ANOTHER RED CROSS DRIVE IS COMING

Fund drives have become more and more numerous in recent years, drives for various causes, for all kinds of diseases and for all kinds of afflictions that attack the various parts of the human body.

Most or perhaps all of these causes are worthwhile and deserve the support of those who can afford to give.

But next month there is a drive, an annual one, which should be so close to the hearts of most Ozonians that only mention of its needs should be sufficient to bring sacrificial giving on the part of local people — particularly those who were residents here in June, 1954.

Of course, that is not going to happen — a voluntary outpouring of gifts, even for the American Red Cross in Ozona. And this editorial does not seek the support of those among you who carry a perpetual grudge against the Red Cross. For whatever reason you of this group may have for your antagonistic attitude toward the Red Cross, whether because a canteen charged you for a pack of cigarettes during the war or some worker failed to go as all-out as you expected, or whether you think a certain family received undeserved help while one you thought more deserving got less, you go right ahead and save your money during the next Red Cross drive. But please spare those of us who saw the dedicated Red Cross people in action here during the flood disaster of 1954 from listening to your

criticisms.

It would be hard to make one of these petty gripes seem important in those of us who saw the trained Red Cross workers, in cooperation with a committee of local citizens, expend some \$230,000 in National Red Cross funds to help needy victims of that flood right here in Ozona, help them rebuild their destroyed or damaged homes. Every request for aid was carefully and fully analyzed and in every case resolved, actual needs of the family were met by the mercy organization, with the advice and help of the local committee, familiar with the facts and the local situation.

The Red Cross set no limit on the amount of aid it would expend locally. Its workers were sent here to survey the situation and to set up the efficient machinery that put homeless families back in comfortable homes in a minimum of time.

Neither the people who received aid nor the rest of us in Ozona assumed and obligation to repay the Red Cross. In fact, the money spent was an out and out gift to the recipients and no repayment was ever expected.

But there is such a thing as showing gratitude for a lift in time of need. This community should never ever fall down on its annual quota for the Red Cross Fund Drive. But it did just that last year, some \$600 under the assigned quota. Maybe it was just because there wasn't a determined enough campaign. Maybe you didn't give because nobody asked you. Maybe a variety of reasons were behind the failure — nobody's fault in particular, everybody's fault in general. We don't know yet what the 1960 quota will be — it won't take into account last year's shortage, we know that. But we do sincerely hope that Ozonians will make up last year's failure and oversubscribe by at least \$600 this year.

Roman Tax Collectors, we learn from Newsweek magazine, nicked Vice Chairman Giovanni Agnelli of Italy's big Fiat auto works, a mere \$92,000 in income tax on his 1958 salary of \$638,000. If Fiat and Signor Agnelli were in Detroit, the magazine points out, his take-home pay would have been \$462,000 less — or about 13 cents per earned dollar.

FREEDOM IS CONGRESS' JOB

Few members of Congress are present to hear the prayers with which the daily sessions of both the House of Representatives and the Senate are opened, observes Editor Glenn Martz in "The Low-down on Farm Affairs from Washington," nor do these supplications often appear in print.

But Mr. Martz thinks every member should have heard — and paid heed — to a recent invocation of the Senate Chaplain, the Rev. Frederick Brown Harris, who said, (in part):

"Give us to know with a solemnity that awes our spirits that if a nation values anything more than freedom under God, it will lose its freedom, and that if it is comfort or luxury, security or money that it values more, in the long run it will also lose them. So in this day of contending values, gird us at any sacrifice to incarnate and exemplify the faith we proclaim and to be ever loyal to the deathless principles for which even the stars in their courses fight."

Editor Martz is urging every Congressman to read these words twice — in case they don't sink in the first time. And he notes that: "Every Federal subsidy, every political handout, carries with it certain controls and mandates which steal away just a little more of the individual recipient's freedom," and that history has repeatedly proved the correctness of the Chaplain's warning that a preference for "security or money" over "freedom" prefaces a loss of both.

Spending for the defense of freedom should have every consideration. Spending for the advantage of special groups, special interests or special areas should have none.

METHODIST WSCS

"People, Land and Churches" was the theme for the meeting Wednesday morning of the Methodist Woman's Society of Christian service. Mrs. S. M. Harvick directed the study and led a round table discussion on rural churches and agriculture. Mrs. J. A. Fussell spoke on the history of churches through the centuries.

Mrs. Joe Pierce told the story of a preacher who works in God's country churches in eastern Tennessee. The devotional and closing prayer was by Mrs. Harvick.

Others attending were Mmes. Joe Tom Davidson, L. B. Cox, III, Bailey Post, Morris Bratton, W. R. Baggett, H. B. Tandy, B. B. Ingham, Sr., J. W. Henderson and R. A. Harrell.

TWO FLAGS ARE TOO MANY

The house of Representatives has hinted to the President via resolution that he should not authorize display of the Panamanian flag in the Canal Zone which was bought and paid for by American taxpayers more than half a century ago, and which, through construction and operation of the Canal, has virtually supported the Panamanian economy ever since.

The President had indicated, following the Panamanian riots and destruction of American property in the Canal Zone, that something might be done to indicate Panama's "titular sovereignty" over the ten-mile-wide strip of the Isthmus. The State Department thought flying the Panamanian flag might be a good idea. But the Defense Department did not.

Latest comment from the President is that he would have known the answer if he had been asked when he was serving the Zone in the 20's. We presume, in those days, with "US" on his tunic, he would have thought one flag enough.

A SCOUT PRAYER

Great Master of all good Scouts we pray that Thou will make us trustworthy, for there are those who trust us.

Make us loyal for through loyalty we reach our highest ideals.

Teach us to be helpful — through helpfulness we forget ourselves.

Make us friendly — there are so many who need friends.

Train us in courtesy, for courtesy is the carpet on life's floor.

Make us kind — the fields and woods are full of Thy creatures.

Insist upon our obedience, for success comes only to him who first learns to obey.

Make us cheerful, for cheerfulness is the green grass near the pebbles in the road.

Train us in thrift, for thirty habits enable us to be generous to those in need.

May we be brave — brave in the darkness and brave in the light, but save us from becoming fakers of bravery.

Help us to be clean — in thought, in speech, and in deed, and may we remember that our bodies are Thy holy temples.

Above all, Father, help us to be reverent — not only toward Thee but toward all things that Thou hast made.

We ask Thy guidance in all these things and may we never forget the Promise to which all Scouts are pledged. Amen

Garden Reminders

From Garden Club Reporter

February is the month much can and must be done to have a lovely Spring garden.

1. Clean out winter debris and prepare beds for mulching and fertilizing. Burn the non-usable so the spring winds will not blow it all over town.

2. Spray dormant plants and trees now before spring growth begins.

3. This is the time for pruning trees now. Cut away all dead growth limbs that touch and others that spoil the shape. Seal all large cuts. Prune grape vines, crepe myrtle, roses late in February, and other shrubs that have grown too large. Don't have to peer over a barricade from your house. Replant over-crowded areas.

4. Late this month is a time for planting. Jan. to Feb. 20 is the time to plant the state tree, the pecan. Every home in Ozona should have a pecan to add to the beautiful ones we have now. Keep new plants damp until well established. The Garden Club is asking every home to plant one or more crepe myrtles as they are well suited to

his area, require little care and bloom all summer. The oleander is also well suited as it can stand the hot dry summers. They are beautiful.

5. Water. Keep beds and plants damp as it helps plants stand late Texas northerns.

6. Stake plants before west winds of spring break them and dig tender roots.

7. Clean and repair your garden tools and furniture.

The Garden Club is asking everyone, especially the business houses to clean and burn all before the spring winds sweep them over the whole community. Also, the business houses are asked to haul away all trash not burnable, especially the empty cans around garages and filling stations. Don't become a little beautiful. Keep Ozona clean and beautiful.

Have you noticed the nice landscaping at the new shopping center Thanks to Mr. Buster Miller such an attractive addition to the community.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Feb. 13, 1931

Despite hard times talk, Crockett county, school and state tax collections dropped off but 6 percent under the record collection of last year, County Treasurer Tom Casbeer announced this week. Total collections of \$140,216.48 out of an assessed total of \$156,936.40 amounted to approximately 89 percent.

Miss Mary Kincaid, youngest daughter of Mr. and Mrs. T. A. Kincaid, and W. E. Friend, Jr., were quietly married Friday morning in the home of the bride's parents. Only members of the families and intimate friends were present.

Mr. Ripley of "Believe It or Not" fame has figured out that only once in about 13 million deals to 13 cards of one suit appear in one hand in a bridge game. The thirteenth million deal rolled around a few nights ago in Ozona for Jake Young. It was at the home of Mr. and Mrs. J. W. North, with North and Young playing Mrs. North and Miss Hester Bunker Young played the hand at four pades, doubled and redoubled for a total score on the hand of 824.

"A redbud in every yard in Ozona" is the aim of a campaign launched by the Ozona Woman's Club at a meeting Tuesday afternoon. The Ozona Club's tree-planting effort is in line with a statewide campaign of the Texas Federation of Women's Clubs.

A pair of shop made cowboy boots made in the Jones Saddlery Co. shop here started on a 4,000-mile journey to Santa Rita, Do Rio Preto, Bahia, Brazil, early this week. The boots are a gift from the saddle shop to Baptist Missionary to Brazil, Rev. E. Hansford Crouch.

One hundred fifty names will be attached to a petition which will be presented to the Commissioners Court of Sutton county at Sonora Monday calling for an election on a \$175,000 road bond issue. H. V. Stokes, Robert Halbert and Jack Neill were named by Lions Club President J. D. Lowery to circulate the petition.

Four men who escaped from the Terrell county jail at Sanderson were captured about 3 o'clock Sunday afternoon seven miles south of Ozona by Sheriff W. S. Willis.

P. C. Coates, Jr., only son of Mr. and Mrs. Collins Coates, Ft. Stockton, and Miss Trent of Fort Stockton were united in marriage Sunday at Carlsbad, N. M.

Seven million dollars worth of contracts for road work in Texas will be awarded by the Texas Highway Commission in Austin at its February meeting and Crockett county's projects will be among those up for award.

Union Stock Yards Records Show Prices Favorable for 1959

A market report issued by Union Stock Yards in San Antonio for 1959 shows that farmers and ranchers of South Texas had a very favorable market for their livestock during the past year as compared with the previous two years. These farmers and ranchers received \$44,686,687.00 for their livestock in 1959 at the Union Stock Yards San Antonio.

For example, stockmen sold only 20,669 more livestock through Union Stock Yards in 1959 than two years before, in 1957, yet they received \$15,369,451.00 more in the past year than in 1957.

Ozona Volleyball B Team Reaches Finals In Odessa Tourney

By Ernie Boyd

The Ozona High School girls volleyball teams, both A and B, entered the annual Odessa College invitational meet in Odessa sponsored by the Women's Recreation Association of the College.

Miss Geneva Knox's A team lost to Colorado City in the first round 14 to 12 and 15 to 13 in the two out-of-three series played, either on the basis of the ball being in play for eight minutes or the first team reaching fifteen points.

Barbara Barbee and Sandra Whitaker scored 8 and 7 points respectively with Glenda Friend and Sandra herself doing well as spikers during the contests.

The Ozona girls drew a bye in the second round of consolation play and then dropped two contests to Seminole 15 to 6 and 14 to 3.

Miss Knox started a combination of Sandra Whitaker, Pam Perner

Edna Garza, Glenda Friend, Jo Good, and Barbara Barbee in the first contest with Janet North replacing Jo Good in the second contest.

In the games with Seminole Pam Perner was the leading server with Glenda Friend at the net.

Pecos won the consolation title as Monahans won both A and B championships with Crane finishing third.

Ozona's B team lost its opening games to Snyder 15 to 3 and 15 to 6 and then won over Sonora 15 to 8 and 15 to 5. Cathy Doran and Mary Lou Zunker played well for Ozona in the two wins.

Pecos copped the Consolation title by downing the Ozona entry 15 to 2 and 15 to 2.

The Ozona B team was presented an award for reaching the finals in the consolation bracket.

AH! VALENTINE DAY

Muse bid the morn awake
Sad winter now declines
Each bird doth choose a mate,
This day St. Valentines
So it is. Do you know why we
celebrate this day of fun dedicated
to the little fellow with the bow
and arrow? St. Valentine's Day
is still properly honored, but few
people probably realize how this
holiday came to be.

Let us slip back into history, say
back to the third century, and see
why and how this amorous day
originated.

"Hear ye! Hear ye! In the 270th
year of our Lord, the Most High
Emperor Claudius issues this
decree which hereafter forbids the
act of marriage, favoring no one."

Aghast at this announcement, St.
Valentine secretly invited young
lovers to come to him and be mar-
ried, but when the Emperor learned
of this, outraged, he had the good
priest put into prison where he
languished and died February
14, a martyr to love. (Ah, me!)

Possibly from this tragedy in
history has come the festival hon-
oring the "lovers' saint" Valen-
tine's Day, which is celebrated
every Fourteenth of February.

GALS & CARS

By Pam Jones

Considering most cats and gals,
the hot rod age is just the thing.

For instance: June Bunger pre-
fers the Belair type, the kind that
scoots through the air.

Susie Chandler had a Fury that
rode kinda easy, but old Fury
got mad, kicked up his heels and
rolled over.

Janet Mason runs the Galafire
the kind that has come before
its time.

Judy Black likes the Jeep, the
kind that takes you places quiet
fascinatingly.

Anyone care for the Fleetwood,
and most people would for that's
a type with a lot of kick behind
the steering wheel.

JUNIORS MAKE PLANS FOR JR.-SR. BANQUET

March 5th marks the date for
the event that all good Junior and
Seniors (especially the Seniors)
wait eagerly for each year — the
Junior-Senior banquet.

Tuesday evening the mothers
of the Junior class met to discuss
that all important factor in plan-
ning a banquet—food.

Plans were also made at the
meeting for the Rummage Sale
which will be sponsored by the
Juniors in order that they might
pay for the banquet. If you have
something that you would like to
donate to this worthy cause, just
tell some Junior, and they will

SUSPENSE !!

This is your last chance to buy
a ticket to the Junior play. Yes
Only three more days to purchase
a ticket, or two-go both nights.
You will surely want to be there,
so don't turn that smiling face a-
way empty-handed.

"Fog Island", is a suspense play
in three acts, and suspense it is!
Roberta Johnigan plays the part
of the forbidding, stern woman of
fifty. (Mrs. Williams), and her
husband, (Mr. Williams, Art Kyle)
a tall and sinister crook, who does
the dirty work for the three.

Bobby Tabb, portraying the part
of Jerry Martin, a young scientist
on Fog Island for a rest, walks
into the trap set by these hoods
and their gang boss, Brock, played
by Johnny Childress. Brock is a
rarely loses his smile. Also there
is the Sheriff Doolittle (Reid
Holmsley), who has his own ideas
about the matter, and of course
gets himself into quite a mess.

Then there are the girls from
the Summer Drama Camp from a-
cross the bay who come in. Mau-
rine Gardner (Mary Lou Zunker),
a romantic girl with a story-book
mind, is the first to stumble onto
the little situation. She has a time
though, convincing her young
drama teacher, Priscilla Ralston
(Saundra Whitaker) what is hap-

pening. The other girls are Mary
O'Laughlin, a talkative girl of
eighteen, played by Priscilla Ste-
wart; Hazel Sommer (Nancy
Friend) matter of fact and always
hungry; Johannah Green (Barbara
Barbee), soft-spoken and uncer-
tain; and of course, Anne Wick-
cleffe (June Bunger), the one who
sneezes all the time. "She has hay
fever," as Johanna puts it.

But someone makes a mistake
— And what a mistake!

Sounds exciting, doesn't it? Why
don't you come at 8:00 a. m. Mon-
day, (February 15) and Tuesday,
(February 16) and see for yourself!
Be seeing ya!

important case of all. Our in-

pating in the suit. Our rights are deter-
mined in cases of which we have
heard until they are reported
the law books and become a
of our great body of laws
determined by Judges.

The system has its origin

which existed during the

Today, the right to a speedy

anteed by our Federal and State

system of Trial Courts, presided
by a judge. In criminal mat-

cases, cases where the parties

fact questions to be decided

It is the task of a Judge to

RANCH RECORD

Are More Important
Today Than Ever

Government regulations and heavy tax programs are destined to be a
part of the American way of doing business for a long time. For that reason,
it is more important today than ever that every business keep accurate records of its op-
erations.

The ranch business is no exception. With the stiff federal taxes, you will
want to take advantage of every saving item in your expense account and at the
same time have clear and convincing records available for inspection by tax
agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your
business with the Stockman's RANCH RECORD BOOK. Your cancelled checks
or your present records can be transcribed to this handy record book, together
with your income and inventory records and you can have your entire record
in a simplified form contained in one volume.

Crockett County Traffic Drive Safely

Notes From The County Agent's Office

By Pete W. Jacoby

Petitions in Crockett County for the control of Brucellosis has failed to reach the required number of signers at this time while neighboring counties are making good progress toward getting a program started in their counties. Pecos and Terrell Counties are testing at the present time while Upton, Schleicher, Sutton, Menard, Mason and Llano have completed their petitions and are ready for a testing program. Petitions are located at Ranch Feed & Supply, Devil's River Feed Company, Ozona Wool & Mohair Company and Ozona Boot & Saddlery for the convenience of those who wish to sign the petition.

In Crockett County, it is necessary for 106 cattle producers to sign the petition. About half this number have signed so far. A leaflet titled Join the Fight Against Brucellosis, authorized by Dr. C. M. Patterson, Veterinarian, of the Texas Extension Service, has been placed at the locations of the petitions. This leaflet explains all about the Brucellosis Program, what the disease is, and what is to be done to eradicate this cattle disease. Those of you who wish to learn more about brucellosis and the program that is being carried on in the state are urged to pick up a copy and read it. The goal is to make Texas a Modified Certified Brucellosis State by 1965.

NEITHER DO WE... we don't know which is the best riding car in America, but it must be a dandy if it rides any better than Buick's All-Time Best. Call your Buick dealer for a demonstration ride. His name is in the Yellow Pages.

YESTERDAY WAS THE TENTN! HAVE YOU PAID YOUR BILLS?

If you paid your bills promptly you will be welcome when you visit your merchant to do your shopping. Remember, he must pay his bills on time whether you pay him or not — and if you don't he has to borrow money and pay interest on it until you do.

It should be remembered that credit is a convenience extended to enable you to take advantage immed-

ately of goods and services for which you agree to pay later at a stated time. Those who grant you this courtesy do so because they trust you — because they have confidence that you will carry out your part of the bargain at the time agreed upon.

Plan your credit purchases so they do not exceed your ability to pay by the tenth of the following month.

WIRE HEATS FIRE... FOR MODERN COOKING

For less than 3¢ the average family served by WTU can cook a complete meal the modern electric way... and enjoy the cleanliness and convenience of Electric Living.

Cleaning an ELECTRIC RANGE is child's play

Oven cleaning is truly "child's play" in this smart new 1960 electric range. Some of the models are equipped with pull-out ovens. This mother-daughter team can wipe clean any part of the oven, even the back walls, without stretching or straining. And that's only part of the convenience story. Surface heating units tilt up out of the way and porcelain drip bowls go to the sink for washing. Most switch knobs on the back panel are removable, glass surface can be wiped clean in seconds.

Ease of cleaning is just one of the advantages of an Electric Range. You will also like the fully automatic features and the "always the same" heat of the surface units — No flame to go up and down. And so economical — Go see your Electric Appliance Dealer. He'll tell you the change to Electric Cooking.

Vehicle Plates For Sale

New license plates went on sale at county courthouses February 2nd. Highway Engineer D. C. announced. The plates will have letters and numerals in black background. County passenger cars carry the prefix letters 'TX' with number 6750. New plates were sold in two days of this week.

That 4.7 million registrations were made in 1959, and predicted that 1960 registrations would approach the five million mark.

Greer urged Texas vehicle owners to register early. The registration deadline is midnight, April 1.

Greer stressed the importance of registering all automobiles and trucks in the home county of the vehicle owner. Take your certificate of title and your last year's registration receipt to the tax collector in your home county. Penalty for improper registration of a vehicle can be as much as \$300. Don't risk an illegal registration. Remember, too, that a portion of all registration fees stays in your home county to benefit your local community," Greer said.

that quarter and increased the Ozona lead to 69-50 at the end of the quarter.

In the final quarter Pyote attempted a comeback behind Ken Stanley who scored 13 points and Pyote outscored Ozona the last quarter 28-23 but the big lead was too much to overcome and the final score read 92-78, Ozona.

One of Ozona's big guns, Ron Reed, sprained his ankle in the fourth quarter but is expected to be ready for action for the return match with Pyote at Pyote on Friday, February 12. High scorer of the game was Ken Stanley of Pyote with 28 points. Bob Olmstead paced Ozona with 27. Other high scorers for Ozona were Lee Schnittker 18, Harry Cox 16, and Ron Reed 15.

but then the clincher came when a misguided official called a foul on Wayne Albers for colliding with team mate Carl Montgomery. A Menard player who was on the opposite end of the floor when the collision occurred was given two free shots and made both to sew up the contest.

Tuesday night in Ozona the Lions gave the Junction Eagles a real tussle before a very slim home crowd with the towering Eagles pulling away to a 68 to 51 win in the final two periods.

Muggins Good, benched recently for poor play, had his best night of the year as he led all scorers with 22 points. It was Good's fine shooting that gave the Lions a short lived 8 to 4 lead mid-way of the first period and it was his continued hitting that kept the Lions within challenging distance most of the way to the half time marker.

The Eagles, getting good balanced scoring from all five starters were led by 6'5" Howard McKissick who had 21 points for the night.

The Ozona B team won both outings over the week, taking Menard 45 to 34 and then belting Junction 42 to 31. In the Menard contest Mark Baggett led the Cubs with 14 points ably, assisted by Mike Stiles and Hal Long, while in the Junction contest Hal Long murdered the Eaglets with a 24-point production.

Ozona Girl Cagers Find Tough Going In Menard, Junction Tilts

By Ernie Boyd

The Ozona girls basketball team continued to find things pretty tough around the district this week as they took a real walloping from Menard and then lost a 39 to 25 decision to Junction.

The Ozona girls could not find the range against the Menard girls and trailed at one point 35 to 9 before a rally led by Janie Lara and Don Nell Carness gave the Felines the questionable consolation of reaching twenty points.

In Ozona Tuesday night the Ozona girls, led by Don Nell Carnes, played a torrid first period but then wilted in the face of the good shooting of the invading Junction club.

Ozona's small and inexperienced team was simply not able to cope with the bigger and much more talented Menard team but did succeed in making a game of the Junction contest.

Miss Powers' team, composed mostly of freshmen and sophs, few of whom have any experience at basketball at all, are not only young and inexperienced but also have found a great shortage of physical size. Only three players who saw action last year returned this season, greatly hampering any projected building program.

LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and deluxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, safer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V6. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thrustmaster 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 336 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. 50% lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabric, the detail work. You'll see the difference.

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.
