century and justice of the peace
here for the last 20 years.

Mr. Johnigan died Tuesday

Services were held from the Ozona

of Cody Funeral Home.

Mr. Johnigan was born in Bell

was later sold to C. L. Williams
and after working for Williams
two years he continued on the
ranch when it was sold to the Bag-
gett brothers. He worked for sev-
eral years as ranch manager for
Pleas Childress and C. L. Williams
on various holdings in this county.
He served as jailer during the ad-
ministration of C. L. Williams and
W. H. Augustine as sheriffs.

He served a couple of terms as
justice of the peace from 1915 and
was re-elected to the post in 1938
to serve until his death.

Survivors include his wife of
Ozona; two sons, Hartley and J.

TEACHER'S PETS —

83-Year-Old Ozonan And 81-Year-Old Sister Visit With Their Former School Teacher, 96, Whom They Had Not Seen In Sixty-Six Years

Mrs. W. A. Adams of Ft. Stock-
ton, Texas, who is eighty-one
years old, and her brother, O. L.
Sims of Ozona, who is eighty-three
years old, drove to Junction, Texas,
the other day to spend the day
with a former school-teacher of
theirs whom they had not seen
in sixty-six years.

The former teacher is Dr. C. M.
Cash of San Benito, Texas, a prac-
ticing physician of that city since
1913. He is very well, alert, still
active in his practice, although
he stated he was going to give
up active practice due to the fact
that his eye-sight was becoming
a little dim and made it difficult
for him to read a thermometer. His
age? Ninety-six!

Three Men Die In Highway Crash 22 Miles N. of Ozona

Barnhart, Big Lake Men Dead in 2-Car Crash on Ranch Rte 33

Three men, all occupants of a
1960 Corvair, were crushed to
death and a fourth man, occupant
of a 1959 Ford sedan, was seri-
ously injured at about 7:40 p. m.
Wednesday when the two cars
smashed together on Ranch Road
33 about 22½ miles north of O-
zona.

The accident occurred about
four miles west of the intersection
of Ranch Road 865, the Ozona-
Big Lake road. An oil slick on
the highway, caused by spilling
from an oil transport truck, was
partly blamed for the accident by
investigating officers, Highway
Patrolman Jackie Holmes and
Crockett County Sheriff Billy
Mills.

Dead are James Herbert Free-
man, 25, of Barnhart; Claude Ray-
mond Turner, 49, of Big Lake, and
Carl Franklin Roe, 27, of Barn-
hart, all employees of the Barnhart
Hydrocarbon Plant between Big
Lake and Barnhart.

Seriously injured in the two-car
crash was John Bascom Blevins,
39, of Midland, lone occupant of
the Ford sedan. Blevins, a test-
er for the Halliburton Oil Well
Cementing Co., was transferred
from the Big Lake hospital to a
Midland hospital for treatment.

Officers said the Corvair, driv-
en by Freeman, skidded on the oil
slick highway and slammed broad-
side into the oncoming Ford driv-
en by Blevins. Both cars were
demolished. It took two wreckers
nearly two hours to extricate the
bodies of the three men from the
smashed small car.

Bodies of three accident victims
were brought to Ozona in a Cody
Funeral Home ambulance.

The accident wiped out a 155-
day period in Crockett county free
from fatal traffic accidents.

Ozona Track Team Fourth In State; 440 Relay Second

Relay Team Ties Old State Record; Doran 5th In 100 Dash

B Ernie Boyd

The Ozona High School track
team finished fourth in the state
meet held in Austin last Saturday
as they picked up 19 points in
the three events in which they had
entries.

Ozona's 440 relay team com-
posed of Tommy Porter, Jim Wil-
liams, Tony Parker, and Jim Dor-
an finished second with a time of
43.8 to post the best time any O-
zona team ever posted and to tie
the state record up until that time.

Coach Chick Womack stated that
he was very pleased with the way
his relay team ran but felt that
a faulty handoff on the final leg
may have cost the Lions a chance
to win.

Coach Womack stated that he
was very proud of his seniors this
year and in typical regret at losing
them said, "we may never have
a better chance," and to be truthful
he might never have.

Joe McMullan finished sixth in
the 120 high hurdles with the win-
ning time in the event 14.6. Joe
appeared to have fourth place
until the seventh hurdle when he
lost his stride and finished sixth.

Jim Doran, the Lions Junior
sprinter, ran a good fifth in the
state century dash. Jim has had
the habit of straightening up too
quickly all year and had in the
last few weeks made some pro-
gress toward keeping down for
the first few yards to take advan-
tage of his start but the excite-
ment of the big meet apparently
caused a relapse.

The Lion sprinter, none the
less, ran a good race and with a
little improvement next spring will
be a real threat to the state title.

THIS IS NO POLITICAL ISSUE

The Committee of One Million (Against the Admission of Communist China to the United Nations) has called upon all members of Congress to endorse its Red China plank and urge its inclusion in the platforms of both parties.

The proposed text, submitted to all Senators and Representatives by Warren R. Austin, first US Ambassador to the UN, and Joseph C. Grew, formerly US Ambassador to Japan and Under Secretary of State, reads as follows:

"We continue to oppose the seating of Communist China in the United Nations, thus upholding the international morality and keeping faith with the thousands of American youths who gave their lives fighting Communist aggression in Korea. To seat a Communist China which defies, by word and deed, the principles of the UN Charter would be to betray the letter, violate the spirit and subvert the purposes of that charter. We further continue to oppose United States diplomatic recognition or any other steps that would build the power and prestige of the Chinese Communist regime to the detriment of our friends and allies in Asia and of our national security. Any such action would break faith with our dead and the unfortunate Americans still wrongfully imprisoned by Communist China and would dishearten our friends and allies in Asia whose continued will to resist Communist China's pressures and blandishments is so vital to our own security interests in that part of the world."

In submitting this proposal, the two elder statesmen noted that a similar recommendation had been

made to the Congress in 1956 and expressed their pleasure that it had been adopted in the national platforms of both parties. This bipartisan action, they said, reflected "the sentiment of the overwhelming majority of the American people."

It should also be called to the attention of the Congressmen (and to all concerned with platform-writing), however, that in 1956 both parties ducked the issue of diplomatic recognition of Red China by the United States. To repeat this evasion, and to fail again to register opposition to these international bandits, both at the UN and in Washington, could only be interpreted by Mao and Khrushchev as a further deterioration of the American backbone.

The Committee's plank admits of no deletions. It requires no re-writing. If true Americans are standing guard on the Republican and Democratic National Platform Committees, there will be none.

More eloquent than any words is the silence of the 1960 Cadillac in motion. Eloquent, too, is the delighted look of the man who has just driven one for the first time. It says so unmistakably, "Never before, a car to compare with this!" the more than 40,000 new non-defense civilian jobs the President wanted to create in the various governmental agencies.

The cutting appears to be far from over, and the foreign aid area is where it will probably next crop up. Congress still smarts over the President's refusal to give us details on the administration, handling and spending of these huge amounts of public tax funds abroad. The fact that he calls it "confidential Executive information" is not deemed sufficient reason for such secrecy, and congressional concern is mounting.

Shortly after the President made his plea for the full \$4.1 billion in foreign aid funds, Congressman Otto Passman (D-La), Chairman of the House Appropriations Subcommittee having jurisdiction over legislative funding of the foreign aid program, said he would back a \$1.5 billion reduction and "if the President knew all the facts, I think he would."

THE PRESIDENT also did the expected in asking a reluctant Congress to increase the federal gasoline tax and make permanent the

temporary 22-month gasoline tax Congress enacted last year. The same is true in the field of postal rates, with the President again wanting to increase the price of first-class and air-mail stamps.

In addition, the President made these major requests of us:

1. Remove the statutory prohibition against the Treasury paying more than 4 1/4% interest on long-term Treasury Bonds;
2. Pass a bill to liberalize the Immigration and Naturalization Act, so as to allow for the admittance of more aliens to the United States annually;
3. Enact a bill bringing more people under coverage of the Wage-Hour Law. (The message indicated the President favors an increase in the \$1 per-hour minimum wage law as it is not "excessive," but Mr. Eisenhower did not give any clue to what he would consider to be excessive);
4. Provide additional funds to increase the facilities, equipment and staff of the President, his assistants and other White House employees;
5. Enact a bill to provide more Federal Judges for U. S. Federal District Courts.

In addition, the President told Congress his Administration favors approval of a bill to provide medical care for the aged, and wants to enact new farm legislation. But he did not provide details. It is known, however, that he backs Secretary of Agriculture Benson's plan to liberalize payments of the controversial Soil Bank Program.

THERE HAS BEEN talk for years of reducing the number of employees in the federal government, but it continues to grow.

A recent report released by Senator John McClellan, Chairman of the Senate Government Operations Committee, shows that exclusive of members of the Armed Forces there were 2,378,961 persons on the federal payroll at the first of the current calendar year.

This, the report notes, is an increase of 26,098 over the previous year. Of this increase some 26,074 were in the Executive Branch and 54 in the Judicial Branch, while the Legislative branch reported a decrease of 30 employees.

Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property... if you have a regard for the convenience and safety of folks who come to see you... and if you have a keen sense of economy as well as for things functional... then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination... insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

Why not call Pioneer tomorrow and find out all the details about Gas Lights? Special Budget Prices start at just \$49.50, installed.

EDITOR'S NOTE

With the departure of our Seniors on their journey to San Antonio, the problem of providing material for this week's issue has fallen into the hands of — not a "few" — but two.

We do express thanks, for the entire staff, to Mr. White for the space provided and his patience in trying to read, often times, hurriedly written material.

It's been fun — almost. The two of us, Pam Jones and Priscilla Stewart, hope to be around one more year — only.

KILLINGSWORTH PLACES 3rd IN STATE CONTEST

Roy Neil Killingsworth, 1960 Valedictorian of OHS, won third place in the State Number Sense Contest (Class A) last Saturday in Austin. With eight contestants entered in each of the five classes, Roy Neil's score was better than all but seven students, disregarding classification.

The Number Sense Contest is considered one of the most difficult of the literary events — combining skill and speed in the use of numbers.

Roy Neil has been the District Number Sense Winner for three consecutive years, and this year added first place in typing. Conflicting contest times did not permit his entry into regional competition.

O. H. S. congratulates Roy Neil Roy Neil's Father, Roy Killingsworth, has served as the number sense coach for his son.

GOSSIP

By Pam Jones

Everyone knows what the Seniors plan to do this summer, so let's see about the under classmen and the teachers.

Some teachers like school so much, that they intend to continue.

Mr. Moody plans to attend East Texas State, and Mr. Harlan and Mr. Smith plan to go to Colorado. Where ever the fishing is best, they're bound!

Coach Cleere is also Colorado bound. He plans to spend most of his summer at his camp; probably teaching football boys a new communication means for history pop tests.

Nancy Friend does not plan to stay in town all summer. She's decided to spend the summer at Pam and Glenda's ranch, not mentioning the many rodeos she's planning to attend.

Well, well, Patty Henry and Gracie Chandler are sure on the ball. They both have their driver's license. How does Susie's car

drive, Gracie?

Robin Jones plans to spend the summer at her ranch. Does she plan to spend her time chasing snakes? You never can tell about things like that.

Jay Miller plans to stay at his ranch, and try to take Pierce's new car from him, how about it Jay?

Last but not least, the Juniors. Many fishing trips have been planned. Also the concession stands and other means to make money are employed here. They also plan to carry on the duties of the Seniors next year. Wonder what they have up their sleeves?

OUR NEEDS ARE FEW

By Pam Jones

As the years have passed, students have found it very necessary to have certain necessities in the school.

A couple more coke machines, which are needed on second floor, would help the student pull through a rough day.

Of course the cigarette machine would come in very handy for the teachers. (with the exception of cigar smokers).

Say, what about this, Algebra students? How about an Algebra calculating machine to run our home work through and through.

Our Student Council has worked hard on the fish pond, we might pitch in and make a swimming pool out of it, then everybody would be happy. (nearly everyone!)

A Million Thanks To Crockett County Folks

I could not begin to adequately express my deep appreciation for the splendid vote I received in Saturday's primary. With humility and with a determination to make you the very best officer I know how, I can only say thank you, thank you a million times.

Your vote of confidence in my administration will be an inspiration to me to try even harder in the next four years to serve you better and to be always on the alert to keep our community the finest place on earth to live.

I am grateful to my opponent, too, for the clean, fair and dignified race. He made an energetic campaign as he should have and I know you will join me in complimenting him on the high plane on which he kept the race, as I also was determined to do.

Again my thanks to all who voted for me and supported me in the campaign. I shall continue my best efforts to be in the service of everyone in the county.

Sincerely,

BILLY MILLS

We make beautiful music together

It's been a long, hard winter and your car has suffered too. With the coming of spring and warm weather, give the old beauty a break with a springtime change-over. Your cooling system needs a warm-weather check-up to get ready for summer driving. Your motor oil has taken a beating in the long, cold winter — better let us drain and flush your crankcase and put in fresh oil. Oil filters, air cleaners, carburetors need checking in the season change.

Bring your car to us and we'll make it sing sweet music again.

Student Nominees For Citizenship Award Are Named By Faculty Vote

The annual Woman's Forum citizenship award will be presented at High School graduation exercises next week following the narrowing down of a field of some thirty students to ten in voting among the faculty last week.

The names submitted for consideration for the award were Margo Pogue, Jim Williams, June Bunger, Roy Killingsworth, Pierce Miller, Jim Doran, Art Kyle, Susie Chandler, Jim Freeman and Johnny Jones.

The points considered in the selection of this group were on the basis of 100 points as follows: honesty 20, cooperation 15, dependability 10, courtesy 10, obedience 10, effort and participation 10, outstanding achievement 10, scholarship 5, self reliance 5, neatness, and orderliness 5.

In addition to the ones nominated nine more students received two or more nominations for the award, they were: Sandra Whitaker, Dick Flannagan, Penn Baggett, Phillip Carnes, Roberta Johnson, Sally Baggett, Camille Adams, Cheryl Clayton, and Robert Cox.

High School Principal J. A. Pelt stated last week that he felt that there were an unusual number of deserving students this year which, while making selections hard, still presented a condition very pleasing to the faculty and one of which the citizens of Ozona should be proud.

Spring Basketball Practice To Wind Up With 1960-61 Squad Pitted Against This Year's Seniors In Game In Gym Tonight

By Ernie Boyd

Coaches Brooks Dozier and H. O. Hoover will finish up a two weeks spring basketball session with a game pitting the 1960-61 team against this year's graduating seniors tonight at Davidson Gym beginning at 7:45.

Coach Dozier has been greatly encouraged by the showing of next year's squad in the two practice sessions which have dealt mostly with individual play, shooting and conditioning.

The Lions may start the tallest team Ozona has put on the floor in more than a decade next winter but will not have a boy as tall as 6' 3" in the lineup or on the squad.

Lettermen returning from the past season will comprise a good portion of the team but transfers and the return of Jim Freeman to good health could give the team a tremendous shot in the arm.

Van Miller, Wayne Albers, Carl Montgomery, Hal Long, and Mike Stiles are all expected to exceed six feet by the time the next playing season rolls around and Phillip Carnes, Jim Freeman, Art Kyle and Billy Cornelius all will be pushing six feet by next winter.

Coach Dozier indicated that he would start a combination of Van Miller and Phillip Carnes at guards with Carl Montgomery at the low post and Hal Long at the high post with Wayne Albers, Mike Stiles and Jim Freeman as alternate selections.

Jim Freeman missed most of the past season with a back injury from which he seems to be recovered by may be given little service tonight in order to give the back more time to heal.

Some eighteen boys have been

taking part in the drills this spring with a good number of promising freshman to be and soph.

The club promises to have speed and uniform height and the addition of Hal Long along with the normal development of last year's returnees should give the Lions plenty of punch.

Kidde Klub Graduation Set For Friday Evening

Kiddie Klub of the Ozona Community Center will present a program Friday evening at 8 p. m. Sixty-six boys and girls have been enrolled in this pre-school activity this year and have met three mornings weekly. Activities have been planned to help the group adjust to others of their own age, thus widening the circle of influence which starts with the family unit.

The activities of the past year included English, Spanish, music, crafts, games, free play and self-expression. The primary purpose has been that each individual might develop to the fullest his or her potentials as a member of society; and in this way learn to get along with his own age group.

The following will graduate from Kiddie Klub and will attend public school next year: Bertha Ortiz, Elsa Perez, Steve Sampson, Carlos Ramirez, Americo Tambunga, Delfina Perez, Rose Mary Ward, Carlos Rebelez, Willie Fierro, Jan Jones, Robert Perez, Sammy Tambunga, Inez Ybarra, Diane Womack, Craig Barber, Steve Brown, Deborah Caldwell, Veronica Cardenas, Glen Friday, Carol Jordan, Diane Castro, Leonel Cervantez, Fannie DeHoyos, David Fierro, Freddie Herrera, Luis Garcia, Alma Garza, Grace Fierro and Gary Goforth.

HELP NEWS

John L. Morin, Bishop of Amarillo, will officiate at the Ozona on Saturday at the Sacramento on 27 boys, 30 girls.

Mary Queen. Mary Romero was runner up. Quite a few High Schoolers were present with the Cinco de Mayo. Non participation in the Parish during the celebration made them unable to participate in the celebration.

Rocky Trout, Ozona's man about town and bachelor, won the "Big Family Raffle." Those who are interested in these parties will be interested to know that Rocky was quickly sold for \$336.88 worth of merchandise. It remains to be seen what was a fair trade.

Thanks to all who helped and participated in the celebration. We hope next year finds Cinco de Mayo with a really big celebration. All to take part in.

Notes From The County Agent's Office

By Pete W. Jacoby

One way to safe-guard against excessive fungicide and nematocide residues on harvest crops and protect those who handle the materials is to follow the recommendations of the manufacturer.

Harlan E. Smith, extension plant pathologist, says the labeling of all fungicides and nematocides shipped interstate must be registered with the U. S. Department of Agriculture. All applications for registrations or labeling are thoroughly examined to remove or modify any directions for use on particular crops which do not seem to meet the requirements of the law. Among other things, the USDA determines whether any treatment is likely to leave excessive chemical residues on the harvested raw agricultural commodities. Smith suggests that the following rules be closely followed. Use a plant disease or nematode chemical only on the crops for which it is recommended and in the amounts specified on the label. Applications of the pesticide should

also be made in accordance with the label directions.

If a crop is not named on the label of a particular fungicide or nematocide, it may mean that no residue of that pesticide is permitted on that crop; and hence the treated crop could not be shipped if it contains a residue of that chemical.

Growers who follow the recommended time and rate of applications can be assured the pesticide will not contaminate the edible part of fruit or vegetable, or will have been removed or decreased enough by weather, decomposition, or other process so that the residue will not be excessive at harvest time.

Ozona Volleyball Girls Knocked Out In Second Round of State Tourney

By Ernie Boyd

The Ozona High School girls volleyball team lost a hard fought overtime decision to the Waller girls in the second round of the state meet in Abilene last Friday as Waller swept on to win the state title.

The Ozona team crushed Plains in their opening game while Waller drew a bye and then had to return four hours later to play Waller.

Ozona held a lead at the half and trailed by one point at the end of the contest but extra time was needed since one team must have two points in order to win the contest.

Had Ozona won the contest the local team should have gone into the finals but the uneven bracket gave Coahoma second place with the same record as Ozona posted and not nearly as impressive a performance.

The Ozona team has but one senior this year and should be able to field an improved club next season.

Achievement Report, Plans For Future Heard At Woman's Club Meet

The Ozona Woman's Club met Tuesday afternoon in the home of Mrs. Charles Williams, Sr., with Mrs. N. W. Graham as assisting hostess.

The president, Mrs. Evert White, presided over the meeting. Several annual reports were heard, including that from the treasurer, Mrs. Hubert Baker, which showed a year of achievements for the club. Among accomplished projects were offerings to Greece, Meals for Millions, nursing scholarship fund, American Red Cross, Crockett County Welfare Assn., poster prizes to elementary schools for clean-up campaign, American Cancer Society, state and district scholarships. She reported that the hospital fund had bought copper markers and plaques and finished the planting of the grounds.

Mrs. Max Schneemann, Sr., chairman of the projects committee, announced that the contract for a granite marker to seat the bronze plaque for the Memorial Park at the hospital had been let to A. Fred Spinks of Big Lake and would be in readiness for the Memorial Day dedication on May 30. This was the club's special project for the year, to beautify and mark the memorial park.

Mrs. Taylor Word, leader for the program on Community Awareness, opened the meeting with a scripture reading, "Mine elect shall long enjoy the work of their hands. They shall not labor in vain." Members read together the pledge of community responsibility.

Mrs. White reviewed "How Far Have We Come," and was presented a silver tray as a token of appreciation from the club. An inspiring installation service was conducted by Mrs. Roy Killingsworth, the parliamentarian, for the incoming officers, who are: President, Mrs. Taylor Word; first vice president, Mrs. J. B. Miller; second vice president, Mrs. R. H. Knox; recording secretary, Mrs. Roy Thompson; corresponding secretary, Mrs. Stephen Perner; treasurer, Mrs. Hubert Baker; historian, Mrs. Ivy Mayfield; publicity, Mrs. L. B. Cox, Jr., and parliamentarian Mrs. Evert White.

The new president, Mrs. Taylor Word, was welcomed by Mrs. White who presented her with a corsage and best wishes. In her talk, "Where Will We Go", Mrs. Word introduced the recommendation of goals set by the executive board in a recent meeting at her home. Adopted as special projects by the club were the following: To clean and beautify the highway

Ozona Pastor And Wife To Attend Convention Of Southern Baptists

The First Baptist Church voted for their pastor, Rev. Harry D. Trulove and Mrs. Trulove, to go as messengers to the 103rd session of the Southern Baptist Convention, to be held next week in Miami, Fla. This is an early meeting of all co-operating Baptist churches.

Spokesmen for the planning committee estimate some 15,000 pastors and laymen will attend the meeting in Miami, Fla. Reports from the various phases of the work will be presented and recommendations made for the coming year. At the present there is no indication of any major controversial item coming before the convention; but with any one of the 15,000 messengers having the privilege of presenting any matter, no one can predict the final happenings.

The highlight of the meeting will be the Foreign Mission Report by Dr. Baker James Cauthen, executive secretary of the Foreign Mission Board. The major part of the 20 million dollar budget will go to this work. The Southern Baptist Churches have over 1,300 missionaries in forty-eight countries at this time. Mission work at home and abroad has been, and will continue to be, the life's blood of the Baptist program, the local pastor said.

Dr. Ramsey Poallard, pastor of the Bellview Baptist Church, Memphis, Tenn. is the president, and is expected to be nominated for a second term. Each local church will adopt the recommendations of the convention and mould them to their own discretion. The convention can take no action that is binding on any local Baptist Church.

The meeting will end Friday night, May 20. The Truloves will return the 24th.

'Bells Of Peace' To Ring Out Here on Ike's Departure For Summit

The First Baptist Church will ring its bells at 6 p. m. on May 14, as part of a nation-wide prayer for peace with justice as President Eisenhower leaves for his summit meeting, it was announced by Harry D. Trulove, pastor.

One of several thousand bell installations participating in the May 14 effort, the First Baptist bell will ring out simultaneously with the bells of churches and organizations of all denominations and all walks of life. It will demonstrate our nation's determination and strength of purpose at a crucial moment in history.

According to Mr. Trulove, the bells will play for 15 minutes at precisely the moment that bells throughout the land are ringing their message to the world.

Mr. Trulove also urged other local churches and organizations that have bells to participate in the "Bells of Peace" program: "This is our way of letting the entire world know that there is no more peace-loving nation anywhere on earth; and that our people can speak with a single voice loud enough to be heard around the world."
