Women Only Fishing Party Snags 35-Pound Cat, Many Bass on Trip

A quartet of lady fishermen came back to town early in the week and gleefully made the rounds of the town's men followers of the sport exhibiting the prize part of their catch, a 35-pound yellow cat snagged on a trot line with only four hooks which the girls had fashioned themselves and tied out.

Husbands stay behind when Mrs. Hugh Gray, Mrs. Charlie Butler, Mrs. Loraine Hyde and Mrs. Lee Moore of Odessa go fishing. And go fishing they did last week, a four-day sortie on Devil's River. Mrs. Butler, former Ozonian now living in Refugio, came back especially for the event.

The quartet of fishing women, who work at the job of fishing by their own admission but call it a lot of fun nevertheless, caught 18 bass, one a four-pounder snagged by Mrs. Moore and a number of smaller cat. The 35-pounder is not the biggest fish the women have caught in their years of summer outings but he topped this year's catch and was second to a 45 pounder caught a few years back.

Discuss County Game Regulations At Meet At Courthouse June 20

The Texas Game and Fish Commission has announced dates of public hearings to be held in each county in which the Game and Fish Commission holds regulatory powers over game and fish laws.

The meeting concerning Crockett County will be held June 20, 1960, at 8:00 p. m. in the Crockett County Courthouse, Ozona, Texas. The meeting will be conducted by Game Biologist Jack Ward Carver and Game Warden Walter Carpenter. These representatives of the Texas Game and Fish Commission will present the proposed game and fish law proclamation. After the presentation of the proposed proclamation, the meeting will be devoted to an explanation of reasons behind the proclamation.

Any interested person is invited to attend this meeting. All expressions of opinion, both pro and con, will be recorded for presentation to the July meeting of the Texas Game and Fish Commissioners.

Uniforms Fail to Produce Winning Spark In Merchants But Improved Play, & Talents Promise Climb In Loop Standing

By Ernie Boyd

Ozonia Merchants displayed an attractive set of uniforms but went down to fourth league loss to the Ozonia Air Base 8 to 4.

Many passes put together Ozonia error and a few hits proved the Ozonia starter Ron Henning led the first four innings, five runs.

Visitors put together two stolen base and a solid left for their first pair in the third inning and won the game in the

men's big inning came as a leadoff walk, an infield double, a possible double play second and a line drive over the center field wall and Cash.

5 to 0, the Merchants came back in the bottom fourth. Dick Brimlow an infield roller and second when Fred Hickman followed by a throwing Brimlow home and gave for Hickman to score on to advance to third

but Hickman had to hold up at second with a torn leg muscle and that held Harrisou at first where they still resided when the inning was over.

The loss of Hickman was a blow to the Merchants chances even though it is doubtful if Ozonia could have won.

Sergeant Jenkins took over in the fifth for the Merchants and managed to stay out of trouble until the seventh when he failed to handle a weak bouncer back to the mound and two runs came home.

The Merchants then added three in their half of the inning as shortstop Ken Hinton led off with a tremendous blast over the left center field wall. Dick Brimlow's double scored two more but that was all for the Ozonia team as hits by Hinton and Jenkins were wasted in the eighth and the side went down in order in the ninth.

Goodfellow got its last run in the ninth as a hit batsman, a throwing error by the pitcher trying to pick off the runner and two infield outs produced a run.

Ozonia will be home again this Sunday and such college additions as Orville Paulk, Diz Reeves, and Jake Young are expected to (Continued on Last Page)

Bill Jacoby Named Vice Chairman Of 6th Dist. 4-H Club Council

Bill Jacoby, Crockett County 4-H Club member, was elected vice-chairman of the District 6 4-H Club Council at the annual meeting of the district 4-H council held at Ft. Clarke Guest Ranch at Brackettville last week. Also attending as delegates from the local 4-H club were Bill Williams and Jimmy Baggett.

More than 150 4-H members from throughout the 25 - county district of West Texas attended the 4-H leadership lab and received training in many phases of 4-H club activities during the 4-day training lab. Members received individual training in conducting general assembly meetings, ceremonies, night programs, preparation of 4-H record books and citizenship training. There was also plenty of time for swimming, games, folk dancing, and other free-time activities.

The three 4-H members and county agent Pete Jacoby left for the camp on Tuesday and returned Friday.

Debra Lou Meinecke, 6 Dies In Lubbock After Brain Tumor Operation

Funeral services were held at 3 o'clock Saturday afternoon from the Lutheran Church in Kerrville for Debra Lou Meinecke, 6-year-old daughter of Mr. and Mrs. William G. (Sonny) Meinecke of Hobbs, N. M. Burial was in the Kerrville cemetery.

The child, granddaughter of Mrs. Coralie Meinecke of Ozona, died at 6 p. m. Thursday in Methodist Memorial Hospital in Lubbock where she had undergone brain surgery for removal of a tumor. She was apparently making satisfactory recovery from the surgery but died suddenly from a respiratory failure.

Surviving are the parents; a brother, Jerry, 4, and a sister, Susan, 1; and the grandparents, Mrs. Coralie Meinecke of Ozona and Mr. and Mrs. Edward Scott of Kerrville.

Two Ozonia Golfers Win Consolation At San Angelo Tourney

Two Ozonia golfers captured consolation honors at the San Angelo Country Club Invitational golf tourney held Friday Saturday and Sunday at the San Angelo Club.

Bill Clegg and Brooks Dozier took second flight consolation honors by downing Marion Scott and G. B. Wadzeck of San Angelo 2 and 1.

Several other Ozonia golfers took part in the meet but none were around for the final round.

A picture of Byron Williams and John Childress appeared in the San Angelo paper last week following their loss in the big golf tourney.

RECEIVES H. S. DIPLOMA

Kelly Walker, son of Mrs. E. D. Kincaid, is a member of the 1960 high school graduating class at The Kemper School, Boonville, Mo. and received his high school diploma in the 116th Kemper commencement program, May 29, from The Rev. Samuel E. West, president and headmaster of Kemper.

President West, completing his first year as head of the school, was the commencement speaker.

Inquiries Point To Wide Interest In Junior Rodeo

Third Annual Event July 15-16 May Be Largest Ever

From interest being manifested in calls and letters being received here, Ozonia's third annual Junior Rodeo, set for July 15 and 16, under sponsorship of the Ozonia Lions Club, promises one of the biggest fields of entries in the history of the annual event.

Entry blanks are now being prepared and will be ready for distribution to interested contestants this week. Events are scheduled for girls and boys 10 years of age and under, and include barrel racing, pole bending, goat hair pulling, steer riding, calf tie-down and goat tie-down roping contests.

Trophy belt buckles are to be awarded average winners in all events, and in addition the best all-round girl and boy performer will receive a trophy buckle and a best sportsmanship trophy will be awarded to the pick of entries.

Vic Montgomery and Oscar Kost, co-chairmen of the club's rodeo planning committee, are planning a number of special events for this year's kid rodeo that will add to spectator enjoyment. Announcement of these special features, however, must await final confirmation of availability.

The Ozonia Junior Rodeo is approved by the American Junior Rodeo Association and events are open to any youngster in the age group of events. Inquiries are being received from all parts of Texas and from adjoining states.

Re-Entry Completed In Northwest Crockett

South Texas Well Service, Inc., (formerly Texas Well Service), Corpus Christi, received field designation of Noelke (Queen) for its No. 1-B Bouscaren, former opener of the 4,400-foot Wichita Albany sand field of Crockett County, six miles east of Iraan.

It was recompleted for a daily flowing potential of 60.50 barrels of 29 gravity oil, no water, with gas-oil ratio of 60,000-1. Production was through a 1/2-inch choke and perforations between 2,965-078 feet in 4 1/2-inch casing set at 4,866 feet. Pay section was washed with 250 gallons of mud acid.

Tubing pressure was 125 pounds, with packer on casing.

Original completion was by Sandor Petroleum Co. Feb. 6, 1953, making 242.16 barrels of 51 gravity oil, with gas-oil ratio of 1,140-1. Production was through a 32-64-inch choke and perforations between 4,430 - 4,440 feet. Since completion, General American Oil Co. of Texas had acquired the well and also the No. 2 Bouscaren, the other producing well from the Wichita Albany.

Location is 2,490 feet from the north and west lines of 29-GG-HE&WT.

Cities Service Plans Wildcat In Noelke Area

Cities Service Oil Co., Odessa, will drill a 2,500-foot wildcat in Crockett County, nine miles north of Sheffield and 1 3/4 miles west of the Olson field, as the No. 1-F Noelke.

Location, on a 640-acre lease, is 1,980 feet from the north and west lines of 21-GG-GC&SF. Estimated elevation is 2,370 feet.

Phillips Petroleum Co. has plugged and abandoned at 7,135 feet its No. 1-A University Lands, 25 miles west of Ozonia.

The project originally was scheduled as a 7,600-foot test in the Lancaster Hills (Devonian) field. Plugged back to wildcat depth of 2,600 feet, it tested through perforations between 2,600-620 feet, making 75 barrels of 22 gravity oil during testing. This production was assigned to the Clara Couch field to clear.

Location is 880 feet from the north and 560 feet from the west lines of 14-29-University.

Buck Bailey To Speak At Rotary Club Annual Ladies Night Banquet

A. B. (Buck) Bailey, colorful baseball player of early day West Texas amateur and semi-pro ball, formerly of Eldorado and a brother of T. J. Bailey, local manager of the West Texas Utilities Co., here, will be the guest speaker at the Ozonia Rotary Club's annual Ladies Night banquet.

The banquet will be held next Monday evening at El Sombrero Cafe.

Buck Bailey has been athletic coach at Washington State University for the past 34 years. He will be in the area on a vacation and local Rotarian found his visit well-timed for their annual Ladies Night.

Coach Bailey's Washington State Cougars baseball team lost a two-out-of-three game play off series to the University of California last week after winning the Northern Pacific Coast Championship this spring.

Bailey's team had posted a 28 won and 4 lost record before being ousted from the college play-offs during the past week.

Southern California, winner of the Pacific Coast title, began play in the College World series in Omaha Wednesday.

El Paso Natural Gets Strike On Davidson To Extend Baggett Field

The Baggett (Strawn) gas field of Crockett County gained its second producer and a 7/8 - miles north - northeast extension with completion of El Paso Natural Gas Co., Midland, No. 1 Davidson, 10 miles south of Ozonia.

It was finalized for a calculated, absolute open flow of 1,100,000 cubic feet of gas per day through perforations between 8,996-9,016 feet and 9,028-076 feet. Gas-liquid ratio was 277,400-1.

Location is 660 feet from the south and 1,980 feet from the east lines of 11-F-GC&SF.

The discovery, Cosden Petroleum Corp. No. 1 E. G. Baggett, a re-entry operation, was finalized Jan. 27, for a calculated, absolute open flow of 10,300,000 cubic feet of dry gas per day through perforations between 9,106-180 feet.

Crockett Range Judging Team Is State Champion

Winningest Team Cops Top Honors At A-M State Contests

The Crockett county 4-H Range Judging team was named State Champion 4-H Range Judging Team of Texas yesterday when it topped all 4-H range judging teams at Texas A&M College in the 4-H state contest.

Team members captured all high individual honors with Bill Jacoby as first high individual, Frank Childress, second high and Bob Childress, third high. P. L. Childress, III, was the other team member.

Winning state champion judging honors is a habit for this team. They won the Pecos county range judging contest in 1957 and the Junior 4-H State wool and mohair judging contest. In 1958 this team won the Sonora Wool Show overall high team judging honors and won the Crockett County range judging contest. In 1959 they were state champion 4-H grass judging team and state champion senior wool and mohair judging team. They also captured the San Antonio Livestock Show state 4-H grass judging contest this spring.

Team members and their coach, county agent Pete Jacoby, left for A&M Tuesday morning and returned early this morning, (5:30 a. m.) so two of the boys could get back to jobs they hold.

Boy Scout Troop 163 Re-Registered With Full Leadership Slate

Martinez, Benito Tijerina, Frank S. Lugo, Porfirio Barbosa, Bekie Diaz and Samuel Cervantes.

Serving as Scoutmaster will be Carlos deHoyos with Napoleon Vitela assisting.

Troop 163 was very active all last year and they are looking forward to one of the best years yet with these adults to lead and guide them.

36 Voters 'Swamp' Second Primary Polls In County

1-Race Election Fails To Generate Interest; McDonald Favored

Some 1300 Crockett county voters stayed away from the polls last Saturday in the run-off primary of the Democratic party which determined the judge who will sit on the Texas Court of Criminal Appeals for the next four years.

Of the estimated number of qualified voters in the county, only 36 of them showed up at the two voting places in the county to cast their vote on the highly important state office, the only one on the run-off ballot.

Of the 36 voters who did cast their ballots, 23 favored Judge W. T. McDonald of Bryan over incumbent Judge Lloyd W. Davidson, a highly controversial figure among lawyers and law enforcement officers and interested citizens as well because of his frequent interpretations of the law which favor defendants to the point of absurdity. In the state-wide light voting in the run-off, McDonald won nomination over Judge Davidson.

Voting places were open in this county at the courthouse in Ozonia and at the power plant on the Pecos river in northwest Crockett county.

NOW THE CAMPAIGN STARTS

After weeks of political petal-picking by the amateurs, the tenn-gallon Texan hat of Senator Lyndon Johnson is irrevocably in the Presidential ring, planted unequivocally in that crowded Democratic hat - checking area by the Scripps-Howard newspapers.

"The 19 editors of these politically independent newspapers," read the editorial announcement, "believe Senator Johnson is the ablest and strongest Democrat available. We hope he will be his party's choice."

The editorial went on to state that these papers would reserve until after the conventions their (presumably unanimous) decision on whether to support the Democratic or the Republican nominee. The declaration was concluded with these words, "there seems to be a 50-50 chance that whoever is the Democratic nominee will be our next President, and will serve as President for all of us - Democrats, Republicans and independents, through crucial years ahead."

Few will quarrel with that closing remark, and all of us must agree with this paragraph out of the midsection of the pronouncement: "The times call for a man in the White House who has demonstrated qualities of leadership, who has experience and judgment, a man of vitality and courage, and patriotism that rises above partisanship."

Truer words were never written. And they will be echoed and re-echoed by the seasoned brigade of practical politicians who, under the shrewd guidance of Campaign Manager Sam Rayburn will make it tough for the other aspirants - including Richard Nixon. But while Scripps-Howard is praising the bipartisan leadership and the "sure-footedness" of the man who - in the face of the summit crack-up - "said the right things at the right time," perhaps we might note how this paragon has been voting for the past five years.

In the massive and meticulous ACA INDEX compiled by Americans for Constitutional Action on votes on those issues pitting liberty against collectivism; for economy and constitutional government versus the managed state with free pie-a-la-mode for breakfast, the Johnson score is ten percent - a cut below Kennedy at 11 percent - and contrasted with democrats Byrd, Lausche, Robertson and Thurmond at 92.81, 81 and 76 percent respectively.

It can be argued, of course, that a President, after all, does not vote. He only has to talk!

dden, sneak attack is no-

thing new. Hitler used it many times. Russia bombed Finland without warning. Japan hit Pearl Harbor with no announced declaration of war. In fact, surprise attack is almost as old as warfare itself. In an age when nuclear bombs can virtually eliminate civilization, it is all the more imperative that nations know what their potential adversaries are doing and what their military capabilities are.

As President Eisenhower said, such spying missions are "distasteful" to the U. S., but from a harsh reality standpoint they are necessary. Russia has rejected our "open skies" inspection plan which might have prevented any nation in the world from preparing a surprise attack without detection, and the history of Red spying is well known. Add to that the fact that Russia continues to build a war-making machine, and it is basic that the U. S. must engage in espionage to keep abreast of the potential enemy.

THE PROFESSIONAL WILL frankly say that Russia has the advantage over the United States

when it comes to gathering information useful in the event of armed conflict.

Ours is a free society, where very little is kept from the public. We have an active, inquiring free press that digs into matters and prints whatever it unearths. We have open Congressional hearings and reports on many subjects that would be top-secret in Russia. Our public officials speak freely of matters that are only whispered of behind the iron curtain.

The Russians subscribe to trade magazines and papers in the United States, clip freely from our daily press reports, have representatives at the President's press conferences in the form of accredited correspondents from Tass and Pravda, freely inspect our public pictures of weapons, personally witness parades where exhibits of our military hardware is on display, and have access to all kinds of information in our free society that we cannot get in their closed, police-state society.

Russian press representatives in this country frequently call on Congressional Committees to pick up

copies of reports printed on various Congressional hearings (most of which are available for the asking) or go to the Government Printing Office to make wholesale purchases of various documents, reports and technical manuals. They are often accompanied by persons who are legally Russian Embassy attaches or diplomats, but who obviously are trained experts in gathering technical information.

ALTHOUGH OUR INFORMATION comes the hard way by comparison, we do get it — as the recent spy plane flight over Russia proved. We also know a great deal more about what the Russians are doing in their world-wide operations than most people think.

As a Marine Reserve Officer serving in a unit made up of members of Congress and professional staff members on Capitol Hill, I receive briefings each Thursday morning that indicates we do have an active intelligence apparatus. For instance, some months ago reports began to appear in the public press on Russia's large submarine fleet, followed by stories that such subs had been sighted in U. S. coastal

waters at various points along our shores.

Without delving into security problems or classified information, let's just say that the type, size, location, missions and other factors involving these Russian subs did not go unnoticed by our military officials — and long before anything appeared in the public print. Nothing was printed until it was considered safe, for various reasons, to do so.

Incidentally, the briefings referred to are not limited to strictly military matters but also involve reports on international conditions, internal security problems and other subjects. Those of us who hear these reports do not get them merely because we are Reserve Officers or Members of Congress. Each of us has undergone an individual security check and has been cleared for receipt of top secret information.

Our intelligence system has uncovered much information that is very valuable to the nation. If the almost unthinkable tragedy of nuclear war ever comes, the system will certainly prove its worth.

Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property... if you have a regard for the convenience and safety of folks who come to see you... and if you have a keen sense of economy as well as for things functional... then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination... insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

Why not call Pioneer tomorrow and find out all the details about Gas Lights? Special Budget Prices start at just \$49.50, installed.

OZONA, TEXAS Where Prices, Quality, And Service Meet OZONA, TEXAS

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — In a period of deep gloom about state finance, Texans had to pinch themselves to believe the good news.

U. S. Supreme Court ruled that Texas does indeed own its tidelands for 10 1/2 miles out — just as Texans have been claiming for 115 years.

Financially, it's a long - range gain at best. But as a moral victory for Texas principles, it's the biggest thing since the Battle of San Jacinto.

Revenue from the publicly owned land will go into the permanent school fund. Problem of Texas' bankrupt general fund is unchanged.

How much money comes to the school fund will depend on how much oil is under the submerged lands and how good is the market. Money going into the permanent school fund — from mineral leases, royalties, bonuses, etc — is invested, and only the income from these investments may be used for current school spending.

Thus far, the oil yield from Texas tidelands has been far from spectacular. There have been only 24 producing oil wells and 47 gas wells in 22 years.

But if conditions are promising, oil men undoubtedly will keep trying. As an immediate effect, the state will get some \$29,000,000 in mineral payments that accumulated while the issue of state or federal ownership was being thrashed out.

Anti-Income Taxers — Voters who oppose the federal income tax and the United Nations will find a haven in the Constitution Party.

Like the Republicans and Democrats, the Constitution Party will hold a state convention June 14 to name delegates to a national convention.

At a preliminary meeting in Austin, delegates were selected and instructed to work for a ticket headed by J. Edgar Hoover for president and Tom J. Anderson of Nashville, Tenn., for vice president.

Constitution Party also nominated candidates for all statewide offices except governor. gubernatorial nominee was omitted, because if he should receive 200,000 or

more votes in a general election, state law would require the party to go the expensive primary nominating route next election year.

Hospital Needs Grow — Deficit or no deficit, the State Hospital Board says the hospital system has increased money needs that must be reckoned with.

Board has voted to ask the Legislature for a \$107,000,000 appropriation for the 1961-63 period. This would be \$34,000,000 more than the present allocation.

Part of the extra funds, about \$2,000,000 a year, would go to hire extra people so present staffers could change from the present 44-hour week to a 40-hour week. Board has recommended this change to put hospital employees on equal footing with those of other state agencies.

But the main problem, says the Board, is that the hospital system is getting more and more patients and needs more money to take care of them. In addition, it has the problem of caring for many oldsters

who are not really mentally ill. **Youths Needs Cited** — Another state agency with a story of urgent need for more state support is the Texas Youth Council.

Youth Council has the responsibility for trying to stem the tide of rising juvenile delinquency and also to provide homes for children who have none of their own.

For this task in 1961-63 the Council is asking for a \$13,695,636 appropriation — up by \$3,500,000 from the present.

Some of this would be used for new construction at the Gatesville

Training School for Boys, Gainesville Training School for Girls, a state home for orphaned Negro children and for additions to the Waco and Corsicana State Homes for orphans.

It also would enable the Council to set up a parole supervision staff to follow up on the rehabilitation of youngsters released from training schools.

We make beautiful music together

It's been a long, hard winter and your car has suffered too. With the coming of spring and warm weather, give the old buggy a break with a springtime change-over. Your cooling system needs a swim-weather check-up to get ready for summer driving. Your motor oil has taken a beating in the long, cold winter — better let us drain and flush your crankcase and put in fresh oil. Oil filters, air cleaners, carburetors need checking in the season change.

Bring your car to us and we'll make it sing sweet music again.

TOMORROW IS THE TENTH!

Tomorrow, the 10th, is important to three groups of individuals, especially:

FIRST — it is important to you who enjoy the privilege of credit, because you pay your bills promptly by the 10th — You are a "select group" and you maintain your place in this group by continuing to pay your bills on time.

SECOND — it is important to the merchants who grant you credit privilege. They learn on whom they can

depend to maintain their standard of good business and friendly relationship, and the opportunity they have to choose from this "select group", the "cream of the customer crop."

THIRD — it is important to your local Retail Merchants Association — the credit bureau — who is able to keep your credit rating in this "select group" only as you yourself maintain it by payment of all bills promptly — or by dropping your name from that group because you have defaulted in your "promise to pay promptly."

Notes From The County Agent's Office

By Pete W. Jacoby

Many reports of rabid animals—chiefly foxes and skunks—are coming in from over the state, says Edwin Cooper, extension wildlife specialist at Texas A&M College.

Since complete eradication of animals subject to carrying rabies is almost impossible, everyone should be aware of methods which lessen the possibility of contacting the disease, Cooper continues.

Contrary to popular belief, rabid animals do not have "running fits" nor "froth at the mouth." A rabid animal is usually characterized by symptoms of paralysis and loss of their usual fear of humans or natural enemies. Therefore, Cooper says children should be cautioned to avoid any animal which appears to be acting strangely.

Foxes, strange dogs and skunks especially should be avoided. Rabies also can be carried by domestic livestock, bats, squirrels and several other mammals. Rabies may occur during any season of the year, Cooper emphasizes. A "deodorized" pet skunk, for example, may be a dangerous creature to have around, in spite of the novelty and interest it may afford.

If a person is bitten by any type of wild or domestic animal, the person should immediately report to the family doctor after making every effort to capture and pen the attacking animal for observation purposes if this can be done safely. If it is a wild animal, it should be killed unless capture can be accomplished without risk of another attack. Instructions for

having the animal checked for rabies can be obtained from your doctor or veterinarian.

Consult your veterinarian to make certain your pets are properly vaccinated. Stray, untagged or suspicious acting domestic or wild animals should be reported immediately.

Bagworms are, or soon will be, active in all parts of the state. The time to obtain good control of these pests is when they are young, as chemicals applied after the worms are grown gives no control, says James Hawkins, assistant extension entomologist.

After hatching, the larvae immediately start to feed on the foliage of ornamental plants. The young worms spin a silken bag about themselves and as they feed attach bits of foliage to this bag. The worms carry this bag with them as they move about. When the worms are grown, this bag is one and a half to two inches long and affords the worm almost complete protection.

In September the female worm deposits her eggs in the bag and then dies. The bags should be picked from infested plants and burned because the eggs for next

season's worms go through the winter inside the bags.

Hawkins recommends 10 percent toxaphene or 4 percent malathion dust as a control. Lead arsenate, toxaphene or malathion spray can also be used. Remember, the entomologist concludes, these chemicals are effective only if used when the worms are young.

GARDEN CLUB NOTES

Garden Club members are urged to gather dried material for the fall District Meeting. Unusual driftwood for arrangements would also be useful.

Anyone having different size rocks for a rock garden should place them at the east end of the Live Oak park any time.

The Garden Club will pick the "Yard of the Week" in Ozona beginning next week. Anyone who knows of an outstanding beauty spot or garden, call one of the Civic Committee members, Mrs. Stephen Perner, Mrs. Cecil Hubbard or Mrs. Glenn Sutton.

Callie Nell Sparks, Airman Wm.C. Herring Wed In Saturday Rites

Miss Callie Nell Sparks, daughter of Mr. and Mrs. Walter Sparks, and Airman 2C William C. Herring, son of Mr. and Mrs. Pete Herring of Oklahoma City, were united in marriage at 6 p. m. Saturday, June 4.

The ceremony was performed by the Rev. W. C. Smith, Baptist missionary preacher attached to the local Air Force Station, in the Smith home at 115 Avenue I in the presence of members of the families and close friends.

The bride wore a white wedding dress with a white corsage. Miss Vicky Carroll, bridesmaid, and Bob Shouff, best man, were the couple's only attendants. Following the ceremony, a reception was held in the home of Mr. and Mrs. Harold Shaw for members of the wedding party and guests.

The couple left following the reception for a wedding trip to Oklahoma City after which they will return to Ozona to make their home.

Becky Davidson Becomes Bride Of Giles Madray, Jr., of San Antonio Methodist Church Ceremony Saturday

Becky Davidson, daughter of Mrs. Joe Tom Davidson, Ozona, Texas, was married to Giles Madray, Jr., at the Methodist church at 2:00 Saturday, June 4th.

The bridegroom is the son of Mrs. Giles Hayes Madray, 722 Alhambra, San Antonio. He is a graduate of A. Edison High school in San Antonio, and will receive his business administration degree from the University of Texas where he is a member of the Phi Kappa Phi Honor Society. The bride is a graduate of the University of Texas at Austin and was a student at the University where she

pledged Alpha Lambda Delta, national honorary scholastic organization for women, and Tau Beta Sigma, national honorary sorority for band members.

The ceremony was performed by the Reverend Morris Bratton for the couple and members of their families.

The bride, given in marriage by her father, wore an informal gown of silk organza backed with tulle, which was trimmed with Chantilly lace. The moulded bodice was cut in deep points, both front and back with a hand-rolled cord of organza edging the points. An overlay of the lace edged the lowered neck-

line and extended into the top of tiny sleeves. The skirt was ballerina length, with the scalloped pattern of the lace edging the hemline. Small appliques of lace were scattered over the full skirt. Her finger-tip veil of illusion was held by a tiara pearls. She wore a strand of pearls which was a gift of her parents with a diamond drop which was a gift of the groom. She carried a lace-edged handkerchief trimmed with seed pearls belonging to her grandmother, with her bouquet of phalaenopsis orchids and lilies of the valley.

The bride was attended by Mrs. Earl Malone, as matron of honor and by her sister Miss Anne Davidson. They were dressed alike in white organza. The empire bodice over lace was cut with a scoop neckline and short fitted sleeves. The ballerina length skirts were shadowed with a deep hem. They wore half hats of tulle petals and carried bouquets of Esther Reed daisies.

Miss Barbara Davidson, sister of the bride, and Miss Carol Lanehart of Iraan, Texas, lit candles before the ceremony. They were dressed in pale aqua chiffon shirt-waist dresses with vertical bands of scalloped lace on the bodice and

with full three-quarter length sleeves, and wore head-bands of white carnations.

The bridegroom was attended by his best man, Bill Cotulla of Cotulla, Texas, and Travis Crawford of Grandfalls. Ushering were Bill Atkinson of Pampa and Larry Wombole of Dalhart.

Mrs. L. B. Cox, III, was organist, playing nuptial music before the ceremony and the traditional Lohengren processional and the Mendelssohn recessional.

A reception was held following the ceremony at the home of Mr. and Mrs. Joe T. Davidson, grandparents of the bride. The couple will be at home at 3005 Red River in Austin.

The parents of the groom gave the rehearsal dinner at the home of the bride's parents Friday night, June 3rd.

Attendance Marks Fall As Baptist Vacation Bible School Closes

Commencement services for the Vacation Bible School at the First Baptist Church were held Wednesday night closing the largest such school ever held by the Baptist Church here.

School Principal Gerald Dingus termed the school not only the largest ever held by the church but also one of the most satisfying in terms of daily attendance, pupil interest and capable faculties.

The final enrollment for the week and one half school stood at 209 far in excess of any previous school ever held by the church.

The single high day in attendance was last week, when a total of 187 pupils showed up for play and instruction in the school.

A large crowd of parents and friends were on hand Wednesday night for the final exercises following which those attending were invited to circulate from department to department and view the hand work completed by the children during the school and on display for the visitors to observe.

Mrs. Sidney R. Moughon and children, Dan, Wes and Dinah, from Gilmer, Texas and Mrs. Alex Ogilvy, III, and children, Michael and Judy Ann., of Odessa were guests last week of Mrs. Moughon's and Mrs. Ogilvy's parents, Mr and Mrs. Evert White. Mr. Ogilvy was also here for a week-end visit.

Falcon is having the best first year any car ever had... over 250,000 already sold since introduction... going at the record rate of 10,000 every week. What makes Falcon the world's most successful new car?

Economy!

To begin with, Falcon is America's very lowest-priced 6-passenger car*... \$64 to \$154 less than the other compacts.

"Falcon delivers the best fuel economy of the three new compact

cars," says *Motor Trend* magazine. Owner reports and fleet operator logs consistently show Falcon mileage figures of up to 30 miles per gallon with regular gas.

Falcon goes 4,000 miles between oil changes, costs less to service, less to license and in most places, less to insure.

Falcon saves you more and still gives you full room for 6 big people and all their luggage. Small wonder Falcon has become first so fast!

Why Look Beyond America's 1st Choice Car for the things you want

This is the Kingswood 4-Door 9-Passenger Station Wagon

With wagons like this one in the lineup, it's no wonder Chevrolet is the most popular car in the whole U. S. All five Chevy wagons, 6- and 9-passenger models, are widest where wagons should be wide—with comfortable seating space that becomes up to 92-cu. ft. of cargo area by a simple adjustment. All five feature all the things that are making Chevrolet first choice, too: FULL coil suspension cushioning all four wheels . . . an economy turbo-fine V8 that gets up to 10% more miles to the gallon on regular gas, or that well-known saver, the 4-cylinder V6 . . . the shift-free smoothness of TURBOGLIDE . . . a wider front seat and more entrance height in Chevy's ROOMY BODY BY DESIGN than you'll find in any other car of the leading low-priced 3. Now's the best time to stop by and let your dealer list all the reasons why you CANNOT BUY ANY CAR FOR LESS UNLESS IT'S A LOT LESS GOOD! *Optional at extra cost.
