Run-Off Sat. To Decide Judge Of Criminal Appeals

Judge McDonald Opposes Davidson In Only State Race

Although the race is an important one, voting is expected to be a relatively light in the Democratic run-off primary slated for Friday, June 4. A number of races in the state whose local district races were decided in the first primary will not even hold run-off elections.

Only one state office is to be decided in the second primary, that of the judge of the Court of Criminal Appeals in which incumbent Lloyd Davidson is being opposed by Judge W. C. McDonald of Dallas. Among the few voters expected to cast their ballots in this election, the lone state race is expected to be a close one. The campaign of Judge McDonald has cashed on the record of Judge Davidson in his many legal hair-splitting decisions as a member of the state court. As an example, Judge Davidson reversed a criminal conviction of a man charged with stomping to death another man. The reason, that the indictment did not specify he stomped to death "with his feet," in a similar case was that in another case one person was charged with drowning another and the indictment held the defendant guilty if he did not say "in water."

Although the Criminal Appellate judgeship is the only contest in the ballot, Crockett County will be given a chance to elect their choice in this race. The election will be held in the courthouse in Ozona and the precinct at the Pecos power plant in extreme northwest Crockett County.

Odessa Man Dies In Pick-Up Crash With Of Ozona

By Fletcher, Drill Salesman, Died Hours Later

Odessa man, Aubrey Fletcher, employee of the Reed Roller Co. of Odessa, became a traffic victim in Crockett County in a period of two weeks when he was fatally injured last Friday afternoon in an accident on the south of Ozona.

Fletcher died at 7:50 p. m., hours after his pickup truck which he was riding alone failed to negotiate a curve in the ranch road 4.3 miles south of intersection with Hiway 163, Highway Patrolman B. D. Pizer, investigated the accident, said Fletcher apparently lost control of the pickup at a sharp curve on the road. The vehicle turned over and struck the pavement. About two hours after being brought to the Crockett County hospital in a Cody ambulance, Fletcher was sent to Odessa for services.

Fletcher was returning from Odessa to a Phillips rig at the south of Ozona.

YOU COUNTED?

In this week, The Stockman printing a late count form on Page 6 in the that those who were not included in the recent U. S. Census enumeration will list their families so that they be included in the official count.

Census takers did not go to your home, or if you have permission for you who were not counted, won't you fill in information on the form and turn it to the Ozona office. Only one more week to get this information included.

HEROES IN RESCUE EPISODE

Doug Moore, left, and Rick Hagelstein put their Boy Scout training to good use in saving Jimmy Semmler from drowning.

Two Ozona Boy Scouts Use Scout Knowledge To Rescue Drowning Companion From Pecos River

Jimmy Semmler, 12-year-old son of Mr. and Mrs. James Semmler of Ozona, is alive today thanks to a well learned lesson in water safety, rescue and resuscitation, by two Boy Scout companions.

And for at least one of Jimmy's rescuers, his knowledge of water rescue methods probably saved his own life.

After suffering a leg cramp while swimming in the Pecos river recently, young Semmler was rescued by Boy Scouts Doug Moore 13, and Rick Hagelstein, 15. The unconscious 12-year-old, himself a Boy Scout of only a few weeks, was dragged from the stream by the two boys, given artificial respiration, treated for shock and emerged from his harrowing experience none the worse for wear. When Jimmy sank in the deep

water, Doug Moore, son of Mr. and Mrs. Kirby Moore, saw his plight and rushed to his rescue. Rick, son of Mr. and Mrs. Fred Hagelstein, was not far behind Doug. When Doug attempted to get a rescue hold on the drowning boy, he was clamped in a "bear hug" and both boys sank. But Doug remembered his Boy Scout training and used the approved method to break the hold and with the assistance of Rick, who had reached the scene at about that time, dragged the already unconscious boy to shore.

The near tragedy occurred during a Church of Christ picnic outing at the B. B. Ingham ranch on the Pecos recently.

Scoutmaster Bob Hillely, of Troop 153, of which all three boys are members, was high in praise of the efficient rescue.

Swimming Pools Due Opening This Week

Two of Ozona's three swimming pools will open this afternoon with the third pool nearing completion on the playground at Lockett Elementary School.

Fred Hickman and Claude Leath will manage the North Pool again this summer while Chick Womack and Jim Williams will run the south pool.

Construction work on the new pool is nearing completion and opening of the pool will, barring complications, occur in the near future.

Thunderstorms and rain in the area the past few days are expected to continue on a widely scattered basis according to weather reports and should Ozona be fortunate enough to get one, the opening of the pools might be delayed a day.

News of the pool opening will, as usual, be greeted with great joy by the small fry and with something akin to indifference by their elders.

Second Gas Producer Indicated In Baggett No. 1B Test by Cosden

Second producer and a 3/8-mile north and slightly west extension to the Baggett (Strawn) field of Crockett county has been assured with the flowing of gas at the rate of 3,000,000 cubic feet daily, at Cosden Petroleum Corp., Big Spring, No. 1-B E. G. Baggett, in 24-G-GC&SF, 12 miles southwest of Ozona.

Flow was through a 22-64-inch choke and perforations between 9,040-68 feet, 9,092.98 feet, 9,110-16 feet and 9,154-74 feet, which had been acidized with 10,000 gallons. Tubing pressure was 700 pounds, casing pressure, 1,100 pounds.

Operator was preparing to fracture and continue testing.

2 1/2 Inches Rainfall Recorded In Parts Of County In Monday Fall

Thunderstorm activity which dumped up to 2 1/2 inches of rain in parts of north and northwest Crockett county upped the sagging spirits of area ranchmen Monday as the promise of a break in the long continued dry weather was seen in the early summer activity.

Vic Montgomery ranching northwest of Ozona, reported 2.6 inches of rain over all his country and said that the fall appeared as heavy north and northeast of his place. The Charlie Black, Frank McMullan, Jr., and other ranches in that area were reported to have received good rains. Rain from a half inch to an inch was reported in the western part of the county.

Although threatening clouds hung on all day, with a cool east wind to lend emphasis to the promise of moisture, Ozona received only 2 of an inch of rain in the disturbance, but a violent thunderstorm early Wednesday morning dumped a half inch of moisture on the town.

Bunn Carpenter, Game Warden, Returns Here After Special School

Game Warden Bunn Carpenter, who has been attending a Game Warden School at A&M College for the past several months, will be among 33 game wardens to be graduated from the special school on June 6 and will be re-assigned to service in Crockett county, according to announcement in Austin by Capt. E. M. Sprott, director of law enforcement for the Game and Fish Commission.

Carpenter was in service here prior to his assignment to the special school. A list of assignments for the 33 graduates and five other game wardens was announced by Capt. Sprott.

25 Years With State Highway Department Gets Recognition In Austin Ceremonies For Scottie Houston, Senior Maintenance Foreman, Dist. 7

Scottie A. Houston, senior maintenance foreman for District 7, Texas State Highway Department, was in Austin Wednesday of this week to receive his 25-year pin in recognition of a quarter century of service with the Department.

Presentation of awards to employees of the district from all over the state with 25 or more years of service were made by State Highway Engineer D. C. Greer in the hearing room of the Highway Commission in Austin at 9 a. m. Wednesday.

Three other department employees from District 7 also received the service awards. They were District Highway Engineer Jesse A. Snell of San Angelo, 30 years; Roy McClure, senior inspector, 35 years; and William H. Keeton of San Angelo, senior right-of-way agent, 25 years.

In this week's ceremonies, two employees received their 40-year pins to bring to a total of 7 with that length of tenure in the state. Twelve received 35 years pins to make a total of 69 in the state; 21 received 30-years-pins, for a total of 392, and 37 received 25-year pins to bring a total of 643 with that number of years with the department.

Mr. Houston, one of the most competent maintenance foremen in the state, has spent 13 of his 25 years with the Highway Department in Crockett County. Before that he made headquarters in Barnhart. He started out with the department as a laborer 25 years ago in Mertzon. After serving in the armed forces during World War II, he returned to the Department and was assigned as maintenance foreman at Barnhart, later transferred here.

Resignations Filed By Five Teachers In Local School System

Five teachers in the Ozona Public School system, with a total teaching staff of approximately 65, have resigned their positions with the close of the 1959-1960 school year. L. B. T. Sikes, superintendent, reported this week.

Two of the teachers, Corbett Smith, band director, and Vernon Harlan, high school English and Spanish teacher, resigned to accept college teaching posts, both going to Sul Ross State College at Alpine. Mr. Smith, who has directed the Ozona High School band for a total of seven years, with a two-year interval in which he operated a farm in Oklahoma, will become band director and music instructor at Sul Ross. Mr. Harlan, who has taught in the local system for seven years, will teach English to Sul Ross students.

Other resignations include Mrs. Paul Jacobs, who will join her husband, transferred from his Ozona post to Hobbs, N. M., with the Continental Oil Co.; Mrs. Weldon Manes and Miss Betty Wolf. Mrs. Jacobs taught second grade in South Elementary school, Mrs. Manes the 6th grade in North Elementary, and Miss Wolf the third grade in North Elementary. Miss Wolf has accepted a position in Reno, Nevada, schools.

In addition to the five resignations, a sixth position in the local system will open with the new school year in the fall. Because of heavy enrollment, it will be necessary to divide the fifth grade in the South Elementary school and a new teacher will be employed for this post.

A number of applications are on file for the various open positions, Mr. Sikes said. Several applicants for the band director post have already been interviewed but no selection has yet been made.

CATCHES 8TH BOBCAT

Pancho Vela, trapper on the Johnny Henderson ranch, exhibited a live bobcat here recently, the 8th cat he had caught in his traps in a period of one month on the Henderson ranch. The snarling beast had poked a front foot into the trap and Vela brought him in alive.

Scottie A. Houston

Ex-Service Men Of County Honored At Memorial Park

Landscaped Grounds Of Hospital Dedicated As Memorial Plot

A brief but impressive Memorial Day ceremony Monday evening paid homage to the memory of Crockett county's war dead and honored the living veterans of three wars when a small park on the south edge of the county hospital-medical center, marked by a newly erected granite-bronze marker, was formally dedicated as a Memorial to all war veterans from Crockett County.

The Memorial park, plus landscaping of the entire hospital grounds, was a five-year project of the Ozona Woman's Club and the dedication ceremony was directed by members of that organization.

Mrs. Evert White, immediate past president of the Woman's Club, substituting for Mrs. L. B. Cox, Jr., in whose administration as president of the club the project was begun, and who was ill, made the dedicatory address to open the service. She traced the history of the landscaping and memorial project of the club and acknowledged the help of other organizations and individuals in its accomplishment.

"Crockett county men went from the stores, from the garages, from the offices and from the ranches, each to do his part as he was asked, for the protection of all of us and our way of life," Mrs. White declared. "This park is dedicated in eternal gratitude and appreciation and in perpetual remembrance for the part of their lives they gave in the service of our country."

Mrs. White then introduced Dr. H. B. Tandy, who volunteered early in World War II for service in the Army Medical Corps and served four years, three of them overseas, in the North African campaign and with troops that invaded through Sicily and Italy. Dr. Tandy held the rank of Major, and after returning from overseas duty, served another year in base hospitals in this country.

Glenda Friend Named To All-State Team In Class A Volleyball

Miss Glenda Friend, sophomore student at Ozona High School during the past year and the daughter of Mrs. Joe Friend of Ozona, has been notified recently of her selection to the all-state class A volleyball team.

Glenda played spiker on the Ozona high team the past season as the Ozona team won district and advanced to the state meet before being ousted by the state champion Waller team in an overtime match. In addition to winning district and distinguishing itself in state play, the Ozona team won its own tourney and all of its non-district games with the exception of three played with 4-A schools.

The Ozona team was composed entirely of Sophs and Juniors with the exception of one senior.

Tops In Quarter Horses On Parade In Show Here Sat.

Halter Class Judging To Start At 9 a. m. At Fair Grounds

Quarter horse fanciers from near and far were headed Ozona way at mid week as preparations were being put in final form for the eighth annual Ozona Quarter Horse Show set for Saturday June 4, at the Crockett County Fair Grounds.

To be judged by Rex Barrett of Pampa, Texas, the pride of Texas quarter horse breeders will be paraded before the judge beginning at 9 a. m. Saturday in the halter class showing. Mares will be judged in four classes, those foaled in 1959, 1958, 1957 and aged mares, with the grand champion and reserve champion to be picked from winners in these classes. Stallions in the same age groups will be judged and the champion and reserve champion picked from the winners. In addition to these classes, there will be a class for geldings of all ages, one for get of sire and one for produce of dam. A registered cutting horse contest will be run off beginning at 2 p. m. and the western performance classes will follow, including western pleasure horses and western riding horse contests.

At the Saturday night show, there will be barrel race contests, reining horse contests, roping horse contests, junior open roping contest and children's western class competition.

The annual Quarter Horse Show is sponsored by the Ozona Roping Club, with Bud Cox as chairman and Carl Appel as secretary.

Entries were to close at noon today, Thursday, with a \$3 added charge for late entries after that hour. From interest shown over the territory in the show, a full slate of fine horses is expected to be entered in the showing and performance classes.

Kerrville Man To Run On GOP Ticket For Legislature

Bill Stacy To Oppose Jim Nugent In General Election

KERRVILLE — W. G. (Bill) Stacy, 21st Congressional District census director and Kerrville camp operator, has been chosen Republican nominee for 78th District state representative seat.

He was nominated here Saturday by the Kerr County Republican Committee.

In announcing his platform, Stacy said "the real issue of the campaign between now and November will be if the voters want my conservatism to represent them or the ultra liberal philosophy of the opposition nominee."

James H. Nugent, Kerrville attorney, is the Democratic nominee.

He said he is opposed to a sales tax and income tax and holds "the state government should start using economy instead of raising taxes to meet deficits."

Stacy said he would be in favor of streamlining state agencies and revising the Texas Constitution.

The Hill Country's recreational facilities should be pushed — both for vacation and retirement, said Stacy.

He said he would endeavor to influence Republicans nationally to raise the wool tariff, stop the imports of sheep carcasses and keep the entomology station in the Hill Country.

As to teachers pay raises:

"When additional money from present tax sources is available I will favor a pay raise for teachers in areas that are not able to meet the wage scales of the metropolitan areas first, then bonus payments or raises to those teachers who teach subjects that have the highest teacher turnover.

THURSDAY, JUNE 2, 1960

NEITHER "MUTUAL" NOR "SECURITY"

At the very moment President Eisenhower was delivering his television report to the nation on the summit fiasco, promising the continuation of "business - like dealing with the Soviet leaders" and full-scale foreign aid, both military and economic, a letter from another retired general urging a stepped-up defense program to replace foreign aid was on its way to every member of Congress.

In his letter, Bonner Fellers, Brigadier General US Army, retired, provided to our lawmakers a post-Paris postscript to his testimony before the Senate Foreign Relations Committee on March 30. Appearing as Vice Chairman and National Director of the Citizens Foreign Aid Committee, he had told the Senators:

"Our present Foreign Aid Program can be defended only in sweeping generalities... vague and empty platitudes." Of those foreign bases, he said: "Never do the proponents of foreign aid face the fact that the 250 overseas bases now

available to us may not and probably will not be available in war." As matters stand, Morocco has forced our evacuation of four bases built under a billion dollar crash program, and the squeeze has been put on us in Libya, the Philippines, Okinawa, Japan, Panama, Cuba, Iceland, Britain, France, Norway and Denmark.

In his letter of May 25th, General Fellers notes that since the summit failure, K has "blackmailed" Norway and Pakistan into closing their bases to American reconnaissance over the USSR and told Japan it must close its bases to our military planes — or else — and that Turkey and Afghanistan are in an uproar over the U-2. He sees no "mutual security" in the knuckling of our allies to Khrush and urges the expenditure of foreign aid funds on defense measures to "insure American air and space supremacy." These would include: increased B-52 procurement, airborne SAC alert, expanded Polaris submarine production, resumption

of the B-70 program, development and production of space weapons, development of nuclear propulsion for missiles, air and space craft and strengthening continental defenses.

This seasoned old soldier who was General MacArthur's Chief of Joint Planning, believes in keeping our powder dry and is convinced the need for dehydration was never greater. The cold war has revealed a crumbling of the costly overseas defenses against a hot one — that we can ignore only at our peril.

LEMONADE FROM THIS LEMON?

One significant and encouraging result of the U-2 spy plane uproar is the growing sentiment in Congress for a thorough - going shake-up and house - cleaning of our huge and bumbling Central Intelligence Agency — under the direction of a new chief, J. Edgar Hoover! The thinking on Capital

IDIOTS' DELIGHT

Hill was most succinctly expressed perhaps by Congressman Wint of Mankato, Kan., and reported by Human Events: "Fire Allen Dulles and replace him with the ablest man we have for that intelligence job. I mean J. Edgar Hoover, of the FBI."

This is something, we would guess, that the folks back home will go for, too.

PATIENCE CAN BE A VICE

It is no doubt gratifying that the UN Security Council threw out the Soviet demand that it officially call Uncle Sam a bad name for admitting that the high-flying U-2 that got caught 1,300 miles inside the world's largest prison camp was being nosy. And perhaps the seven-to-two vote, in which only Poland voted with Stepmother Russia while Ceylon and Tunisia wistfully abstained, is a tribute to the theatrical presentation by US Ambassador Lodge of that bugged replica of the Great Seal of the United States that had been placed over the desk of our ambassador in Moscow by the everthoughtful Russians.

This dramatic incident recalls to us, however, that when the US Embassy was built, it was widely reported that the Russian builders had thoroughly equipped the whole building with microphones connected with a Soviet listening post. The Russians, of course, forbade the representatives of the American people who were paying for the embassy, to inspect it during construction.

Thus it seems rather too bad we have waited so long to make an issue of this particular bit of Red spying. Had we only told the Russians at that time to keep the embassy since we wouldn't be needing it, think what we would have been spared!

Nor would we look quite so foolish today.

ONLY A START

Senator Goldwater of Arizona was the only member of the Senate to vote against the 1959 Kennedy-Ervin labor bill. He did so because he believed it was totally inadequate to do the needed reform job. And, despite the fact that the bill passed the Senate by a 95-1 margin, the House refused to accept it. Subsequently, both branches approved what Senator Goldwater terms "a much better measure" — the Landrum-Griffin bill, which is now the law of the land.

Even so, Senator Goldwater writes in a recent newspaper column, "Congress has still to come to grips with the real evil in the labor field. Graft and corruption are symptoms of the illness that besets the labor movement, not the cause of it. The cause is the enormous economic and political power now concentrated in the hands of union leaders."

What is the result of this? The Senator says. "Such power hurts the nation's economy by forcing on employers contract terms that encourage inefficiency, lower production and high prices — all of which result in a lower standard of living for the American people."

"It corrupts the nation's political life by exerting undue influence on the selection of public officials."

He gravely compromises the freedom of millions of individual workers who are able to register a dissent against the practice of union leaders only at the risk of losing their jobs."

The Landrum-Griffin bill was a start, and a good one. But we still have a long way to go in protecting the legitimate rights of the American people from abuse by labor monopolies — including the rights of union members.

TOWARD SWEETNESS AND LIGHT

Florida's Governor Leroy Collins has been named chairman of the Democratic National Convention and Idaho's Senator Frank Church chosen as keynoter, these selections being made, it is said, in an effort to enhance fraternal feeling among Northern integrationists and Southern segregationists.

Governor Collins has been widely described as a middle-of-the-roader — which is one of those people who, if he has any convictions, is unwilling to reveal them. Senator Church has been a consistent voter for big spending, big Government and whatever Labor wanted — in starting contrast to the records of Senators Byrd, Lausche, Robertson, Thurmond, Eastland, Frear and 73 others in descending order.

The prospect of harmony would not seem greatly improved.

BOY SCOUTS MAKE JAMBOREE PLANS

Carlos Lopez and Joe Martinez are attending a shakedown planning camp at Sol Mayer this week in preparation for the National Jamboree which will be held in July at Colorado Springs, Colorado.

Both boys are members of Troop 163 sponsored by the Ozona Community Center. Carlos has the honor of being an Eagle Scout and Joe is a Star Scouter.

AERIAL SPRAYING

**SIGN AND RETURN YOUR
TAX
RENDITION BLANKS
AT ONCE**

If you have not yet signed and returned your property tax rendition blank to the county tax assessor, better do so at once.

Failure to sign and return the blank will increase your taxes because you will lose the \$3,000 homestead exemption for state taxes.

A few Crockett County property owners have not yet returned the blanks and this reminder is an effort to help you avoid the penalty of such neglect.

Billy Mills

Sheriff, Tax Assessor & Collector - Crockett County

THUMBS DOWN

calls and passenger transportation for bus, rail and air lines.

You may recall that the "Report" last week mentioned that President Eisenhower had included in his fiscal year 1961 budget, "anticipated" revenue from these sources. The President made this presumption in spite of the fact that Congress had last year voted to repeal the war time telephone excise tax as of July 1, and to reduce the transportation tax to 5%, half of the present figure.

Secretary Anderson admitted before the Committee this week that unless Congress did extend such taxes, the so-called \$4.2 billion "surplus" in the President's budget would disappear. He bluntly said that unless Congress goes along with the President's request to extend corporate taxes at the present rate, and unless it yields to the President's demands to continue the telephone and transportation taxes at the full 10% — as well as extending the other excise taxes mentioned at the present rate — the Government will drop \$2.7 billion in "anticipated" revenue, and that would, of course,

knock a large hole in that \$4.2 billion "surplus".

The Ways and Means Committee then voted to meet the President's demands, but trouble is expected when the bill gets to the House, and also some difficulty will be encountered in the Senate.

The remainder of that elusive "surplus" will disappear if Congress does not also pass higher taxes on first-class and air mail postage stamps, and increase the Federal gasoline tax again.

Four Ozona Students Gets Degrees At A&M

College Station, Texas — The following students from Ozona received their baccalaureate degrees from Texas A&M College at the May 28 graduation:

Carl F. Conklin, animal husbandry; William T. Pinkston, finance; Elden E. Deland, Jr., civil engineering; Roberto Ortiz Martinez civil engineering.

Remington QuietRiter Portable typewriters at the Stockman.

Ozona Merchants Drop 4th Concho Basin Game College Returnees Eyed

By Ernie Boyd

The Ozona Merchants will open a four week home stand Sunday at the Powell Field Park as they host the Goodfellow AFB in a Concho Basin League game.

The Ozona team is hoping for some additional strength before Sunday in the form of several returning college students who have played some basin league ball before.

The Merchants dropped their fourth consecutive league contest Sunday in Robert Lee by a score of 8 to 3.

Red Harrison started for the Merchants but gave up five runs in the first three innings and Ronnie Henning came in and finished up the game.

The Robert Lee Club used a barrage of short hits to manufacture their runs as they picked up but one double in their collection of hits.

The Ozona team, even though running into some hard luck in the course of the afternoon, did not wear the ball out with their bats. The Ozona runs came as the result of a double by Brimlow with the bases loaded and an infield out which brought the man in from third.

Fred Hickman, Merchants third baseman and one of the club's leading hitters, missed the game due to a torn muscle sustained in last week's game.

Ronnie and Orville Paulk, Jake Young and possibly Dizzy Reeves will return to Ozona this week from college and will be available to the Merchants this summer.

SON FOR AIRMAN

Airman IC and Mrs. John W. Trago are the parents of a son, named John W. Trago, Jr., born in the Crockett County Hospital Sunday.

Mr. and Mrs. Sonny Henderson had as Memorial week-end guests Mr. and Mrs. Buddy Howard of Houston.

Support to the People

Congressman J.T. RUTHERFORD

RECENT REPORT by the Commerce Department confirms that most of us have for some time — that we are a nation of debtors.

Outstanding public and private debt, as of the end of last year, stood at \$846.4 billion. An increase of 8.6% from the year before.

Learn most about the National Debt, the debt of the Federal Government, and its rate of increase. Surprisingly, perhaps, the debt has grown slower than that of corporations and citizens — but it has never-grown.

Federal Treasury's outstanding public debt at the end of the year, plus publicly held securities of other Federal agencies, totaled \$243.2 billion, or 28.6% higher than the year before. \$55.6 billion in outstanding local government debt

was 9.2% higher than a year earlier. The outstanding debt of corporations rose even sharper, by 10.2%, to reach a record of \$281.7 billion by year end.

SPEAKING OF DEBT, Secretary of the Treasury Robert Anderson talked on that subject to the House Ways and Means Committee this week.

Anderson, speaking for President Eisenhower, asked that Congress fix a "temporary" \$293 billion ceiling on the national debt. The permanent statutory debt limit is now \$285 billion, but Anderson testified that the Government could not stay within its confines during the year. This, by the way, marked the eighth time that President Eisenhower has asked for the national debt ceiling to be increased, and the Committee voted to grant his request. However, it still must receive the approval of the full Congress.

In addition, Anderson, on behalf of the President and the Administration, urged Congress to extend the present corporate income tax rate of 52%, and to retain the present excise tax rates on auto, liquor, tobacco, local telephone

Miss Eleanor Ruth Dobbins
Bride-elect of O. D. Paulk, Jr.

**Wedding Plans Of Miss Eleanor Ruth Dobbins
And Orville Dale Paulk Jr. of Ozona Announced**

Mr. and Mrs. Bill Curby of Roswell, N. M., announce the engagement of her daughter Eleanor Ruth Dobbins to Orville Dale (O. D.) Paulk, Junior, son of Mr. and Mrs. O. D. Paulk of Ozona, Texas.

The wedding is set for early in September.

Miss Robbins, a junior education major at Texas Western College, graduated from Ysleta high school in El Paso, Texas where she was active in NHS, Quill and Scroll and was selected Who's Who. She is past social chairman of her sorority, Zeta Tau Alpha, and was recently awarded the Delta Kappa Gamma scholarship for the forthcoming year.

She has two brothers, Vernon and Gary Robbins, of Roswell and two sisters, Joyce Anne and Karen Sue Curby also of Roswell.

Mr. Paulk, a senior geology major at Texas Western College, graduated from Ozona high school where he was Sophomore favorite and active in sports. He is current-

ly a member of Alpha Phi Omega fraternity.

Mr. Paulk has one brother, Ronnie, a student at TWC, and two sisters Janice and Debra of Ozona.

FOR SALE — 39 coming 3-year-old Hereford heifers. To start calving in November. Out of registered cows. Must sell now. Troy Williams. Phone 2-3026 or 2-2738.

TEXAS PRESS ASSOCIATION

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Most ardent advocates of a tax bill to pour funds into the state's coffers will be legislative employees. They may be hunting new jobs working for nothing before year is out.

Only about \$130,000 remains in legislative expense fund for between now and the end of year. A good part of this money will be needed to pay travel miscellaneous expenses of the committees that meet between sessions.

These expenses run very high, permanent legislative employees — people who keep records, the legislative library etc. — run short on salary money. Their only course, if they want to stay on in their jobs, will be to hang on until the new legislature finds money to pay them.

Session Costs Totaled — Last legislative sessions — one regular, three special — cost the state \$2,773,140.

This averages out to \$16,385 a year when the lawmakers are meeting, according to State Auditor C. J. Barnes' report.

The \$2,773,140 total, \$724,000 spent by the 32-member Senate and \$2,049,140 by the 150-member House. Each member received in the session about \$5,000, at the rate of \$33 per day.

Most of the expense is mostly for employees to keep a session going — answer letters, keep records, bills, etc.

APPLY IT—NOW!

Sales Tax Take Estimated — A retail sales tax with groceries, medical and other services exempted would raise an estimated \$133,000,000 a year, a legislative committee was told.

Collection costs would run about \$3,000,000 a year, a Texas Research League tax expert told the Commission on State and Local Tax Policy.

If the tax covered not only finished products but raw products

used by business in manufacturing, the take would be some \$80,000,000 a year more but would result in the consumer's paying two taxes on one item.

A retail sales tax would not hurt Texas' future industrial development, the Commission was told by a business expert, but a tax on manufacturing raw materials would.

Very few elective officials have come out strongly for any kind of broad-based sales tax. Some are bound to look longingly at this avenue, however, since the amount that will have to be raised next year will, if teachers get any sort of raise, be almost as much as a retail sales tax would net.

"Lame Duck" Opinions Asked — Atty. Gen. Will Wilson has been asked for opinions on whether retiring lawmakers should continue to serve on two important interim committees.

Four members of the Commission on State and Local Tax Policy are "lame ducks". They are

the chairman, Sen. Bill Fly of Victoria, and Rep. Frates Seeligson of San Antonio, who were defeated for re-election; Rep. V. L. Ramsey of Beckville, who ran for comptroller and lost; and Rep. Obie Bristow of Big Spring who didn't run this year.

Three of the five members of the House General Investigating Committee also did not run for new terms. They are Rep. H. J. Blanchard, chairman, and Reps. Joe Burkett of Kerrville and Carl Conley of Raymondville.

If the Attorney General rules these men should be replaced, most of the new appointments will be made by retiring House Speaker Waggoner Carr.

Gas Tax Argued — Court action has begun on what will undoubtedly be a long legal battle over whether the natural gas severance beneficiary tax passed last year is constitutional.

An estimated \$15,000,000 a year in state revenue is at stake.

Tennessee Gas Transmission Co., which filed a separate suit, was the first to begin argument in the Austin district court. A consolidated suit, involving 80 other companies, will be heard by the same court on June 16.

Tennessee Co. spokesmen argued that the pipelines are in the business of transporting only and should not be subject to a tax based on the value of the gas.

Case is not expected to be decided finally for many months when it has gone through all the lower courts and finally to the U. S. Supreme Court.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 6.497 miles of Grading, Structures, Base & Surfacing. From 9.754 Mi. W. of RM 33 to 6.497 M. W. on Highway No. FM 1980, covered by S 2465 (1) in Crockett County, will be received at the Highway Department, Austin, until 9:00 a. m., June 21, 1960, and then publicly opened and read.

STRENGTHEN AMERICA'S PEACE POWER

Photograph by Harold Halm

Our youngsters are learning the ABC's of peace for the future: How to get along with each other. How to give and take. How to respect each other's rights as individuals.

But right now it's our job to keep the peace in a troubled world. And peace costs money. Money for strength to keep the peace. Money for science and education to help make peace lasting. Money saved by individuals.

Your Savings Bonds, as a direct investment in your country make you a Partner in strengthening America's Peace Power.

The Bonds you buy will earn money for you. But the most important thing they earn is peace.

Think it over. Are you buying as many Bonds as you might?

Peace Costs Money—

BUY U.S. SAVINGS BONDS

The Census report cannot be used for purposes of taxation, investigation, or regulation.

Form 60PH-15 Budget Bureau No. 41-842 Approval expires 12-31-60

Notes From The
County Agent's Office
By Pete W. Jacoby

A summary of the experiment as reflected by the Progress Report 2135 of the Texas Agricultural Experiment Station and Texas A&M College regarding the influence of various vitamin A levels on Range Sheep Performance are as follows.

Mature fine wool ewes showed symptoms of vitamin A deficiency after approximately 1 year of drylot feeding free of carotene. These symptoms included night blindness and later loss of appetite, weakness, convulsions, lack of coordination, diarrhea, thickening and scaling of the skin on the ears, face and nose and eventual loss of weight.

None of the ewes on the carotene-free ration produced a normal, live lamb. Ewes receiving 1,000 I. U. of vitamin A daily per head dropped normal-appearing lambs which became weak and died after 2 to 3 weeks. Ewes supplemented with 2,000 and 3,000 I. U. vitamin A produced normal lambs which grew well.

Body weight and fleece production were not significantly affected during the experiment.

A summary of the comparison of fine-wool ram performance on pasture and in the feedlot as reflected by progress report 2136 by the Texas reflect the following findings:

Fine-wool ram lambs self-fed a 70:30 mixture of chopped alfalfa hay and whole oats had an average daily gain of .44 pounds in a 168 day drylot feeding trail at the Sonora Station during 1959-60. Comparable groups kept on pasture for winter development had an average daily gain of .27 pounds. The lambs averaged 85 pounds at the outset.

Fiber diameter became one grade coarser for the drylot lambs and one grade finer for those kept on pasture. The feedlot lambs had .38 inch more staple, 2.98 pounds more grease fleece weight and 1.50 pounds more clean fleece weight than the pasture lambs. Difference between the two groups in conformation, skin folds, face covering and belly were minor.

The following information taken from the Economics Facts and Opinions Report published by the Department of Agricultural Economics and Sociology of the Texas A&M College System might be of some interest.

Texas production of Lamb and Mutton during 1959 was 173 million pounds which is 10.5 percent of the total 1959 production. Texas production of lamb and mutton exceeds the nearest ranking state by 70 million pounds.

Texas wool production during 1959 was 46.7 million pounds. Although this was 21 percent increase over 1958, production during 1959 is slightly below the 1948-1957 average.

Value of sales for 1959 Texas wool was set at 20.6 million dollars in the preliminary report. This 21 percent increase over 1958 sales is a result of a 5 cent per pound increase in price and the 21 percent increase in wool production.

Texas mohair production was a new record in 1959 with mohair price of 22 cents per pound over the 1958 price coupled with a 10 percent increase in production to a total value of \$22.3 million.

Value of Texas Mohair production in 1959 exceeded the value of Texas wool by \$1.8 million.

Dorothy Miller, attending teacher at Ozona Junior College, has re-

6½ Mile Section Of Iraan Road Set For Contracting June 21

Contract for construction of 6.497 miles of Ranch Road 1980 from a point 9.75 miles west of Ranch Road 33, in Crockett county will be awarded by the State Highway Commission in Austin on June 21.

This construction is toward Iraan from the intersection in north central Crockett county with Ranch Road 33.

The new construction will complete the road past Live Oak creek, the contract to be awarded this month to include construction of a bridge across Live Oak. Efforts are being made by Crockett and Pecos County Commissioners Courts to induce the Highway Department to contract construction of a bridge across the Pecos river at the point near Iraan where the new road will cross, this bridge construction asked in advance of completion of the new road to the river. If this is accomplished, oil field workers and haulers will have access to fields on this side of the river and residents in the area west of Live Oak creek will have an all-weather outlet over the new creek bridge.

— news reel —

Mrs. Mary Childress who underwent an operation in Austin Monday for an eye trouble, is reported improving rapidly. Mr. and Mrs. Pleas Childress and Pleas, Jr., are in Austin with her.

— news reel —

Ben Lemmons has let contract for construction of an eight-room house on North Powell. S. L. Butler is the contractor.

— news reel —

Mrs. Kate Moore returned to her home in Bay City last week after spending the winter here with her daughter, Mrs. Joe Pierce, and family.

— news reel —

Mr. and Mrs. Pat Lee and children have moved to the ranch for the summer.

Ladies Bowling League Awards Trophies, Form Summer League Play

The Miller-Ettes, ladies bowling league, met last Thursday to award trophies to winners in the winter league round. The team sponsored by Miller Lanes won first place, Kyle Kleaners second and Crockett County Abstract Co. third.

The summer leagues were organized to start June 2, the first games on the summer program at 7:30 p. m. There are still openings on several of the teams and those who want to play are urged to contact the secretary or league captains.

Officers of the Miller-Ette league for the new year beginning August 1, are Liz Williams, president; Leta Powell, vice president; Margie Zunker, secretary-treasurer; Tissie Mitchell, sergeant at arms, and Susie Semmler was appointed publicity chairman.

McDonald Confident Voters Want Change On Appeals Court

"By casting their vote for a candidate other than the incumbent Judge Lloyd W. Davidson, a large majority of the voters of Texas have expressed their disapproval of Criminal Court reversals which have delighted defense attorneys and permitted criminals to laugh in the face of the law," asserts Judge McDonald.

Confident of victory in the June 4th primary, Judge McDonald has been gathering the kind of support in his runoff campaign which indicates the majority of voters in the second primary will again vote for a change.

Already in the McDonald camp is Temple attorney John B. Daniel, first primary campaign manager for Jim Bowmer of Temple who was third candidate in the race. Judge McDonald has also collected the combined support of most members of the Cameron, Milam County Bar, the endorsement of the Bryan Jaycees, and

RANCH SUPPLIES

What A Lifetime's Rx's Are Worth

At today's prices, the prescriptions needed by the average person would cost about \$750 — during his entire lifetime. A lot of money? It's less than a third the cost of a car that has to be replaced every few years. It's less than the cost of 2 or 3 vacations. Yet it buys a lifetime's worth of potent, health-giving drugs. That's why we say . . .

TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY

Crockett County Traffic Drive Safely

Ex-Service Men — (Continued from Page One)

On behalf of veterans of Crockett County, Dr. Tandy expressed gratitude for the honor and recognition of the community as represented by the memorial park and its bronze marker proclaiming, "This Park Is Dedicated as a Memorial to the Veterans of Crockett County."

A community choir, directed by Mrs. Morris Bratton, sang "America The Beautiful" after which Mrs. Max Schneemann, Sr., chairman of the Woman's Club projects committee in charge of the landscaping project, introduced Major Leroy Zunker, commanding officer of the Ozona Air Force Station.

Major Zunker, who served with the Air Force in both the Pacific and European theatres in World War II, said that America must remain strong to keep the peace in the world.

"Within the memory of two generations," the Major declared, "Are three wars, World War I, World War II and Korea, and still the clouds of war hover over the world. Most of us still can point out on the map such places as the Argonne, Chateau-Thierry, and Guadalcanal, Iowa Jima, Rabaul, and Midway Island, and even more clearly Seoul, Inchon and Panmunjon.

"Peace is expensive but the taxes we pay for its maintenance we should be glad to pay. Those comrades in arms who stayed on these far away shores, no doubt, would gladly change places with us and would gladly pay the taxes it takes to keep America strong and ready to repel the enemy who would destroy us.

Red Cross Chapter To Receive Donations To Chile Relief Fund

President Eisenhower having called on the American people to demonstrate once again the "great generosity so characteristic of them," the American Red Cross is undertaking the task of coordinating voluntary assistance of the American people to the people of Chile, where earthquakes, volcanic eruptions, tidal waves and avalanches have created one of the world's greatest disasters.

An appeal has gone out from national Red Cross headquarters to chapter chairmen throughout the nation asking for a local fund drive for Chilean relief. Bill Cooper, Ozona Red Cross chapter chairman, says the Ozona chapter will make an effort to secure local contributions to the disaster relief fund. Voluntary contributions will be accepted by the chapter, the entire amount to be dispatched to National Red Cross for Chilean relief.

Persons who wish to contribute to this fund are invited to leave their contributions at the Ozona National Bank or at the Crockett County Water Control District office.

FRIDAY BRIDGE CLUB

Mrs. Hudson Mayes entertained the Friday Bridge Club last Friday in the home of Mrs. Dick Henderson. High score award went to Mrs. Joe Pierce, Jr., low to Mrs. Bailey Post and cut to Mrs. Eddie Arnold. Others attending were Mrs. V. I. Pierce, Mrs. Early Baggett, Mrs. Stephen Perner, Mrs. Nelson Long, Mrs. Hillery Phillips, Mrs. Ben Robertson, Mrs. O. D. West, Mrs. H. B. Tandy, Mrs. Woodrow Mills, Mrs. Pat Wood, Mrs. Max Wilson of Roswell, N. M., and Mrs. Dick Henderson.

"Memorial Day," Major Zunker declared, "should be every day in America. For every day we should feel the deep sense of gratitude to the fighting men who gave their lives that we in this nation today might enjoy the blessing of freedom."

The program closed with the sounding of taps by Joe Warren Friend and the furling of the flag by Gerald Dingus.

Petition Filed With Commissioners Court Opposing Dump Site

Opposition to location of a new modern pit type trash and garbage disposal site on land which the county purchased from Mrs. B. B. Ingham, Sr., southeast of Ozona, took the form of a petition filed with the Commissioners Court recently.

The petition, several copies of which, with signers, were filed with the Court, recites objections to location of the disposal ground near the city, claiming smoke and stench from the grounds will become a nuisance to residents of the town, and asking that the site east of town be continued in use. The petition will receive attention of the court at its June meeting.

County Judge Houston Smith and members of the court have explained that the purchase of land for the dump site was with the understanding that its location there would not create a nuisance for the town. Investigations were made of the type of compression trucks for hauling and the system in use in many cities where garbage is dumped in open pits and later covered with dirt as the pit is filled. Only combustible materials, such as paper, shrubs, wood, etc. are burned and these only at times when atmospheric conditions will not cause smoke to settle in the town. The new system will be operated by the Crockett County Water Control District.

The Court also explained that a thorough search was made for land farther from town on which the dump ground could be located but none was found available for purchase by the county. The present dump ground east of town is filled to such an extent that it is no longer usable and rock is so near the surface that it is impossible to bury the present accumulation.

"If anybody will come forward with a more suitable site that is available to the county, the court will be glad to consider a change in location," Judge Smith said.

The Ingham land purchased will make available to the county a supply of caliche and provide room for future expansion of Cedar Hill Cemetery.

WASHINGTON AND
"SMALL BUSINESS"
By C. WILSON HARDER

A most interesting bill has been placed before Congress by Rep. William Tuck of Virginia. . . .

This measure, if passed, would make it illegal to force on an employer a greater number of employees than he thinks necessary, and would thus stop the union "featherbedding" that has become a most serious problem. . . .

Actually, labor leaders who are forcing unneeded workers on employers C. W. Harder are in effect creating the same type of socialism that Benito Mussolini saddled on an unfortunate Italy. In fact, there are perhaps more parallels to the prewar Italian situation than it is palatable to dwell upon. . . .

Then, and now, the economy of Italy had drifted into a monopolistic control where a few big cartels owned practically everything. . . .

This, of course, did not serve the best interests of the bulk of the population, and lacking a small independent class of business to furnish employment, there was a scarcity of jobs. . . .

So the Italian system, started by Mussolini, was for the government to run down the list of employers and arbitrarily telling each employer how many additional employees he should put on the payroll. . . .

Naturally, this raised the cost of Italian goods and services with the result Italy was not very competitive in the European market. . . .

But powerful union leaders, not held in check by government, and in fact supported by National Labor Relations Board, does issue these edicts, and in some areas, these labor leaders have the power on the legislative level to get some of these "featherbedding" measures made into law. . . .

So it gets more or less down to the basis that it is not as important to find out who killed Cock Robin. He was killed, and the important thing is to prevent this from happening again. . . .

Thus, Rep. Tuck's bill is important in many ways. It is a high time that business management is restored to its rightful management. It is also high time that unions are prevented from using their government smiles upon building of socialism in the United States. One Mussolini was enough for the world for quite some time to come.

Accurate and Complete

RANCH RECORD

Are More Important
Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK
