THE DUKE OF DUVAL — A KING-MAKER TOO?

It would seem that the Duke of Duval, George Parr, may turn out to be a king maker after all, that is, if the people of the United States are willing to swallow a police-state program, a Catholic president, and a fence-straddling opportunist for vice president.

The northern radicals of the Democratic party may fancy themselves astute politicians by adopting a so-called civil rights plank that points a dagger at the heart of American and plunges this nation in one bold stroke into an all-powerful centralized police state and then nominating a second man who, by their lights, is a conservative for the second spot on their ticket.

But we are inclined to think they have grossly miscalculated the intelligence of the people of the South in presuming that the South will swallow such a package of sham. Certainly a great number of people in Texas feel that Lyndon Johnson turned his back again, and forever this time, on Texas in accepting a place on a national ticket with such aims and for certain in his statement to the press that he "could and would

support the civil rights plank of the Democratic party with enthusiasm." He has earned a resounding negative vote from the people of Texas on both his bids for office in November, that for a new term in the U. S. Senate and for the office of vice president — if there were not enough other reasons for turning thumbs down in the latter case.

HELP CUBANS DRIVE CASTRO OUT

In reply to the Khrushchev threat of Red missile retaliation for U. S. "aggression" in Cuba, and K's subsequent press conference remark that the Monroe Doctrine is dead, the State Department suggested sharply that he keep out of Latin America. The note approved by the White House, assured the Kremlin's bully boy that the Monroe Doctrine (itself an answer to Russian threats of aggression in Latin America in 1923) is just as much alive today as it ever was. Furthermore, the Department pointed out, it has since become, through the Organization of American States, the Doctrine of the entire Western Hemisphere.

These are braver words than Khrushchev has had from us heretofore. But his minions are already in Cuba, and we doubt this advice will cause him to withdraw them. Anthony Harrigan, writing in National Review, says: "It is time for Americans to realize they are under attack and to take to the offensive." Unless we do, he says, we shall suffer another Pearl Harbor "in a Western Hemisphere that has become a target of Communist indirect aggression."

But Mr. Harrigan would not "Send in the Marines." He would use "partially hidden" methods, arm and support the thousands of Cubans in this country. In Cuba and in other Latin American nations who are "waiting for the signal to rise against the Red dictatorship."

"The only question," concludes Mr. Harrigan, "is whether the U.S. has the boldness and the courage to take the unconventional steps it must to smash a Soviet satellite at its national doorstep."

Anybody listening? In the high councils in Washington, that is? **ADDING MACHINES** — Electric and hand operated. The Stockman

MORE GIBBET THAN PLATFORM

In commenting on the 1960 Democratic platform — consisting of a rocky, forbidding Civil Rights island surrounded by platitudes in a sea of pork gravy — Admiral Ben Moreell, Chairman of the Board of Trustees of Americans for Constitutional Action, has given his fellow Americans a wise and timely analysis:

"If the unlimited promises of more for all from the Federal Treasury at no cost or sacrifice to anyone, contained in the platform adopted by the majority of the delegates attending the Democratic Convention become law, then, indeed, we will be in the final stages of Collectivist State here in America.

"Approval of this platform suggests the shocking fact that the delegates have been deceived into believing that big, centralized, paternalistic unlimited Government can dispense prosperity, health, happiness, security and even moral strength to all by some miracle of political magic.

"Such a program, if enacted," declared the Admiral, "would be the most costly in American history. But most importantly, it would rob Americans of the rights of man endowed by God, from which flows all human freedom.

Admiral Moreell sees a "glimmer of hope", however, in the fact that "this sellout has been discovered, though late, within the party itself", and quotes from the Minority Report:

"... the big evil of our confused day, not only here in the US but in countries the world over, is unlimited government. For nobody is qualified to wield fairly unlimited power." The Report goes on to exhort "the liberals and salvationists in our party" who seek "ever-enlarging big-government controls, which anyway corrupts and always dehumanizes."

The success of these "liberals and salvationists" to date, says Admiral Moreell, should have taught us some lessons:

First, that "freedom is indivisible." The South, he points out, having accepted Federal subsidy and control in some areas "now finds itself all but helpless to assert freedom for the individual, property rights and States' sovereignty" in the area of the "so-

"COW POKES" by ACE REID

"If National Farm Safety Week doesn't git here soort there ain't gonna be none of us left to celebrate it!"

called" civil rights. Second, that gradualism, as practiced by the Socialist League for Industrial Democracy and the ADA, can overthrow a free society by legal means.

Third, that "the existing parties can be the best instruments" for such overthrow — "as predicted by the Socialists themselves.

Fourth, that a zealous few with a plan can dominate and control "millions of Americans who innocently believe 'it can't happen here'."

"Whether the Republican Party (similarly infiltrated) will present a clear choice between materialistic Socialistic principles and those of God-given freedoms

and progress," says Admiral Moreell, "remains to be seen."

We concur in his conclusion that: "The need for effective political action to preserve our liberty is great — and the hour is late."

WAPAKONETA, OHIO, NEWS: "Watch those coffee breaks! U. S. population — 160,000,000; People over 65, 49,000,000; Balance left to work, 111,000,000; People of school age, 56,000,000; Balance left to work, 55,000,000; People working for government, 29,000,000; Balance left to work, 26,000,000; People in armed forces, 11,000,000; Balance left to work, 15,000,000; People in local Government, 12,800,000; Balance left to work, 200,000; Burns, 2,000,000; Hospitals and asylums, 2,000,000; Balance left to work, 74,000,000; People in jail, 73,998; Balance left to work, 2. Just you and I sure wish you would take the ball and do something about it. I'm tired of doing all the work." — D. O. Flynn.

As far as we know, this is the only country that has a history just as expensive as ours. — D. O. Flynn.

Life is like a game of the player who serves the ball. — Highways of pininess.

Newly Formed Womens League Seeks Cast For Coming 'Mellerdrama'

The newly organized Women's League of Ozona will hold try outs tonight and tomorrow night in the high school auditorium at 7:30 for parts in their up-coming "meller-drama," "Perils on the Pecos, or Gunfight at Gory Gulch."

The play, which will be staged in the near future, will be directed by Curt Stuart, Jr., a drama student at the University of Texas and a native of Midland.

Mr. Stuart is a member of the Curtain Club at the University and a member of the Ham Hocks, a drama group in Midland.

In addition to his studies at the University of Texas, Mr. Stuart had parts in the "Tea House of the August Moon," produced in Austin and in "Life with Father" produced in Midland not too long ago.

The dramatic and almost true epic of the old west is in need of some talent, a place in a barber shop quartette, or a solo or maybe a dashing young hero, a Texas redblood or the lovely heroine, Savannah "Sally," but whatever your talent is, the club and the director would be happy to see you tonight or tomorrow night.

The play is the first project attempted by the newly organized women's group which was organized through the joint action of the Ozona Woman's Club and the Woman's Forum last week.

LIVESTOCK MARKET

Furnished by Western Livestock Com. Co. San Angelo, Texas
Date 7-12-60

Cows and Calves: good and choice 17.00 to 202.50 per head; plain and medium 14.0 to 185.00 per head.

Centennial Of Pony Express Observed By Commemorative Stamp

The United States Postal Service and other interested parties took notice Tuesday of the one hundredth anniversary of the beginning of the Pony Express which for a short time in 1860 transported the mail from St. Joseph, Missouri, to Sacramento, California, and back.

One of the most interesting observations of the event was the re-encantment of the run by 1,000 horses and riders who rode with mail over the 1900 mile route followed by the original express.

While the 1960 riders did not encounter road agents or hostile Indians they did encounter such hazardous things as highway traffic and barbed wire fences which the 1860 rider was not troubled with.

The United States postal service, in observance of the event, has issued a four-cent stamp and a stamped envelope which will get first day markings at St. Joseph.

The commemorative envelope will be only the 15th ever issued by the Post Office Department for such reasons.

A celebration is scheduled in Kansas at the Cottonwood Pony Express Station, an intact station still standing on its original site.

Sale of the Pony Express stamp is scheduled for the local Post Office in the near future.

Rutherford Favors Retention Of Oil Depletion Allowance

Washington, D. C. — West Texans who know and understand the special problems of the oil industry have been flooding Washington with letters urging that the 27 1/2% oil depletion allowance be retained.

One of the recipients of such mail, Congressman J. T. Rutherford of the 16th District, says he is in "complete agreement" with the objective of retaining the allowance at that figure.

"I have always supported the 27 1/2% depletion allowance," Rutherford says "and will continue to

work for its preservation."

The Congressman pointed out that the annual efforts of Senators and Congressmen from non - oil producing states to reduce the depletion allowance to about 15% met with defeat again this year.

"The problem," Rutherford said, "is that those persons from the non-producing states do not understand the special problems of the oil industry. They do not know of the high cost of exploring for oil, the risks involved, or the importance of maintaining large oil reserves. They hear only of the fortunes that are made, not those that are lost, in the oil industry."

Notes From The County Agent's Office
By Pete W. Jacoby

National Farm Safety Week is July 24-30 and anyone can help reduce farm accidents and deaths by observing the many rules of good safety.

Accidents to farm residents claim more than 11,300 victims and injure about 950,000 persons annually, according to the National Safety Council.

There are more than four times as many accidental deaths in farming as in manufacturing.

Accidents in the farm home kill more than 2,700 and injure nearly 400,000 farm residents each year.

Today's farms are becoming more like small industrial plants, and they have some of the same safety needs.

Machinery, drowning, firearms and falls are the leading causes of death on farmland and around farm buildings.

Motor vehicles accidents are the leading cause of accidental death to farm residents.

Some of the ways to help reduce farm accidents are as follows:

1. Keep walkways and steps in good repair, unobstructed and well lighted.
2. Keep ladders in good repair and easily accessible in case of emergency.
3. Don't wear loose and floppy clothes around machinery.
4. Know and obey all traffic laws. Stop driving if you get sleepy. Never ride with a driver who has had a drink.
5. Keep your back straight and lift heavy loads with your leg muscles. Don't try to lift anything that is too heavy for you.
6. Use the right tools for the job — make sure they are in good condition — keep them in a safe place.

7. Give prompt attention to even minor injuries.
8. Keep guns unloaded except when actually using them. Treat every gun as though it WERE loaded. And NEVER aim at anything you don't want to shoot.
9. Don't smoke around barns.
10. Never swim alone. Never dive into water without first determining the depth. And be careful around boats of any kind — never stand up in small boats.

Safe storage of agricultural chemicals is vital to farm safety, says the Texas Farm and Ranch Safety Council.

One recommendation the Council makes for safe storage of chemicals is to always use properly labeled containers. Chemicals may look like other compounds such as sugar or softdrinks. Without a label it is impossible to distinguish between a dangerous substance and one that is safe. Agricultural chemical labels not only explain how the material is to be used by also the safety precautions that should be observed.

Some of the commandments regarding storage of chemicals are as follows:

1. Have an organized place for storage.
2. It is best to use or dispose of small amounts of left-over chemicals.
3. Keep labels intact, in dry place and away from fire or other sources of ignition.
4. Keep dangerous chemical under lock and key and out of reach of small children.

Here n' There

A Summary of Vacation News From The Teenage Set

By Pam Jones

During the rodeo, the ranchers enjoyed the weather, and they can still stand some more rain, but the horsemen had other ideas about it. The arena was quite soggy each night but at least there was no dust! Horsemen, be happy, you don't have many chances to ride in a wet arena.

Arlene wanted to have an outdoor picnic but the couples got wet and fled to her garage. The couples were Arlene and Jim Baggett, Graeie and Pleas, Robin and Phillip and Cheryl and Hal.

The C. O. Spencers had a guest this week-end. Cathy Caldwell from Austin was visiting them. Cathy is a freshman this year.

Appendix anyone? Herbie got tired of ranch work and took a rest in the hospital. He is minus his appendix. You can't stay in the hospital for nothing, Herbie.

Ronnie is home from summer school. Summer school was out not long ago.

A dance was held Friday and Saturday nights after the rodeo. Friday night couples were Connie Mitchell and Erby, Graeie and Pleas, Robin and Jim Baggett, Bryan and Randy Fawcett, Jann and Mike Evans, Barbara and Jim D. Pie and Liz, Kathy and Penn, Nonie, Sally and Mark White, Pierce and Willena Glass, Frank, Jay, John Chandler, Joe Foe, C Jay, John Chandler, Joe Foe, Cheryl, Billy J. and Joe Clayton. Saturday night there were Janet N. and Frank, Robin and L. D. Helen H. and Kenny Mann, Janice and Jess, Sally and Stan, Pierce and Sandra, Willena Glass and Tom Moble (from Artesia, N. M.). Anne, Cathy Caldwell and other out-of-town kids.

Jim Baggett isn't through rodeoing. He is building some rop-

ing pens at his ranch.

Little League —

(Continued from Page One)

Workouts scheduled late last week were rained out but the team is expected to be at top strength for tonight's game.

Members of the fourteen man squad are: Steve Taliaferro, David Lewis, Tony Garza, Ronnie Mason, Lynn Merritt, Milton Colquitt, Wesley Eversole, Dubbie Scrivner, Jimmy Moore, Tom as DeRoyos, Rex Bland, Pon Seahorn, Wynn Saunders and Joe Garcia.

Four alternates chosen on the team are Simon Garza, David Jacoby, Sandy Stokes, and James Montgomery.

Managers are Ralph Eversole of the champion Mason Motors and Bill Seahorn of the runner-up, Moore Oilers.

Tom Moble of Artesia, N. M., roommate of Mark White at New Mexico State, was a week-end guest of the Whites in their home in Ozona the past week-end.

One of the benefits of inflation is that kids no longer get sick on a nickel's worth of candy. — Journeyman Barber.

NOTE OF THANKS

The Ozona Lions Club would like to thank all of those members who worked so hard for the third annual rodeo. The Club wishes also to thank Chairman Vic Hery and Oscar Kost for all aid given to them and the club.

Speaking for the Club, president Joe Logan said that the most adverse conditions, members and non-members, tried out their duties faithfully without reward for which they are our deepest gratitude.

Accurate and Complete

RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

can be purchased on
EASY TERMS

We waited 7 years for this new White to be developed, but it was worth it. This is the ultimate in automatic sewing for the home. Only 10 minutes of easy instruction, you'll sew like an expert. You'll do things that even the professionals can't do on ordinary machines. Mechanically, there's no other machine in the world like this White. From the engineering laboratories of the most ingenious manufacturer in the world has come the ultimate in simplified sewing. The White Zig Zag uses no awkward or complicated attachment —yet it sews zig-zag or straight, makes buttonholes, embroiders, darns, monograms, etc. There is not a single stitch you'll ever need that your White does not do perfectly . . . quickly. White is guaranteed (in writing) to give a lifetime of pleasurable sewing satisfaction! There is nothing finer than a White.

Junior Rodeo —

(Continued from Page One)
placed the same way which gave her the same standing in the average.

Vicki Lynn Montgomery finished fourth in the pole bending in both rounds and in the average.

In the same division George Cox got first in the first round and second in the second round to wind up first in the average in the boys barrel race.

Pam Perner picked up a number of places getting second place in both rounds in the 13 to 15 year old girls barrel race to wind up first in the average. Pam got third in the first round pole bending but did not place in either the second round or the averages.

In the 12 and under group Hugh Coates had third in the second round in pole bending and wound up second in the average.

Carey Pitts had first place in the goat hair pulling in the 13 to 15 age group in the second round but did not place otherwise.

Bob Childress placed third and B. B. Ingham third in the goat roping in the second round and Bob Childress took second in the average to finished up the Ozona entrants who placed.

The rodeo, in accordance with AJRA rules, was staged in 3 divisions which added the 16 to 19 year old group this year. The older group contained a number of very accomplished cow boys and girls who turned in some outstanding performances despite the poor conditions in the arena.

Judges and officials all of whom were working without pay, worked under adverse conditions particularly between and during the last two performances but none the less carried on the show in a most effective way for the spectators.

The show, which is sponsored by the Lions Club, was under the chairmanship of Vic Montgomery with Oscar Kost chairman of entries and arrangements.

FOR SALE — 1959 Cushman motor scooter, \$200. 21-inch TV console, \$100. Deer rifle, \$40. See at No. 19 Gov't. Housing, Radar Station. 1tp

DO YOU KNOW ...

that we, at Baker Jewelers, are very happy to be a part of this community? We are becoming acquainted with you fine people of Crockett County and want you to know that we think this is a very fine place in which to work and live. I want to take this opportunity to thank you, both personally and on behalf of Baker Jewelers, for the warm welcome you have given us.

This is the first of a series of articles I will bring to you and hope that they will be of assistance to customers and prospective customers in finding the kind of merchandise and services needed from time to time.

Do you know that M.S. (Smitty) Baker is the owner of two other stores — one in Marfa and one in Eagle Pass? This does not mean, however, that we consider ourselves a 'chain store,' neither do we operate as some chain stores do, such as offering inferior merchandise with high mark-up in price and an exorbitant rate of carrying charge, etc. We would like to consider ourselves as part of the community, giving employment to local people and providing you, our customers, with the best in gift items for all occasions.

Crockett County Traffic Drive Safely

Merchants Drop 7-5 Decision To B'wood In Week-End Play There

By Ernie Boyd

The Ozona Merchants dropped a well-played 7 to 5 decision to the Brownwood Colts in Brownwood Sunday as they ended the present road trip in the Concho League.

The Merchants will entertain the Kirby Vacuum team here Sunday afternoon and the following week meet Brownwood here.

Ronn Henning pitched good baseball for the Ozona team but some very short fences and some rather poor support at times contributed to his downfall.

Brownwood used three errors and a walk to get their first run in the first inning, but the Merchants tied it up in the second when a walk, an infield out and a double tied it up.

The Colts broke open the game in the fourth when they got four runs on a walk, a single, an over the fence double, another walk, and another over the fence double. The fences were so short that a ball going over the fence was not considered a home run.

Ozona trailing 5 to 1 put together hits by Reeves, Boyington and Henning for 2 runs in the fifth to make it 5 to 3 and then after Brownwood tallied again, picked up 2 more, to go just one behind 6 to 5. That was the high water mark, and Brownwood scored again and then choked off an Ozona rally in the ninth to win the game.

Henning in addition to pitching a fine game had 3 for 4 at the plate. Diz Reeves had two doubles and Boyington had 2 for 4 to lead the Ozona attack.

Mr. and Mrs. T. M. Ray of I-tasca, Texas, were guests of Mr. and Mrs. Ted White over the week end. Mr. Ray is Mrs. White's brother.

7,000 Deaths Then . . . 310 Now

Two decades ago, 7,000 children died every year of whooping cough. Last year, only 310 children died of whooping cough. What explains the difference? It's the new wonder drugs — unknown two decades ago. Priceless drugs? Sure! Yet the price of the average prescription hasn't gone up any more in 20 years than has the price of a pound of coffee.

TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kabein of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting — "at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kabeins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

DRIVE A CHEVY CORVAIR

FOR ECONOMICAL TRANSPORTATION

Corvair 700 4-Door Sedan

If you haven't driven it yet, you don't know what a delight driving can be. Its steering, response, traction and roadability are unique because it's a unique car — the only U.S. car with an air-cooled airplane-type rear engine, transaxle and independent suspension at all four wheels. Be in on the know. Find out what delightful differences this advanced design makes.
