## Commission Hears Protest On Dump Ground Location

### Father Lynch Heads Latin-American Group In Formal Protest

Anticipating the creation of a community nuisance in advance of its completion, a group of residents of the Latin-American section of Ozona, headed by Father Connal Lynch, lodged formal protest with the Crockett County Commissioners Court Monday against the proposed location of the city dump ground on land recently purchased by the county from Mrs. B. B. Ingham, which adjoins the Ozona townsite on the southeast.  
The delegation, with Father Lynch and Armando Reina as spokesmen, voiced their protests against establishment of the dump ground so near to the city and the building of a road to it which will necessitate travel of the dump trucks through the Latin-American sector. "With all the land there is in Crockett County," the spokesmen wondered why the dump should be placed so near the city. At this statement, the court invited the group to point out a piece of land that could be bought by the county and it would be purchased immediately and the proposed dump ground location moved to it. Efforts were made to buy land in every direction from the city and none was made available, the court pointed out.  
Despite the court's assurance that neither its members nor any other citizen of Ozona wanted to create a nuisance to the community and that if such a nuisance resulted from operation of the new dump ground it would be immediately corrected or abandoned, the group of protesters continued to press their objections, even at times indulging in veiled threats of political reprisals against members of the court.  
The land purchased by the county not only will serve as a site for the new pit-type trash disposal area, but will provide a source of caliche for county use in road work, at an ultimate saving of considerable money for the county. Part of the land, too, has been dedicated as an extension to Cedar Hill Cemetery. Assurance was given the protesting group that caliche trucks would not use the road through the Latin-American settlement, but would route their trips through the cemetery area on occasions when caliche is being hauled from the pits.  
The delegation left the meeting with the court's assurance that it plans to continue its preparation to make use of the area as a dump ground and the repeated assurance that such use would in no wise become a nuisance to residents of the Latin-American or any other area of Ozona.  
Following the stormy session, the court summoned members of the board of directors of the Crockett County Water Control District, which will be charged with operation of the new trash gathering and disposal system, and details of operation agreed upon.

**Sammy Maskill Gets Diploma From Auto & Electrical School**  
Sammy Maskill, son of Mr. and Mrs. Serafin Maskill of Ozona, arrived in Ozona this week following his graduation from the Steverson Auto and Electrical School in Kansas City, Missouri.  
Sammy received his diploma Friday June 10th following the completion of the nine months course in automotive body and fender repair.  
Sammy received his prior schooling at the Texas School for the Deaf in Austin, Texas, having graduated from that school in May of 1959.

## Short Handed Merchants Shaded by Lone Run In Sun. Game With Brownwood Colts; Still Looking For Concho Basin Win, Locals Building Strength

By Ernie Boyd

An Ozona rally in the last half of the ninth fell one run short Sunday as the Brownwood Colts hung a 10 to 9 loss on the winless Ozona team.  
Trailing 10 to 7 with two out Charles Harrison slammed a home run over the center field wall with none on. Then a walk and Ronnie Bullock's triple brought in another run and had the tying run on third when Dick Brimlow fanned to end the inning.  
Byron Stuart started on the mound for the Merchants and was tagged for six hits and six runs before Ron Henning came on in the first to pitch the balance of the game.  
Even though all of the Brownwood hits, including Stewart's home run were clean blows, shoddy fielding greatly contributed to the run production with a dropped pop fly at third base accounting for the last two markers.  
Henning came on with one out in the first frame and pitched his best ball of the season, giving up but three earned runs in the seven and one third innings he worked. Ken Hinton came on with none out and two on in the 9th and retired the side without a run.  
Lefty Means started for Brownwood and worked the first seven innings, giving up seven runs while Doa Sikes came on to work the last two and give up two runs.  
Despite the scoring of nine runs the Merchants displayed some horrible base running in wasting a number of other markers. Three Ozona base runners were tagged out between third and home during the course of the contest to break up a number of promising rallies.  
The Merchants outthit the visitors 16 to 13 and in addition to Harrison's home run off the first right hander he has faced in Ozona the home club got a triple from Bullock and doubles from Ken Hinton, Moose Boyington, Charles Long and Charles Anton.  
Two Merchant regulars, Tom Ed Montgomery and Fred Hickman, missed the game, one due to injury and their loss no doubt cost the Merchants the contest.  
Line Score:  
Brownwood Colts: 600, 010, 210, R-10 — H-13 — E-3.  
Ozona Merchants: 040, 000, 302, R-9 — H-16 — E-3.  
Means, Sikes (8) and Smith; Stuart, Henning (1) Hinton (9) and Boyington. Winner, Means, Loser, Stuart.  
Home runs, Stewart in the first with one on for Colts, Harrison in ninth with none on for Merchants.

**Paul Jacobs Family Moving To Hobbs, N.M. After 6 Years Here**  
Mr. and Mrs. Paul Jacobs and children Joe, Jan, and Jerry left Ozona this week for their new home at 1802 Steven, Hobbs, New Mexico.  
Mr. Jacobs, who is employed by the Continental Oil Co., was transferred to Hobbs last year but the family remained here while Mrs. Jacobs finished the year as a teacher in South Elementary.  
The Jacobs have been in Ozona for nearly six years and had purchased a home at 606 Coates in Ozona. The oldest son, Jerry, graduated from Ozona high school last year after having starred in football, basketball and track.  
Joe, the younger brother despite being only a sixth grader the past year earned regular position in Jr. High basketball and football teams.  
Mr. Jacobs was a member of the Ozona Lions Club and an active member of the Ozona Methodist Church along with all of his family.  
"We are leaving very reluctantly," Mrs. Jacobs said, "because we think Ozona is the most wonderful place in the world to live and we appreciate all our fine friends who have helped to make our living in Ozona so pleasant."

## 52 Sheep Killed When Truck Spills On Lancaster Hill

### Driver Unhurt As Vehicles Goes Out Of Control On Hill

The driver of a truck transporting 260 sheep to Ft. Stockton escaped serious injury Monday afternoon when his truck went out of control on Lancaster Hill.  
Ellsworth C. Ezell of Ft. Stockton, a commercial livestock truck driver, reported that as he reached the top of the hill traveling west he attempted to shift into a lower gear and the engine died. The truck's vacuum type brakes did not hold and the truck crashed into the embankment on the first turn below the roadside park.  
In the crash the truck received extensive damage and some 52 sheep were either killed out right or had to be shot. All of the sheep were thrown out of the truck, and the uninjured ones were peacefully grazing on top of the hill above the crash scene.  
The wreckage of the truck wound up only a few feet from the spot where a house trailer was smashed to pieces last winter.  
The crash was investigated by Patrolman Jackie Holmes of Ozona.

**Rodeo Queen To Be Chosen By Vote Of Judging Staff**  
Entry Deadline July 9 For Girls 15 Thru 19 As Jr. Queen  
The Ozona Lions Club announced a new plan for the selection of its Junior Rodeo Queen last week, adopting what the club considers a more democratic method of selection this year.  
In the lone previous year in which a Queen was selected for the rodeo the Club chose, through its own vote, a slate of candidates to run for the place of honor. This year any girl who is a resident of Crockett County and is between the ages of 15 thru 19 and who is single is eligible to enter the contest.  
All candidates will be required to ride in the grand entry at each of the three rodeo performances and to ride in the opening parade to be held Friday afternoon at 5 p. m. July 15.  
Judges will observe each appearance and then announce their decision at the final performance of the rodeo Saturday night.  
Deadline for entries in the Queen contest has been set for July 9th in order that all contestants can take part in a number of events planned in their honor the week prior to the rodeo.  
The Fair Association, the Ozona Roping Club and the Ozona Lions Club have erected a number of needed fences and had a considerable amount of repair done to the grandstands in preparation for the horse show, the rodeo and such other events as might be held in the grounds this year.  
The direction of the rodeo is once again in the hands of Vic Montgomery and Oscar Kost and indications are that this will be the biggest show the Club has yet presented as a number of acts have either been booked or are in the planning stage.  
Applications for contestants as well as for Queen candidates are now available at the Ozona Boot and Saddle Shop and can be obtained by dropping by the shop or writing to Oscar Kost, Ozona, Tex.

**CELEBRATE ANNIVERSARY**  
Mr. and Mrs. B. B. Ingham, Jr., observed their 22nd wedding anniversary Wednesday.

Monroe Baggett

## Monroe Baggett Laid To Rest In Services Today

### Prominent Ranchman In County 61 Years Died Tuesday

Funeral services were held at 10 o'clock this morning from the Ozona Methodist Church for James Monroe Baggett, 79, prominent Crockett county ranchman and resident here for 61 years, who died at his home early Tuesday evening following an illness of several months.  
Services were conducted by the Rev. Morris Bratton, pastor. Burial was in Cedar Hill Cemetery under the direction of Cody Funeral home.  
Mr. Baggett was born in Bell county Nov. 18, 1880, the son of the late Mr. and Mrs. James Monroe Baggett. As a youth, Mr. Baggett and his brother, W. R. Baggett of Ozona, lived with their family in Durango, Mexico, where the senior Mr. Baggett was manager of an American mining operation. W. R. Baggett came to Crockett county in 1898 and his brother, Monroe, came a year later, the two brothers destined to form a ranching partnership that endured until a few years ago when they dissolved the partnership and went their separate ways to continue in the ranching industry. Both had retired from active ranch management a few years ago.  
Mr. Baggett was married to Miss Lillie Boerner in Ozona on August 18, 1909, the couple celebrating their golden wedding anniversary last year at an open house given in their honor by their children.  
Always active in civic affairs, Mr. Baggett had served as a county commissioner of Crockett county and had taken an active interest and given his time and money in the promotion of local endeavors for the good of Ozona and Crockett county. He had been a member of the Ozona Masonic Lodge since 1904 and was a member of the Shrine. He had been a member of the Methodist Church most of his life.  
Survivors include the widow; one son, James Baggett of Ozona; three daughters, Mrs. Jerry Pace of Austin, Mrs. Hiram Brown of Austin, and Mrs. N. E. Smith of Lamar, Colo.; one brother, W. R. Baggett of Ozona, and nine grandchildren.  
Pallbearers were Chester Kenley of San Angelo, Bert Rice of Ruidosa, N. M., Bryan Hunt of Sonora, Charlie Applewhite, Ewart White, Joe S. Pierce, III, Hillery Phillips and C. O. Walker.

**Odessa Driver Hurt When Car Overtakes After Hitting Truck**  
A wreck four miles east of Ozona on highway 290 Tuesday afternoon about 5 p. m. sent one man to the hospital and resulted in a near complete destruction of the automobile.  
Raymond Scott Lee of Odessa, driver of the car, was admitted to the Crockett County Hospital with possible hip injury and was transferred to Odessa Wednesday. A passenger in the Lee vehicle, Conduz Bailey, of Phoenix, Arizona, escaped injury in the mishap.  
Highway Patrolman Jackie Holmes, investigated the accident, reported that the Lee car had pulled into the passing lane well behind Claude Fasselman's truck when he met another vehicle driven by Beal Arender of Ozona. The Lee car, a 1958 Chevrolet station wagon pulled back into its own lane and attempted to avoid collision by either going into the bar ditch or passing on the wrong side, however this maneuver failed and the car collided with the right rear of the truck and overturned.  
The Ozona fire department was called to the scene as the upset vehicle began to smoke. The incipient blaze was extinguished with chemicals.

## Rash Of Grass Fires Brings Warning Note From Fire Department

Dry weather and high winds along with some carelessness got together to produce a rash of grass fires in and around Ozona Tuesday, Wednesday, and Thursday of this week.  
Four alarms Tuesday afternoon kept members of the Ozona fire department on the run between their business houses and shuttling fire trucks.  
One of the blazes Tuesday occurred on the Early Baggett ranch some 13 miles south of town. The fire was confined to a small area but proved stubborn and a second run had to be made before the fire was finally extinguished.  
Wednesday morning a high wind a trash fire, and a lot of tall dry grass produced an alarm. The fire occurred on the south end of the block fronted by the Stockman office, the Saddle shop and Moore Motor.  
The rash of fires are the result of a very dry spring and now it seems likely that the condition will continue at least for awhile bringing about a need for caution.  
Ranchers were urged by the fire department to keep sprayers filled and ready at hand. Fires that are quickly detected are more readily controlled and of course if the fire can be extinguished before the fire department can get there, damage will be greatly curtailed.

**Cosden 1-B Baggett Well Gauges 7 Million Cubic Feet Gas Daily**  
The Baggett (Strawn gas) field of Crockett County gained its third producer and a 1/2-mile north and slightly east and a 3/8-mile southeast extension with completion of Cosden Petroleum Corp., Big Spring, No. 1-B E. G. Baggett, 12 miles southwest of Ozona.  
It was finalized for a calculated, absolute open flow potential of 7,000,000 cubic feet of gas per day, through an 8-64-inch choke and perforations between 9,040-174 feet.  
Location is 1,320 feet from the north and 1,470 feet from the east lines of 24-F-GC&SF.

**CROCKETT HOSPITAL NEWS**

THURSDAY, JUNE 16, 1960

**TIME TO BLOW THE WHISTLE**

In the face of the evidence it would seem that our efforts to put the world's commerce in order and improve our own export position by tearing down our traditional tariff walls have not, after 26 years of continuous dismantling, worked out too well.

Having cut our tariffs by 80 percent — thanks most particularly to the forced draft operations of the General Agreement on Tariffs and Trade (GATT, for short) over the past 12 years, and which took the matter out of the hands of Congress and turned it over to the President — we are in trouble. In 1955 that flood of imports from low-wage countries was \$2 billion higher than ever before and total imports were running from \$3 to \$4 billion ahead of exports. We are on the skids as a commercial nation and the once proud dollar has reached such a low estate Canadian merchants won't accept it.

For the information of those who have been buoyed up by the thought of all that gold we have

in Fort Knox, it has been pointed out in Congress that this has been flowing out in "partial satisfaction" of our trade deficits and "has fallen to a level of \$19.5 billion against which foreign claims of more than \$18 billion are outstanding, approximately \$16 billion of which could be withdrawn on demand!"

And, as if this situation is not desperate enough already, plans are afoot to chop our tariff defenses as much as 20 percent further. This in the face of the looming uncertainties of the European Common Market, the Outer Seven and a new Geneva kaffee klatch called the Organization for Economic Cooperation and Development.

Congress is at last aroused — but not sufficiently. A total of 37 resolutions, introduced by 18 Republicans and 19 Democrats oppose any further tariff reduction at this time. Of these, House Concurrent Resolution 512 urges (1)

no further tariff reductions in 1960 and 1961 and (2) investigation by the Executive Branch of trade restrictions imposed against the US by foreign countries, and is now before the House Ways and Means Committee. Action must come this session. But it will not come unless enough members push for it. And they are not likely to push unless pressure from the voters is greater than the internal pressures for adjournment.

Who our next President may be, Republican or Democrat, is of less importance than the state of the nation he will preside over. To make your vote worth while next November, write today to your Congressman and Senators and to every member of the House Ways and Means Committee demanding passage of "H. Con. Res. 512"

"It's strange how the ignorant refuse to study and the intelligent never stop." — North Vernon Plain Dealer.

**DRAFT ON THE WHITE HOUSE STEPS**

For the reassurance of any readers who think they are seeing Nelson Rockefeller's fedora in the Presidential ring, let us confirm at once that it is indeed none other than that shares this exposed position with the Nixon chapeau. But Nelson did not throw it in there. Oh no! It just blew off as he was leaving the White House after breakfast the other day — and that's where it landed.

Four hours later, after his return to New York, he just happened to have a 2,700 word statement ready for the reporters on what-this-country-needs or, in a word, Rockefeller. That the country did not need Nixon was made emphatically clear. He paid elaborate tribute to President Eisenhower for having licked the Nazis and having "steadfastly faced the Communist tyranny in tireless pursuit of a just peace". He then tore apart the President's famed "defense posture" — which brought fulminations from the White House a few hours later.

"A new period now begins," quoth the Rockefeller explanation of why he is being forced into the Presidency. "It summons new men. New problems demand new ideas, new actions." His idea of "new actions" apparently included such items as Federal aid to education, socialized medicine, labor reforms and doing something for the "low-income farmers". The "new men", we presume, he will supply. Others of his new ideas consisted of reorganizing the Pentagon, more spending for "immediate defense needs", a "revision of tax policies to encourage investment" and (where have we heard this before?) reorganizing the Government. He didn't mention the outside national debt or recovering our international trade balance, but thinks our economy must grow faster.

Best of all, we thought was his peroration:  
"The path of great leadership does not lie along the top of a fence."

"It climbs heights."  
"It speaks truths."  
"The people want and need one thing above all others, a leadership of clear purpose, candidly

proclaimed."

We have heard no more eloquent endorsement of Senator Barry Goldwater.

"Judge Not, That Ye Be Not Judged," says the Good Book. An admittedly tough admonition for an editorial-writer to live by, it seems also to have eluded that study group of the National Council of Churches which has blasted TV, radio and the films for "pathological preoccupation with sex and violence", "revelations of dishonest practices within the industries" and other assumptions that are "poles apart from the Christian understanding of man and his purpose."

As we heard it, the arts "hold the mirror up to nature". If man is so universally portrayed as vile, this could be an indictment of the National Council and its member churches for ineffectual handling of their ordained duty.

Office Supplies at the Stockman

**WASHINGTON SCENE**

ence this week that we are trying to head off some stretch toward ad-  
 vanced date is va-  
 gged as anywhere from  
 to July 9th, and from  
 point of the legislative  
 will, in any instance,  
 on.  
 ve halls vibrate now  
 ers of causes trying to  
 d (or trying to halt)  
 at up in the Congress-  
 stream. Groups taking  
 positions on the same  
 sions with facts, figures,  
 and reasons attempting  
 by their respective pos-  
 sible only one that could  
 e right. As is normal,  
 n feels that the parti-  
 or she is interested  
 most important of them

all, and that all available time and attention should be given to that particular measure.

The national organizations are contacting their members back at the grass roots, urging them to take action to pass or defeat a bill that will have a particular effect (usually economic) on them. One such group last week breathlessly urged its membership to get busy in a dramatic plea that started: "Wanted! 48,000 phone calls and 500,000 letters to Congress!" Multiply this times perhaps 10,000 organizations and you can see why our pace is now extremely hectic. Some Committees are finishing their pending bills with a flurry, and are starting to give notice of final meetings for the season, so that final Floor action may be taken on as many measures that have been reported from committee as possible. The daily sessions are starting to stretch out, and we shortly expect to encounter week-end and night meetings in an effort to complete work prior to the two national conventions scheduled for July.

FOR THE EIGHTH TIME during

his stewardship of the Presidency, Mr. Eisenhower came this week asking that the national debt ceiling be increased — this time from the present \$285 billion to a "temporary" ceiling of \$293 billion. The measure passed the House but the 223 to 174 vote was much closer than pundits were predicting.

Complicating matters was the fact that the debt proposal was tied in with requests to extend certain excise taxes (telephone and transportation taxes included) and corporate taxes at their present rate. This actually meant: a reversal of form for Congress, since we voted last year to end the telephone tax, and to reduce the transportation tax in half, effective this June 30. However, as pointed out in past Reports, the President included "anticipated" revenue from the present rates in his estimated budget for fiscal year 1961, and virtually demanded that Congress go along. He got his way, but it was a bitter fight.

Incidentally, in connection with the request to increase the national debt limit, it appears that

history repeated itself. Last year in the 23rd week of the session, President Eisenhower asked Congress to increase the debt ceiling and expressed the hope he would "not find it necessary" to ask for another increase during his White House tenure.

But this week — again in the 23rd week of the session — he was back doing business at the same old stand, and "selling" the same product.

**Peltos Leave For Summer In Minnesota**

Mr. and Mrs. J. A. (Swede) Peltos and family left Ozona this week for Virginia, Minnesota, where they will spend the balance of the summer.

Swede returned to Ozona Monday following two weeks active duty in the Air Force in San Antonio.

The Peltos plan to return to Ozona around August 15th when the Principals in the Ozona school system will return to duty for the 1960-61 school year.

**Rutherford Opposes Higher Debt Ceiling**

WASHINGTON D. C. — Congressman J. T. Rutherford this week voted against increasing the national debt ceiling, extending the present 52% corporate tax rate and against extending certain war-time excise taxes (including transportation and telephone taxes) at their present rates.

Rutherford said he was "very disappointed" that the position he upheld was rejected in the House, by a vote of 233 to 174, after a spirited debate.

"These were war-time taxes adopted during a national emergency with the clear implication they would be repealed after the war," Congressman Rutherford said. "Further, the transportation tax was more to discourage travel during the national emergency, and the telephone tax more to cut down long distance calls in time of war, than for the purpose of raising revenue. With the war a long time over, I felt these taxes should be repealed."

The West Texas Congressman said he voted against increasing the national debt ceiling "because the national debt is at a record peace-time high, and one way or another we must start to curtail it." It was the eighth consecutive time that Rutherford has voted against increasing the national debt during his Congressional service.

William Pierce, son of Mr. and Mrs. J. S. Pierce, III, left last week for Camp Rio Vista at Ingram where he has attended an eight-weeks term for the past three years.

Kelly Walker, son of Mrs. E. D. Kincaid, Ozona, received high honors in the recent 116th annual commencement program at The Kemper School, Boonville, Mo., the school announces.

Walker was designated to the school's scholastic and military honor societies. Only a small percentage of the Kemper corps is eligible for membership in any one of the school's honor societies, and membership indicates the highest level of achievement.

### HIGHLIGHTS AND SIDELIGHTS From State Capitol

AUSTIN, Texas — In looking forward to the 57th Legislature, speculation now centers on (1) who will be elected Speaker of the House and (2) who will get important Legislative committee assignments.

Speaker's race is following the pattern of two years ago. Both Rep. Wade Spilman of McAllen and Rep. James Turman of Gober claim sure victory. Each accuses the other of claiming votes from members that aren't actually pledged to him.

It takes votes of 76 of the 150 House members to win Actual election takes place when the Legislature meets in January.

Committee assignments will be made at the start of the session by the Lieutenant Governor for the Senate and by the newly-elected Speaker of the House.

**Tidelands Study Urged** — Jerry Sadler, Democratic nominee for land commissioner, has suggested that careful study should be made to determine what action the next Legislature should take to insure legal and orderly development of Texas tidelands.

Sadler suggested the state should chart its course carefully to avoid the possibility of any more difficulties in management of its submerged lands. Recent U. S. Supreme Court ruling that state ownership extends 10 1/2 miles from the shoreline ended a 15 year tidelands battle.

First thing, said Sadler, will be to settle by law where the shoreline is so the tidelands boundary can be established in relation to it. Also, the boundary between Texas and Louisiana coastlines will have to be definitely determined. Court decreed Louisiana owned tidelands for only three miles out.

**Don't Fence Us Out** — You can ride horseback to your heart's content in the Davis Mountains State Park, but be sure to close the gate as you come and go.

This is the gist of a State Supreme Court ruling in a case which pitted the State Parks Board against the owners of grazing rights in the Davis Park.

State has a long-term lease on the land for park use with grazing rights reserved by the landowners. Owners declared public horseback riding in the 1,340-acre area interfered with grazing and padlocked the gates. Parks Board contended the riding was a legitimate park use to which the public was entitled.

Supreme Court agreed, but added that some safeguards should be set up so the grazing cattle wouldn't be let loose. High court sent the case back to the local district court for the writing of specific directives.

### We make beautiful music together

It's been a long, hard winter and your car has suffered too. With the coming of spring and warm weather, give the old buggy a break with a springtime change-over. Your cooling system needs a warm weather check-up to get ready for summer driving. Your motor oil has taken a beating in the long, cold winter — better let us drain and flush your crankcase and put in fresh oil. Oil filters, air cleaners, carburetors need checking in the season change.

Bring your car to us and we'll make it sing sweet music again.

### Miss Carol Blackstone Becomes Bride Of Ward Wueste, Jr., In Thursday Rites

Miss Carol Blackstone, daughter of Mr. and Mrs. Nip D. Blackstone II, of Ozona, became the bride of Ward Wueste, Jr., son of Mr. and Mrs. Ward Wueste of Eagle Pass, in a ceremony at the Ozona Methodist Church Thursday.

Rev. Morris Bratton, pastor, performed the ceremony. Organist was Miss Noni Conklin.

Mrs. Wueste wore a softly-pleated street-length dress of ivory silk chiffon over imported medallion lace. The pattern of the lace was repeated in the collar and cuffs. The dress also featured a row of tiny covered buttons and three-quarter length sleeves. Her hat of matching color featured pearl-tipped petals and a short veil. She carried a white prayer book with gardenias and stephanotis. She wore a single strand of pearls, gift of the bridegroom.

Miss Kathy Elkins of Barnhart, cousin of the bride, was maid of honor. Paul Riskind of Houston, uncle of the bridegroom, was best man.

Ushers were George Blackstone, II, brother of the bride, and Cameron Mitchell of Henderson.

A graduate of Ozona High School and Southwestern University at Georgetown, the bride is a graduate student at the University of Texas in Austin where she is a member of Zeta Tau Alpha sorority in which she is serving as vice president, historian, standards chairman and scholarship chairman. She is also a member of Phi Gamma Mu, national Social Science honorary, and Pi Delta Epsilon, national journalism honorary. Her paternal grandfather is George Blackstone of San Angelo and her maternal grandmother is Mrs. Eddie Williams of San Saba.

A pre-law student at the University of Texas, Mr. Wueste was graduated from Eagle Pass High School and attended the University of the South at Seawee, Tenn. He is a member of Phi Gamma Delta fraternity and is a Gowusman.

The couple will be at home at 1511A West 10th street in Austin.

At the reception in the fellowship hall of the church following the ceremony, the bride's chosen colors of yellow and white were used in floral decorations. Presiding at the registry table was Miss Judy Wueste of Eagle Pass, sister of the bridegroom. The wedding cake was served by Mrs. George Blackstone of San Angelo and punch by Mrs. L. G. Seilers and Mrs. W. F. Lyall of Eagle Pass. Piano music was provided by Mrs. Morris Bratton.

Other members of the house party included Mrs. Fred Elkins of Barnhart, aunt of the bride and Miss Carol Wueste of Eagle Pass, sister of the groom.

The rehearsal supper was given Wednesday evening at the House of Flowers Tea Room by the parents of the groom.

cluded Mrs. Fred Elkins and Miss Kathy Elkins of Barnhart. Other guests were Mrs. Morris Bratton, Miss Janice Spencer, Miss Sarah Hicks, Mrs. Sonny Henderson, Mrs. Joe Pierce, IV, Mrs. Dick Kirby, Mrs. Charles Garlitz, Miss Frances Childress and Miss Carol Friend.

A personal shower for the honoree was held in the home of Mrs. B. B. Ingham, Sr., Wednesday

with Mrs. B. B. Ingham, Jr., Miss Alma Ingham, Mrs. W. P. Conklin and Miss Nonie Conklin assisting. Guests were Miss Sarah Hicks, Miss Jeannene Thompson, Mrs. Sonny Henderson, Miss Janice Spencer, Miss Carol Friend, Mrs. Nip Blackstone and Mrs. Eddie Williams of San Saba.

FOR SALE — 2-months-old female Dachshund puppy. Full blood. Call 2-2718.

### SMALL BUSINESS

Wonder is growing in Washington as to whether or not Congress, due to take remedial action, has not permitted the U. S. State Department to grow into a Frankenstein monster.

The State Department was most instrumental in getting through in 1953 the so-called Status of Forces Treaty. This provides for American servicemen stationed, G. W. Harder they are subject to local laws.

As a result, hundreds of American servicemen now languish in foreign jails, after convictions by foreign courts, and are existing on foreign diets, foreign standards of sanitation.

And these servicemen, denied any recourse due U. S. citizens under the Constitution, are for a large part drafted men who never sought foreign service.

Senator Richard Russell, and others in Congress, are waging a determined battle to get this infamous treaty repealed. Naturally, State Dept. is opposing such a move.

But there seems to be little, if any area, left in U. S. life into which the State Dept. does not interfere. Recently California was prepared to execute a convict named Chessman.

There is perhaps no question this Chessman was a bad actor.

And it is important to bear in mind that the United States Supreme Court on several occasions has ruled against the State Dept. in opposing such a move.

Or as one observer put it, "It's getting more and more to look like the State Dept. really thinks it is THE STATE." Undoubtedly there will be a drive in Congress to clip its wings.

### Evolution of Auto's Dream Mixture

The greatest puzzle in the automobile industry is how to make a car that will satisfy all of the people involved in its manufacture — and still use the buyer.

Each group of engineers has strong interests and objectives that are often widely separated," says M. C. Patterson, Dodge general manager. "Each has its own idea of what a car should be, and no two of them are alike. So, the evolution of a new car is bound to involve certain conflicts."

The fact that new cars do come out year after year is indeed a triumph of knowledge, imagination, creativity, and most of all, cooperation and team work."

THE SAFETY ENGINEER visualizes the ideal car as a sphere—safe but little room for the engine.

THE PERFORMANCE ENGINEER is chiefly concerned with the engine. He wants everything under the hood except hot cold running water.

THE STYLIST wants beautiful lines, fine balance, and an eye-catching expression of an artistic theme.

THE BODY ENGINEER'S perfect car is one with no structural problems, no tough curves, no tight places—just a light-forward design.

MIX THEM ALL together properly and you have what makes force hopes is indeed a dream car for the average American motorist.

### First Baptist Church Is Scene Of Thompson-Booher Wedding Saturday

Miss Jeannene Thompson of New York City, formerly of Ozona, and Lewis Dale Booher of New York City, formerly of Wichita Falls, exchanged vows Saturday in the First Baptist Church.

The bride is the daughter of Mr. and Mrs. Roy H. Thompson. Her husband is the son of Mr. and Mrs. W. F. Booher of Iowa Park.

Dr. Othel Feather of Southwestern Theological Seminary, Fort Worth, officiated at the marriage service. He was assisted by the Rev. Harry Trulove.

Mr. and Mrs. Booher plan to leave their home in New York soon on an extended trip through Europe where Mr. Booher will study on a William Kinne Fellows Traveling Fellowship, recently awarded him by the School of Architecture, Columbia University.

Mrs. Booher is a graduate of Ozona High School and Stephens College in Columbia, Mo., where she majored in fashion design. She also attended Parsons School of Design in New York, completing her studies in Europe. Since her graduation from Parsons School in 1957, she had been employed as assistant designer to Pauline Trigere and Arnold Scassi and is presently employed as designer for Adele Simpson.

Mr. Booher is a graduate of Wichita Falls High School, and received a degree from Texas Technological College. He served as an officer in the Navy, and recently received his master of science degree from Columbia University.

Given in marriage by her father

the bride wore an empire gown of her own design. Of silk chiffon, the gown featured a billowing skirt falling into a full train from a shirred bodice.

The bridal veil of imported silk illusion formed a cathedral train. Her headpiece was a wreath of stephanotis. She carried a bridal bouquet of lilies of the valley.

Soloist for the wedding was Miss Wanda Carden of San Antonio. Mrs. Fred Parker of Stephenville was organist.

Mrs. Irving Lee Bush, Jr., of Waco attended the bride as matron of honor, and Mrs. Amy Harris of Charlotte, N. C., was honor bridesmaid.

Serving as best man was James F. Booher of Lubbock, Grooms-men were Hardy Clemmons of Fort Worth, David Bullen of Houston and William H. Dartnell of Sanford.

Ushering were Irving Lee Bush Jr., of Waco, Penny Vann of Belton, David West and Pleas Childress.

A reception in the church parlor followed the service. The couple will live in New York City.

Out of town guests for the wedding included Mr. and Mrs. W. F. Booher, Mr. and Mrs. Homer Booher and Patti and Mr. and Mrs. Morris Stewart and daughter, all of Wichita Falls; Mr. and Mrs. Milton Reeves of Midland; J. F. Darr of Knox City; Mr. and Mrs. Carl Darr, Paducah, Texas; Mr. and Mrs. Don Thompson, Waco, Texas; Mrs. W. L. Drott, Pineville, La.; Mr. and Mrs. O. C. Thompson, Abilene; Mr. and Mrs. Otis Childress, Miss Ollie May Thompson, Abilene, and Mrs. Bob Saylor and daughter from Tularosa, N. M.

Mrs. Oscar Kost and Mrs. Dick Kirby honored the bride with a coke party Wednesday, June 8, in the Kost home. Attending were Miss Sarah Hicks, Miss Janice Spencer, Mrs. Charles Garlitz, Mrs.

Sonny Henderson and Mrs. Irving Bush, Jr., of Waco.

A luncheon honoring Miss Thompson was given at the country club in Wichita Falls Saturday, June 4, by Mrs. Morris Stewart, sister of the bridegroom. The affair was attended by 20 relatives and close friends of the young couple. The affair was attended by the bride's mother, Mrs. Roy H. Thompson of Ozona, and her sister, Mrs. Irving Lee Bush, Jr., of Waco.

**DEPTH OF PENETRATION**  
UNLESS you are using your local newspaper as a regular part of your advertising program, you are very likely doing little more than scratching the surface of the important and rich market which it covers. Your newspaper commands the attention and respect of the community and will carry your sales message with force and dignity.  
Your local newspaper has the "depth of penetration" that gets beneath the surface interest of its readers, down to where the sales action really starts. Your business will profit from a program of planned newspaper advertising.  
**TEXAS PRESS ASSOCIATION** 1716 SAN ANTONIO ST. AUSTIN, TEXAS

*Ten miles at the wheel are all you need . . .*

*to discover the wonders of Cadillac performance!*

The sensation of driving a 1960 Cadillac for the first time is so delightful that a ten-mile trip, even at moderate speed, will seem to end almost before it begins. But it will suffice! When the trip is over, you'll know that Cadillac is as magnificent in performance as in appearance.

The gently soft ride, the amazing handling ease and the instant response to your slightest wish all combine to prove that this is indeed a car without an equal. And it's waiting for you at your authorized Cadillac dealer's showroom. Drive it at your first opportunity.

### Notes From The County Agent's Office

By Pete W. Jacoby

Information released by the Crop and Livestock Reporting Service, USDA, for the year 1959 again places Texas as the top state in beef production. Beef production increased 10 percent over 1958.

The importance of the beef industry to the Texas economy is indicated by the \$608.9 million cash receipts from beef during 1959.

Texas ranked 15th in hog production during 1959 with 395 million pounds. This was a 27 percent increase over 1958.

Texas lamb production during 1959 was 10.5 percent of the U. S. total production. Lamb and mutton production in Texas in 1959 was 173 million pounds and exceeded the nearest ranking state by 70 million pounds.

Revised standards for grades of live slaughter lambs, yearlings and sheep will become effective June 19, the USDA announces.

Changes made in the standards

### WHEN IT'S TIME TO ACT

### THINK OF

How about your own "nest"? Lots of times men fail to protect their homes and families by failing to provide the proper insurance to meet emergencies. See us NOW for all of your insurance needs.

are similar in nature to those adopted for lamb, yearling mutton and mutton carcasses on March 1.

Both conformation and quality requirements for the prime and choice grades are reduced under the new standards.

Minimum conformation requirements are lowered by about one-half grade in each of these grades. Quality requirements, as evaluated primarily by considering external fat in relation to the age of the animal, are reduced from about one-half grade to as much as a full grade, depending upon the grade and age of the animal. Copies of the standards may be

obtained from the Livestock Division, Agri. Mkt. Serv., USDA, Washington 25, D. C.

### FRIDAY BRIDGE CLUB

### Seeing Boogers!

(Continued from Page One)

of town and tourist traffic. And children travel this street during the school year going to and from school.

The letter writer seems to be seeing boogers in the dark. The dump ground is as yet just a location and not in use as such. Assurances have been given over and over that with the pit system to be employed there will be no nuisance created, and if there is, it will be corrected. Then why the agitation at this stage of the game?

County officials, water officials, this editor and most every other citizen of Ozona, Anglo or Latin, Negro, Scotch or Irish, are all vitally concerned in keeping Ozona the good place to live that it is. If the dump ground in its new location is a nuisance to the Latin-American section it will also be a nuisance to the Anglo-American, the Negro, the Scotch and Irish sections and none of them will want it continued as such.

### Mrs. Harvick Returns From PTA Leadership Training Conference

Mrs. Martin Harvick returned home Friday from attending a council president's school of instruction on June 7, and a three-day leadership training conference, 8-10, sponsored by the Texas Congress of Parents and Teachers, at Kinsolving dormitory on the campus of the University of Texas, Austin. Also attending from this area were Mrs. L. S. Vasbinder, Del Rio, Dist. President, Mrs. Ed Meador, Eldorado, and council presidents from Lake View, San Angelo, and Paint Rock.

Some 200 persons from over the state participated. These included the executive committee, district presidents, council presidents, district and state chairmen, as well as consultants and resources persons. The theme, "Education for Family Living," was developed through talks, panels, films, general and group meetings.

Mrs. T. W. Whaley of Kosse, state president, opened the conference with a talk on "Why We

### NEEDS HELP

Dramatic proof of the need for aid for Chilean earthquake victims is evidenced by this Puerto Montt orphan—his only belongings heaped in a string bag—shown waiting a mercy plane trip to a refugee reception center in Santiago.

Nations throughout the world are responding to appeals for help. President Eisenhower appointed American Red Cross President, General Alfred M. Gruenther, as coordinator of U. S. voluntary relief efforts. Numerous religious and welfare organizations are engaged in the massive relief project. The Red Cross, which is conducting a nationwide fund appeal, made an initial allocation of \$175,000 and provided \$250,000 worth of donated medical and other supplies.

Photo courtesy Washington Daily News

Are Here." Dr. C. H. Dent of Austin, state chairman of workshops, and associate professor of curriculum and instruction of the University of Texas, and Mrs. Lucile Martin of San Antonio, state chairman of education of family living, were co-chairmen of the planning committee.

Some of the purposes of the conference were as follows: to learn factors affecting American families today; to explore present day concerns for family life; to identify family and community problems needing concerted action; to demonstrate the interrelatedness of the efforts of P. T. A. chairmen in a total program; to show the role of the P. T. A.

District and councils will have similar workshops in the fall.

### Sarah Hicks Honored At Bon Voyage Party

Mrs. Clay Adams, Miss Camille Adams, and Mrs. Charles Garlitz, were hostesses at a bon voyage party for Miss Sarah Hicks at the Adams home Monday morning.

Miss Hicks, who graduated from the University of Texas this spring, is leaving soon for a trip to Europe. Mrs. Sherman Taylor gave a monologue based on the book entitled "Bon Voyage", a humorous treatment of problems of travel.

Guests at the party were: Misses Janice Spencer, Mary Jo Ward, Nonie Conklin and Frances Childress and Mmes. Joe Pierce, IV, Earl Malone, Arthur Phillips, Lindsey Hicks, Jody Jones, and Sherman Taylor.

### New Officers Of OES Installed At Meeting

Members of Ozona Chapter, Order of the Eastern Star, met the night of June 7th for the purpose of installing officers for the year 1960-61.

With Mrs. Vera Fussell as Installing Officer, assisted by Mrs. Margaret McMullan, Mrs. Modene Whitaker, Mrs. Jerry Sikes and Mrs. Gertrude Perry, Juanita Mills and R. L. Flowers were installed as Worthy Matron and Worthy Patron.

Other officers installed were: W. H. Whitaker, A. P.; Kathryn Flowers, Secy.; Leta Powell, Treasurer; Mildred Webb, Jo Lou Chapman, Kaleta Shepperson, Mary Logan and Ella Dorris as Star Points; and Modene Whitaker as sentinel.

Gifts from the chapter were presented to Mr. and Mrs. Whitaker, the retiring Worthy Matron and Worthy Patron.

Mrs. Mills announced her theme is "Love Lights The Way;" the lighted candle, her emblem; Scripture: "He that loveth not, knoweth not God; for God is love." John 4:8.

Mrs. Richard Flowers and Mrs. W. H. Whitaker served a delicious salad plate following the meeting. The next regular meeting of the chapter is June 21st at 8 p. m.

### Relatives Of Ozonans In Sulphur Springs Escape Tornado Path

Three families of Ozonans who formerly resided in Sulphur Springs received word Monday that their families escaped major damages in a destructive tornado which hit Sulphur Springs last Sunday afternoon.

Mr. and Mrs. M. E. Boyd parents of Ernie Boyd of Ozona who live only four blocks from where the main force of the tornado struck, reported one tree blown down and a garage and a workshop heavily damaged but the house

was undamaged.

The homes of the parents Mrs. Jim Nolan and of Mrs. Hinton were further removed from the damage area and did not report any damage.

The tornado struck in the block of Gilmer on the south of the city and did an estimated \$400,000 worth of damage, including out the city's telephone power facilities until Monday morning.

Bill Jenkins, a cousin of Ernie Boyd drove to Gilmer and gave the first report of the twister's strike.
