Miss Wool of America To Be Crowned May 14 San Angelo Ceremony

Many of Texas' prize sheep have given the "wool off their backs" to the beautiful \$15,000, all-wool wardrobe Miss Wool of America will model at stores across the nation following her coronation at San Angelo, Texas, May 14th.

The most attractive and talented young lady will be selected from the group of twenty finalists by a panel of prominent judges, following week-long festivities, which will include colorful parades, with each girl riding a gayly decorated float, showings of American wool fashions by leading American designers, and formal balls.

The Bicentennial of the American wool industry being observed nationally this year will provide the theme of the Pageant, and good reason for a double celebration.

Lockett School Site Selected For Swim Pool

Harlem Area Resid- ents To Be Served By New County Facility

Work is expected to start soon on construction of a swimming pool on the Lockett Elementary school grounds in the Harlem addition area to serve people in that southeast sector of Ozona.

Authority for the construction was given by the Crockett County Commissioners Court after a study of the needs. D. J. Brewer, contractor on the First Baptist Church educational annex, now under construction, was employed by the county as engineer and supervisor of construction.

County machinery will be used in making the excavation for the pool. Walls are to be of gunite construction, the method of blowing on concrete with the excavation walls providing the only forming necessary.

Cost of the pool has been estimated at around \$18,000. It will be modern in every respect, with the latest filtration system and cleaning equipment to be installed. A bath house is to be constructed on the site and concrete border around the pool. The entire area is to be enclosed with a steel fence similar to that used around the other two Ozona pools.

The pool is to be located on the site of the present outdoor basketball court at Lockett school, the basketball court to be moved to another site on the school property.

Cancer Drive Here Nets \$500 In One-Day House To House Canvass

Volunteer workers Tuesday night made a house-to-house canvass of Ozona on behalf of the American Cancer Society annual drive and on the basis of incomplete count of receipts estimated yesterday morning that the drive had produced approximately \$500. The local county campaign goal had been set at \$750.

In addition to the group of workers, recruited from various organizations in Ozona, the Girl Scouts and the Brownies assisted in the drive preparation. The Brownie Scouts prepared kits of supplies for the solicitors and the Girl Scouts put up posters over the town in advance of the drive.

Volunteer workers who assisted in the one-day drive were Mrs. Bud Cox and Mrs. P. C. Perner from the Woman's Forum; Mrs. S. E. Carnes and Mrs. Glenn Sutton from the Ozona P. T. A.; Mrs. Bruce Mayfield representing the Ozona Woman's Club; Mrs. H. B. Tandy from the Ozona Music Club; Bill Cooper and Lt. Jim Cotesworth from the Ozona Rotary Club.

Ozona Girl Member ACC Wildcat Band To Play Here April 29

Abilene — The Abilene Christian College Wildcat Band will present a concert at the Ozona High School Auditorium Friday, April 29, at 1 p. m.

Ozona will be the eleventh stop for the band on its five-day tour through Texas and New Mexico. Gwynel Walker, ACC sophomore from Ozona and two-year member of the band, will be playing trumpet with the group.

Conductor of the band is Douglas Fry. Assistant conductor and arranger is M. L. Daniels.

The band's repertoire includes Von Hallberg's "Erik the Red," selections from musicals, Mozart's "The Marriage of Figaro," and George Gershwin favorites.

Each spring, the Wildcat tour band, made up of some 78 members, travels by chartered bus to perform primarily before high school audiences. During the last six years, the band has presented concerts in most sections of Texas, Colorado, New Mexico, Louisiana and Oklahoma.

Sanitary Garbage Disposal Plan In Making For Ozona

County Buys Site For Pit Disposal; To Use Enclosed Trucks

A sanitary garbage collection system in Ozona, to be administered by the Crockett County Water Control District, may become a reality in the next few months as plans are developed by the county and the water district in a cooperative effort.

As a starter toward inauguration of the system, the county has purchased approximately 140 acres of land from Mrs. B. B. Ingham, Sr., located just east and northeast of the Cedar Hill Cemetery.

The site is ready made for the sanitary garbage disposal plan, which impacts the garbage, and a pit disposal area in which garbage is covered with dirt periodically. On the site for the disposal area is a huge caliche pit some 500 or more feet long and 50 to 60 feet wide and ten to twelve feet deep in which the disposal will be started. This area is to the northeast of the cemetery and is screened from view there by tall trees along a draw.

When needed, county machinery will be used to cover and open new pits and it is the ultimate plan to purchase a convenient size bulldozer which will be available to keep the pit in good order at all times.

County machinery is also to be used soon in opening a road over the hill from the Latin-American sector of Ozona to the dump site. The road will be laned and a gate installed at the entrance. It is the plan of the operators to keep the gate open during daylight hours for an announced period, after which it will be closed and locked to restrict unsupervised dumping of garbage in the area. An attendant will be on hand at the dump ground during the open hours, according to plans.

Ozona FFA Team Wins Wool Judging Contest In Lubbock Area Finals

A wool grading and judging team from the Ozona FFA Chapter won first place in grading wool at the Texas Tech area finals held on the Lubbock college campus Saturday.

Composing the Ozona team were Weldon Day, Bob Cooke and Leslie Deland. Ozona's team led with a total of 431 points. In second place was Ballinger with 419, Marfa third with 417, Winters fourth with 414 and Iraan fifth with 401.

The Ozona team placed second in the entire contest of grading and judging. Marfa was first with 1151 points, Ozona second with 1132, Dell City third with 1092, Roby fourth with 1043 and Winters fifth with 1010.

Sonora Plans Horse Show And Race Meet Apr. 30-May 1, May 7-8

Eyes of West Texas Quarter Horse fanciers will be turned this week-end to Sonora where the Sonora Park and Horse Show Assn. is planning its biggest race meet and horse show in history.

Again this year, the Association will feature the Quarter Horse Futurity, with some 36 two-year-olds already entered in the Derby to compete for a grand purse of some \$6,000.

There will be full card of races for all ages and all breeds on the Sonora track on two successive week-ends, April 30, May 1, and May 7 and 8.

On Saturday morning, April 30, an approved Quarter Horse Futurity will be held, followed by a membership meeting of the West Texas Quarter Horse Association. Luncheon for members and their wives will be followed at 2 p. m. by the racing card. That night visitors will be honored at a dance at the new 4-H Club Center in Sonora, and another dance is planned for May 7 at the same place.

The public is cordially invited to view the displays of horticulture specimens, artistic arrangements and table settings and decorations to be on display during those hours.

Mrs. Bailey Post is generally flower show chairman. Judges will be from out of town to judge the entries of members and guests.

In the Junior division, entries will compete in artistic arrangements.

Five Ozona Track Stars Qualify To Compete In State

Ozona Team Places 3rd In Regional Meet At Lubbock

By Ernie Boyd

Five Ozona High School trackmen qualified for the state meet in Austin next week as the Ozona High School squad took third place in the regional meet held at Lubbock last Friday and Saturday.

Those qualified and the events in which they were qualified were, Joe McMullan in the high hurdles, Jim Doran in the 100 yard dash and the 440 yard relay team composed of Tommy Porter, Jim Williams, Tony Parker and Jim Doran.

McMullan finished second to Anton's terrific Ronnie Biffle in the 120 high and Jim Doran won second in the 100 yard dash in the finals Saturday while the 440 yard relay team won first place with a 44.6 time.

Other Lions who placed and won points for the Lions in Lubbock but who did not make it to state were, Bob Meniecke, who won third place in the pole vault, and Johnny Jones, who took sixth place. Carl Montgomery won sixth in the 440 yard dash.

Strong winds and false starts hampered the running of the 100 yard dash after strong headwinds had limited the best qualifying time at 10.8 Friday. Ozona's Jim Doran posted the best time in the event.

Anton's great hurdler, Ronnie Biffle, who has been clocked at 14.2 on several occasions this season, won the high with a 15.3 with McMullan finishing second.

Bob Meniecke cleared 11' 6" but pulled the bar off with his arm after going over 11' 8". George Roman of Marfa cleared 12' 1" to win.

The Ozona relay team won best qualifying time Friday by posting a 44.6 in strong winds and then came back Saturday to run the same time and win the event.

The Lions did not get good hand-offs on the final day and Coach Chick Womack was hopeful that with better luck the Lions might post a 44.2 or less.

This week the boys who qualified for state will travel to Austin for a warm up meet prior to the state meet next week.

Other area athletes who will go to Austin are Si Ellis of Menard, who won the 220 yard dash, and a Sanderson runner who posted a 2:02 880 to set a near regional record.

Music teachers whose pupils will be heard in the recital include Mrs. Lovella Dudley, Miss Dorothy Price, Miss Cleona Quiet, Corbett Smith, Mrs. R. Q. Harris, Mrs. Morris Bratton, Mrs. H. B. Tandy and Mrs. George Russell, Jr.

Two Dead, 4 Hurt In Two-Car Crash South Of Ozona

Brownfield man Webb AFB Airman Killed In Head-On Crash

Two persons were killed instantly and four others were injured in a grinding two-car head-on collision 30 miles south of Ozona on Highway 163 at about 3:30 o'clock Tuesday afternoon.

Dead are E. V. George of Brownfield, Texas, and Airman Jerry Cooper, stationed at Webb Air Force Base at Big Spring.

The injured are Airman Roy L. Brown, in critical condition; Mrs. Roy Golden, Brownfield, seriously injured, Roy Golden and Mrs. E. V. George, Brownfield, in fair condition.

The accident occurred on a straight stretch of highway 1.3 miles south of the Crockett-Val Verde county line in Val Verde county, Highway Patrolman Bill Peiser of Ozona, one of the investigating officers, said.

The two Brownfield couples were riding in a 1960 Oldsmobile traveling south while the two airmen were headed north in a 1956 Chevrolet. Cooper was driving the car in which the two airmen were riding but officers were unable to learn yesterday who was driving the other car.

Two Cody Funeral Home ambulances brought the injured to Crockett County Hospital. Airman Brown, most seriously injured of the four, suffered a fractured skull and other injuries. An Air Force ambulance plane was to have been dispatched from Reese AFB in Lubbock yesterday morning to take the injured airman to Lackland Air Force Base hospital in San Antonio. Home towns of the two airmen were not available here.

Other officers who investigated the accident were Highway Patrolman Jake Price and Horace Cavitt of Sonora, Patrolman Clayton Osterdorf of Del Rio and Deputy Sheriff Lavoy Parker of Crockett county. The twisted wreckage of the two cars had the highway blocked and officers were busy for a time controlling traffic to prevent another accident at the scene.

5th Annual Range Judging Contest To Be Held May 4

Soil Conservation Dis- trict Sponsored Event For 4-H & FFA

The 5th Annual Crockett County Invitational Range Judging Contest for area 4-H and FFA members is scheduled for 2:00 p. m. Wednesday afternoon, May 4. This contest is annually sponsored by the Crockett Soil Conservation Board of Supervisors. Fifteen to twenty teams from this area have been coming to the contest each year. There is usually around 100 4-H and FFA members judging in the contest.

Team and individual awards are furnished by the local SCS Board of Supervisors. The Ozona National Bank furnishes a revolving trophy which goes to the high team of the contest each year with Sutton County 4-H taking the trophy home last year.

Crockett County range judges will also be judging this year for five special high individual awards made possible by local business firms. These awards go to Crockett County judges only and are furnished by Baker Jewelers, Lefty's Turkey Patch, Crockett County Water District, Brock Jones Insurance and Western Auto Store of Ozona.

Work has been started by Carl North, contractor, on a new home for Mr. and Mrs. Bill Seahorn on the lot next to the home of Mr. and Mrs. Max Schneemann.

COMMON SENSE IN THE COURTS:

This newspaper became interested in the candidacy of Jim D. Bowmer of Bell County for the Texas Court of Criminal Appeals when his announcement in the race mentioned that he thought a little common sense might be used on that court.

He was so right! This is the court on which Mr. Bowmer's incumbent opponent, a gentleman now in his 70th year and honorably entitled to a pension of \$10,000.00 a year, joined in the now-famous ruling that said an indictment charging defendant with "stomping to death" an aged woman was faulty because it did not specify he stomped her to death with his feet. In another case, the ruling was that an indictment was faulty because when it charged defendant with drowning his wife, it did not say he drowned her in water — instead of coffee or tea.

In its most famous weird ruling, this court reversed the conviction of a citizen named Martinez for beating a baby to death with a club because he had been defended by

a lawyer who owed the State Bar of Texas some back dues and hence was not a fully qualified member of the Bar.

Early this year, this incumbent candidate seeking another term on the court, held in a dissenting opinion that a Texas Ranger possessed of good eyesight could not identify a pair of dice as such at a distance of 60 feet. All the Rangers we have known could not only read a pair of dice at that distance, but shoot the spots of them.

This court needs a plain good lawyer who is also a good man of good sense. As a widely known practitioner of both criminal and civil law, honor graduate and teacher in the Baylor Law School, Jim Bowmer fills the bill.

pasutre implanted 148 days in admiligrams of stilbestrol on November 19. This group showed a daily gain of 1.12 pounds from November 19, 1959 to February 24, 1960. Another group, first implanted in November, had a gain of 1.16 pounds daily. The group implanted only as suckling calves in May had a daily gain of 1.00 pound and those not implanted at any time gained 1.03 pounds daily, Melton said.

The steers will be placed in drylot for fattening about May 1 and implants again used to provide comparisons between 3, 2, 1 and no implants, respectively. The steers are expected to reach slaughter weights by August or September.

Melton added that presently stockmen are cautioned to allow at least 100 days between implantation and the sale of the steers for slaughter.

The use of hormone implants on stocker steers which are later to be fed in drylot may or may not be profitable, according to ex-

perimental trials conducted in 1959 at the Blacklands Experiment Station, Temple.

A major consideration for decision is future ownership of the cattle. If the same owner has the cattle through both pasture and drylot feeding periods, he will realize an increase in gain by implanting for both pasture and drylot, points out Uel D. Thompson, extension animal husbandman.

On the other hand, he says the buyer of pasture implanted steers may expect slightly less gain from non-implanted steers provided both are implanted for drylot feeding. The question then becomes one of price for the two kinds since both price and gain determine respective profits. Some buyer resistance to pasture implanted feeder steers has been noted.

Other results of the trials showed that steers implanted at the beginning of the drylot feeding period made slightly more gain than steers implanted for both the pasture and drylot. Also, steers

vance of drylot feeding and receiving no implants on pasture implanted 148 days was less than for steers who received both pasture and implants.

Thompson said these results indicate that the effects of a milligram implant did not use beyond the 148-day period. Steers implanted during the feedlot period did have an advantage in gain over pasture implants only.

Choice Hereford steer calves implanted with 12 milligrams of stilbestrol when approximately three months of age averaged 19 pounds more per steer at weaning time than their non-implanted mates. Too, A. A. Melton, animal husbandman, at the Trans-Pecos Experiment Station, Balmorhea, said the implanted calves had an advantage in condition which was reflected in a slightly higher grade.

Forty-one choice Hereford steer calves were implanted and the same number not implanted in the test. The implanted calves weighed 521 pounds per head at weaning time, about October 1, 1959, compared with 502 pounds of those not receiving the implant of 12 milligrams of stilbestrol, Melton said.

In continuing the comparison, one group implanted as suckling calves was reimplanted with 24

RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

CLASSROOM WINDOW GAZERS

By Roy Neil Killingsworth

It remains a mystery to me what startling attraction the plain dirty window has for the human eye in a school classroom. The eye is attracted to the window as an iron nail is attracted to a strong magnet.

Whether or not the gazers look at the window or what is beyond, is not important. The window is the thing that has magnitude and strength. It is the compelling force that drives instructors out of their minds with envy. They think, "If only I could get as much attention as the window, I would be a success."

Regardless of the cause or reason, window gazing is a top sport in many schools often compared with chess and billiards. The technique of gazing is much improved over past days but we shudder to think of the time when Dwight Eisenhower, while visiting Harvard to receive an honorary degree, turns to classroom gazing as a pastime.

THOSE CRAZY HATS

By Susie Chandler

The woman catching the eye of the bus driver Easter morning was rather small and stout. Actually, it wasn't the woman that caught his eye, it was that crazy hat that she had on. At least most of the people on the street assumed it was a hat. Really they had never seen a contraption of the sort, before, but the object was placed on the lady's head.

"It" was a tall white object, rather shily built. The thing closely resembled a whitewashed stove pipe — except for slanted position in which it set. Truthfully, that hat didn't even resemble a stove pipe — no stove pipe ever looked that ridiculous. The pipe angled off to the right and on the left, grew on assorted bunch of flowers, intermingled with a few bright red flowers.

Hat designers should be more careful when creating hats of this sort. Designs such as this could cause a tremendous increase in traffic accidents.

VOLLEYBALL TEAM TO PLAY FACULTY

Tonight at 7.30 in the Davidson Gymnasium the girls volleyball team will play the male faculty members. This will be the deciding game between the two rivals, for each have won one game apiece.

This is a practice game to help ready the girls for the state tournament on May 6 and 7 in Abilene.

GOSSIP

Well, looks like everybody has returned from the Easter holiday — well sun burned. Students, as well as teachers, seem to have made a mad dash for the river. When Mr. Harlon was asked what he caught, he held up a cut thumb. Joe Mc headed for the river too. Somehow, his party managed to get stuck in a gravel bar — for six hours. Many other fishermen returned, relating interesting tales — which call for a change of subject.

Ronnie Beall came to school Tuesday dressed in his pajama top — at least that's what it looked like. He claimed he bought the striped, trimmed in red "thing" at

the Jack and Jill.

Porter and Parker, Fields, Inc., made a trip to Garner Park, Thursday. Just what do you suppose those three were doing in that neck of the woods?

The Seniors were loping around Tuesday, telling all their old buddies that it was exactly one month til graduation night. All that's between them and graduation is a research paper, and for the book-keepers, a practice set. That's "all" that is between the Class of '60 and graduation night.

Peggy Harvick went to Gainsville for Easter. Guess she had a good time, but needed Janet along to help stir up trouble.

Nearly all of the exes came home. Lot of them brought room-mates, girlfriends, and boyfriends with them. Of course, some people, like Alleane Young, spend holiday having wisdom teeth pulled.

The cops seemed purty busy Sunday night. They were hunting some culprit that was disturbing the peace.

The teachers had a hard time getting back to school Tuesday (More LION'S ROAR Page 6)

Tour Of Gardens And Flower Show Fare For Visitors To Big Spring

Several members of the Ozona Garden Club were guests on a Garden Tour in Big Spring last Friday. Four beautiful home gardens were visited, including that of Mr. and Mrs. Oley Bristow, who have hundreds of fine iris; Mr. and Mrs. Robert Striping, whose terraced yard was lovely with many flowers and where the group enjoyed coffee in their home; then, the new home of Mr. and Mrs. Jimmie Beale, whose hobby is propagation of plants from seeds and cuttings. Mr. Beale had built all the walls and terraces from native stone. Then the tour took the group to a small but jewel-like garden with a pond and many pink tulips, belonging to Dr. and Mrs. Allen Hamilton. Also the group visited the garden a fine decorating shop, Lucelle's, enclosed in a wrought iron fence of brilliant pink, with a fountain and statuary and plantings of gray. The next stop was the garden of the new Episcopal Church, St. Mary The Virgin, whose special feature was the bell tower from the old church, which was founded in 1884.

The group attended the flower show, Fashions in Flowers, held in Randall gym by the Council of Big Spring Garden Clubs. Those making the trip from here were Mrs. Joe Clayton, Mrs. Charles Williams, Jr., Mrs. Lloyd Sherrill, Mrs. Ralph Jones, Mrs. A. S. Lock, Mrs. Joe Pierce, Jr., Mrs. Paul Perner, Mrs. Bailey Post, Mrs. Stephen Perner and Mrs. L. B. Cox, Jr.

THREE SENIOR GIRLS HONORED AT LUNCHEON

Well, even though many OHS students spent their holidays working sheep or goats, most of them surely enjoyed the change of scenery, and surely didn't want to come back to class Tuesday morning.

REGIONAL SPORTS FINALS

Competing last week-end in the regional sports events at Lubbock, Texas, the Ozona Lions Track team and the Golf Team grabbed several wins. Ozona's only first place in the track meet was taken by the 440' relay team.

Several place finished were: Jim Doran's 100 yard dash, and Joe McMullan's 120' high hurdles.

Bob Meinecke Ozona's pole vaulter, won third place and Johnny Jones, also a pole vaulter, placed fourth. In the 440 yard dash Carl Montgomery placed sixth.

Ozona's 47 points in the track meet were good for third place in a field of 27.

The Ozona Golf Team, also competing in Lubbock, finished fourth.

All first and second place winners will go to the State Meet in Austin, Texas, after participating in a practice meet Saturday in San Antonio.

TO MY FRIENDS IN CROCKETT COUNTY:

The time I have been privileged to represent you in the Texas Senate, I have worked closely with Lieutenant Governor Ben Ramsey of San Augustine.

I respect him as a man of dignity, integrity, and mature judgment.

He has assisted me in passing legislation that has helped our State and the 25th Senatorial District.

I commend him to you and hope that you will vote for Ben Ramsey for re-election as our Lieutenant Governor.

Sincerely yours,

THANKS, FOLKS

Usually, a politician waits until after the election to thank the people. I'm not a politician; I've never run for an office before.

I want to thank all the folks who are helping me. I want to encourage them to keep up the good work.

Bless you all for all you've done for me. I am truly grateful. Your friend, now and always . . .

vision. Steps are being taken to watch this more closely on future projects, he said.

Raw Materials — Gov. Price Daniel has promised to have two sets of ingredients ready when the State Finance Advisory Council meets May 16 to begin shaping up a long-range fiscal policy for the state.

Daniel will present to the committee:

(1) A 10-year projection of budgets of agencies which represent the state's main money needs — schools, highway, hospitals and welfare.

(2) Five suggested new tax plans.

He does not intend to make the five tax plans public before the committee meeting, said the governor, because he doesn't want them to get involved in the current political campaigns.

It is certain that the governor's proposed tax plans will not include a general sales tax or income tax, both of which he has long opposed. However, he said he will ask the committee to look down the road and "report honestly whatever you find and let's see how long we can go without sales or income taxes."

Garden Reminders
From Garden Club Reporter

Clean-up day is over. How wonderful that many people responded so enthusiastically. Won't you who, for various reasons, did not get your places of business, yards, vacant lots and parkways cleaned, do so on your own? It will make our town so pretty, healthy and comfortable.

The Garden Club held a work day on Monday to clean and plant and water the new park. Only one name for the park has been submitted. Help choose a name by sending in your suggestion to Mrs. Joe Pierce, Jr. You might win a prize.

Thanks to our Commissioners of Crockett county and the workmen for the nice curb on the west side of the park. So many have helped in such a fine way.

How attractive and clean the business places are looking after painting, etc. Nothing looks so unprosperous as uncared for and empty business places. So, our thanks.

Remember the Flower Show on April 28th from 4 to 7 p. m. in the fellowship hall of the Methodist Church. Everyone is welcome. And if you have lovely flowers, enter them to help make the show a success. You can secure schedules from Mrs. Bailey Post.

LADIES GOLF ASSN.

The monthly luncheon of the Ladies Golf Association was held Thursday at the country club. Golf was played in the morning and bridge in the afternoon.

Blind bogey in golf was won by Mrs. Marshall Montgomery and Mrs. Joe Pierce, Jr. Low net on the club trophy play was won by Mrs. Dempster Jones. Luncheon hostess was Mrs. Marshall Montgomery. High score in bridge was won by Mrs. J. S. Pierce, III, low by Mrs. Early Baggett and cut by Mrs. Joe Clayton. Others attending were Mrs. George Bunker, Mrs. Jack Williams, Mrs. Byron Williams, Mrs. A. S. Lock, Mrs. Lindsey Hicks, Mrs. R. L. Bland, Jr., Mrs. Frank McMullan, Mrs. Hillery Phillips, Mrs. John Lee Henderson, Mrs. Hugh Childress, Jr., Mrs. Lloyd Sherrill, Mrs. Nip Blackstone, Mrs. V. I. STEVE PRESLAR
I have to live with myself, and so

I want to be fit for myself to know:
I want to be able, as days go by
Always to look myself straight
in the eye:
I don't want to stand with the
setting sun
And hate myself for the things
I've done.

I don't want to keep on a closet
shelf
A lot of secrets about myself.
And fool myself as I come and go
Into thinking that nobody else
will know
The kind of a man I really am:
I don't want to dress myself up
in sham.

I want to go out with my head
erect.
I want to deserve all men's respect;

But here in the struggle for fame
and pelf,
I want to be able to like myself.
I don't want to think, as I come
and go,
That I'm bluster and bluff and
empty show.

I never can hide myself from me;
I see what others may never see;
I know what others may never
know;
I never can fool myself — and
so,

Whatever happens, I want to be
Self-respecting and conscience
free.

You be my judge —
I ask to be yours.

1,874,027 People Did Not Die

Fifteen years ago, before the wonder drugs were discovered death claimed 10.8 out of every 1,000 people in the U. S. But today, the death rate is down to 9.2 per 1,000 people — the lowest in history. This means that 1,874,027 people DID NOT DIE in the past 15 years — thanks to the antibiotics, the hormones, and the other miracle prescriptions which are now available. That's why we say . . .

OVER BACK-COUNTRY ROADS AT 45
WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight
shows the big rigs
how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in! . . . Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill at Crossett, Arkansas.
