## Plans Shaped For 13th Annual 4-H Livestock Show

### Afternoon & Evening Events Set For Friday, Jan. 29

Plans for the 13th Annual Crockett County 4-H Livestock Show are all set with show committees set up to run the show Friday afternoon, January 29th. The show will get underway at 1 p. m. with the judging of breed- ing sheep, followed by cattle class- ing and fat lambs. J. E. "Spud" Sum, vocational agricultural teacher at Rocksprings will judge all classes of livestock.

The Ozona Butane Company will have a barbecue supper at 6:30 p. m. followed by the judging of champion and auction sale of fat lambs at 7:30 p. m.

Showing breeding sheep will be by Miller, Jay Miller and Pam Jones. Breeders represented will be Pierce, Pierce & Jay Miller, Eugene Miller, Pam Jones and Buster Jones.

Five fat steers will be shown. By Henderson will show two Hereford steers bred by Dick Hen- sen; Fred Baker, two Angus steers bred by Boyd Baker, and two Williams, a Hereford steer bred by Troy Williams.

Larry Williams and Larry Wil- son will show three registered Hereford heifers bred by Troy Williams.

Twenty-six 4-H members are showing fat lambs for the county.

They are Penn Baggett, 4 crossbreds bred by Vic Montgom- ery, Mark Baggett, 4 finewools bred by Eugene Miller; James A. Baker, 4 crossbreds bred by Jim Harvick; Diana Couch, 4 cross- bred by Jim Ad Harvick; Judy Couch, 4 finewools bred by Judy Barber, 4 cross- bred by Charlie Davidson; Fred Baker, 4 crossbreds bred by Davidson and 4 finewools bred by Boyd Baker; Jack Apple- ton, 4 crossbreds bred by Joe Davidson; Larry Williams, 4 crossbreds bred by Joe T. David- son; Larry Williams, 4 finewools bred by Henderson and 4 cross- bred by Troy Williams; Bob Jones, 4 finewools bred by Henderson and 4 crossbreds by P. L. Childress, Jr.; Rex Childress, 4 crossbreds bred by John Childress; Bob Caruthers, 4 cross- bred by John Childress; Eugene Coates, 4 finewools bred by Coates; Jimmy Baggett, 4 crossbreds bred by Joe T. David- son; Wainie Vinson, Jr., 4 cross- bred by John Childress; Eu- gene Coates, 4 finewools bred by Cotton Brooks; Larry Davidson, 4 finewools bred by Dick Davidson; Bill Ross Childress, 4 crossbreds bred by Eugene Miller; John Childress, 4 crossbreds bred by (Continued on Last Page)

Hart Johnson, Fort Stockton, is an announced candidate for his first elective term as judge of the 112th District Court. Judge Johnson is now serving on the 112th bench under appointment of Governor Daniel to fill the unexpired term of Judge Jim C. Langdon.

## Lions Win One, Lose One In Dist. Play During Week

### Locals Down Menard, But Fall To League Leading Junction

By Ernie Boyd

Coach Brooks Dozier threw a surprise at the Menard Yellow Jackets in Ozona last Friday night in using a two platoon basketball team at the Jackets, dropping them 48 to 41 in an overtime.

Using his seniors as one platoon and his underclassmen on another the Lions were down the Jackets and came on strong in the over- time to win a tense ball game.

Ozona's starting seniors played six minutes of the starting period before Menard ran up ten points and were trailing 10 to 7 when relieved. The soph-studded reserve lineup rapidly took charge of the contest and played the last ten minutes of the first half, going to the intermission with a 24 to 18 lead.

Menard came back strong in the third period and managed to edge ahead momentarily before the starters came back in and re- established the Ozona lead, which held up until the teams changed again with less than three minutes to go.

With the reserves missing free throws and failing to hit, the Menard crew crept into the lead with just forty seconds to go but Phillip Carnes hit and tied the score and a last second effort by Menard failed by less than a second to give the Jacket the win.

In the overtime, the Lions dropped behind on a free throw but Roy Killingsworth, the game's high point man for the Lions, hit a bank shot to send the Lions into the lead and then they salted a- way the contest as Johnny Jones and Killingsworth hit four free throws and Carnes hit another field goal to win going away.

Junction 10, Ozona 56  
The tall, powerful Junction Eagles walloped an outmanned but hustling Ozona Lions crew 70 to (Continued on Last Page)

## Ozona Student Member A-M Livestock Judging Team To Denver Show

College Station, Texas — The junior wool judging team of Tex- as A & M College is on the way to Denver, Colo., to try its skill in judging competition at the National Western Livestock Show, Jan. 15-23.

Charles Parker, instructor in the A&M Animal Husbandry Depart- ment and the team coach, said the group will compete with about 12 teams from other agriculture schools.

Team members are Henry Fitz- hugh of San Antonio; Carl Conk- lin, Ozona; Leroy Keese, Bandera, and Darrell Smith of Crane.

Judging will take place on Jan. 17 and the Aggies will return to A&M on Jan. 19.

## Polio Drive Meeting With Good Response, Chairman Reports

A good response is reported by Mrs. Jerry Hayes, March of Dimes campaign chairman for Ozona, to special donation letters mailed during the past week to business firms and individuals who might not be contacted personally in the drive which will continue through the balance of the month.

A recent bowling tournament brought approximately \$150 to the fund, Mrs. Hayes reported, and a benefit basketball game, sponsored by the Ozona Rotary Club, is set for the evening of January 30 between the Ozona Air Force Radar Station team and area coaches to be played in Davidson Memorial Gym. A "points for polio" contribu- tor list may be made up at one of the games in which the Ozona High School team participates in the current invitational basketball tournament at the local gym this week-end.

The March of Dimes campaign, with funds going to the National Foundation to combat crippling dis- eases of children and adults, will be climaxed here with the annual Mothers March on Polio, set for the evening of January 28. This is the annual "Porch Light" cam- paign in which residents who wish to contribute to the fund are asked to leave their porch lights burning to facilitate the work of the canvassing mothers. Mrs. James Childress is chairman of the Mothers March.

## Week Brings Severest Cold Of Present Winter

Winter's severest cold descend- ed on Ozona and West Texas this week, wiping out last week's rain clouds which brought more mois- ture to a well soaked range coun- try.

After three straight days of cold weather, with nightly tempera- tures to below freezing, the tem- perature sagged to a new low for the season early Wednesday morn- ing, with thermometer readings down to 17 degrees. Tuesday's high was in the mid thirties to set the stage for the Tuesday night low.

Predictions of area weather men yesterday were for more moisture clouds to return today and possi- ble rain or snow and sleet in prospect for the week-end.

## Inexperienced Ozona Girl Cagers Drop Two Games In Week-End

By Ernie Boyd

The Ozona Girls basketball team encountered tough sledding in the district 8-A race over the week- end as they dropped a contest to Menard in Ozona and then lost to Junction in Junction.

The Ozona girls stayed right with visiting Menard in Ozona until just before the half when the Menard team pulled into a five point lead but that was about all for the Ozona team for the night as Menard almost blanked Ozona in the second half to win an easy 85 to 16.

Strong rebounding by the Menard forwards in addition to a tight defense thrown up by the Menard forwards were just too much for Coach Jean Powers in- experienced and outsized crew.

Tuesday night the Ozona girls got a 35 point scoring performance by Beverly Alford but lost 46 to 39 to defending champion Junction.

Despite the prolific point pro- duction by the sharp shooting fe- line forward the Junction team pulled steadily away and was able to use reserves much of the final period.

## Texaco Spots Outposts In Northwest Crockett

Texaco, Inc., will drill the No. 1-DR State of Texas as a 3/4-mile northwest outpost to the Ranch (Straws) field of Crockett County, 34 miles northwest of Ozona.

Location is 900 feet from the south and west lines of 32-7-Uni- versity lands. Contract depth is 8,500 feet.

## James E. Nugent Is Candidate For Legislative Post

### Kerrville Attorney To Seek Post Vacated By Joe Burkett

James E. "Jim" Nugent, promi- nent Kerrville attorney, announced today his candidacy for State Rep- resentative from the 78th Repre- sentative District.

A native of West Texas, he has resided in Kerr County for many years and is a graduate of Schrei- ner Institute, the University of Tex- as, and did graduate work at Tex- as A and M College. He holds de- grees in engineering and in law.

He has long been prominent in civic affairs in Kerr County and was county attorney for a number of years. He was president of the Junior Chamber of Commerce. Nugent also served as a director of the state organization. He is a Bapt- ist.

Nugent stated that he expects to make a very active and vigorous campaign and will make it his en- deavor to contact every individual voter in the district personally by the time of the election. He is a firm believer in local self-govern- ment and, when questioned about a platform, stated it was in the pro- cess of preparation and a full and complete statement concerning his objectives would be forthcoming at an early date.

Nugent is married to the former Billie Merritt and has two child- ren. He is a veteran of World War Two.

## Joe Burkett Will Not Be Candidate For Re-Election

### Kerrville Representative To Retire At End Of Term

Joe Burkett, Jr., State Repre- sentative from Kerrville, today an- nounced he would not be a candi- date for re-election. Mr. Burkett stated that his decision not to seek re-election was based upon person- al reasons.

When questioned as to his fu- ture political plans, he stated, "At

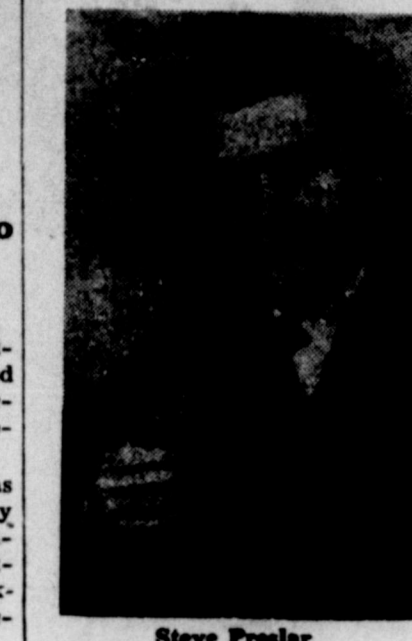

Joe Burkett

the present time I have no politi- cal plans."

"I would also like to take this opportunity to thank all of the people of the 78th Representative District of Texas, for their cooper- ation and assistance during the time I have had the honor to re- present them and the District. The future welfare of the District and its people will continue to be of in- terest to me."

Mr. Burkett was first elected to the State Legislature from the 78th District at a special election in November, 1951, and has served continuously since that time, and when his present term expires at the end of the year 1960, he will have served approximately 10 years.

Mrs. Paul Perner is in Odessa visiting her daughter, Mrs. C. D. Allen, and family. Mrs. Allen has been seriously ill but has been re- leased from the hospital and is recuperating at her home.

Steve Preslar

## McCamey Attorney In Race For 112th District Judgeship

### Steve Preslar Opposed Authorized Raise In Judge's Salary

Steve Preslar has announced that he is making application to the voters of Sutton, Crockett, Pe- cos and Upton Counties for promo- tion to Judge of the 112th District of Texas. He is presently serving his second term as County Attor- ney of Upton County and is not seeking re-election in keeping with the promise made when he first sought the office that he would not ask for more than two terms.

In addition to his County At- torney work, Preslar enjoys a suc- cessful law practice in McCamey in partnership with S. M. Swear- ington in the same location where Preslar practiced with Judge Jim C. Langdon until Judge Langdon's retirement from private practice to serve as Judge of the 112th Judicial District.

The Upton County attorney said he wanted it understood that he was not seeking the office because of the pay - increase bill which went through the last legislature. This was the bill which allows the four counties involved to pay to the Judge of this District, in addi- tion to the present salary, the sum of \$8,500.00 per year. Preslar stated that he was opposed to such bill for two reasons: "First, in principle, on the basis that the legislature should not spend its time passing one-man bills instead of legislating for the other eight million Texans; and, you will re- member that the last session of the legislature required two overtime sessions in order to write a tax bill and that they never did find time to do anything about the pay of school teachers. No one can quarrel with the proposition that to attract good men as judges you need good pay, but this is not the way to do it. Secondly, I am sat- isfied with the present pay of \$15,000.00 per year as being in keeping with the present work- load of the Court."

In making his announcement (Continued on Last Page)

## Ozona Couple To Get Degree At Southwest State Exercises Jan. 24

San Marcos — Thomas Lee Kin- caid, son of Mr. and Mrs. T. A. Kincaid of Ozona, is one of 100 candidates for degrees to be aw- arded in mid-year graduation ex- ercises at Southwest Texas State College. His wife, Ann Wicker Kincaid, is also a candidate for a bachelor degree in education.

The exercises will be held at 2:30 p. m. Sunday, Jan. 24, in Evans Auditorium on the SWTSC campus. Kincaid is a candidate for the BS degree in education.

Dr. Leland Derrick, dean of gradu- ate studies at Southwest Texas State, will deliver the commence- ment address.

Diplomas will be awarded by Dr. J. G. Flowers, president. Dr. Flowers said that a reception hon- oring the graduates and their re- latives and friends will be held following the exercises, in the stu- dent union building.

## Brackets Drawn For 29th Annual Cage Tourney Here

### Meet Opens Today For Three-Day Festival of Basketball

By Ernie Boyd

The twenty-ninth annual Invi- tational Basketball tourney opened at Davidson Gym at noon today with three solid days of varied and entertaining basketball in store for Ozona fans.

Tournament director Brooks Do- zier who is also Ozona's basket- ball coach had to re-set the brackets Monday following the last minute withdrawal of Grand Falls after Brady had been replaced by San Angelo B in some late scrambling last week.

Tonight's schedule of games, somewhat revised from the list last issued, will find San Angelo B and Ozona B going at 6 p. m. fol- lowed by Big Lake and Wall at 7:30 and Ozona and Rankin at 9:00 p. m.

Merton's surprising win over Wall in Wall Tuesday night marks the Hornets as a team to be watch- ed but favorites still remain Wall, Junction and ACCHS.

Miss Mildred North and her crew of girls have been hard at work securing housing for visiting teams planning to spend one or two nights while Miss Janie Hull has been preparing food and refreshments for the coaches and re- ferees who will be at the tourney.

Officials for this year's meet will be Pete Creasey of Midland, Lou Turlow of Midland, Truman Nix of Wink, and Buck Owens of Barn- hart.

The Ozona tourney is unique in that it is one of the few school sponsored and financed tourneys in the area. Most tourneys staged in the area and throughout the state are usually backed by local business establishments who contribute the money with which the trophies and awards are bought. The Ozona tourney has supported itself through its gate returns and has thereby become somewhat of a freak.

The tourney is run by the staff of the Ozona schools and for this reason no school will be held Friday as has been the custom for many years.

## Ozona Boy To Show Hereford Heifer In Houston Junior Show

Larry Williams, 4-H Club boy, Ozona, Texas, has entered his Hereford Heifer in the Junior Breeding Beef Heifer Division in the 1960 Houston Fat Stock Show & Rodeo.

The 28th exposition will be held February 24th through March 6th.

Entries exceed 11,000 and in- clude fourteen breeds of cattle, four registrations of horses, eleven sheep breeds, Angora goats, six- teen rabbit breeds, about twenty poultry breeds and nine rabbit breeds.

The show offers more than \$200,000 in awards with \$160,142 specifically for the livestock divi- sions.

## Continental To Drill Pennsylvania Wildcat

Continental Oil Co. will drill a 8,400-foot Pennsylvania wildcat in Crockett County, 1/2 mile south of Texcon and 1 1/2 miles west of the World, West (Straws) field. It is the No. 1-F-C-T. Harris.

Location is 900 feet from the south and 1,900 feet from the west lines of 13-3-WCRR.

The World, West (Straws) field produces from approximately 6,100 Shell Oil Co. and Brown Wheel- er, et al, Midland, will drill the No. 2-K Hobbs as a location south- east offset to its 1-K Hobbs. The 2-cent 3/4-mile south extension and into Crockett County of the Con- nect, South (Devonian) field, now miles southwest of McCamey.

Location, on a 220-acre lease, is 770 feet from the east and 900 feet from the west lines of 10-21-5800-C. Contract depth is 8,500 feet.

## School Band Feature For Meet Mon. Night

Parent Teacher Associa- tion regular session Monday at the high school auditor- ium. Mrs. Martin Harvick, presiding.

Ozona High School band, under direction of Corbett presented a program of

**THIS MAY DO US GOOD**

Nikita Khrushchev's grandstand play before the Supreme Soviet — the announcement that the USSR as the most formidable military force in the world would cut its armed forces one third and add "incredible" new weapons to its arsenal — achieved the necessary headlines to rock the free world. But the purpose or purposes of this tour de force and evaluation of the Kremlin master's boast of strength are still to emerge. That this was an elaborate bit of window dressing to impress his fellow conferees at the forthcoming summit is a reasonable surmise. That Khrushchev expects this massive gesture to be accepted as an honest and forthright move to end the cold war or to lure the western powers into disarmament on his own terms is less likely. To say that these men are not needed in view of the mysterious new super-weapons, however, could be a persuasive argument.

What we may be sure of is that there will be no unemployment among the 1,200,000 Russian soldiers, sailors, marines and flyers if, as and when they leave the services. Despite the Khrushchev boasts that production of both industrial and consumer goods are exceeding the quotas of the Seven Year Plan, critical shortages are reported and it can be assumed that those separated from the military will be deployed into the factories and farms. Nor should we forget that the faceless Russian is no more his own man out of the army than in it. If and when the Kremlin wants him back in uniform, back he goes — but quick. We might recall, too, that similar manpower cuts totaling about two

**THE AMERICAN WAY**

Not Much Left to Take

million have been announced before, but there has been no way for the allies to know what reductions, if any, were actually made.

The Khrushchev boasts are grim. Their effect on the peoples of the world should not be discounted. We in the US should be concerned over Soviet gains in labor productivity over our losses; a 1958 crop of 94,000 engineers in Russia against 35,000 here. We doubt Soviet military supremacy. But we'd better work as if the Russians were ahead — assuming that any time they are sure they can take us over, they'll try.

**ATTENDS ORGANIST MEET**

Mrs. R. Q. Harris, Jr., of Sonora, Texas, was in Midland last Monday evening to attend a dinner-meeting of the newly organized West Texas chapter of the Ameri-

can Guild of Organists. This chapter will serve most of West Texas, including the San Angelo area.

**DIRECTORS RE-ELECTED**

Twenty-three voters cast ballots January 12 for the re-election of two members of the board of directors of the Crockett County Water Control and Improvement District whose terms expire this year. Re-elected to new terms on the board were Lowell Littleton, and James Baggett. Hold-over members of the board are Sherman Taylor, W. E. Friend, Jr., and Gene Williams.

**THE ENLISTED MEN'S WIVES' CLUB**

The Enlisted Mens Wives' Club met January 20th at the recreation room for their monthly business meeting. The group had

**Marching Mothers to Collect Facts, Funds**

"If you can answer no to the questions inside, be thankful! If you must answer yes, take hope!"

American mothers will carry this message to over 30 million homes this month. The mothers, volunteers in the annual Mothers' March for the New March of Dimes, will be seeking information and support for The National Foundation's fight against birth defects, arthritis and polio. These cripples, initial targets in The National Foundation's campaign to prevent crippling disease, affect the lives of one of every four American families.

**Two Million in March**

An estimated two million women will join the nationwide mothers' appeal for facts and funds. In most communities the mothers will march Thursday evening, Jan. 28, bringing to a climax the New March of Dimes January campaign.

The mothers will present each household with a copy of "Door Count," a concise fact-finding folder in which a family may indicate if any of its members has a birth defect, arthritis or polio and how many have had three or more Salk vaccine shots. Each family record will be confidential.

**Salk Shot Reminder**

The Mothers' March door count will focus family and community attention on the majority of Americans still without Salk shot protection against paralytic polio. It will remind the unvaccinated to start shots in time for summer polio protection and it will help communities plan local programs to further encourage

	CHECK		If yes, write number of persons who were

SEAL HERE

This questionnaire will go to more than 30 million homes in every part of the country to provide information about three crippling diseases that affect one of every four American families.

the widespread use of Salk vaccine.

Although the house-to-house poll is in no way planned as a statistically valid survey, the sum of information taken in the door count will provide a working estimate of the number of persons suffering from arthritis; the number born with birth defects and the number who have been victims of paralytic polio. This tabulation will help guide National Foundation county chapters in formulating local programs to aid the disabled.

Mothers making the house-to-house door count will also seek contributions to the New March of Dimes for its attack on birth defects, arthritis and polio. The New March of Dimes is combating these disabling disorders with the same effective weapons used to conquer paralytic polio: medical scientific research to find causes, cures, preventives; patient aid for medical care; and training for medical workers needed to treat the sick and disabled.

Two million mothers like this one will conduct a house-to-house door count this month seeking information and support for the New March of Dimes campaign against birth defects, arthritis and polio.

as guest Mrs. Brown, Muriel Fleagle's mother, visiting here from Baltimore, Maryland.

All meetings will be held in the recreation room until further notice. A door prize will be raffled off at each meeting.

Events coming up soon will be a "coffee" Feb. 7th at Mira Sager's home for all enlisted men's wives:

A bake sale is scheduled for March first.

The next social meeting will be Jan. 26th, 7:30 in the recreation room. Muriel Fleagle and Carolyn Calking will be hostesses, and a white elephant bingo will be played.

We invite all NCO and Airman wives to attend.

### Report to the People

**THE MATTER** of big money has been an increasing topic of conversation in Washington this week. Two statements in President Eisenhower's State of the Union message has brought this talk of big figures. One was the President's request to raise the 4 1/4% interest ceiling on long-term government bonds; the other was his statement that prospects are good for a \$4.2 billion budget surplus at the end of fiscal year 1961.

A certain fight is looming on the first proposition. Mr. Eisenhower and his Secretary of the Treasury contend the government must have more financial freedom in selling its bonds. The Administration says it can get takers now only for its short-term bonds, maturing in less than five years, to which the interest ceiling does not apply. Currently, those bonds are going for an interest rate of close to 6%. So long as investors can get the short-term bonds for that figure, says Mr. Eisenhower, they simply will not accept a lower rate of return on long-term issues.

But many students of finance feel that interest rates in general will rise sharply if the ceiling rate is hiked again on the long-term bonds, and history bears them out. Not only could this lead to another round of inflation, they say, but it will cause the already top-heavy cost of handling the national debt to increase even more. These critics of the Administration proposal point out that the fiscal year 1960 budget cost for carrying charges on the national debt is almost \$9 billion and it should not increase.

**THE OTHER MATTER**, that of the President's announcement of an expected \$4.2 billion surplus in the new budget going into effect July 1, 1960, has met a mingled reaction here. While almost everyone can see the desirability of hav-

ing such a surplus to be applied toward the national debt, all will admit that from a realistic standpoint such a rosy prediction may not be justified. In the first place, the President bases his guess on several intangibles: a record-high gross national product, extension of certain corporate and excise taxes at their present level, record business tax revenues, adoption of new taxes by Congress that are not at all assured, to name a few. Quite inaccurately, many people believe the President's estimate is based upon budgetary receipts, expenditures and services already "in hand" but actually it represents little more than a hopeful desire upon his part. It might be said with only slight exaggeration that the President could have guessed the budget surplus at any figure from zero to infinity without missing any more than he might on the \$4.2 billion figure.

**WHILE THE NATIONAL** debt has grown rapidly the past few years, you may be surprised to learn that, percentage-wise, the debt at other government levels and the private debt as well, has grown even faster.

In the past 15 years, local and State government debts have risen by 400%, and the private debt (consumer goods and materials financed on payment plans of various types) has increased by about 300%. During the same period, the Federal debt has increased by 5%.

If you are as concerned as I am with the increasing cost of government and the size of our national debt, you may be interested in knowing that the slide-rule boys say that since our gross national product has more than doubled in the past 15 years, we are theoretically far better able to carry the load now than we were in 1945. Likewise, they say the national debt is \$400 per person less now than it was 15 years ago, based on a pro-rata basis.

### LADES GOLF ASSN.

The Ladies Golf Association met Monday for golf play and Thursday for bridge at the country club. Mrs. Ashby McMullen won low net in golf play Monday. Bridge hostess Thursday was Mrs. Larry Albers. High score award went to Mrs. Jess Marley, low to Mrs. Nip Blackstone and cut to Mrs. Lindsey Hicks. Others attending were Mrs. V. I. Pierce, Mrs. John Childress, Mrs. Hugh Childress, Jr., Mrs. George Bunger, Mrs. Hillery Phillips, Mrs. Jack Williams, Mrs. C. O. Walker, Mrs. Charlie Black, Mrs. Boyd Clayton, Mrs. Sherman Taylor, Mrs. J. S. Pierce, III, Mrs. Vic Montgomery, Mrs. Early Baggett, Mrs. Joe Pierce, Jr., and one guest, Mrs. Boyd Baker.

FOR SALE — Three bedroom house. Carpeted. Central heat. Two bathrooms. Telephone 2-3059.

### Mrs. Bessie Matlock, W.J. Hendrix Wed Here

Mrs. Bessie Matlock and W. J. Hendrix were united in marriage at 6:30 p. m. last Friday in the home of Mr. and Mrs. Bob Stephens. The ceremony was read by Rev. Hugh Stiles, pastor of the Calvary Baptist Church.

Wedding guests included Mr. and Mrs. Dan McBroom and son, Mr. and Mrs. Marshall Wiswell and daughter, Mrs. Hugh Stiles and Mrs. Matlock's two daughters and their families, Mr. and Mrs. Gene Harrison and Mr. and Mrs. Bob Stephens.

The couple will make their home in Anson where Mr. Hendrix is in the trucking contractor business. The former Mrs. Matlock was employed as a nurse in the Crockett County Hospital for several years.

FOR SALE — Three-bedroom home. Extra lot, fenced backyard, double garage with large storage room, large kitchen, central heat. Phone 2-2221.

## EDITORIAL

### WHAT IS YOUR IDEA?

Priscilla Stewart

"It is something that has to be worked for," Dr. Bill King, said, a few years before his death. "It is like some people do in typing. The rules say that you must practice to be a great typist. Others say that one must have coordination, or in other words be born with the ability to type." Isn't it true that if a person has the ability to type, and yet doesn't put that ability to work, that he will never become a good typist? And the other way around? If a person has no ability, he can practice in the correct way, and accomplish what he wants.

This is the same way that a person can become a great doctor, lawyer, or anything that he has the mind to become. You have to have only the will to do something, and you can accomplish it if you work hard enough. Success can be counted when a person has accomplished what he has set out to do. Whether it is to become a great doctor, lawyer, athlete, teacher, or just to live right day by day, throughout one's life, that person has accomplished something that can truly be called great. Success can be in one's own heart, and not necessarily in our history books.

### AREA TRYOUTS

Nonie Conklin, Bill Meinecke, and their band director, Mr. Corbett Smith, traveled to Stephenville last Sat. for the area Band tryouts. Nonie tried out in both flute and piccolo, and Bill in baritone. Although neither student qualified for the state band, they reported an interesting and educational trip.

## SESQUIPEDALIAN WORDS

By Bama Burton

Antidisestablishmentarianism is the longest word found in any English dictionary. It contains twenty-eight letters and means "a doctrine of opposition to disestablishment; said specifically of a state church." The term was formed in 1869 by Prime Minister E. Gladstone.

Another exceptionally long word is honorificabilitudinitatibus (27-letters) which comes from a Latin word. It dates back to 1548 and became the longest word in Latin. Writers use it to ridicule the use of long and meaningless words. It was never intended to be taken seriously.

Anthropomorphologically (23-letters) and disproportionableness (21-letters) occur in dictionaries as standard English words. They are the second and third longest words in the English language.

Of course, there are all sorts of exceptionally long names of places, diseases, drugs, and chemical compounds. Often such names are not real words but Greek, Latin, or other foreign words strung together. Long pompous words are called sesquipedalian, literally, "a foot and a half long."

Persons who use sesquipedalian words seriously are generally laughed at.

### LIONS WIN FIRST DISTRICT BATTLE

The Ozona High School Lions claimed a win over the Menard Yellow Jackets here Friday night with a score of 48 to 41. This thriller over Menard began the red hot race in District 8-A.

The Lions also played the defending champions, the Junction Eagles, in Junction Tuesday night.

## WALKING!

By Roy Killingsworth

According to ancient historians walking is the oldest exercise known to man. For centuries and centuries, men have been walking for pleasure or from necessity, but the last few generations have begun to question this exercise. One of the 19th Century greatest humanists, I. M. Human, once was heard to say, "He who tends to walk will find he often has holes in his head."

The declining interest in walking has been attributed to the fact that the increased prices of corn plasters and bunyon pads have put many budgets out of whack. There have also been a few crack-pot doctors who have said that walking is bad on the middle toe of the left foot.

Any reason that can be given for not walking is disregarded by the surging line of beatnik walkers. As one beatnik walker, I. M. Beat, said lately, "He who tends to walk will find he only has holes in his shoes."

### WEIGHT LIFTING CANDIDATES

Coach Sonny Cleere gave first call for weightlifters Monday afternoon. Boys who are planning to play football and go out for track are required to lift weights, although boys who play basketball will not have to report until basketball season is completed. Reporting the first day were: Buddy Anderson, Penn Baggett, Bob Childress, Joe McMullan, Pleas Childress, Freddie Dobbs, Johnny Childress, Tommy Fields, Tony Parker, B. B. Ingham, Joe Friend, Ronnie Beall, Bob Meinecke, Bill Semmler, Charles Bingham, Tommy Porter, Wayne Scrivner, Deeny Holden, Jim Doran, Abe Caruthers, Brent Moore, Darrel Rasberry, Martin Castellano and Alonzo Galindo.

USED TV SETS. We have several good used TV sets at bargain prices. 17-Inch sets from \$49.95 up. Ozona TV System. Phone 2-2012.

## RESOLUTIONS FOR THE NEW SEMESTER

By Roberta Johnigan

Now that a new semester is here, it is a good time to "turn over a new leaf," if necessary.

For instance, you might resolve to come in to speech class on time at least once each week or so.

Or you might decide to devote one of your three study salls during the day to looking over your history notes. Coach Cleere will probably give you a pop test next period.

Just for a change, you might try throwing your chewed gum in the paper basket instead of putting it under the desk. Chances are, you have another package in your pocket, and the chewed piece will be of no future use anyway.

People who are fortunate enough to have top lockers might clean them out occasionally so that only a few books fall out on the head of the poor Freshman whose locker is underneath.

Just for an added kick, someone might utter a polite word now and then. But we must not make too radical a change because there are four years of high school in which we can improve ourselves, and we do want the teachers to earn their money.

### EDUCATION AS WELL AS ENTERTAINMENT

By Susie Chandler

Television is an educational con-traption. It keeps kids from studying books and some day, will probably put them of style. Even if it is during mid-term exams, students have to watch Dobie Gillis, Wells Fargo, or any other favorite — like the mail, it must go on. Programs like these help them with their problems — girl trouble, or even piggy bank robbers.

A course should be offered in every high school — a television course, so that every one would have a reason for sitting up late and ruining their eyes. Teachers should be careful when they give tests. Sometimes they make things a little difficult — television usually wins out, however. A certain few teachers give tests and then don't grade them because of this entertainment.

Actually, there are many educational programs on television,

and much science and history are included in many series. This "con-traption" serves as an educator as well as an entertainer.

### SENIOR'S CONCESSIONS

Today is the start of the basketball tournament. This is also the day for the opening of the Senior concession stand in the gym. The concession stand will be open all during the tournament and everyone is urged to eat with the Seniors.

GUESTS Coming? Carpets must be cleaned? Blue Lustre keeps them looking new.

Accurate and Complete

# RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

### Notes From The County Agent's Office

By Pete W. Jacoby

The 13th Annual County 4-H Livestock Show is being held this year on a Friday afternoon and night. The show starts at 1:00 p. m. and will conclude about 9:00 p. m. There are several reasons for holding the show at this time, the main one being for the convenience of working people to attend the show. For out-of-town people, our show will not conflict with others held in the area. We want as many people to attend the show and see the livestock as possible. 4-H members have spent many working hours with their livestock and the show is the time and place to show off what they have produced.

It is adults' responsibility to encourage these youthful livestock producers by attendance and support of their work. 4-H work encourages the building of champions, both livestock and citizens. Everyone who is interested in livestock and our young people are urged to attend the show. Judging starts at 1 p. m. with breeding sheep. A free barbecue at 6:30 p. m. will be served by the Ozona Butane Co. Judging of champions will follow the barbecue and the show will end with an auction sale of fat lambs.

You might be interested in what the January Livestock Report, prepared by Lloyd W. Bergsma, Extension Economist, Texas A & M College, says of things to come in 1960.

#### A New Decade — The Sixties

What does 1960 and its sister years have in store for the livestock industry? Many changes are assured. These are important ones we look for:

- In Marketing:**
  - Producers will emphasize more efficient marketing in an effort to boost net incomes.
  - Packers will continue to streamline their purchasing programs to assure themselves of an even flow of supplies.
  - Volume of livestock marketed by the auction method will increase.
  - Number of livestock auction markets in Texas and other Southern states can be expected to decline, with the volume marketed per auction increasing.
  - Direct marketing will expand especially in the marketing of fed cattle.
  - Specification buying and contract production will become more important during the sixties.
  - Market news coverage will be broadened to include auction

markets and more direct sales.

#### In Management:

- Outlook information will receive greater use in the competitive livestock industry.
- Size of livestock operations will increase.
- Specialization and efficiency will be emphasized to meet increasing production costs.
- In Production:**
  - The industry will gear for the production of lighter weight beef carcasses with less waste fat as a result of consumer demand.
  - Consumer demand will push hog producers toward more meaty hogs.
  - Production testing will be a "must" for the livestock producer.
  - Advances in feeding will include more pelleted rations.
  - Feed additives, both new and old, will play an increasingly important role in livestock feeding.
  - The fight against brucellosis will be won, but not without a hard and costly fight.
  - The screwworm threat will undoubtedly be removed in the Southwest as it has been in the Southeastern states. This too will be a costly battle.

The economist goes on to say that steady to slightly lower prices can be expected for fed cattle the next two months. Stocker and feeder cattle are showing signs of price strength. We expect this price improvement to continue as we approach the new grazing season.

#### IN THE COUNTY COURT OF CROCKETT COUNTY, TEXAS

IN RE: Guardianship of the Estate of J. W. Henderson, Jr., a person of unsound mind.) NO. 226

#### NOTICE

TO ALL PERSONS INTERESTED IN THE ESTATE OF J. W. HENDERSON, JR., A PERSON OF UNSOUND MIND:

You are notified that I have on the 19th day of January, 1960, filed with the County Clerk of Crockett County, Texas, a written application asking for authority to lease property of the above estate for mineral exploration and development, such property being described as follows:

All of the interest of J. W. Henderson, Jr., a person of unsound mind, in and to all oil, gas and other minerals on, in and under the following lands in Crockett County, Texas, which interest is believed to be one-half interest: Abstract 3274, 5076; Certificate 2452, 2452; Section 7, 8; Block BBB, BBB; Survey GC & SF Ry. Co., GC & SF Ry. Co.; Acres 640, 640; 1280. And the interest of said J. W.

Henderson, Jr., individually and as agent of the State of Texas, in the following mineral classified land:

All of the North One Half (N-1/2) of Section 6, Block BBB, C. H. Powell, original grantee, Abstract Number 5494, Certificate Number 2451, in Crockett County, Texas, containing 320 acres, more or less.

You are further notified that the Judge of the County Court of Crockett County, Texas, did on the 19th day of January, 1960, enter an order designating, Monday, the 1st day of February, 1960 at 10 o'clock a. m., in the County Court Room in the County Court House of Crockett County, Texas, as the time and place of the hearing of such application.

Dated this the 19th day of January, 1960.

Evelyn Henderson, Guardian of the Estate of J. W. Henderson, Jr., a person of unsound mind. 1c

### JOIN THE DOOR COUNT ON 3 CRIPPLERS

A Marching Mother will ring your doorbell one evening this month. Please answer.

She is one of the two million New March of Dimes volunteers seeking information on the health of the nation and support for the fight against birth defects, arthritis and polio—three crippling diseases that affect one out of every four American families.

She is counting on you to help define the problem of crippling in our community.

She is counting on you to help prevent crippling diseases with your contribution to the New March of Dimes.

# Peace costs money

It takes money to keep our jet pilots up there patrolling the skies. . . .

Money to let our scientists continue their search for answers. . . .

Money to insure that our productive power will thrive and grow. . . .

Money to help our children learn how to make peace lasting.

Yes, peace costs money. Money for research and schools and military preparedness. Money saved by individuals to keep our economy strong. Money saved by you.

You and your family can be the strongest force of all for peace. Every Savings Bond you buy helps America keep peace in this troubled world.

Are you buying as many as you might?

### The News Reel

**Steel bar cushions jar in REDESIGNED '60 CHEVY TRUCKS**

From The Stockman, Jan. 22, 1961

With more than 30 general contractors and dozens of representatives of material manufacturers on hand, Ozona presented the appearance of a boom town this morning as the school board prepared to open bids on construction of the new \$170,000 high school building, scheduled for 2 o'clock this afternoon.

### REDESIGNED '60 CHEVY TRUCKS

A revolutionary new suspension system gives vast improvement in ride, durability, and control to 1960 Chevrolet trucks. Front wheels are independently sprung on frictionless torsion rods. Rear suspensions are new, with coil springs on light-duty models and stronger, softer riding leaf springs on heavier models for improved cushioning of load and driver. New frames reduce height up to seven inches, with some cab floors at step-in level from the ground. Styling is new with rubber-mounted, roomier cabs. Inside steps have been eliminated, providing a full-width floor.

**—news reel—**  
The newly organized kindergarten department of Ozona schools was given extravagant praise Sunday by Miss Julia Lipscomb, former teacher in the Ozona schools and now a specialist in kindergarten and primary work in the department of education at C. I. A., Denton. Equipment in the local kindergarten is superior to that of Columbia University, Miss Lipscomb declared.

### Ann Baggett Making Garments For Texas Tech Fashion Show

Lubbock — Ann Baggett, senior home economics major is making garments for Texas Tech's second all-cotton fashion show in Lubbock Municipal Auditorium Jan. 26.

The daughter of Mr. and Mrs. James Baggett, of Ozona, Miss Baggett is a member of a second college level clothing and textiles class. Students making garments for the show are in beginning, second college level and advanced level classes. Members of a costume design class are accessorizing the costumes.

The fashion show premiere of Vogue pattern style for 1960 will demonstrate the effectiveness of all-cotton fabrics in high fashion costumes. Dr. Willa Vaughn Tinsley, Tech home economics dean, said.

Each of the free showings — at 1:30 p. m., 4:15 p. m. and 8 p. m. — will consist of six scenes presenting cotton fabrics and fashions for "A Day at Home," "A Day in the City," "Travel," "Holiday — USA," "American Invention — The Coordinated Wardrobe," and "Wedding."

### GLEANERS CIRCLE

Mrs. Bailey Post was program leader when the Gleaners Circle of the Methodist W. S. C. S. met Wednesday morning in the home of Mrs. Evert White. The study topic was Paul Tillock's "You Are Accepted." Others present were Mrs. P. C. Perner, Mrs. Bud Cox, Mrs. J. W. Henderson, Mrs. N. W. Graham, Mrs. Stephen Perner, Mrs. S. M. Harvick, Mrs. R. A. Harrell and Mrs. White.

### BAPTIST WMU MEETING

Mrs. H. C. Cornelius was program leader when the First Baptist Church WMU met Wednesday morning at the church for Bible study. The program topic was "His Message, Our Mission." Others present were Mmes. Roy Thompson, Dudley McCary, A. S. Burton, Myrtle Mitchell, Buster Loudamy, J. T. Keeton, Ruth Hickman, Garland Allen, Victor Foster, Jamie Knox, Robert Hoyle Thompson, W. V. Jordan, Ivy Mayfield, Bruce Mayfield, Ted Lewis and Pleas Childress.

### LADIES BIBLE CLASS

The Church of Christ Ladies Bible Class met at the church Wednesday morning to continue their study in the book of Acts. The 10th chapter was the day's lesson topic.

Members present were Mmes. H. W. Baker, Ray Griffin, Paul Hallcomb, Peery Holmsley, R. H. Knox, J. D. Nairn, J. W. Owens, Ray Valadez, Buck Williams and J. B. Miller and Darrell Brawley, the class teacher.

### FRIDAY BRIDGE CLUB

Mrs. Bailey Post entertained the Friday bridge club in her home last Friday. Flower arrangements were given as prizes. High score went to Mrs. Hillery Phillips, low to Mrs. Lindsey Hicks, and cut to Mrs. Joe Pierce, Jr. Others present were Mrs. Stephen Perner, Mrs. Lovella Dudley, Mrs. Tom Harris, Mrs. V. I. Pierce, Mrs. Bill Adams, Mrs. Early Baggett, Mrs. J. W. Henderson, Mrs. Evert White and Mrs. H. B. Tandy.

### WILLING WORKERS CIRCLE

Members of the Willing Circle of the Methodist WCSS met Wednesday morning in the home of Mrs. Early Baggett. Mrs. J. A. Fussell led the study on the topic, "You Are Accepted." Others present were Mmes. V. I. Pierce, W. D. Cooper, C. W. Conley, Morris Bratton, Charles Williams, Sr., Floyd Henderson, John Childress, Ralph Jones, O. D. West, Jack Brown and Taylor Word.

### TROOP 2 BROWNIES

Troop 2 Brownies met Monday and new officers were elected for a four weeks period. President is Kay Griffin; secretary, Jill Fleagle and treasurer, Jackie Gaud.

The girls started work on place mats for the hospital trays to be delivered Valentine day. Hostesses for the Jan. 25 meeting will be Janet Morris and Sharon Smith. The new meeting time for the Brownies is 3:30 to 4:30 p. m.

### ENJOYS FLORIDA TOUR

Mrs. B. B. Ingham, Sr., returned this week from a month's visit in Florida and Houston. In Marianna, Fla., Mrs. Ingham visited her son-

in-law and daughter, Mr. and Mrs. Nelson Boothe, and in Houston her brother-in-law and sister, Mr. and Mrs. Bruce Spencer King. While in Florida, Mrs. Ingham enjoyed some deep sea fishing and toured points of interest throughout central Florida. It was far from the warm, pleasant weather usually associated with Florida, however, the Ozonan reported, temperatures sagging as low as 22 degree while she was there.

## They Died... Needlessly

Abraham Lincoln's boy died of a malarial infection. William McKinley died of peritonitis produced by a bullet wound. Calvin Coolidge's son died of an infection that developed in a blistered foot. A few dollars worth of drugs — drugs that we take for granted today, but that didn't exist years ago — would have prevented these deaths. That's why...

## TAKE A TURN IN THE TURBINE DRIVE BUICK '60...

Turbine Drive\* gives you the smoothest flow of power in any car today. No lag, no lurch, no click in a Buick... just a steady flow of power under your control at all times. Other automatic transmissions shift gears "ready or not", but when you put your Buick in "Drive", no gears ever shift. And Turbine Drive saves you money because it stays smooth without adjustment.

Buick's superior brakes stop better and last longer because their unique design prevents dangerous heat build-up. All brake drums are finned and front drums, where up to 80% of the braking is done, are aluminum — get rid of heat much faster than ordinary drums. See your Buick dealer today and learn for yourself how exciting it is to drive this beautifully-built quality car.

(Continued from Page One)  
56 in Junction Tuesday night to take a strangle hold on the league lead.

Coach Brooks Dozier once again two-platooned the opposition but nothing the Lions could do seemed to bother the Eagles a whole lot as they hit 19, 21, 19, and 11 points in the four quarters with reserves seeing a lot of action near the end of the tilt.

The Lions managed to hit 9 in each of the first two quarters but the alternate unit began to hit late in the third period and ran up a sizzling 26 points in the final quarter.

Ken Kothmann led the Eagle point makers with 20 points followed by Ozona's Phillip Carnes who had 17.

The Eagles has a hot night shooting as they hit better than 50% of their shots greatly aided by a tremendous weight advantage under the boards.

The loss left the Lions with a one and one district record and a seven and seven mark for the season. For the defending champion Junction team the win was the seventeenth of the season as compared to three losses and left the Eagles with a 2 won and 0 lost district mark.

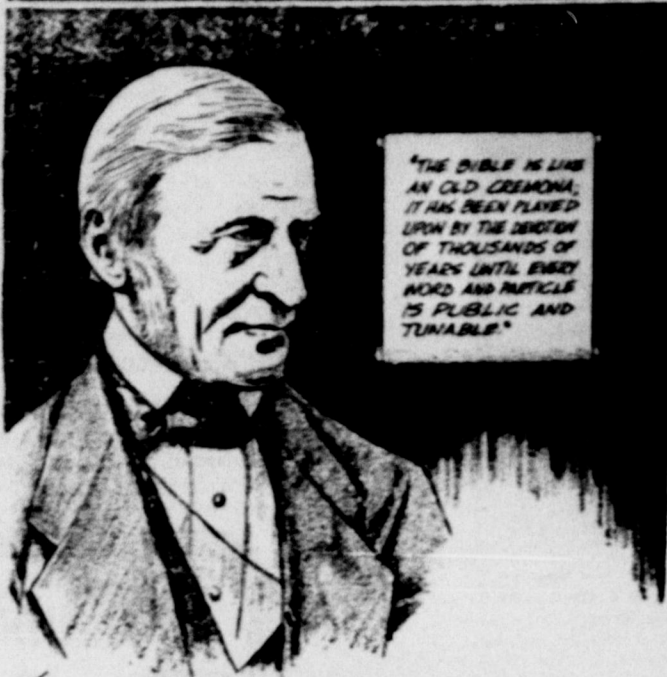

**Ozonan To Receive North Texas Degree At Exercises Jan. 28**

Denton — Mrs. Robert E. Neubauer, the former, Wanda Darlyne Alford of Ozona is one of 284 seniors who have applied for bachelor's degrees at North Texas State College this semester.

Winter commencement exercises will be held at 2 p. m. Jan. 28 in the main auditorium. The Rev. Martin H. Thomas of Denton's First Presbyterian Church will be the speaker.

Mrs. Neubauer, the daughter of Mr. and Mrs. Ottie Quebe Alford, Ozona, is a candidate for the bachelor of science degree in education.

**Steve Preslar —**

(Continued from Page One)

Preslar said he hoped that everyone would understand that this is not a contest against an incumbent or an attempt to unseat anyone already in office, but on the contrary it is an election to fill a vacancy for an unexpired term caused by the resignation of Judge Jim C. Langdon when he moved up to the Court of Civil Appeals; and, that the law provides that in the event of a vacancy, such as this, the people shall fill the vacancy at the next election, but that the Governor shall appoint a judge to serve only until such election.

Preslar also stated that he would make an old-fashioned, door-to-door campaign and see every citizen of each of the four counties. He stated, "I realize that this will be quite an undertaking due to the size of the District, but the District to be campaigned in is the same size as the District to be served and I feel that I should not ask for the privilege of serving such District if I am unwilling or unable to cover it in a campaign."

**WORTH MORE BECAUSE THEY WORK MORE**

Chevy's new torsion springs and Sturd-i-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay now like never before!

**New Dollar-Saving Prices**  
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

**New Torsion-Spring Suspension**  
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

**Electronically Balanced Wheels**  
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

**New Cabs—Wider, Safer, More Comfortable**

Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

**Plus Improvements All Through the Line**

A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sizes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

**CHEVROLET TRUCKS FOR '60**

See The Dash Show Chevy Show in color Sundays NBC-TV—The Pat Boone Chevy Showroom weekly ABC-TV.

NOW—fast delivery, favorable deal! See your local authorized Chevrolet dealer.
