A Last-Second Basket — OZONA GIRL CAGERS WIN 2-POINT TRILLER FROM SANDERSON FOR 1ST BI-DIST. TITLE IN HISTORY

By Ernie Boyd

A fourth quarter rally ended on a happy note for the Ozona High School girls basketball team Tuesday night as Janie La-son won a short set shot with just two seconds on the clock to give the Ozona team a 51 to 49 win and the bi-district championship over the Sanderson girls.

The victory sends the Ozona team to Lubbock Saturday for the state meet and marks the first time the Ozona's basketball history with both boys and girls have won this far in the state play-

offly Alford led the Ozona team with twenty-five points and was followed closely by Janie La-son with 22. Lupe Garza of Sanderson matched Beverley's point production with 25 and was followed by Betty Robbins with 12. Sanderson jumped into an early lead by from three to four points through most of the first quarter before Ozona gained a 9 to 8 lead just before the quarter ended. Sanderson led 10 to 9 and then the lead to 24 to 19 at the end of the Ozona team trailed by as much as 9 points. The third quarter looked very promising for the Ozona team as they held 11 points behind with the promise of catching up as they had floor play and were squashing every rally. The Ozona team could get under

Ozona girls started the first quarter with a field goal and Sanderson promptly got it with six minutes to go and led with an 11 points margin. Suddenly caught "fire" as Alford and Janie Lara began to work well for the time during the struggle. Well Barnes, who had not scored all night, pulled for straight rebounds, stole and scored all four of his in the last three minutes along with two field goals and a free throw by Alford, and four free and a game winning field goal by Janie Lara, was enough to barely win the game in overtime.

Ozona team pulled to within one of the Sanderson team on occasions before they finally (Continued on Page Three)

Fund Drive 453; Short Of Year By \$100

Annual Heart Drive found short of its annual quota following last Sunday's house campaign which netted \$435.42 according to J. Pelto, drive chairman. Workers started from their homes, the Hi-Way Cafe and most of the town even some scattered areas due to the lack of who took part in the afternoon drive resulted 150 short of its mark, but donations by mail returned in from day to day at the schools and bank was to cut this figure consid-

to expressed her thanks to workers who turned out for their warm afternoon's stated that additional urged to either mail or at the Post Office or Pelto and they would

owing Ozona Women in the drive: Dean Elby Bowman and Jere the Officers Wives Club Base; Peggy Perner Blackstone of the forum; Jeannette Gotch-Morgan, and Mary O Music Club; Marilyn Gail Hunnicutt and of the Woman's League; Jewell Bishop, Nancy Jane Womack, or- not given.

New Winter Assault Drives Thermometer To 10 Degrees Here

After letting up for a few weeks from one of the most punishing winters in recent history in this area, the weather went on a new rampage this week.

Fruit trees and shrubs, lulled into a false sense of security by three weeks of summer-like weather, got their buds nipped by 14-degree temperatures Tuesday night, following a drop to about 28 the night before. The cold winds continued throughout the day Wednesday and this morning. Thermometer reading was a frigid 10 degrees.

The new winter assault came, as with all others, without moisture in this area and pasture lands continue parched, making feeding of livestock pretty general throughout the county.

Friend Gas Well Prolific Producer From Dual Zones

Ellenburger & Canyon Zones Contribute Gas, Distillate

Delta Drilling Co., Odessa, completed as an Ellenburger discovery and was prepared to dually complete as a Canyon discovery its No. 1-A Friend, 1 1/2 miles southeast of Ozona and 3/4-mile northeast of the depleted one-well Ozona, East (Ellenburger) gas-distillate field of Crockett County.

From the Ellenburger, it was finaled for a calculated, absolute open flow of 4.2 million cubic feet of gas per day, plus 715.12 barrels of 72 gravity distillate, through perforations between 8,314-30 which had been acidized with 500 gallons. Gas-liquid ratio was 5,800-1.

Operator was taking four-point potential from the Canyon through perforations between 6,422-47 feet, which had been acidized with 16,000 gallons.

On a preliminary production gauge, it flowed gas at the daily rate of 800,000 cubic feet daily through a 14-64-inch choke, with approximately 150 barrels of 65 gravity condensate per 1 million cubic feet of gas daily.

Drilled "tight," no other information has been released.

Location is 591 feet from the north and 1,768 feet from the west lines of 93-GH-GC&SF.

The Ozona, East opener, Shell Oil Co., No. 1 Friend, was finaled in 1953 for a calculated, absolute open flow of 1.3 million cubic feet of gas per day through perforations between 8,340-435 feet. Gas-liquid ratio was 21,000-1.

The Noelke, West (lower Clearfork) field of Crockett County (Continued on Page Three)

Conservation Essay Award Winners Named

Winners of the conservation essay contest for Crockett County were announced the past week by the Crockett Soil Conservation District board of supervisors.

Winners of the contest were: Pauline Maness, first place; Bill Jacoby, second place; Pam Perner third place and Ronnie Houston fourth place.

Troy Williams, SCD Supervisor and contest chairman, presented cash awards to each winner of the local contest at the assembly hour in the High School auditorium.

Williams expressed appreciation on behalf of the Crockett SCD to all students who submitted essays and also to parents and teachers who were instrumental in creating interest in the project.

The four best essays were submitted to the Fort Worth Press to compete in the statewide contest "Save Soil and Save Texas." The State winner will receive \$200.00 cash award or a western vacation. According to Williams, the local contest is conducted each year in an effort to develop, among students, knowledge and appreciation of the basic need for soil and water conservation.

Lion Cagers Reach Finals In Regional Tourney at Lubbock

Down Seagraves 51-44 Fall To White Deer In Tourney Final

By Ernie Boyd

The Ozona Lions closed out their 1961-62 basketball season in the finals of the Region 4 tournament in Lubbock last Saturday night as they bowed to a big and talented White Deer team 63 to 38.

The Lions reached the finals Saturday morning when they downed the district 5 and 6 winner, Seagraves 51 to 44, in a game that featured some of the best outside shooting the Lions have had in years.

Phil Carnes and Soph Rodney Stewart led the Lion attack with 18 and 14 points each as Carl Montgomery and Van Miller completely dominated the rebounds to give the Lions' outside attack an added measure of security.

Van Miller, even though not scoring a point, played very well and co-captain Pete Montgomery also had one of his best games of the season as he scored 9 points and played well on defense.

The Lions gained a slight margin in the first quarter and at one time expanded their lead to 8 points in the second quarter before two costly mistakes whittled four points off the lead at the half.

The Lions, riding the fine shooting of Carnes and Stewart, along with some timely points from both Montgomerys, pulled into a 10 point lead in the fading minutes of the third period and were never in trouble during the final stan-

The meeting in the finals turned out to be something of a runaway as the White Deer crew was too hot to handle and the Lions showed little of the accuracy that had carried them in the first game.

Rodney Stewart came into the game in the middle of the first quarter and hit for 10 points before fouling out in the third quarter, but he was the only Lion to get into two figures.

White Deer, which will be 2-A starting this fall by a rather sizable margin, was led by six-foot-four Carl McAdams and six-foot-five Carl Bixley, each of whom hit for over 20 points as well as defending and rebounding effectively.

(Continued on Page Three)

Mary Lou Johnigan To Receive Degree From H-SU In May

Mary Lou Johnigan of Ozona has bachelor of science degree from completed requirements for her Hardin-Simmons University and will be a candidate for graduation in May.

A January graduate, Miss Johnigan will participate in the 70th annual commencement ceremony to be held May 28 in the H-SU chapel-auditorium.

A graduate of Ozona High School, she attended Texas Women's University before coming to Hardin-Simmons. She majored in elementary education and minored in English.

Miss Johnigan is the daughter of Mr. and Mrs. Hartley Johnigan of Ozona.

Sunray Encounters Gas In E. Glasscock Test

Sunray Mid-Continental Oil Co. has encountered a gas flow rated at 1,474,000 cubic feet daily while drilling with air in the Pennsylvania at 8,680 feet in No. 1 T. E. Glasscock, Crockett County wildcat.

The wildcat now is preparing to take a drillstem test at 8,900-36 feet possibly in the Pennsylvania.

The prospect, contracted to drill to 9,500 feet to test the Ellenburger, 9 1/2 miles northeast of the Joe T. (Strawn) Field and 660 feet from south and 2,500 feet from west lines of Section 14 Block H GC&SF survey.

Dorsey B. Hardeman

Dorsey Hardeman Seeks Re-Election AS State Senator

San Angelo Attorney Has Been Member of Senate Since 1947

Dorsey B. Hardeman of San Angelo has announced his candidacy for re-election as State Senator from the 25th District.

Senator Hardeman has been a member of the Senate since 1947 and has served as chairman or member of all major standing committees of the Senate, as well as on many important special and interim committees. He is presently chairman of the powerful Senate General Investigating Committee, a position he has previously occupied, and is a member of the Legislative Budget Board on which he has served for ten years. He was elected President Pro Tempore of the Senate and served as acting Governor of the State on December 3, 1954, during the absence of Governor Allan Shivers and Lieutenant Governor Ben Ramsey.

Senator Hardeman is recognized and respected by his colleagues as an authority on constitutional law and Texaex and American history. He has been invited by his colleagues to address the Senate on constitutional questions and historical subjects on a number of occasions. He was made an honorary life member of the Texas State Historical Association for outstanding service rendered to Texas, which is the highest honor the Association bestows. Only five other persons currently hold this honor.

In his announcement, Senator Hardeman said: "As a candidate for re-election to the office of State Senator I respectfully solicit the support and votes of all the people of the 20 (Continued on Page Three)

16 Crockett 4-H Club Members To Exhibit At San Angelo Stock Show

Sixteen Crockett County 4-H Club members will exhibit 35 head of livestock at the San Angelo Fat Stock Show next week. Pete Jacoby, County Agent and 4-H sponsor, said this week.

The livestock will be taken to San Angelo Tuesday to be shown Wednesday, Thursday and Friday. Prize animals will be sold in an auction sale Saturday.

Registered Herefords will be exhibited by Larry Williams and DeDe Beauchamp. Larry showing two and DeDe a registered heifer. registered heifers and two steers

Showing 2 registered Rambouillet rams and 2 registered Rambouillet ewes will be Leltee Mitchell and Keith Mitchell will show 2 registered Rambouillet ewes. Showing registered quarter horse mares will be Rex Bland, George Cox and Paul Perner, III.

Twenty-one fat lambs will be exhibited by Penn Baggett, Bill Jacoby, David Jacoby, Rex Bland, Diltzie Bland, Tom Davidson, Charles Childress, Fred Baker and Mike Baker.

Three Ozona boys, Rex Bland, George Cox and Jack Appiewhite will enter the calf scramble which will feature the Saturday afternoon show.

5-Year-Old Girl Dies In One-Car Crash West Of Ozona Fri.

Woman Driver Of Car Injured Seriously In Accident

Five-year-old Melodie Wolfe, daughter of Robert Wolfe, program director of Radio Station KBER of San Antonio, died instantly and Miss Diane Gregg, 31, of Tucson, Ariz., driver of the car, was seriously injured in a one-car accident 15 miles west of Ozona on Highway 290 last Friday.

Miss Gregg was on her way to San Antonio to take the little girl to her father. The child was dead on arrival at the Crockett County Hospital. Miss Gregg is still in the hospital but is well on the road to recovery. She suffered multiple breaks in one leg and arm and other injuries.

Miss Gregg told investigating officers that she apparently fell asleep at the wheel of her car seconds before the vehicle plowed into a bridge abutment over Howard draw.

She and the little girl had driven from Las Cruces, N. M., Friday before the 4 p. m. crash.

The child is survived by her father, of San Antonio; her mother, Mrs. Betty Wolfe of Tucson, Ariz., and her paternal grandparents who live in California.

Airgun In Hands Of Child Is Dangerous Weapon, Sheriff Warns

Spring time and warm weather generally brings out the boy and his airgun and that means trouble for the sheriff's department, according to Sheriff Billy Mills.

Already reports are reaching the sheriff's department of a damage from carelessly used air rifles, the sheriff said, and he asks the cooperation of Ozona parents in avoiding the unsupervised use by young boys of air rifles in town. Airguns of today are lethal weapons, the sheriff pointed out, and should be considered so by parents. Most of the guns are powerful enough to cause serious injury, and especially to the eye should a pellet strike.

Sheriff Mills asks parents to check on their children if they own an airgun to warn them of the dangers of careless shooting.

Work Started On Huge Fly Factory At Mission, Texas

Plant to Raise 75 Million Flies Weekly To Be Ready June 30

Construction of facilities for producing around 75 million flies weekly for use in the screwworm control program got under way this week at the old Moore Air Force Base at Mission, according to T. A. Kincaid, Jr., of Ozona, a member of the Southwest Animals Health Research Foundation.

Doing the work is Brown & Root, Inc., of Houston, who submitted a fee bid of \$45,000 plus cost, estimated to run around \$600,000.

Contract for the project was let in Dallas Monday at a meeting of the trustees of the foundation.

Marvin J. Bridges of Buffalo, who had represented the swine industry as a foundation trustee, resigned and was named manager of the plant for a period of six months. Bridges' successor has not been selected, Kincaid said.

Kincaid said it was originally estimated the plant at Moore would cost around \$1 million. It is estimated the facility will be completed and ready for operation by June 30, two months ahead of schedule.

Equipment that was used in the screwworm fight in Florida is being dismantled at Sebring and is to be transferred to Moore and set up in hangars that are being (Continued on Page Three)

Colonel Glenn Did! Did Gagarin & Titov?

Every American whose sense of patriotism and pride in country has not been destroyed or dulled by years of subtle propaganda which seeks to belittle every American accomplishment and glorify and expand those of our enemies, was thrilled last week by Colonel John Glenn's successful orbital flight three times around the earth.

It was a magnificent example of accomplishment through American scientific know-how and American power to execute a gigantic undertaking successfully. It was also an example of American regard for human life which waited until there was little chance of failure before risking a man in space, despite the fact that the pinko press here and the anti-American propaganda abroad made great grist out of our repeated failures and postponements.

Almost every phase of the undertaking was staggering to the imagination — 17,500 plus miles per hour of speed; a missile aimed so accurately that after 81,000 miles of travel it came back to earth within a few miles of its intended landing spot; 30,000 men and billions of dollars worth of equipment deployed around the world to track and keep in touch with the astronaut in flight. Radar equipment was tracing the capsule along every inch of its flight, radio communication was perfect, even you and I heard Colonel Glenn's voice as he rode a man-made space ship at fantastic speed through the heavens. All the world had been notified long in advance and any country on earth could have listened in and looked if it chose and there could have been no doubt in anybody's mind that a man was actually

riding a space ship in orbit around the earth in that emptiness we have heretofore known only as the abode of the stars — and of God.

It was a thrill a minute for nearly five hours, and a lingering thrill when at last a reluctant and mostly hostile world, despite our tremendous foreign aid largesse through the year, had to admit an American success of unbelievable proportions and had to say so with notes of congratulation.

But President Kennedy had to go back to the old theme of Russian "aheadness" in space. It was a great flight, John Glenn's, he admitted, and apparently prideful in that accomplishment, but he dimmed its glory by pointing out in his opening sentence that "although America is still behind in the space race because we got a late start," etc. and he proceeded to praise Colonel Glenn's feat.

The president must surely know that there are a large number of factors which cast very serious doubts as to whether or not the Russians have as yet put a man in space and brought him back to earth alive. For one, the Communist newspaper in London, the Daily Worker, broke the story of Gagarin's alleged flight a day before it was announced as having been made by the Russians. The president must also know that American and other friendly powers' tracking stations found nothing in outer space the day the first Russian was claimed in orbit. In the case of the second alleged space traveler put up by the Russians, name of Titov, our tracking stations found something in orbit but never tracked it back to earth. Previously, in the case of the two dogs the Russians claimed to have orbited and brought back to earth

alive, our tracking stations tracked an object in space but watched it return to the earth's atmosphere and be destroyed in flames. Russian astronaut's conflicting accounts.

If there were not the so-called counts of their flight and landings, of the things they could see on earth from a hundred or more miles up, like distinguishing between plowed and open ground, the fact enumerated above would be sufficient to cast real doubt as to the truth of the Russian claims. Why the president of the United States must persist in ignoring those doubts and lend stature to the Russians' false claims by referring to them as fact, we for one will never know unless he should choose to explain it.

Maybe ours is a first — if so we hope others will join us, especially JFK, — but we here and now declare and state that Marine Colonel John Glenn, United States of America, was the first man in all history to ride a space capsule in orbit in space around the earth on February 20, 1962.

Now Krushy, let's see you prove us wrong.

WHO WAS RIGHT ABOUT THAT BUDGET

In the first of the famed Kennedy - Nixon television debates from Chicago on Sept. 26, 1960, Vice President Nixon said: "I figured out the cost of the Democratic platform. It runs \$13.2 billion dollars a year more than we are presently spending."

Candidate Kennedy emphatically denied the Nixon estimate, declaring later, "Well, of course it is untrue. The figure was used that he has personally calculated the Democratic platform and it ranged between 12.3 and 15 billion, or some such figure. There is no basis for that..."

Federal spending then was \$79 billion. President Kennedy's fiscal 1963 budget calls for \$92.5 billion in spending. The difference between \$79 billion and \$92.5 billion is \$13.5 billion.

Notes From The County Agent's Office

By Pete W. Jacoby

Here are some suggestions from Ted Trew, Extension pasture specialist at Texas A&M College, that can help you improve the condition and appearance of your lawn. He says that fertilization, weed control, mowing and watering are the management factors to watch. Fertilize with complete fertilizer about the time grass begins to grow, Trew says. He suggests using enough fertilizer to supply 2 pounds of nitrogen per 1000 square feet. Then topdress through the summer with nitrogen at the rate of 1 pound of N per 100 square feet every 30 to 40 days.

The best weed control is a thick vigorous growth of grass. Where chemicals are needed, Trew suggests you follow suggestions contained in L-425, "Chemical Weed Control".

Mow regularly, taking off not over an inch at a time. Water only when grass needs it, then soak to a depth of 6 inches or more.

Finally, Trew suggests that you obtain a copy of B-203, "Home Lawns," from your county extension office.

USDA And SCS Renew Cooperation Agreement

College Station — Secretary of Agriculture Orville L. Freeman has announced the updating and broadening of the agreement which provides the official basis for cooperation between the USDA and local soil conservation districts.

According to the announcement, the USDA is now ready to enter into this revised agreement which will offer help to districts "in conserving and improving soil, water, vegetation, wildlife and related sources, and in reducing damage by flood and sedimentation."

The new memorandum will be used with all newly formed districts. Arrangements with existing districts will be re-negotiated using the new document as rapidly as they wish to do so, the Secretary said.

Updating USDA's assistance to

districts comes on the 25th anniversary of the district movement. In Texas, 182 soil conservation districts, including 98 percent of the state's privately owned agricultural and forestry land, have entered into agreements with USDA for help in conserving soil and water resources, says Lynn Pittard, extension soil and water conservation specialist.

WANT A NEW HOME?

HAVE IT NOW — HAVE IT BASIC BILT

NO CASH NECESSARY - PAY LIKE RENT

We build it on your lot — 25 plans available. These homes are not cheap construction. They are the same qualities as the fine homes that we have been building for the past ten years.

The secret is letting us complete the house on the outside, and furnish the material for you to finish all, or any part of the inside, according to your mechanical skill.

We will give you a price with, or without the electrical wiring, plumbing and fixtures, cabinets and built-ins, taping, floating and painting. You may even put up your own sheetrock, and cover the floors yourself.

There is no limit to the different combinations that may be worked out to fit your budget.

Here is the "Basic Bilt" Plan and its advantages.

1. The money that goes into your BASIC-BILT home (or other building) buys the quality you'd expect in any fine home.
2. You have the satisfaction of doing part of the job yourself . . . just the way you want it done.
3. You can enjoy living in your BASIC-BILT home while you're finishing it.
4. You have the comfort and convenience of the building you've wanted . . . and you HAVE IT NOW!

See us now for particulars and for your needed Home Repairs

NOTICE OF REWARD
 I am offering
\$500 Reward
 for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.
Billy Mills
 Sheriff, Crockett County

Fly Factory —

(Continued from Page One)
 utilized. The base was transferred to the USDA by the General Services Administration.
 Until the Moore plant is in operation the fly factory at the USDA station near Kerrville is producing about 10 million flies weekly and soon will be turning out 20 million flies each week.
 These flies are being distributed in the buffer zone and also in hot spots where screwworm cases already have been reported. After the Moore unit gets into operation only foundation breeding stock will be maintained at the Kerrville station.
 Kincaid said that while the screwworm control program was ahead of schedule, the trustees were concerned and worried over lagging interest in the project. He said \$1.5 million of the \$3 million goal had been raised in Texas but that 20 of the state's counties had made no report at all and of 180 counties only about 50 per cent of

the goals had been reached. He said another \$1.5 million was needed to assure continuance of the work.

"The program can still fall on its face," Kincaid said. "Funds turned over to the foundation, except for the small amount needed to care for immediate expenditures, has been invested in short-term government securities through a Dallas bank."
 West Texas trustees other than Kincaid attending the Dallas meeting were Jerry Puckett of Fort Stockton, treasurer, and Alvie Cole of Sterling City. Tom Wallace, executive secretary of the Texas Sheep & Goat Raisers' Association also attended the meeting.

Jo Ann Cordes, 2-year-old daughter of Mr. and Mrs. James Cordes of Ozona, is back home after undergoing surgery in a San Angelo hospital last week. The child, suffering from a dislocated hip, will be in a cast for some time until corrections made by surgery are healed.

Beef Cattle Field Day Scheduled Mar. 3 At Balmorhea Station

The annual beef cattle field day is to be held March 3 at the Trans Pecos Experiment Station in Balmorhea, according to A. A. Melton, associate animal husbandman at the station.
 The field day will mark the conclusion of the 140-day performance test of 69 bulls and 19 steers.
 Also on hand for observation will be three lots of heifers which are being used in a frequency of feeding protein supplement test. One group is fed daily, another group every five days and the third group once each week.
 Among beef cattle authorities who will speak at the program will be John Jones, professor of the animal husbandry department at Texas A&M College, College Station; R. S. Temple, southern regional coordinator of beef cattle research of the Agricultural Research Service, Knoxville, Tenn.;

L. S. Pope, professor of animal husbandry at Oklahoma State University in Stillwater, and Melton.

The morning is to be spent in observing the cattle and records of each group, visiting and renewing acquaintances.
 A barbecue lunch is to be served at noon with the main program following immediately.

M & M DECORATOR SERVICE
 Customs made draperies. Large selection of samples, hardware and accessories. For appointment in your home, call
MRS. JACK (MYRA) JONES
 or go by 807 Fifth Street
Myra Jones, Owner & Decorator
 Johnny Graves of Odessa was treated in the Crockett County Hospital this week for injuries suffered in the wreck of a truck he was driving between Ozona and Big Lake. Graves lost control of the truck, which belonged to his employer.

CHEATING MOLDS STUDENT'S ADULT HABITS

By Lucy Diaz

Today's problem of cheating is a grave one. Not only does it rob a student of his knowledge but it also might give him credit which belongs to someone else.

Many students think that copying home work is not important and does not effect their lives. It does effect them in that it makes the teachers think the student knows his lessons and does not need help. The teacher goes on to another lesson, but the student has lost that much knowledge.

Boys and girls must be shown the need for honesty throughout eternity. If a person copies and cheats in his childhood, there is little chance of changing that habit after he enters adult-hood.

A good, honest generation will insure the world of better relationships between nations.

JANIE LARA SENIOR OF WEEK

Juanita (Janie) Lara was born in Ozona on June 16, 1944. She lives with her mother, Mrs. Lola Rios. She has three sisters: Mrs. Cooper, Mrs. Flynn, and Miss Anna Mendez; one one brother, A-lejos Lara.

Janie has attended the Ozona Public Schools since the first grade but has lived in San Angelo, San Jose, California, and Junction.

Janie's hobby is singing. She uses this talent in the Templo Jerusalem Church of which she is a member. Janie has been in the band four years; Basketball, four years (Co-Captain 61-62); and Volleyball one year and manager one year.

Her comment on leaving Ozona was: "I can't wait to enter college, but I will miss all my friends here in OHS."

HAL LONG FILES OUTSTANDING ATHLETIC CAREER

Hal Long, an outstanding athlete in OHS sports, is the son of Mr. and Mrs. Nelson O. Long of Ozona. Hal has participated in football, basketball, and golf since moving to Ozona from Huntsville in 1959.

Hal was born January 16, 1944, in Beaumont, Texas, he lived five years in Kountze, Texas, then moved to Huntsville, where he was secretary-treasurer of the Freshman Class. Since moving to Ozona, Hal has achieved such honors as all-district football in 61 and captain of the 1961 football team. He was judged outstanding player on

the all-tournament team in the Rankin basketball tourney, and set a new record of 34 points for an individual game in a home basketball game this season.

Another honor was favorite of the Junior class of last school year. Hal's comment on his residence in Ozona was: "I have enjoyed living in Ozona for three years, and I will always remember the friends I have here."

BAND TO ENTER BRADY FESTIVAL

The Ozona High School band will travel to Brady, to the annual Brady Band Festival, Saturday March 3.

For the contest the band will play "Overture in Miniature," and "The Simitar." After playing these they will try their skill at sight-reading; then march in a street parade and join in with the other bands in a mass concert. In this they will play "Star-Spangled Banner," "Sounding Brass," and "Military Escort."

There will be five or six other class A bands there. Some of the town which will be represented are San Angelo, Lakeview, Albany, and Cross Plains.

LIFE AT AIR FORCE ACADEMY SUBJECT OF SUN. PROGRAM

Life at the U. S. Air Force Academy will be explored in depth, with emphasis on the physical fitness program, during "Cadet Sports — Training for Leadership" on the Sunday Sports Spectacular, Sunday, March 4, from 12:30 to 2:00 p. m. MST on the CBS Television Network.

Academy officials and the Cadets themselves will take viewers through every phase of cadet life at the Academy near Colorado Springs, Colo., from "Doodle days" (fourth class through first class, in a weekend visit by series host, Jack Whitaker, to this country's newest service school.

The Academy's intensive three-part program for training future Air Force officials — the Academic, military and physical — will be outlined during interviews with Major General William S. Stone, Superintendent, and Brigadier General William T. Seawell, Commandant of Cadets.

NMS TESTS TO BE GIVEN TUESDAY

The National Merit Scholarship tests will be given on Tuesday, March 6, in the cafeteria to each junior wishing to take this test. The test will cost \$1.00. The students are to go directly to the cafeteria at the regular first period class time, 8:05. Do not go to first period class!

These tests are given as a nationwide search for students who have extraordinary abilities to benefit from a college education.

The tests include five subjects: English usage, Mathematics usage, Social Studies Reading, Natural Science usage and Word usage.

To take the test, each student should bring 3 or 4 soft lead pencils — no ink — because the scoring equipment is not sensitive to ink impressions.

The results of the test in May will be returned to Mr. Pelt. You will be given your total score, and your average score.

SENIOR LIONS ADD A LINE

Monday, after their season was over, the seniors on the Ozona boys basketball team were asked this question: "What is your comment on your basketball season?" There were several different thoughts brought out; however, each boy seemed to have enjoyed the season.

Carl Montgomery, a regular starter, said, "I think we had a really good season."

His teammate, Hal Long, had this to say, "I want to thank all the people who followed us and supported us. They helped a lot in making our season very successful."

Gary Studdard, one of the captains, said, "I enjoyed it, and I wish that it had lasted longer."

Billy Cornelius said, "I think it was a real good season."

Gary Stewart had this comment

to add, "I enjoyed it very much, but we should have gone farther then we did."

Van Miller, another of the captains, looked at the season from this stand point. "It could have been worse."

Bobby T. bb, upon hearing Van's statement, added, "It could have been better."

Phillip Carnes probably expressed the way most of the boys felt when he said, "It was pretty good up to the last game."

JANET MASON PLANS TO ATTEND SAC

Janet Lee Mason was born June 17, 1944 in Bryan, Texas. Her parents are Mr. and Mrs. Woody Mason and she has one brother, Ronnie.

Janet started to school in Big Lake. She attended second and third grades in Cocoa, Florida, then moved back to Big Lake. During the 7th grade she moved to Ozona.

Janet has participated in basketball for 58-62 and Band 58-60, assistant director for the Junior Play and one-act play 61 and for the Junior-Senior play and one-act play, 62. She has been on the Ayer staff 60-62 and is editor of the Lions Roar 61-62. She was also commentator for the wool contest 60.

During her spare time she enjoys gardening and outings.

Next year Janet plans to attend San Angelo College and major in homemaking. She says of her years in high school, "I have enjoyed going to school here and I'll miss my friends next year."

PICK UP & DELIVERY

THE LINES MAKE THE COLUMN

Congratulations go to Carl Montgomery. He made the All Regional Team at Lubbock last weekend.

Ozona High students seen at Lubbock were Don Nell Carnes, Becky Cullins, Jayne Cole, Jann Smith, Glenda Friend, Janet North, Susan Long, Vicki Applewhite, Linda Miller, Bill Boman and Dude Melton.

Girls, after school, go to the track field. No, there is not going to be a girls track team. Since boys basketball season is over, the track field is "where the boys are."

The volleyball team played first home game Friday, Tuesday, at Eldorado, and it is a district Let's back them all the way!

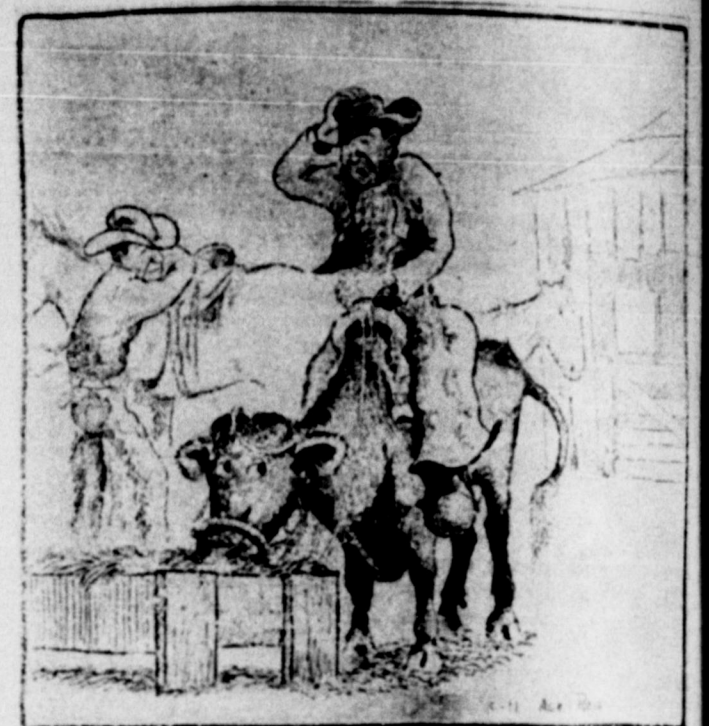

The band is leaving Saturday morning for Brady. They entered in the contest there. Luck, band!

The girls basketball team over Sanderson for bi - district Tuesday night at McCamey. They will now go to Lubbock for Regional Tourney. Play well.

FOR EXPERT furniture re-gluing and refinishing, call 3097 after 5 p. m. or any time week-ends.

One big dazzler...

one little gem...

now join the world's greatest V-8 collection

405-HP THUNDERBIRD V-8—Thirty years of Ford experience culminate in this startling V-8. Available in every Galaxie, it puts 405 horses under the throttle, a dazzling level of acceleration that cannot be imagined but must be felt. A super-performance option, it comes only with the four-speed gear box. But, unlike some "special" engines that require delicate tuning and modification, it puts out its potential right off the showroom floor. Even more impressive, Ford skill has made it a docile tiger; it idles smoothly, it is durable, its super capacity does not come at the expense of harshness and noise. Among expert drivers, it is praised as a true high-performance V-8 in America . . . the pace-setter for 9 other V-8's tailored to every driving need.

NEW FAIRLANE CHALLENGER "260" V-8—When the 221-cubic-inch Fairlane V-8 appeared last fall, automotive writers hailed it as a great basic advance, a compact jewel of design. Now, the "260" V-8 proves their prediction. With 164 hp, 19 more than the standard version, Fairlane gains a new brilliance of performance—but it still runs on "regular," still outsaves any standard-size Six. It has the durability of time-tested cast iron, slimmed and lightened by Ford's precision-casting technique. Created by the one maker who has built 30,000,000 V-8's since 1932, it brings the sparkle and smoothness of V-8 power well within the thrifty budget's reach, puts truly sophisticated engineering at the service of truly economical motoring.

Ford WORLD'S FOREMOST BUILDER OF HIGH PERFORMANCE V-8 ENGINES

Whatever you're looking for in a V-8, look to the long Ford line

FAIRLANE 500 . . . Right size . . . Right price . . . Right between compacts and big cars

GALAXIE 500 Its silence whispers quality

Dr. Franklin Littell To Speak at World Day Of Prayer Service Here

Dr. Franklin H. Littell, professor of church history at Southern Methodist University in Dallas, will be the guest speaker when the Woman's Society of Christian Service of the Ozona Methodist Church observes World Day of Prayer in the sanctuary of the church Thursday evening, March 8, at 7:30 p. m.

Dr. Littell is perhaps best known for his book, "The German Phoenix," in which he tells the story of 25-year period in which the German Protestant church was transformed from state sub-sidized complacent conservatism into a body resisting to the death Communist and Nazi tyranny and in which laymen of the German church began to take an active and creative part in the life of European Christianity.

Dr. Littell's talk here will be on the state of the Church throughout the world today. He holds degrees from Cornell College, Union

Theological Seminary, Yale University and Merburg University. He is consultant on religions and higher education to the National Conference of Christian and Jews, an Associate of Phi Beta Kappa, a Fellow of the National Council of Religion in Higher Education.

World Day of Prayer is a world wide Protestant observance with millions of men and women in 145 different countries of the globe

joining in the spiritual fellowship on the same theme. The service this year has been prepared by the women of Uruguay.

A cordial invitation is extended to all Ozonans to join in the observance and to hear Dr. Littell.

G. L. Coates, who practiced medicine in Ozona in the twenties, and Mrs. Coates is the former Germaine Coates, daughter of Mr. and Mrs. Ford Coates of Fort Stockton, also former Ozonans.

Mrs. V. J. Drisdale and Mrs. J. O. Taylor of Juno were the guests of Mrs. Sherman Taylor last Saturday for the Forum Style Show at the Country Club.

*Manufacturer's suggested retail price for the full-size Newport 4-door sedan, exclusive of destination charges. White wall tires extra.

CHRYSLER \$2,964.*

The Chrysler 300 2-door hardtop sedan.

SPORTS-DRIVE THE 300! Now in a price range that starts just above Newport! Drive the sports-minded Chrysler that recently ran off with the Manufacturer's Award, Best Performance, Class 1, Pure Oil Trials, Daytona International Speedway.

We're happy to report that success hasn't spoiled Chrysler Newport.

Newport's still the full-size, beautifully engineered automobile that led Chrysler to new sales marks during the '61 model year . . . and continues to set a record sales pace so far this '62 model year.

Newport's a very solid success. Its all-welded body has no bolts to loosen. The ride is quiet, restful. There's genuine comfort for six people.

Newport's broad-shouldered V-8 engine has a surprisingly dainty appetite for all of its 265 horsepower—on a diet of 10% less-expensive regular gasoline.

Newport's no "jr. edition." Long anti-sway 122-inch wheelbase handles high winds as if it were on rails.

Newport's size is matched by its rich interiors. Newport's fabrics would lend color and distinction to any living room decor.

Newport's, more than ever, Chrysler's finest full-size value! Any Chrysler dealer would be happy to prove it!

THREE GREAT CHRYSLERS: NEWPORT ■ 300 ■ LUXURIOUS NEW YORKER . . . again, no jr. editions to jeopardize your investment

Your Chrysler Dealer sells the right car for you!

Mrs. O. D. West Named Next President Of Ozona Woman's Club

Mrs. O. D. West was elected president of the Ozona Woman's Club at the annual meeting for election of officers held Tuesday afternoon in the home of Mrs. N. J. Graham, with Mrs. J. A. Fussell as assisting hostess.

Other officers, elected by acclamation after a report of the nominating committee headed by Mrs. Joe Pierce, Jr., were Mrs. Max Schneemann, first vice president; Mrs. J. A. Fussell, second vice president; Mrs. Hubert Baker, treasurer; Mrs. Stephen Perner, recording secretary; Mrs. Joe Pierce, Jr., corresponding secretary; Mrs. Taylor Word, parliamentarian; and Mrs. L. B. Cox, historian and publicity.

Mrs. Taylor Word, the president, and Mrs. O. D. West, incoming president, were elected delegates to the Heart of Texas District convention in Junction March 8 and 9. Mrs. Max Schneemann was named alternate.

Mrs. Word opened the meeting with a story of the Club Collect and a biography of Mary Stewart, author, after which the club had the Collect together. Mrs. Hubert Baker, treasurer, reported on donations by the club this year, which include Texas Federation headquarters maintenance fund, \$5; Warm Springs Foundation, \$10; TB Association, \$5; GF Headquarters maintenance fund, \$5; ARE projects in Latin America, \$5; Crockett Co. Welfare, \$10; FWC Scholarship fund, \$3; March Dimes, \$5; Heart Fund, \$5. The report showed \$211.52 in the Club fund.

Mrs. P. L. Childress, Jr., of the woman's Forum, discussed the family affairs project in which the Woman's Club and PTA cooperate in sending out monthly movie and TV guide on quality programs. The club voted to finance this month's expense. A letter of appreciation from the manager of the State Orphanage at Mexicana for Christmas boxes from the club was read.

Mrs. Ira Carson, civic chairman, reported on plans for improving City Park and the Club voted to buy a bird bath and figurine to beautify the center planting.

Mrs. J. W. Henderson, Jr., was program leader and Mrs. V. I. Pierce gave an article, "Trust Your Instincts, Mrs. Clubwoman," by Dr. Charles Malik, former president of the UN general assembly, now professor in the department of philosophy and religion in the American University in Washington.

Mrs. R. A. Harrell, a guest, recounted her trip with her family to Washington last June to attend the commencement exercises of the American University, where their son, Roy, received a Master of International Affairs degree. Dr. Malik was the principal speaker for that occasion. Mrs. Harrell described him as a giant of a man physically and an impressive speaker. He predicted at that time, she said, that Western civilization would never crumble under the Communist threat and that the Russian people, only 2 percent of whom are Communist, would someday see the sham and falsehood of Communism and rid themselves of the yoke.

Miss Cheryl Clayton, a high school senior, played Roger Williams' arrangement of Autumn Leaves. Mrs. Charles Williams, Sr., closed the program with a benediction.

Others present were Mmes. W. T. Bradbury, A. C. Hoover, Will Baggett, John Bailey, Ivy Mayfield, Tom Clegg, Roy Killingsworth, Bailey Post, L. B. Cox, Jr., and Ewart White.

ACCIDENTALLY BURNED

T. C. Goodman of Ozona was seriously burned about the legs and hands when his clothing caught fire while burning trash at his home here. Mr. Goodman is under treatment in the Crockett County Hospital.

BACK TO OLD JOB

Garland Young has returned to Ozona to resume his old job as barber at the Beall Barber Shop. Mrs. Young and their children are expected to join him in the next few days. Mr. Young has been living at Abbott since moving from Ozona a few months ago. The Youngs, since leaving Ozona, have become the parents of a son born two weeks ago.

Women's Clubs District Convention In Junction For Scholastic Record

The Annual Convention of Heart of Texas District, Texas Federation of Women's Clubs, will be held in Junction March 8 and 9.

Mrs. Gully Cowsett is general chairman. Miss Mollie Bierschwale of Mason, President, will preside at the sessions in Legion Memorial Hall, where registration is also scheduled.

Luncheons and dinners will be held in Hotel Las Lomas, which will be headquarters for delegates and other visitors. Convention Theme is "Let's Stand Up and Be Americans".

Among the guest speakers will be: Mrs. Harry Griffiths, Austin, President, State Federation of Women's Clubs; Hon. Coke Stevenson, Ex-Governor of Texas; and Mrs. L. E. Dudley, Abilene, Chairman of Education Department GFWC, and member of the State Board of Texas Education. The Ozona Woman's Club will be represented by Mrs. Taylor Word president; and Mrs. O. D. West incoming president, Club delegates and Mrs. Max Schneemann alternate.

FRIDAY BRIDGE CLUB

Mrs. S. M. Harvick entertained the Friday Bridge Club in her home last Friday afternoon. The tea table was centered with an arrangement of spring blossoms. High score was won by Mrs. Ewart White, low by Mrs. Hillery Phillips, guest high by Mrs. Sherman Taylor, and cuts went to Mrs. Bill Adams and Mrs. George Montgomery.

Others attending were Mrs. W. W. West, Mrs. Tom Harris, Mrs. Early Baggett, Mrs. W. T. Bradbury, Mrs. V. I. Pierce, Mrs. Lovella Dudley, Mrs. J. M. Baggett, Mrs. J. W. Henderson, Mrs. Jake Short, Mrs. Joe Pierce Jr., and Mrs. Jerry Pace of Austin.

COLLINES IN PECOS

A note from Ginny and Ray Collins to send The Stockman to them at Pecos. Ray, employe of Continental Oil Co. here for 11 years, was transferred to the company's office in Pecos.

"We miss everyone there so much as that was home to us 11 years," Mrs. Collins wrote. "Love to all." During most of the time the couple resided here, Mrs. Collins was assistant to Dr. Joe B. Logan, dentist.

Taking Mr. Collin's place in the local Conoco office is Leonard McCrary.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, March 2, 1933

Nearly 20 sections of grass land were swept here and a number of sheep were burned to death in a prairie fire which raged for more than five hours last Thursday afternoon, starting at the dump ground east of town and cutting a swath approximately two miles wide and ten miles long in a northeasterly direction. Nearly 500 men from the surrounding area aided in fighting the stubborn blaze.

Ed Jones, a resident of Ozona

four years, died Thursday afternoon after a brief illness. He was 78 years old. Mr. Jones and his wife, the former Mary Tennessee McNutt, sister of Mrs. W. P. (Mother) Hoover, made their home here with Mrs. Hoover.

Ben J. Smith of San Angelo,

father of U. S. (Rusty) Smith of Ozona, died in a San Angelo hospital Tuesday night following a brief illness. He was 70 years of age and had resided in San Angelo 31 years.

Madye Jo Bailey, daughter of

Mr. and Mrs. Albert Bailey of near Sheffield, won first place in her division in declamation for the Sheffield school Wednesday night. She will represent the Sheffield school in declamation at the county meet in Fort Stockton.

Basketball contests, tumbling

acts stunts of all kinds and a rapidfire evening of side-splitting entertainment is in store for Ozonans at the annual fun-night to be staged Friday evening in the high school gymnasium under auspices of the athletic department

Miss Hagler To Become Bride Of John Gilliam In Gordon Church Rites

Mr. and Mrs. Robert Lee Hagler of the Gordon community, near Post, Texas, announce the engagement and approaching marriage of their daughter, Velma Jean, to John Arville Gilliam son of Mr. and Mrs. A. E. Gilliam of Ozona, Texas. The wedding will be solemnized April 20 at 7 p. m. in the Gordon Church of Christ.

Miss Hagler attended Wilson Public Schools and is a student at Jessie Lee's Hair Design Institute at Lubbock.

Gilliam attended Ozona High School and is employed by Ozona Butane Co. Friends and relatives of the couple are invited.

Evils of the soda fountain was

the subject of a hilarious discussion by Norris Creath as the feature of the entertainment program for the Ozona Lions Club at its meeting Monday. Mr. Creath also read "Liza at the Telephone."

C. J. Watts is erecting a filling

station on the E. B. Deland lot east of the Model Laundry on Highway 27. The building is being constructed of concrete.

The Quick Service Station, owned by the local Humble Oil & Refining Co. agency, is now under the management of Horace Taylor and D. D. Bowler, both of Trent, Texas. Mr. Taylor and Mr. Bowler succeed Shelton Gossett in management of the station.

Tom Gilbert is in a San Angelo

hospital where he is scheduled to undergo a serious operation probably Monday of next week.

A light rain fell here the first of the week, serving to settle the dust somewhat and offer some encouragement to the growth of weeds and grass.

Tax Renditions

SHOULD BE COMPLETED BY APRIL 30

If you have not signed and returned rendition blank mailed you, call at the assessor's office and get your property on the rolls.

If you do not own real estate, you may render personal property such as automobile, household goods, jewelry, etc., and thus qualify to vote in all elections including bond issue elections, which are restricted to property tax paying voters.
