McCAMEY OPEN NEW SEASON AT FRIDAY NIGHT WITH BADGERS HIGHLY FAVORED

By Ernie Boyd

Lions will open their football season in McCamey on Friday night when they expect many McCamey supporters will be the best in several years. Lions will be shy of experience and depth in addition to the short on speed and size positions, though the 1963 team will have some of the biggest they have had in several years.

Fred Hickman did not have a very optimistic picture of the Tuesday night while the Lions boosters, but he stated that the Lions would win their games and that the offense seemed to be well adjusted at the moment. Lions are expected to play on Friday night and the team will be among that as well as several sophomores who will do well to the 120 to 130 pound class. Lions have an experienced back in senior letterman Cooper and one experienced in Richard Vargas, but from that, neither experience is present in the backfield. The Lions stack up better with Joel Huff and Sam along with Richard looking a crew of green somewhat talented defenders in some size.

Joe Chapman at 212, and Bobby Amthor and Rick Lopez at better than 175, a soph soph Parris, who weighs the scales around 200, and the line some size. But the team will be off by 120-130. Sammy Cervantez and guard Larry Williams, who is a Junior offensive who looked good, has been injured by a bad knee and his name is still in doubt. A two-A team which has been behind to get a tie in the last minute of the game last year, will return to the field except two and, according to reports, ample replacements have been found for the team of performers.

In addition to having nearly all the players back, they are, of course, a year older, much more experienced and about 15 or 20 pounds to the man heavier than the team, which was a little smaller than the 1962 Lion team. The McCamey offense will once again be centered around the power of full back John DeWitt who weighed in at 202 this year instead of last year's hefty 190.

Lions may be meeting their fate in the 1963 season if they can play better close they might surprise a lot of people by having a better season than at first expected.

Rich Steer Roping Event Here Sept. 21: Sponsored By C of C

Steer ropers from far and wide are expected to gather in Ozona Saturday, September 21, for the rich steer roping contest sponsored by the Ozona Chamber of Commerce.

A 4-steer average team tying, with entry fee set at \$68 per team, will be kicked off at 1 p. m. Saturday. A special show Saturday night will pit the top ten teams of the afternoon's show in a 2-steer match for 10 percent of the entry fee plus \$22 entry per team.

At 6 p. m. a barbecue supper will be staged at the fair grounds park, the roping admission ticket serving as a ticket for the barbecue.

The all-day program will wind up with a dance on the new concrete platform at the fair park starting at 9:30, following the special night's matched roping. An orchestra, not yet announced, will play for the dance.

P. C. Perner is general chairman of the event. James Baggett will be the dance chairman and Doyle Elmore will be in charge of the barbecue supper.

Tickets are on sale at the Chamber of Commerce office, and later will be placed on sale in various local business houses.

Woman's Forum Opens New Club Year With Breakfast Saturday

The Ozona Woman's Forum will hold its first meeting of the new Club year Saturday Sept. 7 with a breakfast at the Ozona Country Club at 9:30 a. m.

The year book committee composed of Mrs. C. O. Walker, Mrs. Kirby Moore, and Mrs. Hugh Childress, Jr., will present the yearbooks and five new members will be welcomed into the club. The new members are Mrs. Jack Baggett, Mrs. James Baggett, Mrs. Oscar Kost, Mrs. Jake Miller and Mrs. Lloyd Sherrill.

At the summer meeting held in the home of Club president, Mrs. Bill Clegg, the club voted to establish a college scholarship fund for a local student and among other projects discussed was a pledge adopted to support and cooperate with the Ozona committee working on the new memorial park now being piped for water and landscaped with funds made available by the County.

Guests of Mr. and Mrs. J. B. Miller and family over the weekend were Mrs. Miller's sister, Mrs. Jack Robbins and children, Rebecca and Robin, of Houston.

Ozona Continental Office Personnel Get Assignments

One Goes To Midland, Eight To New Odessa Dist. Office

Office personnel at the Continental Oil Co. office in Ozona have received their new assignments to which they will report in the reshuffling of Continental district offices which will result in the closing of the Ozona office sometime before November 1.

One man, Melvin Richardson, left last week for Midland where he will be stationed in the Midland Conoco office. The other eight members of the Ozona office staff are being sent to the new District Office to be opened in Odessa by November 1.

In addition to the Ozona district office, the Continental office at Pecos will also close and its personnel will be shifted to the Odessa office. The Pecos office has been staffed by about 30 persons.

The new Odessa district will cover 17 counties in which the company has production. Manager will be V. G. Essler, formerly assistant division production superintendent at Roswell, N. M.

E. B. Nicholson, district production superintendent at Ozona, will transfer to Odessa as assistant general manager. L. E. McCrary of the Ozona office will become district office manager at Odessa.

Other Continental personnel to be shifted from the Ozona office to Odessa include William Grossbeck, Al Nix, Robert Freeman, Roger Francis, T. M. Tolle and Hagen D. Joyner.

Hartley Johnigan Buys Out Taliaferro Garage

Hartley Johnigan, for many years a mechanic with the James Motor Co. here, has entered business for himself.

Johnigan has purchased stock and equipment and leased the building and station of the Taliaferro Garage from Mr. and Mrs. C. W. Taliaferro.

Mr. Johnigan will continue to operate the Ecco Service station and will do general automotive repairing and specializing in small motor repairs.

The station and garage is to be known as Hartley's Corner Service.

Cadet James L. Parry, Barnhart, Texas

Lions Boosters Eat Barbecue, Meet Team, Hear Talk

Curly Hays Addresses Group, Chuck Taylor Entertains 'Em

By Ernie Boyd

The Ozona Lion Booster Club held its annual barbecue and get-together Tuesday night, was introduced to the 1963 Lions, the B team and Junior High and heard Curly Hays, well known Abilene official and athlete, along with the near-perfection mimicking of former Ozzian Chuck Taylor.

About 150 plates of barbecue were served to the group on the grass at the rear of the main high school building and following the meal the group moved into the auditorium where, following Taylor's very entertaining stint, Coach Hickman introduced the group to the balance of his staff and the 1963 Lions squad both A and B. Coach Chick Womack was introduced and he presented his Junior High Squad and assistant Bill Lewis.

Hays spoke principally to the football team and stressed the importance of desire and proper motive. The well known official told the boys that there is no longer a place for the dumb football player, but now a player must have mental alertness and ability to play the game and that any good football player should be at least a B student. Hays pointed out that the last Abilene state championship team had 19 Honor Society members among its 33 members and several others who were at least that caliber, student if they had been willing to apply themselves.

Officers named for the new year were Ted Lewis, President; Bud Cox, first vice president; Bill Seaborn, second vice president, and Woody Mason, treasurer. An incomplete membership report showed the names of 120 members with several reports still out.

Barnhart AF Cadet Completes AFROTC Summer Encampment

Webb, AFB, Texas. — Cadet James L. Parry of Barnhart, Texas, recently completed the Air Force Reserve Officer Training Corps (AFROTC) summer encampment here.

Cadet Parry, son of Mr. and Mrs. Clyde A. Parry of Barnhart, observed and took an active part in various phases of base operations during the encampment period.

Ozona, S'west Strawn Is Field Designation Given By Texas RRC

The Railroad Commission, Oil & Gas Division, has announced new field designation for District 7-C, including:

The Ozona, Southwest (Strawn) gas field of Crockett County was opened May 21 with dual completion of Delta Drilling Co. and Paulley Petroleum Co. No. 1 Henderson, 15 miles southwest of Ozona.

It was finalized for a calculated, absolute open flow of 3,500,000 cubic feet of dry gas per day, through perforations between 9-371-555 feet.

Location is 1,235 feet from the north and 1,980 feet from the west lines of 15-M-GC&SF.

Garden Club Launches Its New Season With Meet Monday Night

The Ozona Garden Club will kick off its 1963-64 season Monday morning with a coffee in the garden at the home of Mrs. Cecil Hubbard. Hostesses will be Mrs. Lloyd Sherrill and Mrs. O. D. West.

Mrs. Max Schneemann, president, will greet the membership and launch the club's new year. Mrs. Stephen Perner will present the new club yearbooks. Mrs. Glenn Sutton will outline the state headquarters project and Mrs. Jess Marley the Garden of the Week project of the club.

Garden Club officers are Mrs. Schneemann, president; Mrs. Stephen Perner, vice president; Mrs. W. O. Mills, recording secretary; Mrs. Jess Mealey, treasurer; Mrs. John Childress, corresponding secretary, and Mrs. Ira Carson, publicity and historian.

Phillips Re-Opens Gas Distillate Field In West Crockett County

A far west Crockett County field gained a new pay and location for an outpost; a discovery was assured and tests continued at a confirmation.

Phillips Petroleum Co. reopened Devonian gas-distillate production in the Lancaster Hill multipay oil and gas field with completion of its No. 1-E University Lands, 25 miles west of Ozona, for a calculated, absolute open flow of 13 million cubic feet of gas per day, with gas-liquid ratio of 78,500-1.

Production was through perforations between 7,356-67 feet. Gravity of the liquid was 58 degrees. Total depths is 7,459 feet; plugged-back depth, 7,434 feet. Casing (5 1/2-inch) was set at 7,449 feet. Location is 1,550 feet from the north and 760 feet from the west lines of 11-29-University.

First Day School Enrollment Down 16 From Last Year

Despite Radar Base Closing, Pupil Numbers Hold

Ozona schools kicked off the 1963-64 school term Tuesday morning with an opening day total enrollment in all schools of 989. This figure is down only slightly from last year's enrollment, 1005, despite the loss of an estimated 50 pupils from the North Elementary school by reason of the closing of the Ozona Air Force Station.

North Elementary school's enrollment totalled 246, a drop of 38 from the previous year's 284. High School enrollment was up 2 from the year before. Junior High School gained 4 over last year; South Elementary showed a gain of 9 in opening day enrollment and Lockett School, despite the transfer of five pupils into high school, registered an enrollment gain of four.

The school opening was without a hitch of any sort. Supt. L. B. T. Sikes said. The faculty was complete and all present and pupils reported on time and apparently ready to make the best of the nine months session.

The enrollment by grades in the various schools follows:

High School — Freshmen, 66; Sophomores, 49; Junior, 57, and Seniors, 46. Total 208. Last year's total 206.

Junior High School — 6th grade, 47; 7th grade, 74; 8th grade, 63. Total 184. Last year's total 177.

North Elementary—First Grade: Miss Oehler's section, 18, Mrs. Killingsworth, 18, second grade — Mrs. Barber, 16; Mrs. Dozier, 15; Mrs. Kyle, 16; third grade — Miss Mikeska, 26; Miss Billings, 25; fourth grade — Mrs. Tabb, 18; Mrs. Baggett, 18; fifth grade — Mrs. Whitaker, 22; Mrs. Stokes, 22. Kindergarten, 32. Total 246. Last year's total, 284.

South Elementary: Kindergarten, 56; first grade, 64; second grade, 46; third grade, 48; fourth grade, 35; fifth grade, 38; sixth grade, 42. Total 329. Last year's total 320.

Lockett school, 22. Last year's total, 18.

Conoco To Drill Wildcat; Crockett Prospects Tested

Continental Oil Co., Ozona, will drill the No. 1-J. M. Shannon, a 9,000-foot Strawn wildcat, in Crockett County 14.7 miles north-west of the World, West (Strawn) field.

Location is 660 feet from the north and 1,980 feet from the west lines of 1-2-GC&SF.

It is also one mile east and slightly south of Cities Service Co. 1 Shannon, a 9,520-foot Ellenburger failure, abandoned May 13, 1958.

Found 'Johnson Draw Stray' In Conakry — Ozonans Have Reunion In West Africa

Special to the Ozona Stockman By the Special Correspondent (Suspect: R. A. H.)

Conakry, Guinea, Aug. 28 — Three Ozonans had a reunion in far off Africa from August 25-28, 1963. Mr. and Mrs. L. Frederick Buss of Evanston, Illinois, arrived in Conakry on Sunday, August 25th, 1963, after some "minor difficulties" involving the ever inefficient West Africans airways systems. Mrs. Buss, the former Miss Sarah Hick of Ozona, Texas, is travelling with her husband, a member of the staff of the Ecumenical Institute of Evanston, on a trip which has taken them to North, East, Central, South and finally West Africa.

Mr. and Mrs. Buss had every intention of visiting a large number of cities in West Africa. However, their plane reservations were confirmed by American travel agents and none, repeat, NOONE, but Africans know when the planes will fly. They sometimes fly a day early, sometimes a day late, and very frequently not at all. Both Mr. and Mrs. Buss were quite frustrated about such things when they arrived in Conakry.

Sarah and Fred have been meeting and talking to religious, social, and political leaders throughout the whole of Africa. They have attempted to analyze one of the most complex phenomena in Africa today, namely the forces of urbanization. In Conakry, they met among others, a Johnson draw stray named Roy A. Harrell, Jr., who is busying himself spending taxpayers money in Guinea and who is assigned to Guinea for a period of two years. The reunion here was a genuine one in every respect — all have enjoyed fried chicken (fried according to a special recipe of Mrs. R. A. Harrell), iced tea (all are graduates of that

CROCKETT HOSPITAL NEWS

Patients admitted to the hospital since Aug. 27th: Mrs. A. D. Baker, obstetrical; Mrs. Jim Dudley, medical.

Patients dismissed: J. C. King, Mrs. Charles Williams, Jr.; Mrs. R. D. Hartley, Mrs. Creencia Rodriguez, and infant daughter, Janice Walker; Mrs. Ignacio Covadonna and infant daughter; and Joe Schie.

Shipping Institution in Austin, Texas

and just general home town gossip, not to mention trying to tell all these poor critics out here what Texas, in all its glory has to offer.

Mr. and Mrs. Buss depart August 29 for Dakar, in Senegal and on Friday, August 30 for New York. This last flight, however, will not be made on a West African airline, but rather on Pan American World Airways. One hopes the flight will be without incident.

The Busses have had their share of incidents, as on one part of their trip, in West Africa, no less, they discovered that one of the proops had stopped working. Oh well, said the Africans, this is a bout par for the course. One only hopes that they will publish the picture of this they made in an American travel agency magazine so as to entice others to travel to Africa.

HELP YOUR SENATORS

With the Treaty of Moscow successfully rammed through the Senate Foreign Relations Committee for the consideration of the Senate as a whole, Chairman Fulbright has said: "There is no disposition to rush this."

We hope the Chairman is right and that all 100 Senators — which includes those who moved it out of the committee room onto the floor — will deliberate the points on which it is most suspect:

1. That the Reds (who have no Constitutional obligation to respect treaties and a record of violating 50 out of 52 US agreements) are eager for it.

2. That our top military advisors are not.

3. That its language is so foggy that the Secretary of State has had to explain to the Committee that it does so permit us to defend ourselves with our nuclear weapons.

4. That it is clearly and specifically constitutes step one of stage one of the three-stage "program for general and complete disarmament in a peaceful world" as spelled out in Department of State Publication 7277 (presented to the 16th General Assembly of the UN and released September 1961) and which calls for the abandonment of our army, navy and air force to a "UN Peace Force."

5. That, contrary to tradition, and with scant respect for representative government, the signatures of some 70 nations were affixed to this document — obviously to give it fraudulent weight — before being presented to the Senate by whose "advice and consent"

alone it can become an instrument of state.

Now should the Senators forget the words of President Kennedy in November 1961 on our betrayal by the Russians in the first agreement to stop nuclear testing. He said "If they fooled us once, it is their fault, and if they fool us twice, it is our fault."

But the Senators themselves need and desperately want advice and consent — from their constituents; collectively, from the Nation. And those who withhold it now, in these final fateful hours, must feel the added pangs of conscience if they are called upon to share the consequences of that "dreadful and tragic mistake" that Dr. Edward Teller has warned us of.

Two Hundred and Ten Thousand Civil Rights Pilgrims flowed into the National Capitol — and out again after an orderly and amiable demonstration of unprecedented proportions and in the spirit of a subdued revival. They sang their song, "We Shall Overcome," but with the feeling of "Every Day" Be Bye and Bye.

All in all, it was a poignant, if gigantic, expression of faith in the power of Congress, under the benevolent leadership of an all-wise Administration, to wipe out the injustices and hardships and heartaches of three centuries by law — a law called "The Civil Rights Act of 1963".

Our prayer is that these 210,000 — and nearly 180 million more Americans — may never have to live under this cruel hoax that hides a police state behind the trappings of social reform.

BIRD WATCHERS IN WASHINGTON —

"A United State Coast Guard plane which watched while crews of Communist Cuban patrol boats snatched 19 fugitives from Castro off a British key in the Bahamas was joined by eight American jet fighters when it radioed for support . . . This American air squadron did nothing but observe. The fugitives were hauled back to Cuban prisons . . . Rep. James Battin, of Montana, remarked sourly but adequately that the Kennedy Administration had provided more air cover for Castro's kidnapers than it did for the 1,100 anti-Castro rebels, who tried to invade at the Bay of Pigs in April, 1961. 'Under this Administration,' said Mr. Battin, 'the United States is rapidly becoming an expert witness . . . First, we watched the Cuban freedom fighters as they were slaughtered . . . Then we witnessed the building of the Berlin Wall. Now we are providing air cover for international brigandage.' The Kennedy birdwatchers have their eye on the hawks and buzzards. But, as the pending nuclear treaty with Russia suggests, they think the Communists they spy are doves of peace." — Chicago Tribune.

"PT-109" the film about a Japanese destroyer sinking JFK's boat during World War II, isn't going over too well in the South. A Thomasville, Ga., theater operator advertised the show this way: "See the Japs Almost Get Kennedy."

"In horse and buggy days the nearest thing to a clover leaf was a fork in the road." Duluth (Minn.) Publicity.

"It may be possible to bypass all of America when the Federal Interstate Highway System is completed." — Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.

"On the basis of effort expended, those who obtain the greatest amount of money by writing are college students with their letters home." — Vista (Calif.) Press.

"When you expect a check, anything else that comes in the mail is junk." — Edgewater (N. J.) Citizen.

"Maybe it's nothing to worry about if the kids have trouble with the study of history. The people who make it seem to have quite a lot of trouble, too." — Fullerton (Neb.) Journal.

A Creek In My Back

By Allan R. Bosworth
 Author of "New Country" and other historical & fictional works

These are the dog days . . . and they say, indeed, that every dog has his day. But what about cats? Well, on the Isle of Man, where the short-tailed Manx is traditional, the breed is threatened with extinction by imported long-tailed cats. So the island government has established an experimental cat farm to perpetuate the Manx.

And on the Isle of Manhattan, old buildings are being torn down at such a rate as to make many cats homeless . . . and now there is a fund-raising organization called the Save a Cat League.

(My cat Pearl, also threatened with extinction unless she does an occasional column, is responsible for the following.)

Said a Manx with the stub tail of yore:
 "I'm far shorter aft than at fore, But I sit with great ease. Have less room for fleas, And it's safer when closing a door."

Another, a thoroughbred Manx, Called out from the vanishing ranks:
 "If you must speak of that farm, Don't call it a Cat Farm — Not after P r o f u m o, please, Thanks."

Pass the hat! Pass the hat! They're taking up money to Save a Cat!

They're tearing down more of Manhattan's houses, And there's a shortage of rats and mouses.

And a dearth of homes, however sordid, Where the viley cat and the Persian boarded . . . So Pass the Hat! Pass the Hat! And take up money to Save a Cat!

Raid the Till! Raid the Till! And mention a cat when you make your will!

If it's in the path of the city's expansion, Bequeath your cat that brown-stone mansion — Set up a trust fund. Save on taxes.

And spare the house from the wrecker's axes! Pass the Hat, and Raid the Till! And mention your cat when you make your will!

A kitten has many complexities, A blending of Beauty and Beast; You find one and wonder what sex it is, And it gives you no clue in the least.

You take it, Then cats begin calling, And singing their late serenade. Results can be somewhat appalling — (More kittens, I'm rather afraid.)

A kitten is cuddly and fuzzy, And cunning when chasing its tail.

He looked like a tom, was he, Or something quite male?

This treatment we get shabby, For all of the love we give — We can't tell a tom from a she — (But all other cats know.)

A one-colored kitten may be a she . . . But show me a cat of three, And I'll make you a guarantee

That it's of the female sex (And life for the Tom be much duller Without these cats in color.)

Now, Blackie the Tom, cent folk, Goes forth with solid cloak Of darkest hue, as prime As a moonless midnight o'ber —

A suit that looks so very hysterical! (In this disguise, does decently? I regret to say that he recently.)

"If time heals everyt'ing sitting it out in a doctor's — Greencastle (Ind.) Gazette

Baker To Attend Conference In Worth Next Week

Robert Baker, owner and president of the Ozona Retail Merchants Association, plans to leave September 6, for Fort Worth to attend the West Texas Credit Conference.

The conference is a Business Management Seminar, resulting from research made by the Associated Credit Bureaus of America, Inc., of Missouri.

Baker has been appointed president of the Western Retail Merchants Association of Texas, and also a member of a committee of seven other credit bureaus from different parts of Texas appointed to help in their particular field, in Southwest Management conducted each February in Texas, sponsored by the Associated Credit Bureaus of America in collaboration with the Department of the University of Texas. This is a four-day course.

Baker completed the four-year course in Feb. 1962, receiving his diploma, and returned in 1963 for post-graduate work. He will have a part on the program of the West Texas Conference at Fort Worth to give some advantages and reasons for business managers to attend the conference. The Conference will be held Sunday evening, September 8.

Baptist Revival Is Best Attended Ever In Church's History

One of the most successful revivals in terms of attendance and results ever to be held at the First Baptist Church in Ozona was concluded Sunday night.

Large crowds were on hand for every evening service and the morning services were unusually well attended, with a good number of additions to the church and conversions recorded during the week long meeting.

Dr. L. L. Morriss, Pastor of the First Baptist Church in Midland, was the evangelist and large numbers of Ozonans of a number of denominations availed themselves of the opportunity to hear him in person after having heard him many times on television.

Those who attended the services heard Harold Davis, music and education director of the University Baptist Church in Abilene, lead the music and sing.

Observers felt that the Monday and Tuesday night crowds which took all of the seats in the main floor and flooded over into the balcony in substantial numbers were the largest crowds to attend church at the First Baptist Church in a number of years, even though seats on the main floor were hard to find by service time each night.

HELP STOP SCREW-WORMS — A planned spray program will protect livestock against screw-worm infestation, stockmen throughout Texas have learned. During the fall shearing season, when thousands of shear cuts invite screw-worm outbreaks, spraying with Cor-9 or Korlan can pay big dividends through infestation-free ranching operations. Preventive measures taken by producers will also help speed the arrival of the day when Southwestern livestockmen no longer have a screw-worm problem.

Hunting Season Opens With Dove Shooting

Austin. — The fall hunting got under way in Texas with the opening of the mourning dove season in the North Zone at noon September 1. The North Zone season will continue through October 30 with shooting hours each day from noon to sunset. The South Zone mourning dove season opens September 21 at noon and continues through November 19. Shooting hours in the South Zones will be the same as the North. Bag limits on mourning doves will be ten (10) per day; possession limit 20. There will be no open season on white-winged doves in Texas this year.

BON-VOYAGE LUNCHEON

Mrs. Lee Childress, who leaves today on a tour of Europe, was honored Wednesday with a luncheon in the home of Mrs. Victor I. Pierce by her sisters, Mrs. Pierce, Mrs. S. M. Horvick, Mrs. W. E. Friend, Jr., and Mrs. Rice Lynn of San Angelo.

The table held miniature figures of people of different countries. Close friends and relatives attending were Miss Frances Childress, Mrs. James Childress, Mrs. Eugene Miller, Mrs. J. W. Henderson, Mrs. Joe Pierce, Jr., Mrs. R. A. Farrell, Mrs. Hillery Phillips, Mrs. Eldred Roach, Mrs. Early Baggett, Mrs. W. W. West, Mrs. J. M. Baggett, Mrs. C. O. Walker, Mrs. Joe Davidson, Mrs. Ira Carson and Mrs. Evart White.

DUPLICATE BRIDGE

Winners in Tuesday night's Duplicate Bridge Club session were: East and West: Mrs. Joe Pierce Jr., and Mrs. J. M. Baggett, first; Mrs. T. J. Bailey and Mrs. John Lee Henderson, second; Mrs. Frank McMullan and Mrs. Ashby McMullan, third.

North and South: Charlie Hickox and C. D. Downing, both of Iran, first; Mr. and Mrs. Evart White, second; Mrs. Jake Short and Mrs. Charlie Hickox, third.

Special Lamb Sale In San Antonio Sept. 17

The first special Stocker-Feeder Lamb Sale ever to be held at Union Stock Yards San Antonio is scheduled for Tuesday, September 17 at 10:00 a. m. This sale will offer a maximum opportunity for selling stocker-feeder lambs. This event will be in addition to the regular Tuesday sheep & goat auction.

Other events of special interest to be held at the Yards in the near future are two horse sales and a Stocker-Feeder Cattle Show and Sale. The Bissett & Carter Near Dispersal Quarter Horse Sale will take place Saturday September 21 with the horses offered for sale by auction at 1:00 p. m. The second horse sale, the Appaloosa Dispersal and Inventional Consignment Sale will also be held in the Auction Building at Union at Union Stock Yards San Antonio on Saturday, October 5, at 10:00 a. m. This is a complete dispersal sale of the Indian Lakes Ranch horses owned by Mrs. Virginia Oettermann.

The third event to be held in the near future will be the Stocker-Feeder Show and Sale scheduled for September 26.

Accurate and Complete

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

OUTDOORS IN TEXAS

By VERN SANFORD

Some of us work so hard at fishing, we take all the joy out of it.

We spend so much of our time trying to catch a fish, or just covering the water, that we fail to get the complete relaxation that a fishing trip should provide.

Recently I was pleasure boating on a central Texas lake when I saw three fishermen, all of whom I knew. Each was working the shore line with his plug.

They had boated a few fish in the wee hours of the morning. But they hadn't caught a fish in more than two hours. Nevertheless, they were still hard at it — with the hot summer sun beaming down on them.

Before I got to their boat I could tell that each cast had lost its vigor. The men were tired. They admitted they had not stopped to rest all day.

I had a few bottle of soda pop in my ice chest so I pulled over to the shore, got out and offered each a drink and a chance to stretch his legs.

They had been sitting in a cramped position in the boat so long they could hardly stand. Their fish had been caught long before noon, but still they were plugging.

Too many of us fish that way. Most of us fish that way. Most of the time we have but one day a week — sometimes only one a month — when we can get out and fish. Then, of course, we try to crowd everything into that one day. So we fish without regard for rest, or even food or drink.

I know a guide on a nearby lake who requires that his customers take time off to rest.

He gets them out at the crack of dawn, when fishing is at its best. About 10 o'clock he tells them they'll have just 30 minutes more of fishing. By 11 o'clock they are back at the dock.

He tells them to get into some lounging clothes, eat a good meal and meet him back at the dock at 3 o'clock. Then they will fish until sundown.

Once they've had a good meal, and their arms and bodies have had a chance to fully relax, they can fish hard the remainder of the afternoon and finish up at a time when the sunset is beautiful.

Another guide I know carries along a pint sized vacuum bottle of coffee for each fisherman in his boat. Along about 8 o'clock he stops for coffee and urges them to do likewise. At noon he refills each bottle with lemonade, orange juice, or milk.

With individual vacuum bottles each fisherman can take time out from fishing for a refreshing drink then get going again. And without disturbing anyone else for a bottle opener, or rocking the boat while he rummages around in an ice chest.

A friend who recently made a float trip told me how that trip worked.

Each person also had his bottle of coffee. At 10 o'clock there was some fruit for them. At noon they pulled into the bank and spread out a picnic lunch.

Then they leaned back against a big tree trunk and just relaxed and talked or caught an hour of shut-eye. As a result they started out fresh again for the afternoon.

Chances are they didn't miss a fish during the time they were resting.

When night came they were not exhausted from beating the water with their lures. The trip was refreshing.

Instead of a day of hard work they got full enjoyment from it.

We heartily recommend that you take along refreshments on that fishing trip — be it hot drinks or cold ones. They are fine mid-morning or mid-afternoon peppercuppers.

Also, don't overlook that Mexican exercise known as a siesta. A little nap can add a lot to the enjoyment of a trip and to your physical condition at the end of the day.

RANCH RECORD BOOKS at the Stockman office.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Sept. 6, 1934

Approximately 140,000 head of sheep and goats are offered for sale to the government by Crockett county growers in the listing of animals on the government application and inventory forms in preparation for the sheep and goat buying program in drouth stricken areas completed here last week.

—news reel—
"Cactus", registered Rambouillet ram from the flock of J. W. Owens and Sons of Crockett county, started on his way by express to Salt Lake City this week to become the first ram from Texas ever to be offered in the National Ram Sale at Salt Lake Sept. 11-12.

—news reel—
Although scattered, rains which visited this area Monday were bountiful in some sections, sufficient to go far toward reviving parched ranges and raising hopes that the long-awaited break-up of the long drouth is at hand.

—news reel—
With a total enrollment slightly in excess of the opening day a year ago, the Ozona schools opened for the 43rd annual session with formal opening ceremonies Monday morning. A net gain of 21 students over the first day enrollment last year was noted. The total enrollment in all grades was 285 pupils.

—news reel—
The famous Israelite House of David baseball team, composed of long haired and long whiskered members of the cult of Benton Harbor, Mich., who have played baseball from coast to coast, will be seen in Ozona against the Ozona team in an exhibition Sept. 27. The be-whiskered team features a snappy "pepper game" preceding the opening of play.

—news reel—
All nine holes having been completed and opened to play, the Lions Club Golf Course, on the Will Baggett ranch, will be open to the public at an open house Saturday and Sunday.

—news reel—
Miss Oleta Jo Blackwell of Lometa, became the bride of Messie Ray Smith, son of Mr. and Mrs. O. W. Smith, in a quiet wedding at the home of the bride's parents in Lometa last Saturday.

—news reel—
A wrecker was sent to the 12-mile bridge this side of San Angelo this morning to pick up the Mike Couch grocery truck reported wrecked at that point. The truck was driven by Bill West, an employe. No details of the wreck were available.

—news reel—
The Ozona P. T. A. will entertain with a lawn party this evening starting at 8 p. m. with patrons of the schools as invited guests so that parents may meet teachers on this year's faculty.

Washington, D. C. — The anti-cigarette alliance gazed into its crystal ball Thursday and announced that the tide had turned — that American women were ready to quit smoking.

—news reel—
The Ozona National Bank received last week from the Federal Deposit Insurance Corp. of Washington the official sign which will hang at all receiving windows as visible evidence that depositors are insured against loss of their

deposits up to \$5,000. (This has since been raised to \$10,000.)

—news reel—
Flowers Grocery and Bakery celebrated its 9th birthday in business in Ozona Sept. 1. R. L. Flowers purchased the stock and fixtures of the G. L. Burger grocery and bakery in Sept. 1925.

Fall in love with your car again

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progress drive industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

Penny dislikes school...

but she'd like it less if she studied by a kerosene lamp per grand-dad's era. In present day education Penny doesn't realize how much importance is placed upon adequate school lighting. Unlike her superiors she is unaware that Reddy Kilowatt is her silent friend, protecting her precious eyesight by lighting up the pages for faster, easier and more accurate reading. When Penny grows up she'll realize how fortunate she was to be able to study under modern electric lighting.

...adequate study light is important in the home too.

A HARVEST OF FAITH

Plant a crop in deep, rich soil and you plant a crop that will flourish. Something gives it life. Sun and rain, yes, and certainly rich, abundant soil . . . and yet, something more, something that gives it the ability to seek and use strength. Someone gives US life . . . nourishing food, warm comfortable shelter, these help certainly. But still . . . something else. Our souls reach far below the surface of everyday existence to find our deeper faith in God's wisdom and power.

We place ourselves at His mercy. We seek Him often in prayer and worship, and "times of refreshing shall come from the presence of the Lord."

Having found this fountain of faith, like the harvest, we point ever heavenward to share with others our discovery.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Congressman
ED FOREMAN
Reports**

What's the best way to help the Communist Party? Work to defeat Republican candidates in 1964. This is the recommendation of no less an authority than Gus Hall himself, the Soviet-trained general secretary of the CPUSA.

Conversely, Hall wrote in the most recent issue of The Sunday Worker, official publication of American Reds, election of Republicans can be expected to bring down on U. S. what to Communists is worse than eternal perdition — freedom from Soviet dictates. Although he held to the usual Communist line that both major American political parties have certain ties with "imperialists," Hall praised President Kennedy for keeping "lines of communication open" with Russia JFK atoned for his blockade of Cuba, Hall declared, by "quarantining" Cuban exiles and banning raids, bombings and invasions of Castro's stronghold.

Hall's 10,000-word report, entitled "Political Parties And The 1964 Elections," was particularly praiseworthy of JFK's handling of Civil Rights noting that the President had sent troops into Mississippi and Alabama. "The recognition of these realities does not make one a partisan or a supporter of the President," the CPUSA's No. 1 spokesman said. "At the same time, they do not isolate us from the broad movement which has relationships with the Administration."

The "broad movements," Hall explained, include youth and civil rights groups engaged in "ever more militant mass actions," peace movements and labor organizations. Through all such lines, he added, the CPUSA can "keep a constant line of contact with Administration forces." Hall said that

**Wider door openings in
Improved 1964 Chevrolet Trucks**

New forward slanting windshield pillar provides roomier door openings for easier entry and exit in 1964 Chevrolet trucks with regular cabs. Other features include longer lived lamps and exhaust systems, lower transmission hump in most pickup models, more positive door latches, and improved insulation for quieter, more weatherproof cabs. Corvair 55 engines have been increased to 95 horsepower from 80. The new 1964 Chevrolet truck line also incorporates all the major chassis, engine, and body advances made under a five-year program which began with 1960 models.

almost all "people's political movements," which is the way the Red-indoctrinated refer to programs they want furthered, operate "within the orbit of the Democratic Party." He urged the "serious left" to support these movements wholeheartedly.

The Hall message, originally delivered in May at a secret meeting of Communist leaders but not made public last Sunday, directed American Reds to concentrate their attack on rightist forces which are about to "capture the leadership of the Republican Party on all levels." Hall told the Communists not to put up their own candidates in 1964 or support any movement for a new party, but to support "Negro candidates, peace candidates and labor candidates" in the primaries. "We can give the ultra-right war forces a trouncing," Hall said. "This can be the election that creates the firm foundation for a new political alignment in our Country."

Among legislative and judicial "reforms" the Communists must work for, Hall asserted, are the abolition of states rights. He also called for a literal junking of the Constitution and the Bill of Rights.

Williams Pierce, son of Mr. and Mrs. J. S. Pierce, III, left today to return to school, in Tucson, Arizona, where he attends Arizona Ranch School.

**HIGHLIGHTS
AND
SIDELIGHTS
From State Capitol**

New Trend? — There seems to be a new trend toward refusing federal aid: The Irving School Board spurned an offer of an \$11,000 grant because "of the growing danger of federal control of the school curriculum."

But most school systems still accept educational assistance from the U. S. government. Texas Education Agency, looking at preliminary figures for the 1962-1963 school year, found \$33,700,000 was paid to Texas schools by federal programs.

Houston and Dallas also are among the Texas towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger and Alvin.

Sales Tax Receipts Soar — State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year which ended on August 31 will exceed his expectations.

Earlier, Calvert predicted sales tax income for the state would total \$177,975,013. Now he says it will be \$2,141,429 more, or a total

of \$180,116,442.

Lawmaker's Retirement Pay — Members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms, now are eligible for retirements pay under a new law, effective September 1.

When a legislator has completed eight years of service, he receives a \$100 a month retirement check. It increases \$10 a year as long as he remains in the Legislature.

Land Office Returns Money — Land Commissioner Jerry Sadler has turned back to the State's General Revenue Fund \$221,275 left over by the General Land Office from its fiscal 1962 appropriation. "Reasonable economy of operation," Sadler said, "made this refund possible."

Padre — In a colorful ceremony, the State of Texas handed over some 90,000 acres of submerged land in Laguna Madre to become a part of the Padre Island National Seashore.

Hailed as a tourist attraction, the Padre project was created by Congress and the Texas Legislature agreed to contribute the state's land.

Reserved to the Permanent School Fund are the oil and gas which may lie under the shallow waters of Laguna Madre.

The National Park Service, with a \$1,500,000 appropriation to start, will buy the uplands of Padre Island from private owners. Governor Connally, Land Commissioner Jerry Sadler and Attorney General Carr, members of the School Land Board which signed the deed, all predicted bright things for this major addition to the Texas recreation scene.

Pollution — Some areas of the state have developed major water pollution problems and the new Texas Water Pollution Control Board has set out to cure them.

Board will have a hearing on September 25-26 designed to protect the vast Ogallala formation, which supplies irrigation and municipal water in most of the Panhandle and South Plains. Expected to come from the hearing is an order prohibiting the use of open, unlined surface pits for the disposal of salt water produced with oil and gas.

Already the Board has started placing strict chlorination require-

ments on municipal sewage treatment plants in the Houston area to stop pollution of Clear Lake where a huge population growth being created by the Moon Center of the National Aeronautics & Space Administration.

Water pollution problems popping up all over the state. Board, which operates only with money given to it by other agencies, is going after them fast as it can.

Methodist W. S. C. S. First Fall Meet; Season's Programs

The first fall meeting of the Women's Society of Christian Service met Wednesday morning at the Methodist Church.

At the coffee were W. O. Reeves, Mrs. Jimmie Ingham, Mrs. J. W. Henderson, Mrs. B. B. Ingham, Mrs. Ruben Ingham and Mrs. Joe Tom Davidson.

The worship service was led by J. A. Fussell, reading from the Bible and speaking on "Time to Use." Dick Henderson, president, introduced the program and gave the names of the W.S.C.S. to the members of the church.

W. R. Fleming gave a short talk on the responsibility of each member of the W.S.C.S.

Evart White gave a short talk on the programs for the coming year. Introduction of the new members who will be held during the year, was given by Mrs. B. Cox, Jr., Missionary Education Secretary. She introduced V. I. Pierce's study will be "The Christian Issues in Southern Africa" by P. D. Devanandan. Mrs. A. Harrell's study will be "The Christian and His Money" by Davidson and Webb.

Mrs. Ethel Wolf gave a report on the work at Community House. Mrs. Fleming closed with prayer.

Others attending were Mrs. Paul Cooper, Mrs. Bailey Post, Mrs. Joe Ingham, Mrs. N. W. Graham, Mrs. Bill Cooper, Mrs. J. M. Baggett, Mrs. Graham Childress, Mrs. Stephen Perner, Mrs. Floyd Henderson, Mrs. Keith Mitchell, Mrs. B. Cox, III, Mrs. L. D. Kirby, Mrs. Henry M. Miller, Mrs. L. D. Brown, Mrs. C. F. Brown and Mrs. Pierce, Jr.

Russian Submarines are Great Threat To U. S., Rotary Speaker Says

Russia may have moved some of her aircraft out of Cuba at the heat of the recent Washington-dubbed "Cuban crisis," but she left behind a much greater menace to the safety of the U. S. — a submarine base with a swarm of submarines, presumably missile armed and capable of sneaking up to American shores and unleashing a missile attack on this country.

This was the highlight of a gloomy picture of the United States position in the present cold war with the Communists painted by Curly Hays, a member of the public relations staff of the West Texas Utilities Co., Southwest Conference football and basketball official and Naval Reserve officer, who spoke to the Ozona Rotary Club at its luncheon Tuesday noon.

Mr. Hays' topic was the Navy's role in a nuclear war, and when he had listed the Russian advantages through their present possession of 500 submarines, nuclear weapons, missiles and their base in Cuba, the conclusion of his audience was that our defense capability against submarine missile

Miss Alford Presents Devotional At W. M. U.

Miss Beverly Alford presented the devotional to the women of the First Baptist Church WMU meeting Wednesday. The theme of her talk was the word "Devotion" and the many translations of the word.

Mrs. Bill Cavanaugh held a short business meeting. It was announced that the Associational meeting of the W. M. U. will be held in McCarney September 17. The Week of Prayer date was set for Sept. 14 to 21.

Mrs. Donald Carr dismissed the group with prayer. Others present were Mrs. Jack Matthews, J. T. Keeton, Dudley McCary, Myrtle Mitchell, Jess Sweeten, Bob Pitts, Joe Bean, Jerry Perry and Bob Greer.

launching attack is woefully lacking. The speaker, as a Navy reserve officer, recently served a training hitch in Cuban area water and declared "if you doubt there are that many submarines there, you may take my word. I played with them for two weeks in maneuvers in the area, and they are there."

"BEGINNING AGAIN"

September is a time for "beginning again" — School "beginning again" — Work "beginning again" after vacations — need for new fall things "beginning again" —

What significance can we attach to these "beginning agains" in relation to our credit record?

We can go out with confidence and purchase any of the things we may need at this time — even though we may not have the cash to pay for all of them — If we have used our credit wisely.

If our credit record is good — if we have no delinquent accounts nor "slow-pay" habits recorded against us.

Your Retail Merchants Association — your Credit Bureau — has your credit record on file, and this information is available to all member merchants who might inquire. No matter where you have come from — no matter where you might go — your credit record follows you as closely as your shadow. It is forwarded to your new place of residence wherever it might be. This is a service and a convenience for you and your protection as well as for those who might wish to extend credit.

Remember you MAKE your credit record — the Bureau only KEEPS your credit record.

Phillips Re-open -
(Continued from Page One)

the south and east lines of 2-29-University. Contract depth is 7,300 feet.

It is also 3/4-mile southwest of Phillips No. 1-E University Lands the Devonian opener.

A Wolfcamp discovery virtually has been assured with the flowing of 20 barrels of oil and five barrels of load water in 24 hours, plus gas at the daily rate of 1,312,000 cubic feet daily, at Shell Oil Co. No. 1-21 Couch, in 21-WR-HE&WT, eight miles southwest of Ozona and 1 3/8 miles northeast of the opener of the Ozona. Southwest (Canyon sand gas-distillate) field.

Flow was through a 13-64-inch choke and perforations between 6,284-820 feet.

The Ozona, Southwest opener, Delta Drilling Co., Pauley Petroleum Inc. and Dalton H. Cobb, No. 1 Couch, was finished Oct. 10, 1962, for a calculated, absolute open flow of 9.5 million cubic feet of gas per day, with a gas-liquid ratio of 11,700-1, through perforations at 6,375 to 7,071 feet. Gravity was 65.9 degrees.

MRS. NELSON-MR. TINSLEY WED IN CEREMONY HERE

Mrs. A. F. Nelson, long time Ozona resident, and Walter Tinsley of Junction were married last Saturday in Ozona. Mr. and Mrs. Tinsley are making their home at 311 S. 10th St., in Junction.

Mr. and Mrs. A. D. Walker of Ozona are the parents of a son, born Sept. 1st in the Crockett County Hospital.

Conoco Drills -
(Continued from page one)

barrels of water in 24 hours, plus gas at the daily rate of 1,391,000 cubic feet.

Flow was through a 1/2-inch choke and perforations between 6,422-72 feet.

Testing continued.

Earlier it tested the Canyon B zone through perforations at 6,503 to 6,523 feet and Canyon C zone through perforations at 6,549 to 6,593 feet, making oil and gas.

The discovery, Delta Drilling Co., Pauley Petroleum Co. Inc. and Dalton H. Cobb No. 1 Couch, was finished Nov. 9, 1962 for a calculated, absolute open flow of 9.5 million cubic feet of gas per day, with gas-liquid ratio of 11,700-1, through perforations between 6,375-7,071 feet.

Jake L. Hamon, Dallas, No. 1 Robbins, in 2-B-GC&SF, Crockett County Ellenburger wildcat, seven miles southeast of McCamey and three miles north of the Tippett multipay field, recovered heavily oil- and gas-cut mud on one test and salt water on another in an unidentified formation.

Recovery was 236 feet of heavily oil and gas-cut mud, 25 to 30 per cent oil, on a one-hour test between 6,612-70 feet. Flowing pressure was 65-78 pounds; 30-minute initial and final shut-in pressures were 1,426 and 655 pounds, respectively.

Recovery was 1,475 feet of salt water on a subsequent four-hour test between 6,670-6,690 feet.

Drilling continued on an 8,400-foot contract.

Quarterly Meeting Of TS&GRA Directors Set In Kerrville Sept. 13-14

R. G. Cherry, assistant to the Chancellor of Texas A&M University, and Jack Groff of Kerrville, Extension Service wool and mohair specialist, are to be the principal speakers at the fall quarterly directors' meeting of the Texas Sheep & Goat Raisers' in Kerrville, September 13 and 14.

Cherry is scheduled to discuss the need for associations to present a good image to the public. Groff is to report on a trip he made to Europe earlier this summer in behalf of the mohair industry.

James L. Powell of Fort McKavett, president of the TS&GRA, says that more than 60 reservations have been made at the Blue Bonnet Hotel, which is to serve as headquarters. Early reservations indicate that attendance at this meeting may be a record. He urges others who expect to attend to make reservations at once.

When hotel space is filled, says Tom Wallace, Executive Secretary

the overflow will be housed in motels offering comparable accommodations.

In addition to talks by Cherry and Groff, Powell is to review activities of the last three months and bring directors up to date on any problems that may have developed during the summer.

PLAN ORGANIZATION BOWLING LEAGUES

Bowling leagues are shaping up plans for the winter league activities and several meeting dates have already been set for organization and planning.

The Women's City Association will meet Thursday, Sept. 5, at 7:30 p. m. at the bowling lanes. Immediately following the Association meeting, the Millerette League will hold its organizational meeting.

The Couples League will meet Saturday night, Sept. 7 at 7:30 and the Early Birds League will meet Tuesday, Sept. 10 at 9:00 a. m.

The men, too, are beginning to

set its organizational meeting for Monday night, Sept. 9, at 7:30 p. m. at the bowling lanes.

The men's Industrial League will reorganize at a meeting set for 7:30 Tuesday evening at the bowling lanes. All former members are urged to be present.

LADIES GOLF ASSN.

Mrs. John Chndress was hostess at bridge when the Ladies Golf-Bridge Assn, met last Thursday at the country club.

High score in bridge went to Mrs. J. M. Baggett, second high to Mrs. Early Baggett and low to Mrs. Ashby McMullen. Bingo was won by Mrs. Joe Pierce, Jr.

Others present were Mmes. Mike Clayton, Pete North, Tom Ed Montgomery, Mahlon Robertson, Ewart White, J. B. Parker, Jack Williams, Gene Williams and Hillery Phillips, and one guest, Mrs. Jerry Pace of Austin.

Playing golf were Mrs. Dempster Jones, Mrs. Jess Marley and Mrs. Jimmy Barbee. Mrs. Jones won the blind bogey, low net on club trophy and low putts for the day.

Woman's League K Off New Season With Meeting Tuesday at

The Ozona Woman's League open its new club season Tuesday afternoon, Sept. 10, at 3 o'clock the home of Mrs. J. G. Hufst. Mrs. Dick Kirby will assist Hufst as hostess.

Mrs. W. O. Mills, Jr., pro-loader, will show a film of "Seven" the orbital flight of a naut Gordon Cooper. Members will answer roll call with a note on how they spent their leisure time during the summer.

The club's program theme for the year is "This World of Ours." Jim Dudley is president of the League, Mrs. Joe Bean, Mrs. Jack Brewer, Jr., vice presidents; Mrs. Leonard Boyd, registrar; Mrs. Jerry H. corresponding secretary, and J. S. Pierce, IV, publicity chairman.
