NUMBER 27

## Record October Tax Payment Is Expected Here

### 3 Per Cent Discount To Inspire Early Payment of Bill

An all-time record for early tax payments is confidently expected during the month of October by Crockett county's tax collecting agency.

A number of factors combine to indicate that collections during this first month of the annual tax paying period will far exceed last year's all-time high for the month, occasioned by inauguration of the discount system for prompt payment.

With more money on deposit in the Ozona National Bank than ever before in its history, with the county and schools combining with the state in offering the liberal discount on the tax bill, and more than usual the number of early inquiries from non-residents and oil companies owning property in the county, indications are that this year's collections will exceed the \$76,000 collected during the first month of the discount period last year. Before the discount system was inaugurated last year, first month payments averaged around \$3,000.

A raise of 4 cents on the \$100 valuation in the total state, county and school tax rate for this year will be more than offset by a discount of 3 per cent allowed on taxes paid during the month of October. The discount allowance drops 1 per cent a month, payments after November 2 and to December 2 being accepted with 2 per cent discount and 1 per cent discount allowed for December payments up to January 1. After that date no discount will be in effect.

No discount is to be given on payments of first half taxes under the split payment plan, but the same 3, 2 and 1 per cent discounts will be given for second half payments under this plan, 3 per cent discount being allowed for second half payments made in April, 2 per cent for payments in May and 1 per cent for June payments. Second half payments must be made by July 1.

## Ozona Pastor To Preach At Baptist Meet

### Rev. Childers Speaker At Assn. Session In Pecos Oct. 9-11

Rev. Clyde Childers, pastor of the First Baptist church of Ozona, will preach the annual sermon at the opening of the annual meeting of the Pecos Valley Baptist Association which meets with the First Baptist church at Pecos, Texas, on October 9, 10 and 11.

The association sessions open Wednesday evening, October 9, with organization to be perfected, after which the local pastor will preach. Day-long sessions are to be held Thursday and Friday.

The Woman's Missionary Society will meet Thursday afternoon for a session lasting until 8 p. m., when the night meeting of the association will begin. A feature of the Missionary society session will be an address by Miss Itsuko Saito, a Japanese student now attending school in Texas. At the Thursday evening session, the sermon will be by Rev. I. L. Yearby, pastor of the First Baptist church at El Paso.

Dr. R. S. Jones, home mission secretary with offices in Dallas, will address the gathering at the close of Friday morning's session, and the session will close with an address Friday afternoon by Dr. W. R. White, president of Hardin Simmons University at Abilene. A large group of members from the Ozona church is expected to attend the Associational meeting.

## Where Great Britain Was Last Invaded

Here at Hastings and St. Leonards, in Sussex, England, is where William the Conqueror landed almost 900 years ago in a successful conquest—a conquest that Chancellor Hitler of Germany hopes to repeat. This mecca of British sea lovers again shudders under another attack from the east, as the biggest aerial fleets of all time are launched against the British isles. Each day hordes of German airplanes darken the sky.

## Lions To Scrap Iraan Friday In Non-Dist. Tilt

### Locals Take 21-7 Mauling From Heavier Junction Crew

After absorbing a 21 to 7 shelling at the hands of the elephantine Junction Eagles in their first District 8-B start on the home field last Saturday afternoon, Coach Dan Patterson's Ozona Lions will seek the solace of revenge on a non-district opponent Friday night in Iraan.

The Lions are scheduled for a fill-in bout with the Braves under the Iraan lights starting at 8 o'clock Friday night. Admission charges are to be 25 cents for everybody, local school officials have been advised, and a big crowd of local fans is expected to accompany the team for the practice tussle. The band and pep squad in full force and regalia will make the night drive to bolster the team's morale.

It was a lumbering, powerful attack launched by the heavier Junction crew that overwhelmed a bewildered Lion aggregation here Saturday. Those big fellows, Andrews and Herring, ripped almost at will through the light Lion line to score early in the second chukkar on line plays. The same pair of Eagle aces rang the bell again a short time later with a pass play. Andrews to Herring, both tries for point being successful, leaving the score Junction 14 and Ozona 0 at the half.

The visitors put the game on ice at the second half kickoff when Ferris, fleet Eagle back, grabbed the Lion boot to race 90 yards for another marker. Ozona's lone tally came in the final frame. A 50-yard pass, Wilson to Hokit, set up the scoring play, accomplished when McLaughlin gathered in a toss in the end zone. Shorty Colquitt converted on a line play to end the day's scoring.

## Mexican Home Is Destroyed By Fire

A residence occupied by Martin DeLeon and his family in the Mexican settlement here was destroyed by fire last Thursday afternoon. The home was completely gutted, the fire gaining such rapid headway that it was beyond control before the fire department arrived.

### NEW DRUGGIST HERE

James Frank, a graduate of the University of Texas school of pharmacy, has accepted a position as pharmacist at the Ozona Drug store. Mr. Frank comes to Ozona from Dublin, Texas, where he was for nine years with the Rexall drug store.

## Beecher Montgomery Gallops 80 Yards To Score For TCU Frogs

Ozona has contributed another grid star to Texas Christian University at Fort Worth.

Beecher Montgomery, a sophomore at T. C. U. this year, is following in the footsteps of brother Vic as a star performer on the Horned Frog aggregation—at least, he is showing considerable promise of making a first class hand for the Frog mentors.

In Saturday's game in which T. C. U. trounced the Centenary Gents by a top-heavy count, the second Montgomery from Ozona galloped 80 yards through the Centenary defense for a score. The Associated Press paragraph devoted to this run reads as follows:

"On his own 20, early in the fourth, Beecher Montgomery, a lightning man, fumbled momentarily as he sifted through the middle of the line, gathered in the ball and started on a crazy-quilt run from one side of the field to the other that finally netted 80 yards and a score. But he missed the try for point."

## 40,000 Pounds Fall Wool Sell Here At 28 1/2c

### J. M. Lea Is Buyer; Delivery Of Mohair Completed

A fast advancing wool market during the past week found buyers of West Texas' golden fleece on the go throughout the territory, and a number of sales completed for a considerable tonnage.

A three-cent advance from the initial local sale of fall wool was registered Saturday when J. M. Lea of San Angelo bought 40,000 pounds of the short clip at the Ozona Wool and Mohair Co. at 28 1/2 cents a pound. Clips of T. A. Kincaid, Jr., Marbury Morrison, Bud Kincaid, Mrs. Ruth Hoover and Jake Hoover composed the purchase.

Delivery of the Ad Harvick clip of 12-months wool was completed this week at the local warehouse. The wool sold recently at 35 cents a pound. The Ozona house also completed this week the delivery of 129,000 pounds of fall mohair sold recently to Tom Richey, buyer for A. W. Hilliard & Son, at 50 cents for the grown hair and 65 cents for the kid. This sale cleaned out the local warehouse of the fall mohair clip, one clip of last Spring's hair remaining.

Miss Christine Currie spent the weekend here visiting her mother, Mrs. Oia Currie. Miss Currie is a trained nurse in San Angelo.

## More Financial History Made In Bank's Deposits

### Local Institution Now Holds Record Sum of 1 3/4 Millions

So many records have been broken lately at the Ozona National Bank that the bank's personnel is now looking forward to the record-breaking day when no records are broken.

A month ago, the local bank hit a new all-time high in total deposits of \$1,340,831.

Tuesday still another record high was reached—deposits totalling \$1,756,527.84—and still going up. This represents a net increase of nearly a half million dollars in a few days less than a month—which is itself something of a record. And, whereas, a month ago the personnel was pointing to reach a million and a half dollars in deposits they now have their eyes fixed on the two million dollar mark.

And yet another record fell in Tuesday's operations at this money monarch of small town banks. During that day's banking hours, a total of \$300,000 was registered in the day's deposits—greatest single day's deposits in the bank's history.

The million and three-quarters in deposits represents a climb of approximately a half million from the previous record high in deposits reached at the peak of the livestock delivery season last November when deposits reached around \$1,280,000.

And add this further fact to complete the picture of one of the strongest communities from a financial point of view in the nation—a check at the close of the bank's business Tuesday shows cash on hand and in Government bonds—liquid assets—totalling \$1,456,458.80.

That and still the lambs are going from Crockett ranges by the hundreds of truck loads, wool and mohair is selling on a steadily mounting market.

## Kenedy Merchant Victim Of Heart Attack Here Fri.

D. A. Ziese, 58-year-old Kenedy, Texas, merchant, died of a heart attack at 6 o'clock Friday evening on the front porch of the Ozona hotel here, where he was a guest. Mr. Ziese had stopped off here for a visit with Dr. and Mrs. Sellers Moore before continuing his trip to Kent, Texas, where he planned to visit relatives.

Mr. Ziese was a native of Germany. The body was taken overland in a Joe Oberkamp funeral car for funeral services Sunday.

## Ozona Air Field Included In New Development Plan

Ozona would come in for aviation field improvements totalling \$180,316 if a proposal of the Civil Aeronautics Administration for an airport development program should be carried out.

The proposal as outlined in press dispatches envisions expenditure of nearly \$5,000,000 on airport development projects in this West Texas area. The development project for Texas as a whole calls for expenditures totalling over \$38,000,000 on 300 airfields in the state.

## Famous Mississippi Flood Film To Be Shown Here Oct. 10

Two free sound movies will be shown in the high school auditorium next Thursday evening, October 10, starting at 2 p. m., under auspices of the Woman's Society of Christian Service of the Ozona Methodist church.

One of the pictures, titled "The River" is one of the outstanding productions of Pare Lorentz, who filmed the popular short production "The Plow That Broke the Plains," a dust bowl picture released by Paramount to 5,000 regular theatres. "The River" is a pictorial description of flood damage and erosion waste on the Mississippi river and its tributaries. Mr. Lorentz was filming the picture during the last disastrous flood on the Mississippi, and a highlight in the show is the pictorial account of the flood at Cairo, Ill. This picture was first planned for local showing Wednesday of this week but it was already booked for that date and had to be postponed until next week.

To be shown at the same time will be another picture entitled "Housing In Our Time."

The society will meet at the church next Wednesday afternoon for its regular weekly program, the program committee to be in charge.

## Mrs. Dan Wills Dead; Funeral Services At 2

### Body To Be Taken Overland To Elgin For Burial

Funeral services are to be held at 2 o'clock this afternoon, (Thursday), for Mrs. Lola Taylor Wills, 60, wife of Dan Wills, who died at 5:33 o'clock Wednesday afternoon following an illness of less than a week's duration.

Following the services at the church, to be conducted by J. D. Moss, minister of the church, the body will be taken overland in a Joe Oberkamp funeral car to Elgin, Texas, for burial. Graveside rites are to be conducted at Elgin at 10 o'clock Friday morning.

Pall bearers at today's services here will be Joe North, Scott Peters, Oscar Kost, Everidge Davidson, Sam Beasley and Madden Read.

Mrs. Wills was born July 12, 1880, in Williamson county, Texas. She and Mr. Wills were married July 16, 1900, in Williamson county, where they lived until 1923. In that year the couple moved to Ozona where Mr. Wills was engaged in ranching until about two years ago when he sold his stock and leased his ranch.

Mrs. Wills is survived by her husband and one sister, Miss Susie Taylor, who resides in Elgin.

### DAUGHTER TO SPURGERS

A daughter was born in San Angelo Saturday to Mr. and Mrs. M. Spurgers of Eldorado. The child has been named Tommy, for her maternal grandfather, Tom Casbeer, veteran Crockett county treasurer. Mrs. Spurgers is the former Louise Casbeer of Ozona.

The Cam Longley house here is being remodeled and refinished.

## Local Machinery For Registration To Be Organized

### Clerk To Get Volunteer Workers In Each Voting Precinct

Machinery for registering some 16 millions of young Americans between the ages of 21 and 35 is being set up over the nation in preparation for R Day, set by the president for October 16 following passage of the first peacetime conscription bill in the nation's history.

And Governor W. Lee O'Daniel of Texas, responding to the president's request, has initiated the preparation in Texas, as evidenced by receipt of instructions for setting up the registration machinery in this county by County Clerk George Russell.

County clerks are handed the job of securing volunteer unpaid workers to handle the one-day registration job, the law providing that a place for registering must be provided in each voting precinct. Registration is to begin at 7 a. m. and continue until 9 p. m. Every male citizen who has reached his 21st birthday and has not reached his 36th birthday on October 16 is required to register on forms to be provided.

It is estimated that around 200 Crockett county men will come under the requirements for registration with a possibility that not more than one or two will be taken in the first contingent of draftees. One of the requirements for the registration places is that it be equipped with pens, ink, tables, chairs, etc., and that a United States flag be displayed. Registration cards are to be turned over to local draft board, to be appointed between now and that date.

Governor O'Daniel's proclamation calling on Texas youth to register closed with the following sentence:

"Let there be no procrastination, no hesitation and no gaps left open in the ranks. Let the patriotic manhood of our state assert itself by stepping forward in one solid front to join with its sister states in the preservation and defense of the ideals to which this great nation is consecrated."

## Mudge's Noelke Well Flows 182 Barrels In Hour

### New Indicated Producer In Western Crockett To Deepen

Another important producer on the W. T. Noelke ranch in western Crockett county was indicated Saturday when the Mudge Oil Co. No. 1-B Noelke is reported to have blown in a natural producer, and is credited with having gauged a flow of 182 barrels of oil in one hour Tuesday morning through a 4-inch line off 7-inch casing. The well was shut in after the one-hour test, it was reported.

The well is bottomed at 1,244 feet, barely in the pay sand. It is scheduled to deepen, reports from the operators indicated. The well is 990 from the north, 2,310 from the east line of section 30, GG-HE&WT, a north offset to Mudge No. 1 Noelke, a wet gasser offsetting the Soma discovery well diagonally to the northeast.

Encountering several oil and gas showings at different levels, Moore and Olson No. 1 Mrs. Clara Couch, wildcat in section 52-GG-W. S. Riggs, 8 1/2 miles south and slightly east of the Soma discovery, had drilled to 1,732 feet in anhydrite.

Operators of Amerada No. 1 J. S. Todd, in the Todd field 15 miles northwest of Ozona, were swabbing the well early in the week. The well swabbed 45.4 barrels of oil and 14.6 barrels of water through 2-inch tubing in 24 hours. (Continued on Last Page)

THURSDAY, OCTOBER 3, 1940

8 Billion Deficit

Mr. Roosevelt has said repeatedly that the arms program is to be "superimposed" on our program of social gains. To avoid putting that into budgetary terms, the President has largely given up, talking about finances. But Senator Byrd of Virginia, a tenacious student of the budget, continues to talk finance.

Famine In Stantung

Drought and war have brought the worst famine in 50 years to the Province of Shantung, richest in China. Fodder ordinarily fed to livestock is deemed a luxury. The winter will be hard. Famine will spread and pestilence will join it.

Get Ready for Winter

Here comes winter. In a very short space of time a large part of the country will be experiencing rainy days and cold nights.

Winter is something to get ready for. That means buying new warm clothes, or repairing and cleaning old ones. It means buying wood and coal and fuel oil. It means fixing that leaky spot in the roof that has been neglected during the dry summer.

Have your furnace inspected—and have that inspection done by somebody who knows what to look for. It's no work for an amateur. Have needed repairs effected at once. See that chimneys and flues are properly cleaned.

Winter means that you'll use lights oftener. Exposed electric wiring should be checked. Pay special attention to lamp cords under rugs and around baseboards—they fray in time, and when that happens a short circuit may occur.

One Point On Which They Both Agree!

The Danger We Face

"We have in this country, both in and out of government, a fairly large number of persons who have lost faith in the principles of private enterprise and democracy. . . . If the American public doesn't soon recognize what is going on, it will find one of these days that our basic political and economic safeguards have been hopelessly undermined."

EXTENUATION

There may be something in the belief that the inventor of the folding camp chair really had something else in mind when he started out.

WHAT A TRIBE!

An explorer says he has found in Brazil a tribe of people who don't know anything about arithmetic. It's probably a bunch of New Dealers down there on a good-will tour.

DISMAL PROSPECT

"You have only one chance in 40 billion of drawing a perfect bridge hand," asserts a mathematician. The chance of drawing a perfect bridge partner is only slightly greater.

FOR SALE—Underwood typewriter, office model; in good condition and a bargain. See it at the Stockman office.

Red Ink

The moment that red ink appears in the ledger of a government or an individual it is a trouble warning. Trouble remains as long as the red ink remains, although there may be legitimate reasons for accepting the red ink as the lesser of two evils.

This country has having trouble long before defense became an issue. According to the ledger, it has not been out of trouble in ten years. Red ink has predominated for a decade. In other words, for all these years we have had to lean on the future to support us in the present.

The present world crisis makes it necessary that we spend billions of red ink dollars to defend ourselves against aggression. But if we lose sight of the grim fact that as long as red ink dollars are being used, we are in trouble, then we are truly living on borrowed time.

DEBUNKED

Spiders, according to a science note, are near the bottom of the intelligence list. It must have been a ventriloquist, then, who said to the fly, "Come into my parlor."

For High Stakes

The stakes which are being fought for by Britain and Italy in Northeast Africa and the Near East are not so much in the forefront of the public consciousness as is the battle for England, but they are extremely high. The Suez canal, the oil fields of Iran and Iraq, and the domination of the Eastern Mediterranean are all involved.

The Poorest Place to Tell a Lie!

It has been said by some of our radical reformers that advertising misleads the public.

Such accusations fall under their own weight. The poorest place in the world to attempt a lie is in the advertising columns of American newspapers and magazines, and in American radio programs.

In the first place, our publishers and broadcasting companies wouldn't carry dishonest advertising. They outlawed it long ago.

In the second place, such efforts to mislead would be conducted in full view of the public and of the officials empowered to apply fraud laws.

In the third place, dishonest advertising is as inefficient as dirty football. It does not pay.

Informed people have lost interest in the advertising-baiting books and speeches of the radical self-appointed reformers since one after another of them has figured prominently before the House Special Committee on un-American Activities.

Courtesy Nation's Business

### Behind The Scenes in American Business

By John Craddock

NEW YORK, Oct. 2.—BUSINESS—Every index you turn to gives out the same answer to the "how's business?" query, namely: Industrial activity is zooming, with no let-down in sight for at least six months. The Bureau of Agricultural Economics, whose forecasts have been consistently accurate, figures the official index of industrial production to finish up this year at the "126" level which prevailed at the close of 1939—which was at the height of the first-blush war boomlet—and that the output for the whole year of 1940 will be 10 per cent ahead of 1939.

In the important department of consumers' purchasing power, further gains are expected, with industrial workers' incomes, by the end of the year, figured to hit the 1937 peak. You may not remember that top time in 1937 was, at least for awhile, equal to the average for the 1924-29 period.

WASHINGTON.—With a shortage of skilled workers for the defense industries threatening, the Railroad Retirement board has advised the National Defense commission that it may find the personnel for much of this work in the ranks of thousands of unemployed railroad workers. It seems the board had surveyed this field at the time it first became apparent that skilled workers would be at a premium. Out of 73,000 replies received to a questionnaire sent out by the board, it was found that almost half this number—or 33,727 workers—had been trained in occupations that would make their skills adaptable to defense industries. Also, the replies indicated that 25,639 would be ready, willing and able to bid for defense jobs "anywhere in the United States."

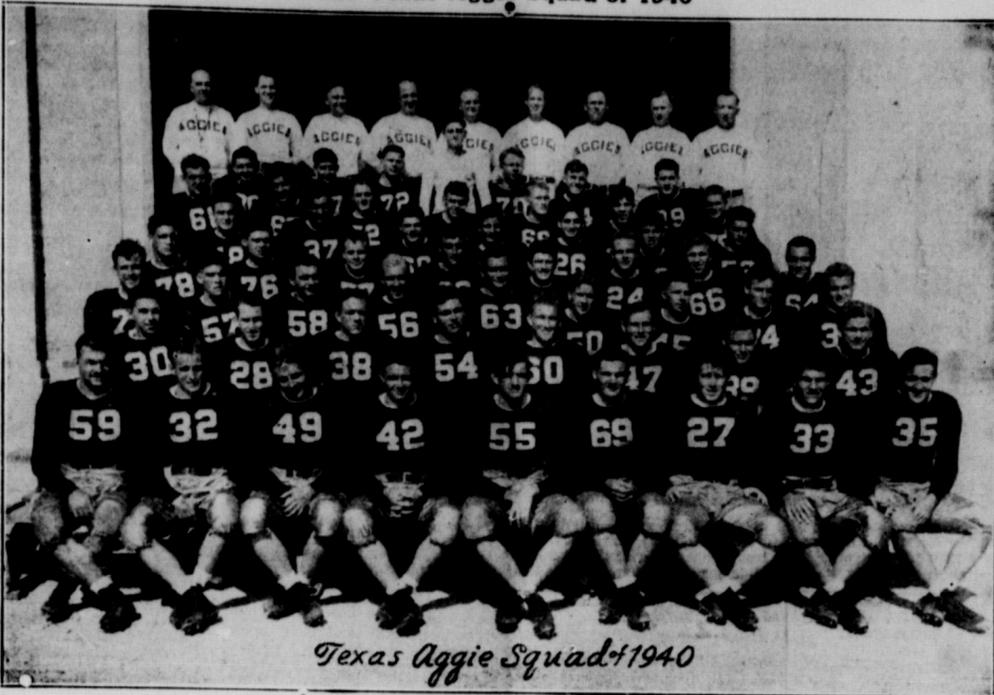

BITS O' BUSINESS—Aware of what description might do as a sales-discourager, several stores in widely-scattered cities have come up with a "money-back-if-drafted" guarantee (if you volunteer, though, no rebate) . . . Raw silk, rubber and pepper commodity market folk are following the dire political developments in the Far East very closely these days; so far, despite the ominousness of the situation, news from that quarter has not upset the futures markets in these commodities . . . A new soybean flour mill is being built in Weyauwega, Wis., to make a new, finer-ground variety of this flour, which has been a sensational rise in the last 15 years . . . The magazine, Steel, says that social security payments to the government represent 11 per cent of American industry's total tax bill—and amount to \$32 per shareholder and \$66 per employe.

ARBITRATION.—With events in the Far East taking an ominous turn, the news that trade channels with the Dutch East Indies, Australia, the Philippines, the Hawaiian Islands, and New Zealand will be cleared as much as possible by the American Arbitration Association becomes important for businessmen in the United States. That news comes from Cornelius Vanderbilt Whitney, board chairman of Pan-American Airways and director of the Arbitration Association. Whitney just arrived in the U. S. after a five-week tour by air of the embattled areas plus visits to Hongkong and Singapore. Speaking as chairman of the Association's board of liaison officers, Whitney announced that every effort would be made to keep commercial disputes from disrupting trade between the Americans and the countries in the Pacific. Such disputes, he declared, may even now be settled quickly by mail through the association without the disputants ever seeing one another.

THINGS TO WATCH FOR—A super-fast-drying concrete, tested spectacularly in Philadelphia the other day; its makers have used it in building concrete pillbox bomb shelters, claiming to turn out a complete, ready-for-use job in five hours. Radio sets finished on the back same as in front, for those who would set the console out in the middle of the room . . . a bottle for hair wave-set, with a wide slot for dipping the comb in.

3,000 BALES mixed millet and Johnson grass hay, 20c bale or take half pay in aged solid mouth ewes.—Ralph Taylor, Richland Springs, Texas. 3tp

### The Texas Aggie Squad of 1940

Texas Aggie Squad of 1940

Long time tradition says the champions of the Southwest Conference never repeat but this Texas Aggie squad will give that slogan its first real test in 1940.

Front row, left to right: Odell Herman, Abilene; Earl Smith, Frisco City, Ala.; Bill Conatser, Denison; Derace Moser, Stephenville; Bill Henderson, Houston; Harold Cowley, Freer; Lester Richardson, Houston; Bill Sibley, Abilene, and Pete Henry, Lake Charles, La.

Second row: Marion Pugh, Fort Worth; Marland Jeffrey, Port Arthur; Charlie Henke, Kerrville; Ernie Pannell, Waco; Tommie Vaughn, Brownwood; Jim Thompson, Brownwood; John Kimbrough, Haskell; Marshall Robnett, Klondike.

Third row: Sam Rankin, Brenham; Bill Buchanan, Weatherford; Chip Routt, Chapel Hill; Bill Dawson, Crockett; Euel Wesson, Temple; Leon Rahn, Dayton; Joe Rothe, Hondo; Howard Shelton, Hillsboro, and Henry Force, Orange.

Fourth row: Harold Teubner, Dallas; Jimmie Wilson, Belton; Freeman Thompson, Texarkana; Henry Hauser, Kerrville; Kyle Drake, Laredo; John Reeves, San Antonio; Bill Blessing, Dallas, and Leonard Joeris, Abilene.

Fifth row: Jake Webster, Sweetwater; Jim Brewer, Bryan; Bob Mansfield, San Angelo; Marshall Spivy, Lufkin; Woodrow Bando, Beaumont; Bill Gerner, Dallas, and John Abbott, Corpus Christi.

Sixth row: Zolus Motley, Abilene; Martin Ruby, Waco; Jimmie Knight, LaGrange; Felix Bucek,

Schulenberg; Fount Wade, Lexington; Willie Zapalac, Bellville and Maurice Williams, Marlin.

Seventh row: Harris Browder, Groesbeck; Jim Sterling, Panhandle; Ray Mulhollan, Belton; Jimmie Parker, manager, Garland; George Williams, Eldorado; Roy Bucek, Schulenberg, and Elvis Simmons, Somerville.

Coaches on rear row: Head Coach Homer Norton, Assistants: Manning Smith, B squad; Trainer Lil Dimmitt; Harry Faulkner, B squad; Bill James, varsity line coach; Charlie DeWare, assistant freshman coach; J. W. (Dough) Rollins, varsity end coach; H. R. (Hub) McQuillan, head freshman coach, and Marty Karow, varsity backfield coach.

### Sleep Disturbing Monsters Displayed In U. of T. Museum

AUSTIN, Oct. 2.—Your occasional bad dreams will pale into insignificance when you see the prehistoric "nightmares" in the Texas Memorial museum.

The massive white stone building, open on the University of Texas less than two years—one of the finest collections of fossils in the country—displays such hair-raising monstrosities as these:

A 60,000,000-year-old 12-foot-long, sea-going fish, snared with a pick and shovel near Dallas.

A 7,000,000-year old sea monster's skull, excavated just seven miles south of Austin. Reconstructed, the cigar-shaped reptile—a mosasaur—would measure some

25 feet in length and weigh more than 10,000 pounds.

The skull of a giant, prehistoric buffalo with horns 18 inches round at the core and a spread of some five feet. The animal would have dwarfed the modern bison, museum curators say.

A 13-inch-long pre-historic wolf

skull, largest ever found. Its owner roamed Texas plains along about the same as the sabretoothed tiger, preyed on the huge mastodons.

The list goes on and on, according to Museum Director E. H. Sellards. It's part of the extensive geology exhibits at the state

museum. Soon to go on display will be skeletal remains of a huge "shovel-jawed" mastodon, a huge ground sloth, and a glytodon—pre-historic, armor-plated relative of the armadillo, the size of an ox.

## FOR ONLY A FEW CENTS A DAY!

**FREE HOME TRIAL**

**FREE CARRYING CASE**

**YOU'LL WRITE EASIER, FASTER THAN YOU EVER THOUGHT POSSIBLE!**

**HERE'S WHY!** Royals are built for you to make time on—smooth and steady, simple and "easy" of operation—even for the beginner!

You need a Royal Portable! Of course! Typing is today's way to write—in school—later on in business. Not only are you helping yourself to easier writing and higher marks when you get a Royal—but you are acquiring the habit and the ability to think in type—a permanent asset.

And remember—when you buy a Royal Portable you buy *greatest value*—the finest, most up-to-date portable the world's largest company devoted exclusively to the manu-

facture of typewriters knows how to make!

**ONLY ROYAL CAN GIVE YOU ALL THESE FEATURES!**

**Touch Control**—matches anyone's touch; Finger Comfort Keys—for fast, sure typing; Automatic Paper Lock; Genuine Office Tabulator—not a toy; Full width Writing Line; Full-size Keyboard—makes Royal an excellent practice machine for business course students; Complete Dust Protection; Every worth-while improvement—many exclusive with Royal!

**SENSATIONAL NEW EASY-PAY PLAN**—It costs no more to buy a Royal Portable than any other portable—no matter where or how you buy it. Only a few cents a day—that's all it costs for a Royal!

**FREE** . . . With every Royal Portable a handsome carrying case is included at no extra cost; also Royal's exclusive Instant Typing Chart which shows you at a glance how to type properly.

## TRY THE SENSATIONAL NEW REMINGTON DUAL SHAVER

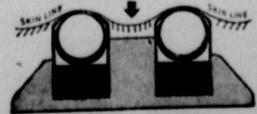

# FREE!

**90 SECONDS FOR COMFORTABLE BLADE-CLOSE SHAVES**

Try this fast, modern shaver in your own home—entirely without obligation—for 90 whole days. We're willing to wager that once you find how much faster, closer and more comfortable this new Remington Dual whisks off whiskers with its TWO cutting heads, you won't want to part with it!

And we know it's fast—because in a series of tests made by the nationally-famous U. S. Testing Company, Inc. the Remington Dual shaved as close as the best blade shave in half the time . . . and gave presentable, going-to-business shaves in a stopwatch average of 90 seconds! That!

Note how the two heads automatically tauten the skin. The whiskers are projected so that they can be cut off below the surface of the skin.

Richly packed in a tan cowhide grain case with bright copper trim. Beige cord and head guard.

### Sunday School Loses Attraction for Older Pupils, Survey Shows

That regular Sunday school attendance diminishes with advancing years is the conclusion that may be gained from results of a survey conducted in the local schools early this week.

The survey indicated that the kindergarten pupils had the highest percentage of attendance of any class in the schools. Children of the kindergarten had a score of 77 per cent in Sunday school last Sunday, with 14 out of 18 pupils attending. The Junior class in high school, on the other hand, had the lowest percentage of Sunday school attendance, 22 per cent and the senior class was next to the lowest in averages with 28 per cent.

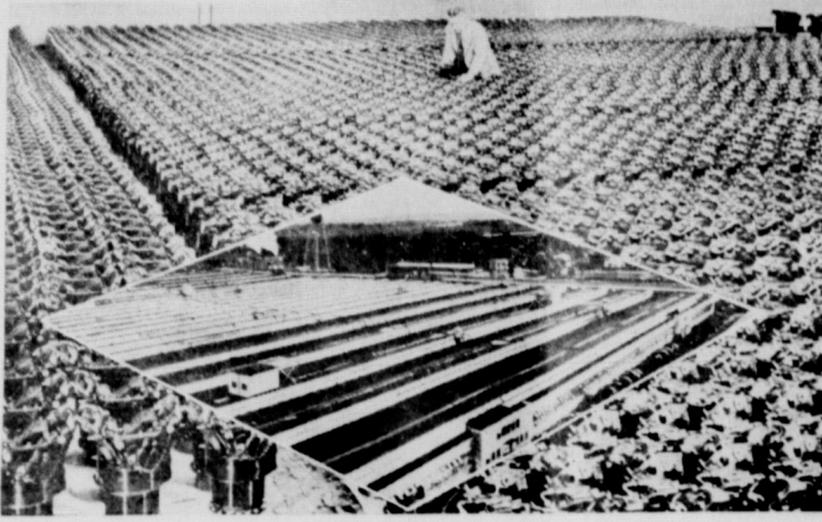

The ninth grade in high school was in second place with 13 out of 20 attending Sunday school for a percentage of 65, and the fifth grade ranked third with a percentage of 61, or 16 out of an enrollment of 26. The seventh grade stood fourth fourth with 15 out of 26 in Sunday school for a score of 58 per cent.

The survey, which is to be made from time to time during the school year, was made to determine the relative standing of the different age groups on the score of Sunday school attendance and to encourage the pupils in such attendance.

#### MEXICAN BABY DEAD

Pneumonia caused the death Saturday night of Francisco Tomas Trujillo, 6-months-old son of Francisco Trujillo and wife, local Mexicans. Funeral services were held Monday.

## Sinews for America's Air Defense

An inspector browsing in a field of completed cylinders at the Pratt & Whitney plant, Hartford, Conn., where motors for U. S. army fighting craft are being turned out. This company was recently given contracts for \$27,000,000 worth of motors. Inset: Night view of a section of the Pratt & Whitney plant as the work of building airplane engines for national defense continues, night and day, without a hitch.

#### FIRST BAPTIST CHURCH Clyde Childers, Pastor

Order of services:  
9:45 Sunday school.  
11:00 Morning worship.  
2:30 Deacon's meeting.  
4:30 monthly conference.  
6:45 Training Union.  
7:45 Evening worship.  
Tuesday, 8:00, Men's Brotherhood meets.  
Wednesday, 3:00 W. M. S. Circles meet; 7:30 prayer meeting.  
Thursday, 7:30 choir practice.  
Last Sunday evening our Training Union met and organized for the coming year with the following elected officers: Primaries, sponsor, Mrs. S. L. Butler; juniors, sponsor, Miss Vivian Weaver and president, Joe Perry; intermediates, sponsor, Miss Martha Hersey; seniors, sponsors, Mr. and Mrs. Leslie Nance and president, Mary Frances Bean. The other officers will be elected next Sunday evening and a program will be rendered as given out last Sunday. In addition to these unions, we have a pastor's forum which meets during the training union hour and includes all those 25 years old and above. The subject for the forum next Sunday evening is "My Favorite Hymn and Why I Like It."

The pastor is in the revival at Buenavista this week but will return Saturday evening for the Sunday morning services. You are cordially invited to share in the services of this church.

### NAVY FINDS NEW DEEP HOLE IN ATLANTIC

A new deepest hole in the Atlantic ocean, over five miles deep, was discovered last February by the U. S. S. Milwaukee while she was participating in a Fleet problem. The Milwaukee's sounding was made with a fathometer in the Puerto Rico trench, an undersea chasm near the island of Puerto Rico, which possesses already the reputation of having the greatest depths in the Atlantic ocean.

### BIRTHDAY PARTY

Bobby Fields celebrated her fourth birthday Friday at a party given for a group of her little friends by her mother, Mrs. A. O. Fields. Present were Frankie Joe Jones, Jane Peterson, Jerry Carl, Billie Bob and Shurline Lunon, Ben, Wilburn and Carl Conklin, Sue Littleton, Mary Kathryn Flowers, Shirley Kost and Hugh Russell.

The home of Mr. and Mrs. T. A. Kincaid is being repainted this week.

Miss Virginia Preston of Welch, W. Va., who has been visiting Mr. and Mrs. Byron Stuart, left Friday for her home.

Mrs. Ray Dunlap and Mrs. Hugh Gray were San Angelo visitors last Friday.

## WOULD YOU LIKE YOUR HAIR RESTYLED

BY AMERICA'S FOREMOST HAIR STYLE CREATOR, *Eddie Senz*, FAMOUS MAKE-UP DIRECTOR FOR PARAMOUNT STUDIO AND SPECIAL TEST MAKE-UP DIRECTOR FOR M. G. M.—R. K. O.—UNIVERSAL AND COLUMBIA PICTURES... IN CO-OPERATION WITH *Joan Clair* INTERNATIONALLY FAMOUS HAIR AUTHORITY

## ...MERELY FOR THE ASKING?

All you need do is mail us your photograph and this brilliant hair style creator for moviedom's loveliest stars is at your service. Joan Clair will return a portrait copy of your photograph with your hair exquisitely restyled to complement and flatter your facial contours and personality... all ready for duplication by your favorite hairdresser. Thus, for the first time, CLAIROL makes it possible for you to see yourself in a glamorous new hair-do before your hairdresser actually does his work.

EDDIE SENZ has created coiffure and make-up for such eminent personalities as Katharine Hepburn, Claudette Colbert, Ginger Rogers, Gladys Swarthout, Jessica Dragonette, Grace Moore, Kirsten Flagstad, Kate Smith and countless others.

JOAN CLAIR has long been recognized both in this country and abroad as an expert and authority on the care and beautification of the hair. Her advice has been a boon to countless thousands of women in all walks of life.

Here's all you do:

1. Send your photograph to CLAIROL HAIR STYLE SERVICE CLAIROL, INC., 132 W. 46th St., New York City
2. If it is a standard size photograph (5x7 or 8x10) enclose 10c in cash or stamps to cover cost of handling and return postage. If you have no portrait photograph, you may send a snapshot, enclosing 25c to cover cost of enlarging to a beautiful 5x7 portrait, handling and returning.
3. Write name and address lightly (ink preferable) on back of photograph and also give your height and color of your hair.
4. Your original photograph will not be returned. Instead you will receive a new portrait photograph with your hair completely restyled.
5. Take this photograph to your favorite hairdresser and he will duplicate your new hair-do.

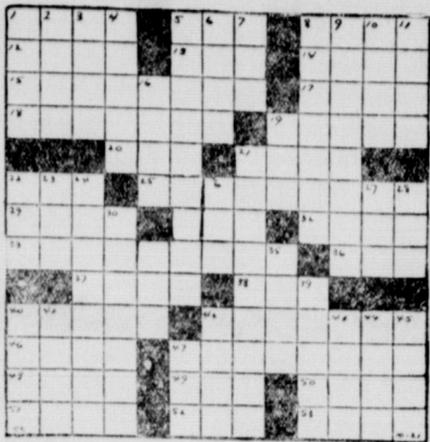

CLAIROL dedicates this service to the charm and loveliness of American women in appreciation of their enthusiastic acceptance of these famous products:

METHODIST CHURCH  
Eugene Slater, Minister

**Calendar of Services:**  
 Sunday school, 9:45 a. m.  
 Morning worship, 11 o'clock  
 Epworth league, 5 p. m.  
 Evening worship, 8 o'clock.  
 Woman's Society of Christian Service, Wednesday, 3 p. m.  
 Choir rehearsal, Thursday, 7:30 p. m.

This Sunday will be a day of consecration in our church. At the morning service the officers and teachers of the church school will be installed, and at the evening service the officers of the Woman's Society of Christian Service will be installed. The Communion service will offer every one of us the opportunity to dedicate himself to the Master once more. We are hoping that this will be a day of high resolves and the enriching of our Christian experi-

ence. Our members are urged to come to these services, and our friends are cordially invited to worship with us.

This church joins with the other churches in Ozona in the plea that every person in the community worship at the church of his choice at least one time every Sunday. We all need the help, the hope and the faith that the church tries to give.

vin Harrell, Miss Wanda Watson, Mrs. Sid Millsbaugh, Jr., Mrs. Bill Conklin and Mrs. Jesse Marley, Jr.

### Men Behind the Mike on Humble's Football Broadcasts

These four announcers are featured on the Humble Oil & Refining Company's radio descriptions of Southwest Conference football games; literally they fill the air with the air-minded football of the Southwest each Saturday afternoon. At left is Kern Tips, one of the outstanding football announcers of the country. Next to him is Eddie Dunn, Texas radio personality who recently moved to Chicago, but plans to travel southward to handle several of the Humble broadcasts. Center, outline, is Hal Thompson, the well-known sports announcer of Dallas. These four announcers will be supplemented and assisted on the Humble Company broadcasts by other well-known Texas radio men.

### Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers', a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.

You Can

## Save 3% On Taxes By Paying In October

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, except poll taxes and first half payments, are as follows:

- 3 Per Cent Discount**  
On taxes paid on or before November 2
- 2 Per Cent Discount**  
On taxes paid Nov. 3 to Dec. 2, inclusive
- 1 Per Cent Discount**  
On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

**THE AIM OF THE LION'S ROAR**

The chief aim of the Lion's Roar is to create interest in school activities. Some students, either shy or not good "mixers", do not know what is going on in their own school. These students need something or somebody to tell them what's going on.

A second aim of the Lion's Roar is to create educational interest. That is, to get students interested in the journalistic work. The Lion's Roar is an excellent paper to make and shape reporters, editors, etc. The making of the paper is fun; it is easy after the student learns the primary rules.

Then, too, the Lion's Roar helps college students to keep in touch with their old school mates. A girl told me not long ago that she had received a letter from a certain boy in an academy and this boy wanted to know when the first Lion's Roar was coming out. This one instance helps to prove my point.

A fourth aim of the Lion's Roar is that it should entertain. The two gossip columns are very good sources of entertainment. They not only tell news but tell them in such a way that the persons guilty take it as a well-aimed joke. Some, of course, "raise the roof" because certain things are printed about them that these certain students did not want printed, or seemed not to want printed.

The last aim of the school paper is that it should please its readers. You have probably read large newspapers that are bore some. The Lion's Roar, if possible, will be as full of action as it can. The staff and reporters are working very nicely to see that it does please its readers. With their cooperation, I think that the Lion's Roar will be what you expect it to be.

**Editor's Musings**

By ADELE KEETON

- \*BAND
- \*PEP SQUAD
- \*LIONS

There are many students in the OHS who, although they are not in the band, should be. If everyone who criticizes the band would do his part to make it a better one, Ozona would notice a rapid improvement. There are students who groan everytime the band plays for them. They never pass up a chance to criticize; yet they never, in anyway, help the band. If they could realize how much work it is for the director and band to prepare the number that they hear, they might not be so quick to talk about how awful the numbers sound. When one considers how few pupils there are who take part in the band, he should see that, after all, the band doesn't do badly. During football season, especially, there are a very few people who play any instrument or who help in any way. So please answer this question before you comment: "If every one in OHS does no more than I do, what kind of a band would we have today?"

The pep squad is doing very good work this year. The leaders are doing their very best to have a pep squad that everyone would be proud of and that every girl would want to be in. The girls who are in the pep squad are working hard each day at noon and practice marching nearly every morning from 8 to 9 o'clock. Mr. Pingelton, the band director, is very patient with the girls in helping them with their marching. He spends much of his time with them and the band in trying to work out a performance that the people won't be ashamed of.

The pep squad does some very good work. Everyone knows that a boy can play better if he thinks someone is watching him and yelling for him. That is exactly what the pep squad does. They are for every Ozona boy on the field. They watch them all and cheer them when they have a chance. So, boys, you should thank the girls once in a while for standing by even though you don't win.

I am not ashamed to brag on the Ozona Lions. Although they don't always make the highest score, it has been said by many onlookers that the Lions play the best game. There are many ways in which

**Annual Officer Are Elected**

The presidents of the four classes met Monday in Mr. Denham's office to nominate officers for the annual. Mr. White attended also. There were a number of people nominated for the offices, and it was very hard to choose the ones that were thought capable of doing the job. The following people were finally nominated: Bobby Lemmons, editor-in-chief; Wayne West, assistant editor; business manager, Shorty Colquitt; Gem Ella Dudley, activities; Pee-Wee Smith and Rozell Pharr, art editors. Those nominated by the class presidents were then presented to the student body and voted on. The same people that were nominated by the presidents were elected by the student body. The price of the annual will be three or four dollars. It will be about 45 pages and will contain individual pictures of each student, and individual pictures of the faculty and the members of the school board. There will also be group pictures of basketball teams, volleyball teams and football teams.

The books will not be published until spring.

**OHS Buys New Film Projector**

The Ozona High School has recently purchased a 16 mm. sound on film projector built by Bell-Howell.

It has portable units, which are the projector and amplifier. The projector is the latest and best projector made for schools. In the projector there are three sets of lenses to magnify the picture.

It is a two-way amplifier, which uses a 750 watt projector bulb. It can be connected to a victrola. While the machine has a sound amplifier, it can be soundless.

The projector rewinds the film with its own motor. It is run on the same basis as the 35 mm.

On Thursday, Sept. 26, the OHS students saw a show "Alaska's Silver Millions." It was about the salmon runs and fishing.

Mr. Chapman is the projector operator.

**Pep Rally Held**

Ozona high school students held a pep rally on Friday afternoon at 3:45 o'clock in the auditorium. Gem Ella Dudley, one of the pep squad leaders, gave a short talk on what a pep rally is for. Several yells were given by the pep squad girls. Speeches were made by members of the football squad, pep squad, and band. Bobby Lemmons, center for the Lions, said, "If you want your money doubled place your bet on the Lions." Others who made speeches were Louis Wardlaw, Tom Ed Montgomery, Adele Keeton, Peggy Hokit, Mary Faye, Coach Patterson and Mr. Denham.

**ASSEMBLY PROGRAM**

The musical program scheduled Thursday, Sept. 26, as the first school assembly program of the 1940-41 term was cancelled because of the illness of its sponsor, Miss Anderson. The scheduled program was substituted by the film "Alaska's Silver Millions," shown in the Ozona high school auditorium.

The educational film showing the types of homes, work, clothing, foods and activities of the Eskimos. Other scenes were of the capital city, gold mines, farms, glaciers and volcanos of Alaska.

The film also showed interesting pictures of how salmon are caught and the many processes of canning them.

The Lions may be defended for one thing, in all the games that have been played so far this year, our team has been outweighed by many pounds.

Heretofore, many of the boys didn't realize the value in keeping the training rules. Now many of them are waking up to the fact that they can't do any good against "non-breaking-training-rule" teams unless they keep the rules themselves; therefore, they are beginning to cut down on sweets, tobacco, and harmful beverages, and eat things that would be more helpful to their body. Let's everyone do our best to help the boys who are doing their best to win.

**THE Prowler**

By Gem Ella Dudley

Congratulations to Floyd for part of the touchdown, and to Mervin for completing it.

These "Fish" are sweet, aren't they, Charlies?

Dot, don't you know you shouldn't pass such a good looking picture around—m-m-m—whata man!

A suggestion is needed as to what I can call Bland other than "kindergartener." Any suggestions?

Say, Faye and Norma were seen cutting capers Sunday afternoon. Or was it the boys that were doing all right?

Mr. Pingelton suggested that band practice should be held at Rendall's Drive-Inn, because that is the place the "gang" rambles to.

Miss Kinney, why were you so utterly happy Sunday night? Can anyone answer that question?

Adele, I didn't see you Saturday night.

Craig, Craig, Craig—Who is Craig, anyhow; do you know, Helen?

Billy, were you all alone Saturday? Where was your woman? Oh, pardon me, you just didn't have one.

Enny, Meeny, and Moe. You've got me all wrong. It so happens that is the name of our three gold fish.

Woots and Wayne should be ashamed, Dove hunting instead of dancing, the very idea!

Sug, can't you ever keep from getting your words mixed up? That parrot of yours must be teaching you things instead of vice versa.

Joe B. must have been in love Saturday night. When you danced with him, you would think you were holding a piece of ice, instead of Joe B.'s hand.

Tis' a pretty ring you're wearing, Margaret. Captain's rings are pretty sometimes.

Boochie, congratulations on a secret. You get around swell as usual.

The little Crane gal can sing and no doubt. Can't she Shorty?

Jim Ad, what happened to your "shin-kicking" partner. She didn't show up, you say?

By the way, where were the Fish, and sub-Fish girls Saturday night. We missed you all. And 'twas a free dance.

George has been "robbing the cradle." George, isn't that Fish a little young for you?

**100 SPELLING DEMONS**

The Ozona high school recently took the first hundred spelling demons for the first time this year. From looking at the grades they really are demons, every one of the hundred. Out of 76 possible hundreds only two were made. They were made by one senior and one junior. Making in the 90's were: nine seniors, nine juniors, eleven sophomores; between 80 and 89 were three seniors, six juniors, five sophomores and three freshmen. Two seniors, one junior, two sophomores and two freshmen made grade in the 70's. Making below 70 were two seniors, two juniors, three sophomore and 14 freshmen. It is hoped everyone will improve when these are taken again, especially some Freshmen.

**BAND PRACTICING AT FOOTBALL FIELD**

The Ozona high school band spent Friday morning band period at the local field practicing for the big game Saturday. The band entered the field at the north end, then marched down in front of the grandstand. There they came to a complete halt. The band then formed a "J" and gave a yell for Junction. They marched out of the "J" and formed an "L." In that position, the band gave a yell for the Ozona Lions. After that the band did a left face. They, then, went to the south end and did a countermarch and marched to the north end.

**More Lion's Roar On Page Seven**

**Pep Squad Girls Entertain Football Squad With Dance**

The Ozona pep squad girls gave a dance Saturday night, Sept. 28, at the fairgrounds platform after the Ozona-Junction game, which was Ozona's first conference game of the football season. Nick and his Odaens furnished music for the crowd. Those present were: Pee-Wee Smith and Margaret Russell, Bill Carson and Lottie Jo Owens, Charlie McDonald and Louise Bean, Bland Tandy and Joy Coates, L. B. Cox and Mary Louise Perner, Shorty Colquitt and Billie Morton of Crane, Roy Coates and Gem Ella Dudley, Billy Hannah, Lloyd Coates, J. H. Stevens, Mervin McLaughlin, Joe B. Chapman, Bobby Lemmons, Loraine Wyatt, Byron Williams, Chappo Morrison and Daphne Meinecke, James Chapman and Barbara White, Perry Hubbard and Joy Hubbard, and Donald Wilson.

**THIRD GRADE**

We have two dollars. We are going to buy curtains with the \$2, and the girls are going to sew them. They will be white with pink and blue trim. We won at P-TA. We got two dollars.—G. B. Hankins.

**OUR CITIZENSHIP CLUB**

We have a citizenship club. It meets every Friday afternoon. Donald Hoover is president. Chris Doty is vice president. Betty Cook is secretary. We chose the Best Citizens of the week. They were Joan Fenner, Betty Cook, Rosalie Friend and Ray Piner.—Betty Cook.

**MRS. DAVIDSON'S SURPRISE**

We were working and Mrs. Davidson walked in. She had a box in her hand. It was a surprise. She put it down on the table. Then she opened it, there were cakes and green lemonade. She poured the lemonade in the cups. Then she served them. The cakes were good. The lemonade was, too. The lemonade was best. Then Mrs. Davidson went home.—Armond Hoover

I had a very nice time at Sue's party. She got lots of pretty things. Sue's mother made the prettiest little cakes with the prettiest parasols, you ever saw, and little prizes. I got a horseshoe in my cake, but I forgot it at Sue's house.

The second grade had a very good time at Marilyn Hubbard's birthday party last week. They had punch and cookies. We miss Raymond Brownrigg. He is absent because of an injured eye.—Cleta Terry.

I saw a butterfly light on a flower. It flew high in the sky, and I chased it for an hour. It was a monarch butterfly. It was light brown.—William Meinecke.

Once there was a little fish, That lived in a dish, And every time he swam, He got into a jam.—D. L. Terry.

**THIRD GRADE NEWS**

Mrs. Cabness brought us a surprise Monday afternoon. It was some guess what's and balloons, too. Mrs. Cabness is our room mother.—J. D. Pharr.

We have been studying about the world. The people long time ago thought the world was flat. They thought if they sailed too far, they would fall off the world. Now we know the world is round.—Joan Fenner.

We have gold fish and tadpoles and snails and plants. We have sand in the bottom. There are four gallons of water in our aquarium.—Ralph McCaleb.

We are going to make a farm and a city. We made some things and we said they were too big so we are going to make some little things. Sue brought a little house and we are going to use it for our farm house. She told us to bring some boxes to make some things out of.—Donald Hoover.

The kindergarten has a new frog, a salamander and a fish. A mystery has popped up. They found a new animal in the terran-

**Eagles Skin Lions 21 to 7**

A large and powerful Junction football team defeated the Ozona Lions Saturday in the first district 8-B game of the season for both teams.

On the second play of the game Shorty Colquitt circled his left end for 34 yards before being brought down from behind by Junction. A few minutes later Shorty Colquitt circled his left end again for 18 yards pick-up.

The Eagles' first touchdown came in the second quarter with Andrews and Herring running the ball down to Ozona's one-foot line. At this point Andrews plunged for their first touchdown.

Junction scored their second touchdown in the second quarter with a pass from Andrews to Herring. Herring converted, putting the Eagles in the lead with a mounting score of 14-0.

The Eagles put the game on ice with the third touchdown that featured a 90-yard run by Ferris on the kick-off after the half.

The Lions scored their lone touchdown in the fourth quarter. A pass Wilson to Hokit netted 50 yards. Then a toss to McLaughlin in the end zone for the score, Shorty Colquitt plunged for the extra point making the score 21-7.

Outstanding for Junction were Andrews and Herring in the backfield and Wright in the line. For the Lions, Coates and Smith in the line and Colquitt and Wilson in the backfield, Hokit, end, who averaged 45 yards on four punts, were the bright spots in the Lions' playing.

**New Books Increase Library**

A number of new books have been added to the library since last year. Among these books are: "Famous Leaders of Character," by Harry Irving Shunway, "Famous American Athletes of Today." In these you will find some of the outstanding characters of the twentieth century. "So You're Collecting Stamps," is a book on the popular hobby, stamp collecting, written by Mannel Hahn. "Lives of Poor Boys Who Have Become Famous," by Sarah K. Bolton, is a book describing the lives of 38 great men. "Beside Book of Famous British Stories" is a book of stories from Chaucer to the present day have written.

The following books are of fiction written by popular authors: "When the Whippoorwill Calls," by Marjorie K. Rawlings; "To the Indies," by C. S. Foster; "The Morning Is Near Us," by Susan Glaspell; "Stars On the Sea," by F. Van Wyck; "Nathaniel Hawthorne," by Nathaniel Hawthorne; "I Married Adventure," by Osa Johnson, and "Wild Geese Calling," by Stewart Edward White. These books have been selected for the benefit of the students in high school. It is hoped that they will enjoy them.

The first grade is building a play house containing three rooms, a living room, bedroom and a kitchen. So far, the children have the frame built. The boys and girls are making furniture, and some girls are making dolls to live in the house.

They also have an aquarium, containing a turtle and fish. Norris Pogue and Phyllis Patrick are absent from school today due to illness.

Gussie Ruth Sparks had a birthday last Friday and Jerry Carl Lonon treated the class.

Miss Rebecca Anderson, our music teacher, had an operation this week at a San Angelo hospital. Mrs. Moore is going to take her place, while she is gone. We hope that she will be back with us in about three weeks.—Elaine Oathout.

The seventh grade looks forward to October 10 very eagerly. We will present a play, "Discoveries in a New World" for the chapel program. We will sing three songs and, "Ballad for Americans," a special feature. We hope you will all come, because we are going to expect everyone.

(Continued on Page Seven)

**SENSES OWENS-MAYES**

SEEN—

Mary Faye giving out pencils for the poor pep squad girls to sell. Lib, was it your idea?

Tom Ed crippling around on crutches. The football work must be getting rather rough from the looks of the boys.

Roy C. making eyes at a sophomore girl. No, it wasn't Margie. Mustard and Mary doing the rhumba at Rendall's Drive-Inn. L. B. doesn't seem to get the swing.

Rozelle digging a hole back of Rendall's Drive-Inn. What was the idea, Rozelle?

Charles and Louise Bean making the rounds last Saturday night.

Bland bringing out a number of lost things of the girls in algebra class.

A number of girls dancing in Rendall's Drive-Inn. There weren't any boys but Mr. Pingelton and Bill Carson.

Stanley, Billy Hanah, Mary Perner, and Margie having a round-table discussion in study hall.

Mustard escorting Norma and Mary Faye around Sunday afternoon.

Shorty escorting a very pretty girl Saturday night and Sunday afternoon.

**HEARD—**

Faye can't have him; Margaret wants him. Wonder who "He" is? My, my, these dreams!

L. B. took his car out Tuesday night, and when he got home he had a flat. Where had you been, Bud?

There is a pop-eyed piano in the band house.

Evidently a certain senior boy enjoys breaking dates with girls. He seems to be making a habit of it.

Bland answering to the name "Pris." Pris Tandy sounds very nice doesn't it, Bland?

Margaret and Tom Ed are not on speaking terms. What's the matter, "kids"?

Mr. Sikes doesn't like for his pupils to chew chewing gum in his class.

Mr. Caruthers indicating he is no Roman. Eddie Cooke just loves to stare at people. Practice makes perfect. He is almost perfect.

Gem Ella did have a date to the Junior and Senior banquet with a Senior boy. Did she break the date, and if she did, I wonder why.

Being president of the Press club is a great deal of work. What about it, Georgie?

An alarm clock ringing. Miss Terry wouldn't let Lewis turn it off for fear someone would fall asleep.

Someone calling Joy pretty and sweet. Lila Lee must want something.

That Mary has a new romance started. Shorty, we hope this isn't serious.

That Joy wanted to run over something Sunday night. Joy, have you lost your mind? Everytime a car would come by she would jump behind a tree.

**TASTED**

Cream-of-Wheat and biscuit just before dinner. Berite Sue B. doesn't approve of such.

**FELT—**

Very dizzy, Joy, Peggy, Pris, and Rozelle felt very dizzy when Pris hit one of those dips on the Juno road.

**SMELLED—**

Very loud perfume. Lib, you must be careful about 20-year-old perfume, these drug store people put on you.

Onions. These freshmen girls should do something about the smell when they cook onions.

A very bad odor in the general science room Monday. Mystery! No one knows where it came from.

# THIS BUSINESS OF Living

BY SUSAN THAYER

## Freedom . . . in the Fall

It's fall again. Golden rod in the fence corners . . . a thinner kind of sunlight through long, still afternoons . . . and towards evening the sound of boys' voices drifting from vacant lots where they're practicing football.

From Maine to California; from the Canadian border to the Rio Grande, football is the order of the day as it always is this time of year. There are big games in university bowls which the whole country attends by radio . . . little games between rival high school teams of the utmost importance to the students themselves . . . and for every official college or high school game a dozen "pick-up games" in back yards, pastures, vacant lots, sometimes even on busy city streets!

We take it for granted that American boys have the privilege of playing football when, and pretty much, where they please. It's one of our rights—a small thing, to be sure, but characteristic of the American way of life and the Freedom bred in us and heretofore accepted without question.

But today Freedom everywhere is being questioned. For the first time in our lives we are having to consider what this precious heritage of ours, handed down to us from freedom-loving ancestry,

means in terms of our everyday life.

We find it has many meanings familiar to all of us:

- small things, such as the right to play football in a vacant lot simply as a pastime.
- large things, such as the right of the individual worker to belong or not belong to a trade union.
- personal things, such as the right of citizens to join organizations of any kind they wish—so long as they are not aimed at destroying our precious Constitution.
- vital things, such as the right to free speech and a free press.

And beyond these—the right of home life within the state; the right to spiritual belief and the freedom to exercise it in church, chapel, synagogue or mosque.

All of these freedoms rest on the tripod of those greater freedoms—one leg of which is representative democracy; another civil and religious liberties; and the third, free business enterprises. All three must be sustained if our personal freedoms listed above are to be preserved and the sound of boys playing football continue to be heard throughout the land in future autumns.

## Grade School News—

(Continued from Page Six)

and there'll be plenty of seats for all.—Nan Tandy.

## JUNIOR HIGH FOOTBALL TEAM

The Junior high football team has not as yet elected their football captain, but according to Jimmy Read, seventh grade player, James Chapman, also of the seventh grade, will act as captain. The first game will be played with Eldorado.

The Cubs practice from 4 to 6 o'clock every afternoon.

The seventh grade had the honor of receiving two new pupils in our room. They are Paula Jean Hopkins, and Joe Corbell. We also had one person that Miss Scott had last year, who is Maxine Hankins. We enjoy having them very much.—Joy Hubbard.

The seventh grade girls have completed the pin-cushions they started a week ago, and are making dish cloths and machine covers now. The seventh grade boys are making bows and arrows in manual training.

The sixth and seventh grade art classes have been making crayola etchings and book markers. They put their monograms on the book markers. The fifth grade has been studying various kinds of leaves and flowers in art.

## FIFTH GRADE

Mike Friend has been absent most of the week.

Thirteen boys and 13 girls are in the fifth grade. They elect best citizens each week.

## FOURTH GRADE

The fourth grade has been working on an Indian unit since the beginning of school. We are studying about the Plains and Narragansett Indians in geography. In reading we are studying about the Forest and Navajo Indians. We have an interesting dis-

play of Indian baskets, pottery, arrow heads, pictures and art work the class has made.

Edith Lou Piner had a surprise birthday party last week. She was ten years old. Mrs. Joe Davidson and Mr. Piner served cake and punch to the fourth grade. We hope Edith Lou has many more happy birthdays.

## TALK ABOUT TOUGH FISH

A catfish so tough that the steaks had to be pounded like they were pieces of a Longhorn steer was caught recently by Timothy Gray of Bandera, Texas. The huge cat weighed 45½ pounds. It's the first time we have ever heard of a fish so tough steaks from it had to be pounded before being palatable.

## Decided Advantage

Mose: I'm sho' glad my wife's built long and thin like a shoe-string.

Rastus: Why fo'?

Mose: Well, she don't shade the corn when she's hoein' it like a fat woman would.

### Texans To See Shorter Ballot On November 5

AUSTIN.—The official ballot for the general election in Texas, November 5 may be smaller than that presented the voters four years ago.

It will be unless the Union or some other little fellow among the parties quickly and unexpectedly pops up and demands representation on it.

In 1936 the ballot was eight columns wide, listing Democratic, Republican, Socialists, Communist, Union and Prohibition parties, in that order, and also having columns for independents and "write ins."

The tentative draft this year calls for the same line-up except for the Unionists, who so far have filed no nominees with Secretary of State M. O. Flowers.

Flowers will certify the names of presidential electors and candidates for statewide offices to county clerks during the first week of October. The clerks prepare the ballot finally.

Also shortening the ballot is the fact four constitutional amendments will be submitted, compared with six in the last general election.

All parties named on the tentative ballot put presidential electors in the field, but only the Democrats offered a full state ticket. The Republicans made nominations for all state offices except commissioner of agriculture.

For some reason the Communist party certified eight electors although the law provides for 23 from this state (one for each congressman and U. S. senator) and the other parties chose that number.

One woman is a candidate for statewide office. She is Mrs. Brents Whitty of Hamilton, Republican nominee for state superintendent of public instruction. The proposed constitution

### Scotch Children Seeking Refuge Here

A large group of some of the more than 300 Scotch children pictured on the S. S. Cameronia, when they arrived in the safety of the United States recently. The children, many of them accompanied, are destined for homes all over the United States. Germany has "washed its hands" of responsibility for the safety of ships bearing child refugees to America.

amendments would: Authorize district appeals to the Supreme Court from trial court injunctions involving the constitutional limitation of two years on offices not fixed by the constitution, appointive offices of municipalities having civil service.

Vest the power of appointing notaries public in the secretary of state, in lieu of state senators, the present system.

Authorize Red River county after an election, to levy an ad valorem tax of 25 cents on the \$100 to refund outstanding county warrants.

Mrs. Bernice Hodges and son, Sammy of Mertzon, are the guests of Mr. and Mrs. Byron Stuart on the Ray Dunlap ranch this week.

### Fishing, Baseball Movies Shown Here Attract Many Fans

Two interesting and entertaining educational sound movies shown in the high school auditorium Tuesday evening attracted a crowd of more than 25 men and boys, and several women. The pictures were shown free of charge by the schools.

One of the movies was entitled "The First Hundred Years of Baseball," and was an historical account of the origin and growth of baseball, with a liberal sprinkling of shots from big league games, including some from the 1935 World's Series.

The other film was entitled "Let's Go Fishing" and was especially attractive to devotees of this sport. It depicted the proper and improper methods of casting and gave some helpful hints on how to snare and land the big ones. The films were distributed by the Fisher Body Works.

### MOVES OFFICES

Dr. J. S. Winger, chiropractor has moved his offices from the Cam Longley house to the mezzanine floor of the Hotel Ozona. Dr. Winger plans to install modern facilities for a Turkish bath in a short time.

Mrs. Mae Gray and Misses Claudie Sprouse and Jamie Cehand are spending a few days in San Antonio this week.

### Musical Films To Be Shown Today At School Chapel Hour

Today's chapel hour in the high school auditorium, at 3 p. m., will be given over to a movie musical program, with three musical films. "Music By Morgan" is the title of an 11-minute film. "William Tell Overture" by Rossini played by the National Philharmonic orchestra of 122 musicians, directed by Frederick Fehrer, will be a second production, and the last will be a musical feature, "Listen to Lucas."

The public is cordially invited to attend this program.

Announcement was made this morning by Supt. C. S. Denham of the booking of another special film, "Heroes of the Alamo" which is to be shown in the auditorium Thursday, October 17.

### MRS. J. M. COX IS BRIDGE HOSTESS

Mrs. J. M. Cox entertained the Friendship club with two tables of bridge players recently. Zinnias were used in house decorations and guests were served English toffee ice and tea.

High score prize went to Mrs. O. Z. Fenner and Mrs. Leslie Nance took low score trophy. Other guests were Mrs. M. Johnson, Mrs. Joe L. Lewis, Mrs. Claude Hill, Mrs. Cleophus Cooke, and Mrs. Lloyd Johnson.

### ENTERTAIN 42 CLUB

Mr. and Mrs. A. O. Fields were hosts to members of their 42 club when they entertained at Kendall's Drive-Inn. Pumpkin pie and coffee were served to Mr. and Mrs. Hugh Gray, Mr. and Mrs. Harlan Townley, Mr. and Mrs. Ray Dunlap, Mr. and Mrs. R. J. Adams, Mr. and Mrs. Frank James, Mr. and Mrs. Leslie Nance, Mr. and Mrs. Richard Flowers and Mr. and Mrs. Ernest Dunlap.

Mr. and Mrs. A. W. Jones, former Ozona residents, visited briefly here Monday. Mr. and Mrs. Jones are now making their home at Carrizo Springs, where Mr. Jones is to establish a saddle shop.

### Magazines Studied, 6th Dist. President Visits Junior Club

Liberty Magazine was selected for study in last Saturday's program of the Ozona Junior Woman's club when the group met at the home of Miss Wayne Augustine, with Mrs. Doug Kirby and Mrs. Ele Hagelstein assisting hostesses. The club's study course this year is on "Current Magazines."

Mrs. Ed Bean led the afternoon program and talked on Liberty Magazine. Mrs. Ele Hagelstein discussed articles in the magazine.

Mrs. M. H. Leverett of Menard, president of Sixth District, Texas Federated Woman's Clubs, was a visitor at the meeting. She was introduced to the club by the local president, Mrs. W. E. Friend, Jr. and spoke to the group on the subject of Federation requirements.

Club members present were Mrs. Ed Bean, Mrs. Doug Kirby, Mrs. Ele Hagelstein, Mrs. George Neersta, Mrs. Arthur Phillips, Mrs. Rex Russell, Miss Zelma Scott and Miss Bess Terry. Guests were Miss Elizabeth Fussell, Mrs. Carl Colwick, Mrs. W. H. Augustine, Mrs. Philip Lee Childress and Mrs. Leverett.

### Mudge Well—

(Continued from Page One)

Swabbing was continued with the fluid level 5,400 feet from the top. Total depth is 5,881 feet, plugged back from 5,917.

Continental and others No. 6 Todd, a quarter mile south of Conoco No. 4B Todd, a deep producer, had drilled past 300 feet in cretaceous lime.

### 4TH BIRTHDAY PARTY

Mrs. Frank Jones entertained for her son, Frankie Joe, on his fourth birthday Thursday afternoon. Present were Bobby Fields, Jane Peterson, Betty June Casbeer, Shirley Kost, Hugh Russell, Donald McDonald, Gussie Ruth Sparks, Eddie and Billy Bart Smith.

### Baptist W. M. U. Has Business Meet

All circles of the Baptist Woman's Missionary Union met at the church Wednesday afternoon for a business meeting. Present were Mrs. J. S. Whatley, Mrs. L. Butler, Mrs. John Mitchell, Mrs. R. K. James, Miss Maybelle Taylor, Mrs. R. F. Powell, Mrs. J. T. Patrick, Mrs. George Bean and Mrs. Claude Hill.

Next Wednesday the Little Moon and E. A. Nelson circles will meet at the church for a Bible study lesson. The Baptist Brotherhood will have charge of the state missions program Wednesday evening.

Mrs. Vera Baker and Mrs. Day Parker were San Angelo visitors Monday.
