Practice Begins For Little League Season

Players were bought and prac-
tice begun this week as the 1962
Little League baseball season be-
gan with spring training.

Bill Lewis has been named di-
rector for the new season which
will find four teams chasing the
title shared last year by Moore
Oil and B&B Grocery.

Last year's league play was
marked by heavy hitting and ra-
ther spotty pitching the latter of
which should be greatly improved
this season, since many of last
year's most promising hurlers are
back this year with additional size,
strength and experience.

in Crockett County, 15 miles
southwest of Big Lake and 1 1/2
miles east and very slightly south
of the World, West (Strawn) field,

It is 1 1/2 miles north of Monsanto
Chemical Co. No. 1 Alex, a 9,190-

1956. The following tops were
picked on derrick floor elevation
of 2,699 feet; Pennsylvania, 8,100

alleys, and practice a non-litter
campaign all year. We would es-
pecially call attention to the beau-
tiful city parks. Enjoy them but
keep them beautiful.

Crucial Period In Screworm Fight Arrives With Warm Weather; Success Depends On Cooperation Of Ranchers

"This winter's hard freeze helped
us to get the drop on screwworms.
Now the warming weather and in-
creased humidity may cause us to
lose it! This statement was made
jointly to lay by Dr. R. G. Garrett,
Executive Director of the Texas
Animal Health Commission, and
Dr. John L. Wilbur, Animal Dis-
ease Eradication Division of the
United States Department of Ag-
riculture.

"Early activation of the Screw-
worm Eradication Program was to
try to take advantage of the deep
killback on the screwworm flies in
Texas due to extreme freezes in
January and February. We knew
we were working with a short
supply of sterile flies, and with
some unseasoned personnel. How-
ever, we did have a significant
nucleus for sterile fly culture, and
an adequate backlog of trained,
experienced people.

"By now, we have increased fly
production through 10 million to
14 or 15 million per week. By
April 24th, we will be producing
well over 20 million sterile flies
per week. Then we will have to
work with this amount until early
July. At that time, the new 75
million per week sterile fly plant
at Mission will be in production
This completion date is 90 days
ahead of our best expectations of
just 45 days ago. The manpower
situation is shaping up equally as
well, and by July 15, the show
should be well on the road."

Dr. Garrett mentioned all this
to put the Screwworm Eradica-
tion Program in its proper per-
spective, and to emphasize that
livestock owner and handler co-
operation now is of utmost necessity
and importance. He said, "There
are many ways they can help us,
and by so doing, these people will

Van Miller To Compete In Lubbock Relays In Preparation For State

Van Miller, Ozona's lone repre-
sentative in the state track meet to
be held in Austin next week, will
enter the Red Raider relays in
Lubbock this week where other
athletes from all over West Texas
who have qualified for the state
meet, will be competing.

This will be the first year Ozona
has sent its state qualifiers to Lu-
bbok since in the past they have
attended a meet of like nature held
in San Antonio.

Miller jumped 21 feet 5 1/2 inches
in Lubbock at the regional meet
to mark the first time this season
he has exceeded 20 feet. A late
start, cold weather, and some sore
leg muscles all combined to ham-
per the tall jumper's early sea-
son efforts but now is good shape
Miller is rated a good chance in
the state competition.

Ft. Stockton, in class 2-A com-
petition for the last time for at
least a few years, is favored to
cop that division of the state meet,
mainly on the strength it has in
both its 440 and mile relay teams
in those areas. To the Boy Scouts
of Troop 163 and Scoutmaster Car-
los Lopez, sponsored by the Com-
munity Center, who cleaned the
highway from the south swimming
pool to the cemetery. To the high
school Student Council for its lit-
terbug campaign on school campus.
To the city business firms who
cleaned around their places of busi-
ness. And last but not least to
the Ozona Stockman for its gen-
erous news coverage.

be helping themselves."

Dr. Garrett says, "Actually, these
people should exercise a selfish
motive in this. They have contrib-
uted generously to the three mil-

Southwest Animal Health Re-

Screwworm Eradication Program

Rutherford Stops Off Briefly In Whirlwind Trip Thru 16th Dist.

Congressman J. T. Rutherford, on a "flying" trip to West Texas during the brief legislative recess for Easter, visited in Ozona Tuesday afternoon.

"I face the task of getting around 19 Texas-sized counties within approximately one week," he said, "because I must return to Washington and my post of duty. While I would personally like to stay here and campaign, no other person can give West Texas its voice and vote in Washington on the critical issues coming before Congress."

By the time he had reached Ozona Tuesday, Rutherford had in five days logged more than 1,000 car and air miles in visiting some twenty-four towns and ten counties.

Now in his 4th term in Congress, Rutherford is a member of the House Armed Service Committee and the Interior and Insular Affairs Committee and also on the joint U. S.-Mexico Interparliamentary Conference, which meets to consider problems of the two neighboring nations annually.

Congressman Rutherford, whose efforts in Congress made the Johnson Draw facilities a reality, thanked the people of Crockett County for their past trust, confidence and support.

"Since my initial election to Congress," he said, "I have carried Crockett County by large margins in each election. I pledge my continued efforts for sound, responsible Government. As the only Congressional candidate with any legislative experience and broad familiarity with the problems of this area, I feel that I am the most qualified to serve."

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because **CHEVROLET** it knows it stands for quality. When you make up your mind to buy, get this one. We know you'll be happy with it.

SEARCH FOR TRUE MEANNIG

Have you ever stopped and thought about the true meaning of Easter? Now that Easter is past for this year we can look back on it and see how we observed this holiday.

Some people think of Easter as a family occasion. It is a time for college students to go home to mother and Daddys house.

To the children it is the time when the Easter bunny comes and hides the eggs for them to find. They rarely think of the true meaning of Easter.

Then there are the people who think of Easter as a time to get new clothes and go to church so everyone can see them, or so they can see what everyone else wears. The pws are always full on Easter Sunday, but how many people are there for the purpose of worshipping?

Then there is another group of people who think of Easter for its true meaning. They remember that many years ago, Christ died and rose again.

Let's look back on how we observed this Easter and try to do better next year and find the true meaning of Easter.

SENIOR TRIP CALLS FOR MOSTLY CASUAL CLOTHS

The time is nearing for the Seniors to start thinking about packing to leave Thursday, May 3, on their senior trip to Dallas. Because they have not been given a schedule of the trip they will need to leave space in the suitcase for last minute things. Two people must share one suitcase; everyone is allowed a plastic bag, and the girls are allowed an overnight case.

After attending a breakfast at the Methodist Church Thursday morning, the Seniors, their sponsors and their wives, dressed in sportswear, will leave on an air conditioned Greyhound Bus for Big D.

Arriving in Dallas in the middle of the afternoon and checking in to the Adolphus Hotel, everyone will be given a chance to unpack their wrinkled cloths, fight over the rooms, and change cloths before going to dinner and a floor show there at the hotel.

Again casual wear, such as shorts and pants for the girls and blue jeans or shorts for the boys, will be needed when they go to Six Flags Over Texas Saturday. Friday they will have some time off to go downtown.

Packing for this trip should be fun because it will start three days of sightseeing and fun together.

OZONA BAND TO ATTEND CONTEST IN ABILENE

The Ozona High School Band will leave Saturday morning, April 28, to go to Abilene for the band contest.

The band won a first in sight-reading last year, and their hopes are that they will win both concert and sightreading this year.

The contest starts on Friday with classes 3CC, 2C, 2A, 3A, and 4A playing then. Classes A, B, and C will play Saturday.

In Class A, there were twelve entries last year. The number will be higher this year.

The judges will be Mr. McAdow from North Texas, Mr. Bellamah from Texas A&I, Mr. Maxwell from Abilene, and Mr. Leavitt from Altus, Oklahoma.

SENIORS TO FLEE OHS

Seniors will depart merrily for Dallas next Thursday, when they begin their annual Senior Trip. The schedule of the trip is as follows:

On Thursday, May 4, breakfast will be served the seniors by the Nip Blackstones at 6 a. m., at the El Sombrero Cafe. The seniors will embark on their journey at 6:30 on a chartered bus. A picnic style lunch will be eaten at 11:30. The group will arrive in Dallas at approximately 2:30 p. m. and check into the Adolphus Hotel. From 3 to 7 p. m., the group will be given time to adjust to routine, and tour the downtown area prior to the evening activities. The seniors will dine and attend a floor show held in the Century Room of the Adolphus from 7:15 to 10:00 p. m. Those who care to dance may do so following the floor show.

On Friday, the seniors will be allowed free time for shopping. The group will tour the Federal Reserve Bank in Dallas from 2 p. m. to 4 p. m. The group will tour the chapel in the Sky atop the Southland Life Building until 6 p. m. in Dallas. At 6 p. m. the seniors will eat a seafood supper at Jay's Marine Grill. At 7:00, the group will see the movie "El Cid" at the Majestic Theatre in Dallas. At 10:30, the group will go to the State Fair Park, for amusements until 12 p. m.

On Saturday, May 5, the seniors will breakfast at Vicks' Continental Restaurant and depart for Fort Worth at 10 a. m. The group will then ride to Arlington, where they will visit Six Flags Over Texas, the large amusement park, at 11:00, and remain there indefinitely. Lunch and supper will be eaten in the park.

On Sunday, May 6, at 9 a. m., the weary group will return to Ozona.

GOOD CITIZENS RECOGNIZED

Each year the ten top good citizens are chosen from the students of Ozona High School. The teachers list their choice of the ten top good citizens. The ten persons receiving the most votes are then put on the finalists list.

Their names are replaced by roman numerals. This list is then sent to the teachers again. They place the numbers in order as to their choice. The numbers are sent to the Woman's Forum, who compile the winning number and Mr. Peltz keeps the names. On commencement night, the names are read off in order and the winning number is announced.

The persons on the finalists list are Peggy Harvick, Billy Jacoby, Janet North, Jan Pridemore, Charlotte Johnigan, Penn Baggett, Cheryl Clayton, Phillip Carnes.

Brent Moore, and Johnny Childress.

Other persons receiving votes were Scott Mahon, Gracie Chandler, Joel Huff, Billy Cornelius, Leroy Drago, Bill Bowman, Darrell Rasberry, Van Miller, Gary Studdard, Leroy Cooper, Frank Childress, Vickie Carroll, Robert Cox, Bobby Tabb, Carl Montgomery, Pauline Maness, Dude Melton, Janie Gilliam, and Beverly Alford.

WE WORK FOR ALL INDUSTRY
in the Center of the Southwest

Modern industry is a complex structure. Manufacturers rely on others to supply many things, among them raw materials, machinery, power, containers, transportation.

West Texas Utilities Company is both an industry and such a supplier. The product we make — electric power — is used by other industries in our service area.

We are proud of this close relationship. It is our job to provide a plentiful supply of electric power today. It is our obligation to increase the supply as present

industries expand and new ones come in. Our current expansion program anticipates continuing industrial growth. One example is our new Oak Creek generating station pictured above, with another and even larger plant already on the drawing boards.

To aid in industrial development, we will continue to tell the Nation's industrial- ists that "... in this area lies opportunity," as evidenced by the many industries thriving today in the CENTER OF THE SOUTHWEST.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From the Stockman, Apr. 27, 1933

The jinx that fell on the trail of Stephen Perner a few months ago is still hounding him. It started a few months back when he sprained an ankle while trying to elude the horns of a maddened steer in the pens at his ranch. Then a short time later he suffered a badly burned hand when he grabbed a flaming oil tank in an oil burning refrigerator and threw it outside to prevent setting his house on fire. Now, he has fallen from a windmill tower and suffered another sprained ankle — the good one, of course. Anyway, he has one hand left that is usable.

For the first time in nearly two years Ozona now has a local dealer for Ford automobiles. Clinton Glover, until recently with the State Highway Department, has been granted a charter for a local Ford dealership and has established the agency in the Dudley building.

Mr. and Mrs. P. L. Childress left early this week for Washington where Mr. Childress will join other representatives of wool & mohair warehouses of Texas in a protest against the government's plan to require consignment of Texas wools under mortgage to government credit agencies to eastern dealers.

Hail, with stones reported half as large as hen's eggs, did considerable damage through a strip of ranch country south of Ozona Saturday. Heaviest damage was on the Joe Pierce lower ranch where window panes were broken, trees

stripped bare and barns and other ranch structures damaged.

The largest class of graduates in the history of Ozona High School, 26, will receive their diplomas at commencement exercises May 25.

Tot Grimmer, Crockett county surveyor, was bitten on the ankle by a rattlesnake on the Hoover ranch southwest of Ozona Saturday while engaged in surveying work.

Henry Van Valkenburg of El Paso, representative of the Anti-Saloon League of Texas, will speak at the First Baptist Church Wednesday evening, May 3. His theme will be temperance and sobriety.
