Teacher Q. A. Brentz, Student Baggett Of Ozona High School and Atomic Energy Symposium

Ozona High School has been selected by the University of Texas to send a student representative to the 2nd Atomic Energy Symposium in Austin, June 1-3.

Q. A. Brentz, Science teacher at Ozona High, and Penn D. Baggett, student, have been chosen to represent the school.

Brentz has been teaching at Ozona High for five years. Before that he taught at Waco, Texas, for three years. He was born in Moss Point, Mississippi, in 1920, and graduated from Point High in 1941. He attended Southwest Texas State College where he received a B.S. in Chemistry and Physics. He also served in the U.S. Army for three years and in the Navy for 1 1/2 years.

Baggett is the former Doris Baggett, senior at Ozona High, age 19, student at Southern University in Baton Rouge, age 14, student at Ozona High. They are the children of Mr. and Mrs. D. R. Baggett, Baptist Church members.

Baggett, senior at Ozona High, age 19, student at Southern University in Baton Rouge, age 14, student at Ozona High. They are the children of Mr. and Mrs. D. R. Baggett, Baptist Church members.

Baggett, senior at Ozona High, age 19, student at Southern University in Baton Rouge, age 14, student at Ozona High. They are the children of Mr. and Mrs. D. R. Baggett, Baptist Church members.

Baggett, senior at Ozona High, age 19, student at Southern University in Baton Rouge, age 14, student at Ozona High. They are the children of Mr. and Mrs. D. R. Baggett, Baptist Church members.

Formal Dedication Of New Ozona Postoffice

Formal dedication of Ozona's new postoffice building was to have taken place at 11 o'clock this morning in the parking area south of the building, with V. E. Bell, of Lubbock, real estate officer of the Postoffice Department as the dedication speaker.

The ceremony was under sponsorship of the Ozona Lions Club. L. B. T. Sikes of the club was to have acted as master of ceremonies introducing Postmaster Floyd Hokit and Mr. Bell. A color guard from the Ozona Air Force Station will present the colors. Invocation will be by Rev. Harry Trulove, pastor of the First Baptist Church, and the benediction by Jess Hall, minister of the Church of Christ.

Following the dedication ceremony, the postoffice will be open for inspection by the public.

WOMEN'S LEAGUE OFFICERS — Pictured just after their installation are the new officers of the Ozona Women's League who will direct affairs of the club during the coming year. Left to right they are, Mrs. Jerry Hayes, corresponding secretary; Mrs. Joe Pierce, IV, publicity chairman; Mrs. Joe Bean, first vice president; Mrs. John R. Hunnicutt, parliamentarian; Mrs. Jim Dudley, president; Mrs. Leonard Boyd, recording secretary; Mrs. Jack Brewer, Jr., second vice president; Mrs. H. M. Phillips, Jr., treasurer.

Summer Science Scholarship Won By Penn Baggett

Outstanding Ozona Student To Get 6-Week Biology Course

On the basis of his outstanding scholastic record, Penn D. Baggett, son of Mr. and Mrs. W. R. Baggett, Jr., has won a science and math scholarship offered by the National Science Foundation and will receive six weeks of intensive instruction in biology under outstanding teachers of scientific stature at A&M College starting July 16.

The selection of student winners in Texas is made by the Texas Education Agency after nominations by school officials and faculty. A total of 1650 outstanding students in Texas were nominated for the awards which include studies in biology, math, chemistry and physics.

In asking for nominations from the schools, J. W. Edgar, Commissioner of Education, urged all school officials to nominate only those students who were the best qualified members of their class since they will be competing with the most outstanding students. (Continued on Page Six)

Damage To TV Tower At Big Lake Fixed To Restore Service Here

You might have guessed that the two weeks of unrelenting winds had something to do with your TV set's erratic performance lately.

The strong winds did do something to the signal receiving and microwave transmitting tower of the Ozona Television System at Big Lake. Guy wires holding the 400-foot tower there were stretched by the vicious winds and the microwave transmission system by which the television signals of Stations KMD, Midland, and KOSA, Odessa, are transmitted from the receiving tower at Big Lake was interrupted by the shaky tower.

The microwave system which sends the TV signal from Big Lake to Ozona on line of sight to the top of the 400-foot Ozona tower must be accurate to one degree, hence any twisting or swaying of either tower results in lost signal.

It is impossible for men to work on the towers in winds such as have raked West Texas the past two weeks and as a consequence Ozona viewers had to put up with poor quality reception until the winds died down so that repairs could be made. Such repairs were made during the past week and quality service has been restored. (Continued on Page Six)

Crockett 4-H Teams To Enter State Wool And Mohair Judging Contest

Two Crockett County 4-H Club wool and mohair judging teams will enter the State Wool and Mohair Judging Contest at San Angelo Saturday of this week, County Agent Pete Jacoby said this week.

Senior team members include Bill Jacoby, David Jacoby, Larry Williams and Jack Applewhite. On the Junior judging team will be Rex Bland, Lelie Mitchell, Duwain Vinson and Diltzie Bland.

The contest will be under the supervision of James A. Gray, Extension Animal Husbandman, and will be held at the San Angelo College at 9 a. m.

The wool and mohair judging contest is the only state contest held away from the A&M campus. Other state contests in grass judging, range judging, etc. will be held at the College later this summer.

Three Ozona Students To Get Tech Degrees

Three Ozona students are among the 1,032 candidates for degrees from Texas Tech in Lubbock at commencement exercises on May 28.

James Arnold Burton and Jonathan Sayer Burton, sons of Mr. and Mrs. Arnold F. Burton of Ozona, and Jess C. Marley, son of Mr. and Mrs. Jess Marley, of Ozona, will receive degrees at the exercises. Jim Burton will receive a Bachelor of Science in chemistry and Jonathan Burton will receive a Bachelor of Science in mathematics. Marley will receive his Bachelor of Science in Agriculture, majoring in agricultural education.

Fred H. Moore, Mobil Oil Co. president and Tech graduate, will give the principal address during the exercises at 8 p. m. in Lubbock Municipal Coliseum.

Shows Encountered in Two Crockett Prospects

Ohio, Oil Co. Midland, No. 1-1-A Shannon, in Archer csl, League No. 2 Crockett County Ellenburger prospect, 12 miles northeast of Iraan, recovered 16 1/2 barrels of oil and 44 barrels of water in 22 runs of the swab.

Recovery was through Ellenburger perforations between 7,635-724 feet.

Fluid level was at 6,500 feet, and the project was shut down.

Ohio Oil Co., Midland, No. 1-J. F. Bean, Queen sand prospect, 20 miles northwest of Ozona and two miles west of San Andres production in the Vaughan multipay field, pumped 10 1/2 barrels of oil and 77 1/2 barrels of water in 24 hours.

Recovery was through perforations between 969-76 feet.

Testing continued.

Plans Readied For 10th Annual Ozona Qrtr. Horse Show

Afternoon And Evening Show Planned Sat. At Fair Grounds

Area horsemen were poised this week in readiness for the tenth annual Ozona Quarter Horse Show and performance contests, sponsored by the Ozona Roping Club, and to be staged Saturday, May 26 at the fair grounds arena.

Awaiting winners will be twenty handsome trophies, ten trophy belt buckles and 237 rosettes and ribbons.

Judging of halter classes will begin at 8:30 a. m., with 21 classes to be placed.

Performance classes will begin at 1 p. m. and winding up at a night performance beginning at 8 p. m. A western parade at 5:30 Saturday afternoon through downtown Ozona will herald the opening of the final night performance Saturday night. All contestants will be required to ride in the parade and in the grand entry at 8 p. m.

The Saturday afternoon show will include a class of Western riding horse contest, a barrel race contest, roping horse contest and cutting horse contest.

At the night performance, first place winners in each division, in both the Senior and Junior divisions, will compete for the championship.

A feature of the show will be the children's western class, where tots through 8 years perform in the junior division and 8 through 11 years in the senior division. The little ones will show their ability in horsemanship and their mounts in performance. There will be classes for both boys and girls.

Ray Lewis of Dell City, Texas, will judge all classes.

A jackpot cutting contest will wind up the night show, after all other performance classes have competed. Entry fee in this event will be \$20, with the entry fee distributed \$5, \$5 and \$10 to the first three place winners.

The local show is approved by the American Quarter Horse Association and the Quarter Horse Association of West Texas. It is sponsored by the Ozona Roping Club with Bud Cox as chairman and Carl Appel as entry secretary. Entries close at 6 p. m. today, Thursday, May 24. Late entries will be accepted on payment of a \$3 office fee charge.

Entry blanks have been mailed to Quarter Horse men throughout the Southwest and top animals of the breed are expected to be here for the showing.

Historical Society Hears County History Told By Mrs. Carson

An absorbing story of some of the highlights of Crockett county's early history, illustrated with color slides of points of interest was told by Mrs. Ira Carson at a meeting of the Crockett County Historical Society Saturday night at the Museum.

One of the largest crowds ever to attend a meeting of the Historical Society jammed the museum quarters to see the pictures and hear Mrs. Carson's interesting commentary and to participate in the brief business session of the Historical Society.

Richard L. Flowers, president of the Society, presided. It had been planned to elect officers at the meeting but the nominating committee was not ready with its slate and the election was postponed until the next meeting.

The Historical Society will meet sometime in June and the speaker on that occasion will be Allan R. Bosworth, whose new book, "New Country", the story of his family and its travels through the frontier country to finally settle in Ozona, is just off the press. Mr. Bosworth is planning to write what he calls "The Ozona Story" and will be doing research on that project while here in June.

Story Of Rise And Demise Of Emerald, First Town In Crockett County Is Told By Old Timer Who Was There

Showing "eye witness" the beginning and the end of Emerald, the first town in Crockett County, which folded Ozona was picked as the county seat of the newly formed Crockett County in 1856 and added to the county Museum.

Written by Mrs. H. A. Roach, daughter of John Noyes, one of the first settlers in the community.

STORIES OF EMERALD TOWN IN CROCKETT COUNTY

By Mrs. H. A. Roach

Emerald town was started in the Gulf Colorado and All Road on a body of land received from the land for building their homes. This land lay on about six miles east of Ozona. It was a tract of land-level and covered with a heavy brush. There was no brush scattered here and there a few large mesquite trees were the terminal of that time, but plans

had been made to go through West Texas into Mexico. Since this tract of land was on the proposed route, they decided to start a colony by bringing in farmers from the North and Middle West. T. W. Wilkerson of Fort Worth was then the immigration agent for the rail road. It was his business to bring settlers to Texas and locate them on this land. He traveled through the northern states telling of this fine body of land that was just waiting for the plow for one dollar per acre. He told also of the wonderful climate of West Texas.

This sounded good to the people of the north where land was high and the winters very cold. Mr. Wilkerson brought in parties of prospectors to see the country and many of them bought land. Most of them bought a section of the land, but some bought as little as a quarter of a section. A few of the settlers brought their families and built homes, while two others planted fields of wheat and put out orchards.

My father, John Noyes, moved his family to Emerald in April, 1889, from Colebrook, N. H. Father, being a victim of sciatic rheumatism, was told by his doctor that

he should move to warmer climate, so in the summer of 1888, he came to Texas on a prospecting trip. He stopped in Fort Worth to visit friends, and while he was there he met up with Mr. Wilkerson. Mr. Wilkerson told my father about the colony they were starting in Crockett County and it seemed to be just what my father was looking for in Texas. He accompanied Mr. Wilkerson on a trip to Emerald and was so well pleased that he bought a section of the land. He then returned home, sold his farm, settled his business, and moved his family to Texas.

Our family consisted of Father, Mother, my two sisters, and my Mother's parents, Mr. and Mrs. Benjamin Bean. When we arrived in Emerald, there was one house and tent with a well and windmill and small water tank. The town was surveyed and lots staked. Lots were given to those who would build a house on them. My father hauled lumber from San Angelo and built the second house in Emerald.

The Rail Road Company built a good two room school house with bell on top and furnished it well. They also built a store building. The Sowell Brothers, who then

had a general store in Sherwood, moved their stock of goods to the new store at Emerald. Other families began moving in and building homes, and soon the town felt the need of a teacher for the new school.

My Mother was a school teacher before her marriage, so she started the first school in the county, teaching in a tent until the school house was finished. Edd Moore was appointed Post Master and had the office in his home.

There was no mail route and all mail was addressed Emerald, Texas, Crockett County via Knickerbocker. All the travel was through Knickerbocker. Freight wagons, ranchers, or anyone going that way would stop at Knickerbocker and pick up the mail for Emerald. If they were not going as far as Emerald, they would take it as far as they were going and send it the rest of the way by the next one passing. The mail was relayed on until it finally reached Emerald. The writer still has several old letters that were sent along that route.

Two well drillers built homes in Emerald and moved their families in to attend the school. They were (Continued on Page Four)

JUNGLE BUNGLE

Most Americans, we think, are saddened at the thought of landing US Marines in Thailand (Borneo, they used to call it) when none have yet landed in Cuba.

This is what communism, for all its empty glowing promises, gives the people - while supplementing it with a diet of terror and oppression.

DIET OF TERROR

All totalitarian regimes term themselves "People Republics" or something equivalent. By this camouflage they attempt to make it seem that their primary objective is to advance the welfare of the masses.

Well, not long ago Fidel Castro, a confirmed Marxist, imposed the most stringent kind of rationing on the Cuban people.

He writes: "Cloth... is rationed at the rate of three or four feet per year... A single chicken costs about one-fifth of a heavy urban worker's monthly wage, and one

wadded coverlet costs a month-and-a-half's wages." He also says that protein, that vital source of mental and physical health and endurance, "has all but vanished from the diet of most of the people in China."

This is what communism, for all its empty glowing promises, gives the people - while supplementing it with a diet of terror and oppression.

CROCKETT HOSPITAL MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since April 24th:

Mrs. Alma Oberkamp Roach in memory of Mr. W. P. Conklin. Mr. and Mrs. Eldred Roach in memory of Mrs. Tresy Tobin, mother of Mrs. Roy Roberts of Harper, Texas, and in memory of Mr. Charlie Roberts, brother of Mr. Roy Roberts of Harper, Texas.

BAND BOOSTER OFFICERS

The following new officers of the Ozona Band Boosters Club were installed at the school year end: Mrs. Charlie Gotcher, president; Mrs. Clovis Womack, vice president; Mrs. Bud Costes, secretary-terasurer, and Mrs. George Hester, reporter.

Phone news to the Stockman

OZONA LODGE NO. 747 A. F. & A. M. Regular meeting on 1st Monday of each month

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, May 25, 1933

The wool market continued bullish during the past week, a new high being reached when 80,000 pounds of choice 12-month sold at 26 cents a pound.

Pon Seahorn, Crockett county ranchman, is seriously ill in a San Angelo hospital following an operation for appendicitis performed there Monday. His appendix had ruptured and a worsening in his condition in the last 24 hours has led to grave fears for his recovery.

A quarter of an inch of rain fell here this morning to bring hope to Crockett county ranchmen, hope for a break in the five-months drouth. Heavier falls were reported from much of the county.

Twenty-five graduates are to receive their high school diplomas here tonight. The list includes William R. Baggett, Jr., Edna Billings, Margaret Butler, Joe Chandler, Joe Friend, Lee Graves, Paul M. Hallcomb, Frances Green, Eugene W. Keeton, John Kirkpatrick, Morris Miller, Carolyn Montgomery, Eugene Montgomery, Buddy Moore, Joe Rape, Totsy Robison, Ellen Schauer, Tommy Smith, Neva Sorrell, Jettie Rae Sellers, Dorothy Thurman, Ernest Van Zandt, Ben Williams, Charles Williams and Hubert Westfall.

Mr. and Mrs. W. E. West will leave this week for Galveston where they will board ship for New York. They will stay in New York two weeks before boarding ship for their annual European tour. They plan to spend considerable time in London and Paris this summer.

Mr. and Mrs. Roy Henderson, Roy, Jr., and Elizabeth Perner left Wednesday for Nashville, Tenn., where they will attend the graduation of the Hendersons' daughter, Louise, from Ward-Bel-

mont College. They will visit New York, Niagara Falls and other points, including the World's Fair in Chicago before returning home.

Mrs. J. H. McClure has returned to her home in San Angelo after a month's stay here with her husband, who is manager of Smith Drug.

W. B. Robertson, Jr., celebrated his ninth birthday last Tuesday with a party for his little friends.

Members of this year's graduating class were honored at a morning German at the fairgrounds platform. Hostesses were Misses Dorothy Henderson, Esther Kate Pierce and Eda Schneemann.

FRIDAY BRIDGE CLUB

The Friday Bridge club met last week with Mrs. Bailey Post in her home. The rooms held arrangements of pink roses. An all green arrangement centered the dining table. High score went to Mrs. Bill Adams, low to Mrs. J. M. Baggett and cuts were awarded to Mrs. Lovella Dudley, Mrs. George Montgomery and Mrs. Early Baggett. Gifts were presented the two guests, Mrs. Sherman Taylor and Mrs. Evelyn Chilton of Marlin.

Others attending were Mrs. Bill Bradbury, Mrs. O. D. West, Mrs. Hudson Mayes, Mrs. Max Schneemann, and Mrs. Joe Pierce, Jr.

Womans League Winds Up Year With Party

Ozona Woman's League will have its end-of-the-year party Saturday, May 26, at the ranch homes of Mr. and Mrs. H. M. Phillips, Jr., and Mr. and Mrs. John R. Hunicutt.

Each member will bring a covered dish, while the main course will be at the Phillips home with the dessert at the Hunicutt home.

Accurate and Complete RANCH RECORD Are More Important Today Than Ever Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations. The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return. Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume. Easy To Keep - Complete Record - In 1 Volume THE STOCKMAN RANCH RECORD BOOK

round and have had only two screwworm cases. Normally, at this time of the year, they expect 100 to 150 cases. "Since Victoria county is in real screwworm country," he said, "you could normally expect almost 100 percent infestation when working or dropping calves at this time of the year." Every case of screwworms put out of commission now prevents thousands of cases three to five weeks later. In turn, this helps make more effective use of the limited supply of available flies and

will speed up eradication, explained the officials.

Officials stressed that stockmen should now follow a regular preventive spray program using Cor-Ral or Korlan, following closely the instructions on the labels. These sprays give protection for two to three weeks.

Cattlemen in Texas are due praise for the support already given but officials of the cooperating agencies stressed that no one should let up in his responsibilities to the program now, the officials said.

These responsibilities include the regular spray program, close and frequent observation of all animals, pre-treatment of all wounds before they become infested with screwworms, early and intensive treatment of screwworm-infested animals and frequent re-treatment. Also the collection of 10 worms from each wound for positive identification. These worms should be delivered to the local county agent or livestock inspector.

Gwynel Walker To Get ACC Math Degree At Exercises On May 28

Abilene — Gwynel Walker, Abilene Christian College senior from Ozona, is a candidate for the Bachelor of Science in Education degree to be awarded at ACC commencement exercises May 28.

Miss Walker, whose field of study is mathematics, is the daughter of Mr. and Mrs. C. O. Walker of Ozona. She is a 1958 graduate of Ozona High School. At ACC she is president for her social club, GATA, and is a member of Campus Service Organization.

GETS CITIES SERVICE AWARD

Billy Lee Webb of Ozona, engineer at the new Cities Service Petroleum Co. gas products plant now under construction in Crockett county to process gas from the West World and Ranch Strawn fields, was the recipient recently of a 10-year service award from Cities Service.

Mrs. Gertrude Perry and Miss Mildred North left this week for New Orleans where they will visit Mrs. Perry's son, Joe Perry, and family.

Story of Emerald —

(Continued from Page One)

K. B. Kendrick, and a Mr. Bradford. They built on adjoining lots and drilled the second well in Emerald on the line between the property so that both families could use the water. The well came in very handy when the town well broke down, as it sometimes did, and we had to haul water four miles from the nearest ranch house.

A Sunday School was organized and Edd Moore was the Superintendent. Everyone attended and took part. During Emeralds short life, there was one birth, one death, and one wedding. A little girl was born to the Kendricks and was named Dora. The writers grandmother acted as midwife at this birth. The death was Benjamin Bean, the writers Grandfather. He passed away about two months after coming to Emerald from New Hampshire. The marriage was Max Mayer of Sonora, and Miss Dee Drake of Emerald. Miss Drake was the sister of the late W. F. Drake. As Crockett County was still unorganized at that time, the County Judge of Sutton County came to perform the wedding ceremony. The couple was married in the brides home and the late E. F. Vander Stucken was the best man. Many friends from Sonora and the ranchers around the county came to the wedding. And, of course, everyone in town was there. The store building was just completed at that time, and as it had a good floor, the wedding dance was held there.

T. W. Wilkerson had an agent living in Emerald, Mr. John Ketchpaw from South Dakota. Mr. Ketchpaw bought a section of land and built a small house. He then sent for Miss Amy Knox, a school teacher in South Dakota. He met her in San Angelo and they were married there. She taught the second term of school in Emerald.

When the county began making plans to organize, Emerald expected to get the county seat. But other counties were making plans, too. A Mr. E. M. Powell of Dallas, a state surveyor, wanted the county seat located on his land at Ozona. Mr. Powell had surveyed

most of the land in West Texas and had taken his pay in land. A third site was entered in the race. It was a section of land on the S. E. Couch ranch several miles west of Ozona. This was named Eureka. At the election, Ozona was named the county seat.

The new town of Ozona began building right from the first. Many people moved in and lived in tents until their homes could be built. All the lumber had to be hauled 90 miles on freight wagons. The people of Emerald began moving their homes to Ozona. The second year, Ozona was needing a larger school, and as there were not enough children left in Emerald to need a school, the Emerald school house was moved to Ozona and added to their building.

One thing more the writer remembers very well. While I was living in Emerald, the last big prairie fire passed over that county. In August, 1890, the grass was tall and thick and there was nothing to stop a fire. The roads were only grassed over trails. How far this fire had come before reaching Emerald or how far it went after passing Emerald, we never knew. We saw the light from the fire two nights before it got there. The first night it was just a bright light low in the southeast. The second night, the sky was so red that we knew it was close, and the town became alarmed. The men met and decided to try to turn the fire around the town by setting back fires. There was an old wagon trail running east and west about one-half mile south of town, so the men planned to set their fires along this trail as the grass was thinner there. They loaded a wagon with barrels of water, grain sacks, old saddle blankets, and anything else that would be heavy enough to beat out fire when it was wet. They would have to beat out the fire they started when they had made a strip wide enough to either put out the fire or turn it away from the town. The men worked all night, but about daylight the big fire reached them and went around them. They kept fighting it on the east trying to turn it west. As the fire came nearer to the town, the women went out with wet sacks to help. They finally turned the fire at

the west side of town. The fire passed under a small house that was being built. The house had not been floored yet, and the grass underneath had been trampled hard, so the house and a large pile of lumber was saved. The men with their back firing had saved about a section of grass. This saved our horses and cows and kept them until grass came again. We could see the light of the fire two nights after it passed Emerald.

If there are any others living, who spent those few pioneering years in Emerald, I am sure they will look back on pleasant memories and kind thoughts of those true friends and neighbors.

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are extra on other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think!

Capitol

Big news at Capitol is that out of the red. James announced Deficit, which September 28, out by heavy insurance and new sales tax. May 18, there was the state's main — the general of \$1,233,106. back in the red to time, before squared a way. a year from now should be on

away more than \$2,000,000 a year, according to State Comptroller Robert S. Calvert. This because they are not taking advantage of the prepayment plan under the new state sales tax.

Since small and big businessmen usually pay their bills within 10 days to earn a two per cent discount, Calvert can't understand why they waste \$3,160,000 a year by failing to get this same discount from the state.

Under the sales tax law's Prepayment plan, a businessman can increase his allowable discount from one to three per cent. He can do so by rendering the tax for each quarter by the middle of the quarter to be reported. In other words, he can pay the tax in advance on a logical estimate.

Prepayment was conceived by the Legislature, Calvert said, as an incentive, with some consolation to the business that is forced to collect and report the tax. But to date prepayment has been the most neglected section of the sales

tax law.

Textbook Lists will be Public— When the House Textbook Investigating Committee was holding open hearings on books recommended by the State Textbook Committee of the Board of Education, one of the most frequent complaints registered by those who protected selections was that they couldn't get copies of the texts in time to study all the content.

The newly-appointed textbook committee for 1962 has set forth a system for adoption which will give every possible protestant as much time to pore over this year's offerings as the committee itself will have.

On or before July 1, publishers must file a statement of intent, listing all books offered by title, subject, copyright and authors. A

compilation of this information will then be forwarded to all school districts, as well as interested groups and individuals who request the list from the Texas Education Agency.

Textbook publishers also have been instructed to make all considered texts available for purchase by the public from their various depositories.

Ramps Alongside Highways — Fishermen and other boat owners soon will be cheering lustily for the State Highway Department.

D. C. Greer, department head, has just announced that 40 boat launching ramps soon will be built from surplus funds in the Highway Department.

State boat registration law provides that any income remaining after enforcement of the boat re-

gistration act shall be spent building public launching ramps for boats. Highway department has handled registrations and the funds since enactment of the law two years ago.

"Additional ramps will be built according to need, accessibility Greer stated. "These will be located according to need, accessibility to highways, and availability of private launching facilities."

R. W. Townsley, director of the Motor Vehicle Division, reported that as of November 30, 1961, licenses had been issued for 173,300 Texas motorboats.

"We still hope for some remedial legislation to strengthen the water-safety, boat - registration Act," said Townsley.

from other schools. The announced objectives of the program are to give secondary school students with outstanding academic achievements opportunity to study under recognized teachers of scientific stature, to improve the quality of training in math and science in high schools and to develop the large potential of talent among the youth and to stimulate them toward fields of scientific achievement.

The Ozona Woman's League, which sponsors a student for this award, through its retiring president, Mrs. John R. Hunnicutt, presented Penn with a check for his room and board, paid for by the League, during his six-weeks stay at A&M. The award was made at the recent PTA awards meeting.

Penn has been very active in school affairs. He has been Student Council representative, vice president this year and president-elect for next year. He is president of the 4-H Club of which he has been a member for 7 years. He has lettered in football and track and received honorable mention for all-district in these sports. He has been one of the ten nominees for the Woman's Forum Best Citizen award each year of his three high school years. He was elected Junior Class favorite this year and was runner-up for most popular boy.

In addition to the National Science Foundation award, Penn has also been selected for the Atomic Energy Symposium at the University of Texas, sponsored by the West Texas Utilities Co., and later in the summer will attend the Junior Engineers and Scientists Summer Institute at New Mexico State University and White Sands Missile Range.

TV Tower —

(Continued from page one)

Oscar Kost, TV system manager, announced.

The Ozona system has recently added a fourth channel to its cable service offering to Ozona viewers. Channel 3 in San Angelo, the satellite station of Channel 9, Abilene, is being received on antennas atop the tall tower here and transmitted on the cable system as an extra NBC station.

Another service of the TV system planned for the near future is FM radio, which is soon to be added to the system. The FM signal can be picked up from the cable with an FM radio or FM tuner and amplifier. The FM signal is being received by an antenna mounted at the top of the tower, picking up an Odessa FM station.

Family And Friends, Including Five Of Original Wedding Party, Gather To Help Ford Coateses Observe 50th Anniversary

The golden wedding anniversary of Mr. and Mrs. Ford Coates was observed Saturday afternoon at their ranch home, 35 miles southwest of Fort Stockton.

The plan of the first wedding on May 19, 1912, at the ranch home of Collins Coates near Ozona in Crockett County was carried out. The wedding was held early in the afternoon and a barbecue meal was served the honored couple and guests. Then, the next day the newlyweds rode off by horseback to their own ranch home.

Mrs. Ford Coates was the former Miss Bertha Perry and had come to Texas from North Carolina to visit with her sister, Mrs. Collins Coates, when she met and married Ford Coates.

Unusual about this golden wedding celebration was the fact that five members of the circle of family and friends who were present for the 1912 ceremony were able to attend the 1962 special occasion. In this group were Miss Dollye Coates, maid of honor; and Max Schneemann, who was best man; Mrs. Collins Coates, Charles Coates and Mrs. Letitia Coates Barton.

Mr. and Mrs. Ford Coates operated a ranch in Crockett county for several years before moving to Presidio County. They have ranched in Pecos County since January 1932 — making exactly 30 years of their 50 years of married life. Their children, Mrs. Gaines Coates of Martinez, Calif., Mrs. William Arnold of Encino, Calif., and Bill Coates, who lives with his parents, were present. Dr. Gaines Coates and William Arnold accompanied their respective wives.

Mr. Coates retains a familiar nickname, "Goober" and is known by that among his associates in the ranch industry and his favorite hobby, amateur radio operator. His older sister recalls that as a child he loved peanuts so much that he

earned the name of "Goober", which his friends still use.

Relatives who were able to be present were Mrs. Collins Coates of Fort Stockton, Ford Coates, sisters, Mrs. Letitia Barton, and Miss Dollye Coates; his brother and wife, Mr. and Mrs. Charles Coates, a nephew and his wife, Mr. and Mrs. John Coates and sons, Fletcher and Hugh; a niece and her husband, Mr. and Mrs. Oscar Kost, all of Ozona.

Friends attending were Mr. and Mrs. Max Schneemann of Ozona, Mr. and Mrs. Dow Puckett, Mr. and Mrs. R. E. Pfeister, Mr. and Mrs. Jerry Pucket, Mrs. Elbert Boatman, Miss Mary Ethel Dunn, Mike DeAx and Tommie Wilson.

Pecos Sheriff's Posse Prepares Annual Junior Rodeo June 21-22-23

Members of the Pecos County Sheriff's Posse at Fort Stockton are shaping plans for the second annual Junior Rodeo June 21, 22 and 23.

Tentative plans call for an opening day parade and rodeo contest events for boys and girls. The girls will have barrel racing, pole bending, break-away and ribbon roping. For the boy contestants there will be barrel racing, pole bending, break-away, steer riding, ribbon roping, tie down roping, and bull riding.

Entry fee will be \$10 in each event. The show is AJRA approved and Eugene Upshaw, Fort Stockton, is entry clerk.

FOR SALE — Duplex and garage apartment. Carpet and one side furnished. Located one block south, 1/2 block east of Ford garage in Ozona. \$13,000. Write Carl Stevens, Eldorado, Texas. 1-tf.

Working for Texas

Meet a fellow Texan: Preston Smith.

Preston Smith's story is in the best Texas and American tradition—a farm boy who worked his own way to an education and a place of honor in his business and community life.

Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader.

A steward at St. John's Methodist Church—member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau—these are some of the activities close to the heart of Preston Smith, citizen.

He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system—and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.

Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.

Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.

Voters in 102 counties gave Preston the lead over four opponents in the First Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.

Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.

Elect your independent candidate for Lieutenant Governor—

PRESTON SMITH

Candidate in Favor of Work Law

Smith, Democrat for Lieutenant Governor, has come out in favor of the Texas Work Law which provides that a man can't be forced to work in order to get a license. He defends the law voluntarily "any man has legitimate rights." This would be a labor union. He already has called the fact that his endorsement of labor leader is a special interest. He has not sought a license, he pointed out.

Two Shallow Wildcats In West Crockett; Cinco Field Offset Has Show

Humble Oil & Refining Co. Midland, will drill the No. 1 Mary D. Woolley, a 2,200-foot San Andres wildcat in Crockett County, 10 miles southeast of McCamey and 2 1/2 miles west of the Crockett (San Andres) field, but separated by an Ellenburger failure.

Location is 831 feet from the north and 2,292 feet from the west lines of 1-B-GC&SF.

Collins & Davis, Midland, will drill an 800-foot San Andres wildcat in Crockett County, nine miles northwest of Iraan and 1/2 mile south of the opener and lone producer in the Hanson (Grayburg) field. It is the No. 1-B Helen S. Carpenter.

Location is 330 feet from the west and 338 feet from the south (River) lines of 88-1-I&GN. The wildcats spots on or is a twin to Texas Pacific Coal & Oil Co. No. 1 Carpenter, a 1,699-foot failure, abandoned Feb. 23, 1945.

The Hanson opener, B. M. Hanson No. 1 Carpenter, was finished July 1, 1961, to pump 10 barrels of 27 gravity oil through perforations between 1,168-174 feet.

Texaco Inc. No. 1-B-1 W. A. Wood, in 31-31-H&TC, southeast offset to the opener and lone producer in the El Cinco, East (detrital) field of Crockett County, eight miles southeast of McCamey, swabbed 28 barrels of new oil, plus 85 barrels of load and acid water, in 11 hours through detrital perforations between 5,202-08 feet.

Perforations had been re-acidized with 3,000 gallons.

Earlier on a six-hour swabbing test, the project swabbed six barrels of load oil and 11 barrels of load water in six hours and then swabbed dry.

Testing continued.

Earlier operator tested the Devonian through perforations between 5,528-33 feet and 5,528-38 feet.

The Screwworm Eradication Program got a financial boost when checks from the Stockyards totaling \$184,590 were presented to Dr. Jud Morrow (right), Director of the Southwest Agricultural Institute. Shown above presenting the checks to Dr. Morrow is Jack Conger, President of the San Antonio Livestock Market Institute, representing the nine Commission Firms on the Stockyards, and G. C. Hagelstein, President of Union Stock Yards, San Antonio. The contributions were made possible by donations from the Commission Firms and the Union Stock Yards Company totaling 50¢ per head on every animal sold at a special Stocker-Feeder Sale held May 9, 1962. There were 3682 head received and sold from 37 counties in the San Antonio trade territory.

Notes From The County Agent's Office

By Pete W. Jacoby

Crockett County stockmen were asked this week to redouble their efforts in preventing and treating screwworm cases as an aid to the overall control program. Extension Entomologist R. L. Ridgway points out that periodic spraying of livestock every two or three weeks with Co-Ral or ronnel can prevent many screwworm cases. Every screwworm case which is prevented or controlled by chemical treatment, he says, can be a big help in the success of the overall Screwworm Eradication Program.

Stockmen are also urged to inspect all livestock regularly and treat all wounds promptly. Ten or

more worms should be collected from deep in each wound and taken to your local county agricultural agent or mailed directly to the Southwest Screwworm Eradication Program, P. O. Box 969, Mission, Texas.

Even though you have previously discovered worm cases and sent in samples, you should send in more samples at least once a week if you continue to have them, so that officials will know where infestations are and where to drop sterile flies when the supply becomes adequate.

"The trouble with golf is that by the time you can afford to lose a ball you can't hit it that far." — Crewleah (Wash.) Independent.

Ozona Golfers Swarm McCamey's Tourney

The annual McCamey Invitational golf tourney drew a large number of Ozona golfer this past weekend but the best the Ozona delegation could do was pick up a few wins in the various consolation playoffs.

Brooks Dozier, A. S. Lock, and T. J. Bailey all managed to get into the champions flight with good qualifying scores but only Bailey managed to get near the final pairings before falling by the way side.

Other Ozona golfers who entered in the meet were: J. W. Scott, Arthur Kyle, Billy Conn, Buddy Moore, Red Greer, J. G. Hufstetler, George Russell, Pete Jacoby, P. L. Childress, Warren Taliadro, Gary Garlitz, and Vic Montgomery.

Bud Reeves of Monahans won the championship flight with a 34 Sunday followed by Troy White of Big Lake who was a strokes off the pace. T. J. Bailey of Ozona finished fourth with a 37.

J. W. Scott of Ozona won consolation honors in the first flight with a 39.

In the third flight Pete Jacoby won runner up honors in consolation with a 44. Charles Garlitz was runner up consolation in the fifth flight.

Even though only 15 Ozona golfers were listed as entries reports in Ozona Monday were that 22 from Ozona took part in the meet.

Sheriff, Crockett County

Membership Campaign Launched For Permian Basin Petroleum Assn.

Midland, Texas — An area-wide campaign will be started today, Thursday to enroll a minimum of 50,000 individuals as members of the Permian Basin Petroleum Association.

The effort will be launched simultaneously in more than a dozen of the largest cities and towns in the 65 county area in West Texas and Southeastern New Mexico which make up the Permian Basin. The region has a population of more than 1,500,000 persons.

Thursday has been designated "Permian Basin Day" for the entire region and on that day, special committees will conduct the membership solicitation in many communities, said Joseph I. O'Neill, Jr., of Midland, president of the area-wide, industry-wide organization.

Among the cities where the special drives are to be conducted are Midland, Odessa, Monahans, Big Spring, Snyder, and McCamey in West Texas and Hobbs, Lovington and Artesia in Southeast New Mexico.

In a number of communities the mayors have issued proclamations calling on their citizens to manifest their support for the industry — the major economic support of the entire area — by joining the PBPA in its efforts to develop a better business and political climate in order to make possible continuation of an active, aggressive program of widespread development of the oil and gas resources of the territory.

CLOSE MEMORIAL DAY
Ozona business firms, members of the Retail Merchants Association, have voted to close their places of business Wednesday, May 30, Memorial Day. Mrs. Hubert Baker, RMA secretary, reported yesterday.

(THIS ADD PAID FOR BY FRIENDS OF GOOD GOVERNMENT)

Close of Schools Signal For Faculty Members To Scatter to Summer Jobs, Homes, Travel, School

School came to a close in Ozona last Saturday when over 1000 children picked up report cards Saturday morning to officially close the nine months of work.

The some 65 members of Ozona's teaching staff either started a rather extended vacation or began summer jobs here in Ozona.

Among the younger teachers there will be some travel to visit friends and relatives before returning to their parents home for a summer job or a few months of relaxation.

Among the High School faculty Principal J. A. Peltó will be at work for another week or two before starting a tour of active duty in the Air Force reserve and then departing Texas for a month or two of rest in Minnesota.

Shop teacher Gary Fife left for his home in Van for the summer. Miss Jean Powers departed for South Texas and some visiting but expects to be in and out of Ozona during the summer.

Miss Mildred North left Monday for New Orleans for a visit and trip accompanied by her sister, Mrs. Gertrude Perry. Miss Geneva Knox left Saturday for Ft. Worth where she will spend the summer and H. O. Hoover went to Commerce, Texas, to pick up his wife and children who were called home last week due to a death in the family.

Brooks Dozier, Foy Moody and Roger Gotcher put down their books and picked up paint brushes for the first part of the summer at least as they brighten up the teacherages with a new coat of trim.

Mrs. Janie B. Hull, homemaking teacher for 16 years in Ozona and a veteran of nearly fifty years service, retired and moved to Austin where she plans to make her home.

In Junior High, Mrs. Ted White

and Mrs. Beecher Montgomery moved to the ranch which nowadays is more like moving a base of operations than a shift of location.

Principal Roy Killingsworth and his wife are thinking about a trip this summer.

The balance of the High School and Junior High teachers plan to devote more time to house keeping and get a little rest at home following the end of the year.

In North Elementary Miss Fern Mikeska and Diane Billings plan to visit friends and from time to time during the summer return to Ozona.

Mr. and Mrs. L. R. Lenington and daughter, Susie, left for their farm near Brownwood for the summer.

Principal and Mrs. Frank Janes, and children plan to do some traveling this summer beginning with a trip to Houston as soon as school work is complete.

Miss Lola Mae Daniels has submitted her resignation and plans to become a missionary perhaps in the Far East in the not too distant future.

The balance of the North Elementary staff expects to resume their roles as housewives in Ozona for the rest of the summer with the exception of Mrs. Oehler who has returned to Fredericksburg and Miss Lucille Farmer who will spend the summer in Fort Worth.

The South Elementary staff scattered early with Miss Genevieve Poage traveling to Dallas for a visit before returning to Rankin for a job at the swimming pool this summer. Mrs. Cora Anderson hurried to Farmington, N. Mexico, where she will finish the school year for her daughter-in-law, Miss Ida Lee Harlan returned to Waco for the summer. Miss Döberta Lawrence and her mother returned to Ft. Worth for the summer

and Miss Joyce Stegmoller departed for her parent's home at Indian Gap.

Mrs. Jane Womack will spend a few weeks on the coast before she and her family return to Ozona where Chick will manage one of the swimming pools.

Principal Ernie Boyd will go to work at the Stockman when school work is over and the balance of the staff plans to do some visiting and some resting at their homes

in Ozona during the summer with the exception of Mrs. Rusty Smith who left for Stephenville, where she will spend the summer with her mother, ill for some time.

Superintendent of Schools L. B. T. Sikes will be in Ozona for the summer as usual hoping that not too many of his staff seek some other line of employment during

the summer and seeking to fill those places already open.

SHOWER HONORS MRS. BILL BLACK

Mrs. Bill Black was named honoree at a pink and blue shower in Ozona Saturday at the home of Mrs. George Buger, Sr. Beautiful arrangements of pink roses were
