Top Honors Won By Crockett 4-H Club at Odessa

Baggett Brothers Win Fat Lamb Show, Jay Miller Reg. Sheep

Mark and Penn Baggett and Jay Miller, Crockett County 4-H Club members, made a strong showing and got into the championship circle at the Sands Hills Hereford & Quarter Horse Show at Odessa on Monday with their prize winning sheep.

Mark and Penn, who showed top fat lambs at every show in 1959, climaxing their wins at San Angelo with three of the four champions, got off to a good start in 1960, winning the champion and reserve champion honors with their fat lambs at the Odessa Show.

Mark showed the first place heavyweight finewool fat lamb and Penn the first place heavyweight lamb and fifth place heavy. The two first place lambs competed for the champion with Mark winning out with his heavyweight lamb. Penn then nosed out the second place heavyweight lamb for reserve champion honors.

Mark and Penn are not strangers to officials of the Odessa Show as both have won reserve champion honors in the past; Mark in 1957 and Penn in 1959.

Mark was presented a hand-tooled leather bag by the American Bank of Commerce of Odessa at the Monday night rodeo performance. Officials valued the bag at \$130.00.

Jay Miller served notice to youthful exhibitors of registered Rambouillet Sheep by making a strong showing in the Adult Rambouillet Sheep Show Monday afternoon. Jay won reserve championship honors with his first place ram lamb, also winning first place in the exhibitors flock class, Get-or-Sire Group, the first place ewe lamb and second in the Pen of Lambs class. Jay had fifth and seventh place ram lambs, tenth place ewe lamb, and third and sixth place two-tooth ewes. Pierce Miller exhibited the third place ram lamb and fifth place two-tooth ewe.

Scotty Henderson will show his two Hereford steers on Thursday morning. Competition is expected to be very strong in the steer show.

The livestock show will be completed Saturday morning with an auction sale of prize winning fat lambs and steers, which in the past has brought the youthful exhibitors very good prices for their livestock.

One Inch Rain Adds To Bright 1960 Prospects

Slow Falling General Rain Great Benefit To Ranch Country

The already bright prospects for another bountiful year in the ranch country in 1960 were given a still further boost early this week with a general, slow falling rain which brought total moisture of more than an inch to a wide area of West Texas.

Starting with a light mist Monday the rains continued almost without let up through Monday night and into Tuesday morning. Gauges in Ozona measured 1.38. Added to the approximate half inch which fell on the last day of the old year, the moisture will make fine winter grazing for livestock, provided the weather man will let up on the cold for a few days at a time.

Sheriff Billy Mills seeks re-election

Two Officials Of County Announce For Re-Election

Sheriff Mills, Commissioner Smith First To Campaign

This year's early primary elections, advance two months from the traditional July and August dates, has necessitated early launching of political campaigns and this week finds the Crockett county political pot begin to boil with announcements of two incumbent officials for re-election to their respective offices.

First in the swim in the new election year are Sheriff Billy Mills and Precinct 3 Commissioner U. S. (Rusty) Smith.

Sheriff Mills will be seeking a second term in office. Elected in the year when the office was designated for its first four-year term, the sheriff is beginning his fourth year in the office. Prior to his election as sheriff, Mills had served a number of years as deputy here and previously had served as a deputy sheriff in Coleman county.

Commissioner Smith is serving his second term as representative from the northwest segment of the county. His first term was for two years and his second for four, the present year marking his sixth in the office.

Both Sheriff Mills and Commissioner Smith offer their experience in the discharge of the duties of their respective offices as the basis of their bids for re-election.

The first Democratic primary in Texas this year will be on Saturday, May 7, and the second or runoff primary a month later, on June 4. February 1 is the deadline for filing for county, precinct or state office.

Bowling Tournament Is Planned As Benefit To March Of Dimes Drive

A bowling tourney for the benefit of the March of Dimes to be held Thursday, Friday and Saturday, January 14th, 15th, and 16th, is now being planned under the directorship of Chairman Liz Williams and with the cooperation of J. B. Miller of Miller Lanes.

Mrs. Jerry Hayes, Crockett Co. Polio Chairman, revealed that details for the tourney were still incomplete but that additional information will be available at Miller Lanes later this week.

Prizes for high scores by a man, a woman, and a couple will be awarded, with bowling in the tourney on a handicap basis.

The continued need for funds to combat polio and aid its victims was brought into focus this summer when the largest number of polio cases since the introduction of the polio shots occurred.

Thousands of Texas children and young adults have not taken advantage of the polio vaccine and the stricken victim today is in no way better off now than was his counterpart before the vaccine was available except in what polio dollars and dimes have done to improve treatment.

Three Teenagers Escape Death In Speed Accident

Latin American Trio Injured In Early Morning Crash

Three teenage Latin American boys miraculously escaped death in what Highway Patrolman Jackie Holmes described as "one of the most needless accidents" he has ever investigated at about 1:30 o'clock this morning when the car in which they were riding went out of control at the south edge of the city and turned over several times.

Under treatment this morning in the Crockett county hospital are Abel Munoz, Jr., 17, driver of the car, Carlos Vargas, 18, and Estalfo Vargas, 17. Neither of the boys is critically hurt, Carlos Vargas being the most seriously injured.

A 1956 Ford belonging to Johnny Ramirez and driven by Munoz was headed toward Ozona when it went out of control at the curve in Highway 163 at the south edge of Ozona, skidded more than 100 feet before leaving the highway, sheared off two guard posts, one speed limit sign, two fence posts and tore down more than 30 feet of right of way fence before coming to rest a total of 547 feet from the first skid, Patrolman Holmes said.

All three occupants of the car were thrown clear in the roll, Munoz being found 103 feet from the wrecked car in the pasture. No estimate of the car's speed was given but Patrolman Holmes reported one of the boys told him they were trying to "see how fast it would go."

Night Deputy Rex Fenton was first to arrive at the accident scene. Sheriff Billy Mills also assisted in the investigation. The car was described as a total loss.

Top Grid Talent Of District 8 A Banquet Guests

Lions Club Hosts All Dist. Squad Mon. Nite; Bridgers Speaker

By Ernie Boyd

The annual all-district football banquet, sponsored by the Ozona Lions Club, will be held in the Ozona High School cafeteria Monday night with Baylor football coach John Bridgers as featured speaker.

Corbett Smith, president of the Ozona Lions club, will be master of ceremonies in the program which will see the all-district offense and defense teams presented and awarded certificates in token of the honor.

The Glasscock sportsmanship award will be presented to the team voted by the Coaches and Superintendents as having displayed the best sportsmanship during the season.

Coach John Bridgers has just finished his first season at Baylor after having been line coach for the World Champion Baltimore Colts during the 1958 season.

Mr. Bridgers went to the Colts following a very successful tenure of duty at John Hopkins University in Maryland. While in college the young Baylor Coach played guard for the University of Alabama even though his size would seem to indicate that he must have been a very small college player.

Coach Bridgers took over a Baylor team that had not won a Conference game in two years and which had had almost its entire starting team plus most of its reserves lost in graduation. Despite this rather bleak outlook, Baylor managed to win two games in Conference play and already has other conference foes casting uneasy looks in its direction in anticipation of next season.

Coach Bridgers is expected to be accompanied to Ozona by his (Continued on Last Page)

UNCLE'S SAM'S DOUBLE-DEAL

Everyone who pays an electric bill or a Federal income tax or cares what inflation is doing to create poverty in the face of prosperity, should be pretty upset about our two kinds of electric power companies.

Seventy-six percent of our electric power comes from investor-owned utilities that paid of the nation's electric power is generated and sold by government-owned subsidized utilities that pay no Federal taxes.

The immediate result of this rank discrimination is that the customers of the private power companies pay about 13 cents out of every electric bill dollar for Federal taxes, while the customers of the government power operations and the electric cooperatives are virtually free of any Federal tax assessment.

E. Roy Gilpin, representing the tax-paying power companies before the tax-investigating House Ways and Means Committee in Washington, said that the heavy losses of Federal revenue can only become greater as time goes on. He pointed out that over the past 30 years the production of tax-exempt electricity had increased from five-and-a-half percent to 24 percent — and involved the takeover of "all or part of the pro-

panies of 190 tax-paying electric companies."

A recent study, Mr. Gilpin told the Committee, reveals that over the past 17 years this tax exemption has cost the Government \$2,700,000,000 in lost taxes, and will amount to \$11.5 billion of lost revenue in the next 17 years — unless this situation is corrected.

In facing up to the prospect of ever-increasing Federal taxes, the first thing for Congress to do would seem to be to remove this exemption that provides electricity to a favored few for as much as 40 percent less than the abused majority.

On The Heels of his startling announcement that he would not be a candidate for the Republican Presidential nomination nor play second fiddle on the ticket, New York's Governor Rockefeller reveals a plan to reorganize the state, cutting its 106 agencies to 41. If he does it, Nelse is a shoo-in for the Presidency in 1964.

The State Department is all for rewarding the Panamanian rioters who desecrated the Stars and Stripes — by flying the Panamanian flag over the Canal Zone. Such a US admission of Panamanian sovereignty leads directly to ceding the Canal — as some highly-placed, global-minded Washingtonians think would be just dandy.

Receiving the proclamation for the tenth annual statewide observance is John McKee (right), who has served as State Chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1950. Chief purpose of the observance is to induce more citizens — not only parents but all others — to visit the schools and see for themselves the functioning of our democratic system of education.

EDITORIAL

Ronnie Beall
Newspaper reading should become one of our daily tasks. Accepted by relatively few high school students, this pursuit in the form of informative edifications should be considered. By reading the newspaper almost in its entirety every day, we would come in contact with countless happenings and activities which otherwise would never enter the portfolios of our craniums.

In itself, newspaper reading, is not a dire necessity; however it is rapidly becoming a notable manifestation.

If we desire an increase in our knowledge of the world around us, and if we wholly desire to become more informed, we should consider this great American pastime.

EDITORIAL

Golda Goodman
The time of year has come that everyone always dreads. Semester tests are just around the corner. These tests are a "must" in our schools, and we need not dread them. For many of us, they will decide whether we pass or fail. It will also decide whether some of us do or do not make the honor roll.

If we would study or read our school notes during our study halls, instead of reading magazines, there would be a great difference in our

grades. Then we would not have to "cram" for exams.

In the study halls, most of the "A" students are constantly working. Then they don't have to work at home. If we would do that, life would be a lot happier and we would not have to worry so much about passing.

HONOR ROLL

The second six weeks honor roll was announced before Christmas by Principle J. A. Felto. An honor roll student must have an "A" average with no "C's". Band and P. E. are omitted.

The honor roll students are: (A star marks repeaters.)

THINGS 'N STUFF

Well, the holidays are finally over and everyone is once more scattered to the four corners. Students here at O. H. S. are making feeble attempts to collect their few scraps of information drilled into them before Christmas and prepare for mid-term exams.

Parties were abundant during the holidays and for the girls, bridge parties were the word. Wednesday Dec. 30 Sally and Ann Baggett had a luncheon and bridge party honoring Nancy Hunt from Sonora and on Friday Liz Pierce had a bridge party at her ranch. Tommy P. and Nonie C. spent

some of their holidays out of town, Tommy in Junction and Nonie in Albuquerque, N. M. Tommy reported fine coon hunting and Nonie — well Nonie just said "A rousing good time!"

Camille Adams had a visitor during New Year's, Clark Wood from Slaton. Clark is really nice to have around, especially when he gives such pretty sweaters for Christmas presents!

Thursday night Pleas Childress had a "Watch Party". There were refreshments, horns and firecrackers plus, Pleas and Mary Lou, Janet and Phillip, Jim and Barbara, Solly and Lynn Glass, Darrel R. and Gracie C., and Bob C and Judy B. After the party they all made a bee-line for the hill — and Linda M.'s house where they joined Tommy S. and Frances S., Ronnie B. and Peggy H., Bob M. and Janet M., Joe Foe, Johnny Cooper, Mark White, June B. and Alleane Y., for breakfast and dancing. Linda was also celebrating her 18th birthday which is on January 1st.

These were just a few of the good times had during the holidays and everyone is a little sad to see them go. Remember though! Be on your P's and Q's because Christmas is only 352 days away!

TESTING DAYS

Semester exams begin Tuesday, January 12 and end Thursday, January 14. Seventh period will be held on Tuesday, at 12:45, through 2:15. Regular school will be held that morning. Wednesday, first and third periods will be held in the morning; first starting at 8:10 and lasting through 9:40; third 10:00 through 11:30. Fifth period will be held that afternoon, starting at 12:45, lasting until 2:15. Periods two, four, and six will be held on Thursday; two at 8:10-9:40, four, 10-11:30, six, 12:45-2:15. A NEW BEGINNING

The Holidays have come and gone, and everyone has settled down to their regular routine of work.

When we reflect over the year that has just closed, we are made to realize how fortunate we are. We are thankful for the friendship, cooperation, and help that you have given to us so graciously. We resolve with this new year to strive to serve you better than we have ever done before.

N — Now is a new beginning
E — Each has the privilege to make —
W — Whether for good or evil —

Y — Yours—the decision to take.
E — Each day that we live, we write
A — A record for all to see —
R — Reflect! Rejoice! Repay—the things that are honest and right.

We feel sure that each one of you had a very pleasant Christmas, and that you were able to provide more for your family and loved ones because you had the privilege of using the credit extended you by the merchants.

Now is the time to show your appreciation and justify their faith in you, by paying your obligations by the Tenth, which is just around the corner.

"HOW ABOUT A LITTLE SPARE TIME?"

This is the time of year for tests, tournaments, and of course, book reports.

Each year English teachers issue book lists made up mostly of books that none in his right mind would read otherwise? The object of this is to make students write reports on these books periodically.

Teachers give the impression that these book reports are important. Actually, some of them may not even read these, and the ones who do, don't know much more about the book when they have finished reading the book report. The universal opinion of the students is that the sole purpose of the book report is merely to give us something to do in our spare time, possibly so that we won't have any spare time.

LOSERS WEEPERS!

Notes From The County Agent's Office

By Pete W. Jacoby

the major shows throughout Texas to only top animals that will bring favorable publicity to the county rather than unfavorable when inferior animals are shown to the public.

Three Crockett County 4-H Club members put Crockett County on the map at the Sands Hills Hereford & Quarter Horse Show in Odessa on Monday. Mark and Penn Baggett and Jay Miller are to be congratulated for their fine showing at the Odessa Show, competing against the best from throughout Texas.

A lot of people don't realize the good publicity a county receives from the winnings of these youthful exhibitors. Winning at major livestock shows is an indication to a lot of people that the livestock from that county is of the highest quality. Many direct and indirect benefits come to livestock producers in the county from such favorable publicity. 4-H members from Crockett County the past few years have limited their exhibits at

fits from the control. The chief value of controlling mesquite is to increase the density, vigor and productivity of palatable range forage species.

"Control of Mesquite on Grazing Lands" is the title of the new bulletin. Some of the factors influencing the effectiveness and cost of controlling individual plants, in thin, open stands by hand or power grubbing, oiling with kerosene and diesel fuel and basal application of 2,4,5-T and soil application of monuron are discussed in the bulletin.

Factors that influence the effectiveness and cost of controlling moderate to dense stands by chaining and cabling, use of heavy-duty brush cutters, root plowing and aerial application of 2,4,5-T are also discussed in detail.

The benefits of mesquite control include increased carrying capacity of grazing lands, reduced cost of handling livestock and more efficient use of other range improvement practices.

For a copy of this bulletin, write the Agricultural Information Office, College Station, or pick up one from the county agents office. The bulletin is B-935.

Ford, which has sold more station wagons than any other company, today announced the new Falcon station wagon as the latest addition to the economy car field. The two- and four-door station wagons, like the sedans, are powered with the 90-horsepower Falcon engine that gives 50 per cent better mileage than six-cylinder engines in standard sized cars. The Falcon station wagon has the longest cargo space and greatest load floor area in its class, as well as the lowest tailgate floor loading height in the industry.

Friends And Enemies Of the Garden Topic For Garden Club Meet

The Ozona Garden Club met Wednesday afternoon in the home of Mrs. J. B. Miller, with Mrs. Sherman Taylor as assisting hostess.

Mrs. Clay Adams conducted the program on Garden Friends and Enemies. Mrs. Evert White discussed making the garden a friendly place for birds. She listed several ways of attracting birds, including a place for bathing, feeders in safe locations, berries and flowers in the yard and leaves for scratching. Birds repay by destroying many insects and weed seeds.

A round table discussion on garden enemies was led by Mrs. Adams. Several members also told interesting bird stories.

The workshop on corsage making was conducted by Mrs. Bailey Post. Jan. 15 is Arbor Day and each club member is asked to plant a crepe myrtle as a local note of

landscape beauty.

Mrs. Clay Adams and Mrs. A. S. Lock were elected to represent the Garden Club at the Woman's Forum style show to be in February.

Others present were Mrs. Ira Carson, Mrs. Hudson Mayes, Mrs. Max Schneemann, Mrs. Glenn Sutton, Mrs. Lloyd Sherrill, Mrs. Charles Williams, Jr., Mrs. Paul Perner, Mrs. Morris Bratton, Mrs. Tom Clegg, Mrs. Harry D. Trulove, Mrs. Alice Baker, Mrs. Floyd Henderson, Mrs. Joe Clayton, Mrs. Cecil Hubbard, Mrs. Victor Pierce, Mrs. Stephen Perner and Mrs. L. B. Cox, Jr.

able assistant backfield coach Hayden Fry. Fry, a native of Odessa, was an all-state quarterback for the Broncos in the mid-forties when Odessa own one state title and was runner-up for another. Hayden played his college ball at Baylor where he played behind two of the Southwest's great quarterbacks, Adrain Burke and

Larry Isbell. Following his graduation in 1951, Coach Fry returned to Odessa where he became a very popular head coach of his own high school. When Bridgers came to Baylor, Fry was called back to his alma mater where he has not only done an outstanding job this year in coaching but has also marked himself as a top recruiter. One of the players lured to Baylor this fall was Ozona's Bobby Sutton.
