A dry weather is expected for Christmas week-end.

Ozona's Granddaughter Wins Trip To India's Science Congress Under Sponsorship Of State Department

Susan Brown, 17-year-old daughter of Mr. and Mrs. Hiram Brown of Austin and a granddaughter of Mrs. J. M. Baggett and the late Mr. Baggett of Ozona, has been selected as a special goodwill ambassador by the U. S. State Department to attend the All-India Science Congress in New Delhi, India.

The University of Texas freshman will sail from New York Dec. 26 for a seven-weeks trip, returning to Austin for late registration at the Spring semester at the University. She will travel with four other U. S. scientists to the Science Congress and after the Congress, she will travel extensively in India under auspices of the U. S. Embassy there.

Something of a genius - class science student, Susan has attracted state and nationwide attention with her scientific experiments in high school and college. A full account of her work and the coming trip was contained in an article appearing recently in the Austin American written by Anita Brewer. The article follows:

Susan Brown, 17 years old and a bundle of brains and looks and energy, has a new role: Good will for the USA.

Susan, a freshman at the University of Texas and the daughter of Mr. and Mrs. Hiram S. Brown, 2604 Pecos, will leave Austin during the Christmas holidays for New Delhi, India. From Jan. 2-9 she will be at the University of Roorkee, India, showing her scientific exhibit at the All-India Science Congress.

After that, she will tour nearly all parts of India under the auspices of the US State Department. She will be gone from her University classes for seven weeks.

The State Department never showed better judgment.

As an Austin Public Schools official said, "Susan is the best example of American youth I can think of. She is full of enthusiasm

Christmas Musical Of North Elementary Is Feature of PTA Meet

A full house viewed the annual Christmas musical put on at the regular December meeting of the P. T. A. in the High school auditorium by the North Elementary children last Monday night.

This year's colorful musical which is produced and directed by Miss Lucille Farmer included some one hundred children colorfully dressed as Spanish Senoritas, Swedish children, cowboys, Indians, Dixie dolls, Chinese boys, Scottish lassies and others.

Santa Claus played by Sidney Millsbaugh had seemingly been a bit lazy this season and needed some help which as you might guess he received in time.

Mrs. Kirby's room received the attendance award made after the program but attendance from each of the lower grades was considered unusually high.

Lion Cagers Down McCamey 59-36 In Final Pre-Holiday Contest; Improved Play Poses Threat For District Balance Of Season

By Ernie Boyd

The Ozona Lions rode the fine shooting of Captain Van Miller and guard Phillip Carnes along with the powerful rebounding of Mike Stiles and Wayne Albers to a 59 to 36 win over the McCamey Badgers Tuesday night as the Ozona team closed out pre-Christmas play on a winning note.

Miller and Carnes hit 15 of 31 shots during the fray to shatter McCamey's tough defense and give the Lions room to operate under the bucket in the second half.

McCamey jumped into a two point lead early in the first quarter on Mike Pirkle's jump shot but Carnes got a free shot and Miller hit a long set to put the Lions ahead to stay.

Facing a zone defense the Lions maintained a three to four point lead through the first quarter and then edged to a sizeable 26 to 14 lead at half as Phillip Carnes hit eight straight points while the Badgers were trying to stop Miller's deadly long shots which accounted for 14 points in the first two periods.

Unable to stem the long range bombardment, the McCamey team switched to a man to man defense in the last two periods and pressed at times but this opened up the middle and Carl Montgomery, Mike Stiles and Pete Montgomery along with Carnes all jumped in to the scoring, hitting 12 field goals between them in the last two periods.

Van Miller wound up the night as high man with 17 but just edged Carnes who had 16. Pete Montgomery had 9, Carl Montgomery 8 and Mike Stiles 7.

The win gave the Lions a two to one edge in the three game series with the Badgers but the third game reflected a great improvement in the Lions play over the first two contests.

The win gave the Lions a five won and four lost pre-Christmas record and the Lions will not return to action until Dec. 30, when they travel to Menard for a non-district game with the Yellow-jackets.

Co-captain Jim Freeman, who has missed all but one of the pre-holiday games due to illness, has returned to school and expects to return to action following the lay-off and with Hal Long returning to the squad, the Lions expect to reach full strength by district play.

The Lions have been hampered in early season play by a shortage of guards created when Freeman was unable to play but the rapid improvement of Pete Montgomery after his promotion from the B team has given the Lions unexpected good play at this time and even should Freeman return now and take over his old post, Montgomery would still see a great deal of service and give the squad a much needed third guard.

When Long is ready again the Lions will have Carl Montgomery, Mike Stiles, the team's top rebounder, Wayne Albers, and Mark Baggett to use at the post positions giving the Lions great depth.

The problem thus far has been getting all of these boys ready and able to play. So far, illness and a few other factors have kept this from happening but there seems a good chance now that it can come about in January in time for the start of the real games in district competition.

Ozona Girl Cagers Win Third In Row To End Pre-Holiday Play

By Ernie Boyd

The Ozona High School girls basketball team ran its streak of with to three Monday night when they downed the Rankin girls 31 to 26 in Rankin.

The three wins represent the longest streak the girls have had since the sport was resumed here and ended pre-Christmas play with the girls having won five and lost four.

The Ozona girls also won a trophy in taking consolation honors in the Rocksprings tourney, downing Comstock 49 to 32 and Mason 32 to 30 in the finals. The Ozona girls were dropped in to the consolation bracket when they lost their first game in the tourney 48 to 36 to Leakey.

In the Rocksprings opener, the Ozona girls got balanced scoring efforts from their forwards but it was not enough to offset Lynette Hills' 22 points and Laura Brindo's 20. Janie Lara led Ozona with 13 but was just ahead of Don Nell Carnes who had 12 and Beverly Alford who picked up 11.

Leakey held a slight 21 to 25 lead at the half but the Ozona girls could not match the pace in the second half.

Ozona did not have too much trouble with Comstock as Don Nell Carnes hit for 19 and Janie Lara with 16 to lead the girls to a 49 to 32 win. Ozona led at the half 22 to 15 and maintained a safe margin throughout the last two quarters despite Alma Dingers 24 point high for the game.

In the consolation finals the Ozona girls came from behind in the second half to win a narrow 32 to 30 victory over the Mason Cowgirls.

Don Nell Carnes racked up 25 points for Ozona to pave the way for victory. Masen held a narrow 17 to 16 lead over the local team at half but Ozona finished strong to win the Consolation championship.

An additional honor won by the Ozona girls was announced at the tourney close when Glenda Friend was named to the all-tourney team. Glenda distinguished herself throughout the tourney with her fine defensive play and strong rebounding to earn the honor.

Garbage Disposal Plan To Be Put In Operation Jan. 3

Complete Rules of Operation To Be Published Next Week

Equipment has been assembled and preparations are being completed to place into operation on January 3 the new garbage collection and disposal system in Ozona to be operated under the direction of the Crockett Water Control & Improvement District.

The new sanitary garbage collection trucks will make twice weekly collections over the city and new rules to facilitate the planned collection are to be inaugurated with the new system.

Home owners and tenants will be required to provide covered containers of specified size and such containers must be placed in a place accessible to the garbage collecting crew. Rules concerning the preparation of trash and operation of the sanitary dump ground have been prepared and will be published in full in next week's Stockman.

The new garbage disposal area to be located south of Ozona and will be open each week day from 8 a. m. to 6 p. m. with a man on duty each day during those hours. The road to the ground will be locked at all other hours to prevent careless and unauthorized use of the dump area. The dump ground will be open to those who wish to haul their own trash but persons so using the ground will be expected to meet certain requirements for orderly dumping of such trash.

A monthly charge, to be announced, will be made by the water department and added to monthly water bills for the garbage collection service. Equipment for the new sanitary garbage collection system was purchased by the county and the water district, through its board of directors and manager W. D. Cooper, agreed to operate the system.

SOMETHING SPECIAL FOR THE WORKERS

"Coordination of manpower," obviously one of the things the Russians do best — especially on the remote collective farms and in the Arctic labor camps, is among the goals planned for the Kennedy Administration by the AFL-CIO. And indication of what is in store for workers who now — for the most part — must pay a union for the privilege of working, comes from Stanley H. Ruttenberg, research director of the giant labor combine in his testimony before a Washington hearing. He complained that manpower policies are not effectively coordinated by the Government, and should be centralized — a reform with which Kennedy aides are said to agree.

On the heels of this Big Labor push for centralized Government planning of how and where and when the minions work, came formal announcement of the appointment of AFL-CIO Special Counsel Arthur J. Goldberg as Secretary of Labor.

Delay in opening of the new high school building seemed apparent the first of this week when report was made to authorities that finishing work required on the building would not be completed in time for occupancy when classes are resumed on December 28.

Members of the Ozona Music Club enjoyed a Christmas program and luncheon at the Methodist Church last Thursday. The basement of the church was decorated in Christmas colors, with a decorated Christmas tree centering the table. The program included a piano solo by Miss Aileen Tampion, a toast by Miss Ethel Childress and a vocal solo by Mrs. F. T. McIntire, Mrs. W. J. Grimmer was program leader and Mrs. R. R. Dudley and Mrs. Vernon Cox, hostesses.

A "dutch treat" weiner roast to which the entire community is invited, will be sponsored by the Ozona Lions Club for New Year's night. An old fashioned weiner and marshmallow roast in front of a huge bonfire, to be followed by games and visiting is being planned by the club for the occasion.

A Christmas dinner and toys for children will be distributed among poor families here on Christmas eve by Santa Claus working under auspices of the Ozona Lions Club.

Members of the Sunflower Bridge Club enjoyed their annual Christmas party in the ballroom of the Hotel Ozona Tuesday night. Present were Messrs. and Mmes. Joe North, Massie West, Boyd Clayton, Clay Adams, Ewart White, Floyd McMullan, Ashby McMullan, Warren Clayton, Chas. E. Davidson, Jr., T. A. Kincaid, Jr., Hillery Phillips, Hilton North, Walter Augustine, Jake Short and Sherman Taylor, Mrs. Leta Hawkins, Mrs. Dixie Brown, Miss Hester Bunger, Miss Beth Davidson, Clinton Glover, G. A. Wynn, Jake Young and Herbert Kittle.

Sol Mayer of San Angelo was re-elected president of the Na-

tional Wool Marketing Corporation and J. B. Wilson, McKinley, Wyo., again was chosen general manager of the marketing and sales organization representing 25,000 wool growers, at the recent annual convention in Chicago.

Jane Augustine, small daughter of Mr. and Mrs. Walter Augustine, has been seriously ill the past week but is reported improved.

George Adams, employed by a contractor doing work on the highway east of Ozona, suffered severe injuries Sunday when his head was caught between the dump bed and cab of a dump truck. The dump bed, weighing approximately 3,000 pounds, was lifted easily by two fellow workers in the heat of excitement, probably saving Adam's life.

John Fogarty suffered a double fracture of his leg Friday when a horse fell with him on his ranch.

CHRISTMAS GREETINGS
 1960
 We welcome the Yule season as a time to thank you for your friendship.
CROCKETT COUNTY WOOL & MOHAIR CO.

Who put the sock in Susie's Christmas?

One legend goes that the jolly old driver of the reindeer dropped some coins down a chimney on Christmas Eve night... as was his custom a long time ago... and instead of clinking on the hearth, they fell into a stocking hung up by a child from the mantel to dry.

Ever since that time, visits from the jolly old fellow, known as Old Santa, have been awaited by children like Susie... with very special eagerness, hoping he might fill their stocking with gifts!

Yet, Christmas was not created just for gifts... Christmas is for kindness, friendship, warmth and beauty. Only by keeping the spiritual meaning of Christmas can we hope to acknowledge the greatest gift to man: The First Christmas.

Let us help Susie understand this deeper meaning of Christmas... the joy that goes beyond her Christmas stocking. Why don't you sit down with your children now and tell them this greater story?

would surely enjoy it more if we would really understand why we celebrate. It is because of the birth of Christ, not because a jolly man in a red suit brings presents to children on this night.

Let us be the generation to put Christ back into Christmas. Let us be to ones to give gifts out of love and not because of a feeling of obligation. Let us be the ones to make this a truly Merry Christmas for everyone we knew, and strive to make this coming New Year the very best for all.

SENIORS ALMOST BREAK TRADITION OF CHRISTMAS TREE LIGHTING

of year is here again. gifts, mistletoe, and school. Everyone is gay. Things are all once, and then... as passed before we to stop and think we have Christmas.

This year's Senior class almost broke tradition this year in that they almost didn't get the Christmas tree in the park lighted by Christmas.

The seniors reputation was saved by the hard work of Anne Davidson, Nancy Friend, John Aguir, Richard Sikes, Art Kyle, Herbie Noelke and Mr. Moody Friday afternoon.

The tradition was started in 1953 and has been passed on from that time, to each Senior Class, to the present.

The Christmas lights are sponsored by the Ozona Lions Club each year.

PROGRAM GIVES CHRISTMAS SPIRIT TO STUDENT BODY

A Christmas program was presented Wednesday by the students of the high school.

The program began by a choir of seven girls singing "Silent Night." The group consisted of the following: Glenda Friend, Pam Jones, Beverly Alford, Vicki Carroll, Janet Mason, Don Nell Carnes, and Janie Everett. They had formed their group while on basketball trips.

Next on the program, Judy Black read the Christmas story.

Mary Lou Zunker then sang "O Holy Night" and was accompanied by Sandra Whitaker on the piano.

For a little variety, Bob Childress, Buddy Anderson, and Pleas Childress sang and played on their guitars "Winter Wonder Land," "Here Comes Santa Claus", and "Rudolph the Red-Nosed Reindeer."

The program ended by Mary Lou leading the student body and Sandra playing "Joy to the World," "Hark the Herald Angels Sing," and "Jingle Bells."

CHRISTMAS, A TIME OF JOY AND PLEASURE!

Christmas! Oh, that glorious time is here again. December 25 is the day which all kids look forward to and most parents dread. The kids look forward to such things as seeing Saint Nick, tearing up

the house with newly acquired toys, and (for those that are old enough) missing school. The parents have much to look forward to (wrapping the Christmas presents) sending out Christmas cards, setting up the Christmas tree, (Continued on Page Four)

and preparing the Christmas dinner and in some instances the annual "tree" on Christmas Eve.

There is also the Christmas present buying that goes on before Christmas. You wonder what to spend on each friend and what to buy. In most cases what you receive is countless numbers of the same thing which you didn't need in the first place but even in the face of all this trouble there is one more main problem. That problem is post season bills.

In view of all of these bad points Christmas has many good points to it. Christmas is a time when families get together, children are happy, carols are sung, and general all around happiness is about. It is a time for laughter, gaiety, and a time to forget your troubles.

Christmas, with all its good and bad points, tends to bring out the best in people and this in itself adds to its meaning.

LIONS PROWL

Santa arrived in Ozona Wednesday on an elephant and allowed all good little boys and girls to climb aboard the elephant and take a short trip around the shopping center. Janet North, Pam Perner, and Judy Black were among the first to try the elephant out. Judy had some trouble adjusting to the elephant because he also liked cotton candy.

The third period H. E. class are in search of guinea pigs that specialize in eating experimented fudge.

Ozona High School was filled with Christmas Spirit Wednesday as the students sang Christmas carols during assembly.

Congratulations! to the girls' basketball team. The team won consolation in the Rocksprings tournament and Glenda Friend made the all-tournament team.

The Christmas Dance that was given last Friday by the sophomore class provided an enjoyable evening for all that attended.

The evergreen tree that the senior class decorated in the park contributed to the decorations of the town.

All students are looking forward to 2:15 Thursday when school will be dismissed until January 3rd.

ly exceeds the previous peak year 1956.

The estimated 1961 meat production will provide consumers with the largest supply of meat in history, both in total and per consumer. If the estimates prove correct, consumption of red and poultry meat would exceed 200 pounds for the first time in history.

Cattle numbers are reaching near a crest with the expansion of cattle numbers likely to continue during 1961. Expected increases in slaughter will not be sufficient to halt the cattle herd buildup. The fourth year (the increasing phase of the present cattle cycle began in 1958) expansion is expected to be at a reduced rate compared to the previous three

years. No livestock producer needs to be reminded that weather conditions are important in determining livestock price levels. With the high cattle inventory, we can expect cattlemen to react quickly to changes in crop and pasture conditions.

As consumer incomes have increased, so has the demand for meat. Beef has increased in popularity, partially at the expense of other meat.

While the consumption of meat has increased, the percent of average disposable personal income spent for meat has declined. Ten years ago, 5.5 percent of the average disposable income was spent for meat. This compares to 4.8 percent in 1959 and 4.6 percent in

1960. Demand for beef is expected to continue upward. This will partially ease the downward pressure on

prices resulting from the expanded supplies.

Lower cattle prices do not necessarily mean that profits will be

absent in cattle enterprises. However, producers should take these price indicators into consideration in planning their operations.

Susan Brown — (Continued from Page One)

and ambition." The trip to India is an outgrowth of Susan's work at Stephen F. Austin High School under the tutelage of Mrs. Edna Boon. Last spring Susan was a first award winner in biological sciences at the National Science Fair with a project on a root growth factor isolated from bean seedlings.

Then later in Stillwater, Okla., Susan's work was exhibited at the American Institute of Biological Sciences, and was selected for showing at the All-India Congress.

For the trip to India, she has an American Specialist Grant from the US State Department.

Ever since Susan received word to be postponed until March and making plans to catch up on the classes she will miss.

Susan will be a sophomore next term although she has gone to the University only three months. She received advanced standing credit in biology, algebra, trigonometry and English.

Although she is only 17, Susan has her life all mapped out. She intends to go into biochemistry, get a doctor of philosophy degree and do research.

She is a pledge of Delta Gamma Sorority and a member of Spooks.

Her sorority is helping her out on this India trip. Tuesday she is going to visit a Delta Gamma alumna who spent several years in India to learn what kind of clothes to take with her. She has a premonition she will need both her cotton dresses and her woollens because India is so big, it probably has all kinds of climate.

Susan with her enthusiasm and brains is turning the wheels of life rapidly, but she has plenty of occasions to learn the lessons of patience.

She is continuing her work with the root growth factor in the bean seedlings, doing purification work.

"It goes slowly," she says. "It isn't anywhere near completion." And she's been working on it for two years.
