Angelo College Prexy To Speak At Grid Banquet

75 To Be Present For Annual Affair On December 10

Dr. W. H. Elkins, president of San Angelo College, will deliver the principal address at the annual football banquet to be given at the high school Tuesday evening, December 10, in honor of the 1940 football squad of Ozona High. Matty Bell, coach at Southern Methodist University in Dallas, who had accepted an invitation of local school officials to attend the banquet, had to cancel the date because of possibility of his team's receiving a bowl invitation should they beat the Rice Owls in their pending week-end struggle.

Pete Sikes, San Angelo College, will accompany Dr. Elkins here to attend the grid feast. Coach Sikes is a brother L. B. T. Sikes, Ozona High School principal.

Fathers of members of the local grid squad are to be invited guests on the occasion. Members of the school board and other special guests have also been invited. Approximately 75 persons are expected to be present.

The banquet is to be staged by girls of the Homemaking department under the direction of Miss Allena Kinney, at 7 o'clock in the hallway of the high school building on the third floor.

The evening's program, to be presided over by Supt. C. S. Denham, as toastmaster, will consist of a trombone solo by Cyril Pingleton, band director; a vocal solo by Mrs. I. S. Moore; special music by Mary Elizabeth Grey, Helen Mayes, Mary Faye Lucas, Susie Hokit and Gemella Dudley; an address by Dr. Elkins and talks by other visitors.

Final Red Cross Tally Is \$382.50 And 333 Members

Miss Mildred North, 1940 Ozona Red Cross chapter Roll Call chairman, closed the books on the 1940 Roll Call yesterday and the final tabulation saw the chapter's self-set goal far exceeded and all previous local Roll Call records smashed by a wide margin.

The final tally showed a total collection of \$382.50, which is nearly \$100 above last year's record collection, and a membership roll of 333, which is another record with plenty to spare.

Slater Is Named Chairman Local Scout Committee

Caruthers Scoutmaster; Sikes, Lovelace Assistants

Rev. Eugene Slater was named as chairman of the local Boy Scout committee at the organization meeting of the newly appointed group last week, and other members of the committee were assigned their various functions in the administration of local Scout affairs.

Guinn Caruthers was unanimously confirmed by the group as Scoutmaster for Troop 53, with Boyd Lovelace and L. B. T. Sikes named as assistant Scoutmasters.

Committeemen were chosen for the various posts as follows: Activities, Evert White; Outdoor committee, Fleet Coates, Strick Harvick and Marbury Morrison; Advancement, Dan Patterson, and Finance, Bryan McDonald.

The committee agreed to hold monthly meetings to consider ways and means of promoting Scouting in Ozona. Through its chairman, the committee offered its assurance to the Scoutmasters and his assistants of their fullest cooperation in the program they are carrying on among boys of the community.

Rescue Texas Flood Victim

Torrential rains caused much havoc and heavy damage throughout Texas, where many concrete roads and bridges were destroyed. After sitting in a tree for 12 hours awaiting rescue, Jerry Zaskoe, of Sealey, Texas, was rescued by searchers who had been combing the flooded district. The picture shows Jerry being rescued from a tree.

Tenth Annual Cage Tourney Here Jan. 30

19 Teams Invited To Two-Day Meet On Local Court

Announcement of the dates January 31 and February 1 for Ozona's tenth annual basketball tournament has been made and invitations mailed to 19 West Texas schools to send teams to participate in the two-day meet on the local gym court.

The Interscholastic League rule which prevents high school teams to participate in more than three tournaments in one season, and one which limits each player to not more than 20 games before the county meets is expected to cut down participation in Ozona's annual cage meet this year, in the opinion of Supt. C. S. Denham and Coach Dan Patterson of the local schools. Local tourney officials are expecting not more than ten teams to be entered in this year's meet.

Invitations were mailed during the past week to schools at Rock-springs, Junction, Menard, Sonora, Eldorado, Christoval, Barnhart, Mertzon, Big Lake, Rankin, McCamey, Fort Stockton, Iraan, Marfa, Crane, Sanderson, Lake View, Grand Falls and Fort Davis.

The usual elaborate awards are to be offered the winning teams and all-tournament players in this year's contests. A large silver basketball trophy will be given to the tournament winning team, with a large silver cup to the runner-up team. A smaller silver ball will go to the consolation winner and a smaller cup to the runner-up in this bracket. Gold basketball charms are to be given players making the all-tourney team.

The McCamey team will be the defending champions this year, having swept last year's meet. Big Lake was last year's consolation winner.

Listening Groups To Hear Broadcasts Metropolitan Opera

A local listening group will be formed by the Ozona Music Club to listen to the weekly broadcasts starting Saturday, December 7, of the Metropolitan Opera Guild of New York. Formation of such listening groups throughout the nation is being fostered by the National Federation of Music Clubs through its president, Mrs. Vincent Hilles Ober of Norfolk, Va.

The opening broadcast of the winter series will be a Thanksgiving broadcast, expressing the gratitude of the directors and officers for the public support which enabled them to continue world famous opera in the leading opera house of America.

Rev. Clyde Childers, pastor of the Ozona Baptist Church, will address a meeting of the Brotherhood of the Immanuel Baptist Church in San Angelo next Tuesday evening.

Festive Displays Suggest Christmas Spirit In Ozona

Ozona put on its Christmas dress this week.

In addition to the attractive holiday displays in the various stores of the city, hundreds of colored lights are soon to twinkle over the downtown streets and around the city park to bring the Christmas atmosphere.

Ozona stores are packed with the greatest array of gift merchandise ever offered here and merchants report an unusually early start in Christmas buying this year in comparison with past years.

Elect County AAA Committee At Meet Dec. 13

Ranchers, Others In- terested Invited At 2 O'clock

A new county committee for administration of the Range program of the AAA in this county during the coming year will be selected at a mass meeting of ranchers and all other interested persons to be held in the district courtroom Friday afternoon, December 13, at 2 o'clock, it was announced yesterday through the office of County Agent C. J. Van Zandt.

December 13 and 14 have been set aside by the state committee for committee elections in counties throughout the state, counties where precinct rallies name representatives to a countywide meeting consuming both days in the meetings.

The present committee has served since inauguration of the program in this county. Members of the committee include Max Schneemann, chairman, Early Baggett and Bill Baggett, with George Bean and Wayne West as alternates.

Tenderfoot Scouts Get Instructions At Scout Meeting

Instruction of Tenderfoot Scouts and discussion of merit badge requirements occupied the regular meeting of Ozona Troop 53 in the Scout cabin Tuesday night under the direction of Scoutmaster Guinn Caruthers.

In order to qualify to go on trips Scouts must make normal advancement. In patrol meetings, merit badges were discussed. Instructions were given Tenderfoots in knot tying and Scout laws.

Leslie Nance, neighborhood Scout commissioner, relayed a challenge from the Mexican Troop No. 63 to a knot tying contest. Mr. Nance also promised to get some Star badges by the next meeting.

Mr. and Mrs. Joe North witnessed the Texas-A&M football game last Thursday in Austin.

Urgent Bitterweed Control Practice In '41 AAA Plan

Ranchers, Officials At- tend 18-Co. Confer- ence In Sonora

Bitterweed, most persistent menace to the ranching industry, was the topic for discussion when AAA representatives, county committeemen, county agents and interested men in the industry from 18 West Texas counties met for a conference in Sonora Wednesday morning.

The meeting was called for the purpose of bringing the bitterweed problem to the attention of AAA officials and to attempt to get a clear picture of the problem as it affects the individual ranchmen in the infested areas, as well as to seek the views of a large number of operators on possible means of controlling the pest.

Howard Kingsberry of Santa Anna and Henry Korth of Karnes County, state AAA committeemen, E. F. Vance of the AAA, J. D. Prewitt, district agent for the Extension Service, J. W. Doake, district field representative for this district, Fred Rennels, state field office for the Range program, L. L. Lancaster, pasture specialist of the Extension Service, and officials from the Experiment station at Sonora were among officials attending the meeting. Edwin Mayer, president, and A. K. Mackey, secretary, of the Texas Sheep and Goat Raisers Association, were also present.

W. H. Dameron, superintendent of the Experiment Station near Sonora, and of the bitterweed experiment station north of Ozona, made a detailed report of the station's study of bitterweed and control methods. Mr. Dameron declared that his experiments had brought him to the conclusion that ranchers who are troubled with bitterweed must resort to lighter stocking if the menace is to be controlled. The AAA range program provides for bitterweed control as a supplemental practice to deferred grazing, the method of allowing other native plants a chance to grow and choke out the weed having been found the most effective control practice. Mr. Dameron recommended that bitterweed control be included as one of the general practices in next year's program. This question will be decided by the state committee.

Approximately 125 men were present for the Sonora meeting. Attending from Ozona were Max Schneemann, George Bean, Will Baggett, E. B. Baggett, and C. J. Van Zandt.

Gloria is a member of the "Dragoo Harmony Girls," Dragoo Violin Octette" for advanced pupils and the "Dragoo Ensemble." She is a sophomore in high school and is also studying piano. She has played in many places over the state for the Federation in San Angelo, Austin, Brownwood and other places. She plays on a \$1600 instrument which her parents gave her a few years ago.

Gloria's accompanist, Clara June Kimble, is also a pupil of Wilda Dragoo and has won recognition throughout the state. She has studied in Julliard School of Music in New York.

The program Sunday afternoon is to be divided into four groups, the first by Miss Graham, the second by the Ozona Club vocal ensemble, the third and fourth by Miss Graham.

In the first group will be Praeludium & Allegro by Kreisler and Concerto (G Minor) by Bruch.

The Ozona vocal ensemble will sing "O Morn of Beauty" by Sibelius-Matthews, and "Cherry Ripe" by Horn-Page.

The violinist's second group will include "Caprice Viennois" by Kreisler, Nijinski by Francis McMillan, and La Capricciosa by Franz Ries.

Miss Graham will play in the concluding group Ghost Dance by Levy, Rosary by Nevin-Kreisler, and Dance Espagnole by Manuel de Falla-Kreisler.

Bowling New Sport Offered To Ozonans

A new type of amusement, bowling, is claiming the attention of many Ozonans since opening of bowling alleys in the Tom Smith building the past week by O. D. Busby.

Three alleys are provided in the new amusement center and both men and women are enjoying the sport. Weekly prizes for highest scores are offered both men and women.

IN CONCERT HERE

GLORIA GRAHAM

Gloria Graham, Violin Prodigy, Presented Here

Cisco Girl, 14, To Ap- pear On Club Guest Program Sunday

Ozona Music Club will observe Guest Day next Sunday afternoon and in so doing will bring to Ozona one of the state's most remarkable artists, little 14-year-old Gloria Graham of Cisco, Texas, violinist, who has appeared before audiences in many parts of Texas and who has studied under some of the leading composers and teachers.

Gloria will be presented by the local club in a program to be held at the home of Mr. and Mrs. V. I. Pierce at 4 p. m. Each member of the club is entitled to invite one guest for the day's program.

Gloria Graham is a daughter of Dr. and Mrs. E. L. Gaham of Cisco. She is a pupil of Wanda Dragoo of Eastland. She started studying music when she was six. When she was seven she gave an entire program in Cisco. Twice she has entered the state contests of the Federated Music Clubs and has won superior rating. She has studied with Francis MacMillan of New York and Paris and with the late Carl Venh. While she was studying with Mr. Venh, he presented her with a composition of his own, "Gloria," which he composed that summer up in the Ozark mountains.

Gloria is a member of the "Dragoo Harmony Girls," Dragoo Violin Octette" for advanced pupils and the "Dragoo Ensemble." She is a sophomore in high school and is also studying piano. She has played in many places over the state for the Federation in San Angelo, Austin, Brownwood and other places. She plays on a \$1600 instrument which her parents gave her a few years ago.

Gloria's accompanist, Clara June Kimble, is also a pupil of Wilda Dragoo and has won recognition throughout the state. She has studied in Julliard School of Music in New York.

The program Sunday afternoon is to be divided into four groups, the first by Miss Graham, the second by the Ozona Club vocal ensemble, the third and fourth by Miss Graham.

In the first group will be Praeludium & Allegro by Kreisler and Concerto (G Minor) by Bruch.

The Ozona vocal ensemble will sing "O Morn of Beauty" by Sibelius-Matthews, and "Cherry Ripe" by Horn-Page.

The violinist's second group will include "Caprice Viennois" by Kreisler, Nijinski by Francis McMillan, and La Capricciosa by Franz Ries.

Miss Graham will play in the concluding group Ghost Dance by Levy, Rosary by Nevin-Kreisler, and Dance Espagnole by Manuel de Falla-Kreisler.

AAA OFFICIALS MEET

Fred Rennels, state field officer of the AAA range program, and L. L. Lancaster, pasture specialist for the Extension Service of A&M College, spent part of Tuesday here and in company with C. J. Van Zandt, county agent, visited ranchers in this county to the north and south of Ozona, studying range vegetation and looking over the country.

Proposed Water Dist. Approved By State Board

Plan Soon To Come To Vote Of People For Determination

Approval of the proposed creation of what is to be known as the Crockett County Water Control and Improvement District No. 1, for the purpose of acquiring the local water and sewer systems and operating the systems under the water district plan, was given by the Board of Water Engineers of the state following a hearing in Austin Monday of this week.

A five-man board to administer the affairs of the district, including the calling of an election on the question of issuing \$85,000 in revenue bonds for the purpose of acquiring the water works and sewer systems and making necessary repairs and improvements to needs to the community, was nominated by the State Board of Water Engineers.

Nominees to the board were submitted by the firm of McKey-nolds-Thomason Co. of San Antonio, a firm which has directed the project here. Included are Joe North, Doug Kirby, Hillery Phillips, Boyd Clayton and Pleas Childers, Jr.

An expression of the attitude of the people on the proposed public acquisition of the privately owned water system and the county-owned sewer system and the necessary bond issue of \$85,000 to purchase and improve the systems will be given first in an election to be called by the board for confirmation of the action of the Board of Water Engineers in creating the district. This election will follow what is known as an exclusion hearing, which will be held to determine definitely the boundaries of the proposed district, now set to include the townsites of Ozona.

Following the confirmation election, in the event creation of the district is approved, another election is to be held to name the board of directors to govern operation of the property, and a third to pass on the question of a bond issue of \$85,000 to finance it.

The plan as outlined calls for purchase of the water system for \$50,000 and expenditure of an additional \$25,000 to bring it up to condition to serve the community, and purchase from the county at \$10,000 of the sewer system.

What the attitude of property owning voters will be on the questions to be submitted can not be forecast, but the principal objection being voiced in street talk to the proposals centers on inclusion of the sewer system, which the county now owns and operates free of debt into the program which contemplates an indebtedness of \$85,000 on the entire properties. Whether this and other objections to the project will be overcome by the need for an adequate water system will be determined by the count of votes when the matter is submitted for action by the voters.

180 Pupils Have Parts In Operetta Here December 12

Approximately 180 pupils of the local grade schools will take part in an operetta, "The Magic Christmas Bell," to be staged in the High School auditorium Thursday evening of next week. The operetta will be directed by Mrs. Sellers Moore and Miss Zelma Scott.

Pupils of the first, second and third, fourth and sixth grades will have parts in the program and pupils of the fifth, sixth and seventh grades will sing a group of Christmas carols preceding the operetta. Speaking parts will be taken by Dick McDonald as Santa Claus and his helpers, Muggins Davidson and Jo Nell Coose.

Dr. and Mrs. F. T. McIntyre of San Angelo were here Wednesday for a visit with friends.

A Sunday school social has been planned for Friday evening of this week and all members of the Sunday School and Church are invited to attend. Social will be held at the church at 7:30.
You will find a cordial welcome in all the services of this church.

Miss Marie Wills Becomes Bride Of Kenneth E. Lee Of Laredo In Pretty Home Wedding Here Sunday Afternoon

In a pretty home wedding setting here Sunday afternoon, Miss Marie Wills, daughter of Mr. and Mrs. John C. Wills of Ozona, became the bride of Kenneth Everett Lee, son of Mr. and Mrs. W. J. Lee of Temple. The ceremony was performed by G. C. Brewer, minister of the Church of Christ in Lubbock, in the home of Mr. and Mrs. P. T. Robison at 4 p. m.
The bride wore a two-piece suit of needle-point wool in saddle tan with red fox collar. Her hat was trimmed in red fox and other accessories were of saddle tan. Her corsage was of yellow rosebuds and lilies of the valley.
Wearing a beige crepe dress with antique accessories, Mrs. D. L. Nelson of El Monte, Calif., served as matron of honor. Her corsage was of gold and blue. Linda Sue Nelson, the bride's niece, was ring bearer, and Harold Lee of Lampasas, the bridegroom's brother, was best man.

Myrna Loy With Melvyn Douglas In New Comedy

Myrna Loy, perfect wife of "The Thin Man" pictures, and Melvyn Douglas, who made Garbo laugh in "Ninotchka," team for the first time in "Third Finger, Left Hand," hilarious adventure in romance coming Sunday and Monday to the Ozona Theatre. Miss Loy keeps Douglas in more trouble than she did William Powell in "I Love You Again."
She invents a husband for business reasons, and Douglas, in love with her, shows up and pretends to be the mythical spouse, keeping away her two other suitors. She can't expose him, so takes it out by getting him into all manner of troubles—all of them funny.
Her attorney, Lee Bowman, wants to arrange a divorce for her so that he can marry her himself. But in the end the warring romancers, who got married so that she could be legally divorced, discover they were really in love with each other all along, and, with deceptions ended, all ends merrily and happily.

Mrs. Mark Garver arrived home early this week from her home in Allentown, Pa., for a visit with her parents, Judge and Mrs. Charles E. Davidson.

Candles were lighted by Miss Totsy Robison and Mrs. Perry Mason of Haskell. Miss Hortense Hall of Killeen played Lohengrin's professional for the entrance of the bridal party and "Liebestraum" during the ceremony. Mrs. D. L. Wood, Jr., of Killeen, sang "All for You."
The bride was given in marriage by her father. The couple stood before the fireplace, which was decorated with baskets of yellow chrysanthemums and candelabra on either side held white cathedral tapers.
A reception in the Robison home followed the ceremony. Yellow and white chrysanthemums and fall leaves were used in decorations. Mrs. Eugene Miller cut the two-tiered wedding cake and at the bride's book was Miss Shirley Beth Lee. Mrs. Robert Reynolds of Killeen presided at the silver coffee service and Mrs. Paul M. Hallcomb and Mrs. Garland Shull of Temple assisted at the table.
Mrs. Lee attended Abilene Christian College and the University of Texas, and Mr. Lee is a graduate of Rice Institute. The couple will be at home in Laredo, Texas, where Mr. Lee is in the finance business.

CHEVROLET — OLDSMOBILE OZONA, TEXAS

THIS BUSINESS OF Living
BY SUSAN THAYER

She had been a young girl during the war which was fought to "end all wars"—Remember? And she recalled that they had saved peach seeds for gas masks and tinfoil for something or other. She remembered meatless days and sugar rations and flour that was not white. Everyone was called upon to do something during that war even if it was only to go without candy.

And so, as the new war, that is still without a name, grew more threatening and the United States began to arm for defense, she wanted to do something again, even if it was only to go without.

"But without what?" she asked the man who knows about things. "Should we eat less food at our house? Or buy fewer clothes and put off painting the house?"

The man who knows things surprised her with his answer. "Eat all you want," he said, "and be thankful. Buy new clothes. Paint your house. There is still enough, and to spare, of peace-time supplies in the United States. And it is best to keep our standard of living as high as possible while we build the armaments we need for our own defense and for that nation which is fighting for the Freedom we value."

Perhaps there will not be as many new automobile models as usual in the next year or two. Or as rapid developments in electric refrigeration. Or as many new fabrics and new lighting effects, as industry turns its attention to defense. But manufacturing has come a long way since 1917 and '18, and it is possible today for the United States to turn out a wealth of every-day necessities and build the sinews of war at the same time.

Perhaps the time will come before this upheaval is over and the world has found peace again when we will have to deny ourselves

some of the luxuries we are used to. If it does come we will "tighten de belten" as Charlie Chaplin says in "The Dictator" without a murmur. . . . But until then, let us keep on living as fully and as beautifully as possible—and keep alive in at least one great country in the world—the "pleasant ways of peace."

Bomb Disrupts Book Shipments To Texas Library From London

Austin, Texas, Dec. 4.—The University of Texas Library, which adds about 30,000 volumes to its stacks each year, had been receiving books from England without any hindrance whatsoever until this week, when a notice came from a London book dealer, Dula and Company, explaining that its service would be interrupted for awhile.

Indulgence is asked for the unavoidable delay consequent on the destruction of our Lover St. premises by a bomb on the morn-

'Sunshine' Made in New Jersey

S. G. Hibben, director of applied lighting at the Westinghouse lamp laboratories in Bloomfield, N. J., shown with the 10,000-watt mercury vapor lamp that produces a light one-fifth as bright as the surface of the sun. Although encased in a cooling jacket of running water, the radiations from the lamp set fire to the wrapping paper.

ing of October 12th," the notice reads. It adds that the managing director of the company was immediately killed in the bombing and two staff members were rescued with injuries which are not expected to be serious.

With only this exception, the University Library's English book trade goes on as usual, Librarian Donald Coney said. However, he added, the library is still pretty well shut off from the rest of

the European book market.

Fifty million acres of Texas land are now being leased from farmers and other land owners of the state by the Texas oil and gas industry.

History Of Texas Wild Mustang Told In New Publication

Austin, Texas, Dec. 4.—It's no tall Texas tale that mustang herds of 40,000 roamed the Great Plains—it's no understatement on the part of the pioneering "Big Foot" Wallace.

In "Mustangs and Cow Horses," Texas Folklore Society book, Frank Collinson, an Englishman mustanger and cowman of El Paso writes authentically of herds of 50,000. Edited by J. Frank Dobie, Mody C. Boatwright, and Harry Ransom, of the University of Texas, the sixteenth annual publication of the 31-year-old Society, will be released within a few weeks.

Contributing to the most complete collection of horselore yet compiled, are such authors as Do-

bie, John A. Lomax, G. C. Robinson; artists, Harold Bugbee, Will James, Ed Boreain, Charles M. Russell, along with mustangers and cowmen of the seventies.

Mr. and Mrs. Victor Pierce were hosts to members of their night bridge club at the home Monday evening, entertaining seven tables of players.

December Is Last Month To Save Tax Discount

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

December is the last month in which discount may be taken on property tax payments for 1940.

This discount is offered on all state, county and school taxes due for the current year.

1 Per Cent Discount

On taxes paid Dec. 3 to Jan. 1, inclusive

After January 1, no discount will be allowed on taxes, and the full amount must be paid by February 1.

W. S. WILLIS

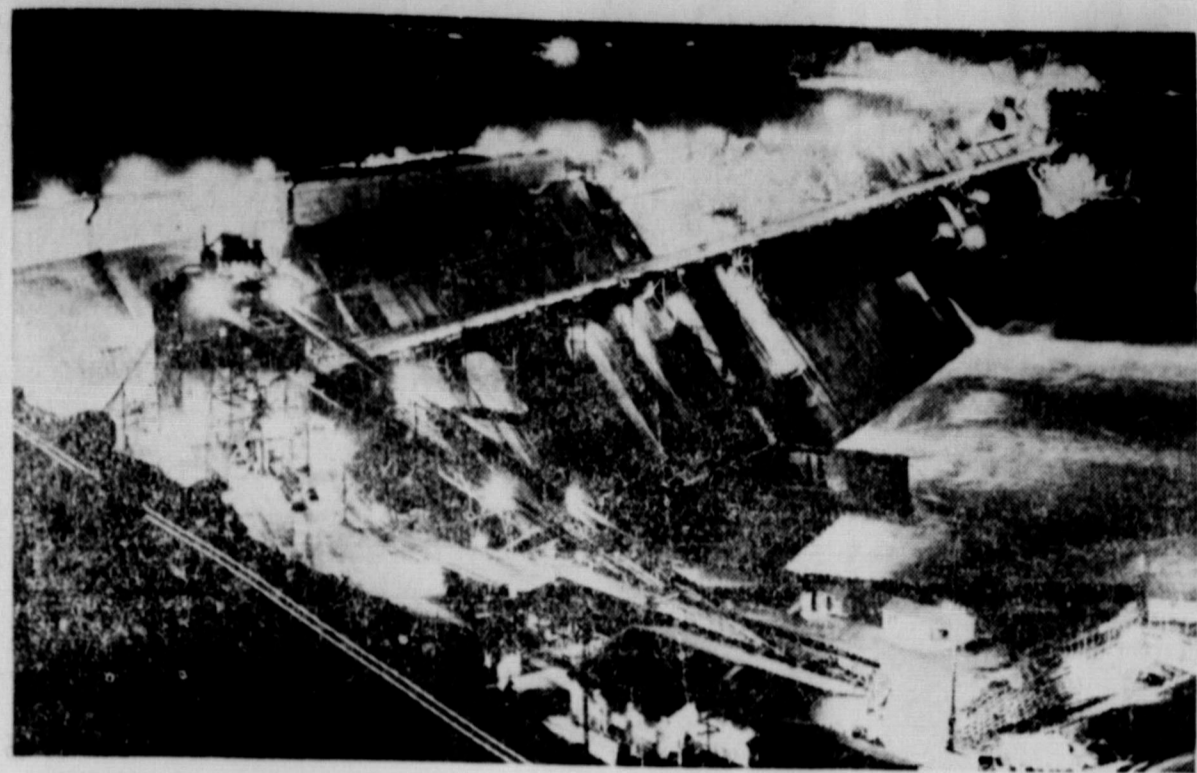

Sheriff, Assessor and Collector of Taxes, Crockett County

Behind The Scenes In American Business

By John Craddock

NEW YORK, Dec. 2—BUSINESS—Decks cleared after a November in which four holidays or semi-holidays—one every week—caused some slow-downs (Election day, Armistice day, and two Thanksgivings), retail trade is plunging optimistically into a 4-weeks drive leading to the top holiday of them all, Christmas. Many experts are predicting the period from now to Yuletide will see heaviest buying rush of its kind in 10 years. Expanding payrolls and increased employment, primed by increasing United States and British spending for arms, set the stage for a very busy December. National Retail Dry Goods Association, surveying 5,700 stores, estimates cash registers will ring up \$1,350,000,000—an increase of 8 per cent in dollar volume. . . . Experts estimate that 2,000,000 persons previously unemployed have found jobs since the beginning of the year, and predict that at least that many more—probably a bigger number—will find work in 1941.

BUSINESS PEACE PACTS—Seven thousand business men and professional leaders in 1,700 cities and towns are being enlisted as industrial "minute men" in a nationwide program to prevent commercial disputes from becoming the "bottle neck" of the country's expanding defense program. These men are members of three National Panel of Arbitrators of the American Arbitration Association which maintains a network of non-profit tribunals throughout the United States where business controversies are settled out of court. Behind this plan for encouraging business to avoid the delays of litigation is the Association's newly created board of liaison officers, of which Cornelius V. Whitney is chairman. He points out that the members of the local tribunals, because of their background, prestige and experience, "will form the backbone in the plan to smooth the flow of trade through the increased use of arbitration which eliminates long court delays and

When the day's work is done on the Grand Coulee dam on the Columbia river, in eastern Washington, the night's work begins under the glare of powerful lights that make a striking picture against the surrounding black hills. The dam, which is now nearing completion is being built by the Bureau of Reclamation. It will be the greatest man-made structure on earth.

costly fees that bog down industry." How important the government regards the need for such a function can be gauged from the fact that many Army contracts now contain provisions for three-man arbitration boards to decide all questions of fact whenever a disagreement arises between a business firm and military purchasing agencies.

ANOTHER POSTMARK—The brand new town of North Pole, Minn., bids for Christmas remailing trade on which little Santa Claus, Ind., has had something of a strangle-hold. Now we learn the old town of Bethlehem, Maryland, is in that field, too. For the third year Marjorie Ann Chambers will issue a special souvenir cachet from there on Christmas morning—a two-color job containing a beautiful little folder telling a new story of Yuletide. Collectors may send their seven cents in stamps or coin direct to Marjorie.

THINGS TO WATCH FOR—A

snore preventer—a rubber ball that clips to the back of your pajamas and whistles when you roll over on your back—and on it! . . . A last word in fountain-pen desk sets—it combines a double penholder with a matching fluorescent lamp and a built-in clock, and will be offered specially for the holiday trade. . . . Watch for the patriotic motif in almost everything in the novelty line nowadays—such as stars-and-stripes glassware; red, white and blue scarves with historic scenes printed there-in, such as Washington crossing the Delaware; and perfume bottles in the form of a bugle, with red, white and blue trappings. . . . Here's a lulu: "bundling gloves"—they come three to a set. "She wears one, "he" wears one, and the third one is built to accommodate

(Continued From Page Six)

GRADE SCHOOL NEWS

FIRST GRADE NEWS

We planted sweet potatoes. We put them in jars of water. We put them in a dark place. We also planted a bulb.
We made some place cards for our Thanksgiving party. Some had turkeys on them and some had pilgrims. We also learned two Thanksgiving songs. We will sing them at our party.
One of our fish in our aquarium died Monday.

SECOND GRADE NEWS

Martha Ann Haynes is still in Hobb, N. M. She may stay and go to school there.
Frank Taylor, Jr., moved to Oklahoma. We were sorry to lose him.
The second grade had a Thanksgiving program and invited their mothers. They made up a play which they gave. Mary Ann North and Judy White made the cookies for refreshments. They also served lemonade.
The third grade has finished their study about foods. They planned and gave a luncheon Wednesday at noon for their mothers. Everyone brought something for the luncheon. They cooked it in their room in an electric cooker from the West Texas Utilities.
The mothers were served at card tables. The centerpieces were turkeys on pumpkins. The place cards were bowls of fruit. At each place was a fat pig driving a carload of vegetables. The class made up a verse and wrote it to the pig:
"To market, to market,
Away I go
To get milk and vegetables to make me grow."

The menu at the luncheon was roast, carrots, potatoes, lettuce, and apple salad, hot rolls and butter, milk, fruit dessert, and cookies.
Besides the mothers, those at the luncheon were Mr. Denham, Mr. Chapman, Mr. Cabaness, Mrs. Denham, and Mrs. Joe Davidson.

FIFTH GRADE NEWS

We gave our play Tuesday. Yesterday, Robert Lovelace served us suckers and we sang songs. We had a very nice time.
Billy Hoover is sick but he came to school to be in our play. He did not come to school this morning, though.
Ann West.

SIXTH GRADE NEWS

The sixth grade has started on all their dances. Mrs. Smith made the first balloon costume. Mrs. Busby made the first Spanish costume. Mrs. George Bean made the first cowboy costume. They are all very nice. We practice nearly every day with Miss Scott. Miss Scott plays the piano for us to dance and sing to.
Doris Bean.

SEVENTH GRADE NEWS

The seventh grade enjoyed a talk on manners given by Miss Kinney yesterday. She gave us some very good points on manners and then we could ask questions about the talk or anything she hadn't mentioned. We feel we have learned something and wish to thank Miss Kinney.

Echoes from Library

Florence Luther
Have you read "I Hear America Singing?"
"I Hear America Singing," written by Ruth A. Barnes, illustrated by Robert Lawson, and introduced by Carl Van Doren, is an

anthology of folk poetry.

This book is a generous selection of folk poems of the western movement, the gold rush, cowboys, homesteading, lumberjacks, sea chanties, negro poems, mountain songs, and habitant verses. The author has tested each with boys somewhere in the United States and has had a real response. The book is printed in a good type on colored paper, with illustrations in red, black, and white.

Whoever reads these poems will notice how many of them are concerned with the works men do. Here are words to songs sung by sailors and boatmen actually at work, in time to the music. Here are words cowboys sing to tunes that keep them company on long rides. Here are many poems sung or recited in homes during leisure hours, about the work of teamsters, trappers, hunters, stage divers, section hands, engineers, hogsers, miners, prospectors, ranchmen, cowboys, shepherders, farmers, haymakers, shanty men, lumberjacks, and whalers. Some of them are rough verses about rough trades. They are all close to the affairs of common life, and they use the common language of those who know about them—as Whitman says in "I Hear America Singing": "Each sings what belongs to him or her and to none else."

CHANGE FOR THE BETTER

Botany note: The flowers which appear in designs for the snappy, new swim suits are a far cry from the designs on the old-fashioned bloomers grandma used to wear at the beach.—Des Moines Register.

A friend called upon a guest at a hotel, knocked, and asked him to open the door.
"Can't; door's locked!" the voice within announced.
"Well, unlock it!" the caller requested.
"Can't; lost the key."
"Great Scot, man! What will you do if there's a fire?"
"I can't go!"—Boy's Life.

New West Point Head Reviews Cadets

Brigadier General Robert L. Eichelberger, newly appointed superintendent of the military academy at West Point, N. Y., reviews the corps of cadets for the first time since taking over his duties at the academy. On the general's right is Lieutenant Colonel Ryder, commander of the cadets.

Overheated Rooms Potential Cause Of Many Illnesses

Austin, Texas, Dec. 4.—"One of the most potentially useful gadgets in the home during the winter months is the thermometer. Unfortunately, its possibilities as a health guardian are seldom realized by the general public," Dr. Geo. W. Cox, State Health Officer, declares.

In homes where the thermometer is used intelligently it becomes a valuable defense mechanism. As a preventer of colds and more serious respiratory diseases that have their origin directly and indirectly in overheated rooms, it can and does render valiant service.

A maintained superheated atmosphere causes one to perspire, however imperceptible the process may be. When suddenly exposed to icy blasts, the body in that condition is more vulnerable to attack from respiratory infective agents than normally. However, the body softening consequences that arise from constantly living in unduly warm quarters in themselves are devitalizing.

On the negative side of the question, the sense of comfort associated with excess heat is an invitation to underactivity, which frequently is unwisely accepted. Thus, instead of taking a normal amount of exercise in the open during the winter months, fondness for the indoors becomes acute

and "hugging the fire" routine. In this manner the actual life—and zest-building possibilities that go hand in hand with cold weather are shunned, and positive health is less positive than it logically could be.

It is not recommended, of course that one should adopt a Spartan attitude toward winter. It is merely suggested that exercise in the open in winter is a pleasant medium by which tone is added to one's physical condition. This objective is definitely minimized if the overstuffed chair and overheated living room are chosen as substitutes.

Both from the disease-preventive and health-developing standpoints, the thermometer should be kept within the safety limits of 68 to 72 degrees. Were this rule generally observed, and exercise in the outdoors regularly taken, it is entirely possible that many persons who contract cold and more serious respiratory conditions during the winter season could sidestep them, and in addition feel healthier.

CORRECTION

It was erroneously stated in last week's Stockman that five youths from Big Lake, fined here on a charge of trespassing, were arrested on the J. W. Owens ranch. The boys were arrested by Game-warden V. E. Smith on the Holland ranch on Live Oak.

Blanket Insurance To Be Available To Basketball Squads

Austin, Texas, Dec. 4.—It won't be but 60 cents per man to insure your high school basketball squad University of Texas Interscholastic League officials announced this week.

For the first time this year members of the League basketball tournament may obtain blanket policies to protect their teams, R. J. Kidd, League athletic director, said. Insurance must include all members of a team under 20, or a minimum of 20 players for teams over that number.

Modeled after the blanket insurance policies issued high school football teams this year, basketball policies will cover specified injuries, x-rays, fractures, dislocations and lacerations.

Basket ball season this year—to open officially after football district championships are determined—will see more than 12,000 high school students, representing 1,533 teams, suiting out for practice sessions, Kidd said.

Mr. and Mrs. Walter Roach and Mr. and Mrs. Pos Clark of Fort Worth are here this week the guests of Mr. and Mrs. Bud Kincaid and Mr. and Mrs. Vic Montgomery. The visitors are enjoying a deer hunting expedition in the south end of the county.

The Texas petroleum industry pays one-fourth of all the school taxes in the state.

Problem Of Migrant Mission Study Theme

Difficulties encountered by the migrant in the community, and some of the proposals and experiments by governments and church to meet these difficulties was the theme of discussion in the third session of the course on "The Church Serving Shifting Populations," being taught before the Women's Society of Christian Service of the Methodist Church Wednesday afternoon. The course is being directed by Mrs. Eugene Slater.

The next meeting of the Society will be the last in this series of studies. It will deal with the topic, "What we may expect in the future from government as church in developing a national policy toward migrants." An offering will be taken for use by the Council of Women for missions in

its work with migrants.

Present for the Wednesday session were Mesdames J. M. Baggett, O. D. Busby, W. R. Cabaness, Charlie Coates, Carl Colwick, L. R. Cox, Minnie Crumley, W. E. Friend, J. A. Fussell, Hudson Mayes, Stephen Perner, Madden Read, Rex Russell, Eugene Slater, W. E. Smith, H. E. Tandy, Charles Williams, H. E. Hays and F. T. McIntire of San Angelo.

A movie, "Charles Dickens Christmas Carol," scenes from Dickens' famous novel, "Scrooge" will be shown in the high school auditorium at 3 o'clock Friday afternoon. The public is invited.

No preacher or judge could be found by a couple in Macon, Ga., when they wanted to be married, so they stopped in a fire station where they found a judge playing checkers. He left his game to perform the ceremony.
