Banking Commission Holds Hearing Today In Ozona Charter Bids

The Texas State Banking Commission has scheduled a hearing for 1:30 p. m. today (Thursday) in Austin on the application for charters for new state banks in Ozona.

The hearing had been postponed from its first scheduled date in late June, due to the unavailability of some attorneys for the applicants to attend.

Applications are on file with the Commission for charters for a proposed Crockett State Bank and for the Ozona State Bank of Ozona.

The first State Bank would be capitalized at \$400,000, with \$150,000 in capital, \$200,000 surplus and \$100,000 in reserves.

Proposed directors are

Jack Baggett, Joe F. Bean, George Bunker, John Childress, Charles E. Davidson, III, Dick Henderson, Jeff Owens and Byron Williams, all of Ozona. Owens would be chairman of the board.

If approved, the Crockett State Bank would have capitalization of \$500,000, with \$200,000 in capital, \$200,000 in surplus and \$100,000 in reserves.

Directors of the Crockett State Bank would be Troy Williams, J. B. Miller, Charles S. Black, Jr., L. D. Kirby, James Childress and Kirby Moore, all of Ozona, and William I. Marschall, Jr., and John M. McLaughlin, both of San Angelo. James Childress has been designated as chairman of the board if the bank wins approval.

Park Service To Inspect Site Of Fort Lancaster

A representative from the National Park Service, U. S. Department of the Interior, will visit the ruins at historical Fort Lancaster in western Crockett county today with a view to initiating steps which may ultimately lead to restoration of the old fort.

William E. Brown, Region-III Historian, Southwest Region, National Park Service, will visit the site next Tuesday, July 20, according to a letter just received by Mrs. A. Harrell, chairman of Crockett County Historical Survey Committee. Mr. Brown's headquarters is at Santa Fe, N. M.

Mr. Brown asked to be contacted to the fort site.

"Our goal in this initial investigation should be to determine what preservation measures should be taken immediately so as to hold the ruins in their present state," Mr. Brown wrote Mrs. Harrell. "There we can work together the long range program which will include archaeological and historical research leading to basic restoration of the site."

The county Historical Survey Committee and other agencies and individuals have sought recently to attract the attention of federal state officials to Fort Lancaster ruins and have advocated the creation of a state park at the site and measures which would insure preservation of the ruins and the site, to at least partial restoration of the old fort.

Fort Lancaster was occupied from about 1854 to 1861 when troops were withdrawn from the outbreak of the Civil War, and finally abandoned in about 1869.

Ozona Chapter Represented At FFA Convention

Two representatives of the Ozona High School FFA Chapter, George Cox and Billy Carson, along with vocational Agriculture teacher Jimmy Davee, left Tuesday morning for Houston and the 37th annual State FFA Convention.

The convention is being held at the Sam Houston Coliseum, July 14 through 16th, and is expected to attract more than 3,000 Texas Future Farmers from some 1,000 chapters over the state.

During the meeting, winners in the state's 10 areas will be recognized in such fields as farm and ranch mechanics, sheep and goat raising, public speaking and other areas of FFA leadership.

The election of new state officers will take place, along with the presentation of several scholarships to outstanding students in various phases of agriculture.

The general meeting began with registration on Tuesday and will close Friday afternoon following the presentation of awards and the election of the state sweetheart from among the ten area representatives who will be present for the contest.

Mrs. Oscar Kost and daughter, Mrs. Dick Kirby, with Mrs. Kirby's two daughters, Karen and Kristi, spent the week-end in San Antonio and San Marcos.

Betty Henderson Crowned Queen Of 8th Jr. Rodeo

Miss Betty Henderson, 16, daughter of Mr. and Mrs. Dick Henderson of Ozona, was chosen 1965 Ozona Rodeo Queen last Thursday night at the opening performance of Eighth annual Ozona Junior Rodeo.

Miss Henderson was presented a bouquet of red roses by retiring Queen, Diane Coates, in the arena before a good opening night crowd.

Opening night fans received a scare during the presentation of the 1965 Queen candidates when Miss Vicki Lynn Montgomery, 17-year-old daughter of Mr. and Mrs. Beecher Montgomery, was thrown from her mount and took a hard fall. After first aid and a check by anxious parents, the game young lady brushed away the tears and finished her entry on another horse.

The new Queen is a Junior in Ozona High School and the daughter of a ranching family as were Miss Montgomery and Miss Fannie Everett who was also an entry.

Rodeo Queen

Miss Betty Henderson

Janie Edgerton, daughter of Mr. and Mrs. Charles B. Edgerton, and Diane Deaton, daughter of Mr. and Mrs. Taylor Deaton, were named county winners of the 4-H dress revue held at the Civic Center on Monday. Named as first alternates in overall judging were Lelie Mitchell, daughter of Mr. and Mrs. G. K. Mitchell, and Ene-mencia Diaz, daughter of Mr. and Mrs. Lucio Diaz.

The two county winners will compete in the District-6 4-H Dress Revue at McCamey today, (Thursday). Miss Edgerton will compete in the senior division and Miss Deaton in the junior division. The district contest will draw some twenty county winners for competition in each of the two divisions.

Thirty-seven 4-H girls competed in the over-all dress revue program with thirty-three competing in the judging competition. All the girls had exhibits on display for which they received exhibit ribbons. Awards for the revue were furnished by Watson's Department Store and presented by Bill Watson to the county winners.

Dress revue judges were Mrs. Vida M. Kreklow, county home demonstration agent at Eldorado, Mrs. Betty Ann Coker of San Angelo and Mrs. Joyce Drake of Abilene, both Home Economists with the West Texas Utilities Company, and Miss Dempsey, 4-H Club girl of Eldorado.

About one hundred attended the program, which closed with the 4-H Motto and Pledge, led by Kathy Lynn Russell, and the 4-H Prayer, led by Sylvia Vitela.

The following 4-H girls exhibited items of knitting: Cynthia Harrell, Lida Garrett, Kathy Lynn Russell, Elizabeth Jones, Johnette Dazier, Betsy Sikes, Diana Deaton, and Skookie Edgerton. Adult leaders for the knitting program were Mrs. B. B. Ingham, Sr., and Mrs. Brock Jones.

Mrs. Charles B. Edgerton and Miss Ethel Wolf were adult leaders for the clothing projects. Winners of blue ribbon: Susie Russell, Rebecca Seahorn, Debbie Deaton, Nora Perez, Paula Ramirez, Elizabeth Zapata, Betty Ann Martinez, Elaine Zapata, Kathy Lynn Russell, Elizabeth Jones, Skookie Edgerton, Diana Deaton, Cyndie Whitehead, Alicia Diaz, Bettina Martinez, Mary Jane Martinez, Ene-mencia Diaz, Mary Francis Martinez, Sylvia Vitela, Lelie Mitchell, Mary Ann Mabey, Janie Edgerton, Connie Hubbard and Joyce Ziesmer.

Red ribbons: Diana Castro, Matilda Mendez, Jo Ann Vargas, Mary Helen Ramirez, Rebecca Ramirez, Melissa Zapata, Socorro Rodriguez and Cynthia Perez.

Ozona Scouts Win Honors At Sol Mayer Camp

Ozona Boy Scout Troop under the leadership of Ed Rowan, who is serving as Scoutmaster of troop 153, made a strong showing in scout competition at Camp Sol Mayer last week as they placed third among the 19 troops that were present for the encampment.

Eighteen boys from Ozona took part in the camp, along with 214 other boys, and missed by only one point in taking second place, trailing winners by 12 points.

Boys who attended the camp were Don and Billy Edgerton, Quatro Davidson, Lane Garrett, Craig and Fred Deaton, Don Olsen, Danny Rowan, Tony Cullins, Mickey McBroom, Joe Bob and Dan Stephens, Bill King, Craig Williams, Mike Womack, Burl Adwell, Chuck Womack and Donald Rowan.

During the week's work, the boys earned 50 merit badges, every boy getting at least one and one boy getting six. Eleven boys advanced to First Class Scouts.

The troop worked as four patrols and each patrol won first place ribbons each day, and the troop won first place in camp inspection on two of the five days of inspection.

At the Order of the Arrow Tap-Out on Friday night, Don Edgerton, and Donald Rowan were taken into the lodge and they will return to the camp on July 27th for the ordeal.

While at camp, the boys took part in swimming, life saving, canoeing, archery, wood carving, leather craft, basket making, rifle, flag signal, Indian lore, nature, wildlife, zoology and soil and water conservation.

The troop expressed its thanks to Jack Williams for the use of his truck and to Bob Stephens and Dan McBroom, who drove the truck to and from the camp.

Mr. and Mrs. Fred Hickman moved from Ozona to Ft. Stockton this week where Hickman will be head football coach and athletic director at Ft. Stockton High School. The Hickmans have purchased a home at 106 South Mendal in Ft. Stockton.

Top Performers, Good Attendance Mark Eighth Annual Junior Rodeo

Dr Richardson to Speak at Meet of Historical Group

Dr. Rupert N. Richardson, President Emeritus of Hardin Simmons University, Abilene, and well known historian and authority on the lore of the Southwest, will be the honored guest speaker at the Crockett County Historical Society meeting to be held at the Civic Center, Monday, July 26.

The meeting, which will be open to the public, will begin with a dinner at 7 p. m. which will be catered by John Held. Tickets for the dinner will be on sale in advance and at the door.

Following the dinner Dr. Richardson will speak on the early history of the area.

Dr. Richardson received his first degree from Simmons in 1912 and began his connection with Simmons in 1917. He was President of Hardin Simmons prior to WWII serving in that capacity until his retirement in the late 1950's.

During his connection with Hardin Simmons, Dr. Richardson earned his Doctors degree with work at the University in Montreal, Canada.

He has written several books, the most noted of which was "The Lone Star State" one of the most widely used histories of the state. His contributions to various history journals and periodicals of early Texas history.

Coaches Shaping Ozona All-Stars for Sonora Game

The Ozona Little League All-Stars will travel to Sonora next Thursday night, July 22, to meet the Sonora Little League All-Stars in the first round of area play-offs.

Tom Ed Montgomery of the Flying W Ranchers and Taylor Deaton of the Ozona Oilers, who shared the title this year, are co-managers of the Ozona team, which will be seeking to end a streak of three straight Sonora wins.

Either Gary Don Notgrass or David Williams will be the starter for the Ozona team, which this year will boast a good deal less in the long ball field but may be a better hitting team than the one which failed to connect with the Sonora pitching last year.

Coaches Montgomery and Deaton hope to have a good fielding team with considerable speed and a good array of solid hitters. The big problem will be with experienced outfielders, since on the All-Star team these posts will most likely be filled with infielders from around the league.

The All-Star coaches will have such infielders as Ruben Tambunga, Phillip Perner, David Pagan, Jim Montgomery, and Tiny Rivera to pick from with several other infielders and a couple of extra catchers seeking to break into the lineup.

The catching department lists, Terry Hickman, Jim Bob Bailey, and Tom Davidson, the latter a question mark since he has been out with a broken thumb. If Davidson is able to play, Hickman, who can play almost anywhere, will probably go to the outfield where his bat and good arm would be useful, leaving the catching chores to Davidson and Bailey.

Tambunga, who was a member of the all-star squad last year, can play either short or second, as can Montgomery, who was also one of the league's better players last year.

David Pagan, who played first for the Oilers with great skill, can play anywhere with a great arm and great speed so he will probably go where the team needs him most rather than competing with someone for one particular position.

However, as any baseball expert knows, the name of this game is pitching and if the past few games are any indication, Ozona had better get some good hurling lined up because they are not likely to score more than 3 runs at the most. But then, one never knows, and that's what makes it an interesting game.

Indians Wallop Del Rio Cowboys For Eleventh Win

The Ozona Indians posted their eleventh win in sixteen efforts last Sunday when they walloped the Del Rio Cowboys 15 to 1.

Rudy Martinez, went the route for the Indians, limiting the Cowboys to just four hits, and was never in trouble after the Indians went on a rampage in the first frame and scored four runs to sew up the contest.

Martinez, in addition to squelching the Cowboys went on a one-man war path, collecting four hits in five trips to the plate and scoring three runs himself. Dan Rios, the Indian center fielder, also crossed the plate three times during the contest.

The visitors broke up the shut out in the sixth inning when they put together a walk and two of their five hits for a run.

DUPLICATE BRIDGE

Duplicate Bridge Club winners Tuesday night were: First, Mrs. Jack Wilkins and Mrs. James Dockery; second, Mildred North; third, Mrs. Wilma Hayes and Mrs. Jack Brewer, Jr., and Mrs. Byron Stuart; fourth, Mrs. Jess J. Marley and Mrs. Tom Montgomery.

Mr. and Mrs. T. J. Bailey had as guests this week Mr. Bailey's brother-in-law and sister, Mr. and Mrs. Oscar Gibson of Phoenix, Ariz., a niece, Mrs. E. S. Ikelman and Mr. Ikelman, and their son, Kenneth, all from Albuquerque, N. M., and a brother, O. H. Bailey from Eldorado.

PEACE THROUGH NATIONAL POWER

Secretary of State Dean Rusk has announced that he is willing to have the Vietnam sit in on negotiations for peace in Vietnam, even though he doesn't expect the Communists to be interested in negotiations until after they have spent the summer trying to win the war. We note also that Mr. Rusk and some of his underlings have spent considerable time lately in private discourse with Soviet officials. And despite public saber-rattling by the Kremlin, it has been reported that our officials find those private conferences quite encouraging — if not toward quick settlement in Vietnam, perhaps toward some larger accord with the Soviets which might pave the way for ending that war.

Well, it's rather difficult for us to understand this official policy of trying to make behind-the-scenes deals with the top dogs of Communism, when we can't seem to cope with their ragtag offspring in places like Cuba and Vietnam. But we believe retired Army General Arthur Trudeau, former Chief of Army Intelligence (G-2) and of Army Research and Development, may have pinpointed one of the reasons in a speech he made last March. He said:

"Today Arms Control efforts are adversely affecting our national policy and military posture, from strategy to weapons in my opinion. This influence is one of the most pervasive of all the forces at work today in restricting a more positive national policy worthy of the United States."

The retired general, who has certainly been in a position to know such things, is convinced that some of our civilian officials in the Defense Department are more interested in their "arms control and disarmament" theories than they are in maintaining adequate military preparedness, or in defeating Communists in Vietnam and elsewhere. He advised that in their quest for peace, the proponents of disarmament should remember that "the peace of the world, as far as overt conflict is concerned, has been maintained for nearly two decades primarily by the preponderant power of American Arms and American Industry. Let us be sure of the soundness of any substitute before we destroy or degrade this power."

Somehow this makes more sense to us than trying to negotiate a disarmament agreement with Communists on the one hand, while having to fight them on the other.

TIME TO HOLLER

"Contrary to what one might conclude from news reports," advises General Bonner Fellers, national chairman of the Citizens Foreign Aid Committee (which is against it), most of the President's foreign aid requests have not yet been assigned by Congress. Consequently, there is yet time to register protests against the Congress making available to Aid bureaucrats this monstrous \$18 billion handout.

"Eighteen Billion," that's what the man said! And he refers to the latest advice from the redoubtable Otto E. Passman of Louisiana, and Chairman — for ten years — of the House Appropriations Subcommittee on Foreign Operations.

In a letter being circulated by the General's CFAC, Rep. Passman notes that 15 requests for foreign aid funds so far this year actually total \$7,512,467,000, and that unspent money previously appropriated for these 15 items adds up to \$10,605,738,000. Thus, if Congress were to grant all 15 requests, the Federal spenders would have the "staggering total" of \$18,118,205,000 to spend — more

than the value of all the gold left in Fort Knox, and at a time when we owe \$40 billion more than the debts of all other nations put together.

Most deceitful, perhaps, is the fact that only the first of the 15 foreign aid items listed by Rep. Passman is (in his own words) "ever mentioned publicly as being foreign aid." The taxpayers are obviously supposed to think that "Foreign Assistance Requests, (Mutual Security)," adding up to \$3,459,470,000 represent the sum total of foreign aid demands. At least that's all we hear about.

But here's the rest of the Passman foreign aid list: Receipts and recoveries from previous credits \$209.77 million; Military Assistance Advisory Group, \$76 million; Export-Import Bank (long-term credits), \$900 million; P. L. 480 (Agricultural Commodities), \$1,658 billion (b); Inter-American Development Bank (Latin America) \$705.88 million; International Development Assn., \$104 million; Peace Corps, \$115 mil-

lion; Contributions to International Orgs., \$96,953 million; Perm. Const. Overseas (Military), \$85,986 million; Educational (Foreign and other students), \$69.2 million; Ryuku Island, \$14,733 million; Migrants & Refugees, \$7,575 million; Atomic Energy Comm. (Overseas), \$5.9 million; Inter-American Highway (Latin America), \$4.0 million.

Over the years, Rep. Passman has cut some \$10 billion in foreign aid requests. Now, he'd like your help — if you're shocked enough to demand to know why only the first of these 15 items is ever presented to the public as foreign aid!

YOUR SERVICE STATION DEALER WEARS MANY HATS!

Today, a Little League Coach. Tonight a civic group chairman. Tomorrow, a National Guard sergeant. And every day, a businessman!

Yes, your service station dealer wears many hats... he meets many people. That's his duty as a good citizen and neighbor.

Yet, in spite of all these other activities, our main job is to keep your car in tip-top condition with the finest petroleum products at the lowest possible prices. So why not drive in today, and let us show you why with today's gasoline you drive a bargain.

Miss Wool Plans Committee Seeks Better Program

A new Miss Wool of Texas committee has been formed to give better planning to the Miss Wool program in the Lone Star State. Gaylord Hankins of Rocksprings, president of the Texas Sheep and Goat Raisers' Association, announced appointment of three men: Howard Derrick of Eldorado, chairman, Joe York, Jr. of Brackettville and Hershell Wilson of Coleman. Mrs. Ralph Jones of Ozona, Mrs. Mark Griffis of Coleman and Mrs. Sayers Farmer of Junction of the Woman's Auxiliary of the TS&GRA were named to the committee by Mrs. Joe Dobson president.

The committee will act as liaison between Association officers and Womack-Snelson Advertising, Inc., the agency with direct responsibility for the state's Miss Wool program.

"We feel that when a young woman is named Miss Wool of Texas she is receiving one of the top honors of the nation," said Hankins. "She is a contestant for Miss Wool of America, royal ambassador for the wool industry. Her program deserves the best in planning. This will add dignity and fashion to our program."

The new Miss Wool of Texas, Janice Archer of Austin, made her first official appearance at the Attorneys General National Conference in San Antonio late in June.

SON TO JOE McMULLANS

Mr. and Mrs. Joe McMullan of Dallas are parents of a son born Thursday, July 8, in Dallas. The baby, first named Davis Kirkland, and will unofficially be "Kirk". He's a grandson of Mrs. Ashby McMullan of Ozona and of Mrs. W. B. Robison of San Antonio and the late Paul Wright. The baby has a maternal great grandmother, Mrs. Vernon Elliott of Dallas. Joe McMullan is with Dun and Bradstreet and will attend Thunderbird School of International Trade in Phoenix, Arizona, beginning in September.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Texas Research League warns that another fiscal "crisis" looms for state government in 1967, when new taxes of \$40,000,000 a year may be necessary.

Simple arithmetic points to a "sizeable" money problem, says the League. It notes that while Texas' new fiscal period will begin September 2 with a general revenue surplus of some \$97,800,000, it will end August 31, 1967, with little more than \$1,000,000 in the fund. Gov. John Connally's budget staff has estimated a balance of about \$4,200,000.

Comparing the shrinking surplus with some non-recurring revenue measures agreed on by the 59th Legislature, TRL researchers conclude lawmakers in 1967 may have to pass a \$107,200,000 new tax bill.

Special Session Rejected — Governor Connally has rejected requests for a special legislative session to deal with rising car insurance rates in Texas.

State Representatives Carl A. Parker and J. D. Weldon, both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4 per cent which were authorized by the State Board of Insurance to take effect August 1.

Desegregation Plans Approved — U. S. Department

of Health, Education and Welfare reports that 625 of Texas' 1,370 school districts have submitted statements of compliance with the 1964 civil rights act which received federal approval.

Another 67 Texas districts have submitted acceptable voluntary desegregation plans and 13 more have court-ordered plans.

Deadline for integration of schools receiving federal aid is Sept. 1, 1967.

Texas Economy Probed — University of Texas Bureau of Business Research turns up these interesting facts and figures in a new study of the Texas economy over the past decade:

Personal income per capita rose from \$1,585 to \$2,175; real purchasing power increased some 18.8 per cent compared with 24.7 per cent for the nation; Texas per capita income dropped from just under 90 per cent of the national figure in 1954 to just over 85 per cent of 1964.

More than 65 per cent of all Texas personal income remains in the form of wages and salaries. Manufacturing personal income; petroleum and natural gas producers pay 3.20 per cent; wholesale and retail trade provide 13.01 per cent; and government wage and salary payments, 14.05 per cent.

Short Snorts

Cigarette tax collections jumped \$1,800,000 above May level as smokers stocked up before the new three-cent-a-pack tax increase went into effect July 1.

Roger Brown of Big Spring

has been sworn in to fill the unexpired term of 78th District Representative Ed Carpenter of Coahoma, who died during the past session.

Four Beeville men have formed a corporation to find and destroy lost seismograph charges for oil and seismograph companies along Texas beaches.

Southwest State Bank of Coleman and Merchants Park Bank of Houston have filed applications for charters with State Banking Department.

FOR SALE — Large easy chair. Upholstered in blue. With matching ottoman. \$25. Mrs. E. L. Dyer. Ph. 392-2515.

Rev. and Mrs. Finis Jeffery, who served as supply pastor at the Ozona Methodist Church while Rev. and Mrs. Troy Hickman were away one summer, and missionaries to Korea and home on leave, were called to Ozona last week. While home on leave, Rev. Jeffery is serving as supply pastor at the Methodist church in Merton and Bankhart.

Revelation!
Until you yourself get behind the wheel of a new Cadillac, you will never know why its owners are so enthusiastic. And there has never been a better time than now to go ahead... go Cadillac!
The loyalty of Cadillac owners is the envy of the industry. The reason why Cadillac has the highest repeat ownership of any car built in the land comes through sharp and clear after only a few minutes at the wheel. That's all it takes to discover that Cadillac owners enjoy a type of complete motoring pleasure no other car can supply.
Cadillac's full-range performance provides such instant response, effortless handling and smooth, steady ride that every other car seems commonplace by comparison. The one place to discover all of Cadillac's wonders is at your authorized dealer's—your headquarters for new and used Cadillacs and for service by factory-trained craftsmen.

The News Reel

A re-run of "The Ozona Story" cleaned from the files of the Ozona Stockman

From The Stockman July 16, 1965

Announcement is made in issue of the Stockman by R. Kersey, manager of Ozona and Palace Theatre of a raise in admission prices back to 15 and 35-cent level which had prevailed here prior to six months ago.

County Commissioners J. Owens and Ben Ingham named a committee by court in session this week to get whatever assistance possible in connecting up a road along the Pecos River in the western part of the county to connect with the Canyon road and highway 27.

Thirty years ago—Thirty Ann Kost is the name of the 8½ pound young who arrived Sunday morning at the home of Mr. and Mrs. Oscar Kost. Mr. Kost is employed at the Saddle Creek Co.

Thirty years ago—A purchasing board from the remount purchasing and feeding headquarters of the regular U. S. Army at Ft. Reno, Oklahma, will be in the field soon with orders for the purchase of 1,000 head of saddle horses and miliary horses, it was announced in a letter received recently from Ft. Reno. The purchase of the Army's contemplated purchases was required by Ben Ingham, Pat A. C. Hoover, Rob and Miller, and other horse breeders who have sold animals to buyers for the Army the past.

Thirty years ago—Extra pair of pants with suit from Rose & Co. for \$1.00 extra. This astonishing offer good only until Aug. 10. Act now, save

\$8 to \$9 on a suit with extra trousers. Place your order at Roy Parkers — (Adv.)

—30 years ago—Mr. and Mrs. Jones Miller and Mr. and Mrs. J. W. Owens left early this week for a visit on the Will Miller ranch near Big Spring.

—30 years ago—Mr. and Mrs. Hugh Gray were visitors in San Angelo this week.

—30 years ago—Miss Dixie Davidson left yesterday for a visit in Austin with her brother-in-law and sister, Mr. and Mrs. Mari Garver.

—30 years ago—Miss Imogene Baker will be in charge of the water works office during Miss Davidson's absence.

—30 years ago—Mr. and Mrs. Chris Meinecke are enjoying a reunion of their seven children, Mrs. L. B. Adams of San Antonio Mrs. Aubrey Richardson of Santa Barbara, Cal., Mrs.

Fred Montgomery of Sander- son, Mrs. Red Davis of Hobbs, N. M., Mrs. Bus Augustine, Ralph Meinecke and Hurl Meinecke, all of Ozona.

—30 years ago—Joe Oberkamp was in Sanderson on business early this week.

—30 years ago—Mrs. Ralph Watson returned yesterday from Belton where she has been visiting her daughter Mrs. H. H. Carden and Children.

—30 years ago—FOR SALE — Large easy chair. Upholstered in blue. With matching ottoman. \$25. Mrs. E. L. Dyer. Ph. 392-2515.

FOR SALE — Top of ground butane tank, with all fittings, ready to connect to house lines. Good condition. Slightly used. Jesus Castro at the Stockman office.

LAND BANK LOANS

Loans designed to meet the greater demands of land owners during these changing times are Land Bank loans.

We make them in this area and will be pleased to explain to you how one may well be the answer to your loan needs.

Federal LAND BANK Association Phone 24221 SONORA, TEXAS

We spend our summers at the Inlet. Eddie and I love to walk the beach, watching with fascination the wild churning of the water where the ocean waves meet the strong river current.

"That's my name," he said, when I told him the churning water was called an "eddy."

It's more than his name. It's a picture of his life — and every child's.

Growing up is a succession of crosscurrents. The influences of the home meet those of the school — the playmates — the community — the times. Strange, new experiences must be fitted into the child's ever-widening world.

Religious training is the surest stabilizing force in this turbulent period of growth. Strengthened by parental faith and example, a child discovers in his Church that there are values greater than whim or adventure. He realizes that his own and his family's standards are rooted in the truths of God. And he learns with the firm rudder of faith to steer a bold course—out of the Inlet's swirling eddies—across the sea of life.

Miss Jan Carol Pridemore
... To Wed John Stephen Kenley

Pridemore-Kenley Wedding In August

Mr. and Mrs. Ottist B Pridemore, of Ozona, announce the engagement of their daughter, Jan Carol, to John Stephen Kenley, son of Chester H. Kenley, of San Angelo, and the late Mrs. Kenley.

Miss Pridemore, a graduate of Ozona High School, has attended San Angelo College and Baylor University. Mr. Kenley is a graduate of San Angelo Central High School and has attended San Angelo College and Abilene Christian College.

The wedding will take place on August 28th in the First Baptist Church of Ozona.

Pioneer Natural Gas Company

Ft. Stockton Water Carnival Features "The King And I"

People who are anxious for some good news from Southeast Asia (a rare commodity these days) will be delighted with a bit of news about a story set in what was once called Siam — "The King and I" will be presented at the Fort Stockton Water Carnival next weekend.

The show will run three nights — Thursday, Friday, and Saturday, July 22, 23, and 24, at Comanche Springs Swimming Pool in Ft. Stockton. "The King and I" made its appearance as a musical comedy when Rogers and Hammerstein converted the book, "Anna and the King of Siam" into a Broadway musical comedy. The show at the Fort Stockton event will be a stage and water adaptation of the Broadway and movie version and will be directed by Neil Whiting of Odessa.

Mary Jo Hayes, 9-year-old daughter of Mr. and Mrs. Jerry Hayes of Ozona, was in the Crockett County Hospital this week with a broken arm and leg suffered when her horse fell with her at their ranch southwest of here late last week.

TIPS FOR OUTDOORSMEN
by Vern Sanford

Easy Maneuvering

When fishing alone it is difficult to cast and guide a boat at the same time.

This can be overcome by mounting an oarlock on the transom, to one side of the outboard motor.

Set the motor at low speed straight ahead. Then use a long-handled oar to rudder the boat from the transom oarlock with one hand, while casting with the other hand.

Quick Measuring Device

Don't guess about the locality of your catch, Mr. Fisherman.

Fasten a metal ruler to one side of the boat, where it will be handy, then stretch your fish against this ruler for a quick check of legal length.

Rewinding Rod Ferrules

Make use of a sewing machine the next time you have to rewind a rod ferrule.

Place the thread on the spool spindle, pass it through the tension device and thread lifter, then adjust the tension to your liking.

Test Your Dry Fly

Ever have bass ignore your fly, when it looks to you exactly like the live flies you see all around?

Well, the bass has sharper eyes than you and he can see the difference.

Make your own comparison by casting the imitation among the drifting "naturals" and observe how the colors and patterns differ from the living insects.

Mark Good Fishing Spots

If you fish a lake often enough you get to know the most likely spots where lunkers lurk.

Fishermen with piscatorial savvy often mark such spots by daubing nearby stumps, trees, logs, or stakes with bright fluorescent paint. Occasionally they use the same sort of paint to brighten large fish net floats anchored to the lake bottom to mark such locations.

Turning Over A Leader

When a leader won't turn over smoothly at the end of a cast, it probably needs more body and stiffness in the upper end.

Instead of reducing the diameter uniformly, taper the upper two thirds gradually, then use shorter pieces of fine monofilament down to the tip.

Rusted Bait Jar Lids

Those briny preservatives in pork rind jars have a tendency to rust the jar tops so badly that efforts to unscrew the lids often are unsuccessful.

When faced with such a job, especially when the hands are wet, wrap your rubber boot strap around the lid for a good, firm grip... then twist. The lid will loosen.

Getting More Lure Action

Fishermen always are interested in getting more action from their lures. This is especially true when trolling either from a canoe or slow-moving rowboat.

Try holding your rod and paddle together. The paddling motion will highly activate your lure.

Catfish Bait — Phew!

Stink bait always is good for catching catfish. Here is a new way to prepare a batch that really will blast them out of the water.

Fill a pint size mason jar full of worms. Leave in hot sun for about a week.

When the worms have stewed long enough to make a thick oil, separate the oil from the resulting sediment and pour into a smaller jar.

When ready to bait up, dip little hunks of sponge in this oil and attack sponge to hooks.

You'll be delighted. Not at the aroma but at the way the big fellows go for this concoction.

Unhooking Your Fish

How many fish have been lost while trying to get them off the hook?

Even though you finally get the barb out of the critter's mouth, you pay for the accomplishment with fin wounds and slimy hands.

Take the trouble to sew a piece of fine sandpaper across the fingers and palm of an old leather glove, and you can grip the flapping fish with the sandpaper hand while removing the hook with the other.

This is especially effective when handling catfish.

Fish Like Candy, Too

Take along a bag of gum drops on your next fishing trip. Not only will you enjoy snacking on them, but you might use a few as fish bait.

Bass and catfish are both fond of gum drops. Simply cut one in half and use on hook as bait. If gum drops are of the small variety, use them whole for baiting.

Keep Hooks From Rusting

Rust ruins hooks quickly—especially when stored for the winter.

You can prevent this erosion if you will take the time to wash and dry each hook,

then dip in rubber cement.

When ready to use, rub off the cement and your hook will be shiny and sharp.

Attracting Fish

Whether fishing for the or the lowly catfish, you can increase your luck by using several pint or quart bottles of water, containing minnows, in the vicinity of your bait.

Minnows swimming around will attract fish far and near.

COMMUNICATIONS — Your Tool for Progress

In case of fire, this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

Sonora To Re-live 'Good Old Days' At Jubilee Aug. 15-21

Sonora, Texas — Sonora isn't what it used to be. There hasn't been a really good shooting in 60 years now — not, in fact, since Cowboy Bill Carver met his death here in 1901 at the hands of Sheriff E. S. (Lije) Briant.

But residents of this West Texas town, county seat and only town in Sutton County, will re-live the "good old days" during their week-long 75th anniversary celebration August 15-21.

Starting off the Jubilee will be an old-time preaching and hymn-singing on the lawn of the courthouse Sunday, August 15. Residents and visitors will have a basket supper on the grounds in an atmosphere reminiscent of the days of the circuit riders responsible for the town's nine churches.

Buggies, wagons, antique autos, floats will be featured in the August 21 parade. The traditional barbecue, with more than 3,000 expected, will follow the parade.

The town's colorful history will be enacted in a pageant scheduled for Friday and Saturday nights. Highlights will be shooting of Will Car-

ver, member of the Wild Bunch and the Black Jack Gang, and the fire which all but destroyed the town in 1902.

A street dance in the downtown area will end the celebration August 21. Intermissions will feature exhibition square dancing and old-time country music.

Sutton Counties will be in costume of the 1890's and men will sport beards or mustaches unless they have a shaving license. July 15 has been designated SSD (Sufficient Stubble Day) after which fines will be imposed.

Rev. and Mrs. Max Brown and daughter will be off on a week's vacation beginning Friday. The Browns plan to spend part of the week near Granite Shoals.

Miss Susan Boyd will accompany Mr. and Mrs. Lawrence James to Gainsville today to pick up Georgeann James, who has been at camp. The group will then visit friends in Irving before Susan goes to Sulphur Springs to await her parents who will arrive from Big Spring later in the week.

Mr. and Mrs. Lowell Littleton are in Dallas and Austin on business this week.

Wm G Meinecke To New Orleans Post

William G. Meinecke has been named sales representative of WECO Division of FMC Corporation at New Orleans, La.

Formerly with WECO at Hobbs, N. M., Meinecke succeeds George West, who has been transferred.

Meinecke joined WECO in 1961 after three years as a geologist. He has a bachelor of science degree in geology from the University of Texas, where he was graduated in 1958. He is a native of Ozona, Texas. Son of the late Mrs. Coralie Meinecke and brother of Bud Meinecke and Mrs. James Dockery of Ozona.

Meinecke belongs to a number of professional groups, including the American Petroleum Institute and the American Institute of Mining Engineers.

Foy A. Moody, Ozona High School English teacher, has completed the Linguistics Institute held at Sul Ross State College in Alpine. The Institute was designed to teach the linguistics method of teaching language to the 75 Texas junior and senior high school English teachers who attended.

Surface Casing Ordered Lower In Ozona Field

Austin — Surface casing in the Ozona (Canyon Sand) field in Crockett County must be set to 800 feet, or to 20 feet below the base of the cretaceous formation, whichever is deeper, under new Railroad Commission rules.

The commission accepted the recommendation of the Texas Water Commission, and Henry E. Meadows, landowner in the area, and turned down the casing rule recommended by oil operators. Meadows told the commission in a hearing in April the 450 feet of casing might not be adequate to protect "fresh" water strata in the area. The commission agreed with his suggestion.

Frank Janes, Ozona, Texas is one of 68 students who attended a guidance workshop at Colorado State College, Greeley. Janes is principal at North Elementary School.

Mrs. Mary Moore has completed six hours of training in summer school at North Texas State University in Denton and will visit for a time with her sister in Atlanta, Texas, before returning to Ozona. Mrs. Moore teaches in the South Elementary school here.

DON'T SIMMER THROUGH SUMMER!
STAY COMFORTABLY COOL
for
AS LOW AS
\$6.64 per month
On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.
Some of the advantages of a Paramount Cooler are:
• Low cost of equipment, operation and maintenance
• Quick and easy installation
• Maximum comfort at all times
• 100% fresh, cooled, filtered air
• Fresh air ventilation, without cooling, for spring and fall—just turn off the water
See the Paramount DeVille evaporative cooler at your WTU Showroom.
Normal installation FREE for WTU residential customers.

Terrell Officials Express Thanks For Help After Flood

A letter expressing the appreciation of the people of Sanderson for the assistance which came so promptly from Ozona following the neighboring city's recent disastrous flood, has been received by Sheriff Billy Mills and Crockett County Judge Brock Jones from Terrell County Sheriff Bill C. Cooksey and County Judge R. S. Wilkinson.

Having had a similar experience in 1954, Ozona people responded immediately to the call for help from Sanderson, both officially and as individuals, many Ozonans being first on the scene after the waters had subsided.

"This community knows it can never properly thank you, your fire department and the other citizens of your county for the help rendered us in our time of need", Sheriff Cooksey and Judge Wilkinson wrote.

"There were so many who did so much for us that we are still bewildered. The best we can do is say an humble and heartfelt 'thanks'. We know that the word 'neighbor' will always mean a little more as a result of your kindness.

"Sheriff, will you express our thanks to the news media in your county and make this letter available to them?"

Gary Fife, Ozona High School shop teacher, was in Ozona this week having been in Alaska over the last month.

FIRST US INSTALLATION— Former Ozonan Is Manager Of Data Processing Center

Midland, Tex.—Joe Bailey Data Processing Center Manager, recently checked out programs on the IBM System-360 installed at Globe Exploration Company, Inc., Midland. This was the first commercial installation in the United States of the Computer.

A native West Texan, Joe Bailey attended elementary school and high school in Ozona, Texas, where his parents, Mr. and Mrs. T. J. Bailey, still reside. He received a B. S. and M. S. degree in Mathematics from the University of Texas in 1957, in addition to meeting the requirements for an electronic major in Physics. He has completed a substantial portion of work toward his Doctorate at the University of Texas. After graduation he joined Shell in August 1957

in the Data Processing Division in Midland. He held positions of increasing authority before being assigned to Globe, a subsidiary of Shell Oil Company, in January 1965 as Manager, Data Processing Center, his present position.

Bailey has been listed in Who's Who in Computing from 1959 to the present. He is a past member of the American Management Association and Data Processing Managers Association.
