David Jacoby Wins 4H State Award In Range Management

Award To Be Present- ed at Annual TSGRA Convention Dec. 5

David Jacoby, a Crockett county 4-H boy who has compiled one of the state's outstanding records in range and grass judging, today was named a state winner in the 1962 State 4-H Range Management Awards Program. Fourteen year-old David, a 9th grade student in Ozona High School, will receive an expense paid trip to the Annual Range Camp held each year at the Texas A&M College Adjunct at Junction, Texas.

The Texas Sheep & Goat Raisers Association is donor for the awards. David will receive a gold medal, a silver belt buckle and the certificate of State winner at the annual convention of the TS&GRA in San Antonio December 5.

Young Jacoby has completed eight years of 4-H club work and is the holder of many awards in livestock exhibits and 4-H judging competition. He has won a number of high individual awards in judging and has been a member of three champion 4-H judging teams in state-wide competition.

In 4-H leadership David has served as president of the Junior 4-H club, a junior 4-H club leader of the county 4-H club and county 4-H club delegate on the District 4-H Club Council.

Sterile Fly Drop Area Expanded To 3 More Counties

S. Half Crockett, All Of Val Verde, Terrell Now Included

Extension of the sterile fly release area and changes in the fly release rates were announced by officials of the Southwest Screwworm Eradication Program last week. The latter will put a heavier burden of responsibility on individual livestock producers. Pete Jacoby, Crockett County agent said.

An additional 10,000 square mile area is being included in the fly release area in western Texas and the number of flies released will be stepped up in some areas and reduced in others. While definite release rates have been designated for all areas, this will tend to vary according to the number of confirmed screwworm specimens sent to the Mission laboratory for identification. Thus, says Pete Jacoby, the producers themselves will largely determine how many flies they will get each week. This, of course, affects only those counties within the fly release area, he said.

The additional area is composed roughly of the territory encompassed by a line running west from the old line along the Sutton-Schleicher County line, passing just south of Ozona and Sheffield and continuing westward until it intersects with a line coming north from the U. S.-Mexico border and passing through Sanderson. The new area is composed roughly of Sutton County south (Continued on Page Three)

Punt, Pass and Kick Contest Saturday At Ozona Football Field

Boys seven through eleven years of age will compete next Saturday at Lions Stadium for handsome prizes offered by the Woody Mason Motor Co., Ford dealer in Ozona, in the Punt, Pass and Kick Contest sponsored by the Ford Motor Co. nationwide.

The contest will begin at 9:30 a. m. Boys will be required to register not later than Friday to participate in the contest. Winners will be decided on accuracy and distance of the kicking and passing contest.

Too Much Muscle At Big Lake For Outgunned Lions

Franklin & Holmes In- vincible In 34-8 Big Lake Win

By Ernie Boyd

A fired up group of Ozona Lions found Big Lake's mammoth full-back and fleet quarterback too much to handle last Friday night as they went down to defeat 34 to 8 in Big Lake.

Big Tommy Franklin, a good looking 6 foot three, 231 pound speedster, scored three times and picked up a staggering 169 yards rushing to lead the Owls but Mike Holmes, last year's class A state sprint champion, scored one td and passed for another, picking up 98 yard in the rushing department to add further to the Lions' woes.

The Lions picked up 11 first downs and a total of 122 yards against an unimpressive Owl defense but had to score on an intercepted pass as fumbles and miscues hurt their offense.

Ozona's improving pass defense allowed the Owls only 2 completions out of 9 tries and intercepted their sixth and seventh passes in the last three games during the course of the contest, with one of the two interceptions resulting in a 61 yard touchdown run by the Lions Pete Montgomery for the home team's lone score of the night.

The loss for the Lions did not come from lack of effort. The spirit was willing but the flesh was simply not able to overcome the great difference in size and speed that Big Lake possesses and in addition the Big Lake team displayed a great deal of desire.

The Lions gave their supporters a little to cheer about right away as they halted the Big Lake team at their own twenty following the kickoff and proceeded to use up almost all of the first quarter in a yardstick drive that carried to the Big Lake six yard line before a fumble on first down ended the drive.

Ozona fans found their joy over the first period a short lived thing, however, as disaster struck early in the second period.

The Owls took over following the fumble and drove out of their own thirty before the Lions rose up to stop them and bring up a fourth and eight situation. But right there the Lions' fortunes turned.

Ozona Delegate To Garden Club Meeting In Big Lake Nov. 8

Mrs. Jess Marley, official delegate from the Ozona Garden Club, will attend the Fall District Meeting of Garden Clubs to be held in Big Lake Thursday, Nov. 8. Other members of the local club may also attend.

Registration fee, which will include lunch, is \$3. The meeting will be held in the Big Lake Methodist Church starting at 9 a. m.

Anyone who would like to attend the meeting is asked to call Mrs. Marley or Mrs. Bascomb Cox by Saturday, Nov. 3.

Pre-Registration For Polio Vaccine Urged By Doctors

First Vaccination Ses- sion Slated Nov. 11 From 1 to 6 p. m.

Parents who have not registered their children for the Sabin polio vaccine which is to be administered Sunday, November 11, are urged to do so as soon as possible so that as many as possible can be pre-registered and thus save time on the day assigned to the actual administration of the vaccine.

Drs. Lloyd Sherrill and Ralph Simon will give their time the Sunday afternoon in supervision of the dosage administration, Dr. Sherrill to be at the North Elementary school and Dr. Simon at the South Elementary, simultaneous sessions being held from 1 p. m. to 6 p. m. The Type I vaccine, to be administered in the first session, will be given on a cube of sugar. It is tasteless and completely safe, doctors assure.

Registration forms which require the listing of children and their ages and signature of both parents, are available at both doctors' offices. Families should get the forms, fill them out and sign them and return them to the doctors. People of all ages are urged to take the vaccine.

A number of volunteer helpers are lined up to assist in facilitating the vaccinations and it is likely that only a few minutes time of an individual will be required to get the polio immunity.

Lions Must Meet Pass Threat To Overcome Rankin

Both Teams Fighting For Life In Dis- trict Race

By Ernie Boyd

The Ozona Lions will attempt to get back into the win column and retain a mathematical chance at the district 8-A title Friday night when they entertain the potent Rankin Red Devils at Lion Stadium with the kickoff set for 7:30 p. m.

Penn Baggett, one of Ozona's top linemen and one of the Captains of this year's football team was injured in practice late this week and will be out of the Rankin game it was learned today.

The Lions, with a record in district play of one win and one loss, must win Friday if they expect to remain in the title race and the same thing is true of the Rankin team which has dropped a 34 to 28 decision to Eldorado in league play thus far.

Rankin will be sparked by another big full back, this time a comparatively small boy who weighs around 190 pounds but who boasts good speed. The Rankin team will once again bring a good passing attack to Ozona. Last year it was the Lions' weak defense against the air shots that paved the way to the Red Devils 32 to 14 win over the Lions.

Ozona emerged from the Big Lake contest with more bruised feelings than anything else and will be in good shape for the Red Devils, providing the boys can overcome last week's reversal and get ready mentally for the game.

The Lions' showing against the Owls was not too disappointing as they flashed an effective offense and a defense which contained the Owls pretty well, except for the big, crunching runs of Tommy Franklin. Even the Franklin was not the whole show, according to statistics, and we would not attempt to run down any of the fine Owl backs, the fact remains that the Lions had to stay set to stop Franklin on every play, thus giving other backs a great deal more (Continued on Last Page)

SPIRITED REPUBLICAN AND DEMO CAMPAIGNS SPARK GENERAL ELECTION INTEREST

Governors Race, Con- gressional and District Contests Get Interest

The growing Republican party of Texas, joined by conservative Democrats, pose a threat to the one-party reign of the Democratic party in Texas for the first time in the 1962 general election which will be held next Tuesday, November 6.

With both parties waging a determined and unrelenting campaign for the office in which the Republicans offer candidates in opposition to the solid Democratic slate, this year's general election is proving to be one of the most hotly contested ones in the state's history.

A gubernatorial race between Republican Jack Cox of Breckenridge and Democrat John Connally of Fort Worth of intensity equal to any of the tooth and nail Democratic primary contests of past years has held the attention of the entire state for the past several weeks and is destined to reach a crescendo in the few days remaining before the final decision is made by the voters next Tuesday.

Next in intensity in the state-wide contests is that for Congressman at Large, with Desmond Barry of Houston, who won national attention with his successful fight against union domination of his trucking firm's employes by Jimmy Hoffa's infamous Teamster's Union, the Republican standard bearer, against Democrat Joe Pool of Dallas.

Statewide, the Republicans have candidate Bill Hayes for Lieutenant Governor against Democrat Preston Smith; T. Everton Kennerly for attorney general against Waggoner Carr; Bernold M. Hanson for Railroad Commissioner against Democrat Ben Ramsey; Mrs. Hargrove Smith for Comptroller of Public Accounts against veteran Robert S. Calvert; Albert B. Fay for Commissioner of the General Land Office against Jerry Sadler and Harry Hubbard for Commissioner of Agriculture against Democrat John C. White.

But for the 19-county West Texas 16th Congressional District, by far the hottest race ever waged in a general election is that in which Ed Foreman, Odessa business man, who is making one of the most spectacular contests ever witnessed in this area to unseat incumbent Congressman J. T. Rutherford, also of Odessa. Foreman, a conservative, is attacking Rutherford's liberal stand and his "go along to get along" relations with the Kennedy administration, and his association with Billie Sol Estes. Rutherford, on the other hand, is pushing his candidacy on the basis of experience in legislative circles and his service to his constituents.

Two other district races of particular local interest are those for (Continued on Page Three)

Historical Bldg. Markers Placed On Courthouse & Bank

Millard Cope Of Sur- vey Committee Here For Dedication

Historical Building Medallions were placed on the Ozona National Bank Building and the Crockett County Courthouse Tuesday afternoon at 4 p. m. in brief ceremonies attended by an interested group of Ozona citizens.

The formal dedication of the historical building markers was made by Millard Cope of San Angelo, publisher of the San Angelo Standard-Times and a member of the Texas State Historical Survey Committee, which has selected approximately 500 historical buildings for markers so far in Texas and hopes to raise this number to 1,000 before the year's end.

Mr. Cope later spoke at a meeting of the Crockett County Historical Society in the courthouse in which he discussed the significance of the Historical Buildings Medallion program which the Survey Committee sponsors.

"This is the first significant move to preserve some of Texas' rich heritage," Mr. Cope said of the work of his committee. Prior to the meeting, Mr. Cope had visited the Crockett County Museum in the basement of the courthouse annex building and was high in his praise of the collections and displays there.

Americanism Topic For Woman's League

The Ozona Woman's League met in the home of Mrs. Joe Bean with Mrs. Jimmy McMullan as assisting hostess. Mrs. Jim Dudley, president, presided over a short business session.

Change in date for the League's bazaar from Nov. 14 to Tuesday, Nov. 13, was announced. Members were instructed to bring articles for sale at the bazaar to the village shopping center on Monday. A business meeting will be held on that day at 4 p. m.

Mrs. Joe Bean introduced the program on Americanism. Mrs. Ira Carson of the Ozona Woman's Club, showed slides made on a trip this year to the Hawaiian islands. She showed a picture of the only royal palace in the United States, that in Honolulu in the fiftieth state.

The Hawaiian state flower is the hibiscus and some 7,000 varieties grow on the islands. The greatest source of income is from sugar cane. Colorful pictures were shown of native dancers, pineapple fields, fields of orchids and other exotic flowers and lovely scenery.

Mrs. Brooks Dozier led the group in singing "God Bless America" and "America the Beautiful." Mrs. Buddy Russell accompanied on the piano.

Ed Foreman Honored At Coffee In Ozona

Ed Foreman, Republican candidate for Congress from the 16th district, was honored at a coffee in the home of Mr. and Mrs. Connally Stewart here Saturday evening.

Mr. Foreman greeted the group of supporters who gathered and outlined his campaign program. He told the group that he had been assured by Republican leadership Congress of appointment to the Armed Services committee immediately upon his election to Congress.

Foreman, an Odessa business man, is campaigning on a platform of conservatism and is waging an intensive personal appearance campaign as well as through the communications media of this area. He is opposing incumbent Congressman J. T. Rutherford, also of Odessa.

Junior High Kittens To Play Sonora Colts On Local Field Tonight

By Ernie Boyd

Ozona Junior High will attempt to even the score with Sonora in Ozona tonight at 7 p. m. when Coach Chick Womack sends his Kittens against the Colts at Lion Stadium.

The two teams met in Sonora several weeks ago with the Sonora team coming from behind to defeat the locals 22 to 16 in a well played game.

Last week the Kittens failed to get revenge for a loss in Iraan but did gain a 20 to 20 tie in a tinging offensive game which saw four touchdowns in the last half.

The Ozona B team will be idle this week following its decisive win over Iraan here last week. The 40 to 6 win marked the first touchdowns for Coach Brooks Dozier's charges even though the win was not the first and one 0 to 0 tie is on the record book.

Bill Carson, who has been very ineffective as a passer this season, due as much to poor protection as anything else, fired four touchdowns passes, one of which came on the first offensive play for the Cubs. The pass from Carson to Garza covered 61 yards and was a beauty. Garza was on the receiving end of another pass for a score later in the game and Sammy Cervantez took two touchdowns during the contest. Tannehill scored the Lions only score on the ground on a sweep around his own right end.

Attorney Candidate Campaign In Area

W. C. (Bill) McDonald, Fort Stockton attorney and candidate for District Attorney of the 112th district on the Republican ticket, was honored at a coffee Tuesday afternoon in the home of Mr. and Mrs. Connally Stewart in Ozona.

In the course of a brief campaign talk to the small group gathered, McDonald took occasion to explain the dangers in the "do novo" amendment, No. 14 on the ballot, to the state constitution. He also called attention to the ruling of Attorney General Will Wil-

son to the effect that voters are free to vote for whomever they please in the coming general election, no matter whether in the Democratic or primary.

est I have seen anywhere in a town this size," he declared. "It is a fine collection of items illustrative of the southwest's fascinating history."

Joe Couch, president of the Crockett County Historical Society in opening the meeting, proposed approval by the group of new rules governing the museum display. Hereafter no materials for the museum will be taken "on loan" except items destined for display a stated length of time after which they are to be reclaimed by owners. The organization's liability for items on loan made such a decision necessary, Mr. Couch said. He appealed to those who have items presently in the museum on loan to consider making an outright grant to the museum for the continued display of the items.

The evening's program concluded with an absorbing eyewitness account of the experiences of a soldier on duty on the Texas frontier, at Fort Lancaster, Fort Clark, Fort Hudson and other area stands during the Civil War, contained in a diary kept by one William Williston Heartsill, and reviewed for the gathering by Mrs. Sherman Taylor.

Heartsill, a member of W. P. Lane's Texas Rangers, organized at Marshall, Texas, with Heartsill the first to sign up for enlistment, was on duty for several months "on the frontier" and his diary gave a graphic account of the day to day activities of these frontier guards, containing much of the comic, some of the serious and a touch of the sentimental in their lonely lives.

Heartsill's diary was published under the title "Fourteen Hundred and 91 days in the Confederate Army" recounting events of the time he was stationed at Fort Lancaster in Crockett County.

Bad rushes but not so in the first two quarters when one pass narrowly missed going all the way.

Big Lake contributed greatly to their own task by getting penalized 90 yards. They could have picked up more and richly deserved it, but none the less the game was cleanly played for the most part and Big Lake definitely appears to be the class of the district.

district attorney of the 112th judicial district, in which Ozonan Dixon Mahon, now serving in the office under appointment of Governor Price Daniel, is the Democratic candidate and is opposed by W. C. (Bill) McDonald, Ft. Stockton attorney. Campaigning by these two principals has been somewhat restrained.

The other race is a repeat from two years ago, in which Democrat incumbent State Representative from the 66th district is being opposed by Republican candidate W. G. (Bill) Stacy. Both candidates are from Kerrville and Stacy carried the home county in the 1960 race between the two.

Two other candidates, these on the Constitution party ticket, will require attention from the voters in the antiquated method of voting on the Texas paper ballot in which every candidate a voter does not want to vote for must be scratched out on the ballot.

The two Constitution party candidates are Jack Carswell for governor and Joseph M. Rummier for Comptroller of Public Accounting. Voters are warned in the cases where there are three candidates on the ballot for an office, that two names must be scratched out before a vote can be registered for one unscratched name. Voters may split their vote in any way they see fit, marking out a candidate in one party column and leaving a name in the other party column for the same office. Or in case a voter wishes to "vote'er straight," he need only draw a vertical line down each party column he does not wish to vote for.

But after a voter has waded through the candidates for various offices on the various party tickets on the saddle blanket size ballot, his troubles are not over. If he wishes to rebuster a vote on approval or disapproval of 14 proposed amendments to the much amended Texas constitution, he has more scratching to do. Most of the proposed amendments will bring about further state spending if approved, some are strictly local in nature, creation of hospital districts, and at least one, the 14th on the ballot, the "de novo" amendment should be and probably will be soundly defeated.

Program officials will be watching the number of specimens confirmed as screwworms which are sent in to the laboratory each week by livestock producers and livestock inspectors. This will largely determine whether the number of flies being dispersed in any area should be increased or reduced. So, says Jacoby, it is up to producers to check their livestock on a regular basis and send in samples, unless they want to run the risk of having the number of sterile flies released in their area reduced.

He said producers should put about 10 maggots or worms from a wound in a container of alcohol or water and send it to Box 969, Mission, Texas, or they may send the sample to him and he will forward it to Mission.

half of Crockett county and all of Val Verde and Terrell Counties. This new release area will receive 600 sterile flies per square mile per week. The Edwards Plateau and surrounding territory where native flies still exist in large numbers will receive 1,000 flies each week. The areas in southern Texas where fewer screwworm cases are being detected will receive 400 flies per square mile each week.

FACING DECISIONS

By Andie Elliot

Should I ride around with the crowd, or study? Should I save my money for college or for that car I've been wanting?

We are faced daily with these and many more decisions. The vast majority of them are small, such as — Should I eat that candy bar, or stick to my diet? The small everyday decisions influence the larger ones; sometimes they determined answer to the larger ones.

For example, we often make the decision of whether or not to do extra studying. If we have often chosen a more diversifying activity rather than studies, we may find, come time for college, that we do not have the standard of grades required for admittance. If we have too often eaten that second piece of pie, we may find that, instead of buying that much-wanted record, we need to spend the money for clothes that fit.

It is the little decisions that count — the ordinary, everyday ones.

If we choose wisely in our everyday decisions, then we need not fear nor wonder, about the larger ones — they will take care of themselves.

By Joel Huff

There are two days in the week that we should never worry about.

One of these days is yesterday with its mistakes blunders, aches, pain and sorrow. Yesterday is gone forever and is beyond our control.

The other day we should not worry about is tomorrow with its worries, burdens, fears, and problems. It also is beyond our control.

Tomorrow will come good or bad. Until it does, we have no control over it.

After we eliminate these two days to worry about, today is left. Every man can fight the battles of one day. It is only when we add the burdens of yesterday and the fears of tomorrow that we break down.

Thomas Carlyle once said, "Our main business is not to see what lies dimly ahead, but to do what lies clearly at hand."

To do the day's work well, planning for the future but not worrying about it, has become the guiding principles in the lives of today's most successful men.

Live neither in the future nor the past, but let each day's work absorb all of your interest, energy and enthusiasm.

The best preparation for tomorrow is to do today's work well.

EDITED TESTS TO BE GIVEN NOVEMBER 6 AND 7

The Iowa Tests of Educational Development (ITED) will be given Tuesday and Wednesday of next week, November 6 and 7.

The will be taken in the high school building with the freshmen occupying 3 rooms, the sophomores occupying 3 rooms, the juniors in 2 rooms, and the seniors will take the tests in the library. Students will be assigned to the rooms alphabetically.

The purposes of the tests are to provide the students, parents, and the guidance department with information on the weaknesses and the strength of each student to provide the teaching staff with information needed for improvement of instruction, and to provide the administration with an over-all picture of the achievement in his system and information needed for curriculum improvement.

The nine sub-tests measure the students' ability to think critically and to apply factual information.

These nine sub-tests consist of the following: Understanding of Basic Social Concepts, General Background in the Natural Sciences, Correctness of Expression, Ability to do Quantitative Thinking, three Comprehensive Reading Tests, a Vocabulary Test, and a test on the Use of Sources of Information.

SPORTS

The Ozona Lions tasted defeat at the hands of the Big Lake Owls last week, 34-8. The fired-up Owls led by big, booming Tom Franklin, racked up high statistics in every department.

The B team fared much better as they ripped by the hapless Iraan Braves, 40-6, on home ground Thursday night. The Junior High also tied the Braves, 20-20. The B team previously had a 2-0 victory over the Owls.

In two weeks, the B team will play the Big Lake Owls' B team. The Owls have already defeated the Lions, 8-0.

In Iraan, the Braves fell once again this time to the strong Eldorado Eagles. Winning 42-6, the Eagles led by Lynn Meador, brought their district record to 2-0 and left the Braves winless at 0-2.

In Rankin, the Red Devils walloped the Sanderson Eagles, 27-16. The Red Devils rose from defeat with a 20 point third quarter to bring their record to 1-1. This left Sanderson with 0-2 record.

This week, the Lions play host to Rankin, Eldorado takes on Sanderson, and Iraan plays Big Lake. The Ozona B team, open tonight hosts Big Lake next Thursday. The Owls hold an 8-0 victory over the Lions in a previous game.

In the Southwest Conference, the mighty Texas Longhorns were held to a 14-14 tie by the Rice Owls. SMU, on touchdown runs by quarterback Max Derden and full-back John Ed Clark, pushed by the Texas Tech Red Raiders, 14-0 and assume the Conference lead with a 2-0 record. Mike Clark kicked the A&M Aggies to a 6-3 victory over the Baylor Bears, thereby spoiling the Bears' homecoming. The loss practically eliminated the Bears, who have a 1-2 conference record.

FOOTBALL HISTORY

By Cheryl Clayton

Most people think that football is primarily an American sport, but history shows that it was played as early as 500 B. C. by the Spartans. Originally it was played with only the feet.

In the 12th century, football had become the national sport of England and by 1365 England was so football happy that King Edward III prohibited the game "for military reasons." Archery was necessary for defense, and the yeomen were spending all of their time at football.

Some 300 years later, Charles II reinstated football, and the goals were set three or four miles apart.

It was by accident when a player at Rugby took the ball in his arms and ran with it. This started our present game, and those who preferred the old idea of just kicking the ball called their game soccer.

Football probably was brought to America by the English colonists at Jamestown. They used an inflated pig bladder as a ball, and women played. Throwing and passing were more important than kicking.

Football games became popular among the United States eastern universities in the 1890's. Teams had 25 players during the first years, but in 1880, the number was reduced to 11. In the early 1900's the forward pass was introduced. Many rules are changed each year.

Football today is a universal sport attracting spectators as no other sport does.

MUM DEADLINE SATURDAY NOVEMBER 3RD

Saturday, November 3, is the deadline for buying mum corsages for the Eldorado game, November 9. There is a deadline because the mums are ordered from California.

Those who have not yet had the chance to purchase a mum may do so by contacting the junior class president, Scott Mahon, at 392-2431 or any other member of the junior class.

The mums cost \$1.50 apiece; mums with football number are \$2.50 apiece.

NOTICE

The Make-It-Yourself-With-Wool contestants should have their garments finished by the last week in November which is the 25th and 30th.

Billie Sol Estes.

● On May 23 — this year sev-
eral days after the legal deadline
and even weeks after state and
federal investigators had the facts
in their possession — Rutherford
filed still another statement re-
vealing that he had, in fact, re-
ceived \$1,500 from Estes "for the
purpose of a campaign contribu-
tion." He told newsmen he "could
have dropped my teeth" when he
discovered the gift. He added, "I
thought of taking a shot of truth
serum to see if that would help
my memory".

Now, let's go back to January
to learn what really happened.
● On January 6, Rutherford ar-
ranged for a meeting for Billie
Sol Estes and his attorney with
Rutherford, Sen. Ralph Yarbor-
ough and Agriculture Department
officials who later rescinded a
cancellation of Estes' cotton allot-
ments.

● Rutherford has stated that on
Jan. 17 (Estes' lawyer testified
under oath it was Jan. 8) he re-
ceived the \$1,000 from Estes.

Rutherford has been charged
with political favoritism in the
Estes case. One member of the
Senate Investigating Committee
described it as "complete capitu-
lation to a guy out on the make."

The congressman has attempted
to explain it away by saying he
would do as much for any other
constituent as he did for Estes.
He speaks proudly of his ability
to open doors to governmental
agencies for his constituents. He
says such work is "not sensation-
al and makes no headlines". But,
he adds quite realistically, it is
"often very rewarding."

We suggest you reread the a-
bove facts. There can be no doubt
that Rutherford deliberately tried
to hide (1) that Estes requested
him to intercede with the Agri-
culture Department, and (2) that
Estes, in turn, left him a \$1,500
political gift.

Many West Texans might have
been gullible enough to accept his
claim that he performed a proper
"service" in Estes' behalf. Many
of them might have been able,
with certain misgivings, to with-
hold contempt for the gift from
Estes had Rutherford but shown
an inclination to tell the whole
truth.

Nobody seems to know the ex-
tent of the political favoritism, if
any, that Rutherford bestowed on
the free-spending Estes. Neither
do they know, with certainty,
whether the \$1,500 was a love offer-
ing or whether it was consider-
ed by Estes as a payment for spe-
cial favors.

In any event, people in the 16th
District don't have to be told that
their right to know has been flag-
rantly tampered with. This, Ru-
therford has not denied. He can-
not deny it.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Nov. 2, 1933

Installation of ten new traffic "buttons" and promulgation of a new code of traffic regulations by Sheriff W. S. Willis governing traffic in the business section of Ozona marked the transition this week from unrestricted and often dangerous driving to controlled traffic on the downtown paved streets of the city.

A drop in temperature that had been heralded in weather reports as an approaching cold spell accompanied a heavy rain which fell over this section last night. The fall amounted to 3 inches in Ozona.

Strick Harvick, Crockett county ranchman, suffered a badly mangled hand yesterday afternoon when a horse he was leading from his car became frightened and jerked back, entangling the rope about Harvick's hand. Two fingers were broken and most of the skin and flesh was torn from another and several joints were dislocated.

I. G. Rape yesterday celebrated his third birthday as head of the Ozona Drug Store here.

Dr. F. T. McIntire is expected to return home this week from a three weeks visit in Maine. Mrs. McIntire is in a Boston hospital where she underwent an operation for appendicitis. Mrs. McIntire was scheduled to leave for Texas.

Zelma Verne and Clara Ann Canters of Mr. and Mrs. Max, entertained with a party at their home last afternoon. Enjoying the party were Joyce and Ann West, Rose and Doris Bean, Nancy Louise Perner, Ruth Turner, Jo Nell Coose, Marie Williams, Betty Henderson, Barbara, Edna Beth Davidson, Blackwell, Arthur Byrd, Dick McDonald, Frank and the Cox sisters.

Miss Ruth, southside grocer, is staging a unique sale this week, displaying several "rubber" checks given in payment for merchandise and offering them "for sale." A display is given a prominent place in the front of the store and is attracting quite a bit of attention.

Union Stockyards San Antonio Sale Benefits Screworm Fund \$2435

The Southwest Animal Health Research Foundation received a financial boost of \$2435.50 as a result of a Special Stocked-Feeder Show and Sale held at Union Stock yards Thursday, October 25, 1962. The Commission Companies and the Stock Yards Company contributed a total of 50c per head to the Foundation for the Screworm Eradication Program. This contribution was made at no expense to the shipper in an effort to rid the Southwest of the screworm problem.

C. G. Scruggs, president of the Southwest Animal Health Research Foundation and Marvin Bridges, Executive Director of the Foundation, were present at the sale and made talks on the merits and necessity of the Screworm Eradication Program.

This is the second special sale held at Union Stock Yards for the benefit of this program. Sold at auction were 4871 head of cattle and calves for a total of \$2435.50. The first sale held on May 9 of this year netted the Foundation \$11,841.50 being the total contributions from the Commission Companies and the Stock Yards Company to \$3277.00.

man would be beautiful in comparison. And I will insist on western nomenclature. Such as:
The Dipping Vat — the swimming pool.
The Wagon Tongue — patio for gossip.
The Frying Pan — sunburned face with herbal oil on it.
The Doctored Brand — man who has switched to filtered cigarettes on doctor's orders.
And so on, thataway.

Lions Must Meet —

freedom than they would normally have were the Lions playing in their normal defensive alignments.
The question will be Friday if the Lions can contain the speed Rankin has and will the Lions be able to stop the Red Devils air attack as well as they have that of their last three foes.
Coach Fred Hickman was not in a very optimistic frame of mind Wednesday as he said rather gloomily that he hoped his charges could break even on the season but did not much think they could. On the other hand, the 1962 ball club has distinguished itself all season by its willingness to mix it with the opposition, a factor that has given the Lions some sort of a chance every game.
The Lions will start on offense Mahon and Semmler at ends, DeHoyos and Baggett at tackles, Cox and Huff at guards and Garza at center, with Cooper, Moore, Montgomery and Vargas in the back field.
On defense the Lions will have Scrivner and Semmler at ends, Moore and Baggett at tackles, Cox and Sanchez at guards with Vargas, Montgomery, Mahon, Bowman and Garza in the secondary.
