VOTE NEXT TUESDAY

Tuesday perhaps the most election in American history have been held. It's outcome will determine the direction which the United States is to henceforth, either farther to the left or right.

Mr. or Mrs. Voter, no doubt, made up your mind how you vote. We feel like you do, there is much to be desired in the major party platforms.

Like you do, that our vote is small in the shuffling of momentous decision. But we are assured that small vote is big as one in New York and if it is marked science guides and as we believe the men who will best the nation for the next four years then we have done our part.

For the choice that faces the nation in this general election, we believe that the election of Richard M. Nixon and Henry Lodge as president and vice president is essential for the preservation of the America we have.

The Republican party of America has the more conservative candidates, its candidates are strong, experienced and better equipped to deal with the rabid ideas of today's world with a betweener to keep this nation free and keep peace in the world with honor to ourselves.

As we cast next Tuesday our vote to decide how Texas' 24 electoral college votes are to be cast, we have to support the Republican party and the Democratic party.

The Democratic party platform to eliminate the oil depletion allowance which would cripple the oil industry on Texas' economic future.

Richard Nixon, on the other hand, stated unequivocally that he has no intention of this allowance being an incentive for continued production and development of oil reserves.

As we voted for retention of the 10 1/2 mile limit on oil lands revenue to support the schools in 1952 and 1956 we voted for the Democratic party.

As we voted for the Democratic party to take them to the Republicans as opponents of a stand in favor of control. That issue is again in 1960 — the Democratic platform pledging to push back to the 3-mile limit the 10 1/2 miles which were reserved when she entered office.

These issues alone were not enough to threaten the welfare of the American people. "something for everyone" the Boston playboy promises us and my money, the big tax and all power government he would create irresponsible attitude he demonstrated should be considered reasons for turning him over to the United States.

As we believe in the American people we have the grateful powerful nation on earth present its being low-rated Kennedy. We believe the people should show they believe in themselves by defeating this man who is second-rate in our eyes.

Dr. Dorothy Wyvell Sees Victory In Race For Congressional Seat

Midland — Dr. Dorothy Wyvell prepared this week to wind up her strenuous campaign of U. S. Representatives, confident that "a growing army of conservative voters" will send her to the Congress of the United States.

"The response I have met everywhere I have been is amazing," she said following a busy week in El Paso, where she addressed several organizations and made a television appearance.

"There is a growing army of conservative voters formed in West Texas, dedicated to the principles of old-fashioned Americanism. These conservative thinkers are determined to halt the headlong plunge of this country into Socialism."

"These are the people — some are Republicans, some Democrats, some are members of the Constitution Party — I am relying on for success in Tuesday's election. Regardless of party affiliations, I think they are Americans first and will put their country's welfare above blind party loyalty."

Ozona Youth Have Spooky Halloween

Hundreds of small goblins, witches, and various other types of Halloween spooks, spent Monday night visiting the homes of Ozona residents demanding trick or treats.

Most of the wary Ozona residents had treats ready for the small fry who really had no idea about what kind of trick they would have pulled, had they been asked to resort to it.

A faint rap at the door often revealed a very small spook or two who had little or nothing to say except to hold out well provisioned sacks, some fancy and some plain, but all with considerable depth.

Also included in the group of trick or treaters were high school age boys and girls of the M. Y. F. who were taking up a collection for UNICEF. The annual Halloween fund drive is held in behalf of the United Nations Children's fund which this year will help more than 55 million children and mothers throughout the world.

On the less humorous side of the Halloween activities were the actions of some who dumped trash barrels, placed obstructions in the streets that could wreck cars, and committed numerous acts of minor vandalism.

County trucks were busy Tuesday morning clearing the streets, while many local merchants were busy washing display windows which were marked up during the night's activities.

With Title Chance Still Alive, Lions In Frist District Home Game Friday Night With Junction's Eagles As Foe

The Ozona Lions with a new lease on life in district 8-A will face the Junction Eagles in Ozona Friday night at 7:30 in the first district game played in Ozona this season.

The Lions took things easy last week attempting to recover from a number of injuries which had hampered them through the last three or four weeks of play, but none of which had kept men out of the lineup.

Junction will come to Ozona with a dismal record as usual in recent years but the Eagles also have the reputation of giving the Lions a fit regardless of past records.

In pre-season guessing it was felt that the Eagles had the man power in the line to give any team trouble, and according to reports from Ozona scouts this estimation was not far from true.

The Eagles are already out of title consideration having a loss and a tie in two contests, but the Eagles gave Sonora a hard time before going down 22 to 6 and then in the rain last week fought Big Lake to a 0 to 0 tie.

Unfortunately for the Lions the Eagles are going to be at their season peak, Friday, since one of

Mr. Green is reported to have fallen about 18 feet from the rig to the ground and suffered a punctured lung and other internal injuries which proved fatal.

Even though the distance of the fall was not exceptional, the weight and size of the victim was such that the effect of the fall was greatly aggravated.

Crockett Co. Gets Rain And First Frost On Weekend

The seasons first cold front pushed into Crockett County over the last weekend triggering good rains over most of the County.

Lightest measurements seem to come from the western part of the county but along the Southwest edge, the rains seem to have been moderate to heavy.

Ozona counted about 3 of an inch during the Friday and Saturday fall but reports of as high as three inches were welcomed in many places in the South and Southeastern parts of the county.

A great deal of wind and promising hail conditions existed in the northern part of the County Friday afternoon with the Ozona T. V. system and the country club getting some damage from high winds which accompanied a dark cloud into the area about 4:15 Friday afternoon.

Cold air following the first wave pushed into Ozona early Sunday morning driving all moisture out of the area and bringing the seasons first frost Monday morning.

Crockett County May Set Record Tuesday at Polls

Record Vote May Be Seen In Tuesday Election

Crockett County voters may turn out in record numbers for a Presidential election next Tuesday when the year long quest for the Presidency will come to an end.

As was the case in 1952 and in 1956, Crockett County is expected to follow the Republican ticket in preference for the Country's top office, but as was the case before, voters are not likely to let their Republican tendencies go much further than the Presidency itself.

In addition to the Kennedy and Johnson, Democratic ticket, vs the Nixon and Lodge, Republican ticket, voters will find races all the way from the top office in the land to County offices, in this case none of the latter are contested.

Even though not expected to win the Republican candidate for the U. S. Senate may make the strongest showing in a Senatorial race ever made in Texas by a Republican on a more local level there is some chance that Republican Bill Stacy might give Democrat Jim Nuggent some trouble.

The National election is now rated a near toss up by most observers but as has been the case in the past it is hard for any one individual to gauge the temper of the American voter. Predictions as to who would win, in years where there was much question in the past, have been rather inaccurate.

Most critics felt that in the beginning Nixon held a edge but that Kennedy has recently forged into the lead, even though the same experts feel that it may be Nixon who has the best last minute push.

One so called expert recently stated that he felt it could be a landslide either way since there is still enough uncommitted vote showing up on the election polls to make such a thing possible either way.

Given a heavy turnout Crockett County could have a new record in total vote Tuesday, topping the record 1037 set in the general elections of 1959.

1370 voters are registered in Crockett County not counting those over 60 years of age which total as high as a couple of hundred.

Through Tuesday the absentee vote had reached 60 which is fairly heavy in comparison to past general elections.

Interest in the 1960 election has been high even though their has been less partisan activity than usual in many peoples opinion. The unusual coverage of the election on TV and radio as well as in the newspapers has left few people untouched by the effect of the campaigns but at the same time seems to have dampened local party activity.

**Notes From The
County Agent's Office**

By Pete W. Jacoby

Everything ready for that trip? Run through your list one more time, then un-

the safety precautions, but every year many young, inexperienced hunters enter the field for the first time — and, after all, a reminder is good for all of us. So far a good hunt and a safe one — be careful!

The first frost of the winter has hit some areas of the county, and it could mean trouble for some livestock producers. Johnson-grass and sorghum sometimes develop a high prussic acid content after a frost, and this is very dangerous to livestock.

Dr. C. M. Patterson, extension veterinarian, explains that certain chemical changes occur in the frost wilted plants, and these changes occur within a very short time after the damaged plant is eaten. Whether a poisoned animal can produce the prussic acid. The poison acts quickly and can kill an animal depends upon how quickly a veterinarian can get to it, Dr. Patterson points out. Graze such plants only after they have completely dried and then use caution, warns Patterson.

CLASS MEETINGS PLAN YEAR'S ACTIVITIES

Wednesday, October 26, during the assembly period, the high school classes held class meetings.

The Senior class discussed where they would like to go on their senior trip. After a vote they decided upon Dallas rather than Houston.

The Juniors took up the business of the mum sale. The dead-line on money being turned in for mums is November 1. The Juniors also discussed the rummage sale held by Junior mothers and the Junior-Senior Prom. Pinky Meredith's band is going to be hired for the Prom.

The Sophomores set the date for the Christmas Dance which is given each year by the sophomore class. The dance will be held on December 16.

The Freshman class decided to hold the Thanksgiving Dance on November 11 at the North Elementary Auditorium.

SOMEBODY GOOFED

The film used for the high school and junior high individual pictures was exposed to the light sometime during the rush of taking pictures.

The pictures will be re-made November 6.

The junior high students will have their pictures taken Monday morning.

High school students will have theirs made Monday afternoon.

Tuesday morning north elementary pupils will have theirs taken.

FOOTBALL PLAYERS POSE

Last Tuesday the football players, managers and coaches put on their "I'm tough" looks and posed in front of the camera for their annual pictures. Groups pictures and individual pictures were taken. Assisted by Herbie Noelke, Miss North did her best to turn the blackeyes, swollen noses, and skinned chins away from the camera.

Some of the pictures have already been developed, and Miss North reports that the boys can expect to get them in the near future.

A STUDY OF FACES AS A GROUP OF SENIORS WORK ON TESTS

During the tests taken at the first of the week, one of the teachers sat and watched the expressions on different senior faces and formed what she believed them to be thinking.

1. Serious and thoughtful
2. A part of the job . . . I'll get it over.
3. Bored but I'll "chew the time away."
4. All business and deep concentration.
5. Think rapidly, execute the job . . . still time left for Mark Twain.
6. Concentrated thought before making decisions.
7. Is this test really necessary? Then I'll do it.
8. A moment of thought . . . a moment in the "wild blue yonder" but back to "business".
9. Concentrate, decide, make a circle — easy as making a touch-down.
10. Calm, businesslike procedure.
11. If Mr. Peltó wants it done ok, but I hate to think!
12. Is this essential to graduation? Then let's get it over.
13. My scores are high elsewhere. I'll do my best here.
14. Think, think — I believe this one is right!
15. It could be two, not three, wait, four seems better.
16. How do you find information? Oh, why didn't I listen when Miss North explained this very thing.
17. Cool — look, here's an interesting thing — circles everywhere.
18. Read carefully. This? No this. Here is where a little thinking gives results.

GIRLS' PHYSICAL EDUCATION TEACHER STARTS EIGHT YEAR

In Abilene, Texas, on March 20, 1927, Miss Geneva Knox was born.

Miss Knox attended school at Polytechnic in Ft. Worth. From the time she entered school until she was a junior in high school, she was under her father who was superintendent of her school.

She attended college at Texas Wesleyan in Ft. Worth. She received her B. S. degree from here.

During Miss Knox's teaching career she has taught at Killgore, Beaumont, and Eldorado. Miss Knox has been employed by the Ozona Public Schools for eight years as Physical Education teacher for the girls in Junior and Senior High Schools.

Miss Knox attends the Methodist Church.

DO YOU CALL TEX CHEATING?

By Jayne Cole

"Me cheat? Of course not!" you swallow quickly and answer.

Congratulations! But would you be interested in seeing some ways other people cheat?

You say, "Sure. That might be interesting, even though none of them would apply to me."

Is "spreading it on thick" cheating? What about people who try to make an impression or try to get what they want by enlarging the facts?

Would you keep the five-dollar bill the clerk gave up instead of a one-dollar bill? "Certainly not," you answer. But when you are pressed for time and you just can't finish that book in time to hand in a report, you look up a four-page review and use that. After all "nobody's getting hurt."

A definition for cheating is "obtaining of property from another by intentional, active distortion of

the truth." Does it matter if a person forms the habit of cheating, whether

large or small?

(Continued From Page Six) wrong, it is dangerous to the person who does it. It is dangerous during teen-age years, but more dangerous in adult life.

A person who is a cheat soon finds it hard to tell the difference between honesty and cheating.

Don't fool yourself! Cheating, by whatever name it is called is one of the most useless things a person can do. If cheating is continued in a person's life it can make trouble throughout his future.

NEW BAND DIRECTOR ARRIVES

Mr. Allen Morgan the new band director for Ozona High School arrived in Ozona this past week end. This is Mr. Morgan's third year of teaching school. He taught school last year at Denton Jr. High School in Denton, Texas. He had a 90 piece band there.

Mr. Morgan said that he was very happy to be here and the students are just wonderful. He was very impressed with the way the students run themselves and have been able to take over so well. He also said that the band will put on a very good half-time show Friday night.

LIONS PERFORM PERFECTLY THIS WEEKEND

The Ozona Lions played their best game of the season last weekend with not one single mistake coming from a Lion (that is no mistakes in the game of football). The Lions can look forward to the fact that there are no more open dates this year.

The Lions take on the Junction Eagles this week and they hope to de-feather the defensive-minded Eagles.

There was a thrilling game in Eldorado with Eldorado coming out on top by scoring the hard way and winning 2-0.

The Lions now have a chance to get a piece of the district title if they beat Junction and Eldorado. Friday the Lions were rained out of football practice for the first time this year. The Lions after a week lay-over will be ready to play Junction this week.

LIONS PROWL

A number of students were out of town this weekend. Judy and Sandra visited Sally Baggett at T. C. U.

Pam Jones and Janet Mason journeyed to Austin separately.

Leaving for El Paso Friday was Anne Davidson.

Don Nell visited her brother in Lubbock.

Jan Pridemore visited her aunt in Corpus Christi.

Sixteen student council members participated in a district meet Saturday in Big Springs.

One morning last week, Principal Pello came into the band hall puffing on a big cigar. He immediately turned on the exhaust fan. The question is, "Was it to cool the band hall or was it that he couldn't stand his own cigar smoke?"

Judging from Mr. Moody's haircut, we now know why he wears a little felt hat.

Seems as if school attracts everyone and everything — even black goats.

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs . . . educational opportunities . . . military installations . . . defense projects . . . water and soil projects . . . rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.

You Really Understand the Bible?

Many people maintain that the Bible is so simple and clear that anyone can understand it. Yet today the Christian world is divided into conflicting opinions as to what the Bible means.

Bible: "I say to thee, thou art Peter, and upon this rock I will build My Church, and the gates of hell shall not prevail against it." (Matthew XVI, 18ff). "For, behold, henceforth all nations shall call me blessed." (Luke I, 48). "Receive the Holy Spirit; whose sins you shall forgive, they are forgiven them, and whose sins you shall retain, they are retained." (John 20: 23). "He who believes and is baptized shall be saved." (Mark XVI, 16).

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself . . . and you

On September 29, Ford Dealers set an industry trend — were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford soon.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 10,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00*) will get you set for another 10,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically for the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

very close to knocking his team out of first place when he was tossed out of the contest early in the first quarter.

Eldorado was in possession of the football on the Sonora 8 yard line with a first down when the Eldorado back engaged in some elbowing of a downed Sonora player between plays. The loss of the trigger man on the Eldorado T formation crippled the Eagles attack for the balance of the night but the dogged, and at time brilliant Eagle defense finally pulled the game out of the fire by throwing the Broncos for a safety.

Despite the fine play by Eldorado the Sonora crew once again demonstrated fine team play and neat play execution and it was the Broncos who all through the game from the first play threatened to break the game open by scoring. At no time during the game was Eldorado able to launch any kind of an offense at the Broncos but finally the Eagles did capitalize on a fourth down fumble of a kick attempt to drive to the Sonora one and then with time running out the Broncos un- wisely chose to run and were set back for the winning points.

The Lions now boasting a five won and three lost record have not lost a home game this season having posted wins over McCamey, Coahoma and Sanderson. All three of the wins have been on the impressive side, since it was the Lions first win in many years over the Badgers, the 40 to 14 score was by far the most one sided defeat the Bulldogs have had this season, and the win over Sanderson was the only loss suffered by the Eagles this season.

On defense Hal Long and Wayne Albers will start at ends, Darrel Raspberry and Penn Baggett will be at tackles and Bob Childress and Buddy Anderson at guards. Deeny Holden and Mike Stiles will back the line with Carl Montgomery, Jim Freeman Phillip Carnes, and Jim Doran rounding out the secondary defense.

On offense the Lions will have Mike Stiles and Carl Montgomery at ends, Wayne Albers and Penn Baggett at tackles, Deeny Holden and Buddy Anderson at guards and Darrel Raspberry at center.

Jim Freeman will be at quarterback with Jim Doran at fullback and Tony Parker and Phillip Carnes at the halfbacks.

AMERICANS

What I have to say may be little remembered but the principles for which I am making this campaign for Congress as a candidate of the Constitution I am fighting will determine the fate of this great nation.

Party but, more important, I am making it as an American. This America has been good to me. It has permitted me an education, it has allowed me to choose

my profession as a doctor and it has brought me thousands of friends—thousands of little children, if you please, because I have specialized in the treatment of these young citizens. I have learned to know them well, encourage their ambitions, to counsel with them when they had their problems.

The shining dreams of our young people should be a constant inspiration to kindle a renewed faith in our America and in our government. Yet, these dreams are slowly but steadily being tarnished by the changing philosophies of those in whose hands we have placed our nation's future. This is the philosophy, which has fostered heavy government spending, increasing government debt, staggering taxes, stifling controls and an apathetic acceptance of a growing socialism, which can lead only to Communism.

In the light of this situation and injustice to my own conscience, I can find no alternative other than to give up my practice and use my energies and my voice, hoping they will blend with those of other Americans who have this same faith.

Victory can be gained but only through the combined strength of good Americans such as yourselves. For your sake, for your children's sake, for America's sake, won't you join this fight?

YOU MAY VOTE AS YOU PLEASE ON NOVEMBER 8

THERE IS NO LEGAL REQUIREMENT—NO MORAL OBLIGATION—

Regardless of how you have ever voted... Or in which primary you voted... Or whether or not you voted... Or how your poll tax receipt was stamped...

YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY ON THE NOV. 8 BALLOT.

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Recently Governor Daniel reiterated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

A VOTER WHO FAVORED LYNDON JOHNSON IN THE PRIMARY IS PERFECTLY FREE TO VOTE FOR JOHN TOWER ON NOVEMBER 8.
