THURSDAY, JUNE 20, 1963

NUMBER 13

NANCY FRIEND TO COMPETE FOR NATL. MISS APPALOOSA TITLE IN BOISE, IDAHO, SHOW

Miss Nancy Friend, current Miss Mohair, and daughter of Mr. and Mrs. Spot Friend of Ozona, will leave today with her family for Boise, Idaho, where she will represent The Texas Appaloosa Association in the National Miss Appaloosa contest to be held from June 26th thru 30th in connection with the 16th National Appaloosa Show and Sale to be held in that city.

In addition to being an entry in the Miss Appaloosa contest, Nancy will represent the Texas Sheep and Goat Raisers Association in presenting a blanket from the Eldorado Woolen Mills, to the Appaloosa Association's National President Howard Poor, of Baton Rouge, La., and will in addition still be representing the Mohair industry.

Miss Friend, a beautiful and talented girl in her own right, will have a stunning wardrobe of western attire in which to model and compete for the title. The contest will be based on the following

point system, poise 25% beauty 25%, horsemanship and knowledge of the Appaloosa's background 50%.

In the horsemanship and Appaloosa background, Nancy has been devoting considerable time to studying the history of the horse, and to sharpening a well developed ability to ride.

She will be mounted on "Joker's Flying Star" a horse sired by one of the most famous horses of this breed ever shown. The horse belongs to Carl Miles of Abilene who is the President of the Texas Association.

Twenty-one beauties will be on hand for the contest with one queen and four attendants being chosen on the final day to reign for the year.

Stia's Western Wear of San Angelo designed several of Miss Friend's Western riding habits, including one silver embossed silk

shirt, with metallic stretch silver pants, along with a beautiful pair of boots, given by D. K. McMullan, and a white, wide brimmed felt cowboy hat. These togs, and Nancy create a rather sensational impression.

In addition to the silver outfit, Nancy will carry an outfit with gold metallic stretch pants and an orange, flower decorated, imported shirt, a blue outfit with wool stretch pants, and a blue polished cotton shirt and a red outfit of like nature, each with a hat to match.

The Ozona Boot and Saddlery presented her with saddle blankets to match each outfit, thus adding to the charming picture she creates.

The Friend family plans to turn the event into a vacation trip, visiting a number of points of interest between Ozona and Boise both going and coming home.

Mrs. Frank Neblett, Mother Of Mrs. Rusty Smith, Died Saturday

Mrs. Frank Neblett, 83 of Stephenville, died at her home about 1 p. m. Saturday after an illness of several years.

Born in East Prairie, Missouri, Sept. 4, 1879, she moved to Stephenville prior to 1900.

Mrs. Neblett was the mother of Mrs. Rusty Smith of Ozona who has been staying with her mother since school was out in the latter part of May.

Survivors include four daughters, Mrs. Ury S. Smith of Ozona, Mrs. J. P. Pool, Jr., of Victoria, Mrs. R. P. Tull of Dallas, and Mrs. Frank Russell of Odessa, one son, Frank Jr., of Refugio; two grandchildren and four great grandchildren.

Much Of Crockett County Is Soaked By Week-End Rain

Falls Vary From Very Light To Two Inches Over County

Large areas of Crockett County received good rains and beneficial showers Sunday afternoon and Monday morning as Ozona received .65 of an inch in pre-dawn showers.

Amounts of rain varied from slightly less than .3 to a bit over 2 inches in scattered places but vast areas of country received between .6 and 1 inch of rain, which on top of recent rains and showers, has much of Crockett County in the best condition feed wise that it has been since before the drought began in the early fifties.

Among the rain reports heard were: Ira Carson .8, Pie Pierce 2.00, T. A. Kincaid .6, Mrs. S. M. Harvey 1.99, Bill Childress 1.00, Charles Davidson .9, Frank McMullan .29, Early Baggett, 1.10, Boyd Clayton 1.50, Max Scheneman, Max Schneeman Jr., Roy Coates .7, Vic Montgomery, from 1/2 to an 1.00, Roger Dudley .4, Carl Conklin .4, Ernest Dunlap .75, Pleas Childress 2.00, Brock Jones .8, Albert Bailey 1.00.

In general, the rains covered big areas in both the northern and southern part of the county but was spotty and lighter particularly west of Howard draw toward the Pecos from Ozona.

The rain in Ozona began to fall about 2:30 a. m. Monday with a second shower falling a little after four a. m.

Cloudy skies and heavy rains were common over much of West Texas with heavy rains doing considerable damage to cotton on the plains with amounts reported in excess of four inches over wide areas.

Ozona Junior Rodeo Performers Do Well In Ysleta-Andrews Shows

Ozona entries in the Ysleta Junior Rodeo and in the Andrews Junior Rodeo did well last week-end despite some rather strong opposition.

Over 200 contestants were entered in the Ysleta rodeo where Rex Bland won the double mugging roping contest and placed sixth in the one go-round steer riding event.

John Bland was second in the breakaway roping and third in the flag race.

At Andrews, Mary Ann Pitts was the winner in the flag races while brother Carey placed fourth in the bull riding.

Thirteen Ozona G. A. Girls Attend Paisano Encampment This Week

Thirteen Junior G. A. girls and two counselors from the First Baptist Church are spending the week at the Paisano Baptist encampment near Alpine. They will return to Ozona Friday.

Mrs. George Glynn and Miss Helen McAleeb are the counselors with the girls this week as they attend the annual G. A. encampment which includes girls from 9 to 15 years of age.

Two Wets Who Raided Deaton Ranch Caught 12 Miles Below Border

Two Mexican Nationals, across the border illegally, were captured by Mexican police 12 miles below the Rio Grande Wednesday morning after they had sacked the Fred Deaton ranch house on the ranch in Val Verde County.

Deputy Von Parker and Taylor Deaton left Ozona Wednesday morning to go to Mexico in order to identify some of the stolen articles which were in the possession of the two men.

The robbery was discovered Tuesday morning when the Deatons went to the ranch home. Indications were that the two men had visited the unattended house following the Monday morning rains which amounted to about an inch and a half at the ranch house.

The two men took two horses, saddles and riding equipment and then went to the house and took guns, clothing, radio, bedding and other items before leaving the house.

Local officers alerted sherrifs forces and Border Patrol men in Val Verde County. They in turn alerted the Mexican border police who caught the two men.

Ozona Teams Win Places In Sonora Judging Contests

4-H & FFA Teams Participate In Annual Wool Show

The Crockett County 4-H and Ozona FFA teams made a good showing at the Sonora Wool Show Judging contests the past week. Two Ozona boys won high individual honors in over-all judging.

Hugh Coates placed fourth and Moe Barbee, seventh, in the contest of some 100 contestants.

The 4-H team placed fourth in the National Wool Judging contest. Members were David Jacoby, Hugh Coates, Leliec Mitchell and Rex Bland.

In the over-all contest, the 4-H team was third and the FFA team placed fourth. Members of the 4-H team were Hugh Coates, Larry Williams, Jack Applewhite and Rex Bland.

FFA team members were Moe Barbee, Billy Carson, Ronnie Mason and David Lewis.

In divisional judging, the 4-H team was third in range judging third in wool and fourth in livestock. The FFA team won second in range judging.

The junior 4-H team placed second in over-all judging in that division, was second in range judging, fourth in wool and third in mohair judging. Team members were Leliec Mitchell, Duwain Vinson, Fred Deaton and Alton Everett.

Leliec Mitchell won third place in over-all high individual judging in the junior division and was second high individual in mohair judging. Kathy Williams won third high individual honors in livestock judging and Duwain Vinson was third high in range judging. Hugh Coates was third high individual in livestock judging in the senior division and Rex Bland was second in wool and third in range judging.

Tentative Orders Received By Most AF Personnel Here

Attack; Bronte Burial Entire Unit Soon To Be Transferred; Base On Caretaker Basis

Ozona Air Force Station has received notification of pending transfer orders for the bulk of the assigned personnel, the base office of information announced yesterday.

Several Airmen were given notification of the exact base of assignment while all received information as to the possible Air Division area to which they will be assigned.

The official shipping dates and orders have not as yet been received, however, and it is not known yet when the entire unit will be transferred.

Thus far, since the Station was officially closed on May 1, there have been five Airmen who have departed to new assignments.

T-Sgt. Kenneth Bledsoe and family were assigned to a Radar Squadron at Aiken, South Carolina.

S-Sgt. Carrol Malloy and family left for Ent Air Force Base, Colorado Springs, Colo., while A-1C John Haigh and family went to Gunter Air Force Base, Montgomery, Alabama.

A-1C Edward Bradley received a one-year tour to a remote radar unit on Okinawa, in the South Pacific. His wife will await his return from overseas duty at the home of her parents in Aurora, Colo.

Perhaps through one of those well-known Army snafus, one Airman arrived last week for assignment to the closed Ozona base. What the airman said when he found he had been assigned to duty at a closed installation, the information office did not release.

Most of the orders thus far received for actual unit assignments have been to the 13 Southern States that comprise the 32nd Air Division. Before the recent Air Defense Command shakeup, the 32nd Division included Oklahoma and Texas. The 32nd was shifted to the Southeastern states and this area placed in the 29th Division.

Oilers Continue Winning Surge To Top Little League

First Half Winners Still Undefeated In Second Half Play

The Ozona Oilers exploded for 12 runs and still had the bases loaded with only one out last Thursday when the game was called due to the ten run, and four inning rule.

Until the Oiler explosion, the challenging Mason Motor team had given them a tense time, surging ahead for the third time in the top of the fourth, only to be drowned in the surge of Oiler hits and runs in the bottom of the frame.

David Huff started the surge in the bottom of the inning when he followed a single and a walk with a home run over the center field fence. The homer set off the parade of base hits which ended the ball game as they routed the Mason starter and continued their assault on his reliefer.

The game was the first in several weeks in which the Oilers had put their starting lineup in the game and allowed them to play for any length of time.

Accidents Afternoon Near Ozona

Two Serious Injuries Heavy Property Damage Resulted

Two of three accidents in and about Ozona Tuesday afternoon resulted in some heavily damaged property. Fortunately no serious injuries resulted.

The first accident in the series occurred on Highway 20 about 1:45 p. m. when a small Austin-Healey car was involved in a collision with a larger car in front of the Ozona Co.

The second accident occurred when Richard [name] attempted to cut over the corner of 12th and [name] cafe and either [name] or misjudged the position of the other car. Airman Bob [name] of the other car, [name] and his wife suffering minor cuts and bruises.

The second crash, a grinding, occurred at the corner of 12th and [name] when a car driven by [name] struck broadside with another car which emerged from a blind spot. The impact of the collision threw the two cars, the second of which was driven by Mrs. Ed [name] into the Phillips lawn.

The drivers were shaken up and their cars were heavily damaged in the collision.

Third accident following the collision by about thirty minutes was a whipping trailer upset near Volkswagon station wagon near and flip both vehicles into the bar ditch about seven miles east of Ozona.

The Volkswagon contained the [name] of Mr. and Mrs. Walter [name] who live in Florida. The [name] and his wife and three small children all escaped injury even though one child was carried to Crockett County Hospital for treatment.

American Canyon Gas Carson Ranch

Fieldcat, Outpost New Producers In Week's Developments

American Oil Corp., Midland, will drill the No. 1 Carson, 1,860 feet from the east line of 3-UV-GC&SF Crockett County, 25 miles east of Ozona and 4 1/2 miles west of the firm's No. 1 Henderson Canyon sand discovery.

Location is 660 feet from the east line of 26-ST-J. R. Contract depth is 7,200 feet.

The discovery, Delta Drilling and Petroleum Co. and H. Cobb No. 1 Couch, was made Nov. 9, 1962, for a calculated absolute open flow of 9.5 cubic feet of gas per day. The gas-distillate production per perforation between 6- and 8-20 feet.

Oil & Gas Co. No. 1 Clayton, in 9-1-GC&SF Crockett County Canyon sand discovery, 14 miles northeast of Ozona and 13 miles northeast of the gas-distillate production field, was still testing at the rate of 1,455-1,539 feet.

The field produced 12 hours on a 1/2 inch bleed 15 barrels of new gas-distillate at the daily rate of 1.1 [name] (Continued on Last Page)

HE'S A JOLLY GOOD FELLOW

Unlike any well-run marching and chowder club, the UN — the fanciest, and certainly the costliest rendezvous of our time — is pretty indulgent with members who fail to pay their dues. Even when they are two years in arrears — as Russia expects to be next New Year's Day — they can not be flung out. At worst a delinquent nation merely loses its vote. But Russia isn't even worried about that, contending that it takes a two-thirds vote to deprive a member of suffrage — and confident of dragging enough Commie and neutralist nations to circumvent such a spanking. Just, if this bunch of beauties just stands together, none of them need ever pay dues!

But that's all right. The people of the United States will pick up the tab.

The Old Timer
 "An old timer is a fellow who can remember when one woman thought the next one was lazy if she bought canned goods."

NO, NEVER

Even though we spend most of our days in a spin, it appears we just don't go around in the right circles.

Just when we discovered that the beauty shops have a new slogan: "Never Say Dye", and were about to comment on it, there came a haughty snort from our advisor on such subjects.

"That word 'dye'," she said, "has not passed the lips of an avante (that's French for hep) beautician for more than 20 years!"

"But", we sputtered, "now-a-days, when the gals change their hair like they change their minds under them, what do they as kot?"

"Haircoloring," she said patiently, "is today's word."

So there you have it. But, we didn't get off that easy. It seems that, in the old days, there was something pretty irrevocable about getting your hair dyed. It took the courage of a Joan of Arc to go through with it. And if the lady (or her boy-friend) didn't like it afterward, she needed the patience of a Penelope (who waited 20 years for Ulysses to come home from a fight he got into about a horse) to correct matters. Her hair had to "grow out", which meant being sentenced to six months or more of two-toned tresses.

But today, a girl will pick a new color for her crowning glory with less concern than a man deciding on a necktie to match his morning mood. And why not? If she changes her mind tomorrow, she can get that haircolor washed out and try another one.

Thus today, as never before, the words of the poet (we can't remember whether it was Miss Clairiol or Mr. Shakespeare) may be taken at face value:

"Age cannot wither her, nor custom stale Her infinite variety."

But she had better never, never, never say "dye".

THE GOOD SOCIETY

What is The Good Society? Many a profound book has been written in seeking to answer that question, many more will roll from the presses as the years spin by.

But it can be answered, in essence, in very brief and simple terms. It is a society in which each individual has the inalienable right to choose his path in life within a framework of equitable laws designed to prevent him from encroaching upon this same right in others. No law can make men equal — but law can guarantee equality of opportunity.

It is, above all, a society in which individual freedom is limited by, and only by, the right of a people as a whole to maintain, secure and protect itself.

It is a society which fully recognizes the Jeffersonian maxim that government is best which governs least.

Freedom without fear; strength without coercion; pride without arrogance; and an endless sense of the worth of man, not only in the mass but in the one — these are marks of The Good Society.

Economics And Politics Collide

Defeat in the House of the Administration bill to authorize another \$450 million attributed to disaffection of Southern Democrats for the New Frontier who therefore voted with Republicans to give the White House its first serious rebuff of the year from that quarter.

It seems more reasonable to believe, however, that our lawmakers, under pressure from their constituents, are beginning to look at the price tags on legislation. Public alarm over deficit spending rather than politics is the major threat to Administration hopes for passage of vast outlays for Federalized education, urban mass transportation, a Youth Conservation Corps, Medicare and the rest.

In its year of operation of Area Redevelopment Agency appears to have been unlucky, unwise or worse in its selection of projects

intended to create new jobs. The story of ARA's Salem, Ind. shoe factory, for instance, and which has been going the rounds in Washington, can hardly have won many votes on Capitol Hill for another huge appropriation.

The Government agency put \$700,000 of our tax money into the new plant. Local bankers and businessmen collected \$183,700 more. Beginning operations last month, the factory now provides 125 jobs, may reach 600 eventually, ARA hopes.

But our tariff-cutting reciprocal

trade ideas have been US shoemakers. Imported shoes from low-wage 55 million pairs in 1962 flooded the market. 21,000 shoe industry jobs. By 1963, 47,000 will be out of the Salem shoemakers less be among them.

ARA is just one more of why the voters Washington to quit pay and get back to running Government — not go

TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 1000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features.

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flow Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

Program in Jeopardy? — Mem-
 bers of the Texas Screwworm Er-
 adication Committee considered
 Governor Connally's veto of a
 \$300,000 appropriation for the er-
 adication program a matter of
 "serious concern."

They said more than 100,000
 livestock producers raised \$1,000,-
 000 toward its \$3,000,000 goal this
 spring in a 30-day period on the
 governor's word that the State
 would carry its share of the \$12,-
 000,000 program.

Committeemen said that unless
 the \$300,000 vetoed by Connally is
 restored, the entire program is in
 jeopardy, and possibly the loss of
 the huge investment producers al-
 ready have made in the program.

\$12,039 Monthly Social Security Benefits For 235 Crockett Residents

Floyd B. Ellington, District
 Manager of the San Angelo office
 of the Social Security Admin-
 istration says \$12,039.00 is paid
 monthly in social security benefits
 in Crockett County. This is an in-
 crease of about 19 per cent over
 last year's figures.

At the present time, social
 security benefits are being paid at
 a rate of over one billion dollars a
 month. There are several rea-
 sons for the increase", Mr. Elling-
 ton said. There are more aged peo-
 ple; benefits are now payable at
 age 62; and less social security
 credit is needed to meet the eligi-
 bility requirements for benefits.

The average old-age benefit
 nationally for December 1962 was
 \$76.20 for a retired worker. In the
 state of Texas, the average bene-
 fit was \$68.50.

The figures below show the
 number and amount of each type
 of benefit being paid in Crockett
 County, as of December 31, 1962:

- 102 retired worker, \$6383.00; 40
- wives of husbands, \$1224.00; 20
- widows or widowers, \$1443.00; 55
- mothers and children, \$2133.00; 18
- disabled workers and depend-
 ents, \$856.00.

New Chevrolet For Miss Wool Of Texas; Pageant Set July 15

Miss Wool of Texas will be pre-
 sented with a brand new Chevrolet
 Impala by the Mustang Chevrolet
 Company of San Angelo for her
 very own personal use throughout
 the year of her reign. This is addi-
 tion to a stunning wardrobe con-
 sisting of some forty outfits of A-
 merican wool created by Texas
 designers and manufacturers.

Bruce H. Fisher, Pageant Com-
 mittee Chairman, has announced
 that the Town House Motor Hotel
 will be headquarters for the ele-
 ven finalists and the reigning
 Miss Wool of Texas during their
 four-day stay in San Angelo. Ac-
 tivities being planned for the fin-
 alists include swimming parties,
 water skiing, a trip to the famous
 Coleman Rodeo, where they will
 be guest of honor, luncheon, re-
 ceptions, and finally the climax,
 the Pageant itself on Monday eve-
 ning, July 15, in the Sarah Bern-

hardt Theatre, San Angelo. The
 Pageant will be followed by a
 gala ball at the Town House Ho-
 tel — escorts will be carefully
 selected young men from the sur-
 rounding ranching area of West
 Texas.

Accurate and Complete

RANCH RECORDS

Are More Important
 Today Than Ever

Government regulations and heavy tax programs are destined to be a
 part of the American way of doing business for a long time. For that reason,
 it is more important today that every business keep accurate records of its op-
 erations.

The ranch business is no exception. With the stiff federal taxes, you will
 want to take advantage of every saving item in your expense account and at the
 same time have clear and convincing records available for inspection by tax
 agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your
 business with the Stockman's RANCH RECORD BOOK. Your cancelled checks
 or your present records can be transcribed to this handy record book, together
 with your income and inventory records and you can have your entire record
 in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

In the future it may be possible for every landowner, with a good sized fishing hole or a satisfactory place to hunt, to borrow money to develop the project.

A program has been developed by Secretary of Agriculture Orville L. Freeman to broaden the lending program of the Farmers Home Administration to increase rural recreation facilities.

FHA now will family loan applications from family farmers for recreational enterprises to supplement their farm incomes.

These same loans also are available to non-profit associations to cover costs involved in shifting land to new and more economic uses, which will include recreation.

Camping grounds, swimming facilities, tennis courts, riding stables, vacation cottages, lodges, lakes, ponds of water for sports, docks, nature trails picnic grounds and hunting preserves may be provided on family farms through such funds, under the Food and Agriculture Act of 1949.

Maximum amount a landowner may receive for recreational enterprises is \$35,000. Amount of real estate development of land and building, including this development for recreational enterprises, is \$60,000.

Operating loans are made for up to seven years, but real estate loans are for up to 40 years. Interest rate is 5 per cent.

These funds are available to farm residents who are unable to provide needed funds or who cannot get credit elsewhere at reasonable rates and terms to finance actual needs. Landowners may get necessary information from their nearest county Farmers Home Administration office.

This can be considered implementation of the national recreation program announced last year, in which the importance of recreation to growing America was shown.

How much of the program that will be used remains to be seen.

Most major landowners admit they would rather not have a bevy of hunters on their places in the Fall. There are a few notable exceptions where places have been made available on a fee basis.

Some of these have been possible because much of the deer country now is becoming overrun with deer and the landowners find fees for hunting will help offset the feed bill.

But there has been a general tendency within recent years for landowners to make available their raw lands for fee uses in hunting. Also many places have allowed use of their fish-planted stock ponds at per day rates to fishermen.

It might be generally agreed that most of these places have shown no profit, but they do add some cash to the chicken and egg basket of the household.

Landowners have been able to get fish from the Game & Fish Commission for restocking their tanks and lakes. Some of them have taken advantage of the commission's hatchery to get pen-raised quail to restock their range.

Drouth and other conditions unfortunately made bird restocking an uncertainty, with about as many dismal failures as profitable ventures. Mainly, where landowners have provided necessary cover, food and water, they have found their bird restocking programs worthwhile.

Naturally if a landowner borrows money from the FHA to equip his place with recreational facilities, same must be provided. If he wants to sell per day hunting for birds, or the use of his fishing lake, the customer must be satisfied. Or if it is a nature trail, a swimming pool or just a restful cabin, then the things expected by the man who pays the bill must be there.

Perhaps the local Chamber of Commerce might be a better approach to the program. Even though Federal money is available to individuals, a community project might fare better.

But it is worth looking into.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, June 21, 1934

Sizzling summer came in a big way to West Texas this week. Temperatures reached a new high way to West Texas a new high mark for the season in Ozona yesterday when residents steamed and liquidified under a broiling sun, with but little breeze to relieve the heat. Depending on exposure, thermometers registered from 100 to 109 degrees in the shade.

—news reel—

M. T. Blackwell, Jr., 6-year-old son of Mr. and Mrs. M. T. Blackwell of Lampasas, former Ozonan suffered an attack of tetanus, or lockjaw, following a nail puncture in his foot recently. The child was in critical condition for a time but is believed now out of danger.

—news reel—

Early hard-surfacing of the 45-mile stretch of Highway 27 from Ozona west to the Pecos county line is seen as a possibility with the designation during the past week of Crockett County as eligible for drouth relief at the hands of the U. S. Department of Agriculture. The government has allocated more than \$12,000,000 for highway work in Texas.

—news reel—

Approximately 3200 acres out of the H. B. Cox Live Oak ranch in this county was leased last week by Humble Oil & Refining Co. The companies took a ten-year lease with a bonus of \$12,500 and yearly delay rental of 50 cents per acre.

—news reel—

Another improvement that will add to the interest of fans at the baseball games is a modern score board by which fans will be able to follow the batting order, balls and strikes, outs and score by innings. The score board is being erected this week.

—news reel—

The recent hail has made business brisk here for roofing men and workmen putting on new roofs, hopelessly damaged by hail stones, and making needed repairs

on others. In addition to roof repairs, considerable other building activity has been in progress recently.

GENERAL TELEPHONE TOWNS ON THE MOVE

How Community Spirit Built Perryton

Population figures more than double . . . 30 new industries added . . . all since 1950! That is the miraculous record of Perryton in the Texas Panhandle wheat growing area.

When oil was discovered in the early 50's, an aggressive, long-range program was launched by the Chamber of Commerce. An 84-acre industrial tract was secured and plotted; its streets were paved and a railroad spur was built.

So successful was this community development that today a second industrial tract has been acquired and plotted.

Perryton, former population 4417, is now known as The Oil Center of the Anardok Basin, with 9400 citizens. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Congressman Ed Foreman Reports

The passivity of the U. S. Department has assumed the gravity of a conundrum. The most outlandish of the times of countries are with an atomic power. The most outlandish of the times of countries are with an atomic power. The most outlandish of the times of countries are with an atomic power.

the affair. The tuna boats are being fined \$26,272 by the Ecuadorian Government. In order to avoid trouble, the State Department has let it be known that if the U. S. firms will go head and pay the fines to bail their boats out of seizure, the Government will pay them back.

It is difficult to imagine such an incident occurring under the regime of Teddy Roosevelt. Perhaps the next step by the odd-ministration will be to increase our foreign aid payments to Ecuador to show them we bear no grudge. We have already given them \$138 million in aid. But, the Administration has acted with what today passes for "vigah". It has issued a "stiff protest" and scheduled talks with Ecuadorian officials.

Adlai Twits UN Foes — Adlai Stevenson drew on all his forbearance when 30 pickets showed up at the Memphis Airport dedication to protest UN actions. "Sometimes I wonder if you dear people know what you are doing", Stevenson said. The pickets didn't get a chance to ask the same question of him. Stevenson then launched into his defense: "Nothing would serve Communist purposes better than if we were to give heed to those voices in our Country which would have us lessen support of the United Nations and reduce it to impotent debate — for this is precisely what they are trying to do."

What Stevenson didn't say was

that the United Nations has just upped the United States assessments by \$2 million and cut the assessments of 80 other countries by 50 per cent. It cost \$42 million for the UN to "keep the peace" during the past six months. With many nations ignoring assessments, UN "decisions" and suggestions, the consummation Stevenson devoutly deploras appears to be here already.

Mr. and Mrs. J. A. Pelto and children left Ozona Saturday for Minnesota where they will remain until August 15th. Mr. Pelto, who is a Major in the Air Force reserve, was notified this week that he will have a tour of active duty at the Air Force Academy in Colorado this summer. Pelto's job in the air force is that of liaison officer for the Air Force Academy in this area. He is Ozona High School Principal.

Miss Priscilla Stewart, a student at San Angelo College, is home for the summer with her parents, Mr. and Mrs. Hollis Stewart.

Now you can own a new E. T. O. Home for No Money Down, built on your own lot anywhere. These are not shell homes, but completely engineered for comfortable and economical living. New lower monthly payments. For Free information on Cameron's complete Building Service call Wm. Cameron & Co., Collect 22601 in Sonora.

STRONG MEDICINE FOR DRY WEATHER

Now is the time to practically eliminate worms from your flocks with

THIBENZOLE[®]

(thiabendazole)

Now, while the dry spell sends the Indian into his rain dance, the parasite loads in your sheep and goats are not too heavy. A dose of THIBENZOLE now will practically eliminate the bankrupt worm and the barber pole worm as well as six other economically important roundworms.

This highly effective wormer not only gets rid of more than 90% of these parasites, it reduces the chances of reinfestation by knocking out many immature forms as well. That is why it is important to worm your animals even during dry weather. THIBENZOLE will help break the life cycle of the worms because it is the *only* wormer that is effective against many of the immature worms.

By treating your animals at this time, you will eliminate the strain of even a moderate parasite load. This will give kids and lambs a better chance to make maximum growth and weight gains.

You'll find THIBENZOLE extremely easy to administer as a drench with any standard dose syringe. Better drench your flock now!

NOTE: Not for use in goats producing milk since this will result in contamination of the milk. Meat from animals slaughtered within 30 days after the latest treatment must not be used for food.

JUNE IS DAIRY MONTH

Miss Vivian Elizabeth Baggett

Baggett-Miller August Wedding Planned

Mr. and Mrs. Jack Baggett of Ozona announce the engagement of their daughter, Vivian Elizabeth, to Eugene Pierce Miller son of Mr. and Mrs. Eugene Miller of Ozona.

Wedding date has been set for August 24, 1963, in the Ozona

Methodist Church.

Miss Baggett is a graduate of Ozona High School and attended Texas Christian University.

Mr. Miller is a graduate of Ozona High School and attends the University of Texas. He is presently in the Army and is stationed at Fort Sill, Oklahoma.

A Creek In My Back

By Allan R. Bosworth

Author of "New Country" and other historical & fictional works

June is Dairy Month. That has been said before, and in a number of different ways, just as it has been said that June is also the Month of Brides and the Month of Roses. There is only one thing wrong here. I notice that the brides get their pictures in the paper, and so do some of the roses, but I seldom see a picture of a cow.

If June is Dairy Month, then it follows that June is the Month of the Cow. This is not necessarily true on the other side of the Pacific, where Japan is now in the Year of the Tiger, but some one month out of the year will be the Month of the Ox (or Cow), and one out of every twelve days will be the Day of the Ox, and from one a. m. to three a. m. every morning is always the Hour of the Ox, if you follow me.

Anyway, this is the Month of the Cow in America.

I am about as fond of cows as was the Charles Dickens character, Mrs. Skewton, in "Dombey and Son." She said, "Cows are my passion. What I have ever sighed for has been to retreat to a Swiss farm and live entirely surrounded by cows — and china."

Perhaps it is hereditary. In my own case, the family name was derived, in medieval England, from the Latin "bos", or cow, and the Anglo-Saxon "worth", meaning a small estate with a fence around it. In other words, a cow pasture.

I observe that poets have dwelled on the colour of cows, to some extent. Gerard Manley Hopkins said:

Glory be to God for dappled things —

For skies of coupled-colour as a brindled cow;

For rose-moles all in stipple upon trout that swim.

Orrick Johns sang about a "pale tan cow in a pale green mead, that is very beautiful, beautiful indeed," and of course Gelett Burgess came out with the purple cow he would rather see than be. But perhaps one of the great tributes came from Robert Louis Stevenson, who wrote:

The friendly cow, all red and white,

I love with all my heart;

She gives me cream with all her might,

To eat with apple-tart.

Well, I love the friendly cow, too — and never mind the color. I am a little sorry not to see her any more. For me and millions of other people, the cow has been put into a box.

The box bears all manner of labels. It says Grade A, Pasteurized, Homogenized, Vitamin D Milk. It says Spout To Open Push Up Here.

There is no picture of the cow who manufactured this Grade A,

Pasteurized, Homogenized, Vitamin D Milk. We have lost touch with the cow that once was virtually a member of the family. This is sad.

I remember cows in long-ago June, when they didn't know it was their Month. But they were knee-deep in June, and they used to come galloping o'er the lea, shamelessly swinging their wares and eager to be milked. You gave them a pan of bran, and you squatted on a stool or box, and said, "Saw, Bossy!" and "Hey, Bossy!" and "Listen, you goldarned old fool!" and got through with the job. Bossy had a very clever way of swiping you in the face with her tail. She also knew how to kick over a bucket of milk, or put her foot into it.

But that kind of milk was warm and intimate, and could never come in cartons. The dogs and cats gathered around in hope of reward, the calf choked against his rope, fearing that he would be knocked in the head with the churn dasher. There was melody in the way the milk struck the pail and changed to a minor key, and then to a soft, swishing sound, accompanied by Bossy's relaxed sighs and slobbering noises in the bran.

As for Homogenized, nobody had ever heard of it, and you'd think with a good run across the pasture Bossy could Homogenize her own milk. It was a lovely thing to let the cream rise and then skim it for the coffee and the apple tarts. You let the extra milk stand, and it turned "blinky"—a word unaccountably missing from our dictionaries. Then it became "clabber", a word very good with crumbled cornbread.

What has become of this cow? What has happened to a whole generation of kids who never had the chore of milking, who never pressed their foreheads against a warm flank and heard the marvelous internal rumblings of four stomachs at work?

Who can ever invent a machine that takes grass into a hopper at one end and produces milk from a spigot at the other end? I think the cow will be around for a long time, and I think she didn't deserve coming to you, anonymously and collectively, and in an impersonal cardboard box.

CROCKETT HOSPITAL NEWS

Patients admitted to hospital since June 11th:

Mrs. Ralph McGee, obstetrical; Mrs. Cy Banner, obstetrical; Mrs. Fleet Costes, medical; Mrs. R. V. Huff, surgical; Mrs. Larry Arledge, obstetrical; Mrs. Salvador Ybarra, obstetrical; Mrs. J. A. Sparks, medical; and Mrs. Ricardo Cantu, surgical.

Patients dismissed: Betty Mahood, Kenneth Gideon, Mrs. R. V. Huff, Mrs. Salvador Ybarra.

Mr. and Mrs. Cy Banner, of Dryden, are the parents of a son, born at the Crockett County hospital June 13th.

IMPRESSED WITH 'WIDE OPEN SPACES'

After 18 Years Of Corresponding, Mrs. Lowell Littleton Sees Japanese Woman First Time As Guest In Her Home Here

Mrs. Yone Akiyoshi of Tokyo, Japan, was a visitor in the homes of Mr. and Mrs. Lowell Littleton, and Mr. and Mrs. Pleas Childress this week during a delay enroute of a tour of the United States.

Mrs. Akiyoshi and Mrs. Littleton have been correspondents for eighteen years, but until Sunday when Mrs. Littleton met her in Lubbock the two had not met.

The occasion which brought the small and colorfully dressed Japanese citizen to the United States was an International meeting of house mothers, counselors, and Deans of Women, at the University of Oklahoma last month.

Mrs. Akiyoshi is a counselor in a girl's dormitory at St. Paul's University in Tokyo. The University, with 11,000 students, is a school founded by the Episcopal Church and compares in size with Texas Tech in Lubbock.

In discussing her work, Mrs. Akiyoshi revealed that she was deeply devoted to the type of work that she does with college age young people, a job she has but recently begun, after serving 30 years in Y. W. C. A. work.

A graduate of Columbia University in New York, Mrs. Akiyoshi comes from both an unusual and a distinguished Japanese family. The family is unusual in that it is Christian, and distinguished in that her father was a well known and respected doctor, and her late husband was an internationally known astronomer and admiral in the Japanese Navy. Adm. Akiyoshi was the author of much of the information now used the world over on tides and ocean conditions, and many of the charts used in navigation today bear his name.

Speaking of her visit to Ozona, Mrs. Akiyoshi seemed most impressed by the vast size of the open ranchland around Crockett County. "After having been raised and educated in such vast population centers as Japan, and New York City, it is most impressive to find yourself in an area of such size with so few people, you almost feel alone," she said, with a smile that was characteristic of her warm personality.

Educational interests and the opportunity to see America, were not the only factors which brought Mrs. Akiyoshi to the United States again. From Ozona Mrs. Littleton's guest will go to Evanston, Ill. where her daughter, who is a graduate of a Jr. College for kindergarten teachers in Tokyo, is now studying in the National School of Education. After the visit in Illinois the tour will continue to Milwaukee and other points in the North Central states before she travels to Harrisburg, Virginia where she has a daughter who is a housewife and an American citizen.

In addition to the two girls Mrs. Akiyoshi has a son who is studying for the ministry, and who plans to come to the United States next year to further his studies.

Mrs. A. F. Nelson had as guest this week her great niece, Cynthia Quimby of Fort Worth. Cynthia is a granddaughter of the Rev. and Mrs. M. M. Fulmer, former Ozona residents, who now live in Uvalde. Rev. Fulmer, former pastor of the First Baptist Church here, has retired from the pulpit because of his health.

Mr. and Mrs. S. L. Lightsey of Ray, Colorado, visited here a few days this week with Mrs. A. F. Nelson.

Miss Diane Phillips, daughter of Mr. and Mrs. Arthur Phillips, left last week for Honolulu, Hawaii, where she will spend most of the summer.

Mohair And Promotion Of Mohair Featured In TS&GRA Odessa Meet

San Angelo — Mohair and mohair promotion will get considerable attention of directors of the Texas Sheep & Goat Raisers' Association at their summer quarterly meeting in Odessa Friday and Saturday, June 21 and 22, says Tom Wallace, Executive Secretary. Headquarters will be at the Lincoln Hotel.

Much of the discussion on mohair will be the promotion program which is being handled by a New York fashion agency.

James L. Powell of Fort McKavett, TS&GRA president, and Wallace are schedule to make reports on legislative activities. The two spent several days in Washington last month and also considerable time in Austin while the Legislature was in session.

"This should be an important meeting from a business standpoint," Powell says, "as it pertains to our livestock industry. Reports will be given on screwworm eradication, predatory animal problems, including the golden eagle problems, marketing problems and tax matters."

This is the first time directors have ever met in Odessa, an oil production and cattle raising center, but arrangements have been

made for a most interesting entertainment program by the Odessa Chuck Wagon Gang, the Downtown Merchants Association and Odessa civic leaders.

Registration gets under way Friday at 10:00 a. m.; committee meetings are scheduled for 2:30 p. m.; a reception is to be held at the Lincoln Hotel, beginning at 6:00 p. m., and barbecue by the Chuck Wagon Gang by hotel poolside at 7:00 p. m. Dancing is scheduled in the ballroom from 9:00 to 1:00 p. m.

The general session is to be held at 9:30 a. m. Saturday with adjournment set for 12:00 Noon.

The Women's Auxiliary business session and style show, featuring Miss Wool and Miss Mohair, is to be held from 9:30 a. m. to 12:00 Noon, Saturday at the Odessa Country Club.

New Feeding Method Improves Results Of Sterilized Fly Drop

Mission — A new wrinkle has been added in the battle to eradicate screwworms from the Southwest. Screwworm flies reared and sexually sterilized in a plant near Mission are now fed prior to being released from airplanes over large portions of the five-state eradication area.

Entomologists have found that feeding gives the flies a better chance for survival after being released and results in larger numbers of vigorous flies available for the program.

A small paper cup containing a cotton ball and corn syrup is placed inside each carton at the same time the box is filled with sterilized pupae. After the flies have emerged, they can feed until

they are released.

Experts list these advantages of fly-feeding:

(1) More flies are alive lease time, since cartons held an extra day giving more time to emerge.

(2) Flies live longer at lease and are better able shelter and food in nature.

(3) Fewer flies are lost periods when unfavorable er does not permit aerial and flies may have to be several days.

(4) Also during cold weather is possible to hold the flies they are ready to mate, otherwise many probably not survive that long in nature.

Eradication officials pleased with the results of feeding tests they are expected to completely meet the operation. They feel the tial expense could be paid within a few months through savings in man-hours and loss of sterile flies.

Mr. and Mrs. John Fuseson Mike, of Port Lavaca spend this week-end with his parents, Dr. and Mrs. J. A. F. They are on their way to Co where they will spend their time.

Mr. and Mrs. Bruce S. King left yesterday for their in Houston after a visit of eral days here with Mrs. I sister, Mrs. B. B. Ingham. Sr other relatives.

Mr. and Mrs. Jerry Hayes family are on vacation, via relatives in East Texas and Louisiana. The Hayes plan to return Ozona late this week.

Miss Nancy Rink, Michael R. Miller Are Married In San Angelo Ceremony

First Christian Church Chapel in San Angelo was the setting for the wedding Saturday of Miss Nancy Olivia Rink and Michael Robert Miller, with the Rev. Dr. James B. Leavelle, pastor of First Baptist Church, officiating.

Mr. and Mrs. Miller left for a wedding trip to Yellowstone National Park and will reside in Ozona upon their return.

The bride, daughter of Otho E. Rink, of San Angelo and the late Mrs. Rink, was given in marriage by her father. She wore a floor-length gown of lace and tulle. Scallop lace banding trimmed the bouffant skirt, and the molded bodice featured a Sabrina neckline highlighted with sequins. Her fingertip veil of imported illusion was draped from a crown of orange blossoms.

She carried a cascade arrangement of white roses and stephanotis.

Miss Sherrie McClung served as maid of honor, and Mrs. Jalene White was bridesmaid. Miss Tracy Rink, niece of the bride, was flower girl, with Jim Rink of Lubbock, nephew of the bride, candlelighter.

Son of Mr. and Mrs. J. B. Miller of Ozona the bridegroom was attended by Van Miller of Ozona, his brother and best man. Jerry Gilliam of Ozona served as groomsmen, with Jay Miller of Ozona and Dub Whittenburg of Fort Stockton, both cousins of the bridegroom, ushers.

Wedding music was furnished by Miss Carol Pressley, soloist, accompanied by Miss Mary Bain Spence, organist.

After the service, a reception was held at the home of the bride's brother and sister-in-law, Mr. and Mrs. Wilson B. Rink, 2363 Sul Ross. Members of the houseparty included Miss Carol Payne of Fort Worth, Miss Judy Donham, Miss Wilma Bessire and Mrs. Mike Morris, Ley Rink, Wendy Rink and Cindy Rink, nieces of the bride, distributed rice bags.

Following her graduation from San Angelo Central High School, Mrs. Miller was a student at San

Angelo College where she was a member of Tex-Anns, Lambda Tau sorority and was a SAC cheerleader. She was employed by the Telephone company.

A graduate of Ozona High School, the bridegroom attended Abilene Christian College and San Angelo College.

Parties honoring the bride included a gift tea at the home of Mrs. Arlene Fenner, with cohostesses Mrs. J. H. Shook, Mrs. Jalene White, Mrs. Bill Westbrook, Mrs. Frank Glass, Mrs. Clarence Hartmann and Mrs. Mike Morris.

Miss Judy Donham, Miss Mona Schwertner and Miss Wilma Bessire honored the bride with a kitchen shower in the Donham home. A dinner party honoring the bridal couple was given by Mr. and Mrs. Marion Balch and Mrs. Jack Jones at the Balch home.

A luncheon feting the bride was given at KoKo Inn in Lubbock with her aunt, Mrs. L. J. Lofley, as hostess.

The rehearsal dinner was hosted by the bridegroom's parents, Mr. and Mrs. J. B. Miller, at Luby's Cafeteria.

Mr. and Mrs. C. W. Taliaferro and their two grandsons, Steve and Craig Taliaferro, left this week for the Taliaferro farm in Arkansas to spend the next two months.

Airman Wayne Albers has been visiting his parents in Ozona during a delay enroute from his station in Montana to Vandenberg Air Force Base in California.

We, who are many, are one body in Christ.—(Rom. 12:5).

By the light of the indwelling Christ we behold our kinship with all men and are healed of antagonisms and mistrust. We greet and bless the Christ in others, and they respond.

WOMEN'S GOLF-BRIDGE ASSOCIATION MEETING

The weekly play of golf and bridge was held last Thursday at the Country Club, with Mrs. Byron Williams as bridge hostess.

In golf play in the morning, golf balls for low putts for the day were won by Mrs. Dempster Jones and Mrs. Byron Williams. Low net on the club trophy was won by Mrs. Jones and Mrs. Jimmy Barbee in a tie. Low putts on the Pierce trophy went to Mrs. Jones and Mrs. Barbee won on the par 7 hole for the Baggett trophy.

In the bridge play in the afternoon, high score went to Mrs. J. B. Parker, low to Mrs. George Bunker and the cut prize to Mrs. Kirby Moore.

The following women of the Association attended a one day bridge and golf tournament in Big Lake last Saturday, Mrs. Jake Short, Mrs. Evart White, Mrs. Clay Adams, Mrs. Early Baggett, Mrs. J. S. Pierce, III, Mrs. George Montgomery, Mrs. J. M. Baggett, Mrs. Joe Pierce, Jr., Mrs. Vic Pierce, Mrs. Byron Williams, Mrs. Tom Mitchell and Mrs. Jimmy Barbee.

Others attending the weekly play were Mrs. Marshall Montgomery, Mrs. W. E. Friend, Jr., Mrs. Hugh Childress, Jr., Mrs. Ashby McMullan, Mrs. Tom Ed

Montgomery, Mrs. Mike Clayton, Mrs. Jack Williams, Mrs. Clay Adams, Mrs. John Childress, Mrs. Joe Couch, Mrs. Early Baggett, Mrs. George Montgomery, Mrs. J. S. Pierce, III, Mrs. Jess Marley, Mrs. Vic Pierce, Mrs. Sherman Taylor, Mrs. J. M. Baggett, Mrs. Evart White, Mrs. Lloyd Sherrill, Mrs. Jake Short, Mrs. Joe Pierce Jr.

Mrs. Cora Anderson has returned to Ozona from Farmington, N. M., where she has been visiting her son. Mrs. Anderson plans to leave soon for Brownwood where she hopes to enroll in summer school for the second six weeks.

For reliable batteries stop at Glynn's El Paso Station at the corner of U. S. 290 and Ave. G in Ozona.

Member Of Ozona Grid Dies Of Heart Attack; Bronte Burial

Funeral services were held at 10 a. m. Monday from the First Baptist Church in Bronte for Ed Hickman, 76, father of Fred Hickman, Ozona football coach.

The elder Mr. Hickman, a Coke county farmer-rancher since before 1900, died Friday afternoon at his home in Robert Lee, apparently of a heart attack. Burial was in Bronte Fairview cemetery.

Born in Llano county, Mr. Hickman came to Coke county in his early youth. He married Malindy Bronte in Bronte in 1905. He was a member of the Pecan Baptist

Church.

Survivors include the widow; three sons, Ed Hickman of Killeen, Johnny Mack Hickman of Leveland, and Fred Hickman of Ozona; four daughters, Mrs. Austin Sandusky of Bronte, Mrs. W. P. Hoener of Artesia, N. M., and Mrs. Curtis Trimble and Mrs. Hedley Richards, both of Robert Lee; one sister, Mrs. Sallie Long of Eunice, N. M., 14 grandchildren and 16 great grandchildren.

Mr. and Mrs. Earl Courtney and Bob Courtney of New Boston, Texas, visited over the Week-end with Mr. and Mrs. Arthur Phillips. Mrs. Courtney is Mrs. Phillips' sister.

By the light of the silvery moon

On the job for you!

Long after you and your family have gone to sleep, our drivers are still on the road—heading your way with gasoline to power your car, oil for heating your home and hundreds of other oil products that make for better living.

In America's progressive and competitive oil industry, every oilman has a special job. As your local oil jobber and distributor, our job is to see that this community gets ample supplies of oil products where and when they are needed.

This is our pledge that we'll never let you down—never stop trying to bring you even better service in the future.

million cubic feet; and then flowed 24 hours, using the same choke it made 23 barrels of new oil and 22 barrels of load water, plus gas at the daily rate of 950,000 cubic feet daily.

Production was assured earlier through perforations between 7,584-610 feet.

Production was a re-entry operation, it originally was drilled by Socony Mobil Oil Co. Inc. and abandoned Jan. 12, 1951, at 9,510 feet.

The Refoil multipay field of Crockett County gained its 2,850-foot Clearfork producer and a one-mile east extension to that pay with completion of Howard Olsen Development Co., Midland, No. 1 Davidson, nine miles south of Ozona, for 275 barrels of 32.7 gravity oil, no water, with gas-oil ratio too small to measure.

Production was through a 32-64-inch choke and perforations between 2,811-837 feet, which had been acidized with one barrel.

Location is 467 feet from the south and 660 feet from the west lines of 9-F-GC&SF.

The 2,850-foot opener, Cosden Petroleum Corp. No. 1-B Miller, was finished Sept. 7, 1961, to pump 77 barrels of 27 gravity oil, through perforations between 2,847-76 feet.

Gulf Oil Corp. has set 5½-inch of 6,742 feet, at the No. 1-A F. R. of 6,742 feet, at the No. 1-A F. R. Henderson Jr., in 27-OP-GC&SF, for completion attempt through perforations as a third producer and a location south and east extension to the Ozona, Northwest

(Canyon oil) field of Crockett County, 1½-miles northwest of Ozona.

Post Office

will permit the Department to short-cut repeated address reading. The Address on mail is often read as many as eight or ten times by postal employees to get it to the proper destination. With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined and to speed it on its way, the announcement said.

The P.O.D. announcement said that when ZIP Code is in full swing, the U. S. will have the "most modern system of mail distribution and delivery in existence."

OTHERS HAVE TROUBLE TOO

We take this opportunity to make it clear to all our readers that we do not take credit for or blame for the news items about Sanderson and Terrell County that have been published or omitted from other newspapers in this area. We have never had any responsibility in this regard. — Sanderson Times.

Mr. and Mrs. T. J. Bailey, Mr. and Mrs. Sonny Henderson and Mrs. A. J. Roach of Eldorado, Mrs. Bailey's mother, have returned to Ozona after a one-week vacation in the mountains of New Mexico. They were accompanied by Joe Bailey of Houston.

Little League
(Continued from Page One)

as Ozona Oil coasted to a 16 to 6 win over Moore Oil, despite the liberal use of younger players, but the second game was one of the best of the year.

Mason Motor scored two unearned runs in the first inning and then did some fine fielding behind Lefty O'Rear and Fred Sipes who held the opposition to just one hit.

Mason scored what proved to be the winning run in the top of the sixth and then had to hold off a last gasp rally that produced two runs and had the tying run on third base. The Grocers probably failed to tie up the game when a base runner made an ill-advised attempt to steal second and was easily thrown out.

Jim Burton, a graduate student at the University of Kansas, has been home visiting his parents, Mr. and Mrs. Arnold Burton of Ozona.

Annual Make It With Wool Contest Entries Now Being Recruited

Girls are now being given the annual opportunity, provided by the American Wool Council, to show their creative talents in the annual Make It Yourself With Wool Contest.

The top girl in the age group from 14-17, and the top girl in the age group from 18-21, will be flown via Pan American Jet Clipper to the sunny Caribbean where they will spend nine days in luxurious accommodations while playing and sightseeing on the Islands.

In addition to the top prizes at District and State level, an entrant's sewing skill and fashion know-how will put her in line for \$35,000 worth of scholarships, savings bonds, and merchandise to be awarded by more than 20 American Corporations.

The contest is conducted in Texas by Mrs. Alcie Cole, Sterling City, Texas, who is the President of the Texas Sheep-Goat Auxiliary. Mrs. S. M. Harvick, Ozona,

Texas is, the State Contest Director. The State Finals will be held at San Angelo College in San Angelo on January 10-11, 1964.

There is a Sub-Deb Contest in Texas for girls 13 years of age, who would like to begin to participate in this promotion, but do not feel ready to enter national competition. Girls who are 13 and enter the Sub-Deb group, may only go as far as District.

Adults may enter the Texas Contest, and their garments will be judged and shown at the District Contest.

There will be ten 100% Wool Fashion Shows in Texas this year. Everyone should try to see one of these beautiful, free, fashion shows. You will see beautiful new wool fashions personally made by the models.
