"Tis the season to be jolly," carol the loudspeakers in the department stores, but each year it becomes harder. Days are frantic with shopping, wrapping, and addressing. There's too much to do, too many things to remember; Sally's school play, a white elephant for Joe's Scout party, the Kirby's gala on the twenty-second.

There's no time for thinking, but sometimes late at night; a moment for reflection. In the rush of doing all the right things have we forgotten our reasons for doing them? Have we come bearing gifts, like the Magi, with hearts empty of the wonder and awe that was theirs?

Perhaps we need to hear anew the age-old story of a tiny Babe wrapped and gently laid in a manger while shepherds quaked and angels sang. The door of your Church stands open. Worship there the newborn King this Christmas and every Sunday.

had a modern home!

Today, the young married set does all house work in a fraction of the time required only a generation ago. In today's total electric home the housewife has as many as 166 electrical servants to save time and work and to do each job better. With their help she cooks automatically, preserves food, washes and dries dishes and clothes, cleans her home, heats it in winter and cools it in summer. Her husband shaves, shines his shoes, uses power tools, and together they live better electrically, conveniently, economically, healthfully. Here's a reason you can take home with you, that WHATEVER THE WORK TO BE DONE — you can DO IT BETTER ELECTRICALLY.
