal was \$138,473, of which \$122,499 was cash consideration and the balance assumption of a debt to the state. The price was \$8 an acre.

The ranch is a part of the James Mitchell estate, and was received by the four children of Mr. Mitchell in a settlement in which their mother received other ranch lands. In turn the four heirs, J. C. Mitchell, Sanderson, W. C. Mitchell, Fort Stockton, John Mitchell and Mrs. J. C. Montgomery of Ozona, deeded the ranch to Mr. Allison.

The property is one of the best tracts of land in Pecos county, and is well improved. It is known as the Talley-Mansfield ranch, and lies about 25 miles south of Fort Stockton. It lies east of the Allison home ranch, and south of Allison's Lemons ranch, and joins the first two ranches.

Mr. Allison will stock the new ranch.—Fort Stockton Pioneer.

Father Of Rotary Rigs On Display At Oil Men's Meet

FORT WORTH, Oct. 9.—Oil's first rotary drilling rig will "spud in" the celebration here October 21-November 2 of the 45th anniversary of the birth of the Texas oil industry.

Powered by a blind mule hitched to a pole, the original rotary rig will drill again to open the anniversary convention of the Texas Mid-Continent Oil and Gas Association. The ancient rig, which was located at Corsicana by President E. L. Smith of the association, will be set up on a vacant space near convention headquarters here and drilling of a wildcat oil test started under supervision of the rig's owners, J. E. and C. E. Rittersbacher of Corsicana. Positively no stock in the wildcat test will be sold.

Making up the crews will be pioneers of the Texas petroleum industry who will don overalls again to work a "tour" apiece. Several Corsicana old-timers who either worked on Texas' first commercial oil well there, or watched it drilled, are expected to come to Fort Worth to see that the job is done right. The wildcat well will be drilled as deep as the rig and the crews permit.

The rig, built in 1883 for water well drilling in South Dakota, was brought in 1895 to Corsicana when news spread of the discovery of

Inventor and His 'Diatonic Torpedo'

J. Robert Fish, well-known inventor of Springfield, Mass., is shown at his New York hotel with drawings of his "Diatonic torpedo." The sketches show that when used as a mine the torpedo sinks to the bottom and stands upright, at an angle, depending upon currents. Friendly vessels may pass over the mine field safely by using a secret timber.

oil there. It was used to drill a number of oil wells at Corsicana, and was the predecessor of the rotary which brought in Spindletop field near Beaumont a few years later. Driven by a mule or horse, like a sorghum mill, the old rig is in decided contrast to a modern Diesel-powered rotary which weighs forty or fifty tons and will drill up to three miles into the earth. The original rotary can be lifted by hand.

No Loss In Status For U. T. Students Called In Draft

AUSTIN, Oct. 9.—University of Texas students called to arms in national defense won't lose either class rank or tuition, University Board of Regents have decided.

The University's governing board, following a recent meeting, issued a statement to the effect that, during the college year, any member of the military or naval service entering active duty would receive rebate on all but optional fees.

At the close of active duty, it was explained, such students may resume class work in the 1941-42 long session at the point they left off and with no loss of academic status.

Elam Dudley and Mrs. B. B. Ingham have returned from Fort Worth where Mr. Dudley underwent a successful operation last week for removal of a cataract from his eye.

Local Saddle Firm Makes 60th Saddle

Ozona Boot and Saddlery, owned and managed by Oscar Kost, this week heralded a business milestone. In six months operation, the saddle making department of the business has turned out a total of sixty saddles, the sixtieth going on the rack this week.

The firm employs three men in addition to the manager, Rex Newell is the saddle maker and Leo

Laushman, bootmaker, with Chapo Ramoz as assistant.

Mr. and Mrs. Joe Pierce were here this week from their ranch between Van Horn and Sierra Blanca.

Employment Service To Aid Job Hunters On Defense Projects

AUSTIN, Oct. 9.—Texans wishing to obtain work on the many national defense projects now

underway in Texas were urged today by Gov. W. Lee O'Daniel not to make "long and aimless trips" in search of such employment, but to report at once to the nearest office of the Texas State Employment Service.

"The worker has a far better chance of getting a place by contacting the employment service which is in the closest touch with all of these developments," the governor said.

ROTC Units Set Up At Texas University

AUSTIN, Oct. 9.—For the first time since the World War, when it was one of the country's largest aeronautical ground schools, the University of Texas this fall is "getting back into uniform." Already set up is a Naval R. O. T. C., and a green signal has been received from Washington for establishment of a Civil Aeronautics Authority pilot training course.

But the school's regular curriculum is likewise "polishing its buttons" quietly. This year's catalogue lists several new courses and a great many others which have been revamped—to turn out aeronautical engineers, doctors, natural resource experts and others who can step rapidly into place in event of an emergency.

Two new advanced degrees—in aeronautics and communications—are docketed by the University's College of Engineering.

New courses in both fields will supplement work available in all five engineering departments, which is aimed at training students in various industrial and technical fields vital in the event of a national emergency. W. R. Woolrich, engineering dean, pointed out.

SUPPORT THOSE LIONS

By George B. ArmentROUT
It seems to me that Ozona is the deadiest town that I know of when it comes to football spirit. The football boys play hard, but would play harder, still, if the town were behind them.

In Iraan last Friday night, the Lions quit playing real football after the Braves of Iraan scored a touchdown against them. I don't believe the Lions would have noticed so very much if there had been more Ozona people to cheer them on to victory. I sincerely believe that!

I am not casting any reflections on the band, pep squad, or faculty. The people that really count are the parents and relatives of the players themselves.

Some people say that Ozona just hasn't a good football team. Well, maybe it doesn't have the best team, but it's the townspeople's fault, not the coach's or players'. Of course, there is a limit to the above statement.

At a football game that I witnessed between Iraan and Elorado, the bleachers were filled with the people that represented the respective towns that played. The Iraan people threw every ounce of energy into trying to cheer their boys on to victory. The Elorado by-standers did likewise.

But when I go to football games, do I see many Ozona backers? You, the townsfolk, know I don't. There are, certainly, and thankfully, a few reliable members such as Mr. I. G. Rape, Mr. L. B. Cox, Mr. Fleet Coates, Mr. Charlie Coates Mrs. Strick Harvick, and others, to back the Lions in every possible way. These people mentioned are too few.

Next week Ozona plays Rocksprings in Rocksprings. Let's have a large, cheering crowd of Ozonians to help these boys out of the "ruts."

I'll see you all in Rocksprings, I hope!

Editor's Musings

By ADELE KEETON

*HIGH SCHOOL CONDUCT

There is much room for improvement in the conduct of the OHS Pep Squad at ball games. After all, girls, you do go to games to yell and not to stand at the bottom of the grandstand and run around. A part of the pep squad can't do any good with the rest of them not trying. I am sure that the boys would appreciate it if the girls would all yell together.

The conduct in band is improving. However, it can still stand more improvement. There should be no chunking of cedar berries, and no laughing and talking when you should be playing. The work would be much easier for the director if everyone would cooperate.

I feel sure that everyone knows how to conduct himself in assembly; nevertheless, our visitors would never guess it by the way some students act. They talk, laugh, chew gum, and do everything else that you would expect to see some one do who had never been taught. I am speaking to myself as well as to everyone else when I say that each pupil should compliment his family and himself by conducting himself well in assembly.

The study hall keeper would appreciate it very much if everyone would get his books before coming to study hall. There is too much talking and running around during the study hall period. Sometimes it is necessary to go to see someone else, but let's not do so much unnecessary running around, and help the keeper by studying during the hour that we are in the study hall.

Girls Volleyball Begin Practice

The volley ball girls met on October 1, in the Math room to discuss the details for volley ball practice. About 20 girls reported at the meeting with Miss Kinney, who is to be their sponsor this year.

It was decided that volley ball practice would begin on Thursday, October 3, from 4 o'clock until 5:30. The girls will have access to the gymnasium for this hour and a half until the boys begin their basketball practice, then they will adjourn from the gym at 5 o'clock. They will practice in shorts or slacks, whichever each girl wishes to wear.

At the first practice period, Gem Ella Dudley and Helen Mayes were chosen as captains. These two girls chose two teams consisting of all the girls going out for volleyball. The members of Gem Ella's team are: Lottie Jo Owens, Judith Williams, Ethel Mayes, Rozelle Pharr, Vera McCaleb, Mary Lee Brown, Sybil Luther, Zella Lee Thurman and Priscilla Baker.

The girls on Helen's team are the following: Alene Cooke, Billie Laxson, Lila Lee Cooke, Florence Luther, Mary Perner, Louise Bean, Joy Coates, Margaret Russell and Mary Elizabeth Gray.

H. E. Class Visits Mexican Center

The Homemaking II B class visited the Community Center House Monday to see how the government is cooperating with the civic organizations. This work is being done to help raise the standard of living of the Latin-Americans of this section.

Miss Bess Edwards of the extension department of A. & M. college, explained the process of making mattresses. First, the compressed cotton is weighed and placed in the sun. The mats of cotton are made from the compressed cotton. The ticks are then made and the mattresses are placed in the sun for 10 days. When they are completed they are given to the Mexicans who come and help with the making and who have an income less than \$400 per year.

Girls taking the trip were Gem Ella Dudley, Mary Faye Lucas, Dorothy Capps, Frances Bean, Adele Keeton, Jayme Chapman and Miss Alena Kinney, Home Economics teacher.

Grade School News

By PERNER-RUSSELL

FIRST GRADE—

The first grade has progressed with their home, which they are building. We have the walls finished and some of the furniture completed. We hope to have the whole project finished very soon.

SECOND GRADE—

The second grade started a butterfly collection last week. They made a net and a killing jar; they have quite a few already mounted. The children are quite interested in their new project. They have taken a special interest in the mounting of the insects.

FOURTH GRADE—

Birch Bark Canoe and Coon. Eddy Grimmer from Winfield, Iowa, sent the fourth grade a real birch bark canoe. This canoe was made by a little Indian boy in Tama, Iowa. There is an Indian Reservation at Tama. Eddy wrote that once a year the Indians have a celebration at which time the native dances are performed, bows and arrows, trinkets, made of beads and little canoes like the one he sent us are sold.

He sent two large ears of corn. He said he couldn't find any real Indian corn. The farmers just planted plain yellow corn this year. We certainly appreciate Eddy sending these things for our collection.—Billy Joe McDonald.

Mrs. Read had a surprise birthday party for Nat last Thursday. We all went to chapel and when we came back to our room, Mrs. Read was in our room with cakes and orange punch for us. We think Nat is the best secret keeper we have ever known. He didn't tell any of us about his party.—Lillian Schneemann.

(Continued On Page Seven)

STUDENTS BACK LIONS

The Ozona Lions met the Iraan Braves last Friday night at Iraan. The pupils of the Ozona high school had a shirt-tail parade on Thursday night in order to add more pep to the large supply the team already had. The posters and signs in the high school building seemed to indicate that the whole student body was really behind the Lions. Some of the signs and posters read as follows: "Beat Iraan Friday night," "Let's beat Iraan this week. Games over next week," and "Let's scalp those Iraan Braves."

The band's playing and the pep squad's yelling was hardly heard amid the deafening noise caused by the roaring of the Ozona Lions and the war-whoops of the Iraan Braves. Both teams played a furious game and were well backed by the pep squad, the band, and the people in the stands. Keep up the good work boys and never let it be said that a Lion gave up without a roar.

Musical Assembly Program Held Thurs.

The assembly program in the Ozona high school auditorium, Thursday, Oct. 3, was a picture show of three musical features. The three features were Paramount productions.

The first picture showed Russ Morgan and his orchestra playing a few of the different types of music. The orchestra played both classic and swing music.

The second picture displayed the music of the National Philharmonic Symphony orchestra. The orchestra, consisting of 122 pieces, played a few classic pieces and a march.

The last musical picture, entitled "Listen To Lucas," featured Clyde Lucas and his orchestra. Lucas gave illustrations of Hawaiian and Latin-American music. He also played a number of swing pieces.

The same picture show was shown again Friday morning at 10 o'clock in the Ozona high school auditorium.

THE Prowler

By Gem Ella Dudley

Early to bed and early to rise, And your girl goes out With other guys, Late to bed, late to rise, And your football letter Is the other guy's.

I was just wondering if some certain boys got their banana splits Saturday night. Did you boys?

Eddie, did you shoot many dove Sunday? By the way, what kind of doves were they?

A very merry mix-up. Letting air out of tires, leaving their license number, people getting sort of sore.—Say, what is this all about, anyhow?

The very idea! A band student going to a football game without her horn. Was it an accident or just—slips of the mind!

Was there a dance in Sonora Saturday night? There wasn't! What a shame! Oh well, better luck next time, boys.

Speaking of dances. How was the one in Iraan Friday night? For further information, ask Lila Lee.

Sug had some surprise company this weekend. How did you make out, Sug? And by the way, one of Sug's company mentioned a Bobby "somebody." It couldn't be Bobby Lemmons, of course.

I just can't let this column go by without mentioning Boochie. How did your trip from Iraan turn out, Boochie?

Joe B. was wishing Shorty was a girl because he's such a good dancer. So sorry, Joe, but maybe you'll find a girl that is equally as good.

The Sonora pep squad yell "Ha Cha Cha!" seems to have taken Stanley by storm. Isn't that so, "Bullfrog"?

George, what does M. E. G. mean? It seems to be written all over your notebook. Those letters must be very important to you.

(Continued On Page Seven)

Students Hold Shirt-Tail Parade

On Thursday night, Oct. 2, Shorty Colquitt headed a shirt-tail parade down through main street. There was a pep huddle and Lottie Jo Owens and Gem Ella Dudley were the pep leaders. About 10 or 15 shirts, one model-A Ford, and one junior boy were practically torn to pieces. The parade marched up main street in a zig-zag, had a pep huddle, stopped the traffic, went through the picture show and hotel yelling "Let's beat Iraan." Mr. Caruthers is said to have caused it all and having such a good time by doing it, the shirt-tail parade went to his house and demanded a speech. (The teacher was not prepared for a speech by being in the bath tub.) When the parade passed through the show, about half of the gang sat down and saw the show free. There was a good time for everyone, and I believe there'll be more of these shirt-tail parades, thanks to Mr. Caruthers.

Ozona Gets New Band Instructor

Cyril Pingelton, graduate of Hardin-Simmons University, is the new bandmaster of the Ozona Public Schools. He succeeds Mr. Norman Heath, who has moved to Memphis, to teach music.

Mr. Pingelton, son of Mr. and Mrs. C. A. Pingelton, Panhandle, Texas, plays the trombone.

"I have played the trombone ever since I was in the eighth grade," stated Mr. Pingelton.

As a soloist, Mr. Pingelton is good, as a player in a group, he is also good. He played twice at the state finals, and twice he played with another fellow to form a duet third division. Not bad, not bad at the state meet. The duet went to national, where it received all for amateurs!

Mr. Pingelton likes this little town very much, but he has his troubles with the students. (I suppose every teacher does.)

The members of the band seem to like this young fellow, 22 years to be exact, very much. The younger students feel that they have to show off to attract attention from the new bandmaster.

The members of the student body hope that this shy, quiet young man will be with them for a long time to come.

FACULTY PICNIC

The men of the OHS faculty gave a surprise picnic honoring the women of the faculty, Wednesday, Sept. 25, at the Baggett grove. Guests were entertained with a baseball game. The picnic lunch consisted of barbecue, pickles, olives and many other good things.

"Sweet Adeline" and "Home On the Range" were among songs that the group enjoyed singing after a hearty meal.

Present were Mr. and Mrs. C. S. Denham, Mr. and Mrs. L. B. T. Sikes, Mr. and Mrs. Dan Patterson, Mr. and Mrs. W. E. McCook, Mr. and Mrs. Neal Hannah, Miss Bess Terry, Miss Alena Kinney, Miss Mildred North, Guinn Caruthers, Miss Zelma Scott, Miss Ruth Graydon, Miss Frances Sprawls, Miss Georgia Williams, Miss Eleanor Neal, Cyril Pingelton, Miss Marzee Hammons, Miss Margaret Butler, Miss Margaret Hill, Miss Martha Hersey, Miss Vivian Weaver, Miss Catherine Chapman and W. S. Chapman.

Future Homemakers Hold Special Meeting

The Future Homemakers club met at 4 o'clock Monday, Oct. 7, in the history room.

The president called the meeting to order. She suggested that the club send flowers to Frances Bean, who is in the Shannon hospital in San Angelo.

The members of the club agreed and each member bring 20c to help buy the flowers. Instead of sending Frances one large bouquet, the club agreed on sending more than one.

Those present were Dorothy Capps, Gem Ella Dudley, Helen Mayes, Alyne Hokit, Lila Lee Cooke, Alene Cooke, Melba Cullins, Judith Williams, Mary E. Gray, Bertie Sue Brownrigg, Zella Thurman, Louise Bean, Margaret Russell, Lottie Jo Owens, Peggy Hokit and Miss Kinney.

Iraan Braves Scalp Ozona Lions

By "TROUT"

The Ozona Lions felt the sharp sting of the Iraan Braves' arrows when these two teams met on Iraan Park field, Friday, October 4.

The Braves started a rally during the third quarter to beat the Lions 26-0. The first half, however, was a game of hit and get hit, or in simpler terms, a tug-of-war. The Braves made a few more first downs, nevertheless, during the first act.

Coates, a regular lineman for Ozona, did not get to play any in the second half because he had injured his back. Wayne West, 280-pound back, took Coates place.

The Braves really went to town during the second frame of the game, making one touchdown five minutes before the third quarter ended. The rest of the pay-dirt plays were pulled in the fourth period.

The hard-hitting Indians kept the ball within the Lions' 40-yard line almost all the game. The disheartened animals lost all hope of winning the contest after the first score was made against them.

This was Iraan's first victory of the year, having lost to McCamey and Crane. This made the third loss for Ozona. Ozona tied Big Lake and lost to Rankin, Junction and Iraan.

Next week the Braves will play Rankin in Rankin. The Lions will play Rocksprings in Rocksprings.

FISHING-BASEBALL PICTURE SHOWN

Long ago some young boys started a game into which three to eleven players could enter or participate. This game continued to exist and to improve until today it is one of the best American sports.

Abner Doubleday in 1839 formulated playing rules. The first ball club of Philadelphia, organized in 1833. The game or townball was not the baseball of today, but resembled the boy's game of "one-eye-cat." The first club composed entirely of professional players was the Cincinnati Red Stockings, organized in 1868. Three years later, two national associations were formed to supervise both professional and amateur players. The National League started in 1876 with a membership of eight clubs. Nicholas E. Young was its first president.

The American Association was organized in 1882, and for a number of years there was considerable rivalry between the two leagues. The National and American Leagues, with their members of eight clubs, was placed on their basis in 1900. Six of the others represented have teams in both leagues.

Future Homemakers Hold Meeting

The Future Homemakers club met at the home of Frances and Louise Bean on Tuesday, Oct. 1.

The president called the house to order and the secretary read the minutes of the last meeting. The minutes stood as read. Old and new business was brought before the people to go to Sweetwater next week to the area meeting.

Adele Keeton made the motion to adjourn. The motion was seconded by Lila Lee Cooke.

Refreshments of cake and ice cream were served to Norma Lovelace, Adele Keeton, Mary Faye Lucas, Dorothy Capps, Cecilia Luther, Gem Ella Dudley, Mildred Luther, Margaret Russell, Lottie Jo Owens, Sybil Luther, Zella Thurman, Claudie Everett, Marjorie Ross, Frances Bean, Helen Mayes, Alyne Hokit, Alene Cooke, Melba Cullins, Judith Williams, Louise Bean, Peggy Holt, Mary E. Gray, Lila Lee Cooke, Billy Laxson and Georgie Nell Senne.

A Break

Sandy: Did ya na promise me a ham last week? McTavish: And that I did, neighbor.

Sandy: And why did I na get it? McTavish: The pig recovered.

"It's remarkable how those filling station people know exactly where to set up a pump and get gas!"—A Magazet.

OWENS-MAYES

SEEN . . .

Wayne sporting a new Oldsmobile, but no girls. We wonder why. Boochie riding a bicycle to school Monday morning. Are you trying to reduce, Boochie? Joy hitting herself in the head with a drum stick. It doesn't feel so good, does it Joy?

Georgie flirting with the freshmen girls. Freshmen, he works fast. He also was seen sitting with Rozelle Pharr in study hall. Shame on you, Rozelle.

Quite a number of Ozona girls at the Iraan dance Friday night.

Joy running up and down the aisles hunting books in the study hall. That's one way to reduce, Joy.

Zella Lee doing some fancy winking in study hall. My, my Zella!

Pris fanning herself with the feather from her hat.

Tom Ed and Jim Ad doing fine at the show Sunday afternoon. Did you enjoy it, Helen? We mean the show, of course.

Freshmen going around with signs on their backs. Those were very pretty, girls.

Some very pretty pictures on Vera's book report. My goodness, Vera, there were some very "hard-to-draw" pictures on there.

Lila Lee and Bertie Sue having a hair pulling fight in the auditorium Thursday afternoon.

Judith, Mary Elizabeth and Susie fighting over a little piece of candy. You shouldn't do that, girls.

Bud Cox crawling around on his hands and knees after school Monday. Bud, aren't you ever going to grow up?

HEARD . . .

Coach calling Rozell and Margaret little girls!

Adele saying she is catching on to it. We wonder what.

Joy and L. B. getting up a hot argument in algebra.

Eddie is a nit-wit. What about it, Helen?

That Claudia E. received a very sweet letter, from a certain someone in El Paso.

That Shorty has a letter-writing campaign or something started. Several sophomore girls have received letters.

Joe B. and Shorty doing some fancy dancing together Thursday night.

L. B. wants Texas to treat him as a daughter and make him pretty dresses from the flowers.

Florence caused a boy to have a wreck. You shouldn't be so pretty, Florence.

That people think Shorty is angry when he is only thinking hard. Shorty, you shouldn't think hard so much.

That it doesn't hurt Joy to "pop" her with a rubber band." Getting tough, Joy?

Roy objected to erasing the board. L. B. was a good sport and helped him.

L. B. telling a joke. About two minutes later Joy caught on. She was the only one who did.

That Susie and Melba disappeared Monday at noon. Did they come back, Judith?

That Gem Ella doesn't want Shorty to go to Menard. Wonder why, Gem Ella?

That Miss Terry was going to make the pupil who put "Let's" (Continued On Page Seven)

THIS BUSINESS OF Living BY SUSAN THAYER

"The Spark of Liberty"

There she stood on the platform before us—a woman, like the rest of us—yet different. For she had taken part in one of the most trying dramas the world has ever known.

for nights she slept on the floor. The final agony when old Marshal Petain announced the surrender of France. Having told us all she could of this tragedy of Europe which she had seen with her own eyes and felt with her own heart, she began to speak of the future and of our responsibility as a nation.

Grade School News— (Continued from Page Six)

FIFTH GRADE—

We have Good Citizens of the week. This week we have Joe Perry, Corinne Phillips and Billy Hoover.

SIXTH GRADE—

We elected our class officers for the year. We elected as president, Fred Currie; vice president, Jo Nell Coose; secretary, Myrtastine Hokit; reporter, Doirs Bean.

SEVENTH GRADE—

The Junior high is having a contest. Each person is to make a Fire Prevention poster and Mr. Denham is going to give a dollar to the boy or girl making the most original poster.

Officers Of Seventh Grade

Jimmie Reed, president; Arthur B. Phillips, vice president; Lowell Sweeten, secretary; Joyce West, treasurer, and reporters are Chapo Morrison and Ruth Townsend.

The Prowler— (Continued from Page Six)

Mary Lee, why did you want to ditch a certain out-of-town boy Sunday night? Eddie Cooke is very interested in a Barnhart girl. My goodness! The Ozona girls are slipping.

SAFETY

War, war and more war! Except this is a war between the editors of the "Senses" and "Prowler." It

ence seems to have the system. Anyway, it seemed that way Thursday.

Bill, you were being paged Sunday night. Say, where were you anyhow?

Questions over the ownership of a certain senior ring. Girls, you shouldn't be so careless with your notes!

Sweet letters! Sug, why don't you send the boy your picture and solve the problem?

Congratulations! No dates for Pee-Wee. In fact, the only time he came to town was to get a hair cut! My, my, what has come over him?

The Senses— (Continued from Page Six)

Beat Iraan" on the board to put an apostrophe between the "t" and the "s" in Let's. She didn't know that Mr. Caruthers put it on the board.

Someone asking if the president of the Press club, Georgie, needed a dress. Evidently you meant desk.

Jim Ad calling Helen "honey." That Joy enjoys tripping people when they start to get out of cars. It isn't quiet so funny, Joy, when

you fall on your nose.

That Peggy Holt and a number of other freshmen catching tadpoles out of other people's tanks. Peggy, why were you running so, that afternoon?

That Lila Lee gets Shorty's drinks for him. You generous thing.

That L. B. lies in bed until Kay Kayser comes on the air at nine o'clock. He also has to interrupt the League meeting on Tuesday nights to listen to Glen Miller.

Mary Faye spelling Iraan "Irran."

That the gossip ring in algebra class was interrupted by a "pay attention, girls."

Roy telling people to keep their shirts on in algebra class.

FELT...

Very worried, Gem Ella certainly was worried Wednesday night at Press club when she thought she heard her car going off.

Guilty conscience. People around the school grounds and with high school students are certainly watching their English since the error books have been finished.

Say: "I saw it in the Stockman."

"IRON MAN"

If Wendell Willkie is given a nickname, it should be "Iron Man." No candidate has ever made so strenuous a tour. He is making major speeches almost daily, plus dozens of brief, informal talks.

Willkie and his strategists seem to believe that his best chance

lies in being seen in person by as many voters as possible. And newsmen who have been following his tour, agree. He has proven himself an A-1 platform personality.

BLANK NOTES—25c per page at The Stockman Office.

WHAT A DIFFERENCE!

New paint and wall paper... blended with a little imagination... can work wonders with down-at-heel rooms! And the transformation will only cost a few dollars.

Fire Prevention Program In School Observed This Week

In observance of national Fire Prevention Week, special emphasis is being placed this week on fire prevention in the local schools, it is announced by the superintendent, C. S. Denham.

To call special attention to the dangers of fire, pupils of the Junior high school were required to make fire prevention posters which were entered in a contest, with a cash prize for first place. Ruth Townsend, pupil of the seventh grade, was first place winner in the contest. The posters have been placed on display in the Joe Oberkamp window.

In addition to the poster work, special fire drills have been held in both the Mexican school and in the elementary school. Themes on the subject of fire have been required of pupils in all the grades.

In a fire drill this week, pupils of the elementary school vacated the building in 65 seconds. W. C. Chapman, principal, reported. In the Latin-American school, the building was vacated in 50 seconds.

In fire drills, the pupils are instructed to leave the building immediately, but without running and in orderly, pre-arranged manner. They are not permitted to get their books, hats, coats or any personal belongings, the business of the moment being to vacate the building in the shortest possible time. Three successive bells is the fire drill signal.

'Hitching Post'

(Continued from Page One)

ress, next year being the 50th anniversary of the county's organization. The "hitching post," along with the livery stable, watering trough, the general store and the corner saloon was a necessary adjunct to community life in the early days of West Texas.

A sales campaign is to be launched among students this week, to secure advance orders for the books, to be delivered sometime near the end of the school year in the spring. The sales campaign is under the direction of Shorty Colquitt, business manager. The sales drive is also to extend to the citizenship of the town, the books to be made available to any who may desire a copy. The selling price of the book is now estimated at \$4, the purchase agreement form providing for payment of \$1 down, \$1 in January and the balance upon delivery.

Getting ready for his 35,000-foot parachute jump, A. E. Starnes of Chicago, seated, tests himself for the seven-mile leap. Wind is blasted against the chamois bag over his face at 200 miles per hour. The temperature in the cabinet is below zero.

Water Works—

(Continued from Page One)

water works system and \$10,000 on the sewer system.

Mr. Barlow also estimated proposed extension of the water system to cost \$22,500, including 3,000 feet of 8-inch mains, 2,900 feet of 6-inch mains, connections, 29 fire hydrants, a central well, power, motor, housing, etc., tank and other improvements. Mr. Barlow was to have been present for the court meeting Wednesday but threatened labor disturbances at the Corpus Christi base project prevented, according to a letter to Judge Davidson. He designated with his recommendation H. R. F. Helland of San Antonio as a competent engineer to handle the local proposal.

A petition to the Commissioners Court of Crockett county, bearing a detailed statement of the proposal, and directed to the Commissioners asking that body to call an election on the issue of creation of the proposal Water Control and Improvement District, with boundaries to coincide with those of the unincorporated town of Ozona, is being circulated this week. The petition sets out the boundaries of the proposed district, which will be subject to approval by the board of water engineers. If the petition is completed, with a minimum of 50 signatures declared necessary, an election on this issue will be

Annual P.-T. A. Stunt Night Program Set For Thursday, Oct. 17

Ozona Parent-Teachers Association's annual "Stunt Night" program has been set for Thursday evening, Oct. 17, in the high school auditorium, it was announced this week by Mrs. Stephen Perner, president of the association.

The "Stunt Night" feature was originally scheduled for Monday night, October 21, but was set up to Thursday night in order to avoid conflict with a Baptist revival meeting to be in progress at that time.

Cash prizes totalling \$7 are being offered by the association to winners in the stunt contest, \$5 for first prize and \$2 for second. All organizations, classes or groups in the city are invited to

enter stunts in the evening's entertainment program. Mrs. Perner and Mrs. Richard Adams compose the general committee in charge of arrangements, and organizations desiring to enter the contest are asked to communicate with either member of this committee.

After coming in from a 20-mile hike the officer in command of a negro company said, before dismissing them, "I want all the men who are too tired to take another hike to take two paces forward!"

All stepped forward except one big husky six-footer. Noticing him, the officer said, "Well, Johnson, ready for 20 miles more?"

"No, sah," replied Johnson. "Ah'm too tired to even take two steps."
