

Hawkins To Preach At Coahoma Sunday

Bob Hawkins, senior student at the Austin Presbyterian Theological Seminary, will be guest pastor Sunday morning at the Presbyterian church of Coahoma.

Hawkins, a candidate for the bachelor of divinity degree in June, is a graduate of Austin College, Sherman, and is working toward a master's degree in history from the University of Texas in addition to his ministerial degree.

He is a native of Dallas and has done student supply preaching for the last three years at Orange and Collegeport, Tex.

GOVERNMENT WORRYING AGAIN

Reuther Invited To Talk Over Chrysler Walkout With Ching

WASHINGTON, March 15 (AP)—Federal Mediator Cyrus S. Ching invited labor leader Walter Reuther today to discuss the auto workers' strike at the Chrysler Corp. The bid indicated mounting government concern over the long deadlock.

The strike began Jan. 25 over the union's demand for a 10 cent hourly allocation per worker to cover \$100 monthly pensions or a wage increase. The company refused to earmark any pension amount for each employee, and the 90,000 production workers walked out. The company also balked at giving the union a voice in administering the pension fund.

Reuther, here for congressional testimony on social security as president of the CIO-United Auto

Workers, was expected to meet with Ching sometime during the day.

There have been indications since the Chrysler strike began, those close to the negotiations report, that Reuther may boost his demands as time for the opening of his contract with General Motors Corp. nears. That agreement expires May 29.

Reuther already has stated that the UAW wants a nine cent hourly wage boost and pensions of \$125 a month for the more than 200,000 members in GM plants.

The Chrysler strike may drift on for weeks, the government fears, if that is Reuther's strategy. Strike assessments of \$1 a week for 12 weeks from UAW members in other auto plants are yielding \$700,000 a week for a huge strike kitty, it was reported in Detroit.

Meanwhile, the company is fall-

ing far behind its General Motors competition in production.

Federal conciliators have been working steadily since before the strike began, and others will reinforce them in coming weeks, Ching indicated. He is the chief of the Federal Mediation and Conciliation Service.

Little Engine Finds A Way

SEVIERVILLE, Tenn., March 15 (AP)—The locomotive grunted, the crew perspired and the little Smoky Mountain railroad hurdled a new obstacle to deliver its cargo.

Tired of half the main drag—the middle half—being taken up by tracks of a little-used railroad, the townspeople had Bruce Street resurfaced for three blocks—railroad tracks and all.

But the Smoky Mountain railroad thrives on trouble. Bankrupt, 42 years old, and forbidden by the Interstate Commerce Commission to quit operating, it finds a way.

The spunky little mountain locomotive just backed into its newest problem yesterday. Three hours later, two carloads of potash and cement were delivered, about 1,800 feet across this town of some 2,000 population in the foothills of the great smoky mountains. As the train crew dug away the tar pavement from the tracks, citizens chewed and whittled, and watched city employes pour oil on the tracks in an impeding effort that backfired.

"Actually, it helped out," chuckled J. E. Temple, the court-appointed operator for the line which is in receivership. "The oil softened the tar, and we used plenty of sand and got through."

Italian Red Strike

VENICE, Italy, March 15 (AP)—A Communist-led general strike gripped this famous city of Canals and Gondolas for the second day today as the result of the wound-in of seven workers in a clash with police yesterday.

Brooks Troubled By Injuries To Key Personnel; Erskine Has Bad Flipper

VERO BEACH, Fla., March 15 (AP)—Pitchers Don Newcombe and Carl Erskine and Second Baseman Jackie Robinson are the newest members on the Brooklyn Dodgers' ailing list.

The two pitchers have sore arms and Robinson yesterday pulled up with a lame leg during the Brooklyn-Mobile exhibition game.

SARASOTA, Fla., March 15 (AP)—Dave Ferris and Earl Johnson all get a pitching chance for the Boston Red Sox today against the St. Louis Cardinals at St. Petersburg. Vern Stephens, who has been in uniform only three days since ending his holdout, is listed to make the trip and may play shortstop.

FULLERTON, Calif., March 15 (AP)—Gordon Van Dyke, 22-year-old bonus pitcher from Cookville, Ill., gets his first test with the Chicago Cubs today.

Van Dyke is scheduled to face Los Angeles, the Pacific Coast League club which seasoned him for the Cubs.

LAKELAND, Fla., March 15 (AP)—The Detroit Tigers uncovered a Class A-1 pitching prospect Tuesday in beating the New York Yankees, 31, in an exhibition contest.

The Bengals started 23-year-old Ray Herbert, a Detroit high school graduate. And in the three innings he pitched, Herbert yielded only one hit.

TUSCON, Ariz., March 15 (AP)—Bob Feller, who hopes to become a 20-game winner again this year, was set to make his first exhibition start for the Cleveland Indians today.

Manager Lou Boudreau listed him for a four-inning stint against the Oakland Oaks of the Pacific Coast League.

ST. PETERSBURG, Fla., March 15 (AP)—Al Brasie, Cloyd Boyer and Bill Reeder handle pitching duties today against the Boston Red Sox at the St. Louis Cardinals seek their third victory in three days.

Pitcher Ken Johnson was the star in the Cards' 5-3 victory over the Boston Braves yesterday. He struck out four, retired three others and then allowed two singles in his three inning stint. He didn't issue a walk.

TAMPA, Fla., March 15 (AP)—Maybe it's just an early spring surge of power but those Cincinnati Reds suddenly have become sluggers.

They only have a 2-2 record in their first exhibition games, but in the last three hits they have belted Detroit Tiger and Philadel-

phia Phil pitchers for 25 runs on 36 hits. The hit production has included eight home runs, four triples and seven two-baggers.

BURBANK, Calif., March 15 (AP)—Each year the St. Louis Browns have counted on Cliff Fannin being their No. 1 pitcher and each year he's been a disappointment.

But this season Cliff is enthusiastic about his chances.

"You won't have to worry about me," he commented. "I've learned my lesson."

Last year Fannin reported for training late, then suffered from a sore arm most of the season. Fannin didn't take a guess on the number of games he would win, but he said he felt this season would be the best of his career.

ST. PETERSBURG, Fla., March 15 (AP)—Manager Casey Stengel of the New York Yankees is giving young Ed Ford his first chance to pitch against major league batters today.

Ford, a 21-year-old New Yorker who is rated a very promising prospect, is slated to try his left-handed slants against the Philadelphia Phillies in the exhibition game at Clearwater.

CLEARWATER, Fla., March 15 (AP)—President Robert R. M. Carpenter of the Philadelphia Phillies and his holdout catcher, Andy Semnick, probably will try again today to get together on Semnick's 1950 contract.

Carpenter said last night Semnick had agreed in a telephone talk from his home in Elizabethtown, Tenn., to return to the Phils camp "to talk it over."

Semnick went home last week with the two men reportedly \$5,000 apart on the big catcher's contract.

SAN BERNARDINO, Calif., March 15 (AP)—Home run slugger Ralph Kiner sprained his right wrist in a collision with Herm Reich yesterday in the Pittsburgh Pirates' exhibition game with the Chicago White Sox. Kiner will be out of the Buc lineup anywhere from two days to a week.

Truman Enjoying Tranquil Cruise

ABOARD THE U.S.S. WILLIAM C. LAWE, March 15 (AP)—Storms and seasickness behind them, President Truman and his staff cruised southward today through tranquil waters.

The White House yacht Williamsburg and this escorting destroyer were 60 miles off Jacksonville, Fla., last midnight carrying the presidential party on a three-week vacation trip to Key West.

Navigators set a course 41 miles east of St. Augustine and 20 miles east of Fort Pierce with arrival at Key West scheduled for tomorrow.

When the ship docks Mr. Truman will get his first mail since leaving Washington Sunday but a high speed communications system connects the Williamsburg with the nation's capital.

HOLLYWOOD MORALS TO BE PROBED BY SENATE COMMERCE COMMISSION

WASHINGTON, March 15—The Senate Commerce Committee set the stage today for a mid-April airing of Hollywood film-and-television morals. Its angry chairman, Edwin C. Johnson (D-Colo.), was in the director's chair.

Johnson, who erupted in the Senate yesterday about the Ingrid Bergman-Roberto Rossellini romance, told a reporter the motion picture industry is going to be called on the carpet to explain why the morals of some of its stars aren't better.

"I'm not a prude or a puritan and I love good movies," Johnson said. "But it moves me the industry is getting to the point where all an actor has to do is get arrested for something or get messed up in some immoral affair and stardom is guaranteed."

The Motion Picture Producers' Assn., fired back in a statement saying that Hollywood has no more than its share of people who violate the moral code. It said further that Johnson's proposed method of attacking the situation would menace American freedoms and was "a police state bill."

Johnson proposed crack-down legislation under which every American actor and producer would have to be licensed by a Commerce Department bureau and a 10,000 permit obtained for interstate shipment of every motion picture. Actors and producers could be denied licenses if they had been convicted on morals charges or admitted committing acts "constituting the essential elements of a crime involving moral turpitude."

Eighth-Grader Held In Teacher's Death

KANSAS CITY, March 15. (AP)—A 17-year-old high school student was charged with manslaughter yesterday in the death of a teacher. The teacher, 65-year-old Ernest B. Hyde, died yesterday. He had been in critical condition since last Friday when he was knocked unconscious in a school hallway.

Howard Lee Kinar, an eighth grade pupil, was accused of striking Hyde with his fist while the instructor was disciplining another student at manual high and vocational school.

Lubbock Westerners Face Herd Thursday

Game Starts At 3:30 P. M.

What may shape up as the greatest baseball team to represent Big Spring high school in recent years will take the field at Steer park here at 3:30 p. m. Thursday for an exhibition with the rugged Lubbock Westerners.

Coch Conn Isaacs can rely on veterans at virtually every position this season, though he might not be as deep at some positions as he'd like to be.

It appears now the Steer battery for tomorrow's game may consist of Floyd Martin and Billy Tubbs. Martin lettered last season when he isn't pitching, he'll be in the infield somewhere.

Howard Jones, another letterman hurler, will miss the Thursday game because of a sore arm. He's due to be alright in a week or so, however.

Jack Sparks will probably spell Martin in the box.

Bobby Maines, a left hander who pitches occasionally, is due to be at first base for the Steers. C. B. Harris may nail down the key-stone sack while Howard Washburn will be a short and probably Jackie Jennings at third.

Amos Jones, Harold Rosson and possibly Frank Phillely will be used in the outfield, although Phillely is a pitcher, and is due to see mound action at some stage of the game.

Probable starters for Lubbock, 3AA favorit, will be Morris Turner, catcher; Benny Day or Jimmy Hamilton, pitchers; Barry Allen, first base; Billy Frestley, second; Powell Henness, third; Dick Fowers, short stop; and Garnet Reeves and Jimmy Sexton and Dean White in the outfield.

Changes Made In Golf Rules

NEW YORK, March 15. (U.S.)—The United States Golfing Association has made several rule changes effective today.

One change permits a player whose ball is in a water hazard to drop a ball—under the penalty of one stroke—as nearly as possible at the spot from which the original ball was played. Thus, this procedure and penalty is the same as that for any other lost or unplayable ball elsewhere than in a water hazard.

Also, the rule covering the limits to which a golfer may go in moving material which may hide the ball has been amended as follows: A player "may move fixed or growing objects (including sand) to the extent necessary to enable him to find or to identify the ball, provided that, before addressing the ball, he restores the objects (including sand) to their original position."

Ransom Tests Open Champion

PALM BEACH, Fla., March 15. (U.S.)—Defending Champion Henry Ransom and National Open Champion Cary Middlecoff battled for top money today in the final round of the 11th annual Seminole Golf Club's 54-hole \$10,000 tournament.

Middlecoff, playing out of Ormond Beach, Fla., set a new competitive course record yesterday over the 6,295-yard Seminole course with his eight under par 64 and a 28-hole total of 137.

Ransom, of St. Andrews, Ill., who led the field of 42 professionals on opening day with a three under par 69, was one stroke better yesterday with 34-64-68.

Two strokes off the pace were Dick Mayer, assistant pro at the Seminole Club, Lew Worsham, Oakmont, Pa., with 128. Mayer had a 68 yesterday and Worsham 69.

Tied at 140 were E. J. (Dutch) Harrison, St. Andrews, Ill., and Jack Burke, Jr., White Plains, N. Y.

Jip Ferrier, San Francisco; Johnny Palmer, Badin, N. C., and Tony Penna, Cincinnati, were tied at 141.

LOOKING 'EM OVER

With Tommy Hart

Bill Fletcher, HCJC's stellar athlete, says he'll forego baseball this summer on the advice of his physician.

Fletcher underwent an operation on his knee recently and the doctor has recommended that he give the leg time to gain strength again.

The Dallas youth is a crackerjack baseball catcher who hits a long ball. His place on the HCJC baseball team will probably be taken by Nino Lujan, the Grandfalls lad who came to the Hawks as a grinder.

Chris Haskins, who apparently can't make up his mind whether he wants to be an officer of the law or a baseballer, has signed a contract with the Lubbock Hubbers of the WT-NM league. He won 11 and lost five for the Hubbs in 1948.

Haskins has served two stints with the Texas Highway Patrol.

Don Latham, the Morton youngster who will try out with the Big Spring Bronco here later this month, is a nephew to M. E. Anderson, a railroad engineer here.

TWO BOWIE GRIDDERS LOOK TO O. U.

Add to the list of outstanding Texas high school football players who will do their college playing at the University of Oklahoma, the names of two Bowie boys.

They are Jack Stamps, a 185-pound fullback and Donald Lee Bloom, 170-pound tailback. Bloom scored 150 points for the Bowie team last season.

Bud Worsham, the Sweetwater sports writer, notes that Bob Dahn, who played shortstop for the Sweetwater Swatters in 1949, will try out with that club as a pitcher this year.

Dahn tried to break into pro ball as a hurler but didn't meet with too much success and turned to the infield.

The Swatters are due to open workouts Wednesday.

Hobby Brown, Lubbock high school's all-around athlete, reportedly will wind up at Texas University. He's considered a first-class baseball prospect.

COACH'S SON NOW GROWING LIKE BAMBOO

One of the fastest growing youths in school here is 13-year-old Conn Isaacs, Jr., son of the Steer baseball coach.

His parents began to check on their boy's height some time ago and his Pop said recently their heir had grown about half an inch a month for five months. He now towers over Conn, Sr., who is just under 5-foot-10.

Conn, Jr., who should have a natural talent for athletics, aspires to be a high jumper. His father says he's making a scientific study of the business and is picking up all the pointers he can.

Young Isaacs should be of help to both the football and basketball teams here in the not-too-distant future.

Bus Dorman, who used to appear here with the Amarillo baseball club, will be playing manager of the Wellington team in the Red River Valley (Independent) circuit this season.

Tulsa Players Go To Corpus

CORPUS CHRISTI, March 15. (U.S.)—Six University of Tulsa football prospects, "absent" from spring drills yesterday, turned up at the University of Corpus Christi— and created a bit of surprise at both schools.

Head Coach J. O. (Buddy) Brothers at Tulsa said teammates quoted the candidates as saying they "had made such tremendous offers they couldn't stay here."

Will Walls, football coach at the University of Corpus Christi, said the first he knew of the matter was when Brothers called him yesterday morning and told him the men were bound for "UCC or Nevada."

"It's very regrettable that this means happened," Walls said. "But they said they were determined to leave."

The players, all sophomores, are Tackles Jim Prewitt, Smackover, Ark.; Floyd Harrawood, Harlan, Ky.; and Bob Miles, Santa Ana, Calif.; Guard Tom Hamm and End Eddie Ware, Mississippi Junior College, transfer; and Halfback George Colidron, also from Harlan.

They arrived here by car late yesterday.

Walls said he had received a letter from one of the six saying he and two of his friends "were not satisfied at Tulsa and had been thinking about leaving for a good while." Walls replied by letter that he was interested, and he said the next he knew of the affair was when the call from Brothers arrived.

"They said nothing to me or the staff," Brothers disclosed. He said that he knew of "no action that could be taken."

Prewitt played under Walls here in August when Walls coached the western team for an "All-American High School Game."

Walls said that the six talked to several other coaches on their way here. He did not identify the coaches or their schools.

CCNY Beavers Give Kentucky Cats The Boot

NEW YORK, March 15. (U.S.)—The National Invitational Basketball Tournament—an old bugaboos for Adolph Rupp—again is haunting the Kentucky mainframe. This time "The Baron" sees Beavers running about.

The Beavers—from CCNY—dealt Rupp his worst defeat in 20 years at Kentucky in the quarter-final round of the NIT last night. The score was 35 to 20.

Thus, City's white-hot quintet will meet Duquesne in the semifinals Thursday night. Duquesne advanced with a 42-37 victory over LaSalle of Philadelphia in the opener. Bradley and St. John's will play in the other semi-final game, with the finals set for Saturday.

"I figured we'd win this thing," Rupp said following the rout. "No excuses, my boys were the worst ever."

Defeat in the NIT is nothing new for Rupp, his "Fabulous Five" was blasted out in the quarter-finals last year by Loyola of Chicago. In 1947 it was Utah's "Cinderella" outfit which upset Kentucky's favored apperant in the finale. The Wildcats did take the NIT title in 1946 with a 41-36 victory over Rhode Island State.

The 15,000 fans in Madison Square Garden could not quite believe what they saw.

But Rupp believed it. In fact, he believes City could do it to his team anytime. "That's one superb ball club," Rupp said. "Even if we played them again tomorrow night we couldn't beat them. They definitely are the better team."

And so they were. Nat Holman's slick crew could do nothing wrong. Powered by Ed Warner, Irwin Dambrot and Ed Roman, the Beavers raced to a 13-1 lead and held a 45-20 halftime lead over the bewildered Southeastern Conference champs.

The Wildcats drew within 16 points in the second half, but City promptly whipped in 16 straight points as partisans in the crowd chanted "Four it is, City! Four it is, City."

"My club usually surprises me one way or the other," said Holman. "But this was the biggest surprise of all."

Y To Sponsor School Program

A boys' and girls' volleyball program, separate from the one being conducted by Arah Phillips, will be started at the high school gymnasium tonight under the auspices of the YMCA.

Eighth grade boys and girl and high school girls will take part in divisional competition.

Winning teams will be presented with trophies and there'll be ribbons handed out to members of the championship class.

The schedule in all divisions will extend for several weeks.

Doc Tracy Charged With One Error

BURBANK, Calif., March 15. (U.S.)—Score one error for Dr. David Tracy who hopes to hypnotize the St. Louis Browns into the World Series.

The psychologist said his error came yesterday in a mass hypnotism class.

"Has any pitcher a sore arm?" he asked.

"I have," answered Rookie Les Stone.

Without asking any questions, Dr. Tracy started working on Stone's right arm. Later he asked Stone how the arm felt.

said Stone. "Only trouble is I'm left handed."

South Texas JC All-Stars Named

VICTORIA, March 15. (U.S.)—Four members of the All-South Texas Junior College Conference basketball team were unanimous choices of the conference's coaches.

They were Gerald Cecil of Wharton, J. V. Davis of Southwest Texas, Enoch Herring of Laredo and Dale Coleman of Victoria. The fifth member of the first team, announced last night, was Bill Butler of Del Mar (Corpus Christi).

Mike Holovac of Boston College, in the 1943 Orange Bowl battle, carried the ball 20 times for 159 yards—the 15.5 average being a major bowl record.

Midget of the Penn State basketball team is Co-Captain Joe Tocco, who at five feet, seven is one of the nation's smallest players.

Steer Tracksters Defeat Lamesa High, 44 To 29

Bert Brewer's Big Spring high school track and field meet edged the Lamesa Tornados, 44-29, in a nine event track and field meet held here Tuesday afternoon.

Just to make it a perfect afternoon for the resident thirty clads, the Junior high squad representing the local squad walloped the Lamesa Junior representatives, 30-19.

Bobby Jack Gross led the Big Springers to the senior victory. Gross copped the discus throw with a toss of 133 feet 3 inches, then captured shot put laurels with 41 feet 5 inches. With the latter toss, Gross managed to beat out Bill Zeech of Lamesa by two inches.

Paul Fortenberry surprised by sprinting to victory in the century dash in 10.4 seconds and anchoring the sprint relay team to a win of some 200 yards.

Bobby Hawkins won two firsts for Lamesa and anchored the winning mile relay team. He ran an impressive 20:75 in the 800, which is 6.5 seconds better than he had done all season. Cleonne Russell, HCJC freshman, competed against him and the lads staged a great finish, winding up in a dead heat.

Hawkins also won the mile 5:17. Big Spring won five first places and Lamesa four.

It was all Big Spring in the junior meet, the Yearlings grabbing off five firsts in the six-event program. Joe Spinks had two firsts for the Yearlings, winning both the 50 and 100 yard dash events.

Summary: 100-Yard Dash—Fortenberry, Big Spring; 200-Yard Dash—Womack, Lamesa; 400-Yard Dash—McKinney, Lamesa; 800-Yard Dash—Russell, Lamesa; 1600-Yard Dash—Russell, Lamesa; Mile Run—Hawkins, Lamesa; 2 Mile Run—Hawkins, Lamesa; 4 Mile Run—Gross, Big Spring; 8 Mile Run—Gross, Big Spring; 16 Mile Run—Gross, Big Spring; 32 Mile Run—Gross, Big Spring; 1/2 Mile Relay—Lamesa (Montgomery, Mackin, Womack, Hawkins); Big Spring: 3:37.5; 1 Mile Relay—Lamesa (Montgomery, Mackin, Womack, Hawkins); Big Spring: 3:37.5; 2 Mile Relay—Lamesa (Montgomery, Mackin, Womack, Hawkins); Big Spring: 3:37.5; 4 Mile Relay—Lamesa (Montgomery, Mackin, Womack, Hawkins); Big Spring: 3:37.5.

TIL Challenged By Cage Group

GATESVILLE, March 15. (U.S.)—The High School Girls Basketball League of Texas not only will continue "despite the threat of opposition" from the Texas Interscholastic League but some of its officials are talking about taking in boys basketball, too, Director L. C. McKemie said today.

In a test of strength with the Interscholastic League, which next winter will sponsor girls basketball, the High School Girls League has more than 300 members lined up for 1951, McKemie said.

McKemie sent out application blanks to his members after the Interscholastic League had mailed out membership cards for its proposed girls organization.

There were 394 schools in McKemie's league this year and he says this far reports show that only three of those schools will not participate in the present girls league next year.

"A number of superintendents have been suggested that the independent league also sponsor boys' basketball," McKemie said. "Our system of allowing members to select tourney sites and officials and take the 'gate' has proved popular with the school men who must worry about making athletic events pay their own way."

Selons Use Red Ink In Economy Drive

WASHINGTON, March 15. (U.S.)—Two New York House Republicans dipped into the red (ink) today to dramatize their opposition to deficit spending by the government.

Reps. Cole and Kilburn said they will sign all their letters in red—until the government starts living within its income.

Turner Leads Assault On Scoring Standards

Delmer Turner, sophomore flash, set a new scoring record for Howard County Junior college for the basketball season better than 373 points in 25 games, beating Bill Fletcher's old mark by 31 points. Fletcher, too, might have turned the trick had he not been injured in a game with Odesa JC in January and missed more than half the Hawk starts.

As it was, Fletcher hit for 165 points and a 14.5 average what time he was in action.

Three of the Big Springers—Lous Stalling—scored better than 200 points each while three others—Fletcher, Frank Dunn and Cunn Grigsby—managed better than 100 points each.

The team also set a new record for total points, 1436 compared to 1263 for the 1948-49 season, and for total victories. They achieved a dozen wins last season.

In their 28 starts, the Hawks averaged 51 points a game com-

Prexy Says Bucs Are Progressing

SAN BERNARDINO, Calif., March 15. (U.S.)—Frank McKinney, president of the Pittsburgh Pirates, says he's satisfied with the progress being made toward the goal the owners set themselves when they bought the club three years ago.

"Our setup now gives us the opportunity to separate the wheat from the chaff," McKinney said. "The results over the past two seasons have been toward that young team each club strives for—but has a tough time finding."

"The average age on our club last season was 23 years. We are down to 22 this season. Our next year we will top another two years off the average and be down to 20."

"I feel we have the perfect farm setup now. With the addition of Charleston, S. C., in the Sally League, we have added the middle classification which was needed—Class A."

"Although we had Albany, it was only a working agreement. Now we have a club with our own managers and can send players owned by the organization, and be sure they will play to gain experience."

"Also," McKinney added, "our managers now know what we expect of them. They have all been instructed to accent youth. We don't care where they finish in the league race."

"In the past, the managers were afraid if they didn't win the pennant or finish close, their jobs were in jeopardy. We have curbed that. Now we expect better results."

Steerettes Win Over Lamesans

LAMESA, March 15.—Big Spring girls' volleyball teams won two of three decisions from Lamesa teams in exhibitions played here Tuesday evening.

Arah Phillips' senior high school Steerettes walloped the Lamesa varsity squad, 27-11, with Mona Lee Walker and Rosie Rice playing feature roles.

Big Spring led at half time, 16-4, and kept improving on that aggregate.

The Big Spring B squad also finished in front, 30-10, with Luan Creighton's 21 points providing the big cushion. Pat Wilson had 12 points for the winners.

Despite outstanding play by Sue Blankenship and Nancy Henson, the Big Spring Eighth grade team lost a 41-23 decision to the LaLamesa Eighth grade squad in the opening game.

Blankenship had nine successful serves for the Big Springers, Henson seven.

Vet Hamine 5 Launches Play In NAIB Meet

By SKIPPER PATRICK AP Staff

KANSAS CITY, March 15 — Do-feeding Champion Hamine University is depending heavily on tournament experience to bring it another national intercollegiate (NAIB) basketball crown.

Coch Joe Hutton's Pled Fingers of St. Paul, Minn., have three stars in their lineup who are making their fourth appearance in the nation's No. 1 cage classic for small colleges.

Hal Haskins, twice a tournament all-star, Joe Hutton, Jr., son of the coach, and Bob Ludeen each are playing their fourth successive NAIB tournament. Still another player, Bill Wanamaker, is here for the third year.

Hamine plays Little Central (Mo.) College tonight in second-round play in the six-day tournament.

There are few soft touches, if any, among the sixteen teams reporting for the second round. Brooklyn College (32-4), a highly regarded team, which squeaked past Appalachian State of Boone, N. C., 19-75 yesterday, was paired with College of Puget Sound, Tacoma, Wash., in one of the four afternoon games.

Westminster, Pa., College of New Wilmington, and Davis Elkins, of Elkins, W. Va., were paired at 2 p.m. (CST) in what was expected to be one of the better games of the second round. Each was its first start Monday.

East Central (Ada) Oklahoma State last night used two field goals in the last 30 seconds to eliminate Kansas Wesleyan of Salina, 76-67.

Indiana State of Terre Haute hit 21 of 26 free throws to edge Mississippi Delta, 65-59.

River Falls (Wis.) State rolled over Eastern Illinois of Charleston, 50-68. Arkansas Tech whipped Morningstar (Ga.) College, 75-64.

In other games last night, East Texas defeated South Dakota, 55-54.

If they lose in a fight with FTC over government restrictions that apply to their kind of business and then continue to be violators, the penalty that applies to a margarine dealer applies to them.

IF THE COURT UPHOLDS THE FTC, by ruling against Jones, the court then orders him to get rid of his false advertising. This is where the penalty comes in.

False advertising—A firm falsely advertises that its toothpaste can cure certain kinds of sore gums.

Night-Prowling Bands Resume Wave Of Terror In Alabama

By TOM SELLERS
 BIRMINGHAM, Ala., March 15. — Night-prowling bands, apparently peaceful for months, have resumed the wave of mob terror which last year led to an anti-masking law in this state.

This year, the gangs operate without robes or masks.

But state officials blame the new outbreaks on the Ku Klux Klan, just as they did the acts of masked hoodlums in 1949.

Four men were charged with murder at Pell City, 40 miles east of Birmingham, in the Feb. 22 night-terror slaying of Charlie Hurst, country storekeeper.

Just before his death, Hurst burst into his home and cried: "Looks like the Ku Kluxers are after me."

The men charged in this case are Claude Luker, Talladega furni-

ture dealer; Charlie Carlisle, Jr., 24-year-old textile mill worker; Albert Wilson, 23, Talladega county farmer, and C. M. Hunter, Pell City mattress manufacturer and former county jail warden.

Three others arrested in the killing were freed last Saturday. They include the Rev. Alvin Horn, Baptist minister and organizer for the Association of Georgia Klans; Jesse Wilson, 55, father of Albert Wilson, and E. L. Hudson, Talladega carpenter.

Here in Birmingham, 18 men are under indictment for masked flogging and related charges brought by a grand jury last summer.

Of this group, Coleman A. (Brownie) Lollar, admitted Klansman, has been acquitted at two separate trials. He still faces several other charges.

Another case, that of Klansmen

A. B. (Byrd) Carradine, ended in a mistrial last December.

The Lollar and Carradine trials followed raids by hooded, robed bands last spring and early summer in hilly, coal-mining areas west of here.

The lovable empire of the Klan, split by dissension and splinter groups, denied any part of these threats, floggings and cross burnings. But lash victims described official Klan regalia in telling how their assailants were dressed.

Most of the victims were white people. They were told by the gangs they had committed some moral offense or should get a job and go to work.

Last June, the Alabama legislature passed an anti-masking law providing a fine of up to \$1,000 and 12 months in jail on conviction.

Farmer Kills One Wife And Himself

SALISBURY, Md., March 15. — Shots fired about 100 miles and a week apart snuffed out the lives of a well-to-do dairy owner and one of his two wives.

Russell C. Moore, 48, shot himself in a large home he maintained in Collingswood, N. J., yesterday as police approached to question him about the slaying of Marjorie Mae Mahnk Moore, 29, in Salisbury.

Just four hours before, her body had been found in the home she, Moore and their four-year-old daughter occupied in Salisbury.

She had been dead—her body stretched over a kitchen chair—about a week Moore and his daughter, Marilyn, apparently left the house sometime Monday.

They went to his home in Collingswood about the same time his New Jersey wife, Mrs. Laura Moore, came to Salisbury to look for him.

 Associated Press Science Reporter
 NEW YORK, March 15. — A new, cheap way to make some of man's scarcest, costliest hormones has been discovered in cancer research.

It is done by keeping tiny pituitary glands alive in glass houses. The glands are taken from rats. But they keep living and growing in a special fluid bath.

They become living factories, delivering tiny amounts of hormones three times a week. One hormone is ACTH, a wonder drug for arthritis and other diseases. Another hormone stimulates the sex glands to produce sex hormones. Another controls body growth. Another governs the thyroid gland.

These exotic factories are pale-pink, and about the size of a pea. They have been kept alive and growing as long as 16 weeks, and probably can be kept producing even longer.

The amounts of hormones har-

vested from them are small. The method still is experimental, but it offers hope for practical mass-production of these hormones, says Dr. Leonard Scheele, surgeon-general of the public health service.

Dr. Scheele described this medical achievement Monday in speaking at the premier of a new film on cancer research. The half-hour film, "Challenge — Science Against Cancer," was produced jointly by the National Cancer In-

stitute and Canadian Department of National Health and Welfare.

The pituitary gland is a master gland of life. It lies at the base of the brain, and produces hormones that regulate other glands. These include the sex glands, thyroid, and the adrenal glands.

Rat pituitaries produce the same hormones. Teamwork at the National Cancer Institute succeeded in keeping the rat glands alive, and getting harvests of their hormones.

MAGICIAN FAILS FOR 10TH TIME IN EFFORT TO CONTACT DARROW SPIRIT

CHICAGO, March 15. — Magician Claude Noble's attempt to contact the spirit of Clarence Darrow failed again Monday, the 10th time since the famed criminal lawyer's death.

Noble, a 60-year-old Detroit businessman, knelt on the lawn bridge in Jackson Park, from which Darrow's ashes were scat-

tered over the waters. He intoned the Lord's Prayer, then asked Darrow to rap on a copy of a book, "How to Conduct a Criminal Case," he held in his hand.

The drone of an airplane overhead was heard as Noble, bareheaded, knelt for a minute as a raw March wind whipped across the park, chilling a score of reporters and others watching.

Noble said he "didn't expect it to happen. But I hope the Lord may somehow permit him (Darrow) to manifest himself." Darrow, Noble and the late magician, Howard Thurston, many years ago had agreed that the survivor would attempt to contact the others once a year. Their purpose was one of debunking, Noble said, but each had hopes of "some manifestation," the Lord permitting.

Noble, who has returned to the bridge on the anniversary of Darrow's death every year except in 1948 and 1949, said he would return on March 13, 1951. He also said he would try to contact Thurston at the Mausoleum of Greenland Cemetery in Columbus, O., on April 13.

Record Russian Vote Announced

MOSCOW, March 15. — A record 119,994,172 voters accounting for 98.8 per cent of the registered Soviet electorate cast their single-party ballots in Russia's national elections Sunday, it was announced today.

Prime Minister Stalin was unanimously re-elected in his constituency in a district of Moscow.

The vote was 5,290,929 more than had been cast in the Soviet Union's last elections.

Noted Attorney Dies Of Heart Attack

WACO, March 15. — Alva Bryan, 70, Waco attorney and past grand master of the Masonic Grand Lodge of Texas, died here yesterday after a heart attack.

Bryan was a former Baylor trustee and had served as chairman of the board of trustees. He also was vice president of the Baylor Stadium Corporation.

Mercedes Park Sold

MERCEDES, March 15. — The Mercedes City park, located in the heart of the business section, was sold at public auction yesterday. The proceeds, \$31,000, will be used to purchase another park site.

Typesetters Meet

TEMPLE, March 15. — The first statewide convention of the Texas Typographical Conference will be held here Saturday and Sunday. Speakers will include Elmer Brown, national international typographical union vice president.

Early Settler Dies

GRAND PRAIRIE, March 15. — Mrs. Agnes Scheppler, 83, an early settler in this section, died here yesterday.

Officers Searching For Chambers Slayer

ALVORD, March 15. — Local and state officers are continuing a search for the slayer of Charles Harrison Chambers, 60, who was found fatally shot the night of Feb. 28.

Justices of the Peace S. D. Morris returned an inquest verdict yesterday that Chambers died at the hands of a person or persons unknown.

Cotton Ginners Meet Will Close Today

MEMPHIS, Tenn., March 15. — The annual convention of the National Cotton Ginners Assn. closes today after committee reports and the election of officers.

Yesterday the group sent a telegram to U. S. Sen. Elmer Thomas, chairman of the Senate Committee on Agriculture, asking that cotton acreage allotments be increased.

FLOWER SHOW OPENS TODAY

PALESTINE, March 15. — The Texas Dogwood Trails, the most outstanding wild flower show in the South, open today.

Officials of the Texas Dogwood Trails Association say that very few of the beautiful white blossoms were damaged by freezing temperatures and heavy frost earlier this week.

HERE'S WAY TO GET OUT VOTE

CUMBERLAND, Md., March 15. — Pony rides are in the offing for children at several of the city's playgrounds this summer. But just which ones depend on how well their parents turn out to vote in the city's general elections next Tuesday.

The Junior Assn. of Commerce announced last night it will donate a pony to the playgrounds in the city ward which has the largest percentage of registered voters casting ballots in the election.

DOING WORK HARD WAY

CUMBERLAND, Md., March 15. — A couple of burglars either can't read or like to pull a job the hard way.

They broke into a safe here yesterday, after hacking at the handle and finally removing the pins from the safe's door hinges.

The loot was a razor and 20 cents.

On the side of the battered safe the company had painted: "No money inside." And beneath that—the combination.

"I'M SO GLAD YOU CALLED!"

"Our telephone is a real family friend," said Mrs. K. L. Davidson recently, after keeping a five-day record of all telephone calls made and received at her home.

Added Mrs. Davidson, a Chelsea, Oklahoma, housewife: "Our telephone not only keeps us 'in touch' with the family and friends, but is a time-saver and step-saver in running the house—helps me in my dressmaking as well! I was surprised after adding up our calls, to find that our telephone gives us all this service—at an average cost of 2¢ per call!"

Each year brings greater progress in your telephone service: new telephones added—greater improvements made! The result: You can call more people, and they can call you—with quicker, more trouble-free service. It's a real budget value—that grows in value every year! Southwestern Bell Telephone Company.

Monday—Forgot to ask Goldie about sleeves in dress I'm making for her. Dreammaking is just a side line, but it gives me a little "pin money!"

Tuesday—Told Mother Pd come out and get Dad for his trip to the doctor's. They'll be ready, time I get there.

Thursday—Enjoyed hearing from my sister-in-law and her folks. They're in town, but no time to come around—so they visit by phone!

Wednesday—Mrs. G. liked her dress—appreciated my reasonable price!

Thursday—Husband called to see if I needed anything from store. Saves me a trip!

RIBBON RAMBLINGS

By Mildred Young

Since we have been taking some time bringing various departments of the Texas Federation of Women's clubs to light, we'll turn today to the Department of Legislation.

Mrs. Harry Griffiths, 1405 Newfield Lane, Austin, is chairman of that department, which has as its objective:

Every club woman in the state paying her poll tax and voting in every election.

That as many clubs as possible organize forums. These groups are to be round table discussions. Both sides of each issue to be brought out. Local state or national legislation may be studied.

To vote intelligently you must know the issues, remembering that in a democracy it is your privilege to express your opinion and vote your conviction.

Mrs. Griffiths has offered a prize to the district organizing the largest number of forums. The prize is to be \$10 each year. Clubs can decide what they will discuss and also ask speakers but at each meeting discussion must be had by the group.

At this time, the department is stressing statehood for Alaska and national representation for the District of Columbia.

Club women are being urged to study such subjects as: hidden taxes, United Nations, Unesco, displaced persons, military training, control and use of atomic energy, pure food, drug and cosmetics act, water supply, conservation of national resources and the Hoover report.

H. C. Wolf Honored At Birthday Party

H. C. Wolf celebrated his 85th birthday in the new home of his son, V. H. Wolf, at Vincent, which is his former home. Eight of his ten sons and daughters were present. His oldest son, J. A. Wolf, who lives in Lamesa, and his oldest daughter, Mrs. C. M. Bell of Santa Paul, Calif., were unable to attend.

Sons and daughters, who were present, included Bill, Bob, Vernon, Mollie, Fannie, Vera, Louie and Ola. Wolf has 63 grandchildren, 69 great-grandchildren, and two great-great-grandchildren.

Wolf has lived in Howard county since 1919. His wife died in 1943 and he has been living with a son-in-law and daughter, Mr. and Mrs. S. F. Buchanan, who live nine miles northeast of Big Spring, since October, 1949.

Baked by Mr. and Mrs. S. F. Buchanan, the birthday cake was inscribed with the words, "Happy Birthday, Dad."

Attending were Mr. and Mrs. W. F. Wolf of Clovis, N. M., Mr. and Mrs. V. H. Wolf, Vincent, Mr. and Mrs. R. L. Wolf, Big Spring, Mr. and Mrs. S. R. Buchanan, Big Spring, Mr. and Mrs. A. W. Mrs. Sam Armstrong Presided At HD Meet

Mrs. Sam Armstrong, chairman, presided at the monthly meeting of the Howard County Home Demonstration council held Saturday in the home demonstration agent's office.

Recommendations were read and adopted by club representatives and committees were appointed to select furniture for the agent's office.

Dale Puckett was guest speaker. He offered his services at any time to discuss farm bureau insurance. All clubs are participating in selling food at the 4-H club show which began Tuesday and closes Thursday.

Clubs will sponsor a bake sale on April 8th. The next council meeting will be held the first Saturday in April. Those present were Mrs. J. A. Sutherland, Mrs. Porter Hanks, Vealmoor; Mrs. Ellis Iden, Mrs. E. J. Monroe Gafford gave the topic, "There Are Many Ways To Witness" and "Mission Witnessess." Mrs. Loretta Grimes closed the program with the topic, "Witnessing Souls Will Change The World." Mrs. O. B. Warren presided during the business session. The meditation thought was taken from Matthew 17:5 and was followed by a special prayer for missionaries led by Mrs. E. T. White.

Mrs. George O'Brien Gives Devotional

Mrs. George O'Brien brought the devotional at the meeting of the Gideon Auxiliary in the parlor of the First Baptist Church Tuesday.

The program was opened with the group singing, "What A Friend We Have in Jesus." Mrs. Billy Smith recited the 12th chapter of Romans.

Attending were Mrs. George O'Brien, Mrs. Merrill Creighton, Mrs. Billy Smith, Mrs. Leonard Coker, Mrs. M. Rogers, Mrs. Gene Combs, Mrs. Wayne Williams, Mrs. G. G. Morehead, Mrs. Lonnie Coker and Mrs. J. F. Jones.

Dallas Symphony Orchestra

Mail Orders Are Being Received By Dallas Symphony Association

Members of the Dallas Symphony association are answering requests for tickets to the local symphony performance next Saturday night, Wednesday morning, requests had been received from Lubbock, Snyder, Midland, Colorado City and Odessa. The orchestra will appear at the municipal auditorium at 8:15 p. m.

Although national recognition for the Dallas Symphony Orchestra has come since its post-war rejuvenation, the civic leaders who now guide the orchestra have been quick to recognize the benefit of pioneering done during the past 49 years by other fine conductors and music lovers.

The Dallas Symphony Orchestra was founded in 1900. With a few years omitted, principally the years of the two World Wars, the orchestra has enjoyed 35 active seasons. The 87-piece professional orchestra over which Walter Hendi now presides is a far cry from the amateur group gathered together by Hans Kressig, conductor and pianist, to form the first Dallas Symphony Orchestra. To assemble the present organization, musicians were auditioned in New York, California, Chicago, and Texas. One of the musicians is known to have made his way from Rumania to the United States with the hope of being accepted by the Dallas Symphony.

The fact that many fine musicians, who otherwise would have been contracted for, were just being released from the armed services speeded the assembling of musical organization of major orchestra status.

The greatest factor in bringing about the phenomenal success of the orchestra was the fact that the Southwest was ready and anxious for another fine musical organization. Demand for the Dallas Symphony Orchestra has increased its schedule of 42 concerts in the 1946-47 season and 52 appearances during 1947-48 to 85 concerts during the 1948-49 season. These are exclusive of its radio programs.

Where the Dallas Symphony made 15 out-of-town appearances in 1946-47 and 22 in 1947-48, last season 36 cities in Texas, Arkansas, Louisiana, New Mexico and Mexico saw and heard the orchestra that national consensus placed among the finest in the world.

All tickets are reserved and may be purchased in the lobby of the Settles hotel. Mail orders are being accepted by Nell Brown, Box 1509, Big Spring.

FAO SEEKS TO INCREASE SUPPLY

World Food Production Isn't Keeping Pace With Population

AP Staff
WASHINGTON, March 15 — About 55,000 new people sit down every morning at the world's breakfast tables.
 This is more than equal to all the people in Fargo, largest city in North Dakota.
 In a year there are around 20 million more people in the world—enough to fill about 400 Fargo-sized towns. At this rate world population would just about double in 100 years.

The world isn't raising enough food to care for all these added guests.

The latest United Nations statistics indicate there probably are fewer people starving to death in the world now than before the war. More people are enjoying top diets, like that of the United States. But in between are an increasing number of people with less food available to them than they had before the war.

This is because world food production barely has reached prewar levels, but population has increased at least one tenth. Experts estimate it will be six or seven years before the world has as much food for each of its citizens as was available 10 years ago.

Even this much food won't be sufficient to feed the world adequately, nutrition experts say. They consider prewar diets of most areas of the world too meager for good health.

So the Food and Agriculture Organization (FAO) of the United Nations is asking the governments of the world's more than two billion people to consider where and how they are going to get all the additional food that is needed.

FAO leaders believe they have the answer. First, the problem is to increase world food production. This is a

problem of education, engineering and science.

Second, ways must be found to distribute food to nations that need it most. This is a problem of marketing, of economics and politics.

It is on the second point, the problem of distributing and marketing food, that FAO's greatest troubles are developing. Some experts are saying these troubles won't be solved satisfactorily, and there won't be enough food for everybody, until there is a world government.

The first director of FAO, Sir John Boyd Orr (now Lord Orr), internationally known nutrition scientist and statistician, proposed a world food plan as the solution. He suggested a world food board with power to regulate marketing conditions and prices for primary crops in world markets.

His purpose was to stabilize prices in times when there was an extreme shortage or large overproduction. He wanted neither the farmer nor the consumer to be at the mercy of food speculators or the victim of worldwide crop conditions.

It was proposed the board buy commodities in times of abundance and low prices so they could be stored and sold in times of scarcity and high prices.

The United States opposed the

plan, along with some other nations, and it was turned down by the FAO member nations. The U. S. said the problem should be met through a reduction in international trade barriers and by expanding employment, production, trade and consumption.

In other words, opponents of the plan said that if the purchasing power of families in backward and low income nations is increased they will have money to buy food. Automatically, production will increase. There will be no need for a world food authority, these people argued.

Although his plan was not accepted, Lord Orr won the Nobel Peace Prize. He had contended that unless the world food problem was solved there would be another world war that would end civilization. He also was elected president of the world movement for a world federal government.

Orr was succeeded as head of FAO by Norris E. Dodd, undersecretary of Agriculture in the United States, at the end of his two-year term in 1948.

Dodd likewise championed a world food plan. This proposal would have set up a \$5 billion world food bank with authority to buy and sell surplus world crops on special terms. The purpose was similar to Orr's plan: to stabilize prices and to make food available to nations that need it, at prices they can afford.

This plan was defeated at the 1949 meeting of FAO, although the proposed fund was cut from \$5 billion to \$1 billion before it came to a vote. The U. S. again was an outspoken opponent.

Stanley Andrews, U. S. foreign agriculture director, said the proposal was not adequate to solve the world food problem.

RUNAWAY CHILD ACTRESS — Lora Lee Michel, nine-year-old veteran of 17 movie roles, is held by Sheriff's deputy M. T. Johnson with Dep. Boss Bailey after the child fled in nightclothes from the home of her foster parents in Hollywood. Lora Lee told deputies that her foster mother, Mrs. Lorraine Michel, 55, withheld food from her so that she could keep size down for small girl roles. Mrs. Michel denied the charge emphatically. (AP Wirephoto).

LORA LEE REVERSES STORY OF BEING STARVED BY HER FOSTER PARENTS

HOLLYWOOD, March 14 (U) — Juvenile Judge A. A. Scott said tonight that 9-year-old actress Lora Lee Michel has reversed her story of being starved by her foster parents, Mr. and Mrs. Otto Michel. He said she told him she had never been beaten or made to go hungry and that her foster parents had been wonderful to her.

"I don't know what to believe," the judge said after a long interview with the child. "But one thing is certain We're going to get to the bottom of this and I mean the real bottom."

"She is a precocious, emotional child who could get a lot of people in trouble," Lora Lee was taken in custody by juvenile authorities today after running away from her foster parents.

Bednasek Murder Jury Incomplete

IOWA CITY, Ia., March 14 (U) — It may take through Friday to pick a jury for the murder trial of Robert E. Bednasek, 24-year-old University of Iowa student. Defense Attorney Clair Hamilton made this estimate as lawyers today continued for the second day their questioning of prospective jurors. Others estimated one or two more days to pick the jury. The poetry-reading defendant is accused of strangling his beautiful good sweetheart, Margaret (Gee-Gee) Jackson, 20. Both were seniors.

TRINIDAD IS LOT BETTER

PORTSMOUTH, Va., March 15 (U) — An item of \$400—fare for four to Trinidad—today stood between a Navy enlisted man and freedom from a 10-year prison term.

The sailor—Damon P. Wills, 25, hospitalman 3-C, of Diamond, W. Va.—was convicted in Norfolk County circuit court yesterday of raping a 12-year-old girl. Judge Edward L. Oast gave Wills one of two choices—10 years in prison or a suspended sentence if he goes with his wife and two small children to Mrs. Wills' home in Trinidad, British West Indies.

UT Vote on Negro Students Blocked

AUSTIN, March 15 (U) — There will be no campus vote today on whether students think Negroes should be admitted to the University of Texas. The referendum approved by the student assembly was blocked Monday by the student court which held that such an election violates the student constitution. An appellate court of two faculty members and one student refused yesterday to accept jurisdiction in an appeal.

Construction Of Six Dams In Texas Okayed

AP Special Washington Service
WASHINGTON, March 15 — A recommendation that six flood control dams be built on tributaries of the Brazos River in Texas has been approved by Secretary of the Army Gray. Rep. Poague (D-Tex) announced yesterday that Gray had given approval to a flood control and water utilization program for the Brazos watershed. He said details of the program as prepared by army engineers will be sent immediately to Congress.

The six flood control dams would be located as follows: 1. Bosque River, near Waco; 2. Proctor Dam, on the Leon River in Comanche County; 3. Youngsport Dam, near Belton, on the Lampasas River in Bell County; 4. San Gabriel, in the Lanesport area in Williamson County; 5. Ferguson Dam, near Bryan on the Navasota River; 6. Yegua Creek, near Somerville in Burleson County. No cost estimates were immediately available.

The report is to be submitted to Congress, said Poague, with a notation from the President's budget bureau that it has no objection to submission of the document, but is against any appropriation of funds at this time for the proposed works.

EASY TO BE MISTAKEN

CHICAGO, March 15 (U) — Teacher Alvina Barkstrom of the Sutherland Public School frequently believes she is eating double when she looks at her classroom of pupils in grade 2B. She has a poker-full house—three of a kind and a pair. They are girl triplets and twin boys. The triplets, Karen, Elizabeth and Diane Quist, will be seven years old April 3. The identical twins, William M. and James M. Owen, were seven years old March 10.

Watchman, Tell Us of the Night

Watchman, tell us of the night,
What its signs of promise are;
Trav'ler, o'er you mountain's height
See that glory beaming star!
Watchman, does its beautiful ray
Aught of hope or joy foretell?
Trav'ler, yes; it brings the day,
Promised day of Israel.

Watchman, tell us of the night;
Higher yet the star ascends;
Trav'ler, blessedness and light,
Peace, and truth, its course portends;

Watchman, will its beams alone
Gild the spot that gave them birth?
Trav'ler, ages are its own,
See, it bursts o'er all the earth.

Watchman, tell us of the night,
For the morning seems to dawn;
Trav'ler, darkness takes its flight;
Doubt and terror are withdrawn;
Watchman, let thy wand ring cease,
Hie thee to thy quiet home!
Trav'ler, lo, the Prince of Peace,
Lo, the Son of God is come!

One day about a century ago, Sir John Bowring, distinguished English scholar and statesman, was traveling in Turkey and happened in on a Christian religious service. A group of missionaries was singing and suddenly, as he listened, Bowring was aware that the verses of their song were those he had written, a decade or so earlier, at home in England.

"Watchman, Tell Us of the Night" was the song the missionaries were singing and, until he heard it that day in the meeting overseas, Sir John had not realized that his verses had become a popular missionary hymn, which was being widely used, both at home and abroad.

He had published it in 1825 in a collection which included the hymn for which he always will be best remembered, "In The Cross Of Christ I Glory". The title line of

the latter hymn was inscribed on his tombstone when he died, in 1872.

"Watchman, Tell Us of the Night" was inspired by the Bible passage in Isaiah 21:11. Dr. Charles S. Robinson, authority on hymn histories, once wrote as follows of the scene pictured in the hymn: "The scene is laid in the midst of the Babylonian captivity. A lonely watchman is represented as standing on the ramparts of some tower along the defenses of the city. He seems to be anxiously looking for the issues of the siege looking against it. The time is midnight. Calamity is over the land. Suddenly an unknown voice pierces the air whether in wailing sorrow or in bitter taunt is not evident; but out of the stillness already grown oppressive breaks the question with repetitious exactness: 'Watchman, what of the

night? Watchman, what of the night?' The sentinel waits through a moment of surprised meditation and then tranquilly answers: 'The morning cometh and also the night: if ye will enquire, enquire ye: return, come.'

Five Escape From Jail In Atlanta

ATLANTA, March 15. (AP) Five "tough actors" slugged a sheriff-jailer and made good a reckless escape from the fourth story of the Fulton County jail last night.

They left Deputy J. C. Williams bound, gagged and locked in a nearby cell while they hastily sawed out a cell window bar and slid to the ground on a rope fashioned from bunk sheets.

A tall jollyard wall still faced them. They cleared it with the aid of gasoline drums piled atop each other, mauled a motorist and tried to take his automobile.

When they failed to start the machine, three leaped into a passing taxi and forced the driver at pistol point to take them to the city's outskirts. The other two fled afoot.

Sheriff A. B. Foster named the fugitives as Joseph L. Mauldin, 23, and his brother, Roy J. Eston Anderson, 23, and Luther Masters, 28, all of Atlanta, and Earl Curtis Taylor, 22, New Orleans.

AND MORE TO COME

Oil Reserves Hit Billion Barrels

NEW YORK, March 15. (AP) — Wildcatting oilmen have pushed the total reserves of one of the nation's war essentials to a new high. They have also pushed back the clock on that heatedly debated question: when will this country use up its oil resources?

They have added a billion or more barrels to the flood of petroleum that seeps ever higher around the nation's coal mines. And they have proved again that they never know, for sure, how much oil there may be under the ground until you have actually drilled for it.

New oil fields opened up last year—under the incentives of high consumption and high prices—at a near-record clip. Discoveries last year added 982,983,000 barrels of petroleum to the nation's proved reserves, the American petroleum institute reports today. You have to go back to 1937 for a near comparable figure—928,742,000 barrels.

But the North American continent contains many billions of barrels of oil in reserves that are not yet proved, says Frederick H. LaHee, geological and research counselor for the Sun Oil Co. and chairman of API's committee on reserves which makes the report. And he warns you not to count off the nation's oil resources for many years to come.

The nation's reserves grew a lot more last year than just by what the new fields added. Extensions to known fields added another two and a half billion barrels to the reserves.

What do oilmen mean by "proved reserves" and how do they "prove" them?

Proved reserves are both drilled and undrilled. The drilled reserve is the oil which can be recovered by currently used production methods from the areas actually drilled. The undrilled reserves are regarded as proved, LaHee explains, when "undrilled (potential) spacing units are so close, and so related, to the drilled units that there is every reasonable probability that they will produce when drilled." They will be drilled, presumably, as supply and demand, and finances, permit.

He also explains why you can't judge a new field by its first year reserve estimate. "New oil and discoveries estimated as proved in any given year is generally comparatively small because development is usually not extensive during the first year," he says. "But the total of new oil through extensions in old fields is comparatively large."

Proved reserves now, the API estimates, are 24.6 billion barrels, a gain of 1.4 billion barrels during 1934, after allowing for the pumping of 1.8 billion barrels from the nation's wells last year.

How long will the nation's oil last? LaHee is quite emphatic about warning you against taking your pencil and dividing the year-end reserves of 24.6 billion by the production last year of 1.8 billion and coming up with the number of years (13 or so) before the wells go dry.

First, he says, it would take more years than that to extract from the ground all of the reported proved reserves—oil just doesn't flow from its prison in little holes in porous rocks on any such convenient time schedule. And second, he says, "for a great many years to come, in addition to the proved reserves, there

will be large quantities of possible reserves, some discovered and some to be discovered."

Also, like a true oilman, he won't settle for less than "large quantities of hypothetical reserves" which wildcatting will find some day.

If you don't believe him, just look at last year's stellar performance—bringing in almost a billion more barrels, and in time probably more than that, on American soil and beyond the reach of the Schnorkel submarine.

Sex Orgy Probe Is Launched

HAMMOND, Ind., March 15. (AP) — Police and juvenile authorities disclosed last night they were investigating what they described as a series of sex orgies involving four high school girls and several men. Two young divorcees have been charged with contributing to juvenile delinquency in connection with the alleged orgies and are at liberty on bond. The four high school girls also are at liberty on bond for appearance in juvenile court on charges of delinquency.

Police said 10 men have been arrested and others may be arrested. They range in age from 19 to 23. Police said the investigation disclosed that the girls had intimate relations with as many as a score of men. The girls ranged in age from 14 to 17, said Walter Hammond, juvenile probation officer. He did not disclose their names.

Temple University Is Charged With Coercing Surgeon

RENO, Nev., March 15. (AP) — Charges that Temple University kept a noted Philadelphia surgeon a virtual prisoner in his last years and gave him "exaggerated personal attention" in order to win his wealth were made by the man's daughter in a will contest action here.

The action by Mrs. Janice Chase King of Silver Spring, Md., was filed yesterday. Attorneys indicated it was the first legal step toward having set aside the \$1,400,000 in gifts of the surgeon, Dr. Theodore Chase, 84, to Temple.

Federal Guns Trained Upon Tax Dodgers

Informers Offered Rewards as Payment Deadline Approaches

WASHINGTON, March 15. (AP)—The government trained its guns on tax dodgers—past and future—as it came up to the 1949 income tax payment deadline at midnight tonight. To get help in bringing to light new evasion attempts, it dangled before prospective tax informers a \$500,000 pool of funds available this year for evidence uncovering tax frauds. To mop up on cases involving income amassed in the big war profit year of 1943, it asked grand juries over the country to rush indictments today lest the law's time-lapse limits bar further action. An indictment, or some other form of action such as the filing of a bill of complaint, has to be in the record by midnight to get within the time limit as to 1943 returns. As for informers, they will have a chance to ring up a record haul this year for the third year in a row. Last year was a big year for informers—and the government.

Frizzell Says He Fired As Jones Went For Gun

Defense Rests Case In Murder Trial

By WACIL McNAIR Herald Staff Correspondent MIDLAND, March 15.—"He reached toward his belt. I pulled out the gun from my shirt and started firing." This was the story Herbert Frizzell, 35-year old rodeo performer, told in 70th court here today of how he shot Henry Preston (Buck) Jones, rodeo judge, to death in the arena of the Big Spring rodeo last Aug. 4. Jones had fallen mortally wounded while more than 2,500 people looked on unbelievably. Both Frizzell and his pretty, blonde wife, Dorothy Kasch Frizzell, took the stand this morning before testimony was completed at 11:45 a.m. and the defense rested. Arguments were due to be heard this afternoon and the jury is due to receive the case by this evening. Mrs. Frizzell carried in her arms to the stand their infant son, Clarence Milton Frizzell, born a week and a half before the Big Spring rodeo. After she had substantiated her husband's account of previous trouble with Jones at Hobbs, N. M., she stepped from the stand, turned to the jury and pleaded: "Gentlemen, please don't send him to jail."

Gubitchev Says He'll Sail For Russia Monday

NEW YORK, March 15. (AP)—Convicted spy Valentine A. Gubitchev today notified Federal Judge Sylvester J. Ryan that he will sail for Russia on Monday. Gubitchev's attorney, Abraham L. Pomerantz, informed Judge Ryan of the jailed Russian engineer's decision. Pomerantz' statement was a reversal of his action yesterday when he refused to drop the appeal of Gubitchev's conviction. U. S. Atty. Irving H. Saypol had insisted that Gubitchev waive all right of appeal of a 15-year prison sentence which was to be suspended on the condition Gubitchev go back to Russia "never to return." Pomerantz, accompanied to court by the third secretary of the Russian embassy, Yuri Novikov, told Judge Ryan that Gubitchev would not appeal the "judgment of sentence."

GOOD MEMORIAL PROJECT APPROVED

Statue Of Liberty Soon To Be Installed On City Hall Lawn

City commissioners opened their first March meeting Tuesday by paving the way for erection of a statue of Liberty on the city hall lawn. Nat Shick, public relations chairman for the Buffalo Trail council of Boy Scouts, and Dr. W. B. Hardy requested permission to install the eight and a half foot replica of the New York harbor statue as part of their "Crusade for Liberty" program. It will be erected in memory of Jake Good, son of Mr. and Mrs. Tom Good, who died in 1928, Shick told the commission. The statue, constructed of copper, has been ordered and will be set up in the center of a stone and concrete star at the northeast corner of the city hall lawn. Commissioners quickly approved the project with the understanding that the city would not be involved in any of its costs. The group then authorized Mayor G. W. Dabney to sign contract with the Veterans Administration for garbage collection at the VA hospital. Charge was set at \$50 per month. City Manager H. W. Whitney was authorized to negotiate rental arrangements with the Texas Mill & Material company for warehouse and yard space at Municipal airport. He was also given authority to request bids for the annual audit. The commission approved amendment to the lease with American Airlines, changing the contract to refer to space in the new terminal building rather than the old. Dewey Martin, representing the Big Spring Independent School district and Bill French, engineer for construction of the new high school plant on 11th Place, asked the city to install storm sewer to drain the area around 11th and Benton. They explained that water now drains across the school property and would have to be diverted to permit construction of buildings in

the area. The commission instructed the city engineer to investigate the extent of work necessary to divert overflow to a point further west on 11th Place. City Manager Whitney asked the commission for clarification of the commission for clarification of commitments made to Federation of Womens clubs on use of the City Park museum building. Members explained that they had granted permission for the group to construct an addition to the building provided the Federation bore all costs and the museum was left intact. No action was taken on request for approval of plat of Trinity Memorial park, a proposed perpetual care cemetery which developers have indicated will be opened south of Big Spring. Commissioners pointed out that the plat was incomplete in detail. It had been submitted by M. A. Schumann, Jr.

JUDGING UNDERWAY HERE

Coahoma Boy Shows Grand Champ Lamb

Bobby Powell, Coahoma 4-H club boy, showed the Grandchampion lamb in the 13th annual Howard county 4-H Club and FFA Stock show here this morning. His Southdown entry also won first in its class. Robert Merworth, Big Spring FFA member, exhibited the Grand Champion capon after winning first place in the heavyweight class. Reserve Champion ribbon went to Connie Crow, Luther, who showed a lightweight capon. Kenneth Plew, Big Spring 4-H Clubber, exhibited the Reserve

Champion lamb, also a Southdown. Showmanship trophies were awarded Perry Walker, Centerpoint, Bobby Simpson, Luther, and Bobby Powell, Coahoma. Several hundred persons visited the judging arena during the morning. County Agent Durward Lewter estimated. A bigger crowd was expected to be on hand this afternoon for judging of steers which was to begin at 1:30. Third place in the Southdown lambs division also went to Plew while Powell entered the fourth place animal. Jesse Overton copped first, second, and third places in the Fine-wool lambs class with a heavy-weight entry. Newlin James' entry placed fourth in the division. Overton also won first in the lightweight Finewool class with Bill Cunningham, Weldon Appleton, and Jumble Griffith winning the next three places. Nolan Simpson placed, first in the Suffolk and Fine Wool cross-

Three City School Board Incumbents Seek Re-Election

Three incumbents will seek re-election as members of the Big Spring Independent School district board of trustees.

John Coffee, attorney, Dr. J. E. Hogan, physician, and Dan Conley, florist, each have filed intentions as candidates.

Deadline for places on the ballot is March 21. Written applications must be lodged with the secretary.

The three board members announced following the calling of the annual trustee election for April 1.

Other board members urged that they offer themselves as candidates again because the district is now in the midst of an expansion program which the present board helped to plan and present to the people.

Deadline for filing for places on the Howard County Junior College board is also March 21.

Horace Garrett and L. H. Thomas, members whose terms expire, have announced they would be candidates. Like the Big Spring district HCCJC also is in the middle of a half-million dollar permanent plant program. Any candidates must be filed with Leroy Echols, Coahoma, board secretary.

'Get Acquainted' Edition Postponement Necessary

It is with keen regret that The Herald must announce that due to production difficulties over which we had no control, it has been necessary to postpone the issuance of the "Get Acquainted" edition.

The engraving process on a number of the novel cartoon plates which will feature the edition turned out to be faulty, and a remake job has become necessary. There was no alternative but to delay the special paper.

The Herald wishes to emphasize these points: (1) Advance orders for copies of the special edition still will be filled on publication date, but if any subscriber wishes to cancel an order, this will be done gladly.

(2) The "Favorite Good Neighbor" contest will be conducted but the entry date will be postponed to Friday, March 24. The cash prizes will be awarded in accordance with original plans.

(3) Organizations which have so graciously planned "Get Acquainted" Week programs are requested to postpone their plans for a week.

The Herald extends its apologies to all readers, advertisers, and all friends who have cooperated on plans to date. It is hoped that a later "Get Acquainted Week" will mean a bigger and better one.

EXPERT SAYS HUNTERS ARE CHUMPS

Pirate Gold Well-Hidden

WASHINGTON, March 15.—Buried treasure by the millions is waiting for the taking, but anyone who goes hunting pirate gold is a chump.

That's the buried bullion news today, and it comes from Lt. Comdr. K. D. Iain Murray, He's formerly of the British merchant marine, and he says he's been checking up on pirate lore ever since he first read "Treasure Island."

Murray told a news conference that it's true pirate gold is there by the bushels for those lucky enough to find it.

On the island of Trinidad in the South Atlantic, for instance, he's sure some \$30 million is stacked away. And he's pretty sure, too,

that plenty is buried on Cocos Island, off Central America.

Furthermore, he says records are fairly complete of ships that have gone down stuffed to the deck with treasure.

But this stuff is almost impossible to find.

If it's in water, it now is far below the ocean's bottom.

If it's on land, the very terrain may have changed so much that even the maps—if they still exist—no longer are any good.

Murray thinks pirating was a pretty good business, back in its day. There have been pirates a-plenty from the time of the first ship. And pirates still exist off the China coast.

The sideline pirate had a strict code, according to Murray, and life wasn't a yo ho ho and a bottle of rum.

One bluesoused, Anthony constipated pirate, a Capt. Roberts, allowed no wine, women or assorted wickedness. And if another ship were captured, Capt. Roberts turned loose all who could give any one of the ten commandments.

Murray points out one drawback to modern treasure hunting: there have been no major developments in the science since the invention of the diving bell and the diving suit.

Of modern inventions, he thinks only the mine detector has many possibilities.

Still, the commander seems to be doing all right.

True, on his rambling, he has managed to pick up only a few pieces of pirate gold.

Oilmen Battle Raging Well

TYLER, March 15. (AP)—Six daring oilfield troubleshooters tried today to bring under control a wild oil and gas well two miles south of Tyler's city limits.

As they began their highly technical task at dawn the well continued spewing a misty mixture of gas and distillate high in the air. The roar could easily be heard two miles away.

Bobby Manziel, owner and driller of the well, estimated forty million cubic feet of gas and 1,000 to 1,200 barrels of distillate—a high gravity oil—was being lost daily.

The area was evacuated and stringent measures taken because the slightest spark could set off a terrific gas explosion.

Special tools were hurriedly made during the night. The plan was to put a 6,000-pound high pressure head on top of the jutting casing, fixing it tight with heavy bolts while the pressure escaped through an outlet to the side. Once the high pressure head is secure and a safety valve attached the well will be temporarily "killed."

Specialists experienced in handling high-pressure wells will take over. "We've worked all night and are making every effort to get it capped today," Manziel said.

The well blew out yesterday morning.

McCarthy Asked To Supply More Names Of Reds

WASHINGTON, March 15. (AP)—Senate investigators today pressed Sen. McCarthy for more names to back up his charges of Communism in the State Department, but McCarthy replied he needs "a couple nights of sleep" before he proceeds.

The Wisconsin Republican's plea for more time came after Dorothy Kenyon, one of those he has accused of being pro-Communist, retired tartly:

"There is not a Communist bone in my body."

Miss Kenyon, former American delegate on a United Nations commission, took the witness stand yesterday afternoon. She denied emphatically McCarthy's contention that she has a background of "deeply rooted Communist activities."

Her denial came on the heels of disavowals too, on the part of others whom McCarthy accused yesterday of being bad security risks.

After the Senate foreign relations subcommittee investigating McCarthy's charges heard Miss Kenyon, the group scheduled a meeting behind closed doors for today.

Sen. Tydings (D-Md.) said the session was called to (1) discuss ways of speeding up the inquiry and (2) to see what can be done about getting names in the 61 "security risk" cases which McCarthy outlined to the Senate Feb. 20.

No far McCarthy has given the committee the names of only one or two of the 51 individuals.

Dulles Warns Against Russian Peace Talk

NEW YORK, March 15. (AP)—John Foster Dulles says Americans must "not be fooled" by Russia's "talk of peace."

The former U. S. senator from New York said last night in a speech that the Soviet's present peace drive is merely another deceptive phase in the cold war.

SLAIN SHERIFF — Sheriff O. W. (Blackie) Morrow, 43, (above), of Presidio County, Tex., was slain on a lonely mountain road 11 miles north of Presidio, Tex., on the Mexican border under mysterious circumstances. State and local officers of the Big Bend country have organized search parties to seek the trail of the unidentified slayer. Morrow was shot and left dying on a lonely road. The sheriff, blood pouring from a hole through the left side of his body, managed to get into his car and drive a mile toward Presidio before he died. (AP Wirephoto).
